Eskom, as a state owned enterprise, is tasked with achieving government socio-economic transformation and development initiatives through its procurement spend. Therefore, Supplier Development & Localisation (SD&L) sets targets on B-BBEE, Localisation, Industrialisation, Skills Development, Job Creation and Supplier Development elements.

SPECIFIC GOALS OF REQUEST FOR QUOTATION

As a subsidiary to Eskom, ERI, fully endorses and supports Government's economic policies through its facilitation of Supplier Development and Localisation initiatives. "Local Content" means that portion of the request for quotation price which is not included in the imported content, provided that local manufacturing does take place within the borders of South Africa.

In order to promote localization, bidders are expected to indicate a portion of the request for quotation price classified as local content, by completing the table below as a condition for purchase order award:

Table 1:

	Eskom target	**Supplier proposal**
Local content	100%
