NO.	REQUESTS FOR CLARIFICATION	TCTA RESPONSES
1	As all bidders will be searching for Candidate safety officers in the same 3 Districts, will we be disqualified if it is found that two or more bidders have sourced the same candidate? i.e I will not know who the other bidders are using but it could be such that we end up using the same candidate in our submission	Bidders are required to do a check/verification thereon as they source the candidate safety officers to avoid this eventuality. Should bidders find that the candidate they are approaching has been approached by other bidders, they must not mobilize the same candidate as this will be in contravention of the declarations made as part of SBD 4 which require bidders to independently determine their price.
2	Can we also use the same candidate for both bids?	No, candidates for Skill Development and Training cannot be similar for bids 055/2025/PMID/AGENTDAM/RFB and 054/2025/PMID/AGENTTUNNEL/RFB
