1. Tender Price per unit must include standard service spares - safety pin, safety seal, valve assembly „O“ ring seal, hanging bracket replacement (if required), extinguisher head replacement (if required), sifting of powder, and weighing of content, Nitrogen gas recharge and travelling costs.
2. Contractor to provide pricing for servicing, testing, and recharging deemed necessary but not defined in the Scope of Work, in which case a detailed breakdown of the content must be provided as an addition to the Scope of Work
3. The quantities are estimations only to assist the Contractor with its pricing calculations.
4. Transnet Hazmat Fire & Emergency Services shall not be bound to these quantities as the below quantities serve as a guideline only and not a parameter therefore hence the Contractor shall not assume that task orders issued once contract is awarded will represent these quantities nor does the Transnet accept any responsibility for any misinterpretation when considering pricing options when tendering.
5. Transnet Hazmat Fire & Emergency Services shall further not accept any liability for any loss of income on behalf of the Contractor for misinterpretation because of variances in actual task order quantities. Task order quantities can either be less or more than the above estimated quantities.
6. Any quantity of fire extinguishers collected from Transnet premises will be at the discretion of Transnet Hazmat Fire & Emergency Services and not of the supplier/tenderer.
7. Tender Price must make provision for any escalation over the 3-year maintenance period if needed.

**THE NATIONAL INDUSTRIAL PARTICIPATION PROGRAMME****INTRODUCTION**

The National Industrial Participation Programme (NIPP), which is applicable to all government procurement contracts that have an imported content, became effective on the 1 September 1996. The NIP policy and guidelines were fully endorsed by Cabinet on 30 April 1997. In terms of the Cabinet decision, all state and parastatal purchases / lease contracts (for goods, works and services) entered into after this date, are subject to the NIPP requirements. NIPP is obligatory and therefore must be complied with. The Industrial Participation Secretariat (IPS) of the Department of Trade and Industry (DTI) is charged with the responsibility of administering the programme.

**1. PILLARS OF THE PROGRAMME**

- 1.1 The NIPP obligation is benchmarked on the imported content of the contract. Any contract having an imported content equal to or exceeding US\$5 million or other currency equivalent to US\$5 million will have a NIP obligation. This threshold of US\$5 million can be reached as follows:
- (a) Any single contract with imported content exceeding US\$5 million.
  - or
  - (b) Multiple contracts for the same goods, works or services each with imported content exceeding US\$3 million awarded to one seller over a 2 year period which in total exceeds US\$5 million.
  - or
  - (c) A contract with a renewable option clause, where should the option be exercised the total value of the imported content will exceed US\$5 million.
  - or
  - (d) Multiple suppliers of the same goods, works or services under the same contract, where the value of the imported content of each allocation is equal to or exceeds US\$ 3 million worth of goods, works or services to the same government institution, which in total over a two (2) year period exceeds US\$5 million.
- 1.2 The NIP obligation applicable to suppliers in respect of sub-paragraphs 1.1 (a) to 1.1 (c) above will amount to 30% of the imported content whilst suppliers in respect of paragraph 1.1 (d) shall incur 30% of the total NIPP obligation on a *pro-rata* basis.
- 1.3 To satisfy the NIPP obligation, the DTI would negotiate and conclude agreements such as investments, joint ventures, sub-contracting, licensee production, export promotion, sourcing arrangements and research and development (R&D) with partners or suppliers.
- 1.4 A period of seven years has been identified as the time frame within which to discharge the obligation.

## **2. REQUIREMENTS OF THE DEPARTMENT OF TRADE AND INDUSTRY**

- 2.1 In order to ensure effective implementation of the programme, successful bidders (contractors) are required to, immediately after the award of a contract that is in excess of **R10 million** (ten million Rands), submit details of such a contract to the DTI for reporting purposes.
- 2.2 The purpose for reporting details of contracts in excess of the amount of R10 million (ten million Rands) is to cater for multiple contracts for the same goods, works or services; renewable contracts and multiple suppliers for the same goods, works or services under the same contract as provided for in paragraphs 1.1.(b) to 1.1. (d) above.
