Tender Title: Appointment of EAP and Specialists for the Regional Bulk Wastewater Project for the Greater Hilton Area within the uMngeni Local Municipality

T1.1 TENDER NOTICE AND INVITATION TO TENDER

Umgeni Water is a state owned business enterprise that operates within the South African legislative parameters. The primary function of Umgeni Water is to supply treated water in bulk to its municipal customers.

Competent and experienced Service Providers are invited to Tender for the following:

In alignment with NEMA, the EAP and Specialists will be required to undertake the necessary Environmental Impact Assessments for the Regional Bulk Wastewater Project in the Greater Hilton Area, to obtain environmental authorisations, permits, licences required before construction may commence.

In addition to the Eligibility Criteria specified in Clause F2.1 of the tender document, tenderers are required to fulfil the following:

EAP requirements: Honours Degree and SACNASP/EAPASA

Tenderers are required to achieve at least 35% Contract Participation Goals (CPG) including a minimum 10% Black Women participation and another 10% for Local participation of the value of goods, services and Works paid to one or more targeted enterprises to comply with Umgeni Water's BBBEE policy initiative.

Evaluation method:

The tender will firstly be evaluated on eligibility. If found to be eligible, it will be further evaluated in two stages i.e.

- Functionality shall be assessed. A minimum functionality score of seventy (70) points is required for the tender to be considered further.
- Price & Preference using the 80/20 Preference Point Scoring System in terms of PPPFA

The physical address for collection and submission of Tender documents and the submission of Tenders is: **Umgeni Water, 310 Burger Street, Pietermaritzburg.**

Documents will be issued by email, upon request and submission of proof of payment to spha.mthembu@umgeni.co.za. Documents will only be issued in electronic format, during working hours from 09h00 to 15h00 from 27 June 2022 to 08 July 2022

Tender documents shall only be sold during the said period and hours.

A non-refundable tender fee of R 200 payable by Electronic Fund Transfer is required before collecting the Tender Document. Proof of EFT payment is to be provided on collection. The said transfers may be made to:

BANK NAME: NEDBANK LIMITED
ACCOUNT NAME: UMGENI WATER BOARD – MAIN ACCOUNT
ACCOUNT NUMBER: 1196366594
REFERENCE: 2022/096 and Company Name.

**NOTE: 1 TENDER DOCUMENTS SHALL NOT BE ISSUED IF INCORRECTLY REFERENCED.
2 TENDERER TO FORWARD NOTIFICATION OF PAYMENT BY E-MAIL TO [Sphamandla Mthembu] AT spha.mthembu@umgeni.co.za.**

Queries relating to the issue of these documents shall be addressed to: Mr Sphamandla Mthembu, Tel No.: 033 341 1325, e-mail: spha.mthembu@umgeni.co.za

A compulsory clarification meeting with representatives of Umgeni Water will take place at Umgeni Water Head Office Canteen on 12 July 2022 starting at 10h00

Only Tenderers who have purchased the Tender documents may attend this compulsory meeting.

Tenderers must ensure that they bring their documents to the clarification meeting for signing purposes. No concessions will be made for tenderers who do not have their tender documents in their possession.

The closing time for submission of Tenders is 12h00 on 25 July 2022

Tenders are to be deposited in the Tender Box located outside the main entrance at **Umgeni Water, 310 Burger Street, Pietermaritzburg.**

Umgeni Water's Standard Conditions of Tender are available on Umgeni Water's website

https://www.umgeni.co.za/pdf/cm009_standard_conditions_of_tender.pdf

Persons aggrieved by decisions or actions taken by Umgeni Water, may lodge an appeal within 7 days of the date of the intention to award advertisement appearing in the relevant print media.

*The appeal (clearly stating reasons for appeal) and queries with regard to the decision of award are to be directed, in writing only to the Supply Chain Management Office,
Attention: Supply Chain Management
Email: appeals@umgeni.co.za*

Note that appeals not addressed to the abovementioned email will not be considered.

For any other Tender adverts, please visit this website.

Umgeni Water Reserves the Right to Award the Contract In Whole or In Part.

T1.2 TENDER DATA (INCLUDING SPECIAL CONDITIONS OF TENDER)

The conditions of tender are the Umgeni Water Standard Conditions of Tender (document number: SCM009, a copy of which may be obtained from Umgeni Water Supply Chain Management office or can be downloaded from the following web site:

https://www.umgeni.co.za/pdf/cm009_standard_conditions_of_tender.pdf

For purposes of this Contract the following Special Condition of Tender shall apply:

F.3.8 Test for responsiveness

Sub-Clause F.3.8.1 Add the following new sub-clause:

“d) Meets the minimum Functionality requirement stated in the Tender Data.”

F3.11.3 Method 2: Functionality, Price and Preference

Functionality

Each member of the Employer's tender evaluation committee is to independently score each tender in respect of functionality offered in accordance with the provisions of F.3.11.9. The committee is then to calculate the final score for each tender as the average of the score from each committee member, rejecting all tender offers that fail to score the minimum number of points stated in the tender data, if any.”

The Standard Conditions of Tender make several references to the Tender Data for details that apply specifically to this tender. The Tender Data shall have precedence in the interpretation of any ambiguity or inconsistency between it and the Standard Conditions of Tender.

Each item of data given below is cross-referenced to the clause in the Standard Conditions of Tender to which it mainly applies.

T2.2.2 DECLARATION OF INTEREST

1. Any legal person, including persons employed by the state¹, or persons having a kinship with persons employed by the state, including a blood relationship, may make an offer or offers in terms of this invitation to bid (includes a price quotation, advertised competitive bid, limited bid or proposal). In view of possible allegations of favouritism, should the resulting bid, or part thereof, be awarded to persons employed by the state, or to persons connected with or related to them, it is required that the bidder or his/her authorised representative declare his/her position in relation to the evaluating/adjudicating authority where-

- the bidder is employed by the state; and/or
- the legal person on whose behalf the bidding document is signed, has a relationship with persons/a person who are/is involved in the evaluation and or adjudication of the bid(s), or where it is known that such a relationship exists between the person or persons for or on whose behalf the declarant acts and persons who are involved with the evaluation and or adjudication of the bid.

2. **In order to give effect to the above, the following questionnaire must be completed and submitted with the bid.**

2.1 Full Name of bidder or his or her representative:

2.2 Identity Number:

2.3 Position occupied in the Company (director, trustee, shareholder²):

2.4 Company Registration Number:

2.5 Tax Reference Number:

2.6 VAT Registration Number:

- 2.6.1 The names of all directors / trustees / shareholders / members, their individual identity numbers, tax reference numbers and, if applicable, employee / persal numbers must be indicated in paragraph 3 below.

¹"State" means –

- (a) any national or provincial department, national or provincial public entity or constitutional institution within the meaning of the Public Finance Management Act, 1999 (Act No. 1 of 1999);
- (b) any municipality or municipal entity;
- (c) provincial legislature;
- (d) national Assembly or the national Council of provinces; or
- (e) Parliament.

²"Shareholder" means a person who owns shares in the company and is actively involved in the management of the enterprise or business and exercises control over the enterprise.

- 2.7 Are you or any person connected with the bidder
presently employed by the state? **YES / NO**

- 2.7.1 If so, furnish the following particulars:

Name of person / director / trustee / shareholder/ member:

Name of state institution at which you or the person connected to the bidder is
employed:

Position occupied in the state institution:

Any other particulars:

.....

2.7.2 If you are presently employed by the state, did you obtain the appropriate authority to undertake remunerative work outside employment in the public sector? **YES / NO**

2.7.2.1 If yes, did you attached proof of such authority to the bid document? **YES / NO**

(Note: Failure to submit proof of such authority, where applicable, may result in the disqualification of the bid.

2.7.2.2 If no, furnish reasons for non-submission of such proof:

2.8 Did you or your spouse, or any of the company's directors / trustees / shareholders / members or their spouses conduct business with the state in the previous twelve months? **YES / NO**

2.8.1 If so, furnish particulars:

2.9 Do you, or any person connected with the bidder, have any relationship (family, friend, other) with a person employed by the state and who may be involved with the evaluation and or adjudication of this bid? **YES / NO**

2.9.1 If so, furnish particulars.

2.10 Are you, or any person connected with the bidder, aware of any relationship (family, friend, other) between any other bidder and any person employed by the state who may be involved with the evaluation and or adjudication of this bid? **YES / NO**

2.10.1 If so, furnish particulars.

2.11 Do you or any of the directors / trustees / shareholders / members of the company have any interest in any other related companies whether or not they are bidding for this contract? **YES / NO**

2.11.1 If so, furnish particulars:

3 Full details of directors / trustees / members / shareholders

T2.2.4 TAX COMPLIANCE STATUS LETTER REQUIREMENTS

It is a condition of a Tender that the taxes of the successful Tenderer **must** be in order, or that satisfactory arrangements have been made with South African Revenue Service (SARS) to meet the Tenderer's tax obligations.

- Bidders must ensure compliance with their tax obligations.
- Bidders are required to submit their unique personal identification number (pin) issued by SARS to enable the organ of state to verify the taxpayer's profile and tax status.
- Application for Tax Compliance Status (TCS) pin may be made via e-filing through the SARS website www.sars.gov.za.
- Bidders may also submit a printed TCS certificate together with the bid.
- In bids where consortia / joint ventures / sub-contractors are involved, each party must submit a separate TCS certificate / pin / CSD number.
- Where no TCS is available but the bidder is registered on the Central Supplier Database (CSD), a CSD number must be provided.
- No bids will be considered from persons in the service of the state, companies with directors who are persons in the service of the state, or close corporations with members in the service of the state.

T2.2.6 CERTIFICATE OF INDEPENDENT TENDER DETERMINATION

- 1 This section must form part of all tenders¹ invited.
- 2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive tendering (or tender rigging).² Collusive tendering is a *pe se* prohibition meaning that it cannot be justified under any grounds.
- 3 Treasury Regulation 16A9 prescribes that accounting officers and accounting authorities must take all reasonable steps to prevent abuse of the supply chain management system and authorizes accounting officers and accounting authorities to:
 - a. disregard the tender of any tenderer if that tenderer, or any of its directors have abused the institution's supply chain management system and or committed fraud or any other improper conduct in relation to such system.
 - b. cancel a contract awarded to a supplier of goods and services if the supplier committed any corrupt or fraudulent act during the tendering process or the execution of that contract.
- 4 This SBD serves as a certificate of declaration that would be used by institutions to ensure that, when tenders are considered, reasonable steps are taken to prevent any form of tender-rigging.
- 5 In order to give effect to the above, the attached Certificate of Tender Determination (SBD 9) must be completed and submitted with the tender:

¹ Includes price quotations, advertised competitive tenders, limited tenders and proposals.

² Tender rigging (or collusive tendering) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for Employers who wish to acquire goods and / or services through a tendering process. Tender rigging is, therefore, an agreement between competitors not to compete.

T2.2.6 CERTIFICATE OF INDEPENDENT TENDER DETERMINATION (continued)

I, the undersigned, in submitting the accompanying tender:

.....
(Tender Number and Description)

in response to the invitation for the tender made by:

.....
(Name of Institution)

do hereby make the following statements that I certify to be true and complete in every respect:

I certify, on behalf of: that:
(Name of Tenderer)

1. I have read and I understand the contents of this Certificate;
2. I understand that the accompanying tender will be disqualified if this Certificate is found not to be true and complete in every respect;
3. I am authorized by the tenderer to sign this Certificate, and to submit the accompanying tender, on behalf of the tenderer;
4. Each person whose signature appears on the accompanying tender has been authorized by the tenderer to determine the terms of, and to sign the tender, on behalf of the tenderer;
5. For the purposes of this Certificate and the accompanying tender, I understand that the word "competitor" shall include any individual or organization, other than the tenderer, whether or not affiliated with the tenderer, who:
 - (a) has been requested to submit a tender in response to this tender invitation;
 - (b) could potentially submit a tender in response to this tender invitation, based on their qualifications, abilities or experience; and
 - (c) provides the same goods and services as the tenderer and/or is in the same line of business as the tenderer
6. The tenderer has arrived at the accompanying tender independently from, and without consultation, communication, agreement or arrangement with any competitor. However communication between partners in a joint venture or consortium³ will not be construed as collusive tendering.
7. In particular, without limiting the generality of paragraphs 6 above, there has been no consultation, communication, agreement or arrangement with any competitor regarding:
 - (a) prices;
 - (b) geographical area where product or service will be rendered (market allocation)
 - (c) methods, factors or formulas used to calculate prices;
 - (d) the intention or decision to submit or not to submit, a tender;
 - (e) the submission of a tender which does not meet the specifications and conditions of the tender; or
 - (f) tendering with the intention not to win the tender.
8. In addition, there have been no consultations, communications, agreements or arrangements with any competitor regarding the quality, quantity, specifications and conditions or delivery particulars of the products or services to which this tender invitation relates.
9. The terms of the accompanying tender have not been, and will not be, disclosed by the tenderer, directly or indirectly, to any competitor, prior to the date and time of the official tender opening or of the awarding of the contract.

10. I am aware that, in addition and without prejudice to any other remedy provided to combat any restrictive practices related to tenders and contracts, tenders that are suspicious will be reported to the Competition Commission for investigation and possible imposition of administrative penalties in terms of section 59 of the Competition Act No 89 of 1998 and or may be reported to the National Prosecuting Authority (NPA) for criminal investigation and or may be restricted from conducting business with the public sector for a period not exceeding ten (10) years in terms of the Prevention and Combating of Corrupt Activities Act No 12 of 2004 or any other applicable legislation.

³ **Joint venture or Consortium means an association of persons for the purpose of combining their expertise, property, capital, efforts, skill and knowledge in an activity for the execution of a contract.**

T2.2.7 CONTRACT PARTICIPATION GOALS

Objective

The objective of Umgeni Water's empowerment initiative is to bring about meaningful transformation in all procurement projects and in particular in the built environment / construction and consulting industry through achieving one or more of the following objectives:

- Meaningful Economic Participation;
- Local Economic Development;
- Transfer of Technical, Management and Entrepreneurial Skills; and
- Creation of sustainable Black Enterprises

Contract Participation Goals

Contract Participation Goal (CPG) – the **final** value of services paid to the CPG Partner/s based on the **final** contract value.

At the time of awarding the contract the 35% minimum CPG amount will be based on the contract award value exclusive of the following:

- VAT, CPA and Contingencies.

During contract implementation, adjustments relating to Provisional Sums and Contingencies linked to the CPG allocation will be agreed upon between the parties to the contract, as and when the need arises.

CPG Partner/s – Service provider/s selected from Umgeni Water's Supply Chain Management (SCM) Enterprise Development Database.

Tenderers (the main Service Provider irrespective of BBBEE classification) who are on Umgeni Water's SCM Enterprise Development Database are not exempt from this requirement and are still required to have a CPG Partner.

Tenderers are required to achieve at least 35% Contract Participation Goals (CPG) including a minimum 10% Black Women participation and another 10% for Local participation of the value of goods, services and Works paid to one or more enterprises (CPG Partner/s)

- 35% includes any special materials
- 35% excludes VAT, CPA and Contingencies.
- The tenderer will be required to achieve the actual Rand value committed for CPG, adjusted according to the following:
 - Variation Orders – Each VO will be evaluated by the Employer's Agent and the Project Manager to determine whether it should be counted, in its entirety or partially, as part of CPG or not.
 - Re-measurable Items (including CPA, and provisional sums) – Each re-measurable item change will be evaluated by the Employer's Agent and the Project Manager to determine whether it should be counted as part of CPG or not.

Within 2 weeks of the award of contract, the tenderer will be required to submit a cash flow projection for the main contractor and the CPG Partner/s

Applicability

The CPG target is applicable to all contracts to be adjudicated through the Umgeni Water procurement process and shall be achieved through the following mechanisms:-

- CPG Partner/s selection is concluded **after** adjudication of tenders and **before** contract award is made.
- The CPG Partner/s shall be selected according to the following criteria:

- CPG Partner/s are to be obtained from Umgeni Water's database of Service Providers specifically earmarked for CPG purposes.
- In the event of services where Umgeni Water does not have an applicable service provider on its database, the tenderer may propose a suitable CPG Partner/s for consideration by Umgeni Water.
- Main service provider may propose a suitable CPG Partner/s, but Umgeni Water reserves the right to provide or arrange a CPG Partner/s to work with the successful company.
- Sub-contracting of the CPG Partner/s at the same rate / price that the tenderer would have offered to Umgeni Water whilst making profit margins consistent to the profit margins that the main Service Provider would have made under normal trading processes.
- Value of the work to be sub contracted shall be at least **35% (minimum of 10% shall be due to Black Women participation and another 10% for Local participation)** of the total contract value excluding VAT, CPA and Contingencies.
- CPA is payable to the CPG Partner/s as per the indices stipulated in the contract document.
- The work allocated to the CPG Partner shall be performed by the CPG Partner directly and may not be allocated or sub-contracted out to other contractors/consultants/service providers.
- The main Service Provider **shall not** substitute any CPG Partner/s without the written approval of Umgeni Water.
- The working capital arrangements between the main Service Provider and the CPG Partner/s must be agreed upon between the two parties prior to commencement of works to ensure that the CPG Partner does not have cash flow challenges during contract implementation.

Invoicing and Payment

The monthly measurement and payment will be according to the following guideline:

- Submission of payment certificate by the Service Provider– by 25th of each month, or the nearest previous working day. The submission from the Service Provider shall include the signature of the CPG Partner indicating agreement with the measurements and rates applicable to the work undertaken by the CPG Partner.
- Payment to the Service Provider – on the last day of the following month;
- The CPG Partner must be paid within reasonable time but no later than 3 working days after the Main Service Provider has been paid by Umgeni Water; and
- The submission from the Service Provider must include a schedule that clearly shows the following:
 - Total Contract Sum
 - Total amount payable to CPG Partner/s excluding current month
 - Amount payable to CPG Partner for current month
 - % split of Total amount payable to Main Service Provider and CPG Partner/s

Monitoring and Reporting on CPG

- Umgeni Water will monitor CPG implementation on site. This may include direct contact with CPG Partner/s on site for verification purposes.
- The CPG Partner shall be in agreement with the measurement and payment for work completed, for the purposes of submitting payment certificates, as determined by the Service Provider. Should disagreements arise, Umgeni Water reserves the right to intervene to resolve the disagreement.
- CPG Partner/s shall attend all contractual meetings relevant to their scope of work including contract award negotiations, monthly contract site meetings and technical meetings where applicable.

Eligibility Criteria

For tenders where the CPG target is applicable, those that do not offer a **minimum** CPG participation of **35%** (including minimum 10% Black Women participation and another 10% for Local participation) according to the requirements mentioned above, will be deemed **ineligible**.

DECLARATION REGARDING CONTRACT PARTICIPATION GOALS

I, the undersigned, in submitting the accompanying bid:

(Bid Number and Description)

in response to the invitation for the bid made by:

UMNGENI WATER

do hereby make the following declaration and certify the statements contained herein to be true and complete in every respect:

I certify, on behalf of: _____ that:

(Name of Bidder)

1. I have read and I understand the contents of this Declaration and the fully completed bid document accompanying this declaration;
2. I understand and declare that the accompanying bid will, and must, be disqualified if this Declaration is found not to be true and complete in every respect;
3. I understand and declare that in the event that this bid is successful, I will be required to, and shall, fully implement the commitments that are submitted with this bid, in particular regarding the Bidder's contract participation goals and commitments towards the allocation of certain portion of the contract to small and emerging entities. Failure to implement such commitments as outlined in the bid document (in particular, as detailed in the bill of quantities) and or failure to provide the relevant information within the prescribed period as determined in the Letter of Intention to Award the Bid, shall automatically disqualify this bid from further consideration and the Employer has the right to, and must, then award the bid to the next highest ranked bidder; and as a result I or the bidder or any of its directors shall have no recourse against Umgeni Water.
4. I am authorized by the bidder to sign this Declaration, and to submit the accompanying bid, on behalf of the bidder;
5. Each person whose signature appears on the accompanying bid has been authorized by the bidder to determine the terms of, and to sign the bid, on behalf of the bidder;

6. I am aware that, and do consent to, the disqualification of my or the bidder's future bids with Umgeni Water in the event that the commitments made herein are not fulfilled and that such non-fulfillment amounts to abuse of Umgeni Water's supply chain policies and procedures and/or empowerment objectives which must be penalized, over and above the contractual sanctions as agreed to in line with the contract signed with Umgeni Water, with a sanction of restricting me and or my company (the bidder) and or any of its directors from conducting business with Umgeni Water for a period not exceeding ten (10) years.
7. I consent that should my company (the Bidder) deviate from the commitments and the spirit of the CPG objectives as agreed to, shall amount to a repudiation of the contractual arrangement between the two parties (Umgeni Water and the Bidder); and Umgeni Water shall have the right to terminate the contract with immediate effect and without giving my company (the Bidder) prior notice to remedy the breach.

T2.2.8 TENDERER'S EXPERIENCE [10]

The experience of the Tenderer or joint venture partners in the case of an unincorporated joint venture or consortium will be evaluated on the basis of experience in similar projects or similar areas and conditions in relation to the scope of work. Before compiling the company's experience, the Tenderer shall familiarise himself with the evaluation criteria listed on Page T2.26 and submit only projects relevant to the functionality score for assessment.

Tenderers should briefly summarize their company's experience (and that of any specialist sub-consultants, joint venture partners or consortium members) relevant to the scope of work.

The summary table below may be used. If a separate table is prepared, it shall be put in tabular form with the same headings.

DRAFT FOR REVIEW ONLY

Scoring of the Tenderer's Company experience will be as follows: []

DESCRIPTION	MAX POSSIBLE SCORE
<p>Company experience as EAP for projects requiring Environmental Impact Assessments/ Basic Assessments – (Submit Copy of Environmental Authorisation):</p> <ul style="list-style-type: none">• 1 project – 20 points• 2 projects – 40 points• 3 projects – 50 points• 4 projects – 60 points• 5 projects – 70 points,• 10 additional points for every project more than 5 projects to a maximum of 100 points	100

T2.2.8 TENDERER'S EXPERIENCE (Continued)

INSERT HERE

10									

Evidence: Submit Copy of Environmental Authorisation (EA). Any project listed in the above table without an EA submitted will not be considered.

T2.2.9 KEY PERSONNEL ASSIGNED TO THE WORK []

Insert in the table below the key personnel and their proposed function

Key personnel are those who will play an essential role in the contract. These include the persons responsible for managing the contract, co-ordinating the engineering, discipline lead engineers, subject matter experts and management of the construction monitoring phase where relevant

Tenderers are advised to check the functionality requirements listed for key personnel in Section T2.2.10 to ensure the nominated key personnel are appropriately qualified and experienced. The key personnel that will be evaluated for functionality in terms of Section T2.2.10 are to be listed in the table below. Tenderers may list additional Key Personnel in the additional rows provided but these will not be scored for functionality.

KEY PERSONNEL SCHEDULE

No.	Designation	Key Person Name
1.	EAP (to obtain Environmental Authorisation)	
2.	EAP/Project Leader for Water Use Licence application	
3.	EAP for Waste Management License / Approvals	

T2.2.10 EXPERIENCE OF KEY PERSONNEL | 70 |

Provide relevant information (CV's) as prescribed below for each of the Key Personnel proposed in Section T2.2.9.

For the purpose of functionality evaluation, the Employer regards the experience of the following Key Personnel as critical to project success and these personnel will be scored for functionality. The scoring criteria are outlined in the table below.

- A. EAP: Environmental Impact Assessments/Basic;**
- B. EAP/Project Leader: for Water Use License application;**
- C. EAP: for Waste Management License / Approvals**

The experience of each key person, relevant to the scope of work, will be evaluated from the points below:

- 1) General experience (total duration of activity), level of education and training and positions held by the key person.
- 2) The education, training and experience of the person, in the specific sector, field, subject, etc which is directly linked to the scope of work.

A CV (**not more than 3 pages**) in the required format below, shall be provided for each key person should be attached to this schedule. Note that Copies of Qualification and Professional Registration Certificates should be attached separately to Section T2.2.26

Each CV should be structured under the following headings:

1. Personal particulars
 - name
 - date and place of birth
 - place (s) of tertiary education and dates associated therewith
2. Qualifications
3. Name of current employer and position in Company
4. Overview last 10 years of experience (year, organization, position and projects)
5. Outline of recent assignments / experience that have a bearing on the scope of work for this tender **and the scoring criteria below**. The outline shall include start and finish dates of the assignments

The scoring of the experience of Key Personnel shall be as follows: [70]

<p>The Key Personnel required below must supply information relating to projects undertaken to show experience. Submit proof as requested.</p> <p>Experience of EAP in projects requiring Environmental Impact Assessments/Basic Assessments, Submit Copy of Environmental Authorisation.:</p> <ul style="list-style-type: none"> • 1 project – 10 points • 2 projects – 20 points, • 3 projects – 30 points, • 4 projects – 40 points, • 5 projects – 50 points, <p>A maximum of 50 points available.</p> <p>Experience of EAP/Project Leader in projects requiring Water Use Licence. Submit Copy of WUL:</p> <ul style="list-style-type: none"> • 1 project – 5 points • 2 projects – 10 points, • 3 projects – 15 points, <p>5 additional points for every project more than 3 projects to a maximum of 25 points.</p> <p>Experience of EAP/Project Leader in projects requiring Waste licences. Submit copy of waste licence:</p> <ul style="list-style-type: none"> • 1 project – 5 points • 2 projects – 10 points, • 3 projects – 15 points, <p>5 additional points for every project more than 3 projects to a maximum of 25 points.</p>	<p>100</p>

T2.2.11 PROPOSED ORGANIZATION AND STAFFING

The Tenderer should propose the structure and composition of their team i.e. the main disciplines involved, the key staff member / expert responsible for each discipline, and the proposed technical and support staff and site staff. The roles and responsibilities of each key staff member / expert should be set out as job descriptions. In the case of an association / joint venture / consortium, it should, indicate how the duties and responsibilities are to be shared.

The Tenderer must attach his / her organization and staffing proposals to this page.

The scoring of the proposed organization and staffing will be as follows:

No submission (score 0)	No Organizational and Staffing proposal submitted.
Poor (score 40)	The organization chart is sketchy; the staffing plan is weak in important areas. There is no clarity in allocation of tasks and responsibilities.
Satisfactory (score 70)	The organizational chart is complete and detailed, the technical level and composition of the staffing arrangements are adequate.
Good (score 90)	Besides meeting the "satisfactory" rating, staff are well balanced i.e. they show good co-ordination, complimentary skills, clear and defined duties and responsibilities. Some members of the project team have worked together before on limited occasions.
Very good (score 100)	Besides meeting the "good" rating, the proposed team is well integrated and several members have worked together extensively in the past.

T2.2.12 METHOD STATEMENT [10]

The method statement must respond to the Scope of Work and outline the proposed approach / methodology. The method statement should articulate what value the Tenderer will add by in achieving the stated objectives for the project.

The Tenderer must as such explain his / her understanding of the objectives of the assignment and the Employer's stated and implied requirements, highlight the issues of importance, and explain the technical approach they would adopt to address them. The approach paper should explain the methodologies which are to be adopted, demonstrate the compatibility of those methodologies with the proposed approach. The approach should also include a quality plan which outlines processes, procedures and associated resources, applied by whom and when, to meet the requirements and indicate how risks will be managed and what contribution can be made regarding value management.

The Tenderer must attach his / her approach paper to this page. The approach paper should not be longer than 8 pages.

Provide a method statement to undertake an Environmental Impact Assessment, integrated WUL application, Waste licence application for disposal of potable water treatment residue on land, as well as any other permit applications relevant to this project.)

The scoring of the approach paper will be as follows:

Technical approach and methodology	
No submission (score 0)	No Method Statement submitted
Poor (score 40)	The technical approach and / or methodology is poor / is unlikely to satisfy project objectives or requirements. The Tenderer has misunderstood certain aspects of the scope of work and does not deal with the critical aspects of the project.
Satisfactory (score 60)	The approach is tailored to address the project objectives and methodology. The quality plan and management of risk in the project plan is generic.
Good (score 80)	The approach is specifically tailored to address the specific project objectives and methodology and is sufficiently flexible to accommodate changes that may occur during execution. The quality plan and approach to managing risk is specifically tailored to the critical characteristics of the project.
Very good (score 100)	Besides meeting the "good" rating, the important issues are approached in an innovative and efficient way, indicating that the Tenderer has outstanding knowledge of state-of-the-art approaches. The approach paper details ways to improve the project outcomes and the quality of the outputs.

T2.2.13 PRELIMINARY PROGRAMME [10]

The Tenderer shall detail below or attach a preliminary programme reflecting the proposed sequence and tempo of execution of the main work components. The programme shall be in accordance with the information supplied in the Contract, requirements of the Project Specifications and with all other aspects of his Tender.

The programme is to include the main / sub-components with associated key milestones and interdependencies. The table below may be used for this purpose but is insufficiently detailed to ensure a good functionality score. Alternatively, a separate programme may be attached. It is preferred that a separate programme, prepared using project scheduling software is attached.

Submit a preliminary programme with the key activities/deliverables showing critical path and authority timeframes. Timeframes for specialist studies must be built into the programme. Potential risks to the project timeframes should be listed with possible solutions in a summary to the preliminary programme).

The contract should note that the contract is required to be completed, commissioned and handed over to the Employer by the date specified in the contract data.

PROGRAMME												
Component / Sub-component	WEEKS / MONTHS											

Note: The programme must be based on the completion time as specified in the Contract Data. No other completion time that may be indicated on this programme will be regarded as an alternative offer, unless it is listed in supported by a detailed statement to that effect, all as specified in the Tender Data.

Scoring of the preliminary programme will be as follows:

	Suitability of programme
No submission (score 0)	No preliminary programme submitted
Poor (score 40)	Programme is inadequate and/or considered unrealistic and does not achieve required completion date
Satisfactory (score 60)	Programme is considered realistic and adequately shows the main components and compliance with completion date
Good (score 80)	Programme is considered realistic and includes the main components and sub-components and compliance with completion date
Very good (score 100)	Programme is considered realistic and includes the main components and subcomponents and linkages and compliance with completion date

T2.2.19 PREFERENCE POINTS CLAIM FORM IN TERMS OF THE PREFERENTIAL PROCUREMENT REGULATIONS 2017

This preference form must form part of all tenders invited. It contains general information and serves as a claim form for preference points for Broad-Based Black Economic Empowerment (B-BBEE) Status Level of Contribution

NB: BEFORE COMPLETING THIS FORM, TENDERERS MUST STUDY THE GENERAL CONDITIONS, DEFINITIONS AND DIRECTIVES APPLICABLE IN RESPECT OF B-BBEE, AS PRESCRIBED IN THE PREFERENTIAL PROCUREMENT REGULATIONS, 2017.

1. GENERAL CONDITIONS

1.1 The following preference point systems are applicable to all tenders:

- the 80/20 system for requirements with a Rand value of up to R50 000 000 (all applicable taxes included); and
- the 90/10 system for requirements with a Rand value above R50 000 000 (all applicable taxes included).

1.2 The value of this tender is estimated not to exceed R50 000 000 (all applicable taxes included) and therefore the 80/20 system shall be applicable.

1.3 Preference points for this tender shall be awarded for:

- (a) Price; and
- (b) B-BBEE Status Level of Contribution.
(Refer Clause 5.7)

1.3.1 The maximum points for this tender are allocated as follows:

	POINTS
1.3.1.1 PRICE	80
1.3.1.2 B-BBEE STATUS LEVEL OF CONTRIBUTION	20
Total points for Price and B-BBEE must not exceed	100

1.4 Failure on the part of a tenderer to fill in and/or to sign this form and submit a B-BBEE Affidavit, Verification Certificate from a B-BBEE Verification Agency accredited by the South African National Accreditation System (SANAS) or a Registered Auditor approved by the Independent Regulatory Board of Auditors (IRBA), issued prior to 01 January 2017 together with the tender, will be interpreted to mean that preference points for B-BBEE status level of contribution are not claimed.

1.5 The purchaser reserves the right to require of a tenderer, either before a tender is adjudicated or at any time subsequently, to substantiate any claim in regard to preferences, in any manner required by the purchaser.

2. DEFINITIONS

2.1 "all applicable taxes" includes value-added tax, pay as you earn, income tax, unemployment insurance fund contributions and skills development levies;

2.2 "B-BBEE" means broad-based black economic empowerment as defined in section 1 of the Broad-Based Black Economic Empowerment Act;

- 2.3 “B-BBEE status level of contributor” means the B-BBEE status received by a measured entity based on its overall performance using the relevant scorecard contained in the Codes of Good Practice, or Sector Code on Black Economic Empowerment, issued in terms of section 9(1) of the Broad-Based Black Economic Empowerment Act;
- 2.4 “tender” means a written offer in a prescribed or stipulated form in response to an invitation by an organ of state for the provision of services, works or goods, through price quotations, advertised competitive tendering processes or proposals;
- 2.5 “Broad-Based Black Economic Empowerment Act” means the Broad-Based Black Economic Empowerment Act, 2003 (Act No. 53 of 2003);
- 2.6 “comparative price” means the price after the factors of a non-firm price and all unconditional discounts that can be utilized have been taken into consideration;
- 2.7 “consortium or joint venture” means an association of persons for the purpose of combining their expertise, property, capital, efforts, skill and knowledge in an activity for the execution of a contract;
- 2.8 “contract” means the agreement that results from the acceptance of a tender by an organ of state;
- 2.9 “EME” – (Exempted Micro Enterprise) means an Entity with annual turnover of R10 million or less means any enterprise with an annual total revenue of R5 million or less.
- 2.10 “Firm price” means the price that is only subject to adjustments in accordance with the actual increase or decrease resulting from the change, imposition, or abolition of customs or excise duty and any other duty, levy, or tax, which, in terms of the law or regulation, is binding on the Supplier and demonstrably has an influence on the price of any supplies, or the rendering costs of any service, for the execution of the contract;
- 2.11 “functionality” means the measurement according to predetermined norms, as set out in the tender documents, of a service or commodity that is designed to be practical and useful, working or operating, taking into account, among other factors, the quality, reliability, viability and durability of a service and the technical capacity and ability of a tenderer;
- 2.12 “non-firm prices” means all prices other than “firm” prices;
- 2.13 “person” includes a juristic person;
- 2.14 “QSE” – (Qualifying Small Enterprise) means an Entity that qualifies for measurement under the QSE scorecard with turnover of R10 million or more but less than R50 Million.
- 2.15 “rand value” means the total estimated value of a contract in South African currency, calculated at the time of tender invitations, and includes all applicable taxes and excise duties;
- 2.16 “sub-contract” means the primary Supplier’s assigning, leasing, making out work to, or employing, another person to support such primary Supplier in the execution of part of a project in terms of the contract;
- 2.17 “total revenue” – means the total income of an entity from its operations as determined under South African Generally Accepted Accounting Practice, as per the Codes of Good Practice on Black Economic Empowerment, issued in terms of section 9(1) of the Broad-Based Black Economic Empowerment Act and promulgated in the Government Gazette on 9 February 2007;
- 2.18 “trust” means the arrangement through which the property of one person is made over or bequeathed to a trustee to administer such property for the benefit of another person; and

- 2.19 “trustee” means any person, including the founder of a trust, to whom property is bequeathed in order for such property to be administered for the benefit of another person.

3. ADJUDICATION USING A POINT SYSTEM

- 3.1 The tenderer obtaining the highest number of total points will be awarded the contract.
- 3.2 Preference points shall be calculated after prices have been brought to a comparative basis taking into account all factors of non-firm prices and all unconditional discounts;.
- 3.3 Points scored must be rounded off to the nearest 2 decimal places.
- 3.4 In the event that two or more tenders have scored equal total points, the successful tender must be the one scoring the highest number of preference points for B-BBEE.
- 3.5 However, when functionality is part of the evaluation process and two or more tenders have scored equal points including equal preference points for B-BBEE, the successful tender must be the one scoring the highest score for functionality.
- 3.6 Should two or more tenders be equal in all respects, the award shall be decided by the drawing of lots.

4. POINTS AWARDED FOR PRICE

4.1 THE 80/20 OR 90/10 PREFERENCE POINT SYSTEMS

A maximum of 80 or 90 points is allocated for price on the following basis:

$$\begin{array}{ccc} \mathbf{80/20} & \mathbf{or} & \mathbf{90/10} \\ P_s = 80 \left(1 - \frac{P_t - P_{\min}}{P_{\min}} \right) & \text{or} & P_s = 90 \left(1 - \frac{P_t - P_{\min}}{P_{\min}} \right) \end{array}$$

Where:

- P_s = Points scored for comparative price of tender under consideration
 P_t = Comparative price of tender under consideration
 P_{\min} = Comparative price of lowest acceptable tender

5. Points awarded for B-BBEE Status Level of Contribution

- 5.1 In terms of Regulation 6 (2) and 7 (2) of the Preferential Procurement Regulations, preference points must be awarded to a tenderer for attaining the B-BBEE status level of contribution in accordance with the table below:

B-BBEE Status Level of Contributor	Number of points (90/10 system)	Number of points (80/20 system)
1	10	20
2	9	18
3	6	14
4	5	12
5	4	8
6	3	6
7	2	4
8	1	2
Non-compliant contributor	0	0

- 5.2 Tenderers who qualify as EMEs in terms of the B-BBEE Act must submit a certificate issued by an Accounting Officer as contemplated in the CCA, prior to 01 May 2015 or a B-BBEE Affidavit with B-BBEE Status Level Certificates.
- 5.3 Tenderers other than EMEs must submit their original and valid B-BBEE status level Affidavit QSE (for entities whose turnover is between R10 million and R50 million, with 51% to 100% Black Ownership) verification certificate or a certified copy thereof, substantiating their B-BBEE rating issued by a Registered Auditor approved by IRBA (prior to 1 January 2017) or a Verification Agency accredited by SANAS.
- 5.4 A trust, consortium or joint venture, will qualify for points for their B-BBEE status level as a legal entity, provided that the entity submits their B-BBEE status level certificate for consortiums or joint ventures and affidavit for trusts.
- 5.5 A trust, consortium or joint venture will qualify for points for their B-BBEE status level as an unincorporated entity, provided that the entity submits their consolidated B-BBEE scorecard as if they were a group structure and that such a consolidated B-BBEE scorecard is prepared for every separate tender.
- 5.6 Tertiary institutions and public entities will be required to submit their B-BBEE status level certificates in terms of the specialised scorecard contained in the Amended B-BBEE Codes of Good Practice, Gazette No. 38766.
- 5.7 A person will not be awarded points for B-BBEE status level if it is indicated in the tender documents that such a tenderer intends sub-contracting more than 25% of the value of the contract to any other enterprise that does not qualify for at least the points that such a tenderer qualifies for, unless the intended sub-Supplier is an EME that has the capability and ability to execute the sub-contract.
- 5.8 A person awarded a contract may not sub-contract more than 25% of the value of the contract to any other enterprise that does not have an equal or higher B-BBEE status level than the person concerned, unless the contract is sub-contracted to an EME that has the capability and ability to execute the sub-contract.

6. TENDER DECLARATION

- 6.1 Tenderers who claim points in respect of B-BBEE Status Level of Contribution must complete the following:

7. B-BBEE STATUS LEVEL OF CONTRIBUTION CLAIMED IN TERMS OF PARAGRAPHS 1.3.1.2 AND 5.1

7.1 B-BBEE Status Level of Contribution: = (maximum of 10 or 20 points)

(Points claimed in respect of paragraph 7.1 must be in accordance with the table reflected in paragraph 5.1 and must be substantiated by means of a B-BBEE certificate issued by a Verification Agency accredited by SANAS or a Registered Auditor approved by IRBA (prior to 01 January 2017) or an Accounting Officer as contemplated in the CCA).

8. SUB-CONTRACTING

8.1 Will any portion of the contract be sub-contracted? **YES / NO** (delete which is not applicable)

8.1.1 If yes, indicate:

- i. what percentage of the contract will be subcontracted? %
- ii. the name of the sub-Supplier?
- iii. the B-BBEE status level of the sub-Supplier?
- iv. whether the sub-Supplier is an EME? YES / NO (delete which is not applicable)

9. DECLARATION WITH REGARD TO COMPANY/FIRM

T2.2.22 TENDERER'S FINANCIAL STANDING

In terms of the standard conditions of Tender, the Tenderer shall provide information about its commercial position, which includes information necessary for the Employer to evaluate the Tenderer's financial standing.

To that end the Tenderer must provide with its Tender a bank rating, certified by its banker, to the effect that it will be able to successfully complete the contract at the Tendered amount within the specified time for completion.

However, should the Tenderer be unable to provide a bank rating with its Tender, it shall state the reasons as to why it is unable to do so, and in addition provide the following details of its banker and bank account that it intends to use for project:

Name of account holder:

Name of Bank: Branch:

Account number: Type of account:

Telephone number: Facsimile number:

Name of contact person (at bank):

Failure to provide either the required bank details or a certified bank rating with its Tender, will lead to the conclusion that the Tenderer does not have the necessary financial resources at its disposal to complete the contract successfully within the specified time for completion.

The Employer undertakes to treat the information thus obtained as confidential, strictly for the use of evaluation of the Tender submitted by the Tenderer.

SIGNATURE: DATE:

T2.2.23 TENDERER'S HEALTH AND SAFETY DECLARATION

In terms of the Occupational Health and Safety Act (OHSA) 85 of 1993 and specifically the Government Notice No.R84 of 7 February 2014 by Department of Labour comprising the Construction Regulations 2014 (hereafter referred to as "the Regulations"), the Professional Services Provider appointed in terms of this tender assumes the role of the "Designer" as defined by the Regulations.

The Regulations impose duties on the Designer with regard to the design of both permanent and temporary works contemplated in terms of the Scope of Work outlined in C3. To that effect a person duly authorized by the Tenderer shall complete and sign the declaration hereafter in detail.

Declaration by Tenderer

1. I the undersigned hereby declare and confirm that I am fully conversant with the Occupational Health and Safety Act No 85 of 1993 (as amended by the Occupational Health and Safety Amendment Act No 181 of 1993), and the Construction Regulations, 2014 contained in Government Notice No. R 84.
2. I hereby declare that my company / enterprise has the competence and the necessary resources to carry out the design work contemplated under this contract with due regard to the "Duties of Designer" outlined in Regulation 6 and to achieve compliance with the Regulations and the Employer's Health and Safety Specifications.
3. I hereby undertake, if my Tender is accepted, to comply with the requirements of the Regulations as they apply to the Designer and also as they apply to any other duties that, by agreement, may be delegated to me by the Employer. I hereby agree that my company/enterprise will not have a claim for compensation for delay or extension of time because of my failure to comply with these requirements.
4. I hereby confirm that adequate provision has been made in my Tendered rates and prices in the Pricing Schedule (C2) to cover the cost of all resources, actions, training and all health and safety measures envisaged for the designer in the Regulations.
5. I hereby confirm that I will be liable for any penalties that may be applied by the Employer in terms of the Contract Data (C1.2 Clause 3.12) for failure on my part to comply with the provisions of the Act and the Regulations.
6. I agree that my failure to complete and execute this declaration to the satisfaction of the Employer will mean that I am unable to comply with the requirements of the Regulations, and accept that my Tender will be prejudiced and may be rejected at the discretion of the Employer.

B: ACCEPTANCE

By signing this part of the Form of Offer and Acceptance, the Employer identified below accepts the Tenderer's Offer. In consideration thereof, the Employer shall pay the Contractor the amount due in accordance with the Conditions of Contract identified in the Contract Data. Acceptance of the Tenderer's Offer shall form an agreement between the Employer and the Tenderer upon the terms and conditions contained in this Agreement and in the Contract that is the subject of this Agreement.

The terms of the contract are contained in:

- C.1 Agreement, and Contract Data, (which include this Agreement)
- C.2 Pricing Data, including the Bill of Quantities
- C.3 Scope of Work
- C.4 Site Information
- C.5 Annexures

and the schedules, forms, drawings and documents or parts thereof, which may be incorporated by reference into Parts 1 to 5 above.

Deviations from and amendments to the documents listed in the Tender Data and any addenda thereto listed in the Tender Schedules as well as any changes to the terms of the Offer agreed by the Tenderer and the Employer during this process of offer and acceptance, are contained in the Schedule of Deviations attached to and forming part of this Agreement. No amendments to or deviations from said documents are valid unless contained in this Schedule, which must be duly signed by the authorized representatives of both parties.

The Tenderer shall within two weeks after receiving a completed copy of this Agreement, including the Schedule of Deviations (if any), contact the Employer's agent (whose details are given in the Contract Data) to arrange the delivery of any other bonds, guarantees, proof of insurance and any other documentation to be provided in terms of the Conditions of Contract identified in the Contract Data. Failure to fulfil any of these obligations in accordance with those terms shall constitute a repudiation of this Agreement.

Notwithstanding anything contained herein, this Agreement comes into effect on the date when the Tenderer receives one fully completed original copy of this document, including the Schedule of Deviations (if any). Unless the Tenderer (now Service Provider) within five days of the date of such receipt notifies the Employer in writing of any reason why he cannot accept the contents of this Agreement, this Agreement shall constitute a binding contract between the parties.

PART C2: PRICING DATA

Option 1 - Fee based

C2.1 PRICING INSTRUCTIONS

1. Percentage Fee

- 1.1. **Definition of work required** - the Tenderer is required to review the scope of work defined within C3 and to determine all the resources, equipment, plant, machinery, disbursements and ancillary costs required to do the work.
- 1.2. **Definition of Percentage Fee** – on the basis of the Tenderer's assessment of the work required, the Tenderer is required to determine the total percentage (%) fee to achieve the scope of work based on the Capital Value of the work set down in Table 2 of C2.2.
- 1.3. **Equipment, plant, machinery, disbursements and ancillary costs** – the Tenderer is required to include within the % fee all equipment, plant, machinery, disbursements and ancillary costs required to do the work as there will be no additional payment for such expenses.
- 1.4. **Tender Amount** - the Tenderer is required to fill in the % fee and complete the pricing calculations set down in C2.2 Pricing Schedule Table 2, and carry forward the tender amount from the C2.2 Pricing Schedule to the Offer C1.1.
- 1.5. **Payment** – the Tenderer will be paid the proportion of the fee for each stage of the work, as set down in the Pricing Schedule C2.2 Table 1.
- 1.6. **Interim Monthly Payments** - interim monthly payments shall be made within each work stage, for work assessed to have been completed within the month.

C2.2 PRICING SCHEDULE

Table 1. Work Stages and Proportion of Fee to be paid for completion of each stage

Item No.	Description	Units	Quantity	Rate	Rand Value of Work Stage
SECTION 1: PROJECT INCEPTION					
1.1	Authority liaison and communication with Umgeni Water Liaison with specialists, engineers and relevant stakeholders (consider minimum of 16 hours)	Sum	1	R	R
1.2	Inception meeting to confirm project scope, programme, information requirements, project schedule, environmental legal requirements etc.	Sum	1	R	R
1.3	Site inspection of all infrastructure footprints (for alternatives as per scope)	Sum	1	R	R
1.4	Preparation of a screening report with recommendations for the preferred route - <i>Report should be aligned with DEA requirements. (consider minimum of 3 days to cover e.g. site visit, DFFE tool and report, SANBI checks, applicable bylaws and legislation, etc. for full screening report)</i>	Sum	1	R	R
1.5	Submission and Approval of screening report	Sum	1	R	R
1.6	Sub Total 1 – Project inception carried to summary page			R	
SECTION 2: EIA PROCESS					
2.1	Pre-application meeting with competent authority Department Environmental Affairs (DEA), project registration and presentation of the screening report, confirmation of specialist studies to be undertaken. (consider min 16 hours)	Sum	1	R	R
2.2	Draft Scoping Report for review by Umgeni Water and submit to authority (consider 3days)	Sum	1	R	R
2.3	Updated Scoping Report with comments and submit to authority	Sum	1	R	R
2.4	Draft BAR/EIR Report prepared and comments obtained from Interested and Affected Parties (I&APs) (consider 5days)	Sum	1	R	R
2.5	Consolidated Risk Matrix for all specialist studies (draft and final) (consider 3days)	Sum	1	R	R
2.6	Update BAR/EIR Report with comments and submit to DEA	Sum	1	R	R
2.7	Draft construction phase, operational phase and maintenance phase EMP's updated with comments obtained from Umgeni Water, DEA and I&APs (consider 5days)	Sum	1	R	R
2.8	EMP's (construction phase, operational phase and decommissioning phase) updated with comments and submitted to DEA for approval	Sum	1	R	R
2.9	Attend monthly progress meetings (virtual and/or physical) to provide technical support (make provision per meeting for 24 meetings)	No.	24	R	R
2.10	Attend quarterly project progress meetings with the Project Steering Committee (make provision for per meeting for 10 meetings)	No.	10	R	R

Item No.	Description	Units	Quantity	Rate	Rand Value of Work Stage
2.11	Attend EPCM: Gate Reviews (make provision for 24 meetings -pre-meetings, meetings (virtual and/or physical) and post meetings)	No.	24	R	R
2.12	Monthly Progress Reporting (24 monthly reports – reporting progress against project schedule and timeframes, potential risks to project identified and mitigation measures proposed)	No.	24	R	R
2.13	Adhoc site visits (make provision for 5 site visits and reports)	No.	5	R	R
2.14	EMP updated with conditions of the Environmental Authorisation	Sum	1	R	R
2.15	Sub Total 2 - EIA Process carried to summary page			R	
SECTION 3: PUBLIC PARTICIPATION					
3.1	Landowner title deed search and database establishment (120 land owners).	Sum	1	R	R
3.2	Preparation of the Background information document	Sum	1	R	R
3.3	Landowner consultation/consent forms signed (120 land owners)	Sum	1	R	R
3.4	Notice provided to all potential I&APs (Fixing notice boards, giving written notice to occupiers of the affected land parcels, placing advertisements across various media platforms, using reasonable alternative methods, local radio stations in a local language)	Sum	1	R	R
3.5	Public meetings / open days (make provision for 6 meetings) adhering to COVID19 Public Gatherings Protocol	No.	6	R	R
3.6	Comments and response register (draft and final) (120 land owners)	Sum	1	R	R
3.7	Consultation with regulatory authorities (DEA, DWS, DAFF, AMAFA/SAHARA, eKZN Wildlife, DMR, Ingonyama Trust, Department of land affairs and other). Make provision to have at least 2 meetings and 1 site visit for each authority	No.	15	R	R
3.8	Consultation with affected service providers (Eskom, Telkom, DoT, Transnet, Local and District Municipalities, traditional authorities etc.), make provision to have 2 meetings and 1 site visit for each service provider.	No.	15	R	R
3.9	Risk assessment for Public participation	Sum	1	R	R
3.10	Advertising and distribution of the Draft and Final EIR for comment (budget for 10 hard copies, soft copies on USB)	Sum	1	R	R
3.11	Environmental Authorisation advertised and distributed to all IAPs and appeals managed. Budget for at least 2 appeals.	Sum	1	R	R
3.12	Adhoc site visits (make provision for 10 site visits)	No.	10	R	R
3.13	Compilation, Submission and Approval of Public Participation Report	Sum	1	R	R
3.14	Sub Total 3 – Public Participation Process carried to summary page			R	
SECTION 4: SPECIALIST STUDIES					
4.1	Agricultural Impact Assessment (with risk assessment matrix) and submission of approved	Sum	1	R	R

C2.4

Item No.	Description	Units	Quantity	Rate	Rand Value of Work Stage
	report. This will include a rehabilitation plan, translocation plan and BoQ for this specialisation.				
4.2	Landscape / Visual Impact Assessment (<i>with risk assessment matrix</i>) and submission of approved report.	Sum	1	R	R
4.3	Archaeological and Cultural Heritage Impact Assessment (<i>with risk assessment matrix</i>) (to include relocation plans/processes and permits) and submission of approved report. This will include a rehabilitation plan, translocation plan and BoQ for this specialisation.	Sum	1	R	R
4.4	Palaeontology Impact Assessment (<i>with risk assessment matrix</i>) and submission of approved report. This will include a rehabilitation plan, translocation plan and BoQ for this specialisation.	Sum	1	R	R
4.5	Terrestrial Biodiversity Impact Assessment (<i>with risk assessment matrix</i>). Peer reviewed. This will be based on a 500m radial buffer of the project footprint and submission of approved report. This will include a rehabilitation plan, translocation plan and BoQ for this specialisation.	Sum	1	R	R
4.6	Aquatic Biodiversity Impact Assessment (<i>with risk assessment matrix</i>). (in relation to WULA) and submission of approved Peer Reviewed report. This will be based on a 500m radial buffer of the project footprint. This will include a rehabilitation plan, translocation plan and BoQ for this specialisation.	Sum	1	R	R
4.7	Wetland Assessment Study (<i>with risk assessment matrix</i>) in relation to WULA and submission of approved Peer Reviewed report. This will be based on a 500m radial buffer of the project footprint. This will include a rehabilitation plan, translocation plan and BoQ for this specialisation. (<i>at least 24 known wetlands</i>)	Sum	1	R	R
4.8	Hydrological Study (in relation to WULA) (<i>with risk assessment matrix</i>) and submission of approved report.	Sum	1	R	R
4.9	Geohydrological Study (in relation to WULA) (<i>with risk assessment matrix</i>) and submission of approved report.	Sum	1	R	R
4.10	Socio-Economic Assessment (<i>with risk assessment matrix</i>) and submission of approved report.	Sum	1	R	R
4.11	Hydropedological Study (in relation to WULA) (<i>with risk assessment matrix</i>) and submission of approved report.	Sum	1	R	R
4.12	Soil Assessment Study (<i>with risk assessment matrix</i>) and submission of approved report. Samples taken and submitted to the lab.	No	10	R	R
4.13	Lab analysis of soil samples	Sum	1	R150 000	R150 000
4.14	4.13 Profit and attendance on item above	%	R150000		R
4.15	Noise Impact Assessment Study (<i>with risk assessment matrix</i>) and submission of approved report.	Sum	1	R	R
4.16	Traffic Impact Assessment (<i>with risk assessment matrix</i>) and submission of approved report.	Sum	1	R	R

Item No.	Description	Units	Quantity	Rate	Rand Value of Work Stage
4.17	Waste Impact Assessment and submission of approved report. (<i>with respect to disposal of settled solids from the WTW</i>) with risk assessment matrix. At least three options to be considered including disposal to land). Obtain Waste Licence/ Authorisation to dispose water treatment residue to land.	Sum	1	R	R
4.18	Energy impact Assessment and submission of approved report (<i>with respect to the proposed design of the project and key energy consumption areas</i>) with risk assessment matrix.	Sum	1	R	R
4.19	Review of specialist studies externally (<i>Proof and comments must be made available to Umgeni Water</i>) and submission of approved report.	Sum	1	R	R
4.20	Budgetary allowance for any other specialist studies and submission of approved reports when required. (<i>required by the Authority/EAP/Specialists</i>).	Sum	1	R200 000	R200 000
4.21	4.20 Profit and attendance on item above	%	R200000		R
4.22	Sub Total 4 – Specialist Studies carried to summary page			R	
5	SECTION 5: REHABILITATION PLAN AND REHABILITATION BOQ				
5.1	Site inspection and Project ground-truthing	Sum	1	R	R
5.2	Assessment and conducting of other relevant specialist studies including biodiversity, wetland, aquatic, heritage, other (as stated in section 4 above), for inclusion in the rehabilitation plan and BOQ that will be included in a tender document.	Sum	1	R	R
5.3	Surveying, Identification and GPS location of trees/plants that need to be removed within the proposed construction working area. (all trees to be removed must be marked with “paint marker”)	Sum	1	R	R
5.4	Compile a detailed rehabilitation plan (based on engineering long sections/Pi numbers) for the proposed construction working area (<i>considering various slopes and slope requirements</i>).	Sum	1	R	R
5.5	Prepare a scope of work (including Pi numbers) and an itemized bill of environmental quantities with cost estimate for inclusion in the construction tender as per relevant guidelines	Sum	1	R	R
5.6	Sub Total 5 - Rehabilitation Plan and Rehabilitation BoQ carried to summary page			R	
SECTION 6: INTEGRATED WATER USE LICENCE APPLICATIONS (IWULA)					
6.1	Pre-application meeting with DWS, liaison with DWS until Water Use License has been obtained	Sum	1	R	R
6.2	Project management: - Liaison with specialist consultants, Umgeni Water Project Team etc. - Data collection and collation for submission to DWS	Sum	1	R	R
6.3	Public Participation in relation to WULA	Sum	1	R	R
6.4	Draft management and rehabilitation plan for water courses, rivers, streams, etc. (Peer reviewed) submitted to DWS for comments	Sum	1	R	R
6.5	Management and rehabilitation plan for water courses, rivers, streams, etc. updated with comments	Sum	1	R	R
6.6	Monitoring Programme (Peer Reviewed) prepared and submitted for approval	Sum	1	R	R

Item No.	Description	Units	Quantity	Rate	Rand Value of Work Stage
6.7	Storm Water Management Plan (Peer Reviewed) prepared and submitted for approval	Sum	1	R	R
6.8	Section 27 motivation for the water use licence application	Sum	1	R	R
6.9	Integrated Water and Waste Management Plan (IWWMP) (summarising specialist reports; including mitigation measures; addressing the waste management framework; extending to socio-economic aspects; risk assessments; and recommended monitoring and control measures) must be prepared and approved by DWS	Sum	1	R	R
6.10	Licence Application Forms completed	Sum	1	R	R
6.11	Landowner consent forms (DWS forms for each land parcel) completed (for 20 land owners and 3 communities). This should include landowner consent from Ingonyama Trust.	Sum	1	R	R
6.12	Table with list of water courses/wetlands, rivers, streams, seeps etc. This should include, inter alia, co-ordinates, Property Description, Name of water resource and watercourse, Quaternary Catchment Dimensions of the pipeline, Distance from the Wetland to the construction activity, etc.	Sum	1	R	R
6.13	Maps of all water courses in 6.12 and shapefiles	Sum	1	R	R
6.14	Adhoc site visits and report	No.	8	R	R
6.15	Sub Total 6 – INTEGRATED WATER USE LICENCE APPLICATIONS (IWULA) carried to summary page			R	
SECTION 7: Project Management and Mentorship of CPG partner					
7.1	Project Management Plans and Mentorship Plans (this will be discussed and agreed for all components of the project).	Sum	1	R	R
7.2	Mentoring of CPG against agreed deliverables as per plan discussed (Item 7.1)	Sum	1	R	R
7.3	Project Management (for all components of the project as EAP)	Sum	1	R	R
7.4	Monthly progress meetings	No.	15	R	R
7.5	Admin for Invoicing with supporting documentation and CPG trail. (This must include monthly reconciliation in an excel spreadsheet).	Sum	1	R	R
7.6	Review of all deliverables from CPG partner (with proof of track changes).	Sum	1	R	R
7.7	Report/Assessment of competency of CPG partner based on mentorship plan.	Sum	1	R	R
7.8	Authority Fees (DWS, Amafa, other)	Sum	1	R	R
7.9	Sub Total 7 – Management and Mentorship of CPG partner			R	R

Note 1: Cost must be considered in line with the payment clauses in the Scope of Work.

Note 2: Amounts must include disbursements, admin, etc.

Note 3: Route assessments/specialist studies must be based on a hundred metre (100m) corridor except for studies required for the WUL application, which must be based on a five hundred metre (500m) buffer/area around the project footprint.

Note 4: For the purposes of quoting, consider 25km of pipeline to be assessed to include route and alternatives

Note 5: The rehabilitation plan and BoQ should be done preferably by the Biodiversity, Wetland or Aquatic Specialist that undertook the specialist study for this project.

Note 6: All reports must be prepared as required by each relevant authority (e.g. DWS, DEA, AMAFA/SAHARA etc.). The cost of these reports must include cost of maps and shapefiles used for map preparation, which will be provided to the client with each report.

Note 7: Consider about 3 weeks for each draft specialist report (for site assessments and report preparation).

Note 8: WUL application will be required for all wetlands river and streams within 500m of the project footprint. At least 24 wetlands are known however the entire footprint as required by DWS will need to be assessed.

Table 2. Summary of Work Stages

1. Subtotal 1 for Project Inception	R
2. Subtotal 2 for EIA Process	R
3. Subtotal 3 for Public Participation	R
4. Subtotal 4 for Specialist Studies	R
5. Subtotal 5 for Rehabilitation Plan And Rehabilitation BoQ	R
6. Subtotal 6 for Integrated Water Use Licence Application (IWULA)	R
7. Subtotal 7 for Management and Mentorship of CPG partner	R
A - Total for all Items (1 to 7) excluding VAT	R
B – ADD: Contingencies @ 10% of A	R
C – Sub-total (A+B)	R
D –ADD: Escalation @ 10% of C	R
E - Total (C+D) Capital Value of Work Carried to Table 3 and 4	R

NOTE: ITEM B (CONTINGENCIES) AND ITEM D (ESCALATION) WILL BE USED AT THE EMPLOYERS'/PROJECT MANAGERS' DISCRETION.

Table 3. Percentage Fee Calculation and Disbursements

FEE CALCULATION TABLE		
1. Total approximate capital value of the work (Table 2 item E above) (excluding vat) upon which the percentage fee is to be calculated	R	
2. Percentage fee to undertake the work based on the capital value of the work		%
3. Fee amount calculated as the percentage fee of the capital value of the work i.e. = 1. Capital value x 2. Percentage fee	R	
4. Disbursements @ 5% OF 3	R	
TOTAL FEES	R

13.	Specialist – Landscape/Visual impact Assessment	Per Hour	
14.	Specialist - Hydrological Study (in relation to WULA)	Per Hour	
15.	Specialist - Geohydrological Study (in relation to WULA)	Per Hour	
16.	Specialist - Hydropedological Study (in relation to WULA)	Per Hour	
17.	Specialist – Waste Impact Assessment	Per Hour	
18.	Specialist – Energy Impact Assessment	Per Hour	

PART C3: SCOPE OF WORK

1. Employer's objectives

Procurement of an Environmental Assessment Practitioner (EAP) and Specialists to undertake the Environmental Impact Assessment (EIA) and obtain an Environmental Authorisation (EA), WUL, other permits as prerequisites for the construction of Regional Bulk Wastewater Project in the Greater Hilton Area, as required by NEMA.

2. Description of the services

In compliance with the National Environmental Management Act ((NEMA No. 107 of 1998) and the National Water Act, an EAP is required to undertake an Environmental Impact Assessment (EIA) study for the proposed Regional Bulk Wastewater Project in the Greater Hilton Area. The appointed EAP and specialists will be required to undertake the necessary processes and studies, as required in the EIA Regulations, to obtain an Environmental Authorisation before construction commences. In addition, the EAP will be required to align with other environmental legislation to obtain permits and licences triggered by the proposed project including WUL and Waste Licences.

3. Extent of the services

In alignment with the requirements of the National Environmental Management Act:

- The appointed EAP will be required to screen the project and confirm the magnitude and extent of the environmental assessment to be undertaken. In consultation with the authority the scope of the project with respect to specialist environmental studies required to be undertaken, will be confirmed.
- The EAP will undertake an Environmental Impact assessment/Basic Assessment for the preferred site and alternatives prepare the relevant report (EIR/BAR) and obtain Authority Approval.
- Specialist studies - with be undertaken within a 100 metre corridor except for the specialist studies required for the WUL application where 500m radial buffer will need to be considered.
- A public Participation Practitioner will undertake landowner consultation and public participation to elicit comments from all interested and affected parties. A public participation report including comments and response will be prepared and a database of all the I&AP's will be compiled. All records of the public participation process and activities will be compiled and documented in the public participation report.
- A Heritage Impact Specialist will undertake a Heritage Impact Assessment (HIA) and prepare a HIA report that, *inter alia*, pays special attention to the graves within the proposed site and the surroundings. All graves will need to be identified within the 100m corridor to include the construction working area. A map showing the location and the age of the graves will be prepared. AMAFA approval of the HIA report and grave relocation plan (if necessary) will be prepared. Phase one and phase 2 heritage impact assessments will be undertaken if required.
- A biodiversity/ecological study will be undertaken and a specialist report prepared detailing the present ecological status of the project area (for 100m corridor of the routes), as well as a risk matrix. The relocation and rehabilitation plans will be prepared and comments obtained from EKZN Wildlife and DAFF. This report will include all streams and wetlands within a 500m radius of the project footprint, not documented on the spatial maps. GPS location of these will be required.
- Wetlands/water courses will be assessed within 500m radius of the affected area and present ecological status and risk assessed. A risk matrix will be prepared as per DWS requirements.
- Permits & Licences: A Water Use License application will be compiled and a licence obtained. Other permits and licences relevant to the project will be applied for and obtained (e.g. from DAF and eKZN wildlife).
- Once the Environmental Authorization is obtained, the EAP will be required to advertise the EA, manage appeals, and update the EMP from the authority.
- Based on the rehabilitation plan, rehabilitation Bill of Quantities of the approved location must be prepared for use in the construction phase tender document.

- Site visits will be undertaken as required for the project and this will include sites visits requested by the various regulatory authorities (DEA, DWS, DAFF, EKZN Wildlife, AMAFA, etc.).

4. **Use of reasonable skill and care**

All affected parties, especially landowners or PTO holders, should be consulted and approval sought before entering private properties.

5. **Co-operation with other services providers**

Information from other service providers should be obtained via the project manager.

6. **Brief**

Background:

Umgeni Water appointed Royal Haskoning DHV (RHDHV) to undertake a pre-feasibility study for regional bulk wastewater services for the greater Hilton area within the uMngeni Local Municipality (LM). Hilton is one of the three main urban areas that is located within the Primary Development Node within the uMngeni LM (KZN 222).

uMgungundlovu District Municipality (DM) is responsible for the planning, implementation, operation and maintenance of water and sanitation services within the uMgungundlovu region. The region comprises several local municipalities which includes the uMngeni LM.

Presently, Umgeni Water operates certain of the existing bulk sanitation infrastructure, all located within the Mpophomeni/Howick geographic areas (not within the Hilton area), as a Water Services Provider with uMgungundlovu DM under a Contract Agreement drawn up previously with the uMngeni LM.

More recently, there has been an agreement between uMgungundlovu DM and Umgeni Water for Umgeni Water to take over the implementation of proposed wastewater treatment works (WWTW) within the uMngeni LM; namely the Mpophomeni WWTW, Cedara WWTW and Hilton Corridor/Mondi WWTW.

Technical info:

The proposed bulk infrastructure to be provided by Umgeni Water comprises:

- Bulk outfall sewers (PVC-U Class 34 gravity pipelines) – total length of 11 090m

For purposes of quoting, considered 25km of pipeline to be assessed to include route and alternatives

- 680 m of DN200
- 2 140 m of DN355
- 2 740 m of DN400
- 4 220 m of DN450
- 1 310 m of DN560
- 13,9 Ml/day WWTW
- Cedara WWTW conversion to pump station (and associated infrastructure)
 - Sewage pump station building equipped with pumps
 - 1 320 m of DN315 PVC-U Class 16 rising main
 - 430 m of DN315 PVC-U Class 34 gravity main
 - 80 m of DN355 PVC-U Class 34 gravity main within pipe jacked sleeve.

The services of an EAP and Specialists will be procured to undertake necessary environmental assessments to obtain an environmental authorisation as well as environmental permits and licences required before construction may commence.

THE MAJOR ACTIVITIES TO BE CARRIED OUT WITHIN EACH WORK COMPONENT

All activities and tasks will be undertaken as is required by the National Environmental Management Act and other relevant environmental legislation.

Work Components to be undertaken	Major Activities	Key Deliverables
Authority liaison and NEMA/legislation process alignment	Meetings held and minutes taken. Authority forms filled and compiled (Pre-application, application, post application consultation, post EA consultation etc.).	Minutes of meetings. Application forms filled and compiled. Authority acknowledgement of form submitted.
Environmental Screening	Environmental Screening undertaken using the Authority's tool. Establish what specialist studies are required to be undertaken as part of BAR or EIR.	Environmental Screening Report Approval letter from the Authority
Specialist studies	Conduct all necessary specialist studies and processes required (this must include a risk assessment matrix). Application for permits/licences. Prepare maps with location of "sensitive issue".	Peer reviewed specialist reports compiled and updated. Permits/licences application form completed and permits/licences obtained. Maps and Shapefiles submitted.
Public participation	Landowner title deed search and database establishment. Preparation of the Background information document. Landowner consultation/consent forms signed. Notice provided to all potential I&APs (Fixing notice boards, giving written notice to occupiers of the affected land parcels, placing advertisements, using reasonable alternative methods, local radio stations in a local language) Public meetings / open days. Comments and response register. Consultation with regulatory authorities. Consultation with affected service providers. Risk assessment for Public participation Advertising and distribution of the Draft and Final EIR for comment. Environmental Authorisation advertised and distributed to all IAPs and appeals managed.	Public Participation report compiled (to include records of all activities undertaken, notices, minutes, newspaper advertisements, comments and response register, database of I&APs, landowner consent, etc.)
EMP	Develop Environmental management plan, programme for the construction phase, maintenance phase as well as Operational phases	EMPs prepared and approved by DEA
Rehabilitation Plan	Develop a rehabilitation plan and prepare a BoQ	Rehabilitation plan & BoQ compiled and approved.

Work Components to be undertaken	Major Activities	Key Deliverables
EIR/BAR	<i>Prepare draft BAR/EIR etc. and obtain comments from I&APs. Finalise BAR/EIR etc. and submit to authority.</i>	<i>EIR/BAR updated with comments from all I&APs, stakeholders and authorities. BAR/EIR etc. finalised.</i>
Permits and licences	<i>Undertaken risk-based environmental assessments and submit permit/licence applications to the relevant authorities.</i>	<i>Obtain permits and licences including WUL (section 21 c, i,) for the proposed bridges, (section 21 f, g) for WTP, (section 21 a) for abstraction from weir via abstraction works.</i>
Environmental Authorisation	<i>Advertise the Environmental Authorisation and manage appeals.</i>	<i>Original environmental authorization obtained for the client. Advertisements. Appeal decision/s obtained.</i>
Management and Mentorship of CPG Partner		
Project Management/mentorship of CPG partner	<i>Mentorship activities discussed and agreed. Monthly Meetings. Admin and invoicing. Activities as agreed with CPG partner</i>	<i>Mentorship Plan. Progress meeting Minutes. Invoices with supporting documents submitted, with proof of payment of CPG partner and subcontractors. All deliverables from CPG partner reviewed with track changes for quality management.</i>

SPECIALIST STUDIES

As per NEMA requirements, the specialist studies must be aligned with all environmental legislation to include, but no be limited to:

- Details of specialist and declaration of independence;
- Scope and purpose of report;
- Date and season of investigation;
- Methodology adopted in preparing the report or carrying out the specialized process;
- Specific identified sensitivity of the site related to the activity;
- Areas to be avoided and buffer areas;
- Maps indicating location of environmental sensitive areas and buffer areas.
- Tables with location of sensitive areas and co-ordinates and other relevant project information (Pi numbers, land parcel info, etc.);
- Description of assumptions made and uncertainties or gaps in knowledge;
- Description of the findings and potential implications of such findings;
- Mitigation measures for inclusion in the EMPr;
- Any conditions for inclusion in the environmental authorisation; Any monitoring requirements for inclusion in the EMPr or environmental authorisation;
- A reasoned opinion as to whether the proposed activity or portions thereof should be authorised;
- Description of any consultation process that was undertaken during the course of preparing the specialist report (summary & copies of comments);
- Any other information requested by the CA.
- Risk Assessment Matrix.

- Rehabilitation and BoQ are directly related to terrestrial and aquatic biodiversity and should preferably be undertaken by one of the specialists that did a specialist assessment on this project.
- Waste Management Specialist – the specialist will be required to assess at least three site for disposal of waste treatment residue to land. Permit/licence application will be required to be made and obtained.
- Energy Management Specialist: The energy management specialist will be required to review the design and make suggestion to improve and reduce energy consumption. The suggestions made must show economic benefit (short, medium and long term) as well as the specifications for the recommended changes.

TIMEFRAMES FOR DELIVERABLES

The assessments will be required to be completed within 12 months of appointment of the PSP, and obtain an environmental authorisation as well as permits and licences within 18 months of appointment.

QUALIFICATIONS AND SKILLS

The EAP and Specialists are required to hold the necessary qualifications, skills and expertise as stated in the National Water Act:

The EAP will be required to:

- hold a minimum qualification of an Honours Degree in Natural Science, Environmental Science, Environmental Engineering or Agricultural Engineering,
- and hold an EAPASA/SACNASP Registration.
- Have completed at least three BARS/EIRs and obtained a positive Environmental Authorisation.

Each Specialist will be required to:

- hold a minimum of an Honours Degree in the relevant field;
- hold a SACNASP Registration.
- Have completed at least 3 projects in their field of expertise.

A Heritage Specialist will be required to hold:

- a minimum qualification of an Honours Degree;
- and must be able to undertake archeological and paleontological assessments.
- Proof of AMAFA/SAHARA registration as an Archeologist and Paleontologist must be provided.
- Have completed at least three projects in the field.

Energy Management Specialist:

- hold a minimum of an Engineering Degree or Higher National Diploma in the relevant field;
- Hold an Engineering Professional Registration.
- Have completed at least three projects in their field of expertise.

Waste Management Specialist:

- hold a minimum of an Honours Degree in the relevant field (with a Major in Chemistry);
- Hold a SACNASP Registration.
- Have completed at least three projects in their field of expertise.

Specialists undertaking any Peer Review will be required to:

- hold a minimum of an Honours Degree in the relevant field;
- hold a SACNASP Registration.
- Have completed at least 3 projects in their field of expertise.

FOR EVALUATION

The PSP will be required to submit, at its own cost, a proposal in which it will show its ability to perform the tasks and activities within the stipulated period. The proposal including, inter alia,

a method statement, work programme schedule as well as a detailed schedule of resources and costs. This should be concise and clear.

The proposal shall include the following:

- Copy/Proof of relevant qualification from the University for each Key Personnel;
- Proof of Professional Registration;
- Table of projects completed in the relevant field;
- CVs.

PAYMENT CONDITIONS:

Payment Clauses:

Number	Payment Clause
PC 1	Before any work is undertaken the Scientist must be informed and work to be undertaken agreed upon. Work done without approval may not be paid for.
PC 2	All invoices must be submitted by the 25 th of each month with evidence of work done, hence all supporting documents must be sent through with each invoice. Invoices must have the phrase "Copy Tax" on all electronic versions. In addition, an excel spreadsheet showing recon must be submitted along with invoice. Failure to do so correctly by the 25 th of the month could lead to delays in payment.
PC 3	Site visits for assessments must be scheduled in collaboration with the UW environmental and ISD teams who should be notified and invited for these visits.
PC 4	Quality Control. All deliverables (even in draft) will need to be checked by the PSP for quality and accuracy before submission to the project team or client. Records of internal review must be provided as proof (e.g. track changes or other). This will extend to work done by the specialists as well as the CPG partner.
PC 5	Progress/technical meetings. Attendance registers must be provided as proof of meetings attended. The progress with the environmental assessments must be presented at these meetings.
PC 6	Authority liaison. Records of attendance and minutes of discussion must be recorded and provided to the environmental team.
PC 7	Peer Review. Proof of peer review must be supplied for all specialist studies. This could be in the form of track changes in a word document, comments in pdf or other.
PC 8	Biodiversity Assessments: The environmental and ISD teams must be notified and site walk undertaken with the project engineer. Biodiversity Assessment must be undertaken as per requirements of NEMA and other relevant legislation. This assessment will be undertaken within a 500m radial buffer of the project footprint. All streams, culverts, wetlands must be identified and mapped. The present ecological status of the biodiversity in the area must be identified and a risk matrix provided (for risks before and after mitigation measures are in place). All flora and fauna that could be affected must be identified

Number	Payment Clause
	and mitigation measures provided to reduce the risks on the environment. Maps must be prepared and shape files submitted with report.
PC 9	Heritage Assessments: The environmental and ISD teams must be notified and site walk undertaken with the project engineer. The cost of the Heritage Assessment must include phase one and 2 heritage assessments. All gravesites within 100m of the project footprint must be identified and mapped. All items with heritage significance must be identified and mapped and co-coordinates provided. Maps must be prepared and shape files submitted with report. A relocation plan (including a TOR) must be provide if graves or any other items of heritage significance need to be relocated.
PC 10	The public participation process must be undertaken as per the requirements of NEMA and all records kept and provided to the client as required. All minutes and attendance registers must be submitted to the client with the invoices. A public participation report must be prepared containing all the records of the public participation process, a database of the IA&Ps, comments and response, minutes, advertisements, notice plans, etc.).
PC 11	Landowner consent. Attempts must be made to obtain signatures for the landowner consent forms for various processes with minimal disruption of the landowners' time and livelihood (e.g. landowner consent forms for EIA process, WUL process, etc.).
PC 12	Adhoc site visits: this must be approved by the UW environmental Scientist/EO. The UW environmental and ISD teams must be notified of the intention to undertake the adhoc site visit so that they may attend. Records of the attendance, site photographs and report must be provided to the environmental team.
PC 13	Amendments to EA/permits and licences/method statements: Record of all processes undertaken must be provided.
PC 14	Wetlands/Aquatic assessments. The environmental and ISD teams must be notified and invited for the site walks. These assessments must fulfil the requirements of the water use licence application as well for the specialist study as part of the BAR/EIR. A risk matrix as per DWS requirements must be prepared. Maps must be prepared and shape files submitted with report.
PC 15	Waybills or other similar proof of postage must be provided when documents are to be posted.
PC 16	For both EAP and Specialists, email correspondence with any authority, the UW Scientist must be copied on all these correspondence.
PC 17	Payment of fees will be done at the end/completion of each section (or at the discretion of the PM/UW scientist), at the approval of the UW Scientist for this project.
PC 18	All reports must be prepared as required by each relevant authority (e.g. DWS, DEA, AMAFA/SAHARA etc.). The cost of these reports must include cost of maps and

Number	Payment Clause
	shape files used for map preparation, which will be provided to the client with each report.

PLACE AND PERFORMANCE FOR THE PERFORMANCE OF SPECIFIC TASKS

Also see site information Part C4.

- This study area essentially includes the areas known as Hilton and Cedara within the primary development node of the uMngeni LM. Hilton, regarded as the gateway to the Midlands, is situated on the northwestern fringe of Pietermaritzburg some 12 km away from Pietermaritzburg. It nestles between the Swartkop and Teteleku ridges, which enclose the headwaters of the Dorpspruit River, and is punctuated with undulating valleys. Site assessments will need to be undertaken after permission is obtained from the local chief and PTO holders.
- Progress meetings could be held virtually or with the engineering consultants or Umgeni Water (Durban, Pinetown or Pietermaritzburg)

REPORTING REQUIREMENTS

Refer to item 16 and 18 (Format of communications as well as Management meetings)

- Monthly progress reports will be required to be submitted in written format.
- Progress will need to be verbally communicated during monthly progress meetings, technical meetings and quarterly steering committee meetings.
- More frequent verbal communication (weekly) that can be done telephonically will be required to be undertaken to keep the Umgeni Water Scientist informed of progress and to deal with urgent matters.

7. Reference data

Shape files of the project area, technical information, drawings and background information will be obtained via the Project Manager.

8. Applicable national and international standards

A number of environmental legislative components will need to be considered and adhered to with the aim of protecting the environment and for making certain that the proposed project is undertaken in an environmentally responsible manner. Implementation of the proposed Hilton Regional Bulk Wastewater Project will be subject to environmental legislation and regulations, in terms of which compliance is, required prior to construction commencing.

Below is a list of the relevant legislation that will have to be considered during the application for environmental authorisation and / or related permits and Licences:

- National Environmental Management Act (Act 107 of 1998);
- National Environmental Management: Waste Act (NEM:WA) (Act 59 of 2008);
- National Water Act (NWA) (Act 36 of 1998);
- National Heritage Resources Act (NHRA) (Act 25 of 1999); and
- Minerals and Petroleum Resources Development Act (MPRDA) (Act 28 of 2002).
- Other relevant environmental Legislation.

9. Particular/Generic specifications

[n/a]

10. Approvals

Various authorities will need to be consulted for approvals. This extends to

- Department of Environmental Affairs
- Department of Water and Sanitation
- AMAFA/SAHARA
- eKZN wildlife
- Department of Agriculture, Forestry and Fisheries
- Local Municipality
- District Municipality

11. Procurement

[n/a]

12. Access to land / buildings / sites

The preferred service provider will be required to consult with the landowners and I&AP if access to the site /provide land is required.

13. Planning and programming

The schedule of activities will need to be adhered to in obtaining the approvals, licences and approvals required for the project.

14. Software application for programming

[n/a]

15. Quality management

All reports must be reviewed internally by the service provider before it is submitted to the project team at Umgeni Water and I&AP's for comments. Specialist Reports must be peer reviewed before the reports are finalised for submission to Umgeni Water and the authorities.

16. Format of communications

The following format of communication will need to be considered:

- Email communication of work progress to the Umgeni Water Scientist (brief progress fortnightly, comprehensive monthly progress report.
- Telephonic communication for all urgent matters.
- Monthly progress meetings with technical team and minutes taken (Teams and face to face).
- Copies of Environmental Impact Assessment report, EMP and Rehabilitation Plan to be submitted Umgeni Water. WUL application and Licence as well as other permits

application form to be provided. A minimum of 8 hard copies of the final BAR submitted to Umgeni Water.

- Electronic copies of all reports/permits/licences/maps/shapefiles to be provided on USB to Umgeni Water Project Team.

17. Key personnel

The key personnel for the project consist of:

- Environmental Assessment Practitioner (EAP) who will be responsible for the overall project management and managing all identified specialists.
- Public participation practitioner
- Heritage Impact Assessment Specialist
- Biodiversity / Wetland Impact Assessment Specialist
- Rehabilitation Specialist
- Other specialist and Peer Reviewers.

18. Management meetings

Monthly and quarterly project team progress meetings, technical meeting, monthly meetings with Umgeni Water Scientist and quarterly Project Steering Committee will be necessary for the EAP. The PSP will be required to take minutes, where necessary.

19. Forms for contract administration

Umgeni Water Project Manager will advise and provide documentation and forms to the successful bidder when required.

Also state if forms are available in electronic format.

20. Electronic payments

The service provider will be paid electronically through the normal Umgeni Water procedures.

21. Daily records

The service provider is to record productive time in the execution of the various activities comprising this Scope of Work. The record shall be sufficiently detailed to allow the time spent against each activity to be assessed for reasonableness and disbursements purposes. Where requested by the Employer, these time records shall be produced in support of payment claims by the service provider.

22. Professional indemnity insurances

Refer to C.1.2 Contract Data Clause 5.4.1 and state number of copies and the place where policies are to be presented.

23. Payment certificates

Invoices are to be submitted by the 25th of each month and should be milestone based. Proof of work completed must be submitted with each invoice. This will include a reconciliation spreadsheet.

24. Use of documents by the Employer

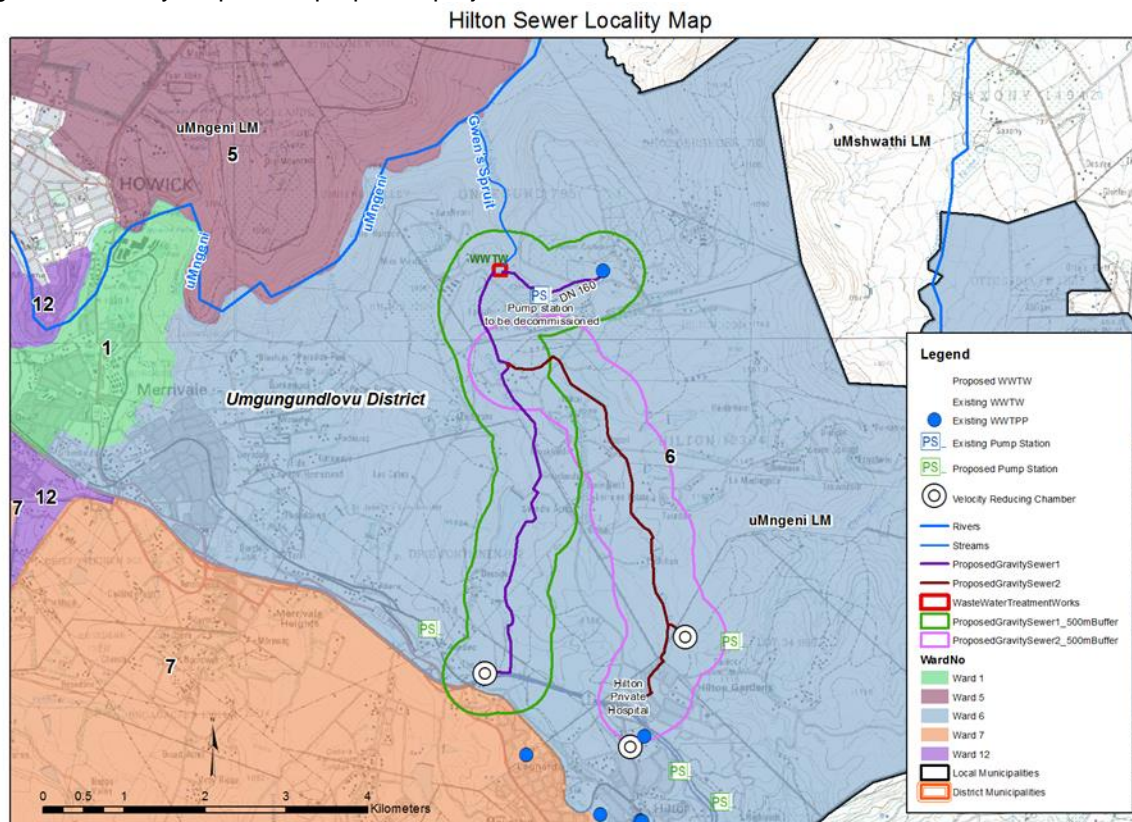

An Environmental Authorisation, an approved EMP and a rehabilitation bill of quantities which will be used in the construction tender will be required by Umgeni Water before construction can commence. All applicable licences or permits will also be required. All information, assessments and reports will remain the properties of Umgeni Water.

-
25. **Property provided for the Service provider's use**
n/a
26. **Proof of compliance with the law**
n/a

DRAFT FOR REVIEW ONLY

PART C4: SITE INFORMATION

Figure 1: Locality Map of the proposed project.

This study area essentially includes the areas known as Hilton and Cedara within the primary development node of the uMngeni LM. Hilton, regarded as the gateway to the Midlands, is situated on the north western fringe of Pietermaritzburg some 12 km away from Pietermaritzburg. It nestles between the Swartzkop and Teteleku ridges, which enclose the headwaters of the Dorpspruit River, and is punctuated with undulating valleys. Hilton has an estimated population of 90001 persons. Cedara, which is situated adjacent to Hilton (nestled between Hilton, Howick and Mpophomeni) is best known for the Cedara Agricultural College. This area primarily has agricultural activities and is therefore considered to be part of the greater Hilton area.

The existing sanitation infrastructure within greater Hilton comprises primarily of septic tanks and soakaways with few independent wastewater treatment package plants (WWTPP) serving some of the existing commercial, educational and office developments. There is also an existing wastewater treatment works (WWTW) that serves the Cedara Agricultural College.

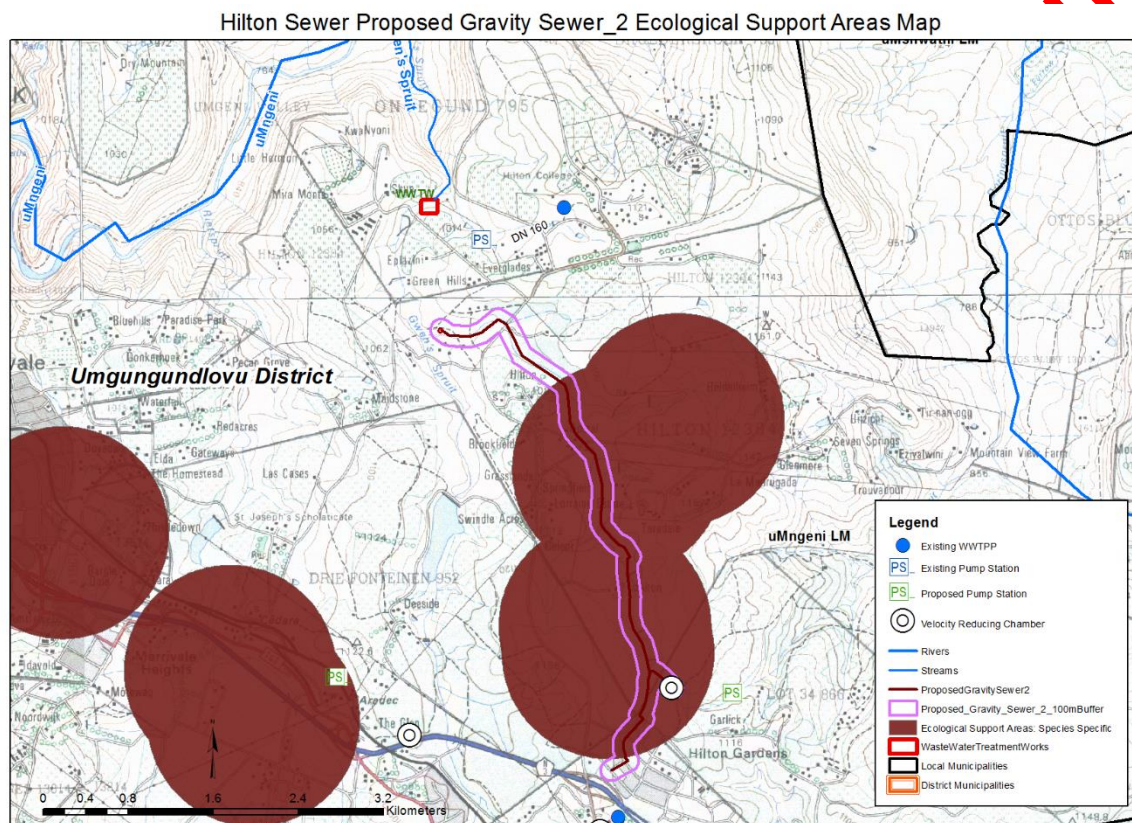

Owing to its location on a watershed, the Hilton catchment drains in at least four different directions. These are towards Pietermaritzburg along the Dorpspruit past Chase Valley / Montrose, again towards Pietermaritzburg but past Winterskloof and behind Clarendon, towards Albert Falls Dam along the Rietspruit past the Cedara catchment and again towards Albert Falls Dam but along the valley adjacent to the Cedara catchment valley.

uMgungundlovu DM faces an ever-increasing need to provide waterborne sanitation services to new developments within the study area. This need has not been adequately addressed due to limited financial resources on one hand and lack of advanced sanitation master planning on the other.

The proliferation of small privately owned and operated wastewater treatment facilities, especially for high-income high-density developments such as is happening in Hilton, is aesthetically undesirable and poses many on-going problems relating to monitoring and controls.

The proposed route and the WWTW are located on one ward with the uMngeni LM, within the Umgungundlovu DM. The ward councillors and local authorities will need to be engaged before any activity takes place. There are 2 wards and about 120 of landparcels.

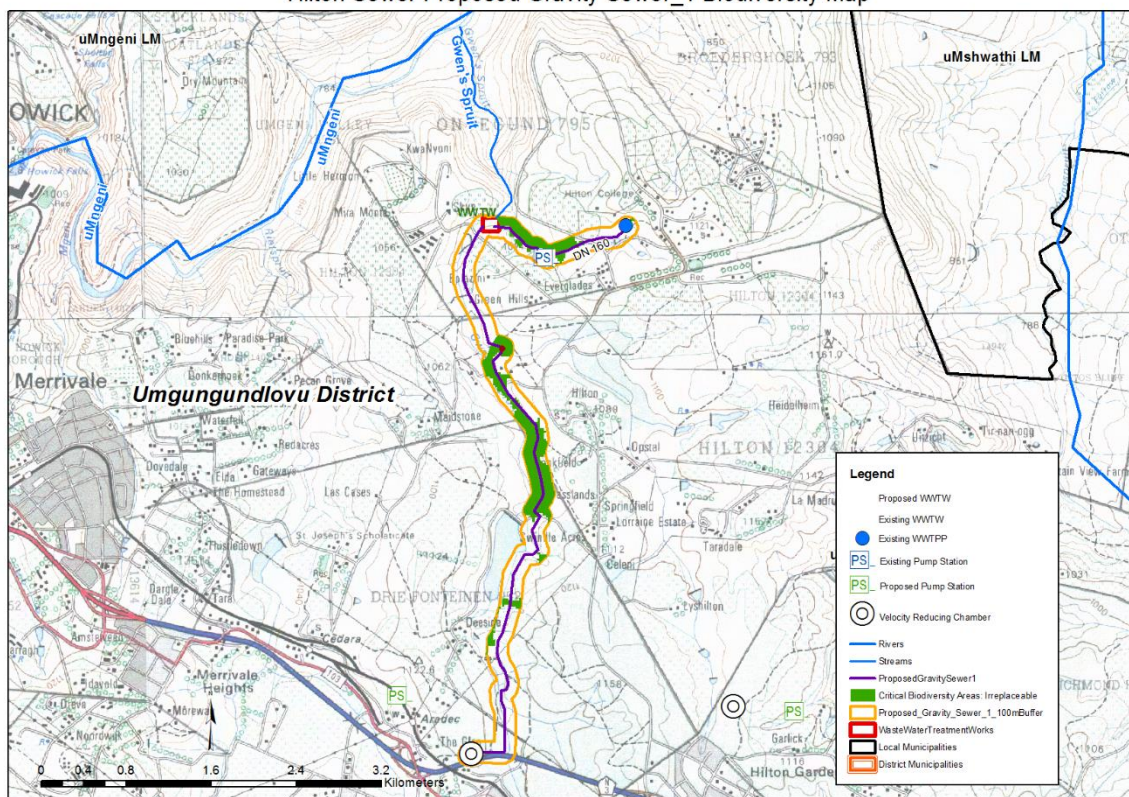

Figure 2: Map showing the proposed project and biodiversity (ESA).

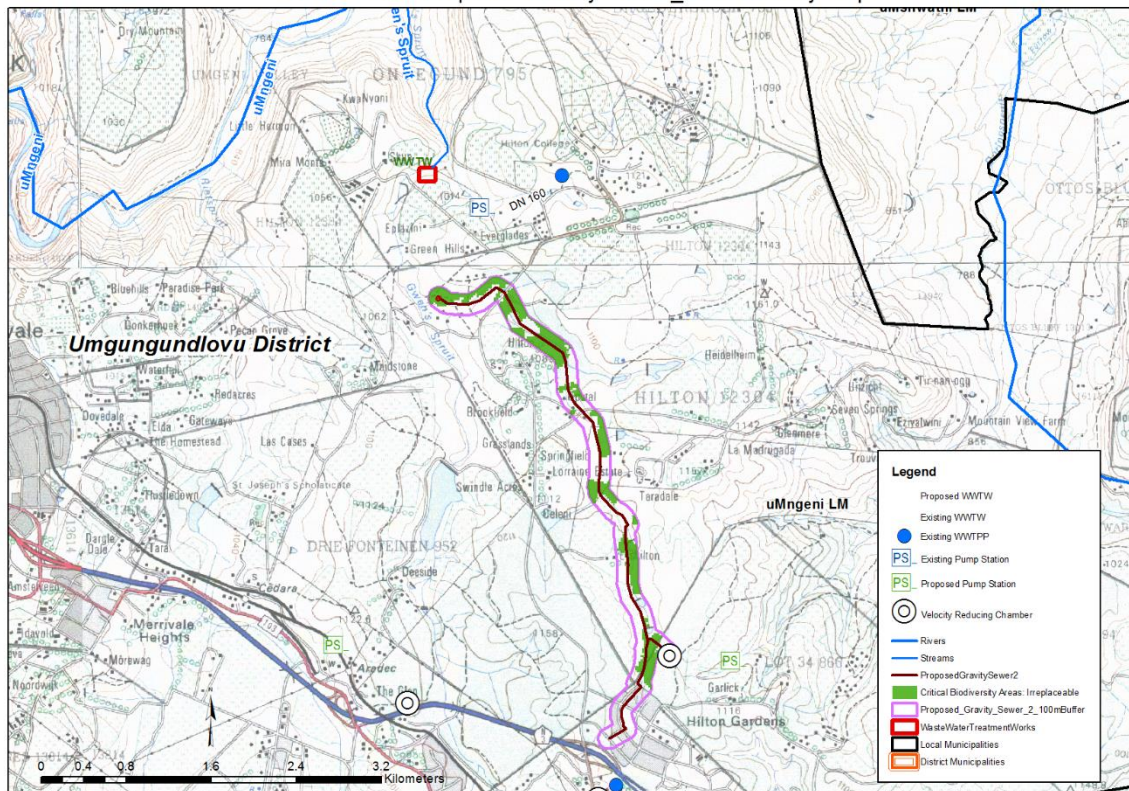

The map shows that some ecological support areas will be affected by the project.

Figure 3: Map showing the proposed project and biodiversity (CBA).

Hilton Sewer Proposed Gravity Sewer_1 Biodiversity Map

Hilton Sewer Proposed Gravity Sewer_2 Biodiversity Map

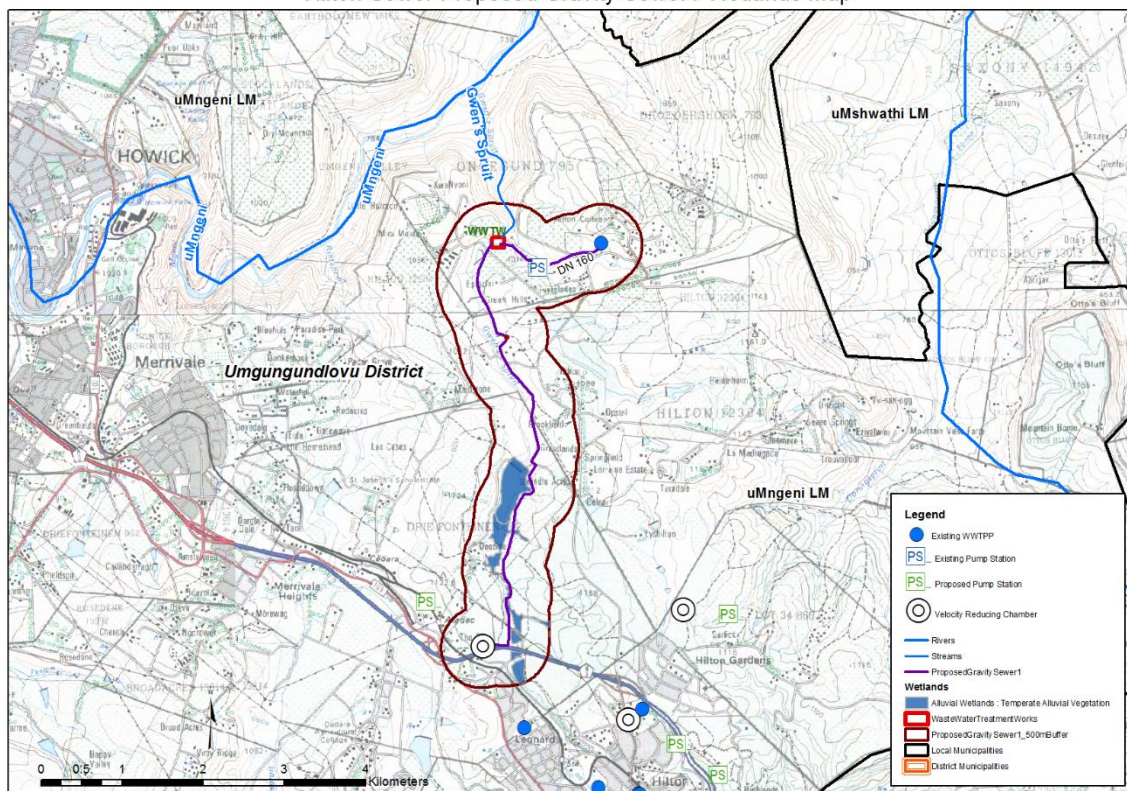

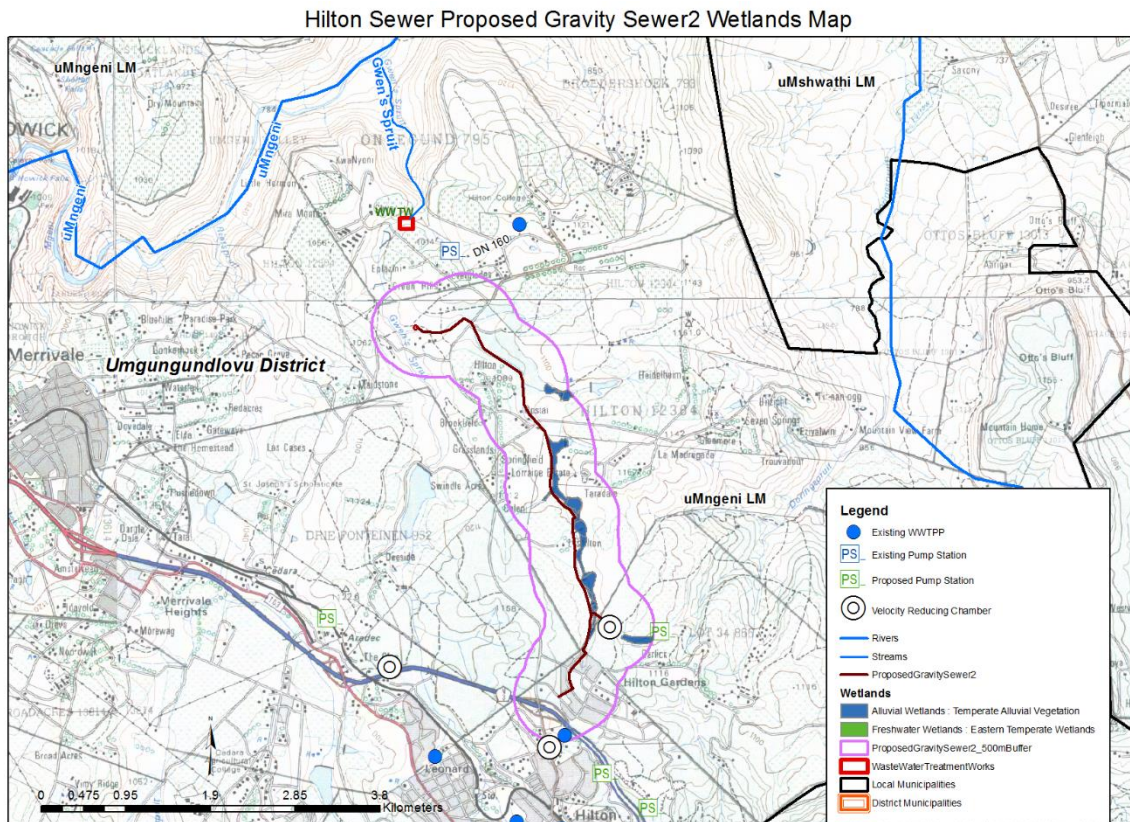

Maps showing critical biodiversity areas that will be affected by the project.

Wetlands/Rivers/Streams

The proposed pipe route traverses the Critical biodiversity area (CBA) where the presence of the wetlands has been identified in the project footprint. In terms of the biodiversity act, the presence of a wetland, river or a stream within 500m requires the application of the water Use licence or General Authorization and a detailed assessment of the wetland. The map below indicates the location of the wetlands within the footprint of the proposed route.

Figure 4: Map indicating the presence of Wetlands within the 500m footprint
Hilton Sewer Proposed Gravity Sewer1 Wetlands Map

Maps showing wetlands that lie within 500m of the project footprint.

Table showing area and perimeter of Wetlands within 500m of the project footprint.
