## T1.3 STANDARD CONDITIONS OF TENDER

### 1 GENERAL

#### 1.1 Actions

1.1.1 The employer and each tenderer submitting a tender offer shall comply with these conditions of tender. In their dealings with each other, they shall discharge their duties and obligations as set out in clause 2 and clause 3, timeously and with integrity, and behave equitably, honestly and transparently, comply with all legal obligations and not engage in anticompetitive practices

1.1.2 The employer and the tenderer and all their agents and employees involved in the tender process shall avoid conflicts of interest and where a conflict of interest is perceived or known, declare any such conflict of interest, indicating the nature of such conflict. Tenderers shall declare any potential conflict of interest in their tender submissions. Employees, agents and advisors of the employer shall declare any conflict of interest to whoever is responsible for overseeing the procurement process at the start of any deliberations relating to the procurement process or as soon as they become aware of such conflict, and abstain from any decisions where such conflict exists or recuse themselves from the procurement process, as appropriate.

#### Note:

- a) A conflict of interest may arise due to a conflict of roles which might provide an incentive for improper acts in some circumstances. A conflict of interest can create an appearance of impropriety that can undermine confidence in the ability of that person to act properly in his or her position even if no improper acts result.
- b) Conflicts of interest in respect of those engaged in the procurement process include direct, indirect or family interests in the tender or outcome of the procurement process and any personal bias, inclination, obligation, allegiance or loyalty which would in any way affect any decisions taken.

1.1.3 The employer shall not seek and a tenderer shall not submit a tender without having a firm intention and the capacity to proceed with the contract

#### 1.2 Tender Documents

The documents issued by the employer for the purpose of a tender offer are listed in the tender data.

#### 1.3 Interpretation

1.3.1 The tender data and additional requirements contained in the tender schedules that are included in the returnable documents are deemed to be part of these conditions of tender.

1.3.2 These conditions of tender, the tender data and tender schedules which are only required for tender evaluation purposes, shall not form part of any contract arising from the invitation to tender.

TENDER NO.	8/3/1-6/2023				
		BIDDER	WITNESS	EMPLOYER	WITNESS

1.3.3 For the purposes of these conditions of tender, the following definitions apply:

- a) **conflict of interest** means any situation in which:
  - i) someone in a position of trust has competing professional or personal interests which make it difficult to fulfill his or her duties impartially;
  - ii) an individual or organization is in a position to exploit a professional or official capacity in some way for their personal or corporate benefit; or
  - iii) Incompatibility or contradictory interests exist between an employee and the organization which employs that employee.
- b) **comparative offer** means the tenderer's financial offer after all tendered parameters that will affect the value of the financial offer have been taken into consideration in order to enable comparisons to be made between offers on a comparative basis
- c) **corrupt practice** means the offering, giving, receiving or soliciting of anything of value to influence the action of the employer or his staff or agents in the tender process; and
- d) **fraudulent practice** means the misrepresentation of the facts in order to influence the tender process or the award of a contract arising from a tender offer to the detriment of the employer, including collusive practices intended to establish prices at artificial levels
- e) **organization** means a company, firm, enterprise, association or other legal entity, whether incorporated or not, or a public body
- f) **quality (functionality)** means the totality of features and characteristics of a product or service that bear on its ability to satisfy stated or implied needs

#### 1.4 **Communication and employer's agent**

Each communication between the employer and a tenderer shall be to or from the employer's agent only, and in a form that can be read, copied and recorded. Writing shall be in the English language. The employer shall not take any responsibility for non-receipt of communications from or by a tenderer. The name and contact details of the employer's agent are stated in the tender data.

#### 1.5 **The employer's right to accept or reject any tender offer**

- 1.5.1 The employer may accept or reject any variation, deviation, tender offer, or alternative tender offer, and may cancel the tender process and reject all tender offers at any time before the formation of a contract. The employer shall not accept or incur any liability to a tenderer for such cancellation and rejection, but will give written reasons for such action upon written request to do so.
- 1.5.2 The employer may not subsequent to the cancellation or abandonment of a tender process or the rejection of all responsive tender offers re-issue a tender covering substantially the same scope of work within a period of six months unless only one tender was received and such tender was returned unopened to the tenderer.

## 1.6 **Procurement procedures**

### 1.6.1 **General**

Unless otherwise stated in the tender data, a contract will, subject to **clause 3.13**, be concluded with the tenderer who in terms of **clause 3.11** is the highest ranked or the tenderer scoring the highest number of tender evaluation points, as relevant, based on the tender submissions that are received at the closing time for tenders.

### 1.6.2 **Competitive negotiation procedure**

1.6.2.1 Where the tender data require that the competitive negotiation procedure is to be followed, tenderers shall submit tender offers in response to the proposed contract in the first round of submissions. Notwithstanding the requirements of clause 3.4, the employer shall announce only the names of the tenderers who make a submission. The requirements of clause 3.8 relating to the material deviations or qualifications which affect the competitive position of tenderers shall not apply.

1.6.2.2 All responsive tenderers, or not less than three responsive tenderers that are highest ranked in terms of the evaluation method and evaluation criteria stated in the tender data, shall be invited in each round to enter into competitive negotiations, based on the principle of equal treatment and keeping confidential the proposed solutions and associated information. Notwithstanding the provisions of clause 2.17, the employer may request that tenders be clarified, specified and fine-tuned in order to improve a tenderer's competitive position provided that such clarification, specification, fine-tuning or additional information does not alter any fundamental aspects of the offers or impose substantial new requirements which restrict or distort competition or have a discriminatory effect.

1.6.2.3 At the conclusion of each round of negotiations, tenderers shall be invited by the employer to make a fresh tender offer, based on the same evaluation criteria, with or without adjusted weightings. Tenderers shall be advised when they are to submit their best and final offer.

1.6.2.4 The contract shall be awarded in accordance with the provisions of clause 3.11 and clause 3.13 after tenderers have been requested to submit their best and final offer.

## 2 **TENDERER'S OBLIGATIONS**

### 2.1 **Eligibility**

2.1.1 Submit a tender offer only if the tenderer satisfies the criteria stated in the tender data and the tenderer, or any of his principals, is not under any restriction to do business with employer.

2.1.2 Submit a tender offer only if the tenderer satisfies that the minimum score for functionality criteria will be met.

2.1.3 Notify the employer of any proposed material change in the capabilities or formation of the tendering entity (or both) or any other criteria which formed part of the qualifying requirements used by the employer as the basis in a prior process to invite the tenderer to submit a tender offer and obtain the employer's written approval to do so prior to the closing time for tenders.

TENDER NO.	8/3/1-6/2023				
		BIDDER	WITNESS	EMPLOYER	WITNESS

## 2.2 **Cost of tendering**

Accept that, unless otherwise stated in the tender data, the employer will not compensate the tenderer for any costs incurred in the preparation and submission of a tender offer, including the costs of any testing necessary to demonstrate that aspects of the offer complies with requirements.

## 2.3 **Check documents**

Check the tender documents on receipt for completeness and notify the employer of any discrepancy or omission.

## 2.4 **Confidentiality and copyright of documents**

Treat as confidential all matters arising in connection with the tender. Use and copy the documents issued by the employer only for the purpose of preparing and submitting a tender offer in response to the invitation.

## 2.5 **Reference documents**

Obtain, as necessary for submitting a tender offer, copies of the latest versions of standards, specifications, conditions of contract and other publications, which are not attached but which are incorporated into the tender documents by reference.

## 2.6 **Acknowledge addenda**

Acknowledge receipt of addenda to the tender documents, which the employer may issue, and if necessary apply for an extension to the closing time stated in the tender data, in order to take the addenda into account.

## 2.7 **Clarification meeting**

Attend, where required, a clarification meeting at which tenderers may familiarize themselves with aspects of the proposed work, services or supply and raise questions. Details of the meeting(s) are stated in the tender data.

## 2.8 **Seek clarification**

Request clarification of the tender documents, if necessary, by notifying the employer at least five working days before the closing time stated in the tender data.

## 2.9 **Insurance**

Be aware that the extent of insurance to be provided by the employer (if any) may not be for the full cover required in terms of the conditions of contract identified in the contract data. The tenderer is advised to seek qualified advice regarding insurance.

## 2.10 **Pricing the tender offer**

2.10.1 Include in the rates, prices, and the tendered total of the prices (if any) all duties, taxes (except Value Added Tax (VAT)), and other levies payable by the successful tenderer, such duties, taxes and levies being those applicable 14 days before the closing time stated in the tender data.

2.10.2 Show VAT payable by the employer separately as an addition to the tendered total of the prices.

TENDER NO.	8/3/1-6/2023				
		BIDDER	WITNESS	EMPLOYER	WITNESS

- 2.10.3 Provide rates and prices that are fixed for the duration of the contract and not subject to adjustment except as provided for in the conditions of contract identified in the contract data.
- 2.10.4 State the rates and prices in Rand unless instructed otherwise in the tender data. The conditions of contract identified in the contract data may provide for part payment in other currencies.
- 2.10.5 Complete and sign form of offer and MBD3.1/MBD3.3/Bill of Quantities in full. Incomplete documents will invalidate your offer.

2.11 **Alterations to documents**

Not make any alterations or additions to or dismantle the tender documents. All signatories to the tender offer shall initial all alterations. Erasures and the use of masking fluid are prohibited.

All supporting documents to the tender must be attached only at the end of this document as Annexures.

2.12 **Alternative tender offers**

- 2.12.1 Unless otherwise stated in the tender data, submit alternative tender offers only if a main tender offer, strictly in accordance with all the requirements of the tender documents, is also submitted as well as a schedule that compares the requirements of the tender documents with the alternative requirements that are proposed.
- 2.12.2 Accept that an alternative tender offer may be based only on the criteria stated in the tender data or criteria otherwise acceptable to the employer.

2.13 **Submitting a tender offer**

- 2.13.1 Submit one tender offer only, either as a single tendering entity or as a member in a joint venture to provide the whole of the works, services or supply identified in the contract data and described in the scope of works, unless stated otherwise in the tender data.
- 2.13.2 Return all returnable documents to the employer after completing them in their entirety, by writing legibly in non-erasable ink, unless stated otherwise on the tender advert.
- 2.13.3 Submit the parts of the tender offer communicated on paper as an original plus the number of copies stated in the tender data, with an English translation of any documentation in a language other than English, and the parts communicated electronically in the same format as they were issued by the employer.
- 2.13.4 Sign the original and all copies of the tender offer where required In terms of the tender data. The employer will hold all authorized signatories liable on behalf of the tenderer. Signatories for tenderers proposing to contract as joint ventures shall state which of the signatories is the lead partner whom the employer shall hold liable for the purpose of the tender offer.
- 2.13.5 Seal the original and each copy of the tender offer as separate packages marking the packages as "ORIGINAL" and "COPY". Each package shall state on the outside the employer's address and identification details stated in the tender data, as well as the tenderer's name and contact address.
- 2.13.6 Where a two-envelope system is required in terms of the tender data, place and seal the returnable documents listed in the tender data in an envelope marked "financial proposal"

TENDER NO.	8/3/1-6/2023				
		BIDDER	WITNESS	EMPLOYER	WITNESS

and place the remaining returnable documents in an envelope marked "technical proposal". Each envelope shall state on the outside the employer's address and identification details stated in the tender data, as well as the tenderer's name and contact address.

2.13.7 Seal the original tender offer and copy packages together in an outer package that states on the outside only the employer's address and identification details as stated in the tender data.

2.13.8 Accept that the employer will not assume any responsibility for the misplacement or premature opening of the tender offer if the outer package is not sealed and marked as stated.

2.13.9 Accept that tender offers submitted by facsimile or e-mail will be rejected by the employer, unless stated otherwise in the tender data.

2.14 **Information and data to be completed in all respects**

Accept that tender offers, which do not provide all the data or information requested completely and in the form required, may be regarded by the employer as non-responsive.

2.15 **Closing time**

2.15.1 Ensure that the employer receives the tender offer at the address specified in the tender data not later than the closing time stated in the tender data. Accept that proof of posting shall not be accepted as proof of delivery

2.15.2 Accept that, if the employer extends the closing time stated in the tender data for any reason, the requirements of these conditions of tender apply equally to the extended deadline.

2.16 **Tender offer validity**

2.16.1 Hold the tender offer(s) valid for acceptance by the employer at any time during the validity period (not less than 90 days) stated in the tender data after the closing time stated in the tender data.

2.16.2 If requested by the employer, consider extending the validity period stated in the tender data for an agreed additional period with or without any conditions attached to such extension.

2.16.3 Accept that a tender submission that has been submitted to the employer may only be withdrawn or substituted by giving the employer's agent written notice before the closing time for tenders that a tender is to be withdrawn or substituted.

2.16.4 Where a tender submission is to be substituted, submit a substitute tender in accordance with the requirements of **clause 2.13** with the packages clearly marked as "SUBSTITUTE".

2.17 **Clarification of tender offer after submission**

2.17.1 Provide clarification of a tender offer in response to a request to do so from the employer during the evaluation of tender offers. This may include providing a breakdown of rates or prices and correction of arithmetical errors by the adjustment of certain rates or item prices (or both). No change in the competitive position of tenderers or substance of the tender offer is sought, offered, or permitted.

Note:

**Clause 2.17.1** does not preclude the negotiation of the final terms of the contract with a preferred tenderer following a competitive selection process, should the employer elect to do so.

TENDER NO.	8/3/1-6/2023				
		BIDDER	WITNESS	EMPLOYER	WITNESS

2.18 **Provide other material**

2.18.1 Provide, on request by the employer, any other material that has a bearing on the tender offer, the tenderer's commercial position (including notarized joint venture agreements), preferencing arrangements, or samples of materials, considered necessary by the employer for the purpose of a full and fair risk assessment. Should the tenderer not provide the material, or a satisfactory reason as to why it cannot be provided, by the time for submission stated in the employer's request, the employer may regard the tender offer as non-responsive.

2.18.2 Dispose of samples of materials provided for evaluation by the employer, where required.

2.19 **Inspections, tests and analysis**

Provide access during working hours to premises for inspections, tests and analysis as provided for in the tender data.

2.20 **Submit securities, bonds, policies etc.**

If requested, submit for the employer's acceptance before formation of the contract, all securities, bonds, guarantees, policies and certificates of insurance required in terms of the conditions of contract identified in the contract data.

2.21 **Check final draft**

Check the final draft of the contract provided by the employer within the time available for the employer to issue the contract.

2.22 **Return of other tender documents**

If so instructed by the employer, return all retained tender documents within 28 days after the expiry of the validity period stated in the tender data.

2.23 **Certificates**

Include in the tender submission or provide the employer with any certificates as stated in the tender data.

3 **THE EMPLOYER'S UNDERTAKINGS**

3.1 **Respond to requests from the tenderer**

3.1.1 Unless otherwise stated in the tender data, respond to a request for clarification received up to five working days before the tender closing time stated in the tender data and notify all tenderers who drew procurement documents.

3.1.2 Consider any request to make a material change in the capabilities or formation of the tendering entity (or both) or any other criteria which formed part of the qualifying requirements used to prequalify a tenderer to submit a tender offer in terms of a previous procurement process and deny any such request if as a consequence:

- a) an individual firm, or a joint venture as a whole, or any individual member of the joint venture fails to meet any of the collective or individual qualifying requirements;
- b) the new partners to a joint venture were not prequalified in the first instance, either as individual firms or as another joint venture; or
- c) in the opinion of the Employer, acceptance of the material change would compromise the outcome of the prequalification process.

TENDER NO.	8/3/1-6/2023				
		BIDDER	WITNESS	EMPLOYER	WITNESS

### 3.2 **Issue Addenda**

If necessary, issue addenda that may amend or amplify the tender documents to each tenderer during the period from the date that tender documents are available until three days before the tender closing time stated in the tender data. If, as a result a tenderer applies for an extension to the closing time stated in the tender data, the employer may grant such extension and, shall then notify all tenderers who drew documents.

### 3.3 **Return late tender offers**

Return tender offers received after the closing time stated in the tender data, unopened, (unless it is necessary to open a tender submission to obtain a forwarding address), to the tenderer concerned.

### 3.4 **Opening of tender submissions**

3.4.1 Unless the two-envelope system is to be followed, open valid tender submissions in the presence of tenderers' agents who choose to attend at the time and place stated in the tender data. Tender submissions for which acceptable reasons for withdrawal have been submitted will not be opened.

3.4.2 Announce at the meeting held immediately after the opening of tender submissions, at a venue indicated in the tender data, the name of each tenderer whose tender offer is opened and, where applicable, the total of his prices, preferences claimed and time for completion for the main tender offer only.

3.4.3 Make available the record outlined in **clause 3.4.2** to all interested persons upon request.

### 3.5 **Two-envelope system**

3.5.1 Where stated in the tender data that a two-envelope system is to be followed, open only the technical proposal of valid tenders in the presence of tenderers' agents who choose to attend at the time and place stated in the tender data and announce the name of each tenderer whose technical proposal is opened.

3.5.2 Evaluate the quality of the technical proposals offered by tenderers, then advice tenderers who remain in contention for the award of the contract of the time and place when the financial proposals will be opened. Open only the financial proposals of tenderers, who score in the quality evaluation more than the minimum number of points for quality stated in the tender data, and announce the score obtained for the technical proposals and the total price and any preferences claimed. Return unopened financial proposals to tenderers whose technical proposals failed to achieve the minimum number of points for quality.

### 3.6 **Non-disclosure**

Not disclose to tenderers, or to any other person not officially concerned with such processes, information relating to the evaluation and comparison of tender offers, the final evaluation price and recommendations for the award of a contract, until after the award of the contract to the successful tenderer.

### 3.7 **Grounds for rejection and disqualification**

Determine whether there has been any effort by a tenderer to influence the processing of tender offers and instantly disqualify a tenderer (and his tender offer) if it is established that he engaged in corrupt or fraudulent practices.

TENDER NO.	8/3/1-6/2023				
		BIDDER	WITNESS	EMPLOYER	WITNESS

3.8 **Test for responsiveness**

3.8.1 Determine, after opening and before detailed evaluation, whether each tender offer properly received:

- a) complies with the requirements of these Conditions of Tender,
- b) has been properly and fully completed and signed, and
- c) is responsive to the other requirements of the tender documents.

3.8.2 A responsive tender is one that conforms to all the terms, conditions, and specifications of the tender documents without material deviation or qualification. A material deviation or qualification is one which, in the Employer's opinion, would:

- a) detrimentally affect the scope, quality, or performance of the works, services or supply identified in the Scope of Work,
- b) significantly change the employer's or the tenderer's risks and responsibilities under the contract, or
- c) affect the competitive position of other tenderers presenting responsive tenders, if it were to be rectified.

1.8.3 Reject a non-responsive tender offer, and not allow it to be subsequently made responsive by correction or withdrawal of the non-conforming deviation or reservation.

3.9 **Arithmetical errors, omissions and discrepancies**

3.9.1 Check responsive tenders for discrepancies between amounts in words and amounts in figures. Where there is a discrepancy between the amounts in figures and the amount in words, the amount in words shall govern.

3.9.2 Check the highest ranked tender or tenderer with the highest number of tender evaluation points after the evaluation of tender offers in accordance with **clause 3.11** for:

- a) the gross misplacement of the decimal point in any unit rate;
- b) omissions made in completing the pricing schedule or bills of quantities; or
- c) arithmetic errors in:
  - i) line item totals resulting from the product of a unit rate and a quantity in bills of quantities or schedules of prices; or
  - ii) the summation of the prices.

3.9.3 Notify the tenderer of all errors or omissions that are identified in the tender offer and invite the tenderer to either confirm the tender offer as tendered or accept the corrected total of prices.

3.9.4 Where the tenderer elects to confirm the tender offer as tendered, correct the errors as follows:

- a) If bills of quantities or pricing schedules apply and there is an error in the line item total resulting from the product of the unit rate and the quantity, the line item total shall govern and the rate shall be corrected. Where there is an obviously gross misplacement of the decimal point in the unit rate, the line item total as quoted shall govern, and the unit rate shall be corrected.

TENDER NO.	8/3/1-6/2023				
		BIDDER	WITNESS	EMPLOYER	WITNESS

- b) Where there is an error in the total of the prices either as a result of other corrections required by this checking process or in the tenderer's addition of prices, the total of the prices shall govern and the tenderer will be asked to revise selected item prices (and their rates if bills of quantities apply) to achieve the tendered total of the prices.

3.10 **Clarification of a tender offer**

Obtain clarification from a tenderer on any matter that could give rise to ambiguity in a contract arising from the tender offer.

3.11 **Evaluation of Tender Offers**

3.11.1 **General**

Appoint an evaluation panel of not less than three persons. Reduce each responsive tender offer to a comparative offer and evaluate them using the tender evaluation methods and associated evaluation criteria that are specified in the tender data.

3.12 **Insurance provided by the employer**

If requested by the proposed successful tenderer, submit for the tenderer's information the policies and / or certificates of insurance which the conditions of contract identified in the contract data, require the employer to provide.

3.13 **Acceptance of tender offer**

Accept the tender offer, if in the opinion of the employer, it does not present any unacceptable commercial risk and only if the tenderer:

- a) is not under restrictions, or has principals who are under restrictions, preventing participating in the employer's procurement,
- b) can, as necessary and in relation to the proposed contract, demonstrate that he or she possesses the professional and technical qualifications, professional and technical competence, financial resources, equipment and other physical facilities, managerial capability, reliability, experience and reputation, expertise and the personnel, to perform the contract,
- c) has the legal capacity to enter into the contract,
- d) is not insolvent, in receivership, bankrupt or being wound up, has his affairs administered by a court or a judicial officer, has suspended his business activities, or is subject to legal proceedings in respect of any of the foregoing,
- e) complies with the legal requirements, if any, stated in the tender data, and
- f) is able, in the opinion of the employer, to perform the contract free of conflicts of interest.

3.14 **Prepare contract documents**

3.14.1 If necessary, revise documents that shall form part of the contract and that were issued by the employer as part of the tender documents to take account of:

- a) addenda issued during the tender period,
- b) inclusion of some of the returnable documents, and

TENDER NO.	8/3/1-6/2023				
		BIDDER	WITNESS	EMPLOYER	WITNESS

c) other revisions agreed between the employer and the successful tenderer.

3.14.2 Complete the schedule of deviations attached to the form of offer and acceptance, if any.

3.15 **Complete adjudicator's contract**

Unless alternative arrangements have been agreed or otherwise provided for in the contract, arrange for both parties to complete formalities for appointing the selected adjudicator at the same time as the main contract is signed.

3.16 **Notice to unsuccessful tenderers**

3.16.1 Notify the successful tenderer of the employer's acceptance of his tender offer by completing and returning one copy of the form of offer and acceptance before the expiry of the validity period stated in the tender data, or agreed additional period.

TENDER NO.	8/3/1-6/2023				
		BIDDER	WITNESS	EMPLOYER	WITNESS

3.16.2 After the successful tenderer has been notified of the employer's acceptance of the tender, notify other tenderers that their tender offers have not been accepted.

3.16.3 Unsuccessful forms / documents will be disposed of after 24 months.

3.17 **Provide copies of the contracts**

Provide to the successful tenderer the number of copies stated in the tender data of the signed copy of the contract as soon as possible after completion and signing of the form of offer and acceptance.

3.18 **Provide written reasons for actions taken**

Provide upon request written reasons to tenderers for any action that is taken in applying these conditions of tender, but withhold information, which is not in the public interest to be divulged, which is considered to prejudice the legitimate commercial interests of tenderers or might prejudice fair competition between tenderers.

### CERTIFICATE OF INDEPENDENT BID DETERMINATION

- 1 This municipal bidding document (MBD) must form part of all bids<sup>1</sup> invited.
- 2 Section 4(1)(b)(iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging). <sup>2</sup>Collusive bidding is a *per se* prohibition meaning that it cannot be justified under any grounds.
- 3 Municipal Supply Regulation 38(1) prescribes that a supply chain management policy must provide measures for the combating of abuse of the supply chain management system, and must enable the accounting officer, among others, to:
  - 3.1. take all reasonable steps to prevent such abuse;
  - 3.2. reject the bid of any bidder if that bidder or any of its directors has abused the supply chain management system of the municipality or municipal entity or has committed any improper conduct in relation to such system; and
  - 3.3. cancel a contract awarded to a person if the person committed any corrupt or fraudulent act during the bidding process or the execution of the contract.
- 4 This MBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid rigging.
- 5 In order to give effect to the above, the attached Certificate of Bid Determination (MBD 9) must be completed and submitted with the bid:
  - <sup>1</sup> **Includes price quotations, advertised competitive bids, limited bids and proposals.**
  - <sup>2</sup> **Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.**

## C3 SCOPE OF WORKS

### 1. INTRODUCTION AND BACKGROUND

The Secunda landfill site, is classified as a G:M:B or Class B site in terms of Regulation R.636 of 23 August 2013, published under the National Environmental Management: Waste Act, 2008 (Act 59 of 2008) and receives waste from all the MP307 area, which is estimated at about 5000 tons per month on average. The municipality outsourced the operation and maintenance of the facility due to limited institutional capacity. This is done in order to comply with the permit conditions, licence conditions and the regulations, norms and standard set by the National Environmental Management: Waste Act no 59 of 2008.

This contract provides for the operation and maintenance of the Secunda landfill site which includes; the supply of all specified labour, plant, tools, equipment and management necessary to operate the landfill in an effective and environmentally sound manner, in order to ensure compliance with relevant legislation.

The landfill operations and maintenance of the site is environmentally and socially sensitive due to the close proximity of residential properties, public roads as well as other ecological sensitive areas.

The Secunda landfill site started operations in approximately 1991 by the former Secunda Town Council and was established in an old borrow pit. No environmental impact assessment studies were done prior to the starting of operations and the site was not operated according to proven engineering principles as detailed in the "Minimum Requirements for Waste Disposal by Landfill". The site was basically operated as a "refuse dump". The site is not lined and no gas or leachate management is practiced on site.

The lifespan of the Secunda landfill site is estimated to be **three (3) years** and it receives on average of between 5000 tons of general waste per month

#### Description of Landfill and Access

The Secunda Landfill is located  $\pm 7$  km from the Secunda CBD and is situated on the Portion 40 of the Farm Goedehoop 290-IS and falls within the Secunda service delivery area.

### 2. DETAILED DESCRIPTION OF WORK

#### 2.1 Maintenance of the Landfill

The Contractor shall maintain all aspects of the Landfill to ensure its smooth and efficient operation and prevent undue deterioration of any item. The Contractor shall bear all maintenance costs, repairs costs, materials cost and/or replacement of equipment required for the execution of the Contract.

In maintaining the Landfill, the Contractor will be expected to perform maintenance work on his own initiative and without first being ordered to do so by the Relevant Authorised Person.

#### 2.2 Facilities, equipment, items and consumables

The operator shall provide:

- Portable fire extinguishers to be provided where necessary;
- Supplies for maintenance and repairs of equipment and vehicles;
- Small tools;
- Fuel and fuel storage;
- All traffic control and direction signs;
- Any other operational signage,
- First aid equipment;

		BIDDER	WITNESS	EMPLOYER	WITNESS

- Personal Protective Equipment (PPE); and
- Any other requirements from the Licence Holder relating to the successful and legally compliant operation of the site.

### 3. INFORMATION THAT WILL BE PROVIDED BY THE MUNICIPALITY

Landfill site permits/ license.  
Integrated waste management plan  
Map of the landfill site area  
Health and Safety requirements.

### 4. PURPOSE OF THE CONTRACT

The purpose of the contract is to procure the services of a Site Operator (Service Provider) with requisite experience and technical competence in waste disposal management by landfilling. The service provider will be required to perform, amongst others, the following duties for the landfill site:

Operations and maintenance of the Landfill Site including the provision and supply of landfill plant and equipment to execute the operations on a daily basis:

- Access and vehicle Control
- Landfill drainage maintenance
- spreading and compaction of deposited waste to the required densities at the required slopes;
- Importing or stock piling of cover material
- On-going capping of the site including shaping of side slopes to the required gradient
- Sufficient daily covering to isolate the waste from the environment;
- Maintenance of a wet weather cell to accommodate one week's waste;
- Routine and continuous maintenance of plant, equipment and facilities;
- All operations to be in line with conditions stipulated in the Minimum requirements of waste Disposal by landfill, Classification System, licence and permit conditions of the site;
- Ensuring availability of a working face with sufficient cell capacity to accommodate at least one week's waste.
- Directing and routing traffic within the landfill site and to and from the active cell/working face in the form of barriers, signs, or a combination of both

### 5. DURATION OF THE CONTRACT

The Contract will be for a period thirty-six (36) months.

### 6. MONITORING AND SUPERVISION

The Work of the Site Operator /Service provider will be supervised by the section Solid Waste Management.

### 7. NATURE OF CONTRACT

#### 7.1 Provision of Plant, Equipment, Personnel and Fuel

As a general provision, the Site Operator shall ensure that plant, equipment and personnel on site must be appropriate for the size and type of the landfill operation. The Site Operator shall provide the optimal plant mix as specified to be able to landfill the deposited waste at the landfill site during the specified working hours in line with the landfill permit conditions or waste management license, the "*Minimum Requirements for Waste Disposal by Landfill, 2008, The National Environmental Management Waste Act, 2008 (ACT NO. 59 OF 2008), National Waste Information regulations* Gazetted 13 August 2012 and *Waste classification and regulations, national norms and standards* Gazetted 23 August 2013.

The Site Operator will make available the plant and equipment with the required personnel and fuel to

operate the landfill site to give Govan Mbeki Municipality (Solid Waste Management) uninterrupted service during the hours of operation. Plant can either be owned or leased as follows:

**Table A: Plant and Equipment required at Secunda landfill Site:**

DESCRIPTION OF PLANT AND EQUIPMENT		QTY	REMARKS
1	>23 ton Landfill Compactor	1	Full time
2	10m <sup>3</sup> Tipper truck	1	Full time
3	TLB for loading of cover material and digging of trench	1	Full time
4	Dozer (D6 or equivalent)	1	As and when required(40 hrs per month)

All plant provided by the Contractor shall, when brought onto the Landfill, be deemed to be exclusively intended for the execution of the Works, and the Contractor shall not remove the same or any part thereof without the written consent of the Govan Mbeki Municipality. The Contractor shall notify the Municipality in writing of all hired, purchased and leased plant and of the name and address of the owner thereof.

All plant used on the Landfill shall be suitable for the prevailing Landfill conditions, prevailing road conditions, of adequately rated capacity, in good working condition, and shall be so designed and constructed to cause a minimum of dust, noise and air pollution. Properly qualified/trained and experienced operators shall operate the plant.

In the event of a breakdown occurring, the Contractor shall be capable of calling upon such backup plant as is necessary to ensure that the proper Operation and Maintenance of the Landfill is not placed in jeopardy.

#### **NOTE**

**Back-up plant and equipment for operation and maintenance of Secunda landfill site, will be required within 20 working hours of primary (full time) equipment breakdown.**

**In an event where the landfill compactor break down, the minimum temporary replacement plant will be limited to a dozer up to 20 working hours and the replacement of the primary equipment.**

**Should plant not be replaced or repaired within the stipulated time frames above, penalties will be applied.**

**Take Note: Evidence of plant age and/or documentation indicating intention to enter into lease agreement must be submitted with the bid document. Failure to submit will lead to disqualification.**

#### **7.2 Supervision of the landfilling equipment on the Landfill Sites**

The Site Operator/Service Provider shall supervise all landfill plant/equipment at all times and ensure that such is operated in accordance with the standard operating procedures. Furthermore, the Site Operator shall be required to comply to the Occupational Health and Safety Act (Act 85 of 1993) and regulations promulgated in terms of the Act when operating plant and equipment.

### 7.3 Scope of Work

**The scope of work will include the Permit Conditions, Waste Management License and not limited to:**

#### 7.3.1 Waste Disposal

The Site Operator and the Govan Mbeki Municipality Solid Waste Management will agree on the method of working in line with the permit conditions, waste management license, the "*Minimum Requirements for Waste Disposal by Landfill*, 2008, *the National Environmental Management Waste Act, 2008* (ACT NO. 59 OF 2008), *National Waste Information regulations* Gazetted 13 August 2012 and *Waste classification and regulations, national norms and standards* Gazetted 23 August 2013. Waste Disposal will be in accordance with the site operational plan.

**The Site Operator will deposit waste in accordance with the operational plan as approved by Govan Mbeki Municipality.**

The Site Operator will be responsible for:

- a) Setting up and enforcing pre-acceptance and acceptance procedures of waste at the landfill site of their responsibility and where applicable request information and/or samples to be provided prior to the transport of waste to the site, to ensure that the waste is within the requirements of the site permit conditions, waste management license or Minimum Requirements.
- b) Ensuring that waste acceptance and disposal procedures on site are compliant with relevant applicable legislation, regulations and site permit, waste management license or Minimum Requirements.
- c) Screening out hazardous and prohibited wastes from the general solid waste stream to reduce the risk of injury to landfill workers, risk of fire and explosion and limit the potential to contaminate the receiving environment.
- d) Strictly managing waste deposition operations on site within permit conditions, waste management license or Minimum Requirements applicable to the character and classification of the site.
- e) Assuring that the landfill site do not pose an unreasonable risk or adverse effect on human health or the environment by demonstrating an acceptable level of compliance with applicable regulatory and legislative requirements.
- f) Ensuring availability of a working face with sufficient cell capacity to accommodate at least one week's waste.
- g) Maintaining an emergency cover material stockpile on site in line with the Minimum Requirements of Waste Disposal by Landfill (One month of cover material must always be available on stockpile).
- h) Directing and routing vehicle traffic within the landfill site and to and from the active cell/working face in the form of barriers, signs, or a combination of both as reasonably possible to ensure smooth operation and management of the site.
- i) Managing the interaction between the Reclaimers and operations on site and landfill Site Users.
- j) Establishing, operating and maintaining an easily accessible wet weather cell constructed close to the working face or close to an all-weather road, for use under abnormally wet weather conditions. The wet weather cell must have sufficient capacity to accommodate one week's waste.
- k) Applying sanitary landfill principles of compaction and cover in line with permit conditions, waste management license or minimum requirements in order to prevent the development of nuisances such as litter, flies, odour, vermin and dust.
- l) Develop a waste disposal site operational plan
- m) Waste deposition and compaction. Waste deposition will be conducted in adherence with the proven sanitary landfill principles (as per "Minimum Requirements for Waste Disposal by Landfill, 1998") of spreading, compacting and daily covering of waste. To achieve this, a single cell shall be constructed and enclosed by cover material on each operating day. In order to expose as little waste as possible to rainfall and the environment and to afford the best compaction, waste cells will be as narrow as condition permit. The size of the cell will be determined by the mass of waste and number of vehicles accommodated during the operating day.

TENDER NO.	8/3/1-6/2023				
		BIDDER	WITNESS	EMPLOYER	WITNESS

### 7.3.2 The cell shall be constructed as follows:

- Screening berms are to be constructed along the outside face of the landform. Soil shall be used to construct 1,0m high by 1,0m crest width berms tipped at the natural angle of repose to form the start of the proposed cell.
- Internal berms are to be constructed along the sides of the cell when inside the landform. Relatively inert waste or other suitable material shall be used to construct 1,5 to 2,5m high berms tipped at the natural angle of repose before it is compacted and covered with daily cover to form the sides of the proposed cell. Landfilling of refuse takes place in the area behind each consecutive berm in order to ensure the controlled deposition of waste. The floor of the cell will have been compacted by the contractor prior to waste being placed (i.e. previous layer of covered waste).
- Remove previous cover material on the floor of the cell over an area of approximately 9m<sup>2</sup> before depositing the day's waste, to prevent the formation of perched liquid tables within the waste body and to ensure the unobstructed flow of methane gas within the landfill.
- Waste shall be deposited at the toe of the cell and worked upwards by spreading in approximately 250 mm thick layers, and compacted by using three passes of the landfill compactor (of a minimum 23 tons operating weight) per layer of waste. Once compacted, the height of a cell will not exceed 2,5 m in any situation.
- In order to maximise compaction effort, the slope of the working face shall be at an appropriate angle of between 1:3 and 1:4 to enable the plant to spread and compact the waste deposited at the toe of the cell, upwards upon the working face. The slope shall, however, not be so steep as to induce slipping of the driving wheels or tracks of the plant. Slopes that are too flat, on the other hand, result in excessive use of daily cover.

The upper horizontal surface of a cell shall be finished such that it has a fall of at least 3% and not more than 5%, towards the working face. This will ensure that water on the cell floor will flow away from the working face, instead of building up against the working face, thus resulting in water infiltrating the waste. Cover material shall be deposited above the cell at the top of the ramp so as to enable exposed refuse to be covered as soon as required and not necessarily only at the end of the operating day.

At the end of an operating day all waste must be contained within the cell. The entire waste surface area shall then be enclosed by cover material having a minimum compacted thickness of 150mm and a maximum compacted thickness of 250mm above the mean surface of the waste. Intermediate cover, in areas not utilised for an extended period of time, intermediate cover shall be placed at a thickness of 300 mm. Builders rubble may not be used as cover material, except for the preparation of wet weather cells, or with permission from the employer.

The finished cover surface shall have a minimum slope of 3% and a maximum slope of 5% and shall be sufficiently uniform to ensure that runoff is encouraged and that the ponding of water cannot take place. In order to maintain the required surface gradients, level profile boards shall be erected and used for finishing off of each cell. As soon as possible after completion of a lift to the final finished profile, the contractor shall construct the final cover in accordance to "Minimum Requirements for Waste Disposal by Landfill, 1998".

- Manoeuvring space at working face

Space must be available at the working face to enable vehicles to manoeuvre and reverse without causing excessive congestion. A minimum cell width determined by the number of vehicles disposing simultaneously must be maintained to enable vehicles to work alongside each other, while the waste is compacted. In order to avoid overturning of vehicles, the working face area must also be located and graded so that the vehicles operate on level ground.

▪ Animal carcasses

Animal carcasses are to be disposed of at the toe of the working face in a trench. The carcass must be covered immediately by disposing the next load of waste onto the carcasses, allowing for a minimum of 0,75m of waste and cover material. The contractor shall pay special attention to ensuring that the whole carcass is covered, with no protrusions of feet/hooves, tails, heads/horns etc. Notwithstanding the above, stricter regulations may be enforced by the Health Department.

▪ Spoilt foodstuff / Liquor / Beverages

Spoilt foodstuffs of condemned products may be disposed of on the landfill by the method of Safe Disposal. The foodstuff/liquor must be disposed of at the toe of the working face in a trench whereafter it must immediately be destroyed beneath the compactor and covered by disposing the next load of waste onto the foodstuff, allowing for a minimum of 0,75m of waste and cover material. Extreme care should be taken that none of these foods/liquor/beverages are salvaged by any of the vehicle drivers, operating staff or reclaimers. Notwithstanding the above, stricter regulations may be enforced by regulatory authorities concerned.

▪ Wet weather

Vehicles may become stuck in the mud when the site is wet. In view of this, the contractor shall ensure that temporary access roads are passable in most situations, with a suitable contingency plan available for continuing the operation in the extreme situation where the access roads are impassable.

A wet weather cell shall be kept available which has a surface of coarse well drained material, such as builder's rubble and coarse ash, which can be used as the disposal area when conditions become too wet in other areas. A wet weather cell to accommodate at least one weeks waste during adverse weather conditions must be maintained.

▪ Vehicles stuck on site

The contractor shall have available on site at all times (during normal operating hours) heavy-duty towropes or towbars, and he/she shall assist any vehicle that becomes stuck on the Site with minimal delay. Stuck vehicles must be towed out and under no circumstances may they be pushed out. The contractor will be held responsible for the cost of repairs to any vehicle that has been damaged due to being pushed instead of towed. **The employer also reserves the right to apply a penalty should vehicles be pushed out.**

▪ Control of nuisances

The contractor shall take all reasonable measures to operate the site so as to reduce and, where possible, prevent nuisances such as:

- Odour (by applying sanitary landfill procedures for compaction and covering, as well as the removal and treatment of leachate exposed to the atmosphere).
- Flies and rodents (by applying sanitary landfill procedures of compaction and covering, as well as by setting adequate fly traps, and placing fly bait at the working face, composting area, etc.)
- Noise (by ensuring that all plant silencers, etc. are in good working order) and by limiting the operations to the prescribed hours.
- Wind-blown litter (by applying sanitary landfill procedures of compaction and covering, as well as picking up the litter which has been scattered in the area). Adequate litter pickers should be deployed for litter picking on a daily basis.

### 7.3.3 Covering of Deposited Waste

- A. The Site Operator shall ensure without fail that the working area is entirely covered with a suitable cover material.
- B. The application rate shall be an average thickness of 150mm in line with the permit, waste management license or Minimum Requirements.
- C. Site Operator will source cover material from materials brought to the site.

The sourcing of cover material shall include loading and transportation thereof

- D. The quality of the cover material must comply with the Minimum Requirements for Waste Disposal by Landfilling.

### 7.3.4 Maintenance of internal roads within the landfill site

The Site Operator shall be responsible for the maintenance of access roads inside the landfill site and construction of **access road on the waste body with builder's rubble on an ongoing basis with no additional cost to Govan Mbeki Municipality.**

The Site Operator shall maintain the road surfaces inside the landfill site in a state where the listed average turnaround times from the entrance (gate) to the active waste cell and back to the entrance (gate) can be safely achieved. Further-more the Site Operator shall enforce the stipulated speed limit as indicated on site and signage.

#### In repairing the roads, the Site Operator shall:

- a) Use suitable road building material excavated from site (where available), deposited on site, or crushed from deposited builder's rubble by the Site Operator and arranged into stockpile on site.
- b) Use alternative suitable road building material imported from outside the landfill site at no cost to Govan Mbeki Municipality arranged into a stockpile on site by the Contractor.
- c) Ensure that there is always adequate stockpile of road building material on site and never lower than one month of supply of the required stockpile of fill material.
- d) Maintenance of access roads and controlling of traffic within the site
- e) The contractor shall construct and maintain gravel/building rubble access roads to the disposal area on site as and when required during the contract period.
- f) The roads must be:
  - Usable in both wet and dry conditions. comfortably able to accommodate two large passing vehicles. sufficiently smooth and even, without potholes, to enable large loaded vehicles to travel at 20km/h, without damage or discomfort.
  - flat enough to enable vehicles to stop and move off without undue difficulty and slipping. All gradients shall not be steeper than 1 in 10 on downhill and 1 in 15 for uphill and have sufficient surface drainage for wetweather. A road along the perimeter of the fence must be provided and maintained for security patrol and fire control purposes. Clear and easily understandable speed limit, traffic control and direction signs must be provided from the site entrance to the off-loading point at the working face.

### 7.3.5 Completed Slopes and ongoing rehabilitation

The slopes of the completed cell must be in line with the recommended gradient of 1 vertical: 3 horizontal.

The contractor shall be responsible for the ongoing closure and rehabilitation of the landfill site.

### 7.3.6 Waste reclamation

The Govan Mbeki Municipality does not prohibit waste reclamation at its landfill site, since landfills do represent an important resource base for the poor, previously disadvantaged sector of the population, informal salvaging cannot be completely eliminated. The Govan Mbeki Municipality has provided limited space on the landfill temporary storage of recyclable material on the landfill site.

**Therefore the Site Operator shall:**

- a) Develop an on-site waste reclamation plan (approved by the department) to facilitate, formalize and control reclamation activities;
- b) Manage the process of site access with those reclaimers that are permitted to enter the site during normal working hours;
- c) Develop and implement a system to record the total amount of waste reclaimed from site and provide evidence thereof;
- d) Develop a health and safety manual for the landfill site in order to encourage safe working conditions and ultimately improve safety and minimize health risks;
- e) Manage the reclaimers at the working face in order to minimize the interaction between the plant and/or equipment used on the landfill site and the reclaimers. It will be the responsibility of the Site Operator to ensure that the reclaimers are kept away from the plant on the working face.
- f) Regular meetings must therefore be held between the Site Operator and the Reclaimers or their representatives, in order to advocate, educate them and negotiate with them on where applicable.
- g) The Site Operator will be responsible in keeping the landfill site orderly and clean including the area used or allocated for reclamation of materials.
- h) The Site Operator will be responsible for depositing the residue material from the reclamation activities on the landfill site at no additional cost to Govan Mbeki Municipality.
- i) The Site Operator will also be responsible for keeping auditable records for each category of waste reclaimed in accordance with the permit requirements, waste management license or Minimum Requirements
- j) The Site Operator shall be responsible for the development and implementation of a waste minimization and diversion plan for the site. The plan shall be approved by the Manager Solid Waste of Govan Mbeki Municipality

### 7.3.7 Disposal of tyres

No tyres will be allowed for disposal at the landfill site.

TENDER NO.	8/3/1-6/2023				
		BIDDER	WITNESS	EMPLOYER	WITNESS

### 7.3.8 Resources and Personnel

It is a Minimum Requirement that there are sufficient resources to meet the permit requirements, waste management license and the Minimum Requirements relating to the operations, technical and management aspects of the landfill sites.

The Site Operator will be required at own cost, to furnish the container office, provide general office equipment and supplies, provide consumables. Active communication methods including internet connectivity as well as boardroom equipment will be the responsibility of the Site Operator.

The contractor may be required to supply temporary structures as and when required at their own cost .The Contractor will be responsible for the care and maintenance of all buildings and structures at the Landfill site at their own cost

At the end of the contract period the facilities found on the site, must remain on the site in a good working order. The Contractor will, subject to the Relevant Authorised Person's prior approval and the approval of a plan by the Municipality, provide temporary buildings and structures such as plant shelters, etc. at the Landfill as required by him .

The Site Operator must at all times provide suitably trained staff and back-up in order to ensure an ongoing environmentally acceptable waste disposal operation. It is a Minimum Requirement that the operation of Secunda landfill site within the Govan Mbeki Municipality is carried out under the direction of suitably qualified and experienced staff complement, the minimum required will be in the form of an experienced full-time site supervisor to manage the site with a minimum of 5 years' experience on a G:M:B- or higher class site. The experience and qualifications of the site supervisor shall comply with the "Minimum Requirements for Waste Disposal by Landfill, 1998", as issued by the Department of Water Affairs.

The responsible person must in all cases be supported by suitably qualified and competent staff such as:

- Security Guards, supplied by the service provider (PSIRA compliant)
- General workers
- Spotters
- Plant operators, drivers etc.

The support staff must be fully (knowledgeable) with the operations of a landfill site. This staff complement should be appropriate for the size and type of the operation, as well as with the facilities and plant involved.

### 7.3.9 Electricity, Water and Sanitation

No electricity supply is available on site. The contractor must provide and maintain its own power supply in the form of a generator or solar electricity.

If it happens during the duration of the contract that the Municipality is able to provide a permanent electricity supply to the landfill site, the contractor will be notified of the project. After completion, the electricity supply will be metered and will be for the contractors account

### 7.3.10 Weighbridge maintenance

No weighbridge

### 7.3.11 Occupational Health and Safety Plan.

TENDER NO.	8/3/1-6/2023				
		BIDDER	WITNESS	EMPLOYER	WITNESS

In terms of the provisions of the Occupational Health and Safety Act, Act no. 85 of 1993, as amended at the date hereof hereinafter referred to as the act, the Site Operator shall:

- a) Keep itself appraised of the amendments of the ACT such that it will be compliant at all times.
- b) The Site Operator as an employer in its own right and in its capacity as Site Operator for the execution of the Works, shall have certain obligations and arrangements as per the ACT to ensure compliance by the Site Operator with the provision of the ACT.
- c) The Site Operator shall ensure that workers deployed on the project have received accredited training in the health and safety relevant to the work to be performed on the project.
- d) Keep records of all relevant training given to landfill site workers in each of the workers file.
- e) Incase of trained employee resigning, similar training must be provided to other staff to maintain the required number of trained staff on site.

#### NOTE

**Bidder shall submit a draft OHS plan suitable for the operations and maintenance of a landfill site which should, amongst others, address all of the above. The Plan will be subjected to revision on appointment within the initial one (1) month of commencement of the contract or operations. Bidders will be required to submit a Safety File for approval by municipal safety Officer.**

#### 4.3.12 Charges for Disposal

Currently the GMM has no formal charges for the disposal of waste at the landfills.

### 8. NOTICE TO BIDDERS

The following information is provided to assist Bidders. Govan Mbeki Municipality gives no assurances or warranties as to the accuracy or to future trends. The Site Operator will need to satisfy itself with regards to the accuracy of the statistics and make suitable provision in the rates to cover the cost of providing the services.

The Site Operator will be responsible for operating the site each day, including Saturdays, Sundays and **Public Holidays excluding Christmas day**

**Take Note: The Site Operator shall allow itself time to cover the working-face on a daily basis as per the site permit, waste management license and Minimum Requirements for waste disposal by landfill.**

**Use of landfill sites after hours:**

As a result of contextual circumstances, which includes after hours waste collection and shift employees will be allowed to offload and only until 22:00 or as directed. The Site Operator will not be expected to compact and cover the waste loads that will be disposed of after hours on the same day. All other waste is however to be compacted and covered by the end of each working day including waste that disposed of after hours on the previous day.

**10. SCOPE OF WORK, MEASUREMENT AND PAYMENT**

The Site Operator will keep all areas of the landfill site in a clean, orderly and litter free condition, weeding, spillages, and general housekeeping and cleaning of 500m buffer zone from the fence line, in line with the Govan Mbeki Municipality requirements and at no cost to the municipality.

**11. PRINCIPLES APPLICABLE TO THE ACCEPTANCE OF WASTE AT ALL LANDFILL SITES**

11.1 No Food waste will be accepted on the site, except as directed by the Environmental Health Practitioner (EHP) of the Gert Sibande District Municipality (GSDM) as competent authority and generators should be advised to contact GSDM immediately without leaving the Site as the EHP has established standards and procedures in this regard.

11.2 The Site Operator shall, as part of this Operational Contract: Designate a Responsible Person dedicated for site management accordance to the Permit Conditions, Waste Management License or Minimum Requirements.

11.3 Waste Types - The site is permitted as a general landfill site (Classification GMB- ) and, subject to the exceptions indicated below, the contractor will be required to handle all, non-hazardous incoming wastes including:

- Household waste;
- Garden waste;
- Business waste (non-hazardous)
- Building rubble; and
- Industrial waste (non-hazardous).

**Wastes prohibited from being disposed of at the landfill include:**

- Nuclear waste;
- Hazardous waste;
- Flammable waste;
- Corrosive substances;
- Oxidising substances and organic peroxides;

- Carcinogens/mutagens (see Licence for specific details);
- Infectious waste;
- Explosives;
- Compressed gases;
- Radioactive materials;
- Complexes of heavy metal cations (paint and paint sludges or laboratory chemicals); and
- Any waste which is difficult to analyse and classify.

Further to this, all steps must be taken to ensure that none of the following are disposed of at the site, in accordance with site Licence and permit

- Organic or inorganic elements or compounds which may have definite acute or chronic negative effects on human health and/or the environment due to its toxic, physical, chemical or persistent characteristics;
- Medical waste; and
- Scheduled pharmaceuticals.

No drums displaying the hazardous chemical sign, whether closed or open, will further be allowed for disposal on site.

In the interests of environmental protection and complying with the site permit requirements, the contractor will be required to record all relevant details of any person, vehicle or operator who attempts to bring any such unacceptable waste onto the site. The vehicle owner, engineer and employer should be informed accordingly and the vehicle used to transport such waste, will immediately be blacklisted from waste disposal facility.

The contractor shall also advise the driver of such a vehicle of the locality of the nearest facility where such waste can be safely disposed of.

## 12. SECURITY

The Service provider will be responsible for security management services of the entire site and its entire perimeter. The security of the site shall be 24 hours/ day All Year-around (Monday-Friday) including weekends (Saturday-Sunday) and All Public Holidays and inclusive of Christmas Day.

The service provider must provide a PSIRA (Private Security Industry Regulating Authority) registered Security Company, to perform security function on a 24/7-hour basis.

Security personnel must be issued with reliable communication devises, self defense mechanisms or apparatus. Should the contractor require further security measures to protect equipment and property, he/she may take such measures at his/her own cost

**Provision is to be made for the fact that no unauthorized entry is allowed, and salvaging on the working face do take place in accordance with the reclamation plan of the site operator**

e) Bidders shall in the bid document provide generic and will within fourteen days of award and prior to commencement of contract furnish the Govan Mbeki Municipality Manager for approval of the updated Operational Plan, Environmental Management systems Plans, Occupational Health and Safety Plan, Emergency Preparedness Plan and Reclaimers Management Plan.

In accordance with Section 18(2) of the Fire Brigade Services Act, 1987 (Act 99 of 1987) the Section Fire Services requires that the following safety procedures be put in place:

Fire Extinguishers: ensure that fire extinguishers are present and subject to an annual inspection and service as required by the suppliers in the following areas:

1 x 4. 5kg dry chemical powder fire extinguisher in the security gate office.

1 x 9kg dry chemical powder fire extinguisher.

1 x 5kg CO2 fire extinguisher in site office.

1x 4.5kg dry chemical powder fire extinguisher in the remaining building.

When an above-ground Flammable Liquid Storage Tank is installed -

The distance between the above-mentioned tank and the nearest building must not be less than 21m.

The above-mentioned tank must have a bund wall around it with a capacity to hold the contents of the tank plus 10 % thereof. The design of the bund wall must allow water to drain out of the bund without letting flammable liquid out.

The following symbolic safety signs must be installed at the above-mentioned tank:

"NO SMOKING"

"NO OPEN FLAMES"

"NO CELL PHONES:"

Install 2 x 9kg dry chemical powder fire extinguishers at the above-mentioned tank.

Fire breaks

The contractor will be required to maintain adequate fire breaks, to satisfaction of the employer, in order to prevent fires on site, and to take all other steps as may be required to prevent the out break and spreading of fires and to provide and maintain the acceptable levels of fire fighting equipment on the site. A fire break shall be maintained around the site along the inside of the perimeter fence. All vegetation should be removed from the firebreaks. A minimum width of 5 m should be maintained free of vegetation.

## 18. MINIMUM REQUIREMENTS

a) Project Manager to manage the site with a minimum of 5 years' experience in management of a G:M:B- or higher class landfill site(s) and a NQF Level 7 in Environmental Management/Sciences. Bidders must submit CV's with a minimum of one contactable reference and a certified copy of qualifications as proof. (As per the compliance requirements)

b) Site Supervisor to manage the site with a minimum of 5 years' experience in management of a G:M:B- or higher class landfill site (s) and a NQF Level 6 in Environmental Management/Science with a minimum of one contactable reference and a certified qualification as proof.
