7. LOCATION AND BACKGROUND

The Harry Gwala District is an inland municipality positioned in the southern part of the KwaZulu Natal province. It includes the southernmost part of the uKhahlamba Drakensberg Heritage Site, adjacent to Lesotho and a gateway to Eastern Cape Province in the West.

The Harry Gwala District Municipality has four local municipalities namely:

- uMzimkhulu Local Municipality: in the southern part of the district.
- Dr. Nkosazana Dlamini Zuma Local Municipality: in the northern part of the district.
- Johannes Phumani Phungula Local Municipality is in the eastern part of the district.
- Greater Kokstad Local Municipality is in the western part of the district.

8. TOURISM NICHE PRODUCTS

The Harry Gwala District is well endowed with natural resources and has a tremendous potential to fortify its tourism sector. The relatively unspoilt natural environment has high eco-tourism and adventure tourism potential. Activities such as horse riding, mountain biking, river rafting, abseiling and canoeing are available.

Hikers have a choice of gentle strolls to all morning hikes that will bring one to features such as San rock art sites, pristine berg pools and streams, caves, and hilltops with splendid views. Overnight trips take the ardent hiker deep into the mountains and even up the great escarpment onto the South Africa-Lesotho border.

The Sani2C, one of the South Africa's top multistage mountain bike rides, starts from Underberg and goes through Harry Gwala District ending in Scottsburg. Other events such as the prominent Sani Stagger endurance run and the Splashy Fen Musical Festival attracts thousands of people from around the country and abroad to the region.

8.1 Avi-tourism

Avi Tourism forms the single largest group of eco-tourists globally; The Southern Drakensberg has two top national birding spots and seven important birding areas. Ntsikeni Nature Reserve is home to some rare bird species and has a Ramsar Convention Status.

Ntsikeni Nature Reserve including its 12000-ha wetland epitomizes a raw, untamed, quiet and natural beauty. Within the Nature Reserve is the Ntsikeni Eco-Tourism Development Enterprise that operates two lodges, May and Ntsikeni. The lodges each offer comfortable chalets, a large, equipped conference facility and a dining area.

8.2 Mission tourism

The Harry Gwala District is an important site for a complex of monasteries and missions that the Trappist monks created in the 19th century across the Province of KwaZulu-Natal at Marianhill, East Griqualand and the valleys of the Midlands which include Centocow, Kavalier, Mariathal, Reichman, Lourdes, Emmaus, and the current Kings Grant. Historically these missions have always represented the cultural intersection between European monasticism and local black rural culture, and represent important heritage nodes of architecture, arts and cultural synthesis and diversity.

The missions constitute a unique cultural and heritage tourism asset in the Harry Gwala district and provides an important opportunity for story telling in that, among the greatest historical narrative of KwaZulu Natal is the remarkable story of the silent order of German Trappist monks who came to share their particular vision of Christian life with the population of the KZN region more than a hundred years ago.

8.3 Ecotourism

Idlangala Wildlife Sanctuary and Inhlamvini Game Reserve, located along the R56 between Ixopo and Richmond, form an important part of the Harry Gwala region's ecotourism landscape. Both destinations emphasize conservation, appreciation of natural beauty, and low-impact visitor experiences that align with the principles of sustainable tourism.

Idlangala Wildlife Sanctuary offers a serene natural environment ideal for eco-travelers seeking immersion in unspoiled landscapes. With its quiet bush setting and simple accommodation, the sanctuary provides a retreat where visitors can reconnect with nature, enjoy scenic views, and experience the rural tranquility of KwaZulu-Natal's. Its appeal lies in its authenticity and accessibility for those who value sustainable and peaceful escapes.

Inhlamvini Game Reserve, managed under Watervale Safaris, complements this offering by providing intimate wildlife encounters in a private reserve setting. Rustic lodges and guided activities such as game drives, birdwatching, and outdoor exploration highlight the reserve's biodiversity while maintaining a strong focus on conservation. Visitors are able to experience the richness of the local environment while contributing to the protection of natural habitats and wildlife.

Together, Idlangala and Inhlamvini represent the growing ecotourism potential of the Harry Gwala District. They showcase how smaller, community-linked reserves can provide authentic and sustainable visitor experiences that not only attract eco-conscious travelers but also contribute to the long-term preservation of the natural environment.

8.4 Cultural tourism

Tourism in the area brings you face to face with the diverse cultures (Amaxhosa, AmaZulu, AmaBhaca, Griquas) and charm of the people and have no doubt that your stay will leave you refreshed and longing for your return to the Harry Gwala District. As a District Municipality we are supporting and expanding tourism in our region with the hope that it will become even more exciting and magical.

8.5 Rail Tourism

Rail tourism holds a unique heritage and leisure value in the Harry Gwala District. Historically, the district's towns such as Ixopo, Creighton, Donnybrook, and Bulwer were important stops along the branch railway lines that connected rural communities to Durban and Pietermaritzburg. While these railways were once central to trade and mobility, they have also left behind a rich legacy that today can be reimagined for tourism.

One of the most distinctive attractions is the Creighton Aloe Festival steam train ride, operated seasonally when the rolling hills are in bloom with vivid orange aloes. This scenic rail journey draws both domestic and international tourists, offering panoramic views of the uMzimkhulu valley, local farms, and charming small towns. The combination of natural beauty, cultural storytelling, and the nostalgia of steam locomotion makes it a signature rail tourism product for the region.

Beyond the festival, the district has potential to expand rail-based tourism products, including heritage train rides, themed journeys (such as birding or cultural experiences along the old railway routes), and linking rural attractions to rail corridors. With strategic investment, rail

tourism can diversify the district's tourism offering, extend visitor stays, and enhance community participation by drawing travelers into less-explored rural areas.

Rail tourism in Harry Gwala, therefore, represents more than leisure it is a bridge between the district's heritage, its scenic natural landscapes, and its modern vision of sustainable local economic development.

8.6 Business tourism focus (MICE)

The destination also benefits from increased business tourism activities (meetings, incentives, conferences) as a strategy to curb seasonality. The region lends itself to small and intimate conferences and special events that can accommodate a maximum of 300 delegates seated cinema style in a conference, and up to 400 delegates for a banquet. The relaxing and beautiful scenery is conducive to productive interactions that can leave delegates refreshed and inspired.

As positive and dynamic business environments attract many business and MICE tourists; focus is also placed on positioning the region to the business tourism market. The aim is to ensure that we:

- Promote a perception of the Southern Drakensberg as a destination that is offering much more than just leisure and adventure tourism experiences.
- Promote the Southern Drakensberg as a business destination offering world class tourism facilities – accommodation, conferencing, banqueting and restaurants.

Conversely, events are one of the tourism industry's strategies aimed at enticing tourists to destination, creating employment, foster community pride and involvement, bring people together and promote cultural exchange, enhance destination visibility and attractiveness, showcase local culture, heritage and traditions whilst promoting cultural preservation and appreciation.

CERTIFICATE OF INDEPENDENT BID DETERMINATION

- 1 This Municipal Bidding Document (MBD) must form part of all bids¹ invited.
- 2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *per se* prohibition meaning that it cannot be justified under any grounds.
- 3 Municipal Supply Regulation 38 (1) prescribes that a supply chain management policy must provide measures for the combating of abuse of the supply chain management system, and must enable the accounting officer, among others, to:
 - a. take all reasonable steps to prevent such abuse;
 - b. reject the bid of any bidder if that bidder or any of its directors has abused the supply chain management system of the municipality or municipal entity or has committed any improper conduct in relation to such system; and
 - c. cancel a contract awarded to a person if the person committed any corrupt or fraudulent act during the bidding process or the execution of the contract.
- 4 This MBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.
- 5 In order to give effect to the above, the attached Certificate of Bid Determination (MBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.
