## (2) CONDITIONS OF TENDER

### 2.1 General

#### 2.1.1 Actions

**2.1.1.1** The City of Cape Town (CCT) and each tenderer submitting a tender offer shall comply with these Conditions of Tender. In their dealings with each other, they shall discharge their duties and obligations as set out in these Conditions of Tender, timeously and with integrity, and behave equitably, honestly and transparently, comply with all legal obligations.

**The parties agree that this tender, its evaluation and acceptance and any resulting contract shall also be subject to the Employer's Supply Chain Management Policy ('SCM Policy') that was applicable on the date the bid was advertised, save that if the Employer adopts a new SCM Policy which contemplates that any clause therein would apply to the contract emanating from this tender, such clause shall also be applicable to that contract. Please refer to this document contained on the Employer's website.**

**Abuse of the supply chain management system is not permitted and may result in the tender being rejected, cancellation of the contract, restriction of the supplier, and/or the exercise by the City of any other remedies available to it as described in the SCM Policy.**

**2.1.1.2** The CCT, the tenderer and their agents and employees involved in the tender process shall avoid conflicts of interest and where a conflict of interest is perceived or known, declare any such conflict of interest, indicating the nature of such conflict. Tenderers shall declare any potential conflict of interest in their tender submissions. Employees, agents and advisors of the CCT shall declare any conflict of interest to the CCT at the start of any deliberations relating to the procurement process or as soon as they become aware of such conflict, and abstain from any decisions where such conflict exists or recuse themselves from the procurement process, as appropriate.

**2.1.1.3** The CCT shall not seek, and a tenderer shall not submit a tender, without having a firm intention and capacity to proceed with the contract.

#### 2.1.2 Interpretation

**2.1.2.1** The additional requirements contained in the returnable documents are part of these Conditions of Tender.

**2.1.2.2** These Conditions of Tender and returnable schedules which are required for tender evaluation purposes, shall form part of the contract arising from the invitation to tender.

#### 2.1.3 Communication during tender process

Verbal or any other form of communication, from the CCT, its employees, agents or advisors during site visits/clarification meetings or at any other time prior to the award of the Contract, will not be regarded as binding on the CCT, unless communicated by the CCT in writing to suppliers by its Director: Supply Chain Management or his nominee.

#### 2.1.4 The CCT's right to accept or reject any tender offer

**2.1.4.1** The CCT may accept or reject any tender offer and may cancel the tender process or reject all tender offers at any time before the formation of a contract. The CCT may, prior to the award of the tender, cancel a tender if:

- (a) due to changed circumstances, there is no longer a need for the services, works or goods requested; or
- (b) funds are no longer available to cover the total envisaged expenditure; or
- (c) no acceptable tenders are received;
- (d) there is a material irregularity in the tender process; or
- (e) the parties are unable to negotiate market related pricing.

The CCT shall not accept or incur any liability to a tenderer for such cancellation or rejection, but will give written reasons for such action upon receiving a written request to do so.

## 2.1.5 Procurement procedures

### 2.1.5.1 General

Unless otherwise stated in the tender conditions, a contract will be concluded with the tenderer who scores the highest number of tender adjudication points. No minimum volume/value/quantum is guaranteed, this tender is purely adhoc in nature.

The City intends to establish a panel of service providers to provide commercial forensic investigation services and other forensic-related services for the Forensic Services Department. Such services will be in respect of individual assignments as and when required, for which specific terms of reference will be drafted,.

If the City at its discretion deems that insufficient responsive bids (a minimum of three responsive bids will be required) are received, the City reserves the right not to appoint any tenderers at all.

Once appointed, and subject to operational requirements, service providers will be invited to render the services on a rotational basis. The intent of the rotation mechanism is so that, as far as practically possible and subject to operational requirements, each successful bidder receives an opportunity to render services to the City during the term of the contract. Further, it is essential that assignments are allocated to tenderers who have the required capacity to successfully and effectively deliver the optimal service to the City.

The rotation mechanism will endeavour to not overburden a single bidder and that capacity constraints are less likely to arise. The City reserves the right to deviate from the rotation schedule and to approach any service provider on the panel, regardless of that service provider's position on the rotation schedule, in circumstances where it would be in the best interest of the City to do so. Such circumstances may include, but is not limited to, a particular bidder's prior involvement in a matter, or where particular expertise is required for the matter in question.

The contract period shall be from date of commencement for a period not exceeding 36 months.

Unless otherwise stated in the tender conditions, a contract will be concluded with the tenderer who scores the highest number of tender adjudication points.

### 2.1.5.2 Award Methodology: Rotation amongst successful Panel Members

Work will be allocated on a rotation basis to the tenderers on the panel, which rotation will follow the order of ranking of the bidders, as per points achieved for price and preference. The City will approach the service provider on the panel in the order of their ranking and based on who is next in line on the panel to accept the instruction.

The service provider will have a period of 48 hours from the time that the instruction (Terms of Reference) was sent to accept or decline the assignment. Should the panel member not respond to the assignment instruction within the aforementioned period, the City will approach the next ranked panel member in accordance with the ranking in terms of the rotation system.

Tenderers to note that the period allowed for the acceptance of instructions is 48 hours from the time the instruction was sent.

Tenderers to note that, in respect of urgent matters, the City may need to reduce the response time of 48 hours to accept the instruction, as circumstances require such as safety of City officials and/or members of the public, ongoing criminal action, negative impact on society, and reputational risk to the City. The City therefore expressly reserves the right to reduce the response time in a particular matter, where the circumstances of the matter warrant such a reduction. The City will be entitled to approach another Tenderer should the service provider not respond to the instruction within such a shortened period.

On accepting an assignment, the tenderer will be required to provide a detailed project plan, within seven calendar days, including resources to be used on the assignment, and price to prove to the satisfaction of the City, that the tenderer has sufficient capacity, experience and expertise to conclude the assignment and that the assignment has been appropriately priced. The City reserves the right to revert to the next service provider on the panel if the aforementioned information does not meet the satisfaction of the City.

The City also expressly reserves the right to deviate from the rotation schedule and to approach any tenderer within the panel, regardless of that bidder's position on the rotation schedule, in circumstances where this is considered to be in the best interests of the City, subject to the approval of the contract owner. This may be the case where a panel member has previous knowledge of a particular matter or where specific expertise is required for a particular matter. Work will be allocated on a rotation basis to the tenderers on the panel, which rotation will follow the order of ranking of the bidders, as per points achieved for price and preference. The City will approach the tenderer on the panel in the order of their ranking and based on who is next in line on the panel to accept the instruction. In

such an instance, the City will require the Tenderer to prove, to the satisfaction of the City, that sufficient capacity exists for the Tenderer to accept the assignment. Failure to satisfy the City will entitle the City to approach the next Tenderer on the panel.

Tenderers to note that no work may commence prior to the Tenderer receiving a signed Memorandum of Agreement. Tenderers to note that appointments will be made on an “as and when” required basis. The appointment of a Tenderer to the panel should therefore not be regarded as a guarantee of work. Tenderers are to have no expectation of any work, or any minimum monetary amount of work allocation.

**Tenderers are to note that assignments will be allocated on an “as and when” required basis. The appointment of a Tenderer to the panel should therefore not be regarded as a guarantee of work. Tenderers are not to have any expectation of work, or any minimum of work allocations.**

The contract period shall be from date of commencement for a period not exceeding 36 months.

#### **2.1.5.2 Proposal procedure using the two stage-system**

A two-stage system will not be followed.

#### **2.1.5.3 Nomination of Standby**

Standby Bidder means a bidder, identified at the time of awarding a bid, that will be considered for award should the contract be terminated for any reason whatsoever. In the event that a contract is terminated during the execution thereof, the CCT may consider the award of the contract, or non-award, to the standby bidder in terms of the procedures included its Policy (not applicable).

Note: This clause does not preclude the negotiation of the final terms of the contract with a preferred tenderer following a competitive selection process, should the CCT elect to do so.

The samples provided by all successful bidders will be retained by the CCT for the duration of any subsequent contract. Bidders are to note that samples are requested for testing purposes therefore samples submitted to the CCT may not in all instances be returned in the same state of supply and in other instances may not be returned at all. Unsuccessful bidders will be advised by the Project Manager or dedicated CCT Official to collect their samples, save in the aforementioned instances where the samples would not be returned.

The proof of tax compliance submitted by the bidder must be verified by the City via CSD or e-Filing. Only foreign suppliers who have answered "NO" to all the questions contained in the Questionnaire to Bidding Foreign Suppliers section on the **Details of Tenderer** pages of the tender submission, are not required to register for a tax compliance status with SARS.

## 2.3 The CCT's undertakings

### 2.3.1 Respond to requests from the tenderer

**2.3.1.1** Unless otherwise stated in the Tender Conditions, respond to a request for clarification received up to one week (where possible) before the tender closing time stated on the front page of the tender document.

**2.3.1.2** The CCT's representative for the purpose of this tender is stated on the General Tender Information page.

### 2.3.2 Issue Notices

If necessary, issue addenda in writing that may amend or amplify the tender documents to each tenderer during the period from the date the tender documents are available until one week before the tender closing time stated in the Tender Data. The Employer reserves its rights to issue addenda less than one week before the tender closing time in exceptional circumstances. If, as a result a tenderer applies for an extension to the closing time stated on the front page of the tender document, the CCT may grant such extension and, shall then notify all tenderers who drew documents.

Notwithstanding any requests for confirmation of receipt of notices issued, the tenderer shall be deemed to have received such notices if the CCT can show proof of transmission thereof via electronic mail, facsimile or registered post.

### 2.3.3 Opening of tender submissions

**2.3.3.1** Unless the two-envelope system is to be followed, open tender submissions in the presence of tenderers' agents who choose to attend at the time and place stated in the tender conditions.

Tenders will be opened immediately after the closing time for receipt of tenders as stated on the front page of the tender document, or as stated in any Notice extending the closing date and at the closing venue as stated in the General Tender Information.

**2.3.3.2** Announce at the meeting held immediately after the opening of tender submissions, at the closing venue as stated in the General Tender Information, the name of each tenderer whose tender offer is opened and, where possible, the prices indicated.

**2.3.3.3** Make available a record of the details announced at the tender opening meeting on the CCT's website (<http://www.capetown.gov.za/en/SupplyChainManagement/Pages/default.aspx.>)

### 2.3.4 Two-envelope system

**2.3.4.1** Where stated in the tender conditions that a two-envelope system is to be followed, open only the technical proposal of tenders in the presence of tenderers' agents who choose to attend at the time and place stated in the tender conditions and announce the name of each tenderer whose technical proposal is opened.

**2.3.4.2** Evaluate the quality of the technical proposals offered by tenderers, then advise tenderers who have submitted responsive technical proposals of the time and place when the financial proposals will be opened. Open only the financial proposals of tenderers, who have submitted responsive technical proposals in accordance with the requirements as stated in the tender conditions, and announce the total price and any preferences claimed. Return unopened financial proposals to tenderers whose technical proposals were non responsive.

### 2.3.5 Non-disclosure

Not disclose to tenderers, or to any other person not officially concerned with such processes, information relating to the evaluation and comparison of tender offers and recommendations for the award of a contract, until after the award of the contract to the successful tenderer.

### **2.3.6 Grounds for rejection and disqualification**

Determine whether there has been any effort by a tenderer to influence the processing of tender offers and instantly disqualify a tenderer (and his tender offer) if it is established that he engaged in corrupt or fraudulent practices.

### **2.3.7 Test for responsiveness**

**2.3.7.1** Appoint a Bid Evaluation Committee and determine after opening whether each tender offer properly received:

- a) complies with the requirements of these Conditions of Tender,
- b) has been properly and fully completed and signed, and
- c) is responsive to the other requirements of the tender documents.

**2.3.7.2** A responsive tender is one that conforms to all the terms, conditions, and specifications of the tender documents without material deviation or qualification. A material deviation or qualification is one which, in the CCT's opinion, would:

- a) detrimentally affect the scope, quality, or performance of the goods, services or supply identified in the Specifications,
- b) significantly change the CCT's or the tenderer's risks and responsibilities under the contract, or
- c) affect the competitive position of other tenderers presenting responsive tenders, if it were to be rectified.

Reject a non-responsive tender offer, and not allow it to be subsequently made responsive by correction or withdrawal of any material deviation or qualification.

The CCT reserves the right to accept a tender offer which does not, in the CCT's opinion, materially and/or substantially deviate from the terms, conditions, and specifications of the tender documents.

### **2.3.8 Arithmetical errors, omissions and discrepancies**

**2.3.8.1** Check the responsive tenders for:

- a) the gross misplacement of the decimal point in any unit rate;
- b) omissions made in completing the Price Schedule; or
- c) arithmetic errors in:
  - i) line item totals resulting from the product of a unit rate and a quantity in the Price Schedule; or
  - ii) the summation of the prices; or
  - iii) calculation of individual rates.

**2.3.8.2** The CCT must correct the arithmetical errors in the following manner:

- a) Where there is a discrepancy between the amounts in words and amounts in figures, the amount in words shall govern.
- b) If pricing schedules apply and there is an error in the line item total resulting from the product of the unit rate and the quantity, the line item total shall govern and the rate shall be corrected. Where there is an obviously gross misplacement of the decimal point in the unit rate, the line item total as tendered shall govern, and the unit rate shall be corrected.
- c) Where there is an error in the total of the prices either as a result of other corrections required by this checking process or in the tenderer's addition of prices, the total of the prices shall govern and the tenderer will be asked to revise selected item prices (and their rates if Price Schedules apply) to achieve the tendered total of the prices.

Consider the rejection of a tender offer if the tenderer does not correct or accept the correction of the arithmetical error in the manner described above.

**2.3.8.3** In the event of tendered rates or lump sums being declared by the CCT to be unacceptable to it because they are not priced, either excessively low or high, or not in proper balance with other rates or lump sums, the tenderer may be required to produce evidence and advance arguments in support of the tendered rates or lump sums objected to. If, after submission of such evidence and any further evidence requested, the CCT is still not satisfied with the tendered rates or lump sums objected to, it may request the tenderer to amend these rates and lump sums along the lines indicated by it.

The tenderer will then have the option to alter and/or amend the rates and lump sums objected to and such other related amounts as are agreed on by the CCT, but this shall be done without altering the tender offer in accordance with this clause.

Should the tenderer fail to amend his tender in a manner acceptable to and within the time stated by the CCT, the CCT may declare the tender as non-responsive.

### **2.3.9 Clarification of a tender offer**

The CCT may, after the closing date, request additional information or clarification from tenderers, in writing on any matter affecting the evaluation of the tender offer or that could give rise to ambiguity in a contract arising from the tender offer, which written request and related response shall not change or affect their competitive position or the substance of their offer. Such request may only be made in writing by the Director: Supply Chain Management using any means as appropriate.

### **2.3.10 Evaluation of tender offers**

#### **2.3.10.1 General**

**2.3.10.1.1** Reduce each responsive tender offer to a comparative price and evaluate them using the tender evaluation methods and associated evaluation criteria and weightings that are specified in the tender conditions.

**2.3.10.1.2** For evaluation purposes only, the effects of the relevant contract price adjustment methods will be considered in the determination of comparative prices as follows:

- a. If the selected method is based on bidders supplying rates or percentages for outer years, comparative prices would be determined over the entire contract period based on such rates or percentages.
- b. If the selected method is based on a formula, indices, coefficients, etc. that is the same for all bidders during the contract period, comparative prices would be the prices as tendered for year one.
- c. If the selected method is based on a formula, indices, coefficients, etc. that varies between bidders, comparative prices would be determined over the entire contract period based on published indices relevant during the 12 months prior to the closing date of tenders.
- d. If the selected method includes an imported content requiring rate of exchange variation, comparative prices would be determined based on the exchange rates tendered for the prices as tendered for year one. The rand equivalent of the applicable currency 14 days prior to the closing date of tender will be used (the CCT will check all quoted rates against those supplied by its own bank).
- e. If the selected method is based on suppliers' price lists, comparative prices would be the prices as tendered for year one.
- f. If the selected method is based on suppliers' price lists and / or rate of exchange, comparative prices would be determined as tendered for year one whilst taking into account the tendered percentage subject to rate of exchange (see sub clause (d) for details on the calculation of the rate of exchange).

**2.3.10.1.3** Where the scoring of functionality forms part of a bid process, each member of the Bid Evaluation Committee must individually score functionality. The individual scores must then be interrogated and calibrated if required where there are significant discrepancies. The individual scores must then be added together and averaged to determine the final score.

#### **2.3.10.2 Decimal places**

Score financial offers, preferences and functionality, as relevant, to two decimal places.

#### **2.3.10.3 Scoring of tenders (price and preference)**

**2.3.10.3.1** Points for price will be allocated in accordance with the formula set out in this clause based on the price per item / rates as set out in the **Price Schedule (Part 5)**:

**2.3.10.3.2** Points for preference will be allocated in accordance with the provisions of **Preference Schedule** and the table in this clause.

**2.3.10.3.3** The terms and conditions of **Preference Schedule** as it relates to preference shall apply in all respects to the tender evaluation process and any subsequent contract.

#### 2.3.10.3.4 Applicable formula:

#### **The 80/20 preference point system will apply to this tender and the lowest acceptable tender will be used to determine the applicable preferences**

The 80/20 price/preference points system will be applied to the evaluation of responsive tenders up to and including a Rand value of R50'000'000 (all applicable taxes included), whereby the order(s) will be placed with the tenderer(s) scoring the highest total number of adjudication points.

Price shall be scored as follows:

$$Ps = 80 \times \frac{(1 - (Pt - Pmin))}{Pmin}$$

Where: Ps is the number of points scored for price;  
 Pt is the price of the tender under consideration;  
 Pmin is the price of the lowest responsive tender.

Preference points shall be based on the Specific Goal as per below:

Table B1: Awards above R200 000 and up to R50 mil (VAT Inclusive)

### **2.3.10.5 Risk Analysis**

Notwithstanding compliance with regard to any requirements of the tender, the CCT will perform a risk analysis in respect of the following:

- a) reasonableness of the financial offer
- b) reasonableness of unit rates and prices
- c) the tenderer's ability to fulfil its obligations in terms of the tender document, that is, that the tenderer can demonstrate that he/she possesses the necessary professional and technical qualifications, professional and technical competence, financial resources, equipment and other physical facilities, managerial capability, reliability, capacity, experience, reputation, personnel to perform the contract, etc.; the CCT reserves the right to consider a tenderer's existing contracts with the CCT in this regard
- d) any other matter relating to the submitted bid, the tendering entity, matters of compliance, verification of submitted information and documents, etc.

The conclusions drawn from this risk analysis will be used by the CCT in determining the acceptability of the tender offer.

No tenderer will be recommended for an award unless the tenderer has demonstrated to the satisfaction of the CCT that he/she has the resources and skills required.

### **2.3.11 Negotiations with preferred tenderers**

The CCT may negotiate the final terms of a contract with tenderers identified through a competitive tendering process as preferred tenderers provided that such negotiation:

- a) does not allow any preferred tenderer a second or unfair opportunity;
- b) is not to the detriment of any other tenderer; and
- c) does not lead to a higher price than the tender as submitted.

If negotiations fail to result in acceptable contract terms, the City Manager (or his delegated authority) may terminate the negotiations and cancel the tender, or invite the next ranked tenderer for negotiations. The original preferred tenderer should be informed of the reasons for termination of the negotiations. If the decision is to invite the next highest ranked tenderer for negotiations, the failed earlier negotiations may not be reopened by the CCT.

Minutes of any such negotiations shall be kept for record purposes.

The provisions of this clause will be equally applicable to any invitation to negotiate with any other tenderers.

In terms of the City's SCM Policy, tenders must be cancelled in the event that negotiations fail to achieve a market related price with any of the three highest scoring tenderers.

### **2.3.12 Acceptance of tender offer**

Notwithstanding any other provisions contained in the tender document, the CCT reserves the right to:

**2.3.12.1** Accept a tender offer(s) which does not, in the CCT's opinion, materially and/or substantially deviate from the terms, conditions, and specifications of the tender document.

**Pricing Instructions:**

- 5.1 State the rates and prices in Rand unless instructed otherwise in the tender conditions.
- 5.2 Include in the rates, prices, and the tendered total of the prices (if any) all duties, taxes (except Value Added Tax (VAT), and other levies payable by the successful tenderer, such duties, taxes and levies being those applicable 14 days before the closing time stated in the General Tender Information).
- 5.3 All prices tendered must include all expenses, disbursements and costs (e.g. transport, accommodation etc.) that may be required for the execution of the tenderer's obligations in terms of the Contract, and shall cover the cost of all general risks, liabilities and obligations set forth or implied in the Contract as well as overhead charges and profit (in the event that the tender is successful). All prices tendered will be final and binding.

- 5.5 Where a value is given in the Quantity column, a Rate and Price (the product of the Quantity and Rate) is required to be inserted in the relevant columns.
- 5.6 The successful tenderer is required to perform all tasks listed against each item. The tenderer must therefore tender prices/rates on all items as per the section in the Price Schedule. **An item against which no rate is/are entered, or if anything other than a rate or a nil rate (for example, a zero, a dash or the word "included" or abbreviations thereof) is entered against an item, it will also be regarded as a nil rate having been entered against that item, i.e. that there is no charge for that item. The Tenderer may be requested to clarify nil rates, or items regarded as having nil rates; and the Employer may also perform a risk analysis with regard to the reasonableness of such rates.**
- 5.7 Provide fixed rates and prices for the duration of the contract that are not subject to adjustment except as otherwise provided for in clause 17 of the Conditions of Contract and as amplified in the Special Conditions of Contract.

**Note:**

**The City of Cape Town is required to implement measures to contain operational costs and must further aim to eliminate all non-essential expenditure. All entities included in the final panel of service providers are therefore informed that inclusion in such panel does not guarantee a minimum value or quantum of work and work will only be put out to tender after careful consideration and approval to do so has been obtained from the City Manager.**

**5.8 Specialised appointments**

Based on the requirements and Terms of Reference of an individual assignment, the services of commercial forensic consultants might be required in addition to those of commercial forensic attorneys and could include forensic accountants, forensic investigators and IT specialists.

The City will require from time to time that specialists in their respective professional fields be incorporated into an investigation team led by commercial forensic consultants. This would entail the appointments of professionals who are not commercial forensic consultants and could include, *inter alia*, information technology experts, engineers, town planners, architects and quantity surveyors. Where it is required of the service provider to contract in the assistance of specialists in a particular field the City will require the tenderer to stipulate their percentage mark-up fee for these specialised appointments. Where specialists are available internally the hourly rates of such specialists are to be added to the price schedule above.

**Price Schedule**

When submitting a proposal for an individual assignment, the tenderer will be required to set out the calculation upon which the final prices is based, in a format similar to that set out below.

Litigation costs will not be included in the final price. The tenderer will however be required to indicate that the hourly litigation rates charged in litigation related to the individual assignment, will be in accordance with the agreed fee structure applied by the City's Legal Services Department, when appointing legal service providers.

**Note:**

**In addition to the schedule set out above, the tenderer for an individual assignment must set out the respective skills and levels of the resources to be deployed on the assignment, the hours allocated in respect of each resource and the rate charged per hour. This is to ensure that, in arriving at the total price for the assignment, the hourly rates charged for commercial forensic attorneys and other commercial forensic professionals including accounting, auditing and/or other professionals, are in accordance with fee structure published by the Auditor-General for the relevant period.**

**As stated above, hourly rates for the professionals not provided for above, must be charged in accordance with the relevant professional bodies' approved fee structures. The percentage mark-up charged by the service provider must be stipulated.**

- 8.1 All pre-bidding testing will be for the account of the bidder.
- 8.2 If it is a bid condition that supplies to be produced or services to be rendered should at any stage during production or execution or on completion be subject to inspection, the premises of the bidder or contractor shall be open, at all reasonable hours, for inspection by a representative of the Department or an organisation acting on behalf of the Department.
- 8.3 If there are no inspection requirements indicated in the bidding documents and no mention of such is made in the contract, but during the contract period it is decided that inspections shall be carried out, the purchaser shall itself make the necessary arrangements, including payment arrangements with the testing authority concerned.
- 8.4 If the inspections, tests and analyses referred to in clauses 8.2 and 8.3 show the supplies to be in accordance with the contract requirements, the cost of the inspections, tests and analyses shall be defrayed by the purchaser.
- 8.5 Where the supplies or services referred to in clauses 8.2 and 8.3 do not comply with the contract requirements, irrespective of whether such supplies or services are accepted or not, the cost in connection with these inspections, tests or analyses shall be defrayed by the supplier.
- 8.6 Supplies and services which are referred to in clauses 8.2 and 8.3 and which do not comply with the contract requirements may be rejected.
- 8.7 Any contract supplies may on or after delivery be inspected, tested or analysed and may be rejected if found not to comply with the requirements of the contract. Such rejected supplies shall be held at the cost and risk of the supplier, who shall, when called upon, remove them immediately at his own cost and forthwith substitute them with supplies which do comply with the requirements of the contract. Failing such removal, the rejected supplies shall be returned at the suppliers cost and risk. Should the supplier fail to provide the substitute supplies forthwith, the purchaser may, without giving the supplier further opportunity to substitute the rejected supplies, purchase such supplies as may be necessary at the expense of the supplier.
- 8.8 The provisions of clauses 8.4 to 8.7 shall not prejudice the right of the purchaser to cancel the contract on account of a breach of the conditions thereof, or to act in terms of Clause 23 of the GCC.

## **9. Packing**

- 9.1 The supplier shall provide such packing of the goods as is required to prevent their damage or deterioration during transit to their final destination, as indicated in the contract. The packing shall be sufficient to withstand, without limitation, rough handling during transit and exposure to extreme temperatures, salt and precipitation during transit, and open storage. Packing, case size and weights shall take into consideration, where appropriate, the remoteness of the goods' final destination and the absence of heavy handling facilities at all points in transit.
- 9.2 The packing, marking, and documentation within and outside the packages shall comply strictly with such special requirements as shall be expressly provided for in the contract, including additional requirements, if any, specified in the SCC, and in any subsequent instructions ordered by the purchaser.

## **10. Delivery and documents**

10.1 Delivery of the goods shall be made by the supplier in accordance with the terms specified in the contract. The details of shipping and/or other documents to be furnished by the supplier are specified in the SCC.

10.2 Documents to be submitted by the supplier are specified in the SCC.

## **11. Insurance**

11.1 The goods supplied under the contract shall be fully insured, in a freely convertible currency, against loss or damage incidental to manufacture or acquisition, transportation, storage and delivery in the manner specified in the SCC.

## **12. Transportation**

12.1 Should a price other than an all-inclusive delivered price be required, this shall be specified in the SCC.

## **13. Incidental Services**

13.1 The supplier may be required to provide any or all of the following services, including additional services (if any) specified in the SCC:

- (a) performance or supervision of on-site assembly, and/or commissioning of the supplied goods;
- (b) furnishing of tools required for the assembly and/or maintenance of the supplied goods;
- (c) furnishing of a detailed operations and maintenance manual for each appropriate unit of the supplied goods;
- (d) performance or supervision or maintenance and/or repair of the supplied goods, for a period of time agreed by the parties, provided that this service shall not relieve the supplier of any warranty obligations under this contract; and
- (e) training of the purchaser's personnel, at the supplier's plant and/or on-site, in assembly, start-up, operation, maintenance, and/or repair of the supplied goods.

13.2 Prices charged by the supplier for incidental services, if not included in the contract price for the goods, shall be agreed upon in advance by the parties and shall not exceed the prevailing rates charged to other parties by the supplier for similar services.

## **14. Spare parts**

14.1 As specified in the SCC, the supplier may be required to provide any or all of the following materials, notifications, and information pertaining to spare parts manufactured or distributed by the supplier:

- (a) such spare parts as the purchaser may elect to purchase from the supplier, provided that this election shall not relieve the supplier of any warranty obligations under the contract; and
- (b) in the event of termination of production of the spare parts:
  - (i) Advance notification to the purchaser of the pending termination, in sufficient time to permit the purchaser to procure needed requirements; and
  - (ii) following such termination, furnishing at no cost to the purchaser, the blueprints, drawings, and specifications of the spare parts, if requested.

## **15. Warranty**

15.1 The supplier warrants that the goods supplied under the contract are new, unused, of the most recent or current models, and that they incorporate all recent improvements in design and materials unless provided otherwise in the contract. The supplier further warrants that all goods supplied under this contract shall have no defect arising from design, materials, or workmanship (except when the design and/or material is required by the purchaser's specifications), or from any act or omission of the supplier, that may develop under normal use of the supplied goods in the conditions prevailing in the country of final destination.

15.2 This warranty shall remain valid for 12 (twelve) months after the goods, or any portion thereof, as the case may be, have been delivered to and accepted at the final destination indicated in the contract, or for 18 (eighteen) months after the date of shipment from the port or place of loading in the source country, whichever period concludes earlier, unless specified otherwise in the SCC.

15.3 The purchaser shall notify the supplier promptly, in writing, of any claims arising under this warranty.

15.4 Upon receipt of such notice, the supplier shall, within the period specified in the SCC and with all reasonable speed, repair or replace the defective goods or parts thereof, without costs to the purchaser.

15.5 If the supplier, having been notified, fails to remedy the defect(s) within the period specified in the SCC, the purchaser may proceed to take such remedial action as may be necessary, at the supplier's risk and expense and without prejudice to any other rights which the purchaser may have against the supplier under the contract.

## **16. Payment**

16.1 The method and conditions of payment to be made to the supplier under this contract shall be specified in the SCC.

16.2 The supplier shall furnish the purchaser with an invoice accompanied by a copy of the delivery note and upon fulfilment of any other obligations stipulated in the contract.

16.3 Payments shall be made promptly by the purchaser, but in no case later than 30 (thirty) days after submission of an invoice or claim by the supplier.

16.4 Payment will be made in Rand unless otherwise stipulated in the SCC.

## **17. Prices**

17.1 Prices charged by the supplier for goods delivered and services performed under the contract shall not vary from the prices tendered by the supplier in his bid, with the exception of any price adjustments authorized in the SCC or in the purchaser's request for bid validity extension, as the case may be.

## **18. Contract Amendments**

18.1 No variation in or modification of the terms of the contract shall be made except by written amendment signed by the parties concerned.

## **19. Assignment**

19.1 The supplier shall not assign, in whole or in part, its obligations to perform under the contract, except with the purchaser's prior written consent.

## **20. Subcontracts**

20.1 The supplier shall notify the purchaser in writing of all subcontracts awarded under this contract if not already specified in the bid. Such notification, in the original bid or later, shall not relieve the supplier from any liability or obligation under the contract.

## **21. Delays in the supplier's performance**

21.1 Delivery of the goods and performance of services shall be made by the supplier in accordance with the time schedule prescribed by the purchaser in the contract.

21.2 If at any time during the performance of the contract, the supplier or its subcontractor(s) should encounter conditions impeding timely delivery of the goods and performance of services, the supplier shall promptly notify the purchaser in writing of the fact of the delay, its likely duration and its cause(s). As soon as practicable after receipt of the supplier's notice, the purchaser shall evaluate the situation and may at his or her discretion extend the supplier's time for performance, with or without the imposition of penalties, in which case the extension shall be ratified by the parties by amendment of contract.

21.3 No provision in a contract shall be deemed to prohibit the obtaining of supplies or services from a national department, provincial department, or a local authority.

21.4 The right is reserved to procure, outside of the contract, small quantities of supplies; or to have minor essential services executed if an emergency arises, or the supplier's point of supply is not situated at or near the place where the supplies are required, or the supplier's services are not readily available.

21.5 Except as provided under GCC Clause 25, a delay by the supplier in the performance of its delivery obligations shall render the supplier liable to the imposition of penalties, pursuant to GCC Clause 22, unless an extension of time is agreed upon pursuant to GCC Clause 21.2 without the application of penalties.

21.6 Upon any delay beyond the delivery period in the case of a supplies contract, the purchaser shall, without cancelling the contract, be entitled to purchase supplies of a similar quality and up to the same quantity in substitution of the goods not supplied in conformity with the contract and to return any goods delivered later at the supplier's expense and risk, or to cancel the contract and buy such goods as may be required to complete the contract and, without prejudice to his other rights, be entitled to claim damages from the supplier.

## **22. Penalties**

22.1 Subject to GCC Clause 25, if the supplier fails to deliver any or all of the goods or to perform the services within the period(s) specified in the contract, the purchaser shall, without prejudice to its other remedies under the contract, deduct from the contract price, as a penalty, a sum calculated on the delivered price of the delayed goods or unperformed services, using the current prime interest rate, calculated for each day of the delay until actual delivery or performance. The purchaser may also consider termination of the contract pursuant to GCC Clause 23.

## **23. Termination for default**

23.1 The purchaser, without prejudice to any other remedy for breach of contract, by written notice of default sent to the supplier, may terminate this contract in whole or in part:

- (a) if the supplier fails to deliver any or all of the goods within the period(s) specified in the contract, or within any extension thereof granted by the purchaser pursuant to GCC Clause 21.2;
- (b) if the supplier fails to perform any other obligation(s) under the contract; or
- (c) if the supplier, in the judgment of the purchaser, has engaged in corrupt or fraudulent practices in competing for or in executing the contract.

23.2 In the event the purchaser terminates the contract in whole or in part, the purchaser may procure, upon such terms and in such manner as it deems appropriate, goods, works or services similar to those undelivered, and the supplier shall be liable to the purchaser for any excess costs for such similar goods, works or services. However, the supplier shall continue performance of the contract to the extent not terminated.

23.3 Where the purchaser terminates the contract in whole or in part, the purchaser may decide to impose a restriction penalty on the supplier by prohibiting such supplier from doing business with the public sector for a period not exceeding 10 years.

23.4 If a purchaser intends imposing a restriction on a supplier or any person associated with the supplier, the supplier will be allowed a time period of not more than 14 (fourteen) days to provide reasons why the envisaged restriction should not be imposed. Should the supplier fail to respond within the stipulated 14 (fourteen) days the purchaser may regard the intended penalty as not objected against and may impose it on the supplier.

23.5 Any restriction imposed on any person by the Accounting Officer/Authority will, at the discretion of the Accounting Officer/Authority, also be applicable to any other enterprise or any partner, manager, director or other person who wholly or partly exercises or exercised or may exercise control over the enterprise of the first-mentioned person, and with which enterprise or person the first-mentioned person is or was, in the opinion of the Accounting Officer/Authority, actively associated.

23.6 If a restriction is imposed, the purchaser must, within 5 (five) working days of such imposition, furnish the National Treasury with the following information:

- (i) the name and address of the supplier and/or person restricted by the purchaser;
- (ii) the date of commencement of the restriction;
- (iii) the period of restriction; and
- (iv) the reasons for the restriction.

These details will be loaded in the National Treasury's central database of suppliers or persons prohibited from doing business with the public sector.

23.7 If a court of law convicts a person of an offence as contemplated in sections 12 or 13 of the Prevention and Combating of Corrupt Activities Act, Act 12 of 2004, the court may also rule that such person's name be

endorsed on the Register for Tender Defaulters. When a person's name has been endorsed on the Register, the person will be prohibited from doing business with the public sector for a period of not less than five years and not more than 10 years. The National Treasury is empowered to determine the period of restriction, and each case will be dealt with on its own merits. According to section 32 of the Act the Register must be open to the public. The Register can be perused on the National Treasury website.

#### **24. Anti-dumping and countervailing duties and rights**

24.1 When, after the date of bid, provisional payments are required, or anti-dumping or countervailing duties are imposed, or the amount of a provisional payment or anti-dumping or countervailing right is increased in respect of any dumped or subsidised import, the State is not liable for any amount so required or imposed, or for the amount of any such increase. When, after the said date, such a provisional payment is no longer required or any such anti-dumping or countervailing right is abolished, or where the amount of such provisional payment or any such right is reduced, any such favourable difference shall, on demand, be paid forthwith by the contractor to the State, or the State may deduct such amounts from moneys (if any) which may otherwise be due to the contractor in regard to supplies or services which he or she delivered or rendered, or is to deliver or render in terms of the contract or any other contract or any other amount which may be due to him or her.

#### **25. Force majeure**

25.1 Notwithstanding the provisions of GCC Clauses 22 and 23, the supplier shall not be liable for forfeiture of its performance security, damages, or termination for default if, and to the extent that, his delay in performance or other failure to perform his obligations under the contract is the result of an event of force majeure.

25.2 If a force majeure situation arises, the supplier shall notify the purchaser promptly, in writing, of such condition and the cause thereof. Unless otherwise directed by the purchaser in writing, the supplier shall continue to perform its obligations under the contract as far as is reasonably practical, and shall seek all reasonable alternative means for performance not prevented by the force majeure event.

#### **26. Termination for insolvency**

26.1 The purchaser may at any time terminate the contract by giving written notice to the supplier if the supplier becomes bankrupt or otherwise insolvent. In this event, termination will be without compensation to the supplier, provided that such termination will not prejudice or affect any right of action or remedy which has accrued or will accrue thereafter to the purchaser.

#### **27. Settlement of Disputes**

27.1 If any dispute or difference of any kind whatsoever arises between the purchaser and the supplier in connection with or arising out of the contract, the parties shall make every effort to resolve such dispute or difference amicably, by mutual consultation.

27.2 If, after 30 (thirty) days, the parties have failed to resolve their dispute or difference by such mutual consultation, then either the purchaser or the supplier may give notice to the other party of his intention to commence with mediation. No mediation in respect of this matter may be commenced unless such notice is given to the other party.

27.3 Should it not be possible to settle a dispute by means of mediation, it may be settled in a South African court of law.

27.4 Mediation proceedings shall be conducted in accordance with the rules of procedure specified in the SCC.

27.5 Notwithstanding any reference to mediation and/or court proceedings herein,

- (a) the parties shall continue to perform their respective obligations under the contract unless they otherwise agree; and
- (b) the purchaser shall pay the supplier any monies due to the supplier.

#### **28. Limitation of Liability**

28.1 Except in cases of criminal negligence or wilful misconduct, and in the case of infringement pursuant to Clause 6:

- (a) the supplier shall not be liable to the purchaser, whether in contract, tort, or otherwise, for any indirect or consequential loss or damage, loss of use, loss of production, or loss of profits or interest costs, provided that this exclusion shall not apply to any obligation of the supplier to pay penalties and/or damages to the purchaser; and
- (b) the aggregate liability of the supplier to the purchaser, whether under the contract, in tort or otherwise, shall not exceed the total contract price, provided that this limitation shall not apply to the cost of repairing or replacing defective equipment.

31.2 The time mentioned in the contract documents for performing any act after such aforesaid notice has been given, shall be reckoned from the date of posting of such notice.

## **32. Taxes and Duties**

32.1 A foreign supplier shall be entirely responsible for all taxes, stamp duties, licence fees, and other such levies imposed outside the purchaser's country.

32.2 A local supplier shall be entirely responsible for all taxes, duties, licence fees, etc., incurred until delivery of the contracted goods to the purchaser.

## **(13) SPECIFICATION(S)**

### **13.1 Introduction**

The Forensic Services Department in the City of Cape Town (City), under authorisation by the City Manager, conducts forensic investigations with regard to alleged fraud, corruption or other related criminal activity, maladministration and/or negligence on the part of any employee, any municipal entity, agent, contractor, supplier or service provider to the City. Such investigations are usually conducted by staff of the City's Forensic Services Department. The City may, however, from time to time require the services of Commercial Forensic Consultants/Practitioners to conduct or assist with the conducting of a forensic investigation or other forensic related services on behalf of the City. Such assistance may be in the form of an outsourced investigation or in terms of a co-sourced agreement in which the appointed service provider will be required to work in conjunction with representatives of the Forensic Services Department.

### **13.2 Purpose of this tender**

The City intends to establish a panel of service providers to provide commercial forensic investigation services and other forensic-related services for the Forensic Services Department. Such services will be in respect of individual assignments as and when required, for which specific terms of reference will be drafted.

To qualify as a member of the panel, the service provider must demonstrate that they are staffed with suitably qualified, equipped and experienced staff to conduct individual assignments for the Forensic Services Department.

It is proposed that a panel of service providers will be appointed to form the panel, the members of which will be eligible to provide commercial forensic investigation services to the Forensic Services Department, in respect of individual assignments for which terms of reference will be drafted, as and when required.

Once appointed, and subject to operational requirements, service providers will be invited to render the services on a rotational basis. The intent of the rotation mechanism is so that, as far as practically possible and subject to operational requirements, each successful bidder receives an opportunity to render services to the City during the term of the contract. Further, it is essential that instructions are allocated to tenderers who have the required capacity to successfully and effectively deliver the optimal service to the City.

The rotation mechanism will endeavour to not overburden a single bidder and that capacity constraints are less likely to arise. The City reserves the right to deviate from the rotation schedule and to approach any service provider on the panel, regardless of that service provider's position on the rotation schedule, in circumstances where it would be in the best interest of the City to do so. Such circumstances may include, but is not limited to, a particular bidder's prior involvement in a matter, or where particular expertise is required for the matter in question.

The contract period shall be from date of commencement for a period not exceeding 36 months.

Work will be allocated on a rotation basis to the tenderers on the panel, which rotation will follow the order of ranking of the bidders, as per points achieved for price and preference. The City will approach the service provider on the panel in the order of their ranking and based on who is next in line on the panel to accept the instruction.

The service provider will have a period of 48 hours from the time that the instruction (Terms of Reference) was sent to accept or decline the assignment. Should the panel member not respond to the assignment instruction within the aforementioned period, the City will approach the next ranked panel member in accordance with the ranking in terms of the rotation system.

Tenderers to note that the period allowed for the acceptance of instructions is 48 hours from the time the instruction was sent.

Tenderers to note that, in respect of urgent matters, the City may need to reduce the response time of 48 hours to accept the instruction, as circumstances require such as safety of City Officials and/or members of the public, ongoing criminal action, negative impact on society, reputational risk to the City. The City therefore expressly reserves the right to reduce the response time in a particular matter, where the circumstances of the matter warrant such a reduction. The City will be entitled to approach another Tenderer should the service provider not respond to the instruction within such a shortened period.

On accepting an assignment, the tenderer will be required to provide a detailed project plan, within seven calendar days, including resources to be used on the assignment, and price to prove to the satisfaction of the City, that the Tenderer has sufficient capacity, experience and expertise to conclude the assignment and that the assignment has

been appropriately priced. The City reserves the right to revert to the next service provider on the panel if the aforementioned information does not meet the satisfaction of the City.

The Contract owner reserves the right to approach any tenderer on the panel for a specific instruction, where this is considered to be in the best interests of the City. This may be the case where a panel member has previous knowledge of a particular matter or where specific expertise is required for a particular matter.

Tenderers to note that no work may commence prior to the Tenderer receiving a signed Memorandum of Agreement. Tenderers to note that appointments will be made on an “as and when” required basis. The appointment of a Tenderer to the panel should therefore not be regarded as a guarantee of work. Tenderers are to have no expectation of any work, or any minimum monetary amount of work allocation.

**Tenderers are to note that assignments will be allocated on an “as and when” required basis. The appointment of a Tenderer to the panel should therefore not be regarded as a guarantee of work. Tenderers are not to have any expectation of work, or any minimum of work allocations.**

The contract period shall be from date of commencement for a period not exceeding 36 months.

### **13.3 Requirements**

The service provider is required to demonstrate that they are staffed with suitably qualified, equipped and experienced professionals to conduct individual assignments for the Forensic Services Department. These professionals must possess qualifications, skill sets and experience necessary to manage, lead and conduct forensic investigations and produce forensic reports. The skills and experience must extend to the management and leading of multi-disciplinary teams in conducting forensic investigations.

The commercial forensic practitioners who will be tasked with conducting individual assignments, must be listed in the proposal.

### **13.4 Qualifications and Skill sets – tenderer to complete Schedule 13**

The Commercial Forensic Practitioners’ environment comprises different professional streams, namely:

- Legal; (a minimum of an LLB degree or similar law degree);
- Investigation; (a minimum of a 3 year tertiary qualification (B-degree or similar) in forensic investigations);
- Accounting and Auditing; (a minimum of a 3 year tertiary qualification (B-degree) in accounting, or similar; and
- Forensic related Information Technology (a minimum of a related 3 year tertiary qualification in Information Technology).

**To be eligible for inclusion on the panel, the service provider should be staffed by professionals who comply with the aforementioned criteria and are skilled in the commercial forensic field, and/or are able to constitute a multi-disciplinary team who comply with the aforementioned criteria.**

Particulars of the qualifications of the professionals (all commercial forensic professionals) who will be conducting the work must be included in the tender proposal (*curricula vitae*), in which the full names and details of all professionals, their qualifications, memberships of professional bodies/associations must be detailed. The skill set (s) of all of the professionals must be included in the tender proposal.

### **13.5 Experience – tenderer to complete Schedule 13**

To be eligible for inclusion in the panel, the service provider and/or staff of the service provider must have previous experience in projects requiring commercial forensic expertise. This includes:

- 13.5.1 Managing commercial forensic investigations of various sizes and levels of complexity;
- 13.5.2 Conducting multi-disciplinary commercial forensic investigations involving teams of investigators with different professional qualifications, skills and experience;
- 13.5.3 Compiling commercial forensic reports containing *inter alia* findings and recommendations; and
- 13.5.5 Providing support during processes in fora including disciplinary hearings, criminal courts and civil courts.

Particulars of the above must be included in the tender proposal and *curricula vitae* of individual professionals and any other factors the service provider may deem relevant, including complexity and specific challenges encountered. The tender proposal must contain high-level descriptions (so as not to compromise confidentiality) of the assignments the service provider and/or members of the service provider have been involved in and the role/s

played therein. Reference must be made to the local government institution in which the assignment was conducted. Where possible, contactable references must be included.

### **13.6 Service providers**

Service providers must include in their tender proposal a full background of their firm/practice as well as the various services and tools that their firm/practice can provide to the City.

The service providers must confirm that they will inform the City of any amendments to the team presented in their tender submission providing a reason for such amendments. If the amendments to the team have the effect of the service provider no longer meeting the requirements set out above pertaining to qualifications, skill and experience, the Council reserves the right not to request further service from that service provider for the duration of the contract.

It must be noted that, should a service provider provide unsatisfactory service or continuously not be available when requested, the City will follow the legal route to terminate the contract.

### **13.7 Pricing**

Where the service provider is required to specify rates applicable to non-legal commercial forensic experts and/or professionals whose services will be used, such as engineers, architects or town planners, in a proposal submitted in respect of an individual assignment, the service provider will be required to stipulate the percentage mark-up on the hourly rate of the relevant experts/professionals. The hourly rate must also be specified and this should be in line with the AG's fee structure for investigations or, if the professional is not a commercial forensic professional, the fee structure applicable to the relevant professional or expert's field.

- 13.7.1 The service providers will be required to deliver on the individual assignment according to the agreed price. However, in the event that due to unforeseen circumstances an extension is required of the time specified in the proposal accepted by the City and therefore an increase in total price, the City will determine how such extension will be priced.
- 13.7.2 Where percentage mark-ups are relevant, the contractor will be required to submit two invoices, one to the City and one to the appointed service provider in order for the City to establish that the mark-up complies with the rates as stipulated in the contract and remains the same during the tenure of the contract.

### **13.8 TRADE NAMES OR PROPRIETARY PRODUCTS**
