**NATIONAL TRANSMISSION COMPANY SOUTH AFRICA SOC LTD**

## TENDER NOTICE

### TENDER NO. E2774NTCSATX

Following an enquiry that was issued to the open market on 20 April 2026 with a closing date of 29 May 2026 which was extended to 5 June 2026 at the request of tenderers, **the enquiry was issued to the market with an error in the technical requirements pertaining to submission of samples for evaluation.**

The summary of the issued evaluation criteria and the proposed sample evaluation criteria is summarised below:

*Table 1: Summary of issued and proposed changes*

No.	Issued to the Market (No longer applicable)	Proposed Changes (Applicable to the Enquiry)
1	<p><b>Substation Stranded Conductor Clamps</b></p> <p>As part of the qualitative tendering criteria suppliers are required to submit samples for evaluation.</p> <p>The samples should be the exact products that will be supplied if the supplier is awarded the tender.</p> <p>The sample evaluation determines the compliance of the manufactured product to the manufacturing standards as stated in the Level 2 criteria. As an example, the product sample will be assessed for compliance to aspects such as dimensions, galvanising, markings, accessories etc. These will be known and sourced from the measurable criteria stated in the Level 2 criteria.</p> <p>A list of samples of clamps to be submitted during tendering shall be included in the tender enquiry documents.</p>	<p><b>Substation Stranded Conductor Clamps</b></p> <p>As part of the qualitative tendering criteria suppliers are required to submit samples for evaluation.</p> <p>The samples should be the exact products that will be supplied in the event that the supplier is awarded the tender.</p> <p>The tender enquiry documents shall include a list of samples to be evaluated as well as the stage in the tender process when the samples should be submitted/made available for evaluation. This will be either:</p> <ul style="list-style-type: none"> <li>• As part of the original tender submission together with all tender and technical returnables,</li> </ul> <p>OR</p> <ul style="list-style-type: none"> <li>• Submitted after completion of the desktop evaluation (applicable only to submissions that were successful in the qualitative evaluation as stipulated in 3.2 – technical evaluation criteria document),</li> </ul> <p>OR</p> <ul style="list-style-type: none"> <li>• Made available for evaluation to coincide with the factory evaluation (applicable only to submissions that were successful in the</li> </ul>
