PA-29: CERTIFICATION OF INDEPENDENT BID DETERMINATION

Project title:	Site Clearance: Ga-Rankuwa Magistrate Office: Construction of additional Accommodation, Repairs and Renovations		
Tender no:	H21/009AI	Reference no:	17/1/4/6080/5

INTRODUCTION

1. This PA-29 [Certificate of Independent Bid Determination] must form part of all tenders¹ invited.
2. Section 4 (1) (b) (iii) of the Competition Act, 1998(Act 89 of 1998) as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive tendering (or tender rigging)². Collusive tendering is a *per se* prohibition meaning that it cannot be justified under any grounds.
3. Treasury Regulation 16A9 prescribes that accounting officers and accounting authorities must take all reasonable steps to prevent abuse of the supply chain management system and authorizes accounting officers and accounting authorities to:
 - a. disregard the tender of any tenderer if that tenderer, or any of its directors, have abused the institution's supply chain management system and/or committed fraud or any other improper conduct in relation to such system;
 - b. cancel a contract awarded to a supplier of goods and services if the supplier committed any corrupt or fraudulent act during the tendering process or the execution of that contract.
4. This form (PA-29) serves as a certificate of declaration that would be used by institutions to ensure that, when tenders are considered, reasonable steps are taken to prevent any form of tender rigging.
5. In order to give effect to the above, the attached Certificate of Bid Determination (PA-29) must be completed and submitted with the tender.

¹ Includes price quotations, advertised competitive tenders, limited tenders and proposals.

² Tender rigging (or collusive tendering) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and/or services through a tendering process. Tender rigging is, therefore, an agreement between competitors not to compete.

PA-29: CERTIFICATE OF INDEPENDENT BID DETERMINATION

I, the undersigned, in submitting the accompanying tender:

Project title:	Site Clearance: Ga-Rankuwa Magistrate Office: Construction of additional Accommodation, Repairs and Renovations
Tender no:	H21/009AI

in response to the invitation for the tender made by:

The Government of the Republic of South Africa in its Department of Public Works,

do hereby make the following statements that I certify to be true and complete in every respect:

I certify, on behalf of: _____ that:
(Name of tenderer)

1. I have read and I understand the contents of this Certificate;
2. I understand that the accompanying tender will be disqualified if this Certificate is found not to be true and complete in every respect;
3. I am authorized by the tenderer to sign this Certificate, and to submit the accompanying tender, on behalf of the tenderer;
4. Each person whose signature appears on the accompanying tender has been authorized by the tenderer to determine the terms of and to sign the tender on behalf of the tenderer;
5. For the purposes of this Certificate and the accompanying tender, I understand that the word "competitor" shall include any individual or organization, other than the tenderer, whether or not affiliated with the tenderer, who:
 - (a) has been requested to submit a tender in response to this tender invitation;
 - (b) could potentially submit a tender in response to this tender invitation, based on their qualifications, abilities or experience; and
 - (c) provides the same goods and services as the tenderer and/or is in the same line of business as the tenderer;
6. The tenderer has arrived at the accompanying tender independently from, and without consultation, communication, agreement or arrangement with any competitor. However communication between partners in a joint venture or consortium³ will not be construed as collusive tendering.

7. In particular, without limiting the generality of paragraphs 6 above, there has been no consultation, communication, agreement or arrangement with any competitor regarding:
- (a) prices;
 - (b) geographical area where product or service will be rendered (market allocation);
 - (c) methods, factors or formulas used to calculate prices;
 - (d) the intention or decision to submit or not to submit a tender;
 - (e) the submission of a tender which does not meet the specifications and conditions of the tender; or
 - (f) tendering with the intention not to win the tender.
8. In addition, there have been no consultations, communications, agreements or arrangements with any competitor regarding the quality, quantity, specifications and conditions or delivery particulars of the products or services to which this tender invitation relates.
9. The terms of the accompanying tender have not been, and will not be, disclosed by the tenderer, directly or indirectly, to any competitor prior to the date and time of the official tender opening or of the awarding of the contract.

I am aware that, in addition and without prejudice to any other remedy provided to combat any restrictive practices related to tenders and contracts, tenders that are suspicious will be reported to the Competition Commission for investigation and possible imposition of administrative penalties in terms of section 59 of the Competition Act, 1998(Act 89 of 1998) and/or may be reported to the National Prosecuting Authority (NPA) for criminal investigation and/or may be restricted from conducting business with the public sector for a period not exceeding ten (10) years in terms of the Prevention and Combating of Corrupt Activities Act, 2004 (Act 12 of 2004) or any other applicable legislation.

PA-16: PREFERENCE POINTS CLAIM FORM IN TERMS OF THE PREFERENTIAL PROCUREMENT REGULATIONS 2017

This preference form must form part of all bids invited. It contains general information and serves as a claim form for preference points for Broad-Based Black Economic Empowerment (B-BBEE) Status Level of Contribution

NB: BEFORE COMPLETING THIS FORM, BIDDERS MUST STUDY THE GENERAL CONDITIONS, DEFINITIONS AND DIRECTIVES APPLICABLE IN RESPECT OF B-BBEE, AS PRESCRIBED IN THE PREFERENTIAL PROCUREMENT REGULATIONS, 2017 AND THE AMENDED B-BBEE CODES.

1. GENERAL CONDITIONS

1.1 The following preference point systems are applicable to all bids:

- the 80/20 system for requirements with a Rand value of up to R50 000 000 (all applicable taxes included); and
- the 90/10 system for requirements with a Rand value above R50 000 000 (all applicable taxes included).

1.2 The value of this bid is estimated to exceed or not exceed R50 000 000 (all applicable taxes included) and therefore the... **80/20**.....system shall be applicable.

1.3 Preference points for this bid shall be awarded for:

- (a) Price; and
- (b) B-BBEE Status Level of Contribution.

1.3.1 The maximum points for this bid are allocated as follows:

	POINTS
1.3.1.1 PRICE	80
1.3.1.2 B-BBEE STATUS LEVEL OF CONTRIBUTION	20
Total points for Price and B-BBEE must not exceed	100

1.4 Failure on the part of a bidder to fill in and/or to sign this form and submit a B-BBEE Verification Certificate from a Verification Agency accredited by the South African Accreditation System (SANAS) or an Accounting Officer as contemplated in the Close Corporation Act (CCA) together with the bid, will be interpreted to mean that preference points for B-BBEE status level of contribution are not claimed.

1.5 An Exempted Micro Enterprise (EME) is only required to obtain a sworn affidavit or a certificate issued by Companies and intellectual property Commission (CIPC) confirming their annual turnover of R10 Million or less and level of black ownership to claim points.

1.6 Qualifying Small Enterprise (QSE) is only required to obtain a sworn affidavit or a certificate issued by Companies and intellectual property Commission (CIPC) confirming their annual turnover of R10 Million or less and level of black ownership to claim points.

1.6 The purchaser reserves the right to require of a bidder, either before a bid is adjudicated or at any time subsequently, to substantiate any claim in regard to preferences, in any manner required by the purchaser.

2. DEFINITIONS

- (a) **“all applicable taxes”** includes value-added tax, pay as you earn, income tax, unemployment insurance fund contributions and skills development levies;
- (b) **“B-BBEE”** means broad-based black economic empowerment as defined in section 1 of the Broad-Based Black Economic Empowerment Act;
- (c) **“B-BBEE status level of contributor”** means the B-BBEE status received by a measured entity based on its overall performance using the relevant scorecard contained in the Codes of Good Practice on Black Economic Empowerment, issued in terms of section 9(1) of the Broad-Based Black Economic Empowerment Act;
- (d) **“bid”** means a written offer in a prescribed or stipulated form in response to an invitation by an organ of state for the provision of services, works or goods, through price quotations, advertised competitive bidding processes or proposals;
- (e) **“Broad-Based Black Economic Empowerment Act”** means the Broad-Based Black Economic Empowerment Act, 2003 (Act No. 53 of 2003);
- (f) **“comparative price”** means the price after the factors of a non-firm price and all unconditional discounts that can be utilized have been taken into consideration;
- (g) **“consortium or joint venture”** means an association of persons for the purpose of combining their expertise, property, capital, efforts, skill and knowledge in an activity for the execution of a contract;
- (h) **“contract”** means the agreement that results from the acceptance of a bid by an organ of state;
- (i) **“EME”** means an Exempted Micro Enterprise as defined by Codes of Good Practice under section 9 (1) of the Broad-Based Black Economic Empowerment Act, 2003 (Act No. 53 of 2003);
- (j) **“Firm price”** means the price that is only subject to adjustments in accordance with the actual increase or decrease resulting from the change, imposition, or abolition of customs or excise duty and any other duty, levy, or tax, which, in terms of the law or regulation, is binding on the contractor and demonstrably has an influence on the price of any supplies, or the rendering costs of any service, for the execution of the contract;
- (k) **“functionality”** means the measurement according to predetermined norms, as set out in the bid documents, of a service or commodity that is designed to be practical and useful, working or operating, taking into account, among other factors, the quality, reliability, viability and durability of a service and the technical capacity and ability of a bidder;
- (l) **“non-firm prices”** means all prices other than “firm” prices;
- (m) **“person”** includes a juristic person;

- (p) **“sub-contract”** means the primary contractor’s assigning, leasing, making out work to, or employing, another person to support such primary contractor in the execution of part of a project in terms of the contract;
- (q) **“total revenue”** bears the same meaning assigned to this expression in the Codes of

Good Practice on Black Economic Empowerment, issued in terms of section 9(1) of the Broad-Based Black Economic Empowerment Act and promulgated in the *Government Gazette* on 9 February 2007;

- (r) “**trust**” means the arrangement through which the property of one person is made over or bequeathed to a trustee to administer such property for the benefit of another person; and
- (s) “**trustee**” means any person, including the founder of a trust, to whom property is bequeathed in order for such property to be administered for the benefit of another person.

3. ADJUDICATION USING A POINT SYSTEM

- 3.1 The bidder obtaining the highest number of total points will be awarded the contract.
- 3.2 Preference points shall be calculated after prices have been brought to a comparative basis taking into account all factors of non-firm prices and all unconditional discounts;.
- 3.3 Points scored must be rounded off to the nearest 2 decimal places.
- 3.4 In the event that two or more bids have scored equal total points, the successful bid must be the one scoring the highest number of preference points for B-BBEE.
- 3.5 However, when functionality is part of the evaluation process and two or more bids have scored equal points including equal preference points for B-BBEE, the successful bid must be the one scoring the highest score for functionality.
- 3.6 Should two or more bids be equal in all respects, the award shall be decided by the drawing of lots.

4. POINTS AWARDED FOR PRICE

4.1 THE 80/20 OR 90/10 PREFERENCE POINT SYSTEMS

A maximum of 80 or 90 points is allocated for price on the following basis:

$$\begin{array}{ccc} \mathbf{80/20} & \mathbf{or} & \mathbf{90/10} \\ \\ P_s = 80 \left(1 - \frac{P_t - P_{\min}}{P_{\min}} \right) & \mathbf{or} & P_s = 90 \left(1 - \frac{P_t - P_{\min}}{P_{\min}} \right) \end{array}$$

Where

- P_s = Points scored for comparative price of bid under consideration
- P_t = Comparative price of bid under consideration
- P_{min} = Comparative price of lowest acceptable bid

5. Points awarded for B-BBEE Status Level of Contribution

5.1 In terms of Regulation 6(2) and /or 7(2), of the Preferential Procurement Regulations, preference points must be awarded to a bidder for attaining the B-BBEE status level of contribution in accordance with the table below:

B-BBEE Status Level of Contributor	Number of points (90/10 system)	Number of points (80/20 system)
1	10	20
2	9	18
3	6	14
4	5	12
5	4	8
6	3	6
7	2	4
8	1	2
Non-compliant contributor	0	0

5.2 A trust, consortium or joint venture, will qualify for points for their B-BBEE status level as a legal entity, provided that the entity submits their B-BBEE status level certificate.

5.3 A trust, consortium or joint venture will qualify for points for their B-BBEE status level as an unincorporated entity, provided that the entity submits their consolidated B-BBEE scorecard as if they were a group structure and that such a consolidated B-BBEE scorecard is prepared for every separate bid.

5.4 Tertiary institutions and public entities will be required to submit their B-BBEE status level certificates in terms of the specialized scorecard contained in the B-BBEE Codes of Good Practice.

5.5 A person awarded a contract may not sub-contract more than 25% of the value of the contract to any other enterprise that does not have an equal or higher B-BBEE status level than the person concerned, unless the contract is sub-contracted to an EME that has the capability and ability to execute the sub-contract.

Acceptance

By signing this part of this form of offer and acceptance, the Employer identified below accepts the tenderer's offer. In consideration thereof, the Employer shall pay the Service Provider the amount due in accordance with the conditions of Contract identified in the Contract Data. Acceptance of the tenderer's offer shall form an agreement between the Employer and the tenderer upon the terms and conditions contained in this agreement and in the Contract that is the subject of this agreement.

The terms of the Contract are contained in:

- Part C1 Agreements and Contract Data, (which includes this agreement)
- Part C2 Pricing Data
- Part C3 Scope of Services

and drawings and documents or parts thereof, which may be incorporated by reference into Parts C1 to C3 above.

Deviations from and amendments to the documents listed in the Tender Data and any addenda thereto as listed in the tender schedules as well as any changes to the terms of the offer agreed by the tenderer and the Employer during this process of offer and acceptance, are contained in the schedule of deviations attached to and forming part of this agreement. No amendments to or deviations from set documents are valid unless contained in this schedule.

The tenderer shall within two weeks after receiving a completed copy of this agreement, including the schedule of deviations (if any), contact the Employer's agent (whose details are given in the Contract Data) to arrange the delivery of any bonds, guarantees, proof of insurance and any other documentation to be provided in terms of the conditions of Contract identified in the Contract Data. Failure to fulfil any of these obligations in accordance with those terms shall constitute a repudiation of this agreement.

Notwithstanding anything contained herein, this agreement comes into effect, if sent by registered post, 4 days from the date on which it was posted, if delivered by hand, on the day of delivery, provided that it has been delivered during ordinary business hours, or if sent by fax, the first business day following the day on which it was faxed. Unless the tenderer (now Service Provider) within seven working days of the date of such submission notifies the Employer in writing of any reason why he cannot accept the contents of this agreement, this agreement shall constitute a binding contract between the Parties.

By the duly authorised representatives signing this agreement, the Employer and the tenderer agree to and accept the foregoing schedule of deviations as the only deviations from and amendments to the documents listed in the Tender Data and addenda thereto as listed in the tender schedules, as well as any confirmation, clarification or changes to the terms of the offer agreed by the tenderer and the Employer during this process of offer and acceptance.

It is expressly agreed that no other matter whether in writing, oral communication or implied during the period between the issue of the tender documents and the receipt by the tenderer of a completed signed copy of this Agreement shall have any meaning or effect in the Contract between the Parties arising from this agreement.

C1.2 Contract Data

C1.2.1 Standard Professional Services Contract

The conditions applicable to this Contract are the **Standard Professional Services Contract (July 2009 edition)** published by the **Construction Industry Development Board (CIDB)**.

The Standard Professional Service Contract is not included in this tender document. Tenderers must obtain it on the CIDB's Website at:

http://www.cidb.org.za/procurement/procurement_toolbox/cidb_pub/default.aspx

C1.2.2 Data provided by the Employer

Clause	
	<p>The General Conditions of Contract in the Standard Professional Services Contract (July 2009) make several references to the Contract Data for details that apply specifically to this tender. The Contract Data shall have precedence in the interpretation of any ambiguity or inconsistency between it and the General Conditions of Contract.</p> <p>Each item of data given below is cross-referenced to the clause in the General Conditions of Contract to which it mainly applies.</p>
1	The Employer is the Government of the Republic of South Africa in its Department of Public Works.
1	The Period of Performance is from inception of this Contract until the Service Provider has completed all Deliverables in accordance with the Scope of Services.
1	The Project is: Town planning Services for the Project: Site Clearance: Ga-Rankuwa Magistrate Office: Construction of additional Accommodation, Repairs and Renovations
3.4 and 4.3.2	The authorised and designated representative of the Employer is the departmental project manager, details of whom are as indicated in T1.1 Notice and Invitation to Tender under item T1.1.4.
3.4.1	Communication by e-mail is not permitted.
3.5	The Services shall be executed in the Service Provider's own office and on the Project site as described in C3.2.2 Project description herein. No portion of the work may be performed by a person employed by the State. No portion of the work may be sublet to any other person or persons without the prior written approval of the Employer.
3.6	Omit the following: "... within two (2) years of completion of the Service ...".
3.12.1	<p>Period of Performance shall be sub dividable in separate target dates according to the programme to be submitted in terms of clause 3.14 hereof.</p> <p>A Penalty amount of R1 000 per day will be applicable per target date for the full period of the delay. In the event that the delay exceeds 30 days, the Employer will have the option to either: (i) terminate the contract and recover any loss as a result of the termination from the Service Provider, or (ii) allow the Service Provider to continue with the Services after the agreement of a new target date and recover the penalty of R1 000 per day for the full period of the delay.</p>

3.15	<p><u>For fees stipulated as “value based” in C2.1 Pricing Instructions, C2.1.1.1:</u> Programme: A programme for the performance of the Service shall be submitted by the Service Provider, identified as the principal agent in terms of C3.5.1 Service Providers, to the departmental project manager, within a period of two (2) weeks following the briefing meeting.</p> <p>The programme will be the result of the coordination of all appointed Service Providers’ inputs and shall be in sufficient detail describing key milestones, events and activities linked to the fastest realistic timeframes in which the Service can be delivered. Milestones and events are to be listed based on the Scope of Services described in part C3 of the various appointed Service Providers’ tender documents and presented in bar chart format. No milestones may, at the coordination stage, be extended beyond the timeframes outlined in C3.2.2.3 Project Programme without acceptable reasons. The programme thus compiled and presented by the principal agent must be counter-signed by all appointed Service Providers as proof that the programme was agreed upon by all during the said coordination action.</p> <p>The Employer retains the right to negotiate such submitted programme with the principal agent in consultation with the appointed Service Providers, if required, to promote the interest of the project.</p> <p><u>For fees stipulated as “time based” in C2.1 Pricing Instructions, C2.1.1.1:</u> Project Execution Plan (PEP): A PEP for the performance of the Service shall be submitted by the Service Provider, to the departmental project manager, within a period of two (2) weeks following the briefing meeting.</p> <p>In the event of the Employer not being satisfied with the submitted PEP, the Parties will negotiate in good faith towards a PEP that will be agreeable to both. Such an agreed-upon PEP will form the basis for the management of the appointment and remuneration purposes. Should circumstance change from the initial briefing, the Service Provider and the Employer will negotiate a revised PEP to satisfy such change(s). Should the Parties fail to reach agreement on the PEP or revised PEP, the matter will be dealt with in terms of clause 12.1.2 of the General Conditions of Contract. Should the mediation process fail, the Contract will be deemed to have been mutually terminated and any reasonable fees accrued at that stage settled by the Employer.</p>
3.16.2	<p>Where CPI_s = the index of StatsSA P0141 (Table B) for the month during which the tender closed. CPI_n = the index of StatsSA P0141 (Table B) for the month in which the anniversary of the tender date falls.</p> <p>The indices of StatsSA P0141 are available on the Website: http://www.statssa.gov.za/Publications/statsdownload.asp?PPN=P0141</p>
4.1.1	<p>Briefing meeting: The departmental project manager shall arrange a briefing meeting, compulsory for all appointed Service Providers, as soon as practicable after the appointment of the professional team as referred to in C3.5.1 Service Providers hereof, or after the appointment of the core members of the professional team required to commence with the Services if not appointed at the same time, during which meeting the departmental project manager, together with any supporting advisors, will verbally brief the professional team comprehensively regarding the requirements of the project and the Scope of Services and hand over, to the Service Providers, all documentation relevant to the execution of the Service.</p>
5.4.1	<p>Minimum professional insurance cover of R1,5 million, with the first amount payable not exceeding 5% of the value of indemnity, and/or personal liability – all as more comprehensively described in C1.2.3 Data provided by the Service Provider and in respect of which the Service Provider must provide data as required.</p>
5.5	<p>The Service Provider is required to obtain the Employer’s prior approval in writing before taking any of the following actions:</p> <ol style="list-style-type: none"> 1. Travelling for which payment will be claimed, as defined in C2.1.7 Travelling and subsistence arrangements and tariffs of charges;

	<ol style="list-style-type: none"> 2. Deviate from the final programme as in clause 3.15 above; 3. Deviate from the programme (delayed or earlier); 4. Deviate from or change the Scope of Services; 5. Change Key Personnel on the Service.
5.5 (c)	<ol style="list-style-type: none"> 1. Exclusion of authority/powers The Service Provider's authority to act and/or to execute functions or duties is excluded in respect of the matters listed below. The Employer shall retain its powers and authority as stipulated in the applicable clauses of the contract data which are relevant and applicable to the JBCC or GCC conditions of contract. <ol style="list-style-type: none"> 1.1 Appointment of nominated subcontractors; 1.2 Granting of extension of time and/or ruling on claims associated with claims for extension of time; 1.3 Acceleration of the rate of progress and determination of the cost for payment of such acceleration; 1.4 Rulings on claims and disputes; 1.5 Suspension of the works; 1.6 Final payment certificate; 1.7 Issuing of <i>mora</i> notices to the contractor; 1.8 Cancellation of the contract between the Employer and contractor. <p>Any claims, demands, notices, notifications, updated particulars and reports in writing, together with additional supporting documentation pertaining thereto, must be submitted by the contractor to the Service Provider, acting as principal agent, in respect of any of the matters listed in 1.1 to 1.8 above. This must be done within the time periods and in the format(s) as determined in the said/relevant conditions of contract. On receipt thereof, said Service Provider must study the documentation, obtain comments/advice/recommendations from the professional team members and submit a motivated recommendation to the Employer. This must be done timeously as to allow the Employer sufficient time to respond within the time periods and in the format(s) determined in said conditions of contract. The Employer's ruling will be copied to the Service Provider for information.</p> 2. Limitation of authority/powers The Service Provider's authority is limited in respect of the submission to the Employer of comments/recommendations/reports for prior endorsement/approval and further instructions. These pertain to any decision in respect of approval for/of: <ol style="list-style-type: none"> 2.1 Institution of or opposing litigation; 2.2 Issuing of variation orders/contract instructions/orders in writing which increase the value of the works/contract value and/or change the design of intended use of the project; 2.3 Instructions to embark on dayworks; 2.4 Dayworks rates; 2.5 Material quotes relating to dayworks; 2.6 Adjustment of general items relating to dayworks; 2.7 Expenditure on prime cost items; 2.8 Issuing of practical completion, completion, works completion, final completion and/or final approval certificates. <p>In respect of the matters listed in 2.1 to 2.10 above, the Service Provider must submit all necessary documentation in order to enable the Employer to formulate decisions and to obtain the Employer's formal endorsement/approval prior to acting and/or executing functions or duties in respect of the contract between the Employer and the contractor. This must be done timeously so as to allow the Employer sufficient time for decision-making in terms of the said conditions of contract.</p> <p>Failure to adhere to the above stipulation will cause the Service Provider to be liable in terms of the Contract between Service Provider and Employer for all such unintended costs and damages.</p>

8.1	The Service Provider is to commence the performance of the Services immediately after the Contract becomes effective and execution to be as per the programme in clause 3.14 above (see C3 Scope of Services, C3.6 Brief).
8.4.3 (c)	The period of suspension under clause 8.5 is not to exceed two (2) years.
9.1	Copyright of documents prepared for the Project shall be vested with the Employer.
12.1.2	Interim settlement of disputes is to be by mediation.
12.2.1	In the event that the Parties fail to agree on a mediator, the mediator is to be nominated by the president of the Association of Arbitrators (Southern Africa).
12.2.4 / 12.3.4	Final settlement is by litigation.
13.1.3	All partners in a joint venture or consortium shall carry the same professional indemnity insurance as per clause 5.4.1 of the General Conditions of Contract.
13.4	Neither the Employer nor the Service Provider is liable for any loss or damage resulting from any occurrence unless a claim is formally made within 5 years from the date of termination or completion of the Contract.
13.5	The amount of compensation is unlimited.
13.6	The provisions of 13.6 do not apply to the Contract.
14.4	In the first sentence, change "... period of twenty four months after ..." to "... period of thirty six months after ...".
15	In respect of any amount owed by the Service Provider to the Employer, the Service Provider shall pay the Employer interest at the rate as determined by the Minister of Finance, from time to time, in terms of section 80(1)(b) of the Public Finance Management Act, 1999 (Act no1 of 1999).

C1.2.3 Data provided by the Service Provider

Clause	
	Each item of data given below is cross-referenced to the clause in the General Conditions of Contract to which it mainly applies.
1	The Service Provider is the company, close corporation, natural person or partnership named in C1.1 Form of Offer and Acceptance by the tendering Service Provider.
5.3	The authorised and designated representative of the Service Provider is the person named in the resolution PA-15.1 by the tendering Service Provider.
5.4.1	<p><u>Indemnification of the Employer</u></p> <p>I, the undersigned, being duly authorized by the Service Provider, in terms of the completed resolution (PA-15.1 or PA-15.3)</p> <p>.....(Name of authorized person)</p> <p>hereby confirm that the Service Provider known as:</p> <p>.....(Legal name of entity tendering herein)</p> <p>tendering on the project:</p> <p>.....</p>

C2: PRICING DATA

C2.1 Pricing Instructions

C2.1.1 Basis of remuneration, method of tendering and estimated fees

C2.1.1.1 Professional fees for town planning Services will be paid on a **time basis**

C2.1.1.2 **Tenderers are to tender:**

The different rates for the different levels in C2.2.2 Activity Schedule for Time Based Fees, column (c)

all as set out below.

C2.1.2 Remuneration for town planning **Services**

C2.1.2.1 **Professional fees for Services rendered by the Service Provider shall be calculated as follows:**

- **The different rates tendered for the different levels in “C2.2.2 Activity Schedule for Time Based Fees”, column (c), multiplied by the actual number of hours spent plus Value Added Tax, all according to the provisions under C2.1.3.**

C2.1.2.2 The amount tendered herein (C1.1) is for tender purposes only and will be amended according to the actual number of hours for each level as agreed in PEP.

C2.1.2.3 Reimbursable rates for typing, printing and duplicating work and forwarding charges as set out under C2.1.5 herein will be paid in full, irrespective of the rates tendered as referred to in C2.1.1.2 and C2.1.2.1 above.

C2.1.2.4 **Disbursements in respect of all travelling and related expenses**(including all travelling costs, time charges and subsistence allowances related thereto) **as may be described in fee scale documents issued by the SACPLAN will not be paid for. Tenderers must make provision for and include all such costs in their tender when calculating the percentage or rates as described in C2.1.1.2 above.**

The site, and/or venues for meetings, and/or offices for applications must be visited as often as the Services require for the execution of all duties on the Project. All disbursements in this regard will be deemed to be included in the applicable fees as stated in C2.1.1.1.

C2.1.2.5 All fee accounts are to be signed by a principal of the Service Provider and submitted in original format, failing which the accounts will be returned. Copies, facsimiles, electronic and other versions of fee accounts will not be considered for payment.

C2.1.2.6 For all Services provided on a time basis, time sheets giving full particulars of the work, date of execution and time duration, should be submitted with each fee account.

C2.1.2.7 Payments to the Service Provider will be made electronically according to the banking details furnished by the Service Provider. Any change in such banking details must be communicated to the departmental project manager timeously. Fee accounts, correct in all respects, will be deemed submitted when received by the Employer and settled when electronically processed by the Employer. The Employer reserves the right to dispute the whole account, any item or part of an item at any time and will deal with such case in terms of clause 14.3 of the General Conditions of Contract.

C2.1.2.8 Accounts for Services rendered may be submitted on the successful completion of each stage of work as per the agreed PEP. No interim accounts prior to completion of stages will be entertained. Payment of accounts rendered will be subject to the checking thereof by the departmental project manager. The Employer reserves the right to amend the amounts claimed in order to conform to

the rates stipulated in this Contract and make payment on the basis of the balance of the account in accordance with clause 14.3 of the General Conditions of Contract.

C2.1.2.9 Fee accounts shall be submitted on the Employer's prescribed format, if available, obtainable on the Employer's Website: <http://www.publicworks.gov.za/> under "Documents"; "Consultants Guidelines".

C2.1.3 Time based fees

C2.1.3.1 Fees for work done under a time based fee
Where time based fees are payable (if basis of remuneration has been set at "time basis" according to C2.1.1.1), the various rates per hour tendered for the various levels in C2.2.2 Activity Schedule for Time Based Fees (column (c) "Tenderer's rates for Time Based Fees") and the principles as laid down below will be used. These various rates will annually be adjusted for inflation as determined by clause 3.16.2 of the Contract, as amended in the Contract Data in C1.2.2. The time based rates applicable at the time of the execution of the work, as adjusted from time to time, may be claimed.

C2.1.3.2 The various levels (referred to in C2.2.2 Activity Schedule for Time Based Fees) are the levels referred to in paragraphs A to D below.

To determine the time based fee rates, the professional and technical staff concerned are divided into:-

Category A: Expert professional registered town planner
in respect of a private consulting practice in town planning, shall mean a top practitioner whose expertise and relevant experience is nationally or internationally recognized and who provides advice at a level of specialization where such advice is recognized as that of an expert.

Category B: Principals
where level of expertise and relevant experience is commensurate with the position, performs work of a conceptual nature in town planning design and development, provides strategic guidance in planning and executing a project and/or carries responsibility for quality management pertaining to a project.

Category C: Registered professional town planning
in respect of a private consulting practice in town planning, shall mean all salaried professional staff with adequate expertise and relevant experience performing work of a relevant professional nature and who carry the direct technical responsibility for one or more specific activities related to a project. A person referred to in category A and/or B above may also fall into this category if such person performs work of a relevant professional nature at this level.

Category D: Other technical Personnel
in respect of a private consulting practice in town planning, shall mean all other salaried technical staff with adequate expertise and relevant experience performing work of a relevant professional nature with direction and control provided by any person contemplated in categories A, B or C above.

Hourly rates calculated in terms of all the above shall be deemed to include overheads and charges in respect of time expended by clerical Personnel which shall, therefore, not be chargeable separately.

C2.1.3.3 Work will be remunerated for at the level in which it falls as defined in C2.1.3.2 above, irrespective of whether the person who in fact executed the work functions at a higher level of responsibility and competence.

C2.1.4 Set off

The Employer reserves the right to set off against any amount payable to the Service Provider, any sum which is owing by the Service Provider to the Employer in respect of this or any other project.

C2.1.5 Typing, printing and duplicating work and forwarding charges

C2.1.5.1 Reimbursable rates

The costs of typing, printing and duplicating work in connection with the documentation which must of necessity be done, except those which must in terms of the relevant Manual or other instructions be provided free of charge, shall be reimbursable at rates applicable at the time of the execution of such work. The document "Rates for Reimbursable Expenses" as adjusted from time to time and referred to below, is obtainable on the Employer's Website: <http://www.publicworks.gov.za/> under "Documents"; "Consultants Guidelines"; item 1.

C2.1.5.2 Typing and duplicating

If the Service Provider cannot undertake the work himself, he may have it done by another service provider which specialises in this type of work and he shall be paid the actual costs incurred upon submission of statements and receipts which have been endorsed by him confirming that the tariff is the most economical for the locality concerned.

If the Service Provider undertakes the work himself, he shall be paid in respect of actual expenses incurred subject to the maximum tariffs per A4 sheet as set out in Table 1 in the "Rates for Reimbursable Expenses".

Typing and duplicating expenses shall only be refunded in respect of the final copies of the following documents namely formal reports, formal soil investigation reports, specifications, feasibility reports, bills of quantities, material lists, minutes of site meetings and final accounts. The cost of printed hard covers shall only be paid in respect of documents which will be made available to the public such as bills of quantities and specifications or where provision of hard covers is specifically approved.

The typing of correspondence, appendices and covering letters are deemed to be included in the value based fees and time based fees paid.

C2.1.5.3 Drawing duplication

(a) For drawing duplication the standard rate as set out in Table 2 in the "Rates for Reimbursable Expenses" may be claimed **or** may be claimed according to the provisions as in (b) or (c) below.

(b) If the Service Provider undertakes the duplication of drawings, using his own duplication equipment, he shall be paid the actual cost incurred on condition that it is not higher than the lowest of three quotations of local firms doing drawing duplication in his locality. Such quotations must accompany his account.

(c) If the Service Provider does not undertake his own drawing duplication, he shall be paid the lowest of three quotations of local firms doing plan printing in his locality. Such quotations must accompany his account.

(d) Should there not be three firms doing drawing duplication in his locality, it must be mentioned on his account and the available quotation(s) must then accompany the account.

(The cost of providing all polyester negative prints required to form part of the original set of drawings, as-built drawings including computer assisted drawing records for all facets/disciplines involved in the project are included in the tendered fees and will not be reimbursed separately.)

C2.1.5.4 Forwarding charges

(a) Only the charges in respect of the forwarding of parcels by courier or air freight on special request by the Employer will be refunded, provided that such charges will not be refunded if the request had been made as a result of a delay caused by the Service Provider.

(b) The cost of postage, facsimile transmissions, telephone calls, e-mails, etc., is deemed to be included in the value based fees and time based fees paid.

C2.1.6 Travelling and subsistence arrangements and tariffs of charges
Notwithstanding the ruling in C2.1.2.4above (regarding disbursements and travelling expenses which will not be paid),when the Service Provider is requested in writing by or obtained prior approval in writing from the Employer to attend specific meetings at any of the Employer's offices or any extraordinary meetings on site or elsewhere, he will be remunerated according to the provisions under C2.1.6.1 to C2.1.6.5 herein.

C2.1.6.1 General
The most economical mode of transport is to be used taking into account the cost of transport, subsistence and time. Accounts not rendered in accordance herewith may be reduced to an amount determined by the Employer.

As the tariffs referred to hereunder are adjusted from time to time, accounts must be calculated at the tariff applicable at the time of the expenditure.

Where journeys and resultant costs are in the Employer's opinion related to a Service Provider's mal-performance or failure, in terms of this Contract, to properly document or co-ordinate the work or to manage the Contract, no claims for such costs will be considered.

C2.1.6.2 Travelling time
Fees for travelling time are as set out in Table 8 in the "Rates for Reimbursable Expenses".

Fees are payable for travelling time at the tariff, as set out in C2.1.3.10 Time charges for work done under a value based fee. Travelling time will be fully reimbursed.

C2.1.6.3 Travelling costs
Fees for travelling costs are as set out in Table 3 in the "Rates for Reimbursable Expenses".

Travelling costs will be refunded for the full distance covered per return trip measured from the office of the Service Provider appointed.

Compensation for the use of private motor transport will be in accordance with the Government tariff for the relevant engine swept volume, up to a maximum of 3000 cubic centimetres, prescribed from time to time and as set out in Table 3 in the "Rates for Reimbursable Expenses".

C2.1.6.4 Hired vehicles
In cases where use is made of hired vehicles, the most economical sized vehicle available is to be used but compensation shall nevertheless be restricted to the cost of a hired car not exceeding a capacity of 1300 cc. Where use of a special vehicle is essential (e.g. four track or minibus to accommodate more people), prior approval in writing must be obtained from the departmental project manager.

C2.1.6.5 Subsistence allowance
The subsistence allowances are as set out in Tables 4 and 5 in the "Rates for Reimbursable Expenses".

Only actual costs are payable in respect of absence from office of less than 24 hours.

Should the daily tariff as set out in Table 4 be inadequate, substantiated actual costs plus a special daily allowance as shown in Table 5 for incidental expenses, may be claimed. It must be noted that claims may only be according to Table 4 or Table 5. Accommodation should be limited to the equivalent of a three star hotel and no alcoholic beverages or entertainment costs may be claimed for.

C2.2 Activity Schedule

C2.2.1 Activities

The tenderer must make provision for all activities necessary for the execution of the service as set out in C3 Scope of Services hereof.

Sub-total Additional Services (6+7+8+9+10+11+12)				R	(13)
Sub-total Normal + Additional Services (5+13)				R	(14)
Add VAT @ 15% ((14) x 15%)				R	(15)
<u>TOTAL FINANCIAL OFFER</u> (14+15)				R	(16)

- NOTE:**
1. Total Financial Offer, (16) above, **must be carried over to C1.1 Form of Offer and Acceptance.** Failure to carry this over to the Form of Offer and Acceptance **may render the tender non-responsive.**
 2. Remuneration for time based appointments will be calculated as determined in C2.1.2 (i.e. for each level: the actual number of hours multiplied by the tendered rates in (c) above). In terms of C2.1.2.4, time spent on travelling, as well as any other travel related expenses (such as travelling costs and subsistence allowances) will not be remunerated – except as provided for in C2.1.6.
 3. Any Additional Services, not provided for in the Activity Schedule above, which become necessary/required in terms of the C3: Scope of Services at any stage of the Service after constitution of the contract, requiring further sub-contracting, will be the subject of prior negotiation with, and approval by, the department project manager, who will instruct the Service Provider on the procedure for such negotiation and the approvals required in the process. **Any additional services, procured on sub-contracting basis, without the involvement of the departmental project manager, will not be reimbursed.**

C3: SCOPE OF SERVICES

C3.1 Employer's objectives

This tender is for:

A Service Provider performing town planning work for the clearance of a site for development purposes. These services may entail any or all of the Services described in C3.2 as circumstances may dictate and fact become known after the onset of the project. Services anticipated at the time of compilation of this tender are ticked below.

C3.2 Description of the Services

C3.2.1 Project description

The subject project is located at Erf 8835 Ra-Rankuwa Unit 5 and the proposed development will take place on the western side of the site which is approximately 26,1808 ha in extent. The site is correctly zoned for "government" as per the City of Tshwane Town Planning Scheme and the studies that will be required for the project are overall project management by the town planner, land surveyor, electrical, civil, Traffic impact studies, geotechnical studies, environmental and archaeological studies.

C3.2.1.1 Scope of Project

TASK 1: TOWN PLANNING INVESTIGATIONS AND APPROVALS

This task-based deliverable involves the scope of work for the **Professional Registered Town Planner**, includes, but is not limited to, the following Task-Based Deliverables/Activities:

- Attending briefing or terms of reference workshop with client.
- Site orientation
- Briefing of sub-consultants
- Overall management of the project until all studies and approval area completed.
- Attend all project meetings as and when required.
- Preparation of a closeout report with approved SG diagram from the Surveyor General.

TASK 2: LAND SURVEYING

This scope of work for the sub-contracted Professional Registered **Land Surveyor** includes, but is not limited to, the following Task-Based Deliverables/Activities:

- Preparation of the Land surveyor Certificate detailing all servitudes affecting the property affected by the proposed development.
- Execution of a detailed topographical survey, in accordance with requirements detailed hereunder and noted as: "PARTICULAR LAND SURVEYOR REQUIREMENTS: DETAILED SITE SURVEY".
- Note 1: Data required for this Deliverable must be prepared in .dwg format.
- CAD drawings must have a coordinate system assigned to it, which can be imported into GIS, at the relevant location, or be used as an Autocad drawing.
- Note 2: These data sets will be extensively used during the current and follow-on planning and design phases for the proposed development and must be corresponding to the planning directives specified in this tender document.
- Attend all project meetings as and when required.

TASK 3: Civil Engineering Investigations

This task-based deliverable involves the scope of work for the sub-contracted **Professional Civil Engineer/Technologist**, which amongst others includes at least the following:

1. Water Supply (Domestic and Fire)

- An estimate with appropriate preliminary calculations of the average daily water demand with peak flows of the envisaged facility in respect of both for domestic and fire-fighting purposes, with a view to determine the flow volume(s) that will be required by the facility.

- The recommended water source(s) supported with appropriate reasoning in terms of the sufficient quantity and quality of the water and its compliance with the applicable standards as well as the possible need for treatment.
- In the situation where a local authority is proposed as the most viable water source, the following must be provided:
 - ✓ The availability and sustainable capacity of bulk water –
 - ✓ The capacity of the local authority's infrastructure and distribution network in terms of flows, pressures and condition to provide in the facility's requirements –
 - ✓ The degree of fire-fighting capability of and assistance available from the local authority.
 - ✓ Written confirmation in principle from the local authority regarding its capacity to provide in the water requirements as indicated above and an estimate of the possible bulk contribution cost –
 - ✓ Written confirmation in principle from the local authority that a water connection will be provided and an estimate of the possible cost
 - ✓ Any special requirements of the local authority in terms of the provision of water services, e.g. fire-fighting aspects with comments and recommendations in terms thereof.
- In the situation where a local authority as a source is not possible or viable or deemed to be an unacceptable risk and the proposed source is boreholes, a river, etc., the following must be provided:
 - ✓ Information regarding possible viable source options. - Information regarding further investigations that will have to be conducted.
 - ✓ Information regarding compliance with relevant legislation and if applicable further steps that will have to be taken to obtain the necessary approvals, authorisations, licences etc. from the applicable authorities such as Department of Water and Sanitation, Department of Environmental Affairs, etc.
- The sustainability and the possible spare capacity of the proposed source must be commented on.
- The possible need for water storage and the availability of a suitable location on the property taking into account and reporting on the environmental requirements in terms of the height of water tower structures.
- If the site is confirmed to be located on dolomite land, a Dolomite Footprint Stability Investigation (FDSI) must be conducted through the DRMU from which a recommendations will be made on the works that will be implemented on the ground.

2. Sewage / Waste Water

- An estimate with appropriate preliminary calculations of the average daily flow volumes with peak flows of the envisaged facility with a view to determine the flow volumes that will be discharged by the facility.
- An assessment of disposal options with a recommendation of a viable method.
- In the situation where waste water is proposed to be disposed of into a local authority's system the following must be provided:
 - ✓ Information regarding the availability and capacity of a local authority's treatment facility and sewerage network.
 - ✓ Written confirmation in principle from the local authority regarding its capacity in terms of its sewerage network and wastewater treatment to accept the volumes as estimated and an estimate of the possible bulk contribution cost.
 - ✓ Written confirmation in principle from the local authority that a sewage connection will be provided and an estimate of the possible cost.
 - ✓ Any special requirements of the local authority in terms of the provision of waste water disposal services with comments and recommendations in terms thereof.
- In the situation where disposal into a local authority's system is not viable or possible and where onsite treatment or other methods of disposal will be required, the following must be provided:
 - ✓ Information regarding possible viable options for disposal of wastewater. - Information regarding further investigations that will have to be done.
 - ✓ Information regarding compliance with relevant legislation and if applicable further steps that will have to be taken to obtain the necessary approvals, authorisations,

licences, etc. from the applicable authorities such as Department of Water Affairs and Sanitation, Department of Environmental Affairs, etc.

- Should off-site treatment or disposal as a possible result of space constraint on the envisaged property be contemplated, this must be stated together with the proposed means of sewage disposal.
- Conservancy tank solutions should be avoided if possible.
- For dolomite sites the means of disposal shall not be septic tanks with soakaway ("French") drains. This is deemed unacceptable and a recommendation/objection to this effect should be raised.

3. Solid Waste

- An estimate of the volume of waste that will be generated by the facility.
- An assessment of disposal options with a recommendation of a viable method.
(The capacity of a local authority's infrastructure for disposal.
- Written confirmation in principle from the local authority regarding its capacity for disposal of the volume as estimated and an estimate of possible bulk contribution costs.
- Any special requirements of the local authority with comments and recommendations in terms thereof.
- Should e.g. an incinerator be required for the facility, then an indication on whether meeting of the legal requirements such as licencing as well as other related criteria will be attainable should be provided.
- If there are oil separators or fat traps on site, a comment on the location/position in relation to the buildings should be made (possible bad odour). The efficiency of the current system, the frequency of the cleaning fat tray(s) and access to the disposal facilities.

4. Storm Water

- An evaluation of the acceptability of the site's location in terms of the risk of storm water flooding.
- The site's locality relative to the 1 in 100 year flood line and the Local Authority's or other legal specific requirements in respect of flood line relating aspects and development limitations as well as an indication on whether the envisaged development will comply. (This aspect should normally be the environmental consultant's responsibility if appointed. The civil engineering services report should however provide basic information in this regard. To be coordinated with the appointed town planner and environmental consultant).
- An estimate with appropriate preliminary calculations of the probable storm water run-off according to the frequencies as per the "Guidelines for Human Settlement Planning and Design".
- An assessment of envisaged storm water management on site with a method of discharging from the site.
- Written confirmation in principle from the local or other responsible authority regarding its capacity for accepting storm water volumes as estimated from the site and a quotation of possible bulk contribution costs from the local authority if applicable.
- Any special requirements of the local authority e.g. attenuation dams which may impact on the envisaged development with comments and recommendations in terms thereof.

TASK 4: TRAFFIC IMPACT STUDY

This task-based deliverable involves the scope of work for the sub-contracted **Professional Civil Engineer with traffic studies experience/Technologist or Professional Transportation or Traffic Engineer/Technologist**, which amongst others includes at least the following:

TRAFFIC AND TRANSPORTATION ENGINEERING

4.1 Transportation (Public Transport)

- A basic assessment based on applicable codes and standards of the possible need for public transport for users of the facility.
- The availability of public transport with reference to the anticipated need.
- Parking demand adjusted as allowed in TMH 16 and 17
- Written confirmation in principle from the local or other authorities regarding the availability of public transport.
- Any special requirements of the local authority with comments and recommendations in terms thereof.

4.2 Site Traffic Assessment

- An assessment of the available space on the site to satisfy the calculated need for roads and parking. If parking is not provided within the proposed development, a parking layout, compatible with the proposed site layout, must be provided.
- The site layout plan need to allow for both the excess, out of building, parking as well as visitors parking. Where no visitors or employee parking is prescribed (THM 17) a comparative survey of a similar facility should be used or undertaken to provide realistic planning numbers.
- Parking area layout design as contained in the COTO documents must be applied, with specific attention given to ease of access and traffic flow.
- Access to sites is specific to the development and must be approved by the local authority as part of the Building Application. Provisional approvals will not be accepted.

4.3 Traffic Impact Assessment

- A basic assessment of the possible impact that the envisaged development will have on existing traffic patterns as well as the resultant possible need for upgrading of relevant traffic and road infrastructure, including on existing traffic management measures.
- A recommendation based on TMH 16, on the need for a detailed traffic impact study, must be made. This will determine the scope of the detail required for the traffic report.
- Written confirmation from the local authority regarding the need for upgrading of traffic and road infrastructure and an estimate of bulk contribution costs.
- Final recommendations regarding access to the site.
- Written confirmation in from the local authority regarding the availability of access to the site and an estimate of possible bulk contribution costs.
- Any special requirements of the local authority with comments and recommendations in terms thereof.

4.4 Sustainability of Services

- The sustainability of the services (3.1 to 3.6) in terms of the future provisioning thereof based on current demand as well as in terms of the possible projected increased demands and requirements due to e.g. possible extensions to the envisaged facility must be commented on. (Information regarding possible future increased utilisation is to be obtained from the Department's Directorate: Town Planning Services. If such information could not readily be obtained then a general opinion should be provided). Where applicable, use must be made of available Integrated Development Plans and the Local Authority's comments in this regard are to be obtained and provided

TASK 4: ELECTRICAL ENGINEERING INVESTIGATIONS

This task-based deliverable involves the scope of work for the sub-contracted **Professional Electrical Engineer/Technologist, which** amongst others includes at least the following:

The electrical engineer scope of work at site clearance phase shall be limited to report on the following:

- Give a brief description of the site and the conditions. Indicate position on a sketch of existing supply point and if required new supply point.
- Obtain or determine the capacity of the existing electrical connections on site.
- Get confirmation from the local supply authority regarding the type and size of electrical supply and what type of measurement and costing system are used.
- Indicate if spare capacity exists on the electrical network. Indicate the condition of the existing network and if the existing network complies with the relevant acts, standards, and regulations i.e. SANS 10142 and OHS ACT.
- Determine the closest supply point to the site.
- Determine the total load required for the existing and new installation (additional accommodation).
- Get confirmation from the local supply authority in writing that they will be able to provide the total new load required. Obtain estimated cost from the local supply authority regarding the upgrading/new connection.
- Obtain confirmation from the local supply authority regarding the voltage and the connection that will be provided (MV or LV).
- Advise the Department regarding regulatory and statutory requirements as well as any by-laws regarding the new connection.

- Advise the Department regarding any by-laws regarding emergency power supplies connected to the electrical network.

TASK 6: GEOTECHNICAL INVESTIGATIONS

This task-based deliverable involves the scope of work for the sub-contracted **Professional Civil Engineer with Geotechnical Experience/Technologist or Professional Geotechnical Specialist, which** amongst others includes

1. General

A number of phases are normally included in the investigation. The phases include a desktop study, site reconnaissance, preliminary fieldwork, detailed investigation and verification of conditions during construction. The process may be iterative in certain instances, with some phases being repeated prior to final site selection and commencement of detailed investigation. The following serves as a guide to the information, which is obtained in the various phases:

2. Desktop study

- Topographical maps and aerial photographs should be consulted to gain information on the general topography and prominent features. Geological maps should be consulted to gain information on the basic geology and possible dolomite areas.
- Local authorities and other organizations should be approached to establish whether they know about and/or have records available on investigations conducted in the area. The government mining engineer should be approached for information on mining operations where such operations are known to have been undertaken.
- The study of overlapping aerial photographs through a stereoscope may be of value in identifying geological features such as faults, dykes, geological boundaries, dolomite, etc. as well as soil types and drainage patterns. These features are often not apparent in the field.

3. Site Reconnaissance

- A site reconnaissance should be undertaken in order to gain geotechnical information from visible features, establish the suitability of various geophysical testing methods and investigate accessibility for drilling equipment.

4. Geophysical investigations

- Wherever practicable, a geophysical investigation will be undertaken. This investigation will comprise a seismic/resistivity/gravimetric/electromagnetic evaluation of the subsurface conditions of sufficient extent and depth in order to assist in the determination and selection of the most economic detailed investigation, aimed at foundation solutions/types. The Service provider shall report on this aspect in his assessment report.

5. Detailed investigations – Exploratory holes (typically by back tractor)

- The purpose of exploratory holes is to permit visual examination, testing of the in-situ material and for the recovery of samples.
- Hand or machine (back actor) excavated test pits should suffice for this section. Adequate direction and supervision of the work by competent staff with appropriate knowledge and experience as well as the authority to decide on variations to the investigation when required, is essential in order to obtain the greatest benefit from the investigation.

6. Logging and profiling

This work shall be carried out in accordance with the following:

- A guide to soil profiling for civil engineering purposes, as Produced by the South African Institute for Engineering and Environmental Geologists (SAIEG), South African Institute of Civil Engineers (SAICE) Geotechnical Division and Association of Engineering Geologists (AEG) (1993), edited by ABA Brink and RM Bruin.
- The geotechnical report shall provide clear guidance to the engineer, enabling him to select the most appropriate solutions and foundation types. The report should quantify the parameters required for the design of the proposed foundation and embankments. The report, together with the inspection of the site, will provide the future contractor with sufficient information to reasonably anticipate any problems that may occur during the execution of the works. This will enable the future contractor to tender a realistic price for the construction of the work and to select the most appropriate equipment and techniques therefore.

TASK 6: HERITAGE STUDY

This Task Based Deliverable involves the scope of work for the sub-contracted **Professional Architecture with Heritage Experience/ Professional Heritage Specialist**, which amongst others includes:

- To identify if there is any graveyard on the identified site, if found the Heritage Specialist will facilitate the all necessary processes for removal/and or legalizing the development in view of the same
- Implement excavation projects, informally known as digs, and collect data that informs their understanding of the past in relation to identified site.

TASK 7: ENVIRONMENTAL IMPACT STUDIES

This Task Based Deliverable involves the scope of work for the sub-contracted **Professional Environmental Specialist/ Built Environment Professional with Environmental Management Experience**, which amongst others includes:

- Undertaking of environmental screening to determine all activities triggering an environmental impact assessment (EIA) process.
- Application to DEA for registration of EIA.
- Undertaking scoping process of EIA
- Submission and approval of scoping report.
- Preparation of EIA report.
- Preparation of the environmental management programme (EMPr)
- Submission and approval of EIA.
- Application for Water Use Licence from the Department of Water Use Affairs and Sanitation
- Facilitation of licences and permits i.e;
 - i. Wastewater Treatment Works.
 - ii. Water supply storage.
 - iii. Licencing of quarantine facility.
 - iv. Follow up on responses from competent authority.
 - v. Attainment of environmental authorisation.

C3.2.1.2 Location of the Project

The subject project is located at Erf 8835 Ra-Rankuwa Unit 5, located North West of Pretoria, and is under the jurisdiction of the City of Tshwane Metropolitan Municipality.

C3.2.1.3 Project Programme

Summary of project activities	Project Deliverables	Deliverables Timeframe (months) min - max
PHASES 1 : PROJECT INCEPTION AND SITE AUDIT		
<ul style="list-style-type: none"> • Attending briefing or terms of reference meeting with the Project Manager. • Briefing and management of sub-consultants. • Consultation with relevant authorities regarding the requirements of EIA and environmental screening. • Attending all project meetings when necessary. 	<ul style="list-style-type: none"> • Finalization of project brief. • Study investigation or project inception reports. • Comprehensive site audit report. • Input / Approval letters from departmental relevant professionals for incorporation on the final or close report. 	3-8 Months

PHASE 2: STATUTORY PROCESSES AND FINALIZATION		
<ul style="list-style-type: none"> • Attending all project meetings when necessary. • Undertaking and submission of the relevant memorandum to the municipality as per SPLUMA regulations 2013. • Attending to all the required local authority processes regarding the required development application such as public participation processes, advertisements, council meetings etc. • Address comments received and resolve objections if required. • Undertaking the EIA process. • Undertaking the Civil Engineering studies • Undertaking Electrical Engineering studies • Undertaking of Geotechnical studies • Undertaking of Traffic Impact Studies • Undertaking the land surveying procedures • Undertaking of Heritage studies • Participation in any hearing that may be necessitated by the process. 	<ul style="list-style-type: none"> • A complete development application to be submitted to the Local Authority • Proof of submission from the surveyor general. • Proof of submission of EIA report to the relevant authority • Complete electrical, civil, geotechnical studies, traffic, and heritage studies. 	3-10 months
PHASE 3: PROJECT DELIVERY		
<ul style="list-style-type: none"> • Acquire all required approvals • Attend all meetings as and when required • Preparation of final site clearance or close out report 	<ul style="list-style-type: none"> • Approval of the proposed red meat abattoir letter from the Local Authority • Approved SG Diagram • Environmental authorisation, licences and permits • Completed electrical, civil, geotechnical studies, traffic, and heritage studies. 	4-6 Months

Contract period is 24 months.

With the above milestones in mind, a Project Execution Plan (PEP) must be submitted in the format and within the time period stated in 3.15 of the Contract Data.

The PEP shall depict the work procedure proposed to obtain required result. It must, *inter alia*, include:

- a) cost per key milestone events/activities and/or deliverables;
- b) programme of key milestone events or activities for completion of Services;
- c) responsibilities, and facilities/resources that will be provided,
- d) CV of all persons whom the consultant proposes to use where qualifications or experience are of crucial importance.

C3.2.1.4 Information available from Employer

Needs assessment document which shows the required extent of the proposed development from the client department

C3.2.1.5 Reporting Requirements and Approval Procedure

As identified in C3.3 extent of the Services and the to-be-submitted PEP.

Notwithstanding any other requirements as listed elsewhere, the Service Provider shall submit a monthly report indicating progress of the Services.

C3.3 Extent of the Services

The specific town planning services required on this Project and referred to in C3.2 above entails the following, relative to the site to be cleared: [The Employer reserves the right to increase/decrease the services marked herein].

C3.3.1 Site Identification

If a site is not pre-identified by either the Client Department of the departmental project manager, the Service Provider must identify suitable sites, provide substantiation deliberations and recommend the most suitable site.

Deliverable: Site Identification Report

Site Identification Report to show alternative site options with pro's and con's, the evaluation of each option with a point scoring system and a recommended as to the best site for the purposes of the proposed development. The said Report to cover the following, duly supplemented with annexures:

- Property Description**
- Locality map**
- Land-use map**
- Ownership**
- Property Size**
- Zoning/Land use rights**
- Heritage aspects to be investigated**
- Environmental aspects to be investigated**
- Access**
- Accessibility**
- Feasibility**
- Availability of Services**
- Alternative site options**
- Recommendation**

C3.3.2 Site Audit

If a site was identified by the client department or the departmental project manager as an acceptable site for the development, the Services Provider's task is to verify whether the proposed site is suitable for the proposed facilities and to confirm the availability, feasibility and legal status of the proposed development on the site. The use of specialist professionals may be required.

Deliverable: Site Audit Report

Audit of the acceptable site's pros and con's, verification of viability of pre-determined site, findings and recommendations.

- Title Deeds**
- Surveyor General Diagram**
- Topographical Land Survey with contours, structures, trees etc.**
- Servitudes, services traversing the site, right of ways**
- Locality map**
- Land-use map**

- Impact on the surrounding land uses from the proposed development
- Impact on the development from the surrounding land uses
- Zoning certificate
- Heritage aspects to be investigated and application lodged if needed
- Need for EIA or Basic Assessment or Exemption
- Confirm Access and Accessibility
- Infrastructure Services report indicating capacity of services
- Geotechnical Report
- Site contamination/pollution report
- Traffic Impact Assessment and mitigation measures
- Photographs, aerial photographs, maps
- Community support
- Recommendation

Professional inputs required

Specialist/professional services that may be required for this appointment/project may include any of the following:

- Civil and
- Architect
- Electrical Engineers
- Land Surveyor
- Environmental Consultant
- Geotechnical Specialist
- Soil Scientist
- Heritage Specialist
- Contamination/pollution specialist
- Any Specialist as may be required depending on the characteristic of the property

3.3.3 Land Procurement / Availability

If no suitable State owned property is available for the intended service, the department needs to secure alternative land for the proposed development. As such it is expected of the Service Provider to enter into preliminary negotiations and to conclude a Land Availability Agreement, which includes confirmation of all conditions pertaining to the proposed transaction, as well as the owner's willingness to make the land available to the State.

Deliverable: Land procurement report

Report to motivate the need to procure land to create an appropriate site for the proposed development.

- Land ownership
- Land availability
- Probable conditions and cost implications
- Diagram of required land
- Title deeds
- Valuations
- Draft Deed of Sale (obtainable from the Regional Office of DPW)
- Council Resolution when Municipal land is to be acquired/ donated
- If property has been vested (Item 28(1) Certificate to be obtained from Department of Land Affairs)
- Deed of Donation is required in the event that the property being the subject of a donation.

If the land is held in trust for a Tribal Authority or in the ownership of the Department of Land Affairs (the old TBVC-areas), it is necessary to obtain Tribal approval of the proposed acquisition/donation. It is then necessary to obtain an Item 28(1) certificate from the Department of Land Affairs.

- Meeting with Tribal Authority in the presence of an authorized official of the Department of Land Affairs

- Tribal Authority approval Surveyed Diagram
- Item 28(1) Certificate
- PTO from Department of Traditional Affairs in KwaZulu-Natal – only for Nkonyama Trust Land

3.3.4 Site Creation

This is the final phase of the project. The outcome informs the departmental project manager on site information available or remaining, risk factors for the planning and construction phases, approvals obtained, remaining approvals, conditions to guide planning and development, important issues to note.

Legalization

After a proposed or determined site is selected and approved by the departmental project manager and client department, the process of formalization is referred to as Site Creation and may include the following unless circumstances dictate differently in which case the PEP must be adjusted and agreed prior to execution of the Service:

- Township Establishment
- Rezoning
- Consent use
- Consolidation
- Subdivision
- Removal of restrictions
- DFA-application
- Environmental Authorization from the National Department of Environmental Affairs
- Heritage audit/approval
- Less Formal Township Establishment

Deliverable: Site Report

Final report containing the site information/documentation from all professions and all approvals from authorities. This is deemed the final product.

- Essential engineering services capacity vs. demand report
- Approved SG Diagram
- Title Deeds
- Heritage approval (SAHRA permit & conditions)
- EIA authorizations and report it. Act 73 of 1989
- Environmental Management Plan imposed on the execution phase (EIA)
- Land use rights approval from the municipality
- Local Authority Financial Contributions
- Infrastructure Service Level Agreement

C3.4 Use of reasonable skill and care

It will be expected of the Service Provider to apply reasonable skills and due diligence in the execution of the duties stipulated in this document which shall include *inter alia* the following:

Although the Service Provider's documents may be scrutinised by the Employer, this shall in no way relieve him of his professional responsibility for the proper and prompt execution of his duties. The Employer shall also be entitled to have any documentation or calculations verified by Others. In the event of mal-performance, default or negligence, the Employer shall have the right to claim compensation or damages and set off such against any amount payable.

Occupational Health and Safety Act, 1993 (Act 85 of 1993)

The Service Provider shall be fully responsible for the compliance of his operation, equipment as well as staff and persons under his supervision in terms of the said Act, whether by invitation, instruction or otherwise and regardless of the capacity, purpose and relationship of any such persons to the appointment, to all aspects of all applicable regulations and stipulations under the Act.

Others may include, but are not limited to, Local, provincial and national authorities, statutory bodies, governmental departments, Others, as may be required from time to time, including the client department/end user(s).

C3.5 Brief

C3.5.1 Targeted dates and times

The Service Provider will be expected throughout to give preference to the execution of the work involved in this commission.

The work of all Service Providers will be coordinated by the principal agent, if appointed. All work is to be performed by registered professional planners and persons under their supervision and further be executed as described in the Programme according to clause 3.15 of the Contract Data (and/or PEP according to the same clause, if applicable).

C3.5.2 Final disposal of documents

Upon approval and finalisation of the final account of projects requiring a security clearance, it is a requirement that the Service Provider forward to the Employer all documents relating to this service. The same may be requested on any other project of the Employer.

C3.6 Applicable legislation and standards

This section applies to legislation emanating from national and provincial governments as well as that of any local authorities in whose area of jurisdiction the subject of the appointment falls and which has a bearing on the activities and services under this appointment.

All the applicable legislation, which do not specifically allow discretion in respect of compliance by the State, shall be followed exactly as intended by such legislation regardless of any instructions, verbal or in writing, to the contrary.

Should any applicable legislation allow discretion in respect of compliance by the State, it shall be followed exactly as intended by the relevant legislation as if no discretion is allowed until such time as specific instructions in writing are issued to the appointed professional team by the departmental project manager.

The Service Provider undertakes to ensure that his actions and outcome thereof including, but not limited to, the services to be affected by the Services shall be in accordance with all relevant legislation.

C3.7 Access to land/buildings/sites

Access to the land/buildings/sites shall be negotiated in consultation with the departmental project manager and with the pre-agreement with owner of such land/buildings/sites.

C3.8 Software application for programming

The Service Provider must avail himself of software to be used in the Project documentation for compatibility with other Service Providers as well as the Employer.

C3.9 Security clearance

It is an explicit condition of this agreement that partners, directors and/or the members of staff who will have insight into the planning of projects requiring security clearance, be kept to a minimum and that such persons will not object to being submitted to a security clearance, if the Employer so requires.

If the latter is applicable, the necessary forms will accompany this tender or be provided to the Service Provider at any stage thereafter. These forms must be completed, if attached, and returned with the tender. It is important to furnish information which is complete in every respect.

Should the authority responsible for the clearance, for security reasons not be satisfied with the classification obtained of any of the staff members of the Service Provider, it will be a further condition of this appointment that none of such staff members be involved with any aspect of the Project.

All documents pertaining to these projects must be stored in a safe place when not in use so as to ensure that the level of security of the projects is maintained.

The Employer will not accept liability for any costs in this regard.

FINGER PRINTS (except Defence projects)

Persons of whom security clearance is required can obtain a finger print form SAP 91(a) from any police station. Kindly ensure that the police official responsible for taking the finger prints certifies the form since non-certification will result in the form being unacceptable.

C3.10 Condition to accept unregistered persons with suitable built environment qualifications on secondment

It is an express term of the contract that the Service Provider, after award of tender, accept unregistered, suitably qualified (built environment) persons in his office for the purpose of exposing the latter to the full extent of professional work, or as may be required according to specific circumstances, in order to gain experience which can be presented to the relevant Council for consideration towards professional registration. The secondment of such unregistered persons will be negotiated with the Service Provider in terms of numbers, periods of training and extent of professional work opportunity to be afforded. The conditions of secondment will be the subject of a separate Memorandum of Understanding with the Service Provider which will serve as an annexure hereto. Any secondment arrangements will cease upon the professional registration of the seconded person or as agreed on and so included in the aforesaid Memorandum of Understanding. The responsibility for salaries of seconded persons will remain with the Employer, but responsibility for operational expenses, necessary for the execution of the work, will vest with the Service Provider, all of which will be dealt with in the Memorandum of Understanding.
