3. GDRT's REQUIREMENTS

3.1 Introduction

The Gauteng Province Department of Roads and Transport aims to accelerate the implementation of road infrastructure programmes through appropriate project management initiatives in the transport and road infrastructure sectors which are critical to the achievement of various national objectives for economic growth, job creation and mobility.

The Department further aims to contribute to sustainable livelihoods and economic growth by accelerating the delivery of quality social and economic road infrastructure and promoting cost-effective, sustainable, integrated road infrastructure planning and delivery.

3.2 Overview of GDRT Requirements

The Gauteng Province Department of Roads and Transport in executing projects uses the services of various disciplines and the Contractors to achieve completion of such projects. These Contractors are sourced from the market through open tenders in the media and government bulletin.

The challenge associated with an open tender is that despite tight criteria, the volume of responses remains very high as every business puts forward its application that must be evaluated appropriately. The GDRT has experienced high volumes of tender responses in the past and this always surpasses the available resource capacity to evaluate on time and qualitatively. The risk therefore includes the possible compromise on the quality of the bid evaluation, loss of fairness, the lengthened procurement process, delays in project initiation etc.

The GDRT therefore in mitigating for these risks, considers appointing a panel for CIDB Graded Road Maintenance Contractors in the following CIDB Grades & Class, who will be used on an **as-and-when required basis**:

- A. SH 4
- B. SH 5
- C. SH 6 only.

3.3 Scope of Work

This Request for Registration is an invitation to contractors registered with CIDB to be added to a GDRT Panel of Contractors, to provide work in **ESTABLISHMENT OF A PANEL OF SERVICE PROVIDERS FOR CUTTING OF GRASS, TREE FELLING AND LITTER PICKING WITHIN THE ROAD RESERVES FOR ALL FIVE (5) REGIONS IN GAUTENG PROVINCE FOR A PERIOD OF THIRTY-SIX (36) MONTHS, AS AND WHEN REQUIRED**. Gauteng Province Department of Roads and Transport.

Extent of the works

- i. The proposed road infrastructure maintenance service:

CUTTING OF GRASS, TREE FELLING AND LITTER PICKING WITHIN THE ROAD RESERVE

GDRT' APPROACH & USE OF THIS PANEL

4.1 Objectives

GDRT's objective is to put in place a Panel of Contractors for services for cutting of grass, tree felling and litter picking within the road reserves for all five (5) regions in Gauteng province for a period of thirty-six (36) months, as and when required.

GDRT planned to achieve the above by entering into an agreement with Panel of Contractors over a three-year term with potential contractors for,

Establishment of a Panel of service providers for cutting of grass, tree felling and litter picking within the road reserves for all five (5) regions in Gauteng province for a period of thirty-six (36) months, as and when required

on an as and when instructed basis, to secure the services of contractors capable of serving the needs of various Regions on the road reserves.

The goal is to streamline the procurement of grass cutting and litter picking services from the open market to fulfil GDRT strategic objectives, while maintaining transparency, fairness and equitability in the procurement process.

The GDRT will utilise the Panel of Contractors to source road infrastructure maintenance services in an accelerated manner. Sourcing through this manner, further supports:

SERVICE PROVIDER CODE OF CONDUCT

GDRT aims to achieve the best value for money when buying or selling goods and obtaining services. This however must be done in an open and fair manner that supports and drives a competitive economy. Underpinning our process are several acts and policies that any service provider dealing with GDRT must understand and support. These are:

The GDRT Procurement Policy – A guide for Tenderers.

Section 217 of the Constitution of the Republic of South Africa, 1996 - the five pillars of Public Procurement and Supply Chain Management: fair, equitable, transparent, competitive and cost effective;

The Public Finance Management Act, Act 1 of 1999 (PFMA);

The Broad Based Black Economic Empowerment Act, Act 53 of 2003 (B-BBEE); The Companies Act, Act 71 of 2008,

The Prevention and Combating of Corrupt Activities Act, Act 12 of 2004 (PRECCA); The Protected Disclosures Act, Act 26 of 2000,

The Construction Industry Development Board Act, Act 38 of 2000(CIDB Act); and The Preferential Procurement Policy Framework Act, Act 5 of 2000.

This code of conduct has been included in this contract to formally appraise GDRT Service providers of GDRT's expectations regarding behaviour and conduct of its Service providers. The tenderer will share this code of conduct with its subcontractor(s) prior to submitting the tender and ensure adherence to it by the subcontractor(s).

Prohibition of Bribes, Kickbacks, Unlawful Payments, and Other Corrupt Practices

GDRT's aim is to become a world class provincial department. As such, our transformation is focused on adopting a performance culture and to adopt behaviours that will enable this transformation.

1. GDRT will not participate in corrupt practices in any form or guise. Therefore, it expects its service providers to act in the same manner.

GDRT and its employees will adhere the laws of this country and keep accurate business records that reflect actual transactions with, and payments to, our service providers.

GDRT Employees must not accept or request, agree or promise to accept, money, or anything of value, or any form of gratification, either directly or indirectly, from service providers or anyone linked to them in return for a benefit or other advantage to accrue to a service provider or other linked 3rd party.

Employees may not receive anything that is intended to:

- In an irregular or untoward manner, influence their judgement or conduct to ensure a specific or pre-conceived desired outcome of a sourcing activity.
- In an irregular or untoward manner, win or retain business or influence any act or decision of any person involved in sourcing decisions; or
- Gain an improper advantage.

There may be times when a service provider is confronted with fraudulent or corrupt behaviour of GDRT employees. We expect our Service providers to use our “Tip-offs Anonymous” Hot line to report these acts.

2. GDRT is firmly committed to the concept of free and competitive enterprise.

Service providers are expected to comply with all applicable laws and regulations regarding fair competition and antitrust practices.

GDRT does not engage with non-value adding agents or representatives solely for the purpose of increasing BBEE spend (fronting).

3. GDRT's relationship with service providers requires us to clearly define requirements, to exchange information and share mutual benefits.

- Generally, service providers have their own business standards and regulations. Although GDRT cannot control the actions of our service providers, we will not tolerate any illegal activities. These include, but are not limited to:
- Misrepresentation of their product (origin of manufacture, specifications, intellectual property rights, etc);
- Collusion in whatever form that is intended to influence procurement decisions.
- Failure to disclose accurate information required during the sourcing activity (ownership, financial situation, BBEE status, etc.);
- Corrupt activities listed above; and
- Harassment, intimidation or other aggressive actions towards GDRT employees.
- Service providers will be evaluated and approved before any materials, components, products or services are purchased from them. A rigorous due diligence is conducted, and the service provider is expected to participate in an honest and straight forward manner.
- Service providers must record and report facts accurately, honestly and objectively. Financial records must be accurate in all material respects.

Conflicts of Interest

A conflict of interest arises when personal interests or activities influence (or appear to influence) the ability to act in the best interests of GDRT Limited.

Doing business with family members or close associates.

Having a financial or beneficial interest in another company in our industry or environment

Where possible, contracts will be negotiated to include the above in the terms of such contracts. To the extent such terms are not included in contractual obligations and any of the above code is breached, then GDRT reserves its right to review doing business with these service providers.
