1. Query 1 (On the Briefing session)

Tree Planting

- Is the Municipality going to provide trees for planting?

Clarification for Query 1:

- Yes. The Municipality will provide 50% of the trees, and the remaining 50% must be provided by the appointed service provider. Service Providers are encouraged to establish working relationships with local entrepreneurs in the area to source the required trees. The Allocation of trees on site will be communicated with the appointed service provider.

2. Query 2 (On the Briefing session)

Recruitment

- What does it mean to source “physically fit” people?

Clarification for Query 2:

- Service Providers must engage with local leadership structures to identify and recruit individuals who are physically fit and capable of carrying out the required manual labour associated with the project. If there are challenges encountered the service provider can liaise with the municipality.

3. Query 3. (On the Briefing session)
