### **BACKGROUND OVERVIEW AND SCOPE REQUIREMENTS**

#### **1 INTRODUCTION AND BACKGROUND**

Passenger Rail Agency of South Africa ("PRASA") has identified the need to appoint a service provider for the provision of Bus Inspectorate services for a period of thirty-six (36) months.

City-to-City is the road-based section of the long-distance division within PRASA. The division is currently rendering two product options, the luxury brand Translux and the semi-luxury brand City-to-City. In an effort to diversify revenue streams, Once the fleet recapitalization had been completed only one service offering will be available to passengers being the City-to-City offering.

#### **2 PURPOSE**

The purpose of this submission is to seek approval for the appointment of a service provider to provide on route bus inspectorate services to protect revenue and minimise losses on the road based long distance City-to-City bus services. This project aims to ensure the security and integrity of our revenue and loss control streams and improve overall service delivery.

#### **3 BACKGROUND INFORMATION**

##### **3.1 STATUS QUO**

City-to-City does have its own internal inspection team doing on-route inspections on buses, ticket offices to protect the revenues of PRASA, to ensure compliance with policies and procedures and to minimise losses on route.

It is planned to operate a maximum number of 95 services during the peak. The number of services will be dependent on passenger demand and may increase or decrease during peak season and or low demand months. The number of drivers in employment are 161, with 21 tickets sales outlets. 50 ticket sales staff. The division also uses third parties to sell tickets. Tickets sold by drivers on route represent on average 10.57%, third parties 43.04% and own ticket offices 46.39%.

##### **3.2 PROBLEM STATEMENT**

The existing internal resources are insufficient to effectively manage and protect revenue on City-to-City bus services. This resulted in revenue losses due to fare evasion and non-compliance with

ticketing policies. There is a pressing need to enhance our revenue protection mechanisms to ensure financial sustainability.

## **4. OBJECTIVES OF THE PROPOSED PROJECT**
