AWARD STRATEGY

Award strategy prior award

Tenderers will be evaluated for compliance and technical evaluation. Tenderers who fulfil all the requirements of the evaluation will be appointed into a panel.

Allocation strategy post award

All tenderers who fulfil the requirements outlined for compliance and technical evaluation will be appointed to the panel. When a work package has been identified, Supply Chain Management Unit will source quotations from the panellist. Depending on the value of the work package, the decision to allocate the said work package would either be made by the BAC, or the BAC would make a recommendation to the Accounting Officer for final approval.

Scores for preference will be determined from the valid BBEE certificate or affidavit. The 80/20-point scoring system will be applicable

Work Package will be recommended to the highest scoring panellist within the respective work package

Should the recommended highest scoring panellist fail to supply a sample of chemical disinfectants, which is compliant to technical specifications, or due to other reasons. The purchase order will be cancelled, and the next highest scoring panellist will be allocated the purchase order.

Johannesburg Water does not guarantee that every panellist will be allocated a work package.

CERTIFICATE OF INDEPENDENT BID DETERMINATION

- 1 This Municipal Bidding Document (MBD) must form part of all bids¹ invited.

- 2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.

- 3 Municipal Supply Regulation 38 (1) prescribes that a supply chain management policy must provide measures for the combating of abuse of the supply chain management system, and must enable the accounting officer, among others, to:
 - a. take all reasonable steps to prevent such abuse;
 - b. reject the bid of any bidder if that bidder or any of its directors has abused the supply chain management system of the municipality or municipal entity or has committed any improper conduct in relation to such system; and
 - c. cancel a contract awarded to a person if the person committed any corrupt or fraudulent act during the bidding process or the execution of the contract.

- 4 This MBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.

- 5 In order to give effect to the above, the attached Certificate of Bid Determination (MBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.
