

Technical Evaluation Criteria Score Sheet (Annexure F)

Tender Number: TE23-KDS-8GU-05932

Category	Criteria	Weightings	Scoring Methodology Based on Weight	Evidence
1.	Compliance to specification: (Annexure A and E)	5	<p>Fully Compliant = 5 points</p> <p>Non-compliant = 0 points</p>	<p>Acknowledgement of the specification by Bidder through completing the specification (Annexure A and E), all pages of the specification must be filled, signed or stamped.</p> <p>Specification not completed stamp or signed in full will result zero point</p>
2.	Project Plan (on any template) to commission of tank installation and supply of Gas (Oxygen and Nitrogen) and final hand over.	30	<p>Fully Compliant = 30 Points</p> <p>Partial Compliant = 15 Points</p> <p>No program = 0 Points</p>	<p>Project plan with timelines to execute the project in line with the below key activities. Overall timeline to conclude the project less than 2 months.</p> <ol style="list-style-type: none"> 1. Safety file compiling and submission to TE for approval for Mini–Bulk Storage tank and pipe installation. 2. Installing and testing of Mini Bulk Storage tank and pipe installation. 3. Final commissioning and hand over. <p>Project plan with timelines to execute the project in line with the below key activities. Overall timeline to conclude the project less than 3 months.</p> <ol style="list-style-type: none"> 1. Safety file compiling and submission to TE for approval for Mini–Bulk Storage tank and pipe installation. 2. Installing and testing of Mini Bulk Storage tank and pipe installation. 3. Final commissioning and hand over. <p>Zero points if project plan with timelines to execute the above activities not submitted.</p> <p>Zero points if overall timeline to conclude the project is more than 3 months.</p>

Technical Evaluation Criteria Score Sheet (Annexure F)

Category	Criteria	Weightings	Scoring Methodology Based on Weight	Evidence
3.	Previous Experience	30	<p>Fully Compliant = 30 Points</p>	<p>Bidders to submit portfolio evidence for Installation of mini bulk tanks and supply of gas (Oxygen and Nitrogen).</p> <p>Fully Compliant when Portfolio of evidence is submitted with the following:</p> <ol style="list-style-type: none"> 1. 3 Pictures of previously installed of Oxygen, Nitrogen bulk storage tank and pipeline and indicate name of the company where installation took place. Each picture should be of different delivered project. 2. 3 Referral letters from companies where the previous projects were executed. The letters should be from companies you shared a picture (of Oxygen, Nitrogen bulk storage tank and pipeline) mentioned on point 1 above. 3. 3 Certification of Completion (COC) on previous projects. The COC should be from companies you shared a picture (of Oxygen, Nitrogen bulk storage tank and pipeline) mentioned on point 1 above.
			<p>Partially Compliant = 15 Points</p>	<p>Bidders to submit portfolio evidence for Installation of mini bulk tanks and supply of gas (Oxygen and Nitrogen).</p> <p>Fully Compliant when Portfolio of evidence is submitted with the following:</p> <ol style="list-style-type: none"> 1. 2 Pictures of previously installed of Oxygen, Nitrogen bulk storage tank and pipeline and indicate name of the company where installation took place. Each picture should be of different delivered project. 2. 2 Referral letters from companies where the previous projects were executed. The letters should be from companies you shared a picture (of Oxygen, Nitrogen bulk storage tank and pipeline) mentioned on point 1 above. 3. 2 Certification of Completion (COC) on previous projects. The COC should be from companies you shared a picture (of Oxygen, Nitrogen bulk storage tank and pipeline) mentioned on point 1 above.
			<p>Not Compliant = 0 point</p>	<p>Not Compliant if Portfolio of evidence is submitted with the following:</p> <ol style="list-style-type: none"> 1. Less than 2 Pictures of previously installed of Oxygen, Nitrogen bulk storage tank and pipeline and indicate name of the company where installation took place. Each picture should be of different delivered project. 2. Less than 2 Referral letters from companies where the previous projects were executed. The letters should be from companies you shared a picture (of Oxygen, Nitrogen bulk storage tank and pipeline) mentioned on point 1 above.

Technical Evaluation Criteria Score Sheet (Annexure F)

Category	Criteria	Weightings	Scoring Methodology Based on Weight	Evidence
				3. Less than 2 Certification of Completion (COC) on previous projects. The COC should be from companies you shared a picture (of Oxygen, Nitrogen bulk storage tank and pipeline) mentioned on point 1 above.
4.	Methodology (on any template)	35	Fully Compliant = 35 points	<p>Fully compliant when a technical approach paper is submitted, which responds to the proposed scope of work/project and covers a minimum of the below requirements:</p> <ol style="list-style-type: none"> 1. How will the maintenance be carried out during the contract period? (bidders to provide maintenance plan) 2. How will quality check be carried out? (Bidder to provide quality plan) 3. How will testing be conducted in line with the relevant standards? (Bidders to provide step by step process guide)
			Not compliant = 0 points	<p>Not compliant when technical paper is not submitted, or if submitted then the approach paper does not respond to the proposed scope of work/project covering a minimum of the below requirements:</p> <ol style="list-style-type: none"> 1. How will the maintenance be carried out during the contract period? (bidders to provide maintenance plan) 2. How will quality check be carried out? (Bidder to provide quality plan) 3. How will testing be conducted in line with the relevant standards? (Bidders to provide step by step process guide)
Total		100		
Minimum Threshold		80		

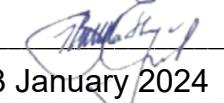

*Should the minimum technical threshold of 80 points not be met the response will be deemed not compliant and be disqualified.
