SCOPE OF WORK

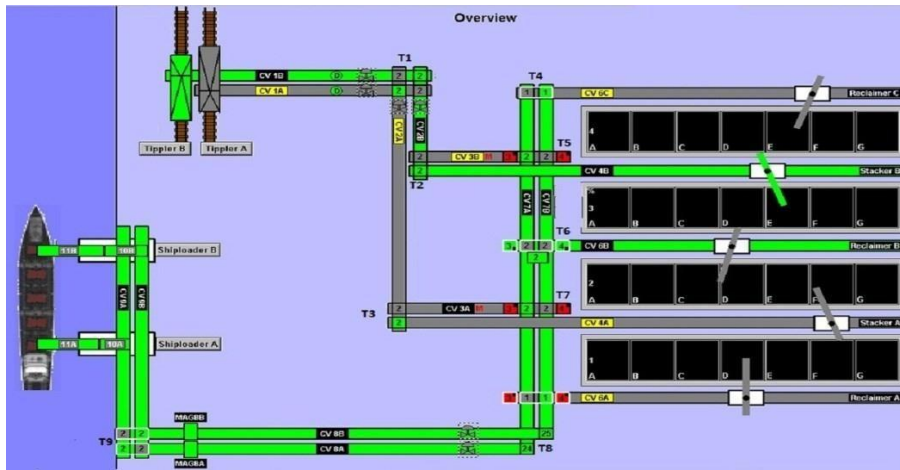

Project Title:

RFP FOR THE PROVISION OF CONVEYOR BELT SPLICING SERVICES AT THE PORT ELIZABETH MULTI-PURPOSE TERMINAL FOR TRANSNET SOC LIMITED (REGISTRATION NUMBER 1990/000900/30) OPERATING AS TRANSNET PORT TERMINALS (HEREINAFTER REFERRED TO AS “TPT”) FOR A PERIOD OF THREE (3) YEARS

1 BACKGROUND

The Manganese Terminal in Port Elizabeth is divided in two distinct processes namely import and export. In the import section, the manganese ore is transported from the mine to the terminal using rail. When reaching the terminal, the wagons are handled by the two tipplers (Tippler A&B) and the stacked using series of conveyors and two stackers onto four stack heaps. In the export section, the stacked manganese ore is reclaimed using three reclaimers (A, B and C). The A-Reclaimer is used on the first stack heap and the B-Reclaimer is used on the second and third stack heap. The C-Reclaimer is used on the last stack heap. As per the current set up depicted in the picture below, the B-Reclaimer is the most critical to operation because of its position and ability to run over two stack heaps and the possibility of being able to twin chute for both loading stream.

SCOPE OF WORK

PE MPT ore plant lay out

The manganese terminal handles just over 5 mil ton PA. In order to achieve the handling of these high volumes, the port is required to operate on a 7 day / 24-hour basis and hence there is a requirement at all times for a Splicing contractor to be available within one hour's notice from the time they are called out.

The terminal conveyor network forms an integral part of the operation and the terminal has identified a need for a service contract for splicing of plied, textile reinforced conveyor belt. The manganese terminal make use of two types of belt 900 x 630/4 and 1200 x 630/4.

Due to the nature and the environment where these conveyor belts are working, the terminal has put up a maintenance plans which assist to minimise the harsh and abrasive negative impact exposed to the conveyor belt. The terminal has scheduled planned maintenance windows as follows:

- 12 Hour shutdowns on every 3rd vessel or after 90 000 tons of manganese handled on export stream.
- 4,5 days per month on the import stream
- 3 x 10 day per months shutdowns on the export stream
- 1 x 10 day per months total shutdown on the import stream

It is of utmost important that the contractor for the splicing has all the necessary resources required to execute the belt repairs during these windows. It is almost impossible to estimate how much belting will be available during these windows but from previous experience the contractor will require at least three strong and fast teams to keep up with volume of work during these windows of maintenance.

2 SCOPE OF WORKS

2.1 General Description of the Works

- The scope of work calls for the belt splicing using cold vulcanising, Pulley lagging and mechanical Clips/ belt fasteners joints as and when required for the period of 5months.
- The splicing contractor will be required to perform their own rigging in terms of safely isolating stored energy on the conveyor system, gaining access to pulleys for lagging and rigging the belting into correct position for splice execution.
- The splicing contractor will be required to man the teams in order to ensure 24/7 availability of the teams as and when required.
- The splicing contractor will be required to execute all the identified belting work within the agreed planned maintenance windows as laid out on the background of this document.
- The splicing contractor will be required to display his capability to execute the belting work within the pre-agreed time constraints, normally within a window not exceeding 12 hours.
- Due to the nature of belt damages by the manganese, the splicing contractor will be required do belt splice inserts varying from as short as 5 m to a maximum of 220m and these inserts must be rigged by the contractor to their correct position. This means the contractor must be equipped with all the necessary lifting tools to execute these tasks.
- Below is the range of insert sizes that can be expected to be spliced:
 1. 5m to 30m cold splice inserts
 2. 31m to 60m cold splice inserts
 3. 61m to 90m cold splice inserts
 4. 91m to 120m cold splice inserts
 5. 121m to 150m cold splice inserts
 6. 151m to 180m cold splice inserts
 7. 181m to 220m cold splice inserts
 8. Single cold splice
 9. Single Clip Joint splice
- In case of the breakdowns the Splicing contractor may be required to fit these inserts with mechanical belt fasteners, this is meant to be a temporary repair until we arrange a window to carry out cold splice during the weekly 12 hour shutdowns. TPT will expect a shorter turnaround (**less than 2 hours**) when clip joints are being done (on average TPT expects the plant to not be down for more than **2 hours**)
- Under no circumstances will the belting work be left uncompleted for the following day, contractor will be expected to work until completion.
- When belting work has been planned to be executed and for some reasons like inclement

SCOPE OF WORK

weather which this planned work becomes impossible only PEMPT engineering management will take the decision to reschedule such work.

- Below is the table with all the dimensions of pulleys which are used in the Manganese terminal plant (Refer to 2.8 below pricing schedule). The contractor is required to price each pulley per the dimensions provided for the pulley lagging.
- All pulleys to be diamond lagged and the lagging must be of the shore hardness 60 – 65. Should the terminal decide to do any other type of lagging like ceramic these will be executed outside of this contract.
- Belting work forms a crucial component of our maintenance activities and therefore Transnet will only deal with experienced and trained contractors in this line of work and proof of previous experience will be required.
- The contractor will have to display to Transnet that all his teams are equipped with necessary tools and equipment.
- The contractor will have to state their Response time which must not exceed **1 hour**,
- The duration to complete an insert inclusive of curing time which must not exceed **8 hours**, state their team capacity, previous relevant experience must be demonstrated and demonstrate that they have sufficient tools and equipment.
- Contractor shall perform belt inspection on a weekly basis throughout the plant and submit the findings to the technical manager or a dedicated personnel (these inspections shall be included as part of the contract and shall be quoted for)
- The contractor shall strip out and fit back all snub pulleys for re-lagging purposes
- Contractor shall have at least one employee able to operate a fork lift to allow for transporting of belts FORK LIFT WILL BE MADE AVAILABLE WHEN REQUIRED (**Fork lift licence needed**)
- It is the responsibility of the contractor to make sure that all used belts are rolled and cleared from the plant and dumped on the space allocated for used belts

2.2 Works Information

2.2.1 Belt Information

The Port Elizabeth manganese terminal only uses two types of belting 1200mm x 630/4 ply and 900mm x 630/4 ply.

2.2.2 Tools required

Upon termination of this Agreement, all documentation furnished to the Service Provider by Transnet pursuant to this Agreement shall be returned to Transnet including, without limitation, all corporate identity equipment including dyes, blocks, labels, advertising matter, printing matter and the like.

28 INSURANCES

28.1 Without limiting the liability of the Service Provider under this Agreement, the Service Provider shall take out insurance in respect of all risks for which it is prudent for the Service Provider to insure against, including any liability it may have as a result of its activities under this Agreement for theft, destruction, death or injury to any person and damage to property. The level of insurance will be kept under review by Transnet, on an annual basis, to ensure its adequacy, provided that any variation to the level of such insurance shall be entirely at the discretion of the Service Provider.

28.2 The Service Provider shall arrange insurance with reputable insurers and will produce to Transnet evidence of the existence of the policies on an annual basis within 30 [thirty] calendar days after date of policy renewals.

28.3 Subject to clause 28.4 below, if the Service Provider fails to effect adequate insurance under this clause 28, it shall notify Transnet in writing as soon as it becomes aware of the reduction or inadequate cover and Transnet may arrange or purchase such insurance on behalf of the Service Provider. The Service Provider shall promptly reimburse Transnet for any premiums paid provided such insurance protects the Service Provider's liability. Transnet assumes no responsibility for such insurance being adequate to protect all of the Service Provider's liability.

28.4 In the event that the Service Provider receives written notice from its insurers advising of the termination of its insurance cover referred to in clause 28.1 above or if the insurance ceases to be available upon commercially reasonable terms, the Service Provider shall immediately notify Transnet in writing of such termination and/or unavailability, whereafter either the Service Provider or Transnet may terminate this Agreement on giving the other Party not less than 30 [thirty] calendar days prior written notice to that effect.

29 LIMITATION OF LIABILITY

29.1 The Service Provider's liability under this clause 29 shall be in addition to any warranty or condition of any kind, express or implied by law or otherwise, relating to the Services or ancillary Services,

including the quality of the Services or ancillary Services or any materials delivered pursuant to this Agreement.

29.2 Neither Party excludes or limits liability to the other Party for:

- a) death or personal injury caused by its negligence, [including its employees', agents' or Subcontractors' negligence]; or
- b) fraud or theft.

29.3 The Service Provider shall indemnify and keep Transnet indemnified from and against liability for damage to any Transnet property [whether tangible or intangible] or any other loss, costs or damage suffered by Transnet to the extent that it results from any act of or omission by the Service Provider or its Personnel in connection with this Agreement. The Service Provider's liability arising out of this clause 29.3 shall be limited to direct damages.

29.4 Subject always to clauses 29.1 and 29.2 above, the liability of either the Service Provider or Transnet under or in connection with this Agreement, whether for negligence, misrepresentation, breach of contract or otherwise, for direct loss or damage arising out of each Default or series of related Defaults shall not exceed 100% [one hundred per cent] of the Fees paid under the schedule or Work Order to which the Default(s) relates.

29.5 Subject to clauses 29.1 to 29.4 above, in no event shall either Party be liable to the other for indirect or consequential loss or damage or including indirect or consequential loss of profits, business, revenue, goodwill or anticipated savings of an indirect nature or loss or damage incurred by the other Party as a result of third party claims.

29.6 If for any reason the exclusion of liability in clause 29.5 above is void or unenforceable, either Party's total liability for all loss or damage under this Agreement shall be as provided in clause 29.3 above.

29.7 Nothing in this clause 29 shall be taken as limiting the liability of the Parties in respect of clauses 27 [Confidentiality] and 30 [Intellectual Property Rights].

30.1 Title to Confidential Information

- a) Transnet will retain all right, title and interest in and to its Confidential Information and Background Intellectual Property and the Service Provider acknowledges that it has no claim of any nature in and to the Confidential Information and Background Intellectual Property that is proprietary to Transnet. The Service Provider shall not at any time during or after the termination or cancellation of this Agreement dispute the validity or enforceability of such Foreground Intellectual Property, or cause to be done any act or anything contesting or in any way impairing or tending to impair any part of that right, title and interest to any of the Foreground Intellectual Property and shall not counsel or assist any person to do so.
- b) Transnet shall be entitled to seek protection in respect of the Foreground Intellectual Property anywhere in the world as it shall decide in its own absolute discretion and the Service Provider shall reasonably assist Transnet in attaining and maintaining protection of the Foreground Intellectual Property.
- c) Where the Foreground Intellectual Property was created by the Service Provider or its researchers, agents and employees and where Transnet elects not to exercise its option to seek protection or decides to discontinue the financial support of the prosecution or maintenance of any such protection, Transnet shall notify the Service Provider who shall have the right of first refusal to file or continue prosecution or maintain any such applications and to maintain any protection issuing on the Foreground Intellectual Property.
- d) No consideration shall be paid by Transnet to the Service Provider for the assignment of any Foreground Intellectual Property from the Service Provider to Transnet, over and above the sums payable in terms of this Agreement. 30.3 Title to Improvements

Any improvements, developments, adaptations and/or modifications to the Foreground Intellectual Property, and any and all new inventions or discoveries, based on or resulting from the use of Transnet's Background Intellectual Property and/or Confidential Information shall be exclusively owned by Transnet. The Service Provider shall disclose promptly to Transnet all such improvements, developments, adaptations and/or modifications, inventions or discoveries. 30.5 Unauthorised Use of Intellectual Property

- a) The Service Provider agrees to notify Transnet in writing of any conflicting uses of, and applications of registrations of Patents, Designs and Trade Marks or any act of infringement, unfair competition or passing off involving the Intellectual Property of Transnet of which the Service Provider acquires knowledge and Transnet shall have the right, as its own option, to proceed against any party infringing its Intellectual Property.
- b) It shall be within the sole and absolute discretion of Transnet to determine what steps shall be taken against the infringer and the Service Provider shall co-operate fully with Transnet, at Transnet's cost, in whatever measure including legal action to bring any infringement of illegal use to an end.
- c) The Service Provider shall cooperate to provide Transnet promptly with all relevant ascertainable facts.
- d) If proceedings are commenced by Transnet alone, Transnet shall be responsible for all expenses but shall be entitled to all damages or other awards arising out of such proceedings. If proceedings are commenced by both Parties, both Parties will be responsible for the expenses and both Parties shall be entitled to damages or other awards arising out of proceedings.

31 NON-WAIVER

31.1 Failure or neglect by either Party, at any time, to enforce any of the provisions of this Agreement, shall not in any manner be construed to be a waiver of any of that Party's rights in that regard and in terms of this Agreement.

31.2 Such failure or neglect shall not in any manner affect the continued, unaltered validity of this Agreement, or prejudice the right of that Party to institute subsequent action.

32 PARTIAL INVALIDITY

If any provision of this Agreement shall be held to be invalid, illegal or unenforceable, or shall be required to be modified, the validity, legality and enforceability of the remaining provisions shall not be affected thereby.

33 DISPUTE RESOLUTION

33.1 Should any dispute of whatsoever nature arise between the Parties concerning this Agreement, the Parties shall try to resolve the dispute by negotiation within 10 [ten] Business Days of such dispute arising.

- 33.3** Such dispute shall be finally resolved in accordance with the rules of AFSA by an arbitrator or arbitrators appointed by AFSA.
- 33.4** This clause constitutes an irrevocable consent by the Parties to any proceedings in terms hereof, and neither of the Parties shall be entitled to withdraw from the provisions of this clause or claim at any such proceedings that it is not bound by this clause 33.
- 33.5** This clause 33 is severable from the rest of this Agreement and shall remain in effect even if this Agreement is terminated for any reason.

3 SUBMITTING OF BID DOCUMENTS

- 3.1 A Bid, which shall hereinafter include reference to an RFP or RFQ, shall be submitted to Transnet no later than the closing date and time specified in accordance with the directions issued in the Bid Documents. Late Bids will not be considered.
- 3.2 The Bid Documents must be completed in their entirety and Respondents are required to complete and submit their Bid submissions by uploading them into the system against each tender selected. The bidder guide can be found on the Transnet Portal transnetetenders.azurewebsites.net.

4 USE OF BID FORMS

- 4.1 Where special forms and/or formats are issued by Transnet for the submission of Bids, Respondents are required to submit their Bids by completion of the appropriate sections on such official forms and/or formats and not in other forms and/or formats or documents bearing their own terms and conditions of contract. Non-compliance with this condition may result in the rejection of a Bid.
- 4.2 Respondents must note that the original Bid forms and/or formats must be completed for submission.
- 4.3 Only if insufficient space has been allocated to a particular response may a Respondent submit additional information under separate cover using the Company's letterhead. This must be duly cross-referenced in the RFX.

5 BID FEES

6 VALIDITY PERIOD

- 6.1 The Respondents must hold their Bid valid for acceptance by Transnet at any time within the requested validity period after the closing date of the bid.
- 6.2 Respondents may be requested to extend their validity period for a specified additional period. In such instances, Respondents will not be allowed to change any aspect of their Bid, unless they are able to demonstrate that the proposed change/s is as a direct and unavoidable consequence of Transnet's extension of the validity period.

7 SITE VISITS / BRIEFING SESSIONS

Respondents may be requested to attend a site visit or briefing session where it is necessary to view the site in order to prepare their Bids, or where Transnet deems it necessary to provide Respondents with further information to allow them to complete their Bids properly. Where such visits or sessions are indicated as compulsory in the RFX Document, Respondents are obliged to attend these meetings as failure to do so will result in their disqualification.

8 CLARIFICATION BEFORE THE CLOSING DATE

Should clarification be required on any aspect of the Bid before the closing date, the Respondent must upload questions onto the Transnet e-Tender Submission Portal or direct such queries to the contact person listed in the RFX Document in the stipulated manner.

After the closing date of a Bid (i.e. during the evaluation period) the Respondent may only communicate with the contact person listed in the RFX Document.

10 UNAUTHORISED COMMUNICATION ABOUT BIDS

Respondents may at any time communicate with the contact person listed in the RFX Document on any matter relating to its Bid but, in the absence of written authority from the delegated individual Phumza Lehloha (DBAC Secretariat), no communication on a question affecting the subject of a Bid shall take place between Respondents or other potential service providers or any member of the Bid Adjudication Committee or official of Transnet during the period between the closing date for the receipt of the Bid and the date of the notification of the successful Respondent(s). A Bid, in respect of which any such unauthorised communication has occurred, may be disqualified.

11 RETURNABLE DOCUMENTS

All returnable documents listed in the RFX Documents must be submitted with Respondent's Bid. Failure to submit mandatory returnable schedules / documents will result in disqualification. Failure to submit other schedules / documents may result in disqualification.

12 DEFAULTS BY RESPONDENTS

If the Respondent, after it has been notified of the acceptance of its Bid fails to:

- 12.1 enter into a formal contract when called upon to do so within such period as Transnet may specify; or
- 12.2 accept an order in terms of the Bid;
- 12.3 furnish satisfactory security when called upon to do so for the fulfilment of the contract; or
- 12.4 comply with any condition imposed by Transnet,

Transnet may, in any such case, without prejudice to any other legal remedy which it may have, proceed to accept any other Bid or, if it is necessary to do so, call for Bids afresh, and may recover from the defaulting Respondent any additional expense incurred by Transnet in calling for new offers or in accepting a less favourable offer.

13 CURRENCY

All monetary amounts referred to in a Bid response must be in Rand, the currency of the Republic of South Africa [ZAR], save to the extent specifically permitted in the RFP.

14 PRICES SUBJECT TO CONFIRMATION

Prices which are quoted subject to confirmation will not be considered.

15 ALTERATIONS MADE BY THE RESPONDENT TO BID PRICES

- 16.2 It is Transnet's preference to enter into Rand-based agreements. Transnet would request, therefore, that the Respondent give favourable consideration to obtaining forward exchange cover on the foreign currency portion of the Agreement at a cost that is acceptable to Transnet to protect itself against any currency rate fluctuation risks for the duration of any resulting contract or order.
- 16.3 The Respondent who desires to avail itself of the aforementioned facility must at the time of bidding furnish the information called for in the Exchange and Remittance section of the Bid Documents and also furnish full details of the principals or manufacturer to whom payment is to be made.
- 16.4 The South African Reserve Bank's approval is required before any foreign currency payments can be made to or on behalf of Respondents.
- 16.5 Transnet will not recognise any claim for adjustment of the order and/or contract price if the increase in price arises after the date on which the Goods/Services were to be delivered, as set out in the order and/or contract, or any subsequent agreement between the parties.
- 16.6 Transnet reserves the right to request a pro-forma invoice/tax invoice in order to ensure compliance with the contract and Value-Added Tax Act no. 89 of 1991 [VAT Act].

17 ACCEPTANCE OF BID

- 17.1 Upon the acceptance of a Bid by Transnet, the parties shall be bound by these General Bid Conditions and any contractual terms and/or any schedule of "Special Conditions" or otherwise which form part of the Bid Documents.

10 DISPUTE RESOLUTION

- 10.1 Transnet recognises that trust and good faith are pivotal to its relationship with its Bidders / Suppliers. When a dispute arises between Transnet and its Bidder / Supplier, the parties should use their best endeavours to resolve the dispute in an amicable manner, whenever possible. Litigation in bad faith negates the principles of trust and good faith on which commercial relationships are based. Accordingly, following a restriction process as mentioned in paragraph 6 above, Transnet will not do business with a company that litigates against it in bad faith or is involved in any action that reflects bad faith on its part. Litigation in bad faith includes, but is not limited to the following instances:
- a) **Vexatious proceedings:** these are frivolous proceedings which have been instituted without proper grounds;
 - b) **Perjury:** where a supplier makes a false statement either in giving evidence or on an affidavit;
 - c) **Scurrilous allegations:** where a supplier makes allegations regarding a senior Transnet employee which are without proper foundation, scandalous, abusive or defamatory; and
 - d) **Abuse of court process:** when a supplier abuses the court process in order to gain a competitive advantage during a bid process.
