1. BACKGROUND

The National Lotteries Commission was established in terms of the Lotteries Act No. 57 of 1997, as amended (Lotteries Act) to regulate the National Lottery as well as other lotteries and societies.

The NLC aims to ensure that funds raised through the National Lottery are distributed equitably and expeditiously across South Africa in order to advance social upliftment of communities in need with the aim of addressing poverty and reducing inequalities in line with the National Development Plan.

The NLC through Facilities Management Department is committed to reducing its potential impact on the surrounding environment through the use of one of the waste management hierarchy principles. Recyclable components (white and brown papers) are mostly consumable as they are highly used for administrative duties. Waste paper is likely to emanate from various sources, unprinted and printed paper, spoiled catalogues or study guides or books, obsolete file and so forth.

NLC is focusing on a shift from the waste disposal to a waste minimization, separation at source, recovery and recycling paradigm using 3 R's – reduce, reuse and recycle. The 3 R's all help to cut down on the amount of waste we throw away. They conserve natural resources, landfill space and energy.

The appointed service provider shall be responsible for the collection, transportation and recycling of paper, cardboard, plastic and cans. The service provider will provide the recycling equipment on site as mentioned below as an example:

Hatfield Gardens
Hatfield | Pretoria
(T) +27 12 432 1300
(F) +27 12 432 1404

The successful service provider is required to comply with the South Africa Constitution 1998, National Environmental Management: Waste Act 59 of 2008 (NEM: Waste Act) and all other applicable government legislation pertaining to Waste Management Services when executing their duties. The service provider will be appointed on a three years' period.

CERTIFICATE OF INDEPENDENT BID DETERMINATION

- 1 This Standard Bidding Document (SBD) must form part of all bids¹ invited.
- 2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.
- 3 Treasury Regulation 16A9 prescribes that accounting officers and accounting authorities must take all reasonable steps to prevent abuse of the supply chain management system and authorizes accounting officers and accounting authorities to:
 - a. disregard the bid of any bidder if that bidder, or any of its directors have abused the institution's supply chain management system and or committed fraud or any other improper conduct in relation to such system.
 - b. cancel a contract awarded to a supplier of goods and services if the supplier committed any corrupt or fraudulent act during the bidding process or the execution of that contract.
- 4 This SBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.
- 5 In order to give effect to the above, the attached Certificate of Bid Determination (SBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.
