Dear Service Provider

REQUEST FOR PROPOSAL /QUOTATION (RFQ) – SCOPE OF WORK/SERVICE

2. INTRODUCTION

2.1 MANDATE

AIDC is the dedicated developmental agency of the Gauteng Growth and Development Agency (GGDA) in relation to the specific industrial, infrastructure and training needs required by the automotive and allied sector - those based in the Gauteng province. The AIDC is thus tasked by GGDA with special developmental type projects aimed at enhancing and possibly expanding the automotive and allied-related sector with a focus on enterprise development; also in the support of government's aims at BBBEE SMME development and the radical transformation of various townships. The AIDC otherwise explores other developmental projects, external to the objectives of the GGDA in support of the AIDC's own business development processes. These include projects related to the transport and energy sectors, as well the development of the Tshwane Auto City. The AIDC's focus, in terms of the 2016 Gauteng Economic Development Plan/Framework (GEDP/F), is towards the automotive sector in the Northern Corridor of the Gauteng City Region (GCR) framework.

2.2 VISION

The Vision of the AIDC is:

To be the leading implementation agency delivering creative, efficient, best practice and value-based solutions in support of government programmes related to the automotive and allied sectors.

2.3 MISSION

The Mission of AIDC, in pursuit of its Vision, is to provide innovative customized solutions:

To develop the automotive manufacturing sector to globally competitive standards of excellence through a world-class value proposition which enables effective and sustainable socio-economic growth.

3. RFQ OBJECTIVES

The aim is to request interested service providers to submit a detailed proposal for the Supply, Installation and Commissioning of Biometric Access Control readers for the AIDC.

RFQ SCOPE

The appointed service provider will be required to Supply, Installation and Commission Biometric Access Control readers for AIDC sites.

Supply

- Supply four (4) biometric access control readers compatible with the existing access control system. All equipment must be compatible with the existing access control infrastructure currently installed at the various AIDC facilities (including central management software and existing database protocols).
- Supply all ancillary equipment required for installation and commissioning.

Installation

- The RFQ is not for a complete refresh of the access control equipment at Automotive Supplier Park (ASP), but to provide to replace faulty equipment.
- Remove damaged biometric readers where required.
- The installation will not be limited to height (e.g., core-drilling through concrete, installing gooseneck pedestals, and cables). Suppliers are to bring all necessary specialized equipment and machinery.
- Install new biometric readers.
- Install any associated brackets, connectors, power supplies, and accessories.

Configuration

- Configure biometric readers with the existing access control infrastructure.
- Integrate readers with the existing access control software and database.
- The service provider must consult and work closely with AIDC ICT for network rules, firewall configurations, and system permissions.

Testing and Commissioning

- Conduct functionality testing and Provide configuration documentation.
- Verify communication between readers and the access control system.
- Test biometric enrolment and authentication.
- Commission the system and hand over to AIDC.
