The Mvula Trust

Date: 25/09/2025

Executive Trustee (CEO) Silas Seani Mbedzi

C.3.11	Evaluation of Tender offers (Continued)	The Mvula Trust is obligated to undertake risk assessment before accepting offers. In doing the risk assessment the following must be considered. Employer is restricted in accordance with clause 4.(4) of the Construction Regulations, 2014, to only appoint a Contractor whom he is satisfied has the necessary competencies and resources to carry out the work safely. Employer is obligated by standards of uniformity to tender to evaluate if the Contractor can, as necessary and in relation to the proposed contract, demonstrate that he or she possesses the professional and technical qualifications, professional and technical competence, financial resources, equipment and other physical facilities, managerial capability, reliability, experience and reputation, expertise and the personnel, to perform the contract; In this contract the risk assessment will be conducted in relation to the key areas below: A. Technical qualifications & Technical Competence The bidder to submit the following key person CV's and qualifications CV's Contract manager with 3 years built environment qualification with at least 5 years' experience in building works - CV's Contract manager with 3 years built environment qualification with at least 5 years' experience in building works - OHS officer registered with SACPCMP - Foreman at least with 5 years in building of school's sanitation and buildings <table border="1"> <thead> <tr> <th>Low risk</th><th>Medium risk</th><th>High risk</th></tr> </thead> <tbody> <tr> <td>All CV meet the minimum requirements</td><td>Only one CV does not meet the requirements</td><td>More than one CV does not meet the minimum requirements</td></tr> </tbody> </table> B. Work load and Capacity Current project under construction and locality of projects. <table border="1"> <thead> <tr> <th>Low risk</th><th>Medium risk</th><th>High risk</th></tr> </thead> <tbody> <tr> <td>Company has projects currently or and all are not behind of programme. The total number of projects including the work to be awarded will not be exceeding its CIDB grading upper limit</td><td>Company has projects currently or and behind by 10 % or less on the approved programme. The total number of projects including the work to be awarded will not be exceeding its CIDB grading upper limit</td><td>Company has projects currently or and behind by 11 % or more on the approved programme. The total number of projects including the work to be awarded will not be exceeding its CIDB grading upper limit</td></tr> </tbody> </table> C. Reliability Completed at least three similar sanitation and building projects with each project having a value of at least R 3 000 000.00 and above, completed (Practical Completion) within 30% of the revised contract period (including approved E.O.Ts) in the past three (3) years. At least two projects must be in the Eastern Cape. <table border="1"> <thead> <tr> <th>Low risk</th><th>Medium risk</th><th>High risk</th></tr> </thead> <tbody> <tr> <td>Completed at least three projects within 10% of the approved contract period</td><td>Completed at least two projects in between 11% and 20 % of the approved contract period</td><td>Completed at least two projects in above 20% of the approved contract period</td></tr> </tbody> </table>	Low risk	Medium risk	High risk	All CV meet the minimum requirements	Only one CV does not meet the requirements	More than one CV does not meet the minimum requirements	Low risk	Medium risk	High risk	Company has projects currently or and all are not behind of programme. The total number of projects including the work to be awarded will not be exceeding its CIDB grading upper limit	Company has projects currently or and behind by 10 % or less on the approved programme. The total number of projects including the work to be awarded will not be exceeding its CIDB grading upper limit	Company has projects currently or and behind by 11 % or more on the approved programme. The total number of projects including the work to be awarded will not be exceeding its CIDB grading upper limit	Low risk	Medium risk	High risk	Completed at least three projects within 10% of the approved contract period	Completed at least two projects in between 11% and 20 % of the approved contract period	Completed at least two projects in above 20% of the approved contract period
Low risk	Medium risk	High risk																		
All CV meet the minimum requirements	Only one CV does not meet the requirements	More than one CV does not meet the minimum requirements																		
Low risk	Medium risk	High risk																		
Company has projects currently or and all are not behind of programme. The total number of projects including the work to be awarded will not be exceeding its CIDB grading upper limit	Company has projects currently or and behind by 10 % or less on the approved programme. The total number of projects including the work to be awarded will not be exceeding its CIDB grading upper limit	Company has projects currently or and behind by 11 % or more on the approved programme. The total number of projects including the work to be awarded will not be exceeding its CIDB grading upper limit																		
Low risk	Medium risk	High risk																		
Completed at least three projects within 10% of the approved contract period	Completed at least two projects in between 11% and 20 % of the approved contract period	Completed at least two projects in above 20% of the approved contract period																		

D. Experience and reputation

At least three contactable references from three on 3 similar sanitation and building projects completed (Final Completion) in the past 3 years. Each project having a value of at least R 3000 000 and above

Low risk	Medium risk	High risk
Company has 3 good rating on 3 projects	Company has at least 2 fair rating and 1 good rating from on 3 projects	Company has at least 1 good rating and 2 fair rating from on 3 projects

E. Price Offered

Price offered does not pose risk to completion of the project and is market related. It will not detrimentally affect the scope, quality, time of completion of the works as identified in the Scope of Work. The BEC may or may not interview the bidder should it deem it necessary based on the objective risk assessment.

An offer that is considered to be significantly low compared to the market related price/cost norm will be considered a high risk.

Acceptable risk	Medium risk	High risk
If price is within 10 % above or below of market value	If price is between 10 % and 20 % below market value	If price is more than 20 % below the market value

Bidders maybe be requested to supply additional information regarding their prices in form of rate build-ups for materials costs, source and cost of plant, labour and management costs and preliminaries and generals costs.

F. Construction Implementation Plan (Brief report)

A construction implementation plan must be developed to address the following “

- Human resource deployment (Contracts manager/ OHS officer/Skilled labour/unskilled labour etc) and number to be employed, and their role and responsibilities on the project.
- Materials procurement plan (Which materials will procure, How, where and when will the materials be procured to support the construction programme.
- What plant and equipment will be used and how will they be sourced and from where?
- How will quality control and assurance be managed.
- Detailed Construction programme
- Cash flow projections to support the detailed construction programme.

. A plan that does not cover all the areas and is less detailed will be considered a high risk. Contractor may be called in to present the plan and they must be accompanied by the key staff indicated above on item 1.

Low risk	Medium risk	High risk
A sound plan that covers all of the above key areas and is based on known information	A sound plan that covers 4 of the above key areas well and is based on known information	A sound plan that covers less than 4 of the above key areas well and is based on known information

T2.3.3 - Reliability

Completed at least three similar sanitation and building projects with each project having a value of at least R 3 000 000.00 and above, completed (Practical Completion) within 30% of the revised contract period (including approved E.O.Ts) in the past three (3) years. At least two projects must be in the Eastern Cape.

Provide details of completed projects

Name of Project	Locality of Project	Value of Project	Original Completion date	Revised Completion date	Actual Completion date
