2.	Thank you for Site Briefing Meeting on Friday, well informed... However, I have a query regarding Estimated Number people on site .. @ Mersey ... that will help so much in doing our feasibility study .. and also, it will help us on proposed staffing structure .. I understand very well on other sites Mkondeni & Pinetown that it will be on adhock basis. Without hesitation we will have to work with number of staff that we have onsite. I recall in 2018 when we bided we were given 120 numbers on site to work with...that helps up to plan accordingly with our proposed staff numbers. I will appreciate if you can give us estimated numbers at least as Eskom has been running this for a while surely there must be a number that we can work with that will help to staff according .. (To avoid Overstaffing / Understaffing). Secondly ... Do we use 12 Months Calendar 365 days ... School Calendar?? Monday to Friday??	The estimated number of people currently being hosted at Mersey per day is 85 people including Accommodation residents, Eskom employees and External Clients. – In the NEC KZN Catering Service contract document, clause 2. 1.2 Employer's requirements for the service reads as follows: The Provision of Breakfast, Lunch and Dinner for Accommodation Residents, Eskom employees and External Clients, as and when required on an ordered quantity via a task order, up to 7 days a week. Provision of mid-morning and mid-afternoon tea and snacks to Eskom employees and External Clients at the conference venues at Mersey Training Centre, as and when required on an ordered quantity via a task order, up to 5 days a week. Provision of afternoon sandwiches to Accommodation Residents, Eskom employees and External Clients, as and when required on an ordered quantity via a task order, up to 5 days a week.	22 May 2024
3.	Please advise the size of the yoghurt that was queried during the tender clarification?	100g (Choice of normal fat and Low fat) in individually sealed container	22 May 2024

5.	I would like to enquire about the Eskom requirements for a bidder to have a sub-company they are bidding with for the tender, part of the work will be done by the Sub-company, in terms of the documentation that must be submitted, is it acceptable if the Sub-company submits all the certificates that are required, is it also an issue if the sub-company doesn't appear on the compulsory briefing register?	Please note sub-contracting targets is not applicable for this Contract.	22 May 2024
