- b) The applicable preference point system for this tender is the 80/20 preference point system.
- c) Either the 90/10 or 80/20 preference point system will be applicable in this tender. The lowest/ highest acceptable tender will be used to determine the accurate system once tenders are received.

PRICE	80
SPECIFIC GOALS	20

1.5 Failure on the part of a tenderer to submit proof or documentation required in terms of this tender to claim points for specific goals with the tender, will be interpreted to mean that preference points for specific goals are not claimed.

- b) significantly change the Employer's or the tenderer's risks and responsibilities under the contract, or
- c) affect the competitive position of other tenderers presenting responsive tenders if it were to be rectified.

Reject a non-responsive tender offer, and not allow it to be subsequently made responsive by correction or withdrawal of the non-conforming deviation or reservation.

C.3.9 Arithmetical errors, omissions, and discrepancies

C.3.9.1 Check responsive tenders for discrepancies between amounts in words and amounts in figures. Where there is a discrepancy between the amounts in figures and the amount in words, the amount in words shall govern.

C.3.9.3 Notify the tenderer of all errors or omissions that are identified in the tender offer and either confirm the tender offer as tendered or accept the corrected total of prices.

C.3.9.4 Where the tenderer elects to confirm the tender offer as tendered, correct the errors as follows:

a) If bills of quantities or pricing schedules apply and there is an error in the line-item total resulting from the product of the unit rate and the quantity, the line-item total shall govern, and the rate shall be corrected. Where there is an obviously gross misplacement of the decimal point in the unit rate, the line-item total as quoted shall govern, and the unit rate shall be corrected.

b) Where there is an error in the total of the prices either as a result of other corrections required by this checking process or in the tenderer's addition of prices, the total of the prices shall govern, and the tenderer will be asked to revise selected item prices (and their rates if bills of quantities apply) to achieve the tendered total of the prices.

C.3.10 Clarification of a tender offer

Obtain clarification from a tenderer on any matter that could give rise to ambiguity in a contract arising from the tender offer.

C.3.11 Evaluation of tender offers

The Standard Conditions of Tender standardize the procurement processes, methods and procedures from the time that tenders are invited to the time that a contract is awarded. They are generic in nature and are made project specific through choices that are made in developing the Tender Data associated with a specific project.

Conditions of tender are by definition the document that establishes a tenderer's obligations in submitting a tender and the employer's undertakings in soliciting and evaluating tender offers. Such conditions establish the rules from the time a tender is advertised to the time that a contract is awarded and require employers to conduct the process of offer and acceptance in terms of a set of standard procedures.

The CIDB Standard Conditions of Tender are based on a procurement system that satisfies the following system requirements:

Requirement	Qualitative interpretation of goal
Fair	The process of offer and acceptance is conducted impartially without bias, providing simultaneous and timely access to participating parties to the same information.
Equitable	Terms and conditions for performing the work do not unfairly prejudice the interests of the parties.
Transparent	The only grounds for not awarding a contract to a tenderer who satisfies all requirements are restrictions from doing business with the employer, lack of capability or capacity, legal impediments, and conflicts of interest.
Competitive	The system provides for appropriate levels of competition to ensure cost effective and best value outcomes.
Cost effective	The processes, procedures and methods are standardized with sufficient flexibility to attain best value outcomes in respect of quality, timing, and price, and least resources to effectively manage and control procurement processes.

The activities associated with evaluating tender offers are as follows:

- Open and record tender offers received
- Determine whether or not tender offers are complete
- Determine whether or not tender offers are responsive
- Evaluate tender offers
- Determine if there are any grounds for disqualification
- Determine acceptability of preferred tenderer
- Prepare a tender evaluation report
- Confirm the recommendation contained in the tender evaluation report

C.3.11.1 General

The employer must appoint an evaluation panel of not less than three persons conversant with the proposed scope of works to evaluate each responsive tender offer using the tender evaluation methods and associated evaluation criteria and weightings that are specified in the tender data.

C.3.12 Insurance provided by the employer

If requested by the proposed successful tenderer, submit for the tenderer's information the policies and / or certificates of insurance which the conditions of contract identified in the contract data, require the employer to provide.

C.3.13 Acceptance of tender offer

Accept the tender offer; if in the opinion of the employer, it does not present any risk and only if the tenderer:

- a) is not under restrictions, or has principals who are under restrictions, preventing participating in the employer's procurement;
- b) can, as necessary and in relation to the proposed contract, demonstrate that he or she possesses the professional and technical qualifications, professional and technical competence, financial resources, equipment and other physical facilities, managerial capability, reliability, experience and reputation, expertise and the personnel, to perform the contract;
- c) has the legal capacity to enter into the contract;
- d) is not; insolvent, in receivership, under Business Rescue as provided for in chapter 6 of the Companies Act No. 2008, bankrupt or being wound up, has his/her affairs administered by a court or a judicial officer, has suspended his/her business activities or is subject to legal proceedings in respect of any of the foregoing.
- e) complies with the legal requirements, if any, stated in the tender data; and
- f) is able, in the opinion of the employer, to perform the contract free of conflicts of interest.

C.3.14 Prepare contract documents

C.3.14.1 If necessary, revise documents that shall form part of the contract and that were issued by the employer as part of the tender documents to take account of:

- a) addenda issued during the tender period,
- b) inclusion of some of the returnable documents and
- c) other revisions agreed between the employer and the successful tenderer.

C.3.14.2 Complete the schedule of deviations attached to the form of offer and acceptance, if any.

C.3.15 Complete adjudicator's contract

Unless alternative arrangements have been agreed or otherwise provided for in the contract, arrange for both parties to complete formalities for appointing the selected adjudicator at the same time as the main contract is signed.

C.3.16 Registration of the award

An employer must, within twenty-one (21) working days from the date on which a contractor's offer to perform a construction works contract is accepted in writing by the employer, register and publish the award on the cidb Register of Projects.

C.3.17 Provide copies of the contracts

Provide to the successful tenderer the number of copies stated in the Tender Data of the signed copy of the contract as soon as possible after completion and signing of the form of offer and acceptance.

C.3.18 Provide written reasons for actions taken

Provide upon request written reasons to tenderers for any action that is taken in applying these conditions of tender but withhold information which is not in the public interest to be divulged, which is considered to prejudice the legitimate commercial interests of tenderers or might prejudice fair competition between tenderers.

T2.2 : Returnable Schedules

15 EVALUATION AND METHODOLOGY

SANPC will utilise the following methodology and criteria in selecting a preferred Service Provider:

STAGE 1 (TEST FOR RESPONSIVENESS) :

Step 1 (Administrative responsiveness)

Step 2 (Eligibility Criteria)

STAGE 2 (FUNCTIONALITY / TECHNICAL EVALUATION)

Step 3 (Minimum thresholds for functionality)

STAGE 3 (WEIGHTED SCORING)

Step 4 (Price 80/90 and 20/10)

Step 5 (Post tender negotiation with preferred tenderer [2nd and 3rd ranked tenderers (if required) in a sequential and not simultaneous manner] if pricing is not market-related.

Step 6 (Selection of the preferred bidder. Objective criterion to justify award to someone other than the highest ranked bidder must have been stated in the bid documents and can be used at this stage, if applicable)

Step 7 (Award of business and conclusion of contract)

16.2 STAGE 1: TEST FOR RESPONSIVENESS

Step 1 - Test for Administrative Responsiveness

The test for administrative responsiveness will include the following:

Administrative responsiveness check	
•	Whether the Tender has been received on time
•	Whether all Returnable Documents were completed and returned by the closing date and time
•	Verify the validity of all returnable documents

The test for administrative responsiveness [Step One] must be passed for a Tenderer's Proposal to progress to Step Two for further pre-qualification

Step 2 – Eligibility Criteria

The test for substantive responsiveness to this RFP will include the following:

Check for substantive responsiveness	
•	Whether the Tenderer meets the CIDB requirements (4 EP/EB or Higher)
•	Whether the Tenderer is CSD registered
•	Form of offer

The test for eligibility Criteria [Step Two] must be passed for a Tenderer's Proposal to progress to Stage 2 for further evaluation

a. STAGE 2: Technical / Functionality Evaluation Criteria

Step 3: Minimum Threshold is 70% for the Technical/Functionality Criteria

No.	Technical Evaluation Criteria	Proof		Scoring	
1.	Company experience in supplying, installing and commissioning of electromechanical systems such as actuators, motors, or automated control systems	Attach project purchase order	5 or more Projects	5	25%
			3-4 Projects	3	
			1-2 Projects	1	
			Non- response	0	
2.	Company to be qualified and approved to work on or service flameproof equipment.	Submit valid Master Electrician qualification	Responsive	5	25%
			Non- responsive	0	
3.	Authorization from the OEM for the provision of aftersales support, covering both supply and maintenance.	Submit an official letter from the OEM indicating that at least 36 months aftersales support agreement exists with the bidder.	Responsive	5	45%
			Non-responsive	0	
4.	Project plan	Project plan timeframe: Gantt chart	≤ 6 months	5	5%
			7 – 9 months	3	
			≥ 10 months	1	

Tenderers are to note that SANPC will round off final technical scores to the nearest 2 (two) decimal places for the purposes of determining whether the technical threshold has been met.

The minimum threshold for technical/functionality (Step Three) must be met or exceeded for a Tenderer's Proposal to progress to Stage 4 (Step Four) for final evaluation.

b. STAGE 3: Evaluation and Final Weighted Scoring

Step 4 - Price Criteria [Weighted score 80/90 points]

Evaluation Criteria
• Commercial offer

- Commercial discounts¹

SANPC will utilise the following formula in its evaluation of Price:

$$PS = 80/90 \left(1 - \frac{Pt - Pmin}{Pmin} \right)$$

Where:

Ps = Score for the Tender under consideration
 Pt = Price of Tender under consideration
 Pmin = Price of lowest acceptable tender

- b) Points for this tender (even in the case of a tender for income-generating contracts) shall be awarded for:
- Price; and
 - Specific Goals (weighted score 10/20)

SPECIFIC GOALS:

SANPC has identified in its Supply Chain Management Policy, specific goals, which will be used to promote transformation and empowerment.

A maximum of 10/20 points will be awarded to a tenderer for specific goals specified in the RFP as follows:

The specific goals allocated points in terms of this tender	Number of points allocated (80/20 system)	Number of points claimed (80/20 system) for the specific goal (To be completed by the tenderer)
EME/QSE	10%	
51% or More Black Owned	10%	
TOTAL POINTS FOR SPECIFIC GOALS CLAIMED	20%	

Tenders must submit their B-BBEE certificate issued by an authorized body or person or a B-BBEE sworn affidavit to claim specific goal(s) points.

Points claimed in respect of Western Cape Locality – provide proof of municipal account or lease agreement.

POINTS OBTAINED FOR PRICE SHOULD BE ADDED TO POINTS OBTAINED FOR SPECIFIC GOALS.

TENDER MUST BE AWARDED TO THE TENDERER SCORING THE HIGHEST POINTS. HOWEVER, A CONTRACT MAY BE AWARDED TO A TENDERER THAT DID NOT SCORE THE HIGHEST POINTS ONLY IN ACCORDANCE WITH SECTION 2 (1)(F) OF THE PPPFA 05 OF 2000.

- Cost / Price

¹ Only unconditional discounts will be taken into account during evaluation. A discount which has been offered conditionally will, despite not being taken into account for evaluation purposes, be implemented when payment is effected

The service provider will be requested to provide a quotation for the work to be taken. The total fees VAT inclusive must be quoted in South African Rands (ZAR). The quoted fee will remain fixed for one year and must propose the cost price adjustment and the relevant table.

Note: SANPC reserves the right to require of a bidder, either before a bid is adjudicated or at any time subsequently, to substantiate any claim in regard to preferences, in any manner required by SANPC.

SUMMARY: Applicable Thresholds and Final Evaluated Weightings

Technical Evaluation Criteria	% Weightings
Minimum Technical/Functionality Threshold	70%

Evaluation Criteria	Final Weighted Scores	
	80/20 System	90/10 System
Price	80	90
Specific Goals	20	10
Total	100	

Step 5 - Post Tender Negotiations (if applicable)

- Tenderers are to note that SANPC may not award a contract if the price offered is not market-related. In this regard, SANPC reserves the right to engage in Post Tender Negotiations with the view to achieving a market-related price or to cancel the tender. Negotiations will be done in a sequential manner i.e.:
 - first negotiate with the highest ranked tenderer or cancel the bid, should such negotiations fail,
 - negotiate with the 2nd and 3rd ranked tenderers (if required) in a sequential manner.
- In the event of any Tenderer being notified of such short-listed/preferred tenderer status, his/her bid, as well as any subsequent negotiated best and final offers (BAFO), will automatically be deemed to remain valid during the negotiation period and until the ultimate award of business.
- Should SANPC conduct post tender negotiations, Tenderers will be requested to provide their best and final offers to SANPC based on such negotiations. Where a market related price has been achieved through negotiation, the contract will be awarded to the successful Tenderer(s).
