54. A Tender must not be conditional on:
- The Board approval of the Bidder or any related governing body of the Bidder being obtained.

TENDER RESPONSE

COMPLIANCE WITH TERMS OF REFERENCE

57. Under Part C of this RFP, a Bidder must submit a tabulated statement showing its level of compliance to the Terms of Reference contained in this RFP Part B.

Full details of the non-compliance (including the nature and extent of the non-compliance and any reasons for such non-compliance) must be stated in the space provided in the tabulated statement.
59. No response is required in respect of a particular section of the Terms of Reference where Bidders will comply with the Terms of Reference. Only sections that Bidders have not complied with, or will only comply with subject to conditions, should be noted in the tabulated statement.
60. The GGB is prepared to contemplate minor variations or departures from the Terms of Reference proposed by Bidders.
61. However, Bidders should note that significant or substantive variations or departures from the Terms of References will not be viewed favourably unless the Bidder is able to clearly demonstrate to the satisfaction of the GGB the necessity for such variations or departures.

Note to Bidders: The GGB will assume that a Bidders Response complies in all relevant respects with the Terms of Reference unless the Bidder states otherwise. Failure to notify the GGB of any non-compliance may result in a Bidders Response being disregarded.

GENERAL

62. Indefinite responses such as “noted”, “to be discussed” or “to be negotiated” are not acceptable.
63. Where the Bidder is unwilling to accept a specified condition, the non-acceptance must be clearly and expressly stated. Prominence must be given to the statement detailing the non-acceptance. It is not sufficient that the statement appears only as part of an attachment to the Tender or be included in a general statement of the Bidders usual operating conditions.
64. An incomplete Tender may be disqualified or assessed solely on the information completed or received with the Tender.

INNOVATIVE SOLUTIONS

65. Bidders are encouraged to offer options or solutions which may, in an innovative way, contribute to the GGB's ability to carry out its operations in a more cost-effective manner.
66. These options or solutions may be related to:
 - a. The outputs, functional, performance and technical aspects of the requirement; or
 - b. Opportunities for more advantageous commercial arrangements.
67. Any such options or solutions will be considered by the GGB on a "commercial in confidence" basis if so, requested by the Bidder.
68. Where a Bidder submits an offer which meets the requirements of this RFP in an alternative and practical manner, the Tender must also include any supplementary material (including such pricing and costing details as may be necessary to enable the GGB to fully assess the financial impact of the alternative proposal), which demonstrates in detail that such an alternative will fully achieve and/or exceed all the specified requirements, together with references as to why the additional features may be advantageous.
69. The GGB reserves the right to consider such offers on their merits or not to consider them at all.

CONTRACT DISCLOSURE REQUIREMENTS

DISCLOSURE OF INFORMATION

70. The Conditions of Tendering include a provision for the disclosure of contract information (refer to this RFP Part A dealing with "Use of Tenders").
71. If a Bidder wishes to withhold the disclosure of specific contract information, the Bidder must clearly outline how the release of this information will expose trade secrets, business strategy or unique methodologies that may expose the business unreasonably to disadvantage.

TRADE SECRETS

72. In considering whether specific information should be categorised as a trade secret, Bidders should assess:
 - a. The extent to which it is known outside of the Bidders business.
 - b. the extent to which it is known by the persons engaged in the Bidders business.
 - c. any measures taken to guard its secrecy.
 - d. its value to the Bidders business and to any competitors.
 - e. the amount of money and effort invested in developing the information; and
 - f. the ease or difficulty with which others may acquire or develop this information.

UNREASONABLE DISADVANTAGE

73. In determining whether disclosure of specific information will expose a Bidders business unreasonably to disadvantage, the following should be considered:
- a. Whether the information is generally available to competitors; and
 - b. Whether it could be disclosed without causing substantial harm to the competitive position of the business.

GGB will consider these applications in the Tender evaluation and negotiations (if any) with Bidders.

EVALUATION OF TENDERS

EVALUATION PROCESS

74. Following the Closing Time, the GGB intends to evaluate the Tenders received.
75. Tenders will be evaluated against the Evaluation Criteria specified under the section "Evaluation Criteria Format".
76. Without limiting the GGB's rights in the RFP, the GGB may at any time during the Tendering Process choose to:
- a. Shortlist one or more Bidders; and
 - b. Accept one or more of the Tenders.
77. Unless the Evaluation Criteria explicitly require, the GGB may, but is not in any way bound to, shortlist, to select as successful, or to accept the Tender offering the lowest price.
78. Should the GGB choose to include a short-listing stage in its evaluation process, the GGB is not, at any time, required to notify Bidders or any other person or organisation interested in submitting a Tender.
79. A Bidders Response will not be deemed to be unsuccessful until such time as the Bidder is formally notified of that fact by the GGB. The commencement of negotiations by the GGB with one or more other Bidders is not to be taken as an indication that any Bidders Response has not been successful.

EVALUATION CRITERIA FORMAT

80. The evaluation criteria are weighted to reflect the importance of project requirements noted in the Terms of Reference.
81. In evaluating Bidders Responses, the GGB will have regard to:
- a. Specific evaluation criteria identified in the list below.
 - b. the overall value for money proposition presented in the Bidders Response; and
 - c. particular weighting assigned to any or all of the evaluation criteria specified below.
82. For the purposes of this RFP 'value for money' is a measurement of financial and non-financial factors, including:

- a. Quality levels; and
- b. performance standards.

83. Value for money will be assessed on a 'whole of life' basis (including the transitioning-in, the contract term and the initiating-out phases of the relationship between the GGB and a Bidder), with a view to long-term sustainability of the value for money proposition and with a focus on ensuring that value for money outcomes are promoted and protected following the conclusion of any contract that may result from this RFP.
84. Administrative compliance will be determined in accordance with the conditions listed in this RFP.
85. The evaluation criteria will be in line with the PPPFA, 2000 (Act No. 5 of 2000) and Preferential Procurement Regulations 2022 as amended.
86. Evaluation will be based on a point system and two-stage evaluation process. As a pre-requisite, a bid must comply with the requirements of the bid solicitation and meet the minimum threshold of the functionality evaluation criteria to be declared responsive and qualify to the next evaluation stage.
87. The value of this bid is estimated to be less than R 50 000 000.00 and therefore the 80/20 specific goals system shall apply. The following is the weighting awarded for each element, and the threshold score.

Evaluation element	Weighting	Threshold score
Technical proposal (Functionality)	80	70 Points
Presentation	20	10 Points

Evaluation element	Weighting	Threshold score
Price proposal	80	N/A
