ADDENDUM

To: Whom It May Concern Cc:

From: Ms. Nombuso Mahlangu Version: 01

Date: 28 October 2025 Classification: Confidential

SUBJECT: Provision Of Horticulture Services For ERI BMS At Kusile Power Station and Komati Water Scheme And Kilbarchan For A Period Of 60 Months (5 years) On An "As And When Required Basis"

The purpose of this addendum is to provide clarity regarding the **Komati Water Scheme And Kilbarchan Bill of Quantity** and **NEC**

The following were noted and highlighted during the clarification meeting:

- The BOQ had an error on the duration (3 years instead of 5 years)
- There is a column for quantity and number on the Komati Water Scheme BOQ
- Only Kusile Power Station NEC loaded

Solution:

- It is to be noted that the Komati BOQ is for **5 years** and not **3 years**. (The 3 years was a typing error)
- Service Providers to please put in their rates on the rates column
- Komati Water Scheme NEC loaded.

Procurement Officer: Nombuso Mahlangu
