**MEMO**

Good Day,

**TENDER CLARIFICATION MEETING ADDENDA.**

**INVITATION TO TENDER No. E2922GXMPKUS**

**Supply and Delivery of Spares (Boiler spares) for Replenishment at Kusile Power Station (Once-off)**

**QUESTIONARES**

Good day Happy

1. Please see the attached page from the tender document that stated all tenders to be submitted on this email.

<b>Tender is to be submitted via E tendering</b>	<p>All tenders should be submitted via E-mail to <a href="mailto:MACHIKHT@eskom.co.za">MACHIKHT@eskom.co.za</a></p> <p><b>Please note it is the responsibility of the supplier to ensure that the tender submission is submitted before closing time.</b></p>

2. BOQ Pricing Requirements and OEM Restrictions – On Page 5 - On Page 5, the tender documentation indicates that the tender shall be awarded to multiple suppliers. However, on the Addendum Memo, Page 1, Answer 3, it is stated that “BOQ to be priced in Full as all OEM items has been removed.” Kulkoni SA is the sole agent for certain spares that remain listed on the RFQ and BOM. Furthermore, we will not be able to quote on all RFQ and BOM line items. Please note that, in line with our agency agreement, we are not permitted to quote other suppliers and may only submit quotations directly to the end user. Kindly clarify whether partial BOQ submissions will be considered under these circumstances.

I have also attached our agency certificate in support of Kulkoni SA being the sole local agent for the relevant OEM products.

3. OHS Documentation Requirements - The "Returnables from Supplier" section (Page 16) does not appear to require any safety-related documentation at this stage. However, the OHS Specification was issued as part of the tender documentation provided to tenderers. Kindly confirm whether the OHS documentation is issued for information purposes only at tender stage and whether the required safety documentation will only be applicable after contract award.
4. Technical Evaluation Criteria - The technical evaluation criteria under Item 2 may be negatively impacted should the matter raised under Point 2 above remain unresolved. Kulkoni is only able to submit a tender for the specific stock numbers listed above, in line with our OEM agency agreement. Likewise, other tenderers would not be in a position to quote on these OEM-specific stock numbers. Kindly advise how this situation will be accommodated during the technical evaluation process.
5. Kindly provide detailed technical information for the items previously queried under **Tender No. E2922GXMPKUS**. Specifically, we require the following details for each item where applicable:

Material grade

Outside diameter

Wall thickness

Sizes

6. May we kindly be provided with the drawings for tender number E2922GXMPKUS.
7. I am writing to formally request an extension to the closing date for tender E2922GXMPKUS
8. Some of the items do not have full spec including on the RFQ document ( sizes in particular) including all the Elbow Pipes on the BOQ do not have sizes.
