

Technical Criteria:

The tenderer must meet all non-negotiable mandatory requirements and attain a threshold of 75% to be considered for further evaluation. Any tenderer who does not meet this criterion will be disqualified from further evaluation.

Mandatory requirements

Suppliers to provide proof of existing International Valuation Standards Council (IVSC) corporate registration.

	Factor	Weight	Sub-factor	Score
1	Number of years whereby the company was doing similar projects. <ul style="list-style-type: none">• Company profile to be included in the proposal• Years of experience should correspond with projects referred to in the proposal• References feedback/ reports from customers on similar projects to be included in the proposal.• Contact numbers of at least 3 references should also be provided to enable verification.	10%	<5 years	0% of weighting
			>5 years	50% of weighting
			7-10 years	75% of weighting
			>10 years	100% of weighting
2	Number of Projects undertaken for utilities and listed companies (at least one of which must have been performed in the last 5 years)	15%	0	0% of weighting
			1-3	50% of weighting
			>3	75% of weighting
			>5	100% of weighting
