Dear Sir / Madam

**SUPPLY AND DELIVERY OF CABLES**  
**ENQUIRY NO: E1474GXMPMAJ**  
**MAJUBA POWER STATION**

I am writing on behalf of our technical team to request clarification on the following points:

- Updated Document "C0 SC3 Contract Full NEC Cabling": Could you please provide an updated version of the document?

**The document provided is updated.**

- Halogen-Free/White Stripe Cables: Our team didn't quote on these products as they don't comply with the 240-56063805 specification. Are there any changes to the requirements that we should be aware of?

**All changes have been communicated and updated technical evaluation criteria was uploaded.**

- Technical Schedules: The below evaluation criteria for both LV and MV products require Technical Schedules to be submitted. Could you please confirm if these have been received or if there's any further action required from our side?

**The Schedules have been uploaded please check on both the e-tendering and the bulletin.**

- MV XLPE Designs: Our previous supplies to Eskom Generation applications didn't have water-blocked designs. Is this a mandatory requirement?

Please check on the updated evaluation criteria for all mandatory requirements.

Yours faithfully,

**N Tshabalala**  
**Official Procurement**
