Scope of Work

I. Background

Sentech is a state-owned company and is the largest broadcasting signal distributor in South Africa. Sentech is a licensed Electronic Communications Network Service provider in South Africa. It currently operates many telecommunication networks for Satellite, Television, Radio, Internet and more. As such, Sentech is a global enabler of broadcasting and digital content delivery.

Mast structures and buildings, on high sites are one of Sentech's most valuable assets. Preventative maintenance of these assets is a necessary activity and is done in accordance with Sentech's maintenance policy or SOP's. The purpose of maintaining these assets is to provide a long-life span period for these assets, and also protecting the image of Sentech in future.

Without a proper or outlined preventative maintenance plan, these assets can end up deteriorating or collapsing due to non-maintenance and thus becoming a danger to Sentech employees, facility sharers or third parties.

It is therefore an intention from Sentech Infrastructure Services department to appoint Structural Engineering Firms to a Panel of Pre-qualified Professional Suppliers to Render Structural Design and Analysis on Sentech SOC Ltd Mast Structures for a Period of Three (3) Years

II. Description of the services
