CERTIFICATE OF INDEPENDENT BID DETERMINATION

- 1 This Standard Bidding Document (SBD) must form part of all bids¹ invited.
- 2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.
- 3 Treasury Regulation 16A9 prescribes that accounting officers and accounting authorities must take all reasonable steps to prevent abuse of the supply chain management system and authorizes accounting officers and accounting authorities to:
 - a. disregard the bid of any bidder if that bidder, or any of its directors have abused the institution's supply chain management system and or committed fraud or any other improper conduct in relation to such system.
 - b. cancel a contract awarded to a supplier of goods and services if the supplier committed any corrupt or fraudulent act during the bidding process or the execution of that contract.
- 4 This SBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.
- 5 In order to give effect to the above, the attached Certificate of Bid Determination (SBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.

ANNEXURE E

This is the standard SAP Enterprise Support Schedule. The bidder should provide the same service on behalf of SAP and the maintenance fees payable to SAP should be included in their proposal.

SAP ENTERPRISE SUPPORT SCHEDULE

In each instance in which provisions of this Schedule contradict or are inconsistent with the provisions of the Agreement including any appendices, exhibits, order forms or other documents attached to or incorporated by reference to the Agreement, the provisions of this Schedule shall prevail and govern.

This Schedule governs the provision of support services by SAP as further defined herein ("SAP Enterprise Support") for all software licensed by Licensee under the Agreement (hereinafter collectively referred to as the "Enterprise Support Solutions"), excluding software to which special support agreements apply exclusively.

1. Definitions:

- 1.1 *"Go-Live" marks the point in time from when, after implementation of the Enterprise Support Solutions or an upgrade of the Enterprise Support Solutions, the Enterprise Support Solutions can be used by Licensee for processing real data in live operation mode and for running Licensee's internal business operations in accordance with the Agreement.*
- 1.2 *"Licensee Solution(s)" shall mean Enterprise Support Solutions and any other software licensed by Licensee from third parties provided such third party software is operated in conjunction with Enterprise Support Solutions.*
- 1.3 *"Production System" shall mean a live SAP system used for running Licensee's internal business operations and where Licensee's data is recorded.*
- 1.4 *"SAP Software Solution(s)" shall mean a group of one or multiple Production Systems running Licensee Solutions and focusing on a specific functional aspect of Licensee's business. Details and examples can be found on the SAP Service Marketplace (as specified in SAP Note 1324027 or any future SAP Note which replaces SAP Note 1324027).*
- 1.5 *"Service Session" shall mean a sequence of support activities and tasks carried out remotely to collect further information by interview or by analysis of a Production System resulting in a list of recommendations. A Service Session could run manually, as a self-service or fully automated.*
- 1.6 *"Top-Issue" shall mean issues and/or failures identified and prioritized jointly by SAP and Licensee in accordance with SAP standards which (i) endanger Go-Live of a pre-production system or (ii) have a significant business impact on a Production System.*
- 1.7 *"Local Office Time" shall mean regular working hours (8.00 a.m. to 6.00 p.m.) during regular working days, in accordance with the applicable public holidays observed by SAP's registered*

office. With regard to SAP Enterprise Support only, both parties can mutually agree upon a different registered office of one of SAP's affiliates to apply and serve as reference for the Local Office Time.

2. Scope of SAP Enterprise Support.

Licensee may request and SAP shall provide, to such degree as SAP makes such services generally available in the Territory, SAP Enterprise Support services. SAP Enterprise Support currently includes:

2.1 Continuous Improvement and Innovation

- New software releases of the licensed Enterprise Support Solutions, as well as tools and procedures for upgrades.
- Support packages - correction packages to reduce the effort of implementing single corrections. Support packages may also contain corrections to adapt existing functionality to changed legal and regulatory requirements.
- For releases of the SAP Business Suite 7 core applications (starting with SAP ERP 6.0 and with releases of SAP CRM 7.0, SAP SCM 7.0, SAP SRM 7.0 and SAP PLM 7.0 shipped in 2008), SAP may provide enhanced functionality and/or innovation through enhancement packages or by other means as available. During mainstream maintenance for an SAP core application release, SAP's current practice is to provide one enhancement package or other update per calendar year.
- Technology updates to support third-party operating systems and databases. Available ABAP source code for SAP software applications and additionally released and supported function modules.
- Software change management, such as changed configuration settings or Enterprise Support Solutions upgrades, is supported for example with content and information material, tools for client copy and entity copy, and tools for comparing customization.
- SAP provides Licensee with up to five days remote support services per calendar year from SAP solution architects
 - to assist Licensee in evaluating the innovation capabilities of the latest SAP enhancement package and how it may be deployed for Licensee's business process requirements.
 - to give Licensee guidance in form of knowledge transfer sessions, weighted one day, for defined SAP software/applications or Global Support Backbone components. Currently, content and session schedules are stated at <http://service.sap.com/enterprisesupport>. Scheduling, availability and delivery methodology is at SAP's discretion.

- *SAP gives Licensee access to guided self-services as part of SAP Solution Manager Enterprise Edition, helping the Licensee to optimize technical solution management of selected Enterprise Support Solutions.*

2.6 Global Message Handling and Service Level Agreement (SLA).

When Licensee reports malfunctions, SAP supports Licensee by providing information on how to remedy, avoid or bypass errors. The main channel for such support will be the support infrastructure provided by SAP. Licensee may send an error message at any time. All persons involved in the message solving process can access the status of the message at any time. For further details on definition of message priorities see SAP Note 67739.

In exceptional cases, Licensee may also contact SAP by telephone. For such contact (and as otherwise provided) SAP requires that Licensee provide remote access as specified in Section 3.2(iii).

The following Service Level Agreements ("SLA" or "SLAs") shall apply to all Licensee support messages that SAP accepts as being Priority 1 or 2 and which fulfill the prerequisites specified herein. Such SLAs shall commence in the first full Calendar Quarter following the Effective Date

of this Schedule. As used herein, "Calendar Quarter" is the three month period ending on March 31, June 30, September 30 and December 31 respectively of any given calendar year.

2.6.1 SLA for Initial Response Times:

a. Priority 1 Support Messages ("Very High"). SAP shall respond to Priority 1 support messages within one (1) hour of SAP's receipt (twenty-four hours a day, seven days a week) of such Priority 1 support messages. A message is assigned Priority 1 if the problem has very serious consequences for normal business transactions and urgent, business critical work cannot be performed. This is generally caused by the following circumstances: complete system outage, malfunctions of central SAP functions in the Production System, or Top-Issues.

b. Priority 2 Support Messages ("High"). SAP shall respond to Priority 2 support messages within four (4) hours of SAP's receipt during SAP's Local Office Time of such Priority 2 support messages. A message is assigned Priority 2 if normal business transactions in a Production System are seriously affected and necessary tasks cannot be performed. This is caused by incorrect or inoperable functions in the SAP system that are required to perform such transactions and/or tasks.

2.6.2 SLA for Corrective Action Response Time for Priority 1 Support Messages: SAP shall provide a solution, work around or action plan for resolution ("Corrective Action") of Licensee's Priority 1 support message within four (4) hours of SAP's receipt (twenty-four hours a day, seven days a week) of such Priority 1 support message ("SLA for Corrective Action"). In the event an action plan is submitted to Licensee as a Corrective Action, such action plan shall include: (i) status of the resolution process; (ii) planned next steps, including identifying responsible SAP resources; (iii) required Licensee actions to support the resolution process; (iv) to the extent possible, planned dates for SAP's actions; and (v) date and time for next status update from SAP. Subsequent status updates shall include a summary of the actions undertaken so far; planned next steps; and date and time for next status update. The SLA for Corrective Action only refers to that part of the processing time when the message is being processed at SAP ("Processing Time"). Processing Time does not include the time when the message is on status "Customer Action" or "SAP Proposed Solution", whereas (a) the status Customer Action means the support message was handed over to Licensee; and (b) the status SAP Proposed Solution means SAP has provided a Corrective Action as outlined herein. The SLA for Corrective Action shall be deemed met if within four (4) hours of processing time: SAP proposes a solution, a workaround or an action plan; or if Licensee agrees to reduce the priority level of the message.

2.6.3 Prerequisites and Exclusions.

2.6.3.1 Prerequisites. *The SLAs shall only apply when the following prerequisites are met for support messages: (i) in all cases except for Root Cause Analysis for Custom Code under Section 2, support messages are related to releases of Enterprise Support Solutions which are classified by SAP with the shipment status “unrestricted shipment”; (ii) support messages are submitted by Licensee in English via the SAP Solution Manager Enterprise Edition in accordance with SAP’s then current support message processing log-in procedure which contain the relevant details necessary (as specified in SAP Note 16018 or any future SAP Note which replaces SAP Note 16018) for SAP to take action on the reported error; (iii) support messages are related to a product release of Enterprise Support Solutions which falls into Mainstream Maintenance or Extended Maintenance.*

2.6.3.2 *For Priority 1 support messages, the following additional prerequisites must be fulfilled by Licensee: (a) the issue and its business impact are described in detail sufficient to allow SAP to assess the issue; (b) Licensee makes available for communications with SAP, twenty four (24) hours a day, seven (7) days a week, an English speaking contact person with training and knowledge sufficient to aid in the resolution of the Priority 1 message consistent with Licensee’s obligations hereunder; and (c) a Licensee contact person is provided for opening a remote connection to the system and to provide necessary log-on data to SAP.*

2.6.3.3 Exclusions. *For SAP Enterprise Support in particular the following types of Priority 1 messages are excluded from the SLAs: (i) support messages regarding a release, version and/or functionalities of Enterprise Support Solutions developed specifically for Licensee (including without limitation those developed by SAP Custom Development and/or by SAP subsidiaries) except for custom code built with the SAP development workbench; (ii) support messages regarding country versions that are not part of the Enterprise Support Solutions and instead are realized as partner add-ons, enhancements, or modifications is expressly excluded even if these country versions were created by SAP or an affiliate of SAP; (iii) the root cause behind the support message is not a malfunction, but a missing functionality (“development request”) or the support message is ascribed to a consulting request*

2.6.4 Service Level Credit.

2.6.4.1 *SAP shall be deemed to have met its obligations pursuant to the SLAs as stated above by reacting within the allowed time frames in ninety-five percent (95%) of the aggregate cases for all SLAs within a Calendar Quarter. In the event Licensee submits less than twenty (20) messages (in the aggregate for all SLAs) pursuant to the SLAs stated above in any Calendar Quarter during the Enterprise Support term,*

Licensee agrees that SAP shall be deemed to have met the its obligations pursuant to the SLAs stated above if SAP has not exceeded the stated SLA time-frame in more than one support message during the applicable Calendar Quarter.

2.6.4.2 *Subject to Section 2.1.4.1 above, in the event that the timeframes for the SLA's are not met (each a "Failure"), the following rules and procedures shall apply: (i) Licensee shall inform SAP in writing of any alleged Failure; (ii) SAP shall investigate any such claims and provide a written report proving or disproving the accuracy of Licensee's claim; (iii) Licensee shall provide reasonable assistance to SAP in its efforts to correct any problems or processes inhibiting SAP's ability to reach the SLAs; (iv) subject to this Section 2.1.4, if based on the report, an SAP Failure is proved, SAP shall apply a Service Level Credit ("SLC") to Licensee's next SAP Enterprise Support Fee invoice equal to one quarter percent (0.25%) of Licensee's SAP Enterprise Support Fee for the applicable Calendar Quarter for each Failure reported and proved, subject to a maximum SLC cap per Calendar Quarter of five percent (5%) of Licensee's SAP Enterprise Support Fee for such Calendar Quarter. Licensee bears the responsibility of notifying SAP of any SLCs within one month after the end of a Calendar Quarter in which a Failure occurs. No penalties will be paid unless notice of Licensee's well-founded claim for SLC(s) is received by SAP in writing. The SLC stated in this Section 2.1.4 is Licensee's sole and exclusive remedy with respect to any alleged or actual Failure.*

2.7 SAP Support Advisory Center.

For Priority 1 and Top-Issues directly related to the Enterprise Support Solutions, SAP shall make available a global unit within SAP's support organization for mission critical support related requests (the "Support Advisory Center"). The Support Advisory Center will perform the following mission critical support tasks: (i) remote support for Top-Issues – the Support Advisory Center will act as an additional escalation level, enabling 24X7 root cause analysis for problem identification; (ii) Continuous Quality Check service delivery planning in collaboration with Licensee's IT, including scheduling and delivery coordination; (iii) provides one SAP Enterprise Support report on request per calendar year; (iv) remote primary certification of the SAP Customer Center of Expertise if requested by Licensee; and (v) providing guidance in cases in which Continuous Quality Checks (as defined in Section 2.3 below), an action plan and/or written recommendations of SAP show a critical status (e.g. a red CQC report) of the Enterprise Support Solutions.

As preparation for the Continuous Quality Check delivery through SAP Solution Manager Enterprise Edition, Licensee's Contact Person and SAP shall jointly perform one mandatory setup service ("Initial Assessment") for the Enterprise Support Solutions. The Initial Assessment shall be based upon SAP standards and documentation.

The designated SAP Support Advisory Center will be English speaking and available to Licensee's Contact Person (as defined below) or its authorized representative twenty-four hours

a day, seven days a week for mission critical support related requests. The available local or global dial-in numbers are shown in SAP Note 560499.

The Support Advisory Center is only responsible for the above mentioned mission critical support related tasks to the extent these tasks are directly related to issues or escalations regarding the Enterprise Support Solutions.

2.8 SAP Continuous Quality Check.

In case of critical situations related to the SAP Software Solution (such as Go Live, upgrade, migration or Top Issues), SAP will provide at least one Continuous Quality Check (the “Continuous Quality Check” or “CQC”) per calendar year for each SAP Software Solution.

The CQC may consist of one or more manual or automatic remote Service Sessions. SAP may deliver further CQC’s in cases where vital alerts are reported by SAP EarlyWatch Alert or in those cases where Licensee and the SAP Advisory Center mutually agree that such a service is needed to handle a Top-Issue. Details, such as the exact type and priorities of a CQC and the tasks of SAP and cooperation duties of Licensee, shall be mutually agreed upon between the parties. At the end of a CQC, SAP will provide Licensee with an action plan and/or written recommendations.

Licensee acknowledges that all or part of the CQC sessions may be delivered by SAP and/or a certified SAP partner acting as SAP’s subcontractor and based on SAP’s CQC standards and methodologies. Licensee agrees to provide appropriate resources, including but not limited to equipment, data, information, and appropriate and cooperative personnel, to facilitate the delivery of CQC’s hereunder.
