A. INTRODUCTION TO THE REQUEST FOR PROPOSAL (RFP)

1. Introduction

- 1.1. The Export Credit Insurance Corporation of South Africa (SOC) Limited (ECIC or Corporation)¹ is a self-sustained state-owned entity listed under Schedule 3B of the Public Finance Management Act 1 of 1999 (as amended) and established in terms of the Export Credit and Foreign Investments Insurance Act 78 of 1957 (as amended).
- 1.2. The mandate of ECIC is to facilitate and encourage South African export trade by underwriting export credit loans and investments outside the country, to enable South African contractors to win capital goods and services contracts in countries outside South Africa. ECIC is a registered Financial Service Provider and is regulated by the Financial Sector Conduct Authority and Prudential Authority (FSP No: 30656). Currently exempted in terms of FAIS Notice 78 of 2019.
- 1.3. ECIC operates at the following address:

Byls Bridge Office Park
Building 9, Fourth Floor
11 Byls Bridge Boulevard
Highveld Extension 73
Centurion
0157

2. Purpose

- 2.1. The purpose of this Request for Proposal (RFP) is to appoint two service providers to render asset management services to manage a South African Flexible Income mandate for seven years.
- 2.2. The corporation is considering the appointment of two highly rated investment managers under this RFP to manage the Flexible income mandates. One manager will be appointed in each of the following two categories: one large firm and one developing firm. **Bidders must clearly indicate which category they are applying for.** The mandate categories are defined as follows:

2.2.1. Flexible income – Large Firm:

2.2.1.1. This category is aimed at established firms that:

2.2.1.1.1. Have a satisfactory medium to long-term performance track record; and

2.2.1.1.2. Typically have assets under management (AUM) of at least R15 billion.

¹ Further information on the ECIC can be found at www.ecic.co.za

2.2.2. Flexible income – Developing Firm:

2.2.2.1. This category is aimed at developing firms that:

2.2.2.1.1. Have a proven performance track record of at least five years; and

2.2.2.1.2. Typically have assets under management (AUM) of between R5 billion and R15 billion.

2.3. Should only one preferred bidder be identified, the asset allocation to that manager may be adjusted accordingly.

3. Background – Investment portfolio and strategy of the ECIC

3.1. ECIC's liabilities drive the determination of its investment strategy and asset management activities. As an insurer, ECIC has an imperative to ensure its obligations are fulfilled whilst maintaining financial soundness. It makes use of an asset liability matching approach to determine its investment strategy set within the risk appetite and risk budget of the corporation.

3.2. The ECIC has a portfolio of R3.7 billion and US\$286 million invested in rand and US dollar dominated assets, respectively (market value as of 31 December 2025). The corporation's operational cashflow requirements are denominated and funded from the South African Rand investment portfolio, while the majority of the corporation's liabilities are denominated in US Dollar (USD) and matched by the USD investment portfolio.

3.3. The investment strategy is set and constructed by segmenting it into parts and allocating matching assets for each currency's cash flow, liability and solvency requirements. Residual or excess assets are invested to seek investment growth. The investment portfolio currently consists of a Total Reserving Tranche, which is a combination of Working Capital, Reserving, and Capital Requirement tranches, and an Excess Capital Tranche, which consists of funds left over after funding the Working Capital, Reserving, and Capital Requirement tranches.

3.4. Below are the tranche allocations as at the end of December 2025:

	Total Reserving Tranche	Excess Tranche
ZAR Portfolio	12%	88%
USD Portfolio	40%	60%

3.5. The Excess tranche is split between various active Global Balanced, Global Absolute Return, Flexible Income and Government Bond mandates as appropriate, managed to deliver a liability benchmark cognisant strategy applicable to the corporation's underlying liability profile. The allocation between the tranches, and by implication between mandates, will be reviewed as required, in light of changes in cashflows, insurance obligations and capital requirements.

3.6. The investment strategy is implemented by appointing external fund managers. Mandates will either be managed on a segregated basis with bespoke investment guidelines or through

investment in managers' Collective Investment Scheme-type structures (e.g. UCITS, SICAVs, etc.).

4. Procurement Regulations

- 4.1. This bid is subject to the Preferential Procurement Policy Framework Act No. 5 of 2000 and the Preferential Procurement Regulations, 2022, the General Conditions of Contract (GCC) and, if applicable, any other special conditions of contract. Where, however, the special conditions of the contract conflict with the general conditions of the contract, the special conditions of the contract prevail.

- 5.2. No derivatives may be utilised in the management of the assets. The fund will be benchmarked against the 90% All Bond Index (ALBI) and 10% All Property Index. The following will apply:
 - 5.2.1. Modified duration freedom of +/- 3 years will be allowed.
 - 5.2.2. Limited allocations (off-benchmark) to money market, government-guaranteed debt and inflation-linked bonds will be allowed.

- 5.4. The successful bidders will be required to:
 - 5.4.1. Manage Flexible Income portfolios benchmarked to the specified bespoke benchmark as informed by ECIC from time to time (refer to paragraph 5.2) .
 - 5.4.2. Absorb rebalancing allocation changes that could reduce or increase the size of the assets under management due to changes in strategy, the corporation's business model, cash flows such as expense payments and other related events.
 - 5.4.3. Manage assets in accordance with the corporation's liquidity requirements and credit restrictions, which are subject to change as the corporation's investment strategy changes.
 - 5.4.4. Partake in the project planning and management of the transition of assets before inception by liaising with the corporation, its consultant and the outgoing asset manager (only applicable if the current service providers are not identified as preferred bidder).  - 5.4.5. The transition will be subject to the following requirements:
 - 5.4.5.1. The bidder must assist in transitioning the existing portfolio to its own desired composition in a responsible manner that will not cause underperformance (within the manager's control) of the fund against its benchmark during the transition period.

- 5.4.5.2. A performance holiday will not be granted, and the track record will start on the commencement date of the contract (or the funding of the portfolio). - 5.4.5.3. Should the existing portfolio include undesired instruments (that it would not have bought had it received cash instead of stock), the manager can either:
 - 5.4.5.4. Sell these instruments if such a sale will not cause the fund to underperform its benchmark over the transition period; or maintain the position if the manager believes a sale would cause the fund to underperform its benchmark during the transition period. Such positions must be disclosed, and a separate track record must be kept for the entire portfolio, the portfolio with and the portfolio without these instruments to demonstrate the impact on overall performance. The circumstances that would eventually trigger a sale of these instruments must be provided in writing.
- 5.4.5.5. A transition manager will not be appointed, and a maximum transition period of 1 month will be granted.
- 5.4.6. Provide investment and accounting reports to the ECIC and its consultant by the fifth (5th) working day after each month-end. The reports should at a minimum include:
