| 05-Dec-2025 | Email | As the holiday season is upon us, we are experiencing some constraints that limit our time and capacity to compile a stellar bid. Therefore, we would kindly like to request an extension to the first week of February 2026 , to ensure that we can deliver the best possible work. Thank you for your understanding and consideration. | Thank you for your email and for the interest you have shown in preparing and submission of a proposal. We fully appreciate the pressures that come with the holiday period. However, given the urgency and critical timelines associated with the execution of this PSP transaction, we are unfortunately not in a position to accommodate an extension at this stage. Should there be any changes a communication will be issued to this effect. We therefore kindly request that you proceed on the basis of the current submission timelines. Thank you for your understanding, and please let us know if there are specific constraints we can assist with within the existing timeframe |

| 10-Dec-2025 | Briefing Session | Is Annexure F the only JIEPS document provided? | Yes, Annexure F is extracted for relevance; full framework contains confidential information. |
| 10-Dec-2025 | Briefing Session | Is post-implementation support included. Is the entire PSP process (RFQ/RFP to close) within 12 months? | The 12-month period covers up to the issuance of the RFP and project agreements, not the full end-to-end process, and that post-implementation support would require a separate procurement. |
| 10-Dec-2025 | Briefing Session | Are signaling systems included? When will the independent technical assessment (ITA) report be ready | The independent technical assessment of infrastructure (including signalling systems) will be conducted by a Department of Transport-appointed team, with outputs shared as available. It is anticipated that the ITA work will start January 2026 and is expected to take approximately 4 months. |
