The PPSA has the power as regulated by the national legislation to investigate any conduct in state affairs, or in the public administration in any sphere of government that is alleged or suspected to be improper or to result in any impropriety or prejudice.
- 1.3. The PPSA has, in its employ, approximately three hundred and thirty-five (335) employees at different levels across nine provinces. The payroll function is centrally managed at its head office located at 175 Lunnon Street, Hillcrest Office Park, Pretoria.

2. PROBLEM STATEMENT

- 2.1. The Institution processes its payroll using Sage VIP Premier Release 6.2.a that was acquired in 2014.
- 2.2. In the past few years, new employees have raised concerns that upon joining the institution for higher packages than those of their previous employers, they observed that their net salaries were less.
- 2.3. For some time this was explained as due to differences in salary structures and that, in any way, they will get refunds upon filling their tax returns with the South African Revenue Services (SARS).
- 2.4. In the current year one employee requested the assistance of a former employer's payroll official to recalculate her net salary and a discrepancy was identified. The current Platinum Sage Business Partner that provides Sage VIP support to the institution was engaged and identified the following, amongst others, that:
 - 2.4.1. The affected employee profile had a double perk field on the pension and on the provident fund.
 - 2.4.2. In the earning definitions, the overtime IRP5 code was incorrect, and the medical reimbursement needs an IRP5 code.
 - 2.4.3. In the deductions definitions, there were two (2) medical aid lines and
 - 2.4.4. Not all the definitions have been linked to a separate payslip.

3. SCOPE OF WORK

- 3.1. Based on the above, the PPSA requires the services of an independent and competent and appropriately certified service provider to conduct a payroll audit to give assurance that the payroll resulted in accurate remuneration of employees, correct taxes were appropriately withheld in terms of the South African Income Tax Act, including:
 - 3.1.1. The extent of employees that had double perk fields on the pension and on the provident fund or similar and the impact thereon of annual submissions or fillings to SARS.
 - 3.1.2. The accuracy and or appropriateness of the IRP 5 codes used in employee profiles, with specific focus on employees that were appointed from 1 March 2021 to 31 March 2024.
 - 3.1.3. The impact of more than one medical aid lines in the deduction's definitions, and
 - 3.1.4. The exact definitions that were not linked to a separate payslip and the impact thereof.
 - 3.1.5. Run validation report to make sure there are no validation errors on all employees.
 - 3.1.6. The validity, accuracy and completeness of the declarations made to SARS in respect of the 2022, 2023 and 2024 years of assessment.
 - 3.1.7. Quantify any corrections (if any) required to be made to employee's salaries in the form of salary refunds and any corrections to the declarations made to SARS in respect of the years of assessment referred to in 3.1.6 above.
 - 3.1.8. Consider conditions of service of two public office holders and review the accuracy of their remuneration in terms of the conditions of service including the accuracy of the taxation thereof.
 - 3.1.9. Conclude, provide detailed findings and recommendations on 3.1.1 to 3.1.8 above.

11 Payment terms

11.1 The standard 30-day payment period will apply on the payment of all invoices from receipt of valid invoice.

12 Tax clearance certificate

12.1 Government is committed to reducing supply chain related fraud and ensuring that persons conducting business with the State are not afforded any scope to abuse the supply chain management system.

12.2 It is therefore essential to ensure that persons conducting business with the State are tax compliant when participating in tenders or other bidding processes. On 18 April 2016, the South African Revenue Service (SARS) introduced an enhanced TCS system aimed at improving compliance and making it easier for taxpayers to manage their tax affairs.

12.3 Implementation of the tax compliance status system:

12.3.2 In order to comply with the new TCS system and the condition of bids that a successful bidder's tax matters must be in order, Accounting Officers, and accounting authorities of all PFMA complaint institutions must:

12.3.2.2 Designated officials, preferably from Supply Chain Management Unit, whose function will be to verify the tax compliance status of a bidder on the South African Revenue Services' Tax compliance status system housed on eFiling.

12.3.2.3 Utilise the SBD1 issued by National Treasury when inviting bids,

12.3.2.4 As a bid condition, accounting officer or accounting authorities must request bidders to register on Government's Central Supplier Database and to include in their bid their Master Registration Number (Supplier Number) in order to enable the institution to verify the supplier's tax status on the Central Supplier Database.

12.4 The CSD and tax compliance status PIN are the approved methods to be used to prove tax compliance as the South African Revenue Services (SARS) no longer issues Tax Clearance Certificates but has made provision online, via e-Filing, for bidders to print their own Tax Clearance Certificates which they can submit with their bids or price quotations.

12.5 Accounting Officers are therefore required to accept printed, or copies of Tax Clearance Certificates submitted by bidders and verify their authenticity on e-Filing. The verification result will be filed for audit purposes.

12.6 Where a bidder does not submit a tax compliance status PIN but provides a Central Supplier Database (CSD) number, the accounting officer and accounting authority must utilise the CSD number via its website www.csd.gov.za to access the supplier records and to verify the bidder's tax compliance status. A printed screen view at the time of verification should then be attached to the supplier's records for audit purposes.

14.2 The PPSA, in ensuring that bidders conduct themselves in an honest manner will, as part of the

bid evaluation processes, conduct, or initiate the necessary enquiries/investigations to determine the accuracy of the representation made in the bid documents. Should any of the fronting indicators as contained in the Guidelines on Complex Structures and Transactions and Fronting, issued by the Department of Trade and Industry, be established during such enquiry /investigation, the onus will be on the bidder / contractor to prove that fronting does not exist. Failure to do so within a period of 14 days from date of notification may invalidate the bid/contract and may also result in the restriction of the bidder /contractor to conduct business with the public sector for a period not exceeding ten years. The matter may be reported to the National Prosecuting Authority (NPA) for criminal investigation and charges in terms of the Prevention and Combating of Corrupt Activities Act No 12 of 2004 or any other applicable legislation.

To give effect to this requirement, bidders are required to submit a partnership / subcontracting proposal detailing the portion of work to be outsourced, level of involvement of the black owned partner and where relevant, submit a consolidated B-BBEE scorecard in-line with the provisions of the PPPFA Regulations which will be considered as part of the B-BBEE scoring.
