## **T1.1 TENDER NOTICE AND INVITATION TO TENDER**

### **TENDER FOR MAINTENANCE OF PERMANENT ROAD TRAFFIC MARKINGS IN ACCORDANCE WITH THE PROVISIONS OF THE NATIONAL ROAD TRAFFIC ACT 93 OF 1996 IN TSHWANE AS AND WHEN REQUIRED ON TENDERED RATES AND SUBJECT TO AVAILABLE BUDGET: 3-YEAR TERM**

Tenders are hereby invited for the above work.

Tenderers should have a CIDB contractor grading designation of Category 6SK or higher

THE TENDER DOCUMENTS WILL BE AVAILABLE ON CITY OF TSHWANE OFFICIAL WEBSITE ([WWW.TSHWANE.GOV.ZA](http://WWW.TSHWANE.GOV.ZA)) and etender portal ([www.etenders.gov.za](http://www.etenders.gov.za))

#### **TENDER BRIEFING SESSION**

**Compulsory tender site meeting will be held on:**

**Date & Time: 16 February 2023 at 10H00am**

**Venue: Capital Towers North, Room B411, 225 Madiba street, Pretoria central**

Prospective tenderers must already be in possession of the tender document and be familiarised with the contents. ONLY TWO or less representatives of each prospective tenderer will be allowed to attend the meeting and site inspection. The Municipality reserves the right to accept any tender as a whole or in part or no tender.

Tenders must remain valid for a period of **90 days** after the closing date for the submission of tenders, during which period a tender may not be amended or withdrawn and may be accepted at any time by the Municipality.

The closing time for receipt of tenders is **10H00am on 05 March 2024**. Tenders will be received on the closing date and time shown, must be enclosed in sealed envelopes bearing the applicable tender heading and reference number, as well as the closing time and due date, and must be addressed to the **Divisional Head, SUPPLY CHAIN MANAGEMENT, PRETORIA, 0002** and must be submitted in the tender box situated at **Tshwane House, 320 Madiba Street, Pretoria CBD**. Tenders will be opened at the latter address at the time indicated.

**ENQUIRIES:** Mr Steven Macheve

# PORTION 1: TENDER

## PART T1: TENDER PROCEDURES

### TABLE OF CONTENTS

T1.1	TENDER DATA .....	4
T1.2	STANDARD CONDITIONS OF TENDER .....	21

## T1.1 TENDER DATA

The conditions of tender are the Standard Conditions of Tender as contained in **Annexure C of Standard for Uniformity in Engineering and Construction Works Contracts (Board Notice 423 Government Gazette No 42622 of 8 August 2019)**, bound into Section T1.2

The Standard Conditions of Tender makes several references to the Tender Data. The Tender Data shall have precedence in the interpretation of any ambiguity or inconsistency between it and the Standard Conditions of Tender to which it mainly applies.

CLAUSE NUMBER		TENDER DATA
C.1.1	Actions	The Employer is <b>City of Tshwane Metropolitan Municipality</b>
C.1.2	Tender Documents	<p>Volume 1: <u>Tender Document</u></p> <p><b>THE TENDER</b></p> <p><b>Part T1: Tendering Procedures</b></p> <p>T1.1 – Tender data</p> <p>T1.2 – Standard Conditions of Tender</p> <p><b>Part T2: Returnable documents</b></p> <p>T2.1 – List of returnable documents</p> <p>T2.2 – Returnable schedules</p> <p><b>THE CONTRACT</b></p> <p><b>Part C1: Agreements and contract data</b></p> <p>C1.1 – Form of offer and acceptance</p> <p>C1.2 – Contract data</p> <p>C1.3 – Form of guarantee</p> <p>C1.4 – Guarantee (Cash deposit)</p> <p>C1.5 – Health and safety agreement</p> <p>C1.6 – Adjudicators contract</p> <p><b>Part C2: Pricing data</b></p> <p>C2.1 Pricing assumptions</p> <p>C2.2 Pricing schedule</p> <p><b>Part C3: Scope of work</b></p> <p>C3 – Scope of work</p> <p><b>Part C4: Site information</b></p> <p>C4 – Site information</p> <p>Volume 2: <u>Tender Drawings</u></p>
C.1.3	Interpretation	<b>Add</b> the following new clause:
C.1.3.4		<i>The tender documents have been drafted in English. The contract arising from the invitation to tender shall be interpreted and construed in English</i>
C.1.4	Communication and Employer's Agent	<p>Agent: <b>Mr Steven Macheve</b></p> <p>Address: <b>P.O. Box 1409 Pretoria, 0001</b></p> <p>Tel: <b>012-358 9247</b></p> <p>E-Mail: <b>stevenma@tshwane.gov.za</b></p>
C.2.1	Eligibility (mandatory requirements)	<p>Only those Tenderers who are registered with the CIDB, or are capable of being so prior to the evaluation of submissions, in a contractor grading designation equal to or higher than a contractor grading designation determined in accordance with the sum tendered for a 6SK of construction work, are eligible to submit tenders.</p> <p>Joint ventures are eligible to submit tenders provided that:</p>

CLAUSE NUMBER	TENDER DATA
	<p>1. Every member of a joint venture is registered with the CIDB within 10 days from the closing date of tenders;</p> <p>2. The lead partner has a contractor grading designation in the 5SK Class of construction work; and</p> <p>3. The combined contractor grading designation calculated in accordance with the Construction Industry Development Regulations is equal to or higher than a contractor designation determined in accordance with the sum tendered for a 6SK Class of construction work, are eligible to submit tenders.</p> <p><b><i>Mandatory requirements:</i></b> <b><i>Failure to comply fully with mandatory requirements herewith shall result in automatic disqualification.</i></b></p> <p><b>1. Company experience</b> Proof of completed road marking maintenance works including thermo plastic.</p> <ul style="list-style-type: none"> <li>The tenderer must provide proof of 6SK or higher CIDB grading.</li> <li>The tenderer must provide proof of Three (3) successfully completed projects of which the largest contract must be R3-million or above <b>(Confirmation of project completion on letter heads from employers must be attached to the tender document as proof of value and works completed). The completion certificate must specify that thermo plastic markings was part of the scope completed.</b></li> </ul> <p><b>2. Key staff</b></p> <ul style="list-style-type: none"> <li>Construction Manager</li> <li>Site Supervisor</li> <li>Safety Officer</li> </ul> <p>The tenderer must Submit proposed detailed organization and staffing plan in the form of an organogram indicating clearly the position and name of each staff as well as Curriculum Vitae of each key staff highlighting road markings experience, level of education and training, including their respective certified copies of the qualifications. Append all documentary proof necessary to support your submission failing which the submission will be rejected.</p> <ul style="list-style-type: none"> <li><b>The Construction Manager must have at least a National Diploma in Civil Engineering (NQF Level 6) minimum 5 years experience</b></li> <li><b>The Site Supervisor must have at least a National Certificate (NQF Level 5) all recognized by South African Qualifications Authority (SAQA) minimum 3 years experience.</b></li> <li><b>The Safety Officer must have the relevant Health and Safety qualification and be registered with South African Council for the Project and Construction Management Professions (SACPCMP),</b></li> <li><b>The Construction Manager must be able to read and interpret the contractual documents, the National Road Traffic Act (Act 93 of 1996), as well as the South African Road Traffic Signs Manuals, and the Site Supervisor must be able to read and interpret contractual documents and drawings. The Safety Officer must be able to carry out tasks in line with the Health and Safety Act (Act 85 of 1993), the latest Construction Regulations as well as the COVID-19 Risk adjusted strategy minimum 3 years experience.</b></li> </ul> <p><b>3. Equipment</b> The project will require use of a self-propelled or truck mounted automated thermoplastic road marking machine including a glass bead pressure tank capable of painting longitudinal lines within the specifications as such,</p>

CLAUSE NUMBER	TENDER DATA
	<p>The tenderer must provide proof of ownership or hire agreement document with a plant hire company to ensure availability of the equipment once appointment is done. NB. A letter of intent to purchase the equipment is not an acceptable document for this mandatory requirement.</p> <p><b>4. Bank Rating</b> The tenderer must provide proof of a signed and stamped minimum <b>Level C Bank rating at R1.3-million quote</b> from the bidder's financial registered banking institution.</p>
C.2.2 Cost of Tendering	The employer <b>will not</b> compensate the tenderer for any costs incurred in attending interviews or making any submissions in the office of the employer.
C.2.5 Reference Documents	<p><b>Add the following:</b></p> <p>Unless specified otherwise in this document, the following standards and conditions of contract will be applicable under this Contract:</p> <ul style="list-style-type: none"> <li>The document <b><i>"Standard Specifications for Municipal Civil Engineering Works", Third Edition, 2005</i></b> issued by the Divisional Head: Roads and Stormwater of the City of Tshwane.</li> </ul> <p>The drawings <b><i>"Roads and transport department: Standard construction details and design standards for roads and stormwater drainage infrastructure, 2023"</i></b> issued by the Divisional Head: Roads and Stormwater of the City of Tshwane.</p> <p>These document is obtainable free of charge on the website <a href="http://www.tshwane.gov.za">www.tshwane.gov.za</a>.</p> <ul style="list-style-type: none"> <li>The latest print version as current at 30 days before close of tenders of the document <b><i>"General Conditions of Contract for Construction Works 3rd Edition, 2015"</i></b> including corrections thereto as current at 30 days before close of tenders, as published by the <i>South African Institution of Civil Engineering</i>.</li> </ul> <p>The document may be purchased in hard copy from the <i>South African Institution of Civil Engineering</i> or may be purchased online as an electronic reference document in PDF format by following the relevant links on <a href="http://www.saice.org.za">www.saice.org.za</a>. The corrections may be downloaded from the SAICE website <a href="http://www.saice.org.za">www.saice.org.za</a>.</p>
C.2.7 Clarification meeting	<p>The arrangements for a <b>compulsory</b> clarification meeting are as stated in the tender notice and invitation to tender</p> <p>Confirmation of attendance will be recorded on site in the attendance register to be signed by all tenderers. Addenda will be issued to and tenders received from those tendering entities appearing on the attendance register.</p> <p>Tender documents will made available at the clarification meeting.</p>
C.2.8 Seek clarification	<p><b>Replace</b> the clause with the following:</p> <p><i>Request clarification of the tender documents, if necessary, by notifying the employer at least <b>2 (two) working days</b> before the closing time stated in the tender data.</i></p>
C.2.9 Insurance	<b>Add</b> the following to the clause

CLAUSE NUMBER	TENDER DATA
	<i>Accept that the submission of a tender shall be construed as an acknowledgement by the tenderer that he is satisfied with, where applicable, the insurance cover the Employer will affect under the contract.</i>
C.2.12 Alternative offers	Alternative tender offers will <b>not</b> be considered.
C.2.13 Submitting a tender offer	<ul style="list-style-type: none"> <li>The tender offer <b><u>shall be completed in non-erasable black ink pen</u></b></li> </ul> <p>Any entry made by the tenderer in the document which the tenderer desires to change, <b><u>shall not be erased or painted out</u></b>. A line shall be drawn through the incorrect entry and the correct entry shall be written above in <b><u>non-erasable black ink</u></b> and the <b><u>full signature</u></b> of the tenderer shall be placed next to the correction.</p>
C.2.13.2          C.2.13.3	<p><b><u>Replace</u></b> the contents of the clause with the following:</p> <p><i>Return all volumes of the tender document to the Employer after completion of the relevant sections of each volume in their entirety, either electronically (if they were issued in electronic format) or by writing in black ink.</i></p> <p><i>All volumes are to be left intact in original format and no pages shall be removed or re-arranged</i></p> <p>Parts of each tender offer communicated on paper shall be submitted as <b>an original, plus a scanned copy in PDF format on a Universal Serial Bus (USB) flash drive.</b></p> <p><b>In addition to the hard copy submission, each tenderer is required to submit a soft copy of the fully completed and signed tender submission document. This is to be on a USB Flash Drive attached to the original tender submission documents, adequately identifiable as belonging to the tenderer, in a PDF format scanned at 400 DPI, and in full colour.</b></p>
C.2.13.4	<p><b><u>Add</u></b> the following to the clause</p> <p><i>Only authorised signatories may sign the original and all copies of the tender offer where required.</i></p> <p><i>In the case of a <b>ONE-PERSON CONCERN</b> submitting a tender, this shall be clearly stated.</i></p> <p><i>In the case of a <b>COMPANY</b> submitting a tender, include a copy of a <b><u>resolution by its board of directors</u></b> authorising a director or other official of the company to sign the documents on behalf of the company.</i></p> <p><i>In the case of a <b>CLOSE CORPORATION</b> submitting a tender, include a copy of a <b><u>resolution by its members</u></b> authorising a member or other official of the corporation to sign the documents on each member's behalf.</i></p> <p><i>In the case of a <b>PARTNERSHIP</b> submitting a tender, <b><u>all the partners</u></b> shall sign the documents, unless one partner or a group of partners has been authorised to sign on behalf of each partner, in which case <b><u>proof of such authorisation</u></b> shall be included in the Tender.</i></p> <p><i>In the case of a <b>JOINT VENTURE/CONSORTIUM</b> submitting a tender, include a <b><u>resolution of each company</u></b> of the joint venture together with a <b><u>resolution by its members</u></b> authorising a member of the joint venture to sign the documents on behalf of the joint venture.</i></p>

CLAUSE NUMBER	TENDER DATA
	<b><u>Accept that failure to submit proof of authorisation to sign the tender shall result in the tender offer being regarded as non-responsive.</u></b>
C.2.13.5	<p>The identification details are:</p> <p>Tender/Reference                      <b>ROC 15 2023/24</b></p> <p>Tender Description:                      <b>Tender for maintenance of permanent road traffic markings in accordance with the provisions of the National Road Traffic Act 93 of 1996 in Tshwane as and when required on tendered rates and subject to available budget: 3-year term</b></p> <p>Closing Time:                              <b>10h00am</b></p> <p>Closing Date:                               <b>05 March 2024</b></p> <p>Each tender shall be enclosed in a sealed envelope, bearing the correct identification details and shall be submitted (HAND DELIVERED) at:</p> <p><b>TENDER BOX</b>  <b>Tshwane House</b>  <b>320 Madiba Street</b>  <b>PRETORIA CBD</b>  <b>0002</b></p> <p>Please ensure that all required compliance documents are included upon submission as no additional documents will be requested from bidders after closing.</p>
C.2.13.9	Telephonic, telegraphic, telex, facsimile or e-mailed offers will <b><u>not</u></b> be accepted
C.2.13.10	<p><b><u>Add</u></b> the following sub- clause C.2.13.10:</p> <p><i>Accept that all conditions, which are printed or written upon any stationery used by the Tenderer for the purpose of or in connection with the submission of a tender offer for this Contract, which are in conflict with the conditions laid down in this document shall be waived, renounced and abandoned.</i></p>
C.2.14	<p>Information and data to be completed in all respects</p> <p><b><u>Add</u></b> the following to the clause:</p> <p><i>The Tenderer is required to enter information in the following sections of the document:</i></p> <p>Section T2.2            :            <i>Returnable Schedules</i></p> <p>Section C1.1            :            <i>Form of Offer and Acceptance</i></p> <p>Section C1.2            :            <i>Contract Data (Part 2)</i></p> <p>Section C2.2            :            <i>Pricing Schedule</i></p> <p><i>The above sections shall be signed by the Tenderer (and witnesses where required). Individual pages should only be initialled by the successful Tenderer and by the witnesses after acceptance by the Employer of the Tender Offer.</i></p> <p><i>The Tenderer shall complete and sign the Form of Offer prior to the submission of a Tender Offer.</i></p>

CLAUSE NUMBER	TENDER DATA
	<p><i>The Schedule of Deviations (if applicable) shall be signed by the successful Tenderer after acceptance by the Employer of the Tender Offer.</i></p> <p><i>Accept that failure on the part of the Tenderer to submit any one of the Returnable Documents listed in Part T2 – Returnable Documents within the period stipulated, shall be just cause for the Employer to consider the tender offer as being regarded as non-responsive.</i></p> <p><i>Accept that the Employer shall in the evaluation of tender offers take due account of the Tenderer's past performance in the execution of similar engineering works of comparable magnitude, and the degree to which he possesses the necessary technical, financial and other resources to enable him to complete the Works successfully within the contract period. Satisfy the Employer and the Engineer as to his ability to perform and complete the Works timeously, safely and with satisfactory quality, and furnish details in Part T2 – Returnable Documents.</i></p> <p><i>Accept that the Employer is restricted in accordance with clause 5 (1) of the Construction Regulations, 2014, to only appoint a contractor whom he is satisfied has the necessary competencies and resources to carry out the work safely. Accept that submitting inferior and inadequate information relating to health and safety (as required in clause 2.23) shall be regarded as justifiable and compelling reasons not to accept the Tender Offer of the Tenderer scoring the highest number of tender evaluation points.</i></p>
C.2.15 Closing time	The closing time for submission of tender offers is stated in the tender notice and invitation to tender.
C.2.16 Tender offer validity  C.2.16.5	<p>The tender offer validity period is <b>90 days</b>. CoT shall have right and power to extend any tender validity period beyond any initial validity period set and subsequent extensions. SCM shall ensure that an extension of validity is requested in writing from all bidders before the validity expiry date. Extension of validity shall be finalised while the quotations/bids are still valid.</p> <p><b>Add</b> the following new clause</p> <p><i>If the tender validity period expires on a Saturday, Sunday or public holiday, the tender offer shall remain valid and open for acceptance until closure of business on the following working day.</i></p>
C.2.16.6	<p><b>Add</b> the following new clause:</p> <p><i>Accept that should the Tenderer unilaterally withdraw his tender during the tender validity period, the Employer shall, without prejudice to any other rights he may have, be entitled to accept any less favourable tender for the Works from those received, or to call for fresh tenders, or to otherwise arrange for execution of the Works, and the Tenderer shall pay on demand any additional expense incurred by the Employer on account of the adoption of the said courses, as well as either the difference in cost between the tender withdrawn (as corrected in terms of clause 3.9 of the Conditions of Tender) and any less favourable tender accepted by the Employer, or the difference between the tender withdrawn (as corrected) and the cost of execution of the Works by the Employer as well as any other amounts the Employer may have to pay to have the Works completed</i></p>
C.2.19 Inspections, tests and analysis	<p><b>Add</b> the following at the end of the clause:</p> <p><i>....or upon written request.</i></p>

CLAUSE NUMBER		TENDER DATA
C.2.20	Submit securities, bonds, policies, etc.	The tenderer is required to submit with his tender a letter of intent from an approved insurer undertaking to provide the performance bond to the format included in <b>Section C1.3</b> of Part C1 Agreements and Contract Data of this document.
C.2.23	Certificates	Refer to <b>Part T2</b> of this procurement document for a list of the documents that are to be returned with the tender.
C.2.24	Conditions Associated with the Granting of Preferences	<p><b>Add</b> the following new clause</p> <p><i>The Tenderer, undertakes to:</i></p> <ol style="list-style-type: none"> <li><i>engage one or more Targeted Enterprises / Targeted Labour in accordance with the provisions of the SANS 1914 as varied in the Procurement Section of the Scope of Works;</i></li> <li><i>deliver to the Employer, within 5 working days of being requested in writing to do so, a Targeted Enterprise Declaration Affidavit in respect of all Targeted Enterprises engaged at prime contract level to satisfy Contract Participation Goal requirements;</i></li> <li><i>accept the sanctions set out in the Scope of Works should such conditions be breached.</i></li> </ol>
C.2.25	Canvassing and obtaining of additional information by tenderers	<p><b>Add</b> the following new clause</p> <p><i>The Tenderer shall not make any attempt either directly or indirectly to canvass any of the Employers' officials or the Employer's agent in respect of his tender, after the opening of the tenders but prior to the Employer arriving at a decision thereon.</i></p> <p><i>The Tenderer shall not make any attempt to obtain particulars of any relevant information, other than that disclosed at the opening of tenders.</i></p>
C.2.26	Prohibitions on awards to persons in service of the state	<p><b>Add</b> the following new clause</p> <p><i>The Employer is prohibited to award a tender to a person -</i></p> <ol style="list-style-type: none"> <li><i>who is in the service of the state; or</i></li> <li><i>if that person is not a natural person, of which any director, manager, principal shareholder or stakeholder is a person in the service of the state; or</i></li> <li><i>a person who is an advisor or consultant contracted with the municipality or municipal entity.</i></li> </ol> <p><b><i>In the service of the state means to be -</i></b></p> <ol style="list-style-type: none"> <li><i>a member of:-</i> <ul style="list-style-type: none"> <li><i>any municipal council;</i></li> <li><i>any provincial legislature; or</i></li> <li><i>the National Assembly or the National Council of Provinces;</i></li> </ul> </li> <li><i>a member of the board of directors of any municipal entity;</i></li> <li><i>an official of any municipality or municipal entity;</i></li> <li><i>an employee of any national or provincial department;</i></li> <li><i>provincial public entity or constitutional institution within the meaning of the Public Finance Management Act, 1999 (Act No.1 of 1999);</i></li> <li><i>a member of the accounting authority of any national or provincial public entity;</i></li> </ol> <p><i>or</i></p> <ol style="list-style-type: none"> <li><i>an employee of Parliament or a provincial legislature.</i></li> </ol> <p>In order to give effect to the above, the questionnaire for the declaration of interests in the tender of persons in service of state in part T2 of this procurement document must be completed.</p>
C.2.27		<b>Add</b> the following new clause

CLAUSE NUMBER	TENDER DATA
<p><i>Awards to close family members of persons in the service of the state</i></p>	<p><i>Accept that the notes to the Employer's annual financial statements must disclose particulars of any award of more than R2000 to a person who is a spouse, child or parent of a person in the service of the state (defined in clause F2.25), or has been in the service of the state in the previous twelve months, including -</i></p> <ul style="list-style-type: none"> <li><i>a) the name of that person;</i></li> <li><i>b) the capacity in which that person is in the service of the state; and</i></li> <li><i>c) the amount of the award.</i></li> </ul> <p><i>In order to give effect to the above, the questionnaire for the declaration of interests in the tender of persons in service of state in Part T2 of this procurement document must be completed.</i></p>
<p>C.2.28      <i>Vendor registration</i></p>	<p><b>Add</b> the following new clause</p> <p><i>The contractor will required registering as a supplier/ service provider on the City of Tshwane's vendor register before any payment can be done.</i></p> <p><i>If the tenderer is already registered as a vendor, it is required to record the vendor number in space provided on the cover page of this Tender document.</i></p> <p><i>Vendor registration documents are available from the Procurement Advice Centre or can be downloaded from <a href="http://www.tshwane.gov.za/procurement.cfm">http://www.tshwane.gov.za/procurement.cfm</a></i></p> <p><i>All parties of a joint venture or consortium submitting a tender shall comply with the requirements of this clause.</i></p>
<p>C.2.29      <i>Tax</i></p>	<p><b>Add</b> the following new clause</p> <p><b><i>National Treasury SCM Instruction no. 7 of 2017/18 clause 4 application during SCM Processes state that:</i></b></p> <p><i>The designated official(s) must verify the tenderer's tax compliance status prior to the finalisation of the award of the tender or price quotation.</i></p> <p><i>Where the recommended tenderer is not tax compliant, the tenderer should be notified of their non- compliant status and the tenderer must be requested to submit to the municipality or municipal entity, within 7 working days, written proof from South African Revenue Services of their tax compliance status or proof from SARS that they have made an arrangement to meet their outstanding tax obligations. The proof of tax compliance status submitted by the tenderer to the municipality or municipal entity must be verified via the Central Supplier Database or eFiling</i></p> <p><i>Accept that the tenderer will be rejected if such tenderer fails to provide proof of tax compliance status in terms of clause 4.2 of National Treasury SCM Instruction no. 7 of 2017/18</i></p>
<p>C.3.1      <i>Respond to requests from the tenderer</i></p> <p>C.3.1.1</p>	<p>The employer will respond to requests for clarification up to <b>7 (Seven) working days</b> before the tender closing time.</p>
<p>C.3.11      <i>Evaluation of tender offers</i></p>	<p><b><i>All tenderers who submitted responsive tenders will be evaluated</i></b></p>

CLAUSE NUMBER	TENDER DATA		
C.3.11.1 General	In terms of Regulation 4(2); 5(2); 6(2) and 7(2) of the Preferential Procurement Regulations, preference points must be awarded for specific goals stated in the tender. For the purposes of this tender the tenderer will be allocated points based on the goals stated in C.3.11.2, C.3.11.3 and C3.11.4 below supported by proof/ documentation stated in the conditions of this tender.		
C.3.11.2 Method of Evaluation	<b>Stage 1: Admin compliance</b>		
	<b>Compulsory Returnable Documentation (Submission of these are compulsory)</b>	<b>Submitted (YES or NO)</b>	<b>Checklist (Guide for Bidder and the Bid Evaluation Committee)</b>
	a) To enable The City to verify the bidder's tax compliance status, the bidder must provide; <ul style="list-style-type: none"> <li>• A copy of their Tax Clearance Certificate (TCS);</li> <li>or</li> <li>• Indicate their tax compliance status PIN.</li> </ul>		TCS must be in the same business name as the bidding company. TCS must be valid. Tax status must be compliant before the award.
	b) A copy of their Central Supplier Database (CSD) registration; or indicate their Master Registration Number / CSD Number;		CSD must be valid. Tax status must be compliant before the award.
	c) Confirmation that the bidding company's rates and taxes are up to date: Original or copy of Municipal Account Statement of the Bidder (bidding company) not older than 3 months and account must not be in arrears for more than ninety (90) days; or ,signed lease agreement or In case of bidders located in informal settlement, rural areas or areas where they are not required to pay Rates and Taxes a letter from the local councillor confirming		Was a Municipal Account Statement or landlord letter provided for the bidding company? The name and / or addresses of the bidder's statement correspond with CIPC document? Are all payment(s) up to date (i.e. not in arrears for more than 90 days?

CLAUSE NUMBER	TENDER DATA		
	they are operating in that area		
	<p>d) In addition to the above, confirmation that all the bidding company's owners / members / directors / major shareholders rates and taxes are up to date: • Original or copy of Municipal Account Statement of all the South African based owners / members / directors / major shareholders not older than 3 months and the account/s may not be in arrears for more than ninety (90) days; or a signed lease agreement of owners / members / directors / major shareholders or In case of bidders located in informal settlement, rural areas or areas where they are not required to pay Rates and Taxes a letter from the local councillor confirming they are residing in that area</p>		<p>Was a Municipal Account Statement(s) or landlord letter(s) provided for ALL the bidding company's (SA based) directors? The names and/or addresses of all directors on statement correspond with CIPC document? Are all payments up to date (i.e. not in arrears for more than 90 days?</p>
	<p>e) Duly Signed and completed MBD forms (MBD 1, 4, 5, 8 and 9) The person signing the bid documentation must be authorized to sign on behalf of the bidder. Where the signatory is not a Director / Member / Owner / Shareholder of the company, an official letter of authorization or delegation of authority</p>		<p>All documents fully completed (i.e. no blank spaces)? All documents fully signed? Signature authorized (any director / member / trustee as indicated on the CIPC document, alternatively a delegation of authority would be required? Documents completed in black ink (i.e. no "Tippex" corrections,</p>

## **C.1 General**

### **C.1.1 Actions**

**C.1.1.1** The Employer and each tenderer submitting a tender offer shall comply with these conditions of tender. In their dealings with each other, they shall discharge their duties and obligations as set out in C.2 and C.3, timeously and with integrity, and behave equitably, honestly and transparently, comply with all legal obligations and not engage in anticompetitive practices.

**C.1.1.2** The Employer and the tenderer and all their agents and employees involved in the tender process shall avoid conflicts of interest and where a conflict of interest is perceived or known, declare any such conflict of interest, indicating the nature of such conflict. Tenderers shall declare any potential conflict of interest in their tender submissions. Employees, agents and advisors of the Employer shall declare any conflict of interest to whoever is responsible for overseeing the procurement process at the start of any deliberations relating to the procurement process or as soon as they become aware of such conflict, and abstain from any decisions where such conflict exists or recuse themselves from the procurement process, as appropriate.

**Note:**

- 1) *A conflict of interest may arise due to a conflict of roles which might provide an incentive for improper acts in some circumstances. A conflict of interest can create an appearance of impropriety that can undermine confidence in the ability of that person to act properly in his or her position even if no improper acts result.*
- 2) *Conflicts of interest in respect of those engaged in the procurement process include direct, indirect or family interests in the tender or outcome of the procurement process and any personal bias, inclination, obligation, allegiance or loyalty which would in any way affect any decisions taken.*

**C.1.1.3** The Employer shall not seek and a tenderer shall not submit a tender without having a firm intention and the capacity to proceed with the contract.

### **C.1.2 Tender Documents**

The documents issued by the Employer for the purpose of a tender offer are listed in the tender data.

### **C.1.3 Interpretation**

**C.1.3.1** The tender data and additional requirements contained in the tender schedules that are included in the returnable documents are deemed to be part of these conditions of tender.

**C.1.3.2** These conditions of tender, the tender data and tender schedules which are only required for tender evaluation purposes, shall not form part of any contract arising from the invitation to tender.

**C.1.3.3** For the purposes of these conditions of tender, the following definitions apply:

- a) **conflict of interest** means any situation which:
  - i) someone in a position of trust has competing professional or personal interests which make it difficult to fulfil his or her duties impartially;
  - ii) an individual or organisation is in a position to exploit a professional or official capacity in some way for their personal or corporate benefit; or
  - iii) incompatibility or contradictory interests exist between an employee and the organisation which employs that employee.
- b) **comparative offer** means the price after the factors of a non-firm price and all unconditional discounts it can be utilised to have been taken into consideration;
- c) **corrupt practice** means the offering, giving, receiving or soliciting of anything of value to influence the action of the Employer or his staff or agents in the tender process;
- d) **fraudulent practice** means the misrepresentation of the facts in order to influence the tender process or the award of a contract arising from a tender offer to the detriment of the Employer, including collusive practices intended to establish prices at artificial levels;

#### **C.1.4 Communication and Employer's agent**

Each communication between the Employer and a tenderer shall be to or from the Employer's agent only, and in a form that can be readily read, copied and recorded. Communications shall be in the English language. The Employer shall not take any responsibility for non-receipt of communications from or by a tenderer. The name and contact details of the Employer's agent are stated in the tender data.

#### **C.1.5 Cancellation and re-invitation of tenders**

**C.1.5.1** An organ of state may, prior to the award of the tender, cancel the tender if-

- (a) due to changed circumstances, there is no longer a need for the services, works or goods requested; or
- (b) funds are no longer available to cover the total envisaged expenditure;
- (c) no acceptable tenders are received; or
- (d) there is a material irregularity in the tender process.

**C.1.5.2** The decision to cancel the tender must be published in the same manner in which the original tender invitation was advertised.

**C.1.5.3** An Employer may only with the prior approval of the relevant treasury cancel a tender invitation for a second time.

#### **C.1.6 Procurement procedures**

##### **C.1.6.1 General**

Unless otherwise stated in the tender data, a contract will, subject to C.3.13, be concluded with the tenderer who in terms of C.3.11 is the highest ranked or the tenderer scoring the highest number of tender evaluation points, as relevant, based on the tender submissions that are received at the closing time for tenders.

##### **C.1.6.2 Competitive negotiation procedure**

**C.1.6.2.1** Where the tender data require that the competitive negotiation procedure is to be followed, tenderers shall submit tender offers in response to the proposed contract in the first round of submissions. Notwithstanding the requirements of C.3.4, the Employer shall announce only the names of the tenderers who make a submission. The requirements of C.3.8 relating to the material deviations or qualifications which affect the competitive position of tenderers shall not apply.

**C.1.6.2.2** All responsive tenderers, or not less than three responsive tenderers that are highest ranked in terms of the evaluation method and evaluation criteria stated in the tender data, shall be invited in each round to enter into competitive negotiations, based on the principle of equal treatment and keeping confidential the proposed solutions and associated information.

Notwithstanding the provisions of C.2.17, the Employer may request that tenders be clarified, specified and fine-tuned in order to improve a tenderer's competitive position provided that such clarification, specification, fine-tuning or additional information does not alter any fundamental aspects of the offers or impose substantial new requirements which restrict or distort competition or have a discriminatory effect.

**C.1.6.2.3** At the conclusion of each round of negotiations, tenderers shall be invited by the Employer to revise their tender offer based on the same evaluation criteria, with or without adjusted weightings. Tenderers shall be advised when they are to submit their best and final offer.

**C.1.6.2.4** The contract shall be awarded in accordance with the provisions of C.3.11 and C.3.13 after tenderers have been requested to submit their best and final offer.

##### **C.1.6.3 Proposal procedure using the two stage-system**

#### **C.1.6.3.1 Option 1**

Tenderers shall in the first stage submit technical proposals and, if required, cost parameters around which a contract may be negotiated. The Employer shall evaluate each responsive submission in terms of the method of evaluation stated in the tender data, and in the second stage negotiate a contract with the tenderer scoring the highest number of evaluation points and award the contract in terms of these conditions of tender.

#### **C.1.6.3.2 Option 2**

**C.1.6.3.2.1** Tenderers shall submit in the first stage only technical proposals. The Employer shall invite all responsive tenderers to submit tender offers in the second stage, following the issuing of procurement documents.

**C.1.6.3.2.2** The Employer shall evaluate tenders received during the second stage in terms of the method of evaluation stated in the tender data, and award the contract in terms of these conditions of tender.

### **C.2 Tenderer's obligations**

#### **C.2.1 Eligibility**

**C.2.1.1** Submit a tender offer only if the tenderer satisfies the criteria stated in the tender data and the tenderer, or any of his principals, is not under any restriction to do business with Employer.

**C.2.1.2** Notify the Employer of any proposed material change in the capabilities or formation of the tendering entity (or both) or any other criteria which formed part of the qualifying requirements used by the Employer as the basis in a prior process to invite the tenderer to submit a tender offer and obtain the Employer's written approval to do so prior to the closing time for tenders.

#### **C.2.2 Cost of tendering**

**C.2.2.1** Accept that, unless otherwise stated in the tender data, the Employer will not compensate the tenderer for any costs incurred in the preparation and submission of a tender offer, including the costs of any testing necessary to demonstrate that aspects of the offer complies with requirements.

**C.2.2.2** The cost of the tender documents charged by the Employer shall be limited to the actual cost incurred by the Employer for printing the documents. Employers must attempt to make available the tender documents on its website so as not to incur any costs pertaining to the printing of the tender documents.

#### **C.2.3 Check documents**

Check the tender documents on receipt for completeness and notify the Employer of any discrepancy or omission.

#### **C.2.4 Confidentiality and copyright of documents**

Treat as confidential all matters arising in connection with the tender. Use and copy the documents issued by the Employer only for the purpose of preparing and submitting a tender offer in response to the invitation.

#### **C.2.5 Reference documents**

Obtain, as necessary for submitting a tender offer, copies of the latest versions of standards, specifications, conditions of contract and other publications, which are not attached but which are incorporated into the tender documents by reference.

#### **C.2.6 Acknowledge addenda**

Acknowledge receipt of addenda to the tender documents, which the Employer may issue, and if necessary apply for an extension to the closing time stated in the tender data, in order to take the addenda into account.

#### **C.2.7 Clarification meeting**

Attend, where required, a clarification meeting at which tenderers may familiarize themselves with aspects of the proposed work, services or supply and raise questions. Details of the meeting(s) are stated in the tender data.

**C.2.8 Seek clarification**

Request clarification of the tender documents, if necessary, by notifying the Employer at least five (5) working days before the closing time stated in the tender data.

**C.2.9 Insurance**

Be aware that the extent of insurance to be provided by the Employer (if any) might not be for the full cover required in terms of the conditions of contract identified in the contract data. The tenderer is advised to seek qualified advice regarding insurance.

**C.2.10 Pricing the tender offer**

**C.2.10.1** Include in the rates, prices, and the tendered total of the prices (if any) all duties, taxes except Value Added Tax (VAT), and other levies payable by the successful tenderer, such duties, taxes and levies being those applicable 14 days before the closing time stated in the tender data.

**C.2.10.2** Show VAT payable by the Employer separately as an addition to the tendered total of the prices.

**C.2.10.3** Provide rates and prices that are fixed for the duration of the contract and not subject to adjustment except as provided for in the conditions of contract identified in the contract data.

**C.2.10.4** State the rates and prices in Rand unless instructed otherwise in the tender data. The conditions of contract identified in the contract data may provide for part payment in other currencies.

**C.2.11 Alterations to documents**

Do not make any alterations or additions to the tender documents, except to comply with instructions issued by the Employer, or necessary to correct errors made by the tenderer. All signatories to the tender offer shall initial all such alterations.

**C.2.12 Alternative tender offers**

**C.2.12.1** Unless otherwise stated in the tender data, submit alternative tender offers only if a main tender offer, strictly in accordance with all the requirements of the tender documents, is also submitted as well as a schedule that compares the requirements of the tender documents with the alternative requirements that are proposed.

**C.2.12.2** Accept that an alternative tender offer may be based only on the criteria stated in the tender data or criteria otherwise acceptable to the Employer.

**C.2.12.3** An alternative tender offer may only be considered in the event that the main tender is the winning tender.

**C.2.13 Submitting a tender offer**

**C.2.13.1** Submit one tender offer only, either as a single tendering entity or as a member in a joint venture to provide the whole of the works, services or supply identified in the contract data and described in the scope of works, unless stated otherwise in the tender data.

**C.2.13.2** Return all returnable documents to the Employer after completing them in their entirety, either electronically (if they were issued in electronic format) or by writing legibly in non-erasable ink.

**C.2.13.3** Submit the parts of the tender offer communicated on paper as an original plus the number of copies stated in the tender data, with an English translation of any documentation in a language other than English, and the parts communicated electronically in the same format as they were issued by the Employer.

- C.2.13.4** Sign the original and all copies of the tender offer where required in terms of the tender data. The Employer will hold all authorized signatories liable on behalf of the tenderer. Signatories for tenderers proposing to contract as joint ventures shall state which of the signatories is the lead partner whom the Employer shall hold liable for the purpose of the tender offer.
- C.2.13.5** Seal the original and each copy of the tender offer as separate packages marking the packages as "ORIGINAL" and "COPY". Each package shall state on the outside the Employer's address and identification details stated in the tender data, as well as the tenderer's name and contact address.
- C.2.13.6** Where a two-envelope system is required in terms of the tender data, place and seal the returnable documents listed in the tender data in an envelope marked "financial proposal" and place the remaining returnable documents in an envelope marked "technical proposal". Each envelope shall state on the outside the Employer's address and identification details stated in the tender data, as well as the tenderer's name and contact address.
- C.2.13.7** Seal the original tender offer and copy packages together in an outer package that states on the outside only the Employer's address and identification details as stated in the tender data.
- C.2.13.8** Accept that the Employer will not assume any responsibility for the misplacement or premature opening of the tender offer if the outer package is not sealed and marked as stated.
- C.2.13.9** Accept that tender offers submitted by facsimile or e-mail will be rejected by the Employer, unless stated otherwise in the tender data.
- C.2.14 Information and data to be completed in all respects**
- Accept that tender offers, which do not provide all the data or information requested completely and in the form required, may be regarded by the Employer as non-responsive.
- C.2.15 Closing time**
- C.2.15.1** Ensure that the Employer receives the tender offer at the address specified in the tender data not later than the closing time stated in the tender data. Accept that proof of posting shall not be accepted as proof of delivery.
- C.2.15.2** Accept that, if the Employer extends the closing time stated in the tender data for any reason, the requirements of these conditions of tender apply equally to the extended deadline.
- C.2.16 Tender offer validity**
- C.2.16.1** Hold the tender offer(s) valid for acceptance by the Employer at any time during the validity period stated in the tender data after the closing time stated in the tender data.
- C.2.16.2** If requested by the Employer, consider extending the validity period stated in the tender data for an agreed additional period with or without any conditions attached to such extension.
- C.2.16.3** Accept that a tender submission that has been submitted to the Employer may only be withdrawn or substituted by giving the Employer's agent written notice before the closing time for tenders that a tender is to be withdrawn or substituted. If the validity period stated in C.2.16 lapses before the Employer evaluating tender, the Contractor reserves the right to review the price based on Consumer Price Index (CPI).
- C.2.16.4** Where a tender submission is to be substituted, submit a substitute tender in accordance with the requirements of C.2.13 with the packages clearly marked as "SUBSTITUTE".
- C.2.17 Clarification of tender offer after submission**
- Provide clarification of a tender offer in response to a request to do so from the Employer during the evaluation of tender offers. This may include providing a breakdown of rates or prices and correction of arithmetical errors by the adjustment of certain rates or item prices (or both). No change in the competitive position of tenderers or substance of the tender offer is sought, offered, or permitted.

**Note:** *Sub-clause C.2.17 does not preclude the negotiation of the final terms of the contract with a preferred tenderer following a competitive selection process, should the Employer elect to do so.*

**C.2.18 Provide other material**

**C.2.18.1** Provide, on request by the Employer, any other material that has a bearing on the tender offer, the tenderer's commercial position (including notarized joint venture agreements), preferencing arrangements, or samples of materials, considered necessary by the Employer for the purpose of a full and fair risk assessment.

Should the tenderer not provide the material, or a satisfactory reason as to why it cannot be provided, by the time for submission stated in the Employer's request, the Employer may regard the tender offer as non-responsive.

**C.2.18.2** Dispose of samples of materials provided for evaluation by the Employer, where required.

**C.2.19 Inspections, test and analysis**

Provide access during working hours to premises for inspections, tests and analysis as provided for in the tender data.

**C.2.20 Submit securities, bonds and policies**

If requested, submit for the Employer's acceptance before formation of the contract, all securities, bonds, guarantees, policies and certificates of insurance required in terms of the conditions of contract identified in the contract data.

**C.2.21 Check final draft**

Check the final draft of the contract provided by the Employer within the time available for the Employer to issue the contract.

**C.2.22 Return of other tender documents**

If so instructed by the Employer, return all retained tender documents within 28 days after the expiry of the validity period stated in the tender data.

**C.2.23 Certificates**

Include in the tender submission or provide the Employer with any certificates as stated in the tender data.

**C.3 The Employer's undertakings**

**C.3.1 Respond to requests from the tenderer**

**C.3.1.1** Unless otherwise stated in the Tender Data respond to a request for clarification received up to five (5) working days before the tender closing time stated in the Tender Data and notify all tenderers who collected tender documents.

**C.3.1.2** Consider any request to make a material change in the capabilities or formation of the tendering entity (or both) or any other criteria which formed part of the qualifying requirements used to prequalify a tenderer to submit a tender offer in terms of a previous procurement process and deny any such request if as a consequence:

- a) an individual firm, or a joint venture as a whole, or any individual member of the joint venture fails to meet any of the collective or individual qualifying requirements;

- b) the new partners to a joint venture were not prequalified in the first instance, either as individual firms or as another joint venture; or
- c) in the opinion of the Employer, acceptance of the material change would compromise the outcome of the prequalification process.

### **C.3.2 Issue addenda**

If necessary, issue addenda that may amend or amplify the tender documents to each tenderer during the period from the date that tender documents are available until three (3) working days before the tender closing time stated in the Tender Data. If, as a result a tenderer applies for an extension to the closing time stated in the Tender Data, the Employer may grant such extension and, shall then notify all tenderers who collected tender documents.

### **C.3.3 Return late tender offers**

Return tender offers received after the closing time stated in the Tender Data, unopened, (unless it is necessary to open a tender submission to obtain a forwarding address), to the tenderer concerned.

### **C.3.4 Opening of tender submissions**

**C.3.4.1** Unless the two-envelope system is to be followed, open valid tender submissions in the presence of tenderers' agents who choose to attend at the time and place stated in the tender data. Tender submissions for which acceptable reasons for withdrawal have been submitted will not be opened.

**C.3.4.2** Announce at the meeting held immediately after the opening of tender submissions, at a venue indicated in the tender data, the name of each tenderer whose tender offer is opened and, where applicable, the total of his prices, number of points claimed for its BBEE status level and time for completion for the main tender offer only.

**C.3.4.3** Make available the record outlined in C.3.4.2 to all interested persons upon request.

### **C.3.5 Two-envelope system**

**C.3.5.1** Where stated in the tender data that a two-envelope system is to be followed, open only the technical proposal of valid tenders in the presence of tenderers' agents who choose to attend at the time and place stated in the tender data and announce the name of each tenderer whose technical proposal is opened.

**C.3.5.2** Evaluate functionality of the technical proposals offered by tenderers, then advise tenderers who remain in contention for the award of the contract of the time and place when the financial proposals will be opened. Open only the financial proposals of tenderers, who score in the functionality evaluation more than the minimum number of points for functionality stated in the tender data, and announce the score obtained for the technical proposals and the total price and any points claimed on BBEE status level. Return unopened financial proposals to tenderers whose technical proposals failed to achieve the minimum number of points for functionality

### **C.3.6 Non-disclosure**

Not disclose to tenderers, or to any other person not officially concerned with such processes, information relating to the evaluation and comparison of tender offers, the final evaluation price and recommendations for the award of a contract, until after the award of the contract to the successful tenderer.

### **C.3.7 Grounds for rejection and disqualification**

Determine whether there has been any effort by a tenderer to influence the processing of tender offers and instantly disqualify a tenderer (and his tender offer) if it is established that he engaged in corrupt or fraudulent practices.

### **C.3.8 Test for responsiveness**

**C.3.8.1** Determine, after opening and before detailed evaluation, whether each tender offer properly received:

- a) complies with the requirements of these Conditions of Tender,
- b) has been properly and fully completed and signed, and
- c) is responsive to the other requirements of the tender documents.

**C.3.8.2** A responsive tender is one that conforms to all the terms, conditions, and specifications of the tender documents without material deviation or qualification. A material deviation or qualification is one which, in the Employer's opinion, would:

- a) detrimentally affect the scope, quality, or performance of the works, services or supply identified in the Scope of Work,
- b) significantly change the Employer's or the tenderer's risks and responsibilities under the contract, or
- c) affect the competitive position of other tenderers presenting responsive tenders, if it were to be rectified.

Reject a non-responsive tender offer, and not allow it to be subsequently made responsive by correction or withdrawal of the non-conforming deviation or reservation.

**C.3.9 Arithmetical errors, omissions and discrepancies**

**C.3.9.1** Check responsive tenders for discrepancies between amounts in words and amounts in figures. Where there is a discrepancy between the amounts in figures and the amount in words, the amount in words shall govern.

**C.3.9.2** Check the highest ranked tender or tenderer with the highest number of tender evaluation points after the evaluation of tender offers in accordance with C.3.11 for:

- a) the gross misplacement of the decimal point in any unit rate;
- b) omissions made in completing the pricing schedule or bills of quantities; or
- c) arithmetic errors in:
  - i) line item totals resulting from the product of a unit rate and a quantity in bills of quantities or schedules of prices; or
  - ii) the summation of the prices.

**C.3.9.3** Notify the tenderer of all errors or omissions that are identified in the tender offer and either confirm the tender offer as tendered or accept the corrected total of prices.

**C.3.9.4** Where the tenderer elects to confirm the tender offer as tendered, correct the errors as follows:

- a) If bills of quantities or pricing schedules apply and there is an error in the line item total resulting from the product of the unit rate and the quantity, the line item total shall govern and the rate shall be corrected. Where there is an obviously gross misplacement of the decimal point in the unit rate, the line item total as quoted shall govern, and the unit rate shall be corrected.
- c) Where there is an error in the total of the prices either as a result of other corrections required by this checking process or in the tenderer's addition of prices, the total of the prices shall govern and the tenderer will be asked to revise selected item prices (and their rates if bills of quantities apply) to achieve the tendered total of the prices.

Consider the rejection of a tender offer if the tenderer does not correct or accept the correction of the arithmetical error in the manner described above.

### **C.3.10 Clarification of a tender offer**

Obtain clarification from a tenderer on any matter that could give rise to ambiguity in a contract arising from the tender offer.

### **C.3.11 Evaluation of tender offers**

The Standard Conditions of Tender standardize the procurement processes, methods and procedures from the time that tenders are invited to the time that a contract is awarded. They are generic in nature and are made project specific through choices that are made in developing the Tender Data associated with a specific project.

Conditions of tender are by definition the document that establishes a tenderer's obligations in submitting a tender and the Employer's undertakings in soliciting and evaluating tender offers. Such conditions establish the rules from the time a tender is advertised to the time that a contract is awarded and require Employers to conduct the process of offer and acceptance in terms of a set of standard procedures

<b>The CIDB Standard Conditions of Tender are based on a procurement system that satisfies the following system requirements:</b>	
<b>Requirement</b>	<b>Qualitative interpretation of goal</b>
Fair	The process of offer and acceptance is conducted impartially without bias, providing simultaneous and timely access to participating parties to the same information.
Equitable	Terms and conditions for performing the work do not unfairly prejudice the interests of the parties.
Transparent	The only grounds for not awarding a contract to a tenderer who satisfies all requirements are restrictions from doing business with the employer, lack of capability or capacity, legal impediments and conflicts of interest.
Competitive	The system provides for appropriate levels of competition to ensure cost effective and best value outcomes.
Cost effective	The processes, procedures and methods are standardized with sufficient flexibility to attain best value outcomes in respect of quality, timing and price, and least resources to effectively manage and control procurement processes.

**The activities associated with evaluating tender offers are as follows:**

- a) Open and record tender offers received
- b) Determine whether or not tender offers are complete
- c) Determine whether or not tender offers are responsive
- d) Evaluate tender offers
- e) Determine if there are any grounds for disqualification
- f) Determine acceptability of preferred tenderer
- g) Prepare a tender evaluation report
- h) Confirm the recommendation contained in the tender evaluation report

#### **C.3.11.1 General**

The employer must appoint an evaluation panel of not less than three persons conversant with the proposed scope of works to evaluate each responsive tender offer using the tender evaluation methods and associated evaluation criteria and weightings that are specified in the tender data.

### **C.3.12 Insurance provided by the Employer**

If requested by the proposed successful tenderer, submit for the tenderer's information the policies and / or certificates of insurance which the conditions of contract identified in the contract data, require the Employer to provide.

### **C.3.13 Acceptance of tender offer**

Accept the tender offer, if in the opinion of the Employer, it does not present any unacceptable commercial risk and only if the tenderer:

- a) is not under restrictions, or has principals who are under restrictions, preventing participating in the Employer's procurement,
- b) can, as necessary and in relation to the proposed contract, demonstrate that he or she possesses the professional and technical qualifications, professional and technical competence, financial resources, equipment and other physical facilities, managerial capability, reliability, experience and reputation, expertise and the personnel, to perform the contract,
- c) has the legal capacity to enter into the contract,
- d) is not insolvent, in receivership, under Business Rescue as provided for in chapter 6 of the Companies Act, 2008, bankrupt or being wound up, has his affairs administered by a court or a judicial officer, has suspended his business activities, or is subject to legal proceedings in respect of any of the foregoing,
- e) complies with the legal requirements, if any, stated in the tender data, and
- f) is able, in the opinion of the Employer, to perform the contract free of conflicts of interest.

### **C.3.14 Prepare contract documents**

**C.3.14.1** If necessary, revise documents that shall form part of the contract and that were issued by the Employer as part of the tender documents to take account of:

- a) addenda issued during the tender period,
- b) inclusion of some of the returnable documents, and
- c) other revisions agreed between the Employer and the successful tenderer.

**C.3.14.2** Complete the schedule of deviations attached to the form of offer and acceptance, if any.

### **C.3.15 Complete adjudicator's contract**

Unless alternative arrangements have been agreed or otherwise provided for in the contract, arrange for both parties to complete formalities for appointing the selected adjudicator at the same time as the main contract is signed.

### **C.3.16 Registration of the award**

An Employer must, within twenty-one (21) working days from the date on which a contractor's offer to perform a construction works contract is accepted in writing by the employer, register and publish the award on the CIDB Register of Projects.

**C.3.16.2** After the successful tenderer has been notified of the Employer's acceptance of the tender, notify other tenderers that their tender offers have not been accepted.

### **C.3.17 Provide copies of the contracts**

Provide to the successful tenderer the number of copies stated in the tender data of the signed copy of the contract as soon as possible after completion and signing of the form of offer and acceptance.

**C.3.18 Provide written reasons for actions taken**

Provide upon request written reasons to tenderers for any action that is taken in applying these conditions of tender, but withhold information which is not in the public interest to be divulged, which is considered to prejudice the legitimate commercial interests of tenderers or might prejudice fair competition between tenderers.

**PART T2:    RETURNABLE DOCUMENTS**

**TABLE OF CONTENTS**

T2.1    LIST OF RETURNABLE DOCUMENTS ..... 35

T2.2    RETURNABLE SCHEDULES ..... 37

## T2.1 LIST OF RETURNABLE DOCUMENTS

### RD.A MANDATORY RETURNABLE DOCUMENTS

**Note:** *Failure to submit, fully complete and sign the applicable documents and submit all required attachments will result in the tender offer being disqualified from further consideration*

Document Name	Reference	Confirmation of Document Included (Tenders may use this column to confirm documents have been completed and included in the tender)
Compulsory Enterprise Questionnaire	Form RD.A.1	
<b>MBD 4:</b> Declaration of interest in tender of persons in service of state	Form RD.A.2	
<b>MBD 8:</b> Declaration of tenderer's past supply chain management practices	Form RD.A.3	
<b>MBD 9:</b> Certificate of independent tender determination	Form RD.A.4	
Certificate of authority of signatory	Form RD.A.5	
Certificate of authority of signatory for joint ventures and consortia	Form RD.A.6	

### RD.B RETURNABLE DOCUMENTS REQUIRED FOR PREFERENTIAL PROCUREMENT EVALUATION PURPOSES

**Note:** *Failure to submit, fully complete and sign the applicable documents and submit all required attachments will result in the tender offer being awarded 0 (zero) preference points*

Document Name	Reference	Confirmation of Document Included (Tenders may use this column to confirm documents have been completed and included in the tender)
Valid B-BBEE Status Level of Contributor Certificate	Form RD.B.1	
<b>MBD 6.1:</b> Preference Points Claim Form in terms of the Preferential Procurement Regulations 2022	Form RD.B.2	
B-BBEE Exempted Micro Enterprise – Sworn Affidavit	Form RD.B.3	
Promotion of local enterprises (Local Economic Participation)	Form RD.B.4	
Certified copy of Identity Document/s proof of ownership (Sworn affidavit for B-BBEE qualifying small enterprise or Exempt Micro Enterprises, CIPC registration or any other proof of ownership)	Form RD.B.5	
Medical Certificate with doctor's details (Practice Number, Physical Address and contact numbers) proof of ownership (Sworn affidavit for B-BBEE qualifying small enterprise or Exempt Micro Enterprises, CIPC registration or any other proof of ownership)	Form RD.B.6	

**RD.C ADDITIONAL RETURNABLE DOCUMENTS REQUIRED FOR TENDER EVALUATION PURPOSES**

Document Name	Reference	Confirmation of Document Included (Tenders may use this column to confirm documents have been completed and included in the tender)
Proof of registration on CSD with National Treasury	RD.C.1	
<b>MBD 5:</b> Declaration for procurement above R10 million (all applicable taxes included)	RD.C.2	
Proof of Registration with CIDB	RD.C.3	
Compliance with OHSA (Act 85 of 1993)	RD.C.4	
Record of services provided to organs of state	RD.C.5	
Status of concern submitting tender	RD.C.6	
Classification of business	RD.C.7	
Letter of intent to provide a performance bond	RD.C.8	

**RD.D OTHER DOCUMENTS THAT WILL FORM PART OF THE CONTRACT**

**Note:** *Failure to submit, fully complete and sign the applicable documents and submit all required attachments will result in the tender offer being disqualified from further consideration*

Document Name	Reference	Confirmation of Document Included (Tenders may use this column to confirm documents have been completed and included in the tender)
Record of addenda to tender documents	RD.D.1	
Mandatory requirements Company experience	RD.D.2	
Mandatory requirements Key staff Work experience	RD.D.3	
Mandatory requirements Key staff Curriculum Vitae	RD.D.4	
Mandatory requirements Plant & equipment	RD.D.5	
Mandatory requirements Bank Rating	RD.D.6

**FORM RD.A.1 COMPULSORY ENTERPRISE QUESTIONNAIRE**

The following particulars must be furnished. In the case of a joint venture, separate enterprise questionnaires in respect of each partner must be completed and submitted.

**Section 1: Name of Enterprise:**

**Section 2: VAT registration number, if any:**

**Section 3: CIDB registration number, if any:**

**Section 4: CSD number:**

**Section 5: Particulars of sole proprietors and partners in partnerships:**

Name*	Identity Number*	Personal Income Tax Number*

*\* Complete only if sole proprietor or partnership and attach separate page if more than 3 partners*

**Section 6: Particulars of companies and close corporations**

Company registration number:

Close corporation number:

Tax reference number:

**Section 7: MBD4 issued by National Treasury must be completed for each tender and be attached as a tender requirement.**

**Section 9: MBD8 issued by National Treasury must be completed for each tender and be attached as a tender requirement.**

**Section 10: MBD9 issued by National Treasury must be completed for each tender and be attached as a tender requirement.**

The undersigned, who warrants that he / she is duly authorised to do so on behalf of the enterprise:

- authorizes the employer to verify the tenderers tax clearance status from the South African Revenue Services that it is in order;
- confirms that the neither the name of the enterprise or the name of any partner, manager, director or other person, who wholly or partly exercises or may exercise, control over the enterprise appears on the Register of Tender Defaulters established in terms of the Prevention and Combating of Corrupt Activities Act of 2004;
- confirms that no partner, member, director or other person, who wholly or partly exercises, or may exercise, control over the enterprise appears, has within the last five years been convicted of fraud or corruption;
- confirms that I / we are not associated, linked or involved with any other tendering entities submitting tender offers and have no other relationship with any of the tenderers or those responsible for compiling the scope of work that could cause or be interpreted as a conflict of interest; and
- confirms that the contents of this questionnaire are within my personal knowledge and are to the best of my belief both true and correct.

**FORM RD.A.2 MBD 4: DECLARATION OF INTEREST**

1. No bid will be accepted from persons in the service of the state<sup>1</sup>.
2. Any person, having a kinship with persons in the service of the state, including a blood relationship, may make an offer or offers in terms of this invitation to bid. In view of possible allegations of favouritism, should the resulting bid, or part thereof, be awarded to persons connected with or related to persons in service of the state, it is required that the bidder or their authorised representative declare their position in relation to the evaluating/adjudicating authority.

**3. In order to give effect to the above, the following questionnaire must be completed and submitted with the bid.**

3.1 Full name of bidder or his/her representative:

---

3.2 Identity Number:

---

3.3 Position occupied in Company:  
(director, trustee, shareholder<sup>2</sup>)

---

3.4 Company Registration Number:

---

3.5 Tax Reference Number:

---

3.6 VAT Registration Number:

---

3.7 The names of all directors / trustees / shareholders members, their individual identity numbers and state employee numbers must be indicated in paragraph 4 below.

3.8 Are you presently in the service of the state?

YES	NO
-----	----

If yes, furnish particulars

---

---

<sup>1</sup> MSCM Regulations: "in the service of the state" means to be –

- (a) a member of –
  - (i) any municipal council;
  - (ii) any provincial legislature; or
  - (iii) the national Assembly or the national Council of provinces;
- (b) a member of the board of directors of any municipal entity;
- (c) an official of any municipality or municipal entity;
- (d) an employee of any national or provincial department, national or provincial public entity or constitutional institution within the meaning of the Public Finance Management Act, 1999 (Act No.1 of 1999);
- (e) a member of the accounting authority of any national or provincial public entity; or
- (f) an employee of Parliament or a provincial legislature

<sup>2</sup> Shareholder" means a person who owns shares in the company and is actively involved in the management of the company or business and exercises control over the company.

3.9 Have you been in the service of the state for the past twelve months?

YES	NO
-----	----

If yes, furnish particulars

---

3.10 Do you have any relationship (family, friend, other) with persons in the service of the state and who may be involved with the evaluation and or adjudication of this bid?

YES	NO
-----	----

If yes, furnish particulars

---

3.11 Are you, aware of any relationship (family, friend, other) between any other bidder and any persons in the service of the state who may be involved with the evaluation and or adjudication of this bid?

YES	NO
-----	----

If yes, furnish particulars

---

3.12 Are any of the company's directors, trustees, managers, principle shareholders or stakeholders in service of the state?

YES	NO
-----	----

If yes, furnish particulars

---

3.13 Are any spouse, child or parent of the company's directors trustees, managers, principle shareholders or stakeholders in service of the state?

YES	NO
-----	----

If yes, furnish particulars

---

3.14 Do you or any of the directors, trustees, managers, principle shareholders, or stakeholders of this company have any interest in any other related companies or business whether or not they are bidding for this contract?

YES	NO
-----	----

If yes, furnish particulars

---

4.Full details of directors / trustees / members / shareholders:

Full Name	Identity Number	State Employee Number

The undersigned, who warrants that he / she is duly authorised to do so on behalf of the enterprise, confirms that the contents of this schedule are within my personal knowledge and are to the best of my belief both true and correct.

Person authorized to sign the tender:

Full name (in BLOCK letters):

Signature:

Date:

**FORM RD.A.3 MBD 8: DECLARATION OF TENDER'S PAST SUPPLY CHAIN MANAGEMENT PRACTISES**

1. This municipal tender document must form part of all tenders invited.
2. It serves as a declaration to be used by municipalities and municipal entities in ensuring that when goods and services are being procured, all reasonable steps are taken to combat the abuse of the supply chain management system.
3. The tender of any tenderer may be rejected if that tenderer, or any of it's directors have:
  - a. abused the municipality's/municipal entity's supply management system or committed any improper conduct in relation to such system;
  - b. been convicted for fraud or corruption during the past five years;
  - c. wilfully neglected, reneged on or failed to comply with any government, Municipal or other public sector contract during the past five years; or
  - d. been listed in the Register for Tender Defaulters in terms of Section 29 of the Prevention and Combating of Corrupt Activities Act, 2004 (Act 12 of 2004).
4. In order to give effect to the above, the following questionnaire must be completed and submitted with the tender:

Item	Question	Response	
4.1	Is the tenderer, any of it's directors listed on the National Treasurer's database as a company or persons prohibited from doing business with the public sector? <b>(Companies for persons who are listed on this database were informed in writing of this restriction by the National Treasury after the <i>audi alteram partem</i> rule was applied)</b>	YES	NO
	If so, furnish particulars:		
4.2	Is the tenderer or any of it's directors listed on the Register for Tender Defaulters in terms of Section 29 of the Prevention and Combating of Corrupt Activities Act, 2004 (Act 12 of 2004)? <b>(The Register for Tender Defaulters can be accessed on the National Treasury's website (<a href="http://www.treasury.gov.za">www.treasury.gov.za</a>) by clicking on its link at the bottom of the home page.)</b>	YES	NO
	If so, furnish particulars:		
4.3	Was the tenderer or any of its directors convicted by a court of law (including a court of law outside the Republic of South Africa) for fraud or corruption during the past five years?	YES	NO
	If so, furnish particulars:		
4.4	Does the tenderer or any of its directors owe any municipal rates and taxes or municipal charges to the municipality/municipal entity, or to any other municipality/municipal entity, that is in arrears for more than three months?	YES	NO

Item	Question	Response	
	If so, furnish particulars:		
4.5	Was any contract between the tenderer and the municipality/municipal entity or any other organ of state terminated during the past five years on account of failure to perform on or comply with the contract?	YES	NO
	If so, furnish particulars:		

The undersigned, who warrants that he / she is duly authorised to do so on behalf of the enterprise, confirms that the contents of this schedule are within my personal knowledge and are to the best of my belief both true and correct.

I accept that, in addition to cancellation of a contract, action may be taken against me should this declaration prove to be false.

Person authorized to sign the tender:

Full name (in BLOCK letters): \_\_\_\_\_

Signature: \_\_\_\_\_

Date: \_\_\_\_\_

**FORM RD.A.4 MBD 9: CERTIFICATION OF INDEPENDENT TENDER DETERMINATION**

1. This Municipal Bidding Document (MBD) must form part of all bids <sup>3</sup>invited.
2. Section 4 (1) (b) (iii) of the Competition Act Nol. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive tendering (or bid rigging<sup>4</sup>). Collusive tendering is a *per se* prohibition meaning that it cannot be justified under any grounds.
3. Municipal Supply Regulation 38 (1) prescribes that a supply chain management policy must provide measures for the combating of abuse of the supply chain management system, and must enable the accounting officer, among others, to:
  - a. Take all reasonable steps to prevent such abuse;
  - b. Reject the tender of any tenderer if that tenderer or any of its directors has abused the supply chain management system of the municipality or municipal entity or has committed any improper conduct in relation to such system; and
  - c. Cancel a contract awarded to a person if the person committed any corrupt or fraudulent act during the tendering process or the execution of the contract.
4. This will serve as a certificate of declaration that would be used by institutions to ensure that, when tenders are considered, reasonable steps are taken to prevent any form of tender-rigging.
5. In order to give effect to the above, the attached Certificate of Tender Determination must be completed and submitted with the tender.

---

<sup>3</sup> Includes price quotations, advertised competitive bids, limited bids and proposals.

<sup>4</sup> Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.

---

**CERTIFICATE OF INDEPENDENT TENDER DETERMINATION**

I, the undersigned, in submitting the accompanying tender:

**ROC 15 2023/24: Tender for maintenance of permanent road traffic markings on the road traffic markings in accordance with the provisions of the National Road Traffic Act 93 of 1996 in Tshwane as and when required on tendered rates and subject to available budget: 3-year term**

in response to the invitation for the tender made by

**City of Tshwane Metropolitan Municipality**

do hereby make the following statement that I certify to be true and complete in every respect:

I certify, on behalf of \_\_\_\_\_ that:  
(Name of tenderer)

1. I have read and understand the contents of this certificate;
2. I understand that the accompanying tender will be disqualified if this certificate is found not to be true and complete in every aspect;
3. I am authorised by the tenderer to sign this certificate, and to submit the accompanying tender, on behalf of the tenderer;
4. Each person whose signature appears on the accompanying tender has been authorised by the tenderer to determine the terms of, and to sign, the tender, on behalf of the tenderer;
5. For the purposes of this Certificate and the accompanying tender, I understand that the word "competitor"<sup>5</sup> shall include any individual or organization, other than the tenderer, whether or not affiliated with the tenderer who:
  - a. Has been requested to submit a tender in response to this tender invitation, based on their qualifications, abilities or experience; and
  - b. Could potentially submit a tender in response to this tender invitation, based on their qualifications, abilities or experience; and provides the same goods and services as the tenderer and/or is in the same line of business as the tenderer.
6. The tenderer has arrived at the accompanying tender independently form, and without consultation, communication, agreement or arrangement with any competitor. However, communication between partners in a joint venture or consortium<sup>5</sup> will not be construed as collusive tendering.
7. In particular, without limiting the generality of paragraphs 6 above, there has been no consultation, communication, agreement or arrangement with any competitor regarding:
  - a. Prices;
  - b. Geographical area where product of services will be rendered (market allocation);
  - c. Methods, factors or formulas used to calculate prices;
  - d. The intention or decision to submit or not to submit, a tender;
  - e. The submission of a tender which does not meet the specifications and conditions of the tender; or
  - f. Tendering with the intention not to win the tender.

---

<sup>5</sup> Joint venture or consortium means an association of persons for the purpose of combining their expertise, property, capital, efforts, skill and knowledge in an activity for the execution of a contract.

8. In addition, there have been no consultations, communications, agreements or arrangement with any competitor regarding the quality, quantity, specifications and conditions or delivery particulars of the products or services to which this tender invitation relates.
9. The terms of the accompanying tender have not been, and will not be, disclosed by the tenderer, directly or indirectly, to any competitor, prior to the date and time of the official tender opening or to the awarding of the contract.
10. I am aware that, in addition and without prejudice to any other remedy provided to combat any restrictive practises related to tenders and contracts, tenders that are suspicious will be reported to the Competition Commission for investigation and possible imposition of administrative penalties in terms of section 59 of the Competition Act No. 89 of 1998 and or may be reported to the National Prosecuting Authority (NPA) for criminal investigation and or may be restricted form conduction business with the public sector for a period not exceeding ten (10) years in terms of the Prevention and combating of Corrupt Activities Act No. 12 of 2004 or any other applicable legislation.

The undersigned, who warrants that he / she is duly authorised to do so on behalf of the enterprise, confirms that the contents of this schedule are within my personal knowledge and are to the best of my belief both true and correct.

3.        Should the number of directors/members/partners exceed the space available above, additional names and signatures must be supplied on a separate page.

**FORM RD.B.1    VALID B-BBEE STATUS LEVEL OF CONTRIBUTOR CERTIFICATE**

Submit B-BBEE Verification Certificate from a Verification Agency accredited by the South African Accreditation System (SANAS) or a Registered Auditor approved by the Independent Regulatory Board of Auditors (IRBA) or an Accounting Officer as contemplated in the Close Corporation Act (CCA).

[NOTE:](#)

1. Attach original copy of B-BBEE Verification Certificate to this page.
2. In the case of a joint venture / consortium parties must each attach original copy of their B-BBEE Verification Certificates.

**FORM RD.B.2 MBD 6.1: PREFERENCE POINTS CLAIM FORM IN TERMS OF THE PREFERENTIAL PROCUREMENT REGULATIONS 2022**

This preference form must form part of all tenders invited. It contains general information and serves as a claim form for preference points for specific goals.

**NB BEFORE COMPLETING THIS FORM, TENDERERS MUST STUDY THE GENERAL CONDITIONS, DEFINITIONS AND DIRECTIVES APPLICABLE IN RESPECT OF THE TENDER AND PREFERENTIAL PROCUREMENT REGULATIONS, 2022**

**1. GENERAL CONDITIONS**

1.1 The following preference point systems are applicable to invitations to tender:

- the 80/20 system for requirements with a Rand value of up to R50 000 000 (all applicable taxes included); and

1.2 **To be completed by the organ of state**

- a) The applicable preference point system for this tender is the 80/20 preference point system.
- b) 80/20 preference point system will be applicable in this tender. The lowest/ highest acceptable tender will be used to determine the accurate system once tenders are received.

1.3 Points for this tender (even in the case of a tender for income-generating contracts) shall be awarded for:

- (a) Price; and
- (b) Specific Goals.

1.4 **To be completed by the organ of state:**

The maximum points for this tender are allocated as follows:

	POINTS
PRICE	80
SPECIFIC GOALS	20
<b>Total points for Price and SPECIFIC GOALS</b>	<b>100</b>

1.5 Failure on the part of a tenderer to submit proof or documentation required in terms of this tender to claim points for specific goals with the tender, will be interpreted to mean that preference points for specific goals are not claimed.

1.6 The organ of state reserves the right to require of a tenderer, either before a tender is adjudicated or at any time subsequently, to substantiate any claim in regard to preferences, in any manner required by the organ of state.

**2. DEFINITIONS**

- (a) **“tender”** means a written offer in the form determined by an organ of state in response to an invitation to provide goods or services through price quotations, competitive tendering process or any other method envisaged in legislation;
- (b) **“price”** means an amount of money tendered for goods or services, and includes all applicable taxes less all unconditional discounts;

- (c) **“rand value”** means the total estimated value of a contract in Rand, calculated at the time of bid invitation, and includes all applicable taxes;
- (d) **“tender for income-generating contracts”** means a written offer in the form determined by an organ of state in response to an invitation for the origination of income-generating contracts through any method envisaged in legislation that will result in a legal agreement between the organ of state and a third party that produces revenue for the organ of state, and includes, but is not limited to, leasing and disposal of assets and concession contracts, excluding direct sales and disposal of assets through public auctions; and
- (e) **“the Act”** means the Preferential Procurement Policy Framework Act, 2000 (Act No. 5 of 2000).

### 3. FORMULAE FOR PROCUREMENT OF GOODS AND SERVICES

#### 3.1. POINTS AWARDED FOR PRICE

##### 3.1.1 THE 80/20 OR 90/10 PREFERENCE POINT SYSTEMS

A maximum of 80 or 90 points is allocated for price on the following basis:

<b>80/20</b>	<b>or</b>	<b>90/10</b>
$Ps = 80 \left( 1 - \frac{Pt - P_{min}}{P_{min}} \right)$	<b>or</b>	$Ps = 90 \left( 1 - \frac{Pt - P_{min}}{P_{min}} \right)$

Where

Ps = Points scored for price of tender under consideration  
Pt = Price of tender under consideration  
Pmin = Price of lowest acceptable tender

#### 3.2. FORMULAE FOR DISPOSAL OR LEASING OF STATE ASSETS AND INCOME GENERATING PROCUREMENT

##### 3.2.1. POINTS AWARDED FOR PRICE

A maximum of 80 or 90 points is allocated for price on the following basis:

<b>80/20</b>	<b>or</b>	<b>90/10</b>
$Ps = 80 \left( 1 + \frac{Pt - P_{max}}{P_{max}} \right)$	<b>or</b>	$Ps = 90 \left( 1 + \frac{Pt - P_{max}}{P_{max}} \right)$

Where

Ps = Points scored for price of tender under consideration  
Pt = Price of tender under consideration  
Pmax = Price of highest acceptable tender

### 4. POINTS AWARDED FOR SPECIFIC GOALS

- 4.1. In terms of Regulation 4(2); 5(2); 6(2) and 7(2) of the Preferential Procurement Regulations, preference points must be awarded for specific goals stated in the tender. For the purposes of this tender the tenderer will be allocated points based on the goals stated in table 1 below as may be supported by proof/ documentation stated in the conditions of

this tender:

- 4.2. In cases where organs of state intend to use Regulation 3(2) of the Regulations, which states that, if it is unclear whether the 80/20 or 90/10 preference point system applies, an organ of state must, in the tender documents, stipulate in the case of—
- (a) an invitation for tender for income-generating contracts, that either the 80/20 or 90/10 preference point system will apply and that the highest acceptable tender will be used to determine the applicable preference point system; or
  - (b) any other invitation for tender, that either the 80/20 or 90/10 preference point system will apply and that the lowest acceptable tender will be used to determine the applicable preference point system, then the organ of state must indicate the points allocated for specific goals for both the 90/10 and 80/20 preference point system.

**Table 1: Specific goals for the tender and points claimed are indicated per the table below.**

***(Note to organs of state: Where either the 90/10 or 80/20 preference point system is applicable, corresponding points must also be indicated as such.***

***Note to tenderers: The tenderer must indicate how they claim points for each preference point system.)*** \ The preferential points to be used will be the 80/20 points system in terms of the Preferential Procurement Policy Framework Act, 2000 (Act 5 of 2000) Regulations 2022.

The system comprises of the following elements:

- 80 points for price
- 20 points for specific goals
- 4) Bidders are required to submit supporting documents for their bids to claim the specific goal points.**
- 5) Non-compliance with specific goals will not lead to disqualification but bidders will not be allocated specific goal points. Bidders will score points out of 90 or 80 for price only and zero (0) points out of 10 or 20 for specific goals.**
- 6) Cot shall act against any bidder or person when it detects that the specific goals were claimed or obtained on a fraudulent basis.

The specific goal for this bid is outlined below.

<b>SPECIFIC GOALS</b>	<b>80/20 PREFERENCE POINT SYSTEM</b>	<b>PROOF OF SPECIFIC GOALS TO BE SUBMITTED</b>
<b>BB-BEE score of companies</b> <ul style="list-style-type: none"> <li>• Level 1</li> <li>• Level 2</li> <li>• Level 3</li> <li>• Level 4</li> <li>• Level 5</li> <li>• Level 6</li> <li>• Level 7</li> <li>• Level 8</li> <li>• Non-compliant</li> </ul>	<ul style="list-style-type: none"> <li>• 8 Points</li> <li>• 7 Points</li> <li>• 6 Points</li> <li>• 5 Points</li> <li>• 4 Points</li> <li>• 3 Points</li> <li>• 2 Points</li> <li>• 1 Point</li> <li>• 0 Points</li> </ul>	Valid Certified copy of BBBEE certificate. For EME's and QSE's copy of a valid Sworn affidavit.
EME and/ or QSE	2 Points	Valid Sworn affidavit
At least 51% of Women-owned companies	2 Points	Certified copy of Identity Document/s
At least 51% owned companies by People with disability	2 Points	Medical Certificate with doctor's details (Practice Number, Physical Address and contact numbers)
At least 51% owned companies by Youth	2 Point	Certified copy of Identity Document/s
<b>Local Economic participation</b> <ul style="list-style-type: none"> <li>• City of Tshwane</li> <li>• Gauteng</li> <li>• National</li> </ul>	4 Points 2 Points 1 Point	Municipal Account statement/Lease agreement.

For points to be allocated as per above the tenderers will be required to submit proof of documentation as evidence for claims made. Any tenderer that does not submit evidence as stated in the bid document to claim applicable points will be allocated zero points.

**DECLARATION WITH REGARD TO COMPANY/FIRM**

4.3. Name of company/firm.....

4.4. Company registration number: .....

4.5. TYPE OF COMPANY/ FIRM

- ☐ Partnership/Joint Venture / Consortium
- ☐ One-person business/sole propriety
- ☐ Close corporation
- ☐ Public Company
- ☐ Personal Liability Company
- ☐ (Pty) Limited
- ☐ Non-Profit Company
- ☐ State Owned Company

[TICK APPLICABLE BOX]

4.6. I, the undersigned, who is duly authorised to do so on behalf of the company/firm, certify that the points claimed, based on the specific goals as advised in the tender, qualifies the company/ firm for the preference(s) shown and I acknowledge that:

- i) The information furnished is true and correct;
- ii) The preference points claimed are in accordance with the General Conditions as indicated in paragraph 1 of this form;
- iii) In the event of a contract being awarded as a result of points claimed as shown in paragraphs 1.4 and 4.2, the contractor may be required to furnish documentary proof to the satisfaction of the organ of state that the claims are correct;
- iv) If the specific goals have been claimed or obtained on a fraudulent basis or any of the conditions of contract have not been fulfilled, the organ of state may, in addition to any other remedy it may have –
  - (a) disqualify the person from the tendering process;
  - (b) recover costs, losses or damages it has incurred or suffered as a result of that person's conduct;
  - (c) cancel the contract and claim any damages which it has suffered as a result of having to make less favourable arrangements due to such cancellation;
  - (d) recommend that the tenderer or contractor, its shareholders and directors, or only the shareholders and directors who acted on a fraudulent basis, be restricted from obtaining business from any organ of state for a period not exceeding 10 years, after the *audi alteram partem* (hear the other side) rule has been applied; and
  - (e) forward the matter for criminal prosecution, if deemed necessary.

## FORM RD.C.5 RECORD OF SERVICES PROVIDED TO ORGANS OF STATE

Tenderers are required to complete this record in terms of the Supply Chain Management Regulations issued in terms of the Municipal Finance Management Act of 2003.

Include only those contracts where the tenderer identified in the signature block below was directly contracted by the employer. Tenderers must not include services provided in terms of a sub-contract agreement.

Where contracts were awarded in the name of a joint venture and the tenderer formed part of that joint venture, indicate in the column entitled "Title of the contract for the service" that was in joint venture and provide the name of the joint venture that contracted with the employer. In the column for the value of the contract for the service, record the value of the portion of the contract performed (or to be performed) by the tender.

Complete the record or attach the required information in the prescribed tabulation

ALL SERVICES COMMENCED OR COMPLETED TO AN ORGAN OF STATE IN THE LAST FIVE YEARS				
	Organ of state, i.e. national or provincial department, public entity, municipality or municipal entity.	Title of contract for the service	Value of contract for service incl. VAT (Rand)	Date completed (State current if not yet completed)

C1.1 FORM OF OFFER AND ACCEPTANCE

OFFER

The Employer, identified in the Acceptance signature block, has solicited offers to enter a contract in respect of the following works:

**ROC15-2023/24: TENDER FOR MAINTENANCE OF PERMANENT ROAD TRAFFIC MARKINGS IN ACCORDANCE WITH THE PROVISIONS OF THE NATIONAL ROAD TRAFFIC ACT 93 OF 1996 IN TSHWANE AS AND WHEN REQUIRED ON TENDERED RATES AND SUBJECT TO AVAILABLE BUDGET: 3-YEAR TERM**

The Tenderer, identified in the Offer signature block below, has examined the documents listed in the Tender Data and addenda thereto as listed in the returnable schedules, and by submitting this Offer has accepted the Conditions of Tender.

By the representative of the Tenderer, deemed to be duly authorised, signing this part of this Form of Offer and Acceptance, the Tenderer offers to perform all the obligations and liabilities of the Contractor under the Contract including compliance with all its terms and conditions according to their true intent and meaning for an amount to be determined in accordance with the Conditions of Contract identified in the Contract Data.

BILL OF QUANTITIES (The quantities given are only to provide a method to evaluate the bids and are not a reflection of the actual expected quantities as the tender is a RATE ONLY TENDER and ONLY ONE bidder will be appointed on rates)

**THE OFFERED TOTAL OF THE PRICES INCLUSIVE OF VALUE ADDED TAX**

R.....(*in figures*).....

.....  
.....  
.....  
.....(in words)

This Offer may be accepted by the Employer by signing the Acceptance part of this Form of Offer and Acceptance and returning one copy of this document to the Tenderer before the end of the period of validity stated in the Tender Data, whereupon the Tenderer becomes the party named as the Contractor in the Conditions of Contract identified in the Contract Data.

## ACCEPTANCE

By signing this part of this Form of Offer and Acceptance, the Employer identified below accepts the Tenderer's Offer. In consideration thereof, the Employer shall pay the Contractor the amount due in accordance with the, Conditions of Contract identified in the Contract Data. Acceptance of the Tenderer's Offer shall form an agreement, between the Employer and the Tenderer upon the terms and conditions contained in this Agreement and in the, Contract that is the subject of this Agreement.

The terms of the contract, are contained in

Part T1          Tendering Procedures

Part T2          Returnable Documents

Part C1          Agreements and Contract Data, (which includes this Agreement)

Part C2          Pricing Data

Part C3          Scope of Work

Part C4          Site Information

and drawings and documents or parts thereof, which may be incorporated by reference into Parts C1 to C4 above.

Deviations from and amendments to the documents listed in the Tender Data and any addenda thereto listed in the Tender Schedules as well as any changes to the terms of the Offer agreed by the Tenderer and the Employer during this process of offer and acceptance, are contained in the Schedule of Deviations attached to and forming part of this Agreement. No amendments to or deviations from said documents are valid unless contained in this schedule.

The Tenderer shall within two weeks after receiving a letter of acceptance, contact the Employer's agent (whose details are given in the Contract Data) to arrange the delivery of guarantees, proof of insurance and any other documentation to be provided in terms of the Conditions of Contract identified in the Contract Data. Failure to fulfil any of these obligations in accordance with those terms shall constitute a repudiation of this Agreement.

Notwithstanding anything contained herein, this Agreement comes into effect on the date when the Tenderer receives one fully completed original copy of this document, including the Schedule of Deviations (if any). Unless the Tenderer (now Contractor) within five days of the date of such receipt notifies the Employer in writing of any reason why he cannot accept the contents of this Agreement, this Agreement shall constitute a binding contract between the parties<sup>1</sup>.

<sup>1</sup> As an alternative, the following wording may be used:

*Notwithstanding anything contained herein, this agreement comes into effect two days after the submission by the Employer of one fully completed original copy of this document including the schedule of deviations (if any), to a courier-to-counter delivery / counter-to-counter delivery / door-to-counter delivery / door-to-door delivery / courier service (delete that which is not applicable), provided that the Employer notifies the Tenderer of the tracking number within 24 hours of such submission. Unless the Tenderer (now Contractor) within seven days of the date of such receipt notifies the Employer in writing of any reason why he cannot accept the contents of this Agreement, this Agreement shall constitute a binding contract between the parties.*

## C1.2 CONTRACT DATA

### TABLE OF CONTENTS

C1.2.1	GENERAL CONDITIONS OF CONTRACT .....	13
C1.2.2	VARIATIONS AND ADDITIONS TO THE CONDITIONS OF CONTRACT.....	14
C1.2.3	DATA PROVIDED BY THE EMPLOYER.....	21
C1.2.4	DATA PROVIDED BY THE CONTRACTOR .....	25

#### **C.1.2.1 GENERAL CONDITIONS OF CONTRACT**

The general conditions of contract applicable to this contract shall be the **General Conditions of Contract for Construction Works, Third Edition (2015)** of the South African Institution of Civil Engineering (SAICE), read together with the Variations and Additions to the Conditions of Contract as well as the Data provided by employer.

Tenderers, contractors, and subcontractors shall obtain their own copies of the document **General Conditions of Contract for Construction Works, Third Edition (2015)** for tendering purposes and for use for the duration of the contract from the Secretary of the South African Institution of Civil Engineering, Private Bag X200, Halfway House, Midrand, 1685 and shall bear all expenses in this regard.

## C1.2.2 VARIATIONS AND ADDITIONS TO THE CONDITIONS OF CONTRACT

The following variations and additions to the General Conditions of Contract for Construction Works, Third Edition (2015), shall apply to this contract:

CLAUSE / SUB-CLAUSE	VARIATION / ADDITION
1.1	<p><b>Add</b> the following definitions:</p> <p>1.1.1.35        <i>“Work Package” is work to be carried out under this contract.</i></p> <p>1.1.1.36        <i>“Package Order” is an instruction to carry out a Work Package.</i></p>
1.2.1	<p><b>Add</b> the following to the clause:</p> <p>1.2.1.3    <i>Sent by facsimile, electronic or any like communication irrespective of it being during office hours or otherwise.</i></p>
1.2.3	<p><b>Add</b> the following to the clause:</p> <p>1.2.3.1    <i>The Employer has authorised the <b>Group Head: Regional Operations and Coordination</b> to act on his behalf in respect of this Contract, save for such duties or functions:</i></p> <p>1.2.3.1.1                <i>which other holders of office ex officio execute on behalf of the Employer; or</i></p> <p>1.2.3.1.2                <i>for which the <b>Group Head: Regional Operations and Coordination</b> has no authority and the Employer’s approval is required before execution thereof.</i></p>
4.3	<p><b>Add</b> the following new sub-clause:</p> <p>1.3.3    <i>Wages and conditions of work:</i></p> <p>i.        <i>For conventional construction works the Basic Conditions of Employment Act of 1997 (Act No 75 of 1997) shall apply and the minimum employment conditions which will apply shall be guided by the latest Sectoral Determination: Civil Engineering Sector published from time to time.</i></p> <p>ii.       <i>Basic Conditions of Employment Act of 1997 (Act No 75 of 1997) as per Government Notice R63 of 25 January 2002, shall apply to works described in the Scope of Work as being labour intensive and which are undertaken by unskilled or semi-skilled workers.</i></p>

CLAUSE / SUB- CLAUSE	VARIATION / ADDITION
	<p><b>Add</b> the following new sub-clause:</p> <p>4.3.4 <i>Notwithstanding any actions which the Employer may take, the Contractor accepts sole liability for due compliance with the relevant duties, obligations, prohibitions, arrangements and procedures imposed by the Occupational Health and Safety Act, 1993 (Act 85 of 1993), and all its regulations, including the Construction Regulations, 2014, for which he is liable as mandatory. By entering into this Contract it shall be deemed that the parties have agreed in writing to the above provisions in terms of Section 37(2) of the Act. The Contractor shall sign the Occupational Health and Safety Agreement for Contract Work in the City of Tshwane Metropolitan Municipality included in section C1.5.</i></p> <p><b>Add</b> the following new sub-clause:</p> <p>4.3.5 <i>The Employer retains an interest in all inquiries conducted under this Contract in terms of Section 31 and/or 32 of the Occupational Health and Safety Act, 1993 (Act 85 of 1993) and its Regulations following any incident involving the Contractor and/or Sub-Contractor and/or their employees. The Contractor shall notify the Employer in writing of all investigations, complaints or criminal charges which may arise pursuant to work performed under this Contract in terms of the Occupational Health and Safety Act, 1993 (Act 85 of 1993) and Regulations.</i></p> <p><b>Add</b> the following new sub-clause:</p> <p>4.3.6 <i>Contractor's Designer</i></p> <p><i>The Contractor and his designer shall accept full responsibility and liability to comply with the Occupational Health and Safety Act, 1993 (Act 85 of 1993) and the Construction Regulations, 2014 for the design of the Temporary Works and those part of the Permanent Works which the Contractor is responsible to design in terms of the Contract</i></p>
6.1	<p><b>Add</b> the following new sub-clause:</p> <p>6.1.2 <i>Payment for works identified in the Scope of Work as being labour-intensive shall only be made in accordance with the provisions of the Contract if the works are constructed strictly in accordance with the provisions of the Scope of Work. Any non-payment for such works shall not relieve the Contractor in any way of his obligations either in contract or in delict.</i></p> <p><b>Add</b> the following new sub-clause</p>

CLAUSE / SUB- CLAUSE	VARIATION / ADDITION
	<p>6.1.3 <i>The Contractor shall be paid at Pretoria in the currency of the Republic of South Africa only at the Office of the Chief Financial Officer of the CITY OF TSHWANE, unless otherwise stated in the Data provided by Employer.</i></p>
8.6	<p><b><u>Replace</u></b> clause 8.6 with the following:</p> <p><b>8.6 Insurances</b></p> <p>8.6.1 <i>Without limiting the Contractor's/Sub-contractor's obligation in terms of the Contract, the Employer will effect and maintain for the duration of the Contract until the issuing of the Defects Certificate or the end of the Maintenance Period, the following insurances in the name of the Contractor (including all Subcontractors whether nominated or otherwise):</i></p> <p>8.6.2 <i>The Employer's insurer will indemnify the Contractor/Sub-contractor against physical loss of or damage to any part of the Property Insured not exceeding the maximum contract value or the final contract value estimated at inception including free issue materials were applicable as stated in the Contract Data:</i></p> <ul style="list-style-type: none"> <li>a. <i>Whilst in transit including loading and unloading whilst temporarily stored at any premises en route to or from the Contract Site within the Territorial Limits;</i></li> <li>b. <i>From the time of unloading, dismantling or preparation at the Contract Site and thereafter until the Property Insured has been officially accepted by the Employer and becomes his responsibility by means of a notice of completion certificate or similar evidence of legal transfer of risk;</i></li> <li>c. <i>During the contractual defects liability or Maintenance Period which shall not exceed the period reflected in the Schedule but only so far as the Contractors and/or Sub-Contractors may be liable for such loss or damage under the defects liability or maintenance condition/s of the Insured Contract;</i></li> <li>d. <i>Removal of debris;</i></li> <li>e. <i>Surrounding property</i></li> <li>f. <i>Work away;</i></li> <li>g. <i>Off site storage</i></li> <li>h. <i>Temporary repairs;</i></li> <li>i. <i>Contribution clause – marine;</i></li> <li>j. <i>Escalation during Contract Period;</i></li> <li>k. <i>Post loss escalation;</i></li> </ul>

CLAUSE / SUB- CLAUSE	VARIATION / ADDITION
	<p> <i>l. Automatic reinstatement;</i>  <i>m. Principals maintenance;</i>  <i>n. Property taken over;</i>  <i>o. Beneficial occupation;</i>  <i>p. Escalation due to currency fluctuation;</i>  <i>q. Manufacturers guarantees</i> </p> <p>8.6.3 <i>The Employer's insurer will indemnify the Contractor/Sub-contractor against all sums for which the Contractor/Sub-contractor shall become legally liable towards third party claimants to pay for and in consequence of:</i></p> <p> <i>a. Accidental death of or bodily injury to or illness or disease contracted by any person (excluding employees of the Contractor/Subcontractor);</i>  <i>b. Accidental physical loss or damage to tangible property occurring during the Period of Insurance and arising out of or in connection with the performance of the Insured Contract at the Contract Site as defined in the Schedule. The minimum limit of indemnity for any one event is R10-million in respect of contracts with a contract value of up to R50-million (excluding VAT).</i> </p> <p>8.7 <i>Insurance premium payable</i></p> <p><i>The Employer will pay the insurance premium for the works damage and public liability insurance cover. The insurance premium will be calculated based on the approved budget per financial year and the insurance premium will be charged out to the relevant departments by the Section: Insurance and Risk Management.</i></p> <p>8.8 <i>Additional insurance by the Employer</i></p> <p><i>The Employer shall be free to effect at his own cost any additional insurance, which he deems necessary in own interest to cover loss or damage not insured in terms of the insurance policies of Sub-Clause 8.6.1.1 of this Clause.</i></p> <p>8.9 <i>Additional insurance by the Contractor / Subcontractor</i></p> <p><i>The Contractor and Sub-contractor shall be free to effect and maintain at their own cost any additional insurance which the Contractor/Subcontractor deem necessary to cover damage, loss or injury not insured in terms of the insurance effected by the Employer's insurer. The cost of the additional insurance will be for the account of the Contractor/Subcontractor.</i></p>

CLAUSE / SUB- CLAUSE	VARIATION / ADDITION

### C1.3 FORM OF GUARANTEE

WHEREAS

**The City of Tshwane Metropolitan Municipality**  
(hereinafter referred to as the "Council"),

enters into a Contract (No \_\_\_\_\_) with

\_\_\_\_\_  
(hereinafter referred to as the "Contractor")

for

\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_  
AND WHEREAS in terms of the General Conditions of the Contract the Contractor is required to furnish an acceptable independent guarantee for the due and proper fulfilment by him of all his duties and obligations in terms of the said contract.

NOW                      THEREFORE                      we                      the                      undersigned

\_\_\_\_\_  
\_\_\_\_\_  
(full  
names of authorized agent(s))

and                      acting                      in                      my/our                      capacity  
as \_\_\_\_\_

and

\_\_\_\_\_  
and    as    such    duly    authorized    thereto,    do    hereby    bind    the    said

\_\_\_\_\_  
(hereinafter referred to as the "Guarantor") as surety and co-principal Debtor *in solidum* for the sum of

R

( \_\_\_\_\_ )

for the due and proper fulfilment by the Contractor of all or any of his duties and obligations in terms of the said Contract. The guarantee shall not be interpreted as accessory to the contract between Council and the Contractor.

The Guarantor further undertakes, in the event of the Contractor failing duly and properly to fulfil any of his duties and obligations in terms of the said Contract, or if the Contractor is placed under provisional liquidation or in the event of termination of the Contract by the Council in terms of the General Conditions of Contract, to pay to the Council the said sum of

R \_\_\_\_\_  
( \_\_\_\_\_ )

or such portion thereof as may be required by the Council, immediately upon receiving written demand from the Council which written demand shall be addressed to the Guarantor at (domicilium address)

The Guarantor further hereby renounces the benefits of the legal exceptions:

*Exceptio non numerate pecuniae*

*Exception non causa debiti*

*Beneficium de duobus vel pluribus reis debendi*

*Beneficium ordinis deu excussionis*

*Beneficium divisionis*

and all other defence which could be pleaded against the validity of this guarantee, with the meaning and effect of which it declares itself to be fully acquainted.

This undertaking shall remain in full force and effect up to and including the date of issue of the Certificate of Completion, as provided for in the General Conditions of Contract, unless the Guarantor is advised in writing by the Council of his intention to institute claims, and the particulars thereof, in which event this guarantee shall remain in full force and effect until all such claims have been paid or liquidated. Notwithstanding the aforesaid, the Council may at its' sole discretion elect to have the amount provided for under this guarantee, paid out directly to it in the case of breach of contract by the Contractor by giving the Guarantor written notice to that

effect, notwithstanding the fact that the Council may decide not to institute any further legal action against the Contractor.

This document is not negotiable or transferable.

#### **C1.4 HEALTH AND SAFETY AGREEMENT**

**Article of Agreement in terms of Section 37(2) of the Occupational Safety Act, 1993 between**

**CITY OF TSHWANE**

(Hereinafter referred to as the "EMPLOYER")

AND

\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_

Herein represented by \_\_\_\_\_ in his/her capacity as \_\_\_\_\_ duly authorised by virtue of a resolution dated \_\_\_\_\_, attached hereto Annexure A, of the said \_\_\_\_\_ (herein after referred to as the "CONTRACTOR")

WHEREAS the CONTRACTOR is the mandatory of the EMPLOYER as contemplated in an agreement in respect of

**TENDER FOR MAINTENANCE OF PERMANENT ROAD TRAFFIC MARKINGS IN ACCORDANCE WITH THE PROVISIONS OF THE NATIONAL ROAD TRAFFIC ACT 93 OF 1996 IN TSHWANE AS AND WHEN REQUIRED ON TENDERED RATES AND SUBJECT TO AVAILABLE BUDGET: 3-YEAR TERM**

AND WHEREAS section 37 of the Occupational Health and Safety act, 1993 (Act 85 of 1993, hereinafter referred to as the "ACT"), imposes certain powers and duties upon the EMPLOYER.

AND WHEREAS the parties have agreed to enter into an agreement in terms of section 37(2) of the ACT.

NOW THEREFORE the parties agree as follows:

- (a) The CONTRACTOR undertakes to acquaint the appropriate officials and employees of the CONTRACTOR with all relevant provisions of the ACT and the regulations promulgated in terms thereof.
- (b) The CONTRACTOR undertakes that all relevant duties, obligations and prohibitions imposed in terms of the ACT and Regulations will be fully complied with. Provided that should the EMPLOYER prescribe certain arrangements and procedures, that same shall be observed and adhered to by the CONTRACTOR, his officials and employees. The CONTRACTOR shall bear the onus of acquainting himself/herself/itself with such arrangements and procedures.

- (c) The CONTRACTOR hereby accepts sole liability for such due compliance with the relevant duties, obligations, prohibitions, arrangements and procedure, if any, imposed by the ACT and Regulations and the EMPLOYER expressly absolves the EMPLOYER from itself being obliged to comply with any of the aforesaid duties, obligations, prohibitions, arrangements and procedure as the case may be.
- (d) The CONTRACTOR agrees that any duly authorised officials of the EMPLOYER shall be entitled, although not obliged, to take such steps as may be necessary to ensure that the CONTRACTOR has complied with the undertakings as more fully set out in paragraphs 1 and 2 above, which steps may include, but shall not be limited to, the right to inspect any appropriate site or premises occupied by the CONTRACTOR, or to inspect any appropriate records held by the CONTRACTOR or to take such steps it may deem necessary to remedy the default of the CONTRACTOR at the cost of the CONTRACTOR.
- (e) The CONTRACTOR shall be obliged to report forthwith to the EMPLOYER any investigations, complaint or criminal charge which may arise because of the provisions of the ACT and Regulations, pursuant to work performed in terms of this agreement, and shall, on written demand, provide full details in writing of such an investigation, complaint or criminal charge as the case may be

\_\_\_\_\_  
(address) (the Parties) and

\_\_\_\_\_  
(name of  
Adjudicator)

of \_\_\_\_\_

\_\_\_\_\_

(address) (the Adjudicator).

Disputes or differences may arise/have arisen<sup>6</sup> between the Parties under a Contract dated \_\_\_\_\_  
and \_\_\_\_\_ known \_\_\_\_\_ as \_\_\_\_\_

and these disputes or differences shall be/have been<sup>7</sup> referred to adjudication in accordance with the CIDB Adjudication Procedure, (hereinafter called "the Procedure") and the Adjudicator may be or has been requested to act.

**IT IS NOW AGREED** as follows:

- 1 The rights and obligations of the Adjudicator and the Parties shall be as set out in the Procedure.
- 2 The Adjudicator hereby accepts the appointment and agrees to conduct the adjudication in accordance with the Procedure.
- 3 The Parties bind themselves jointly and severally to pay the Adjudicator's fees and expenses in accordance with the Procedure as set out in the Contract Data.
- 4 The Parties and the Adjudicator shall always maintain the confidentiality of the adjudication and shall endeavour to ensure that anyone acting on their behalf or through them will do likewise, save with the consent of the other Parties which consent shall not be unreasonably refused.
- 5 The Adjudicator shall inform the Parties if he intends to destroy the documents which have been sent to him in relation to the adjudication and he shall retain documents for a further period at the request of either Party.

### Contract Data

1	The Adjudicator shall be paid at the hourly rate of R _____ in respect of all time spent upon, or in connection with, the adjudication including time spent travelling.
2	The Adjudicator shall be reimbursed in respect of all disbursements properly made including, but not restricted to: (a) Printing, reproduction and purchase of documents, drawings, maps, records and photographs. (b) Telegrams, telex, faxes, and telephone calls. (c) Postage and similar delivery charges. (d) Travelling, hotel expenses and other similar disbursements. (e) Room charges. (f) Charges for legal or technical advice obtained in accordance with the Procedure.
3	The Adjudicator shall be paid an appointment fee of R _____. This fee shall become payable in equal amounts by each Party within 14 days of the appointment of the Adjudicator, subject to an Invoice being provided. This fee will be deducted from the final statement of any sums which shall become payable under item 1 and/or item 2 of the Contract Data. If the final statement is less than the appointment fee the balance shall be refunded to the Parties.
4	The Adjudicator is/is not <sup>8</sup> currently registered for VAT.
5	Where the Adjudicator is registered for VAT it shall be charged additionally in accordance with the rates current at the date of invoice.
6	All payments, other than the appointment fee (item 3) shall become due 7 days after receipt of invoice, thereafter interest shall be payable at 5% per annum above the Reserve Bank base rate for every day the amount remains outstanding.

TABLE OF CONTENTS

C2.1 PRICING INSTRUCTIONS ..... 115

1. General 115

2. Pay Items 115

3. Rates 117

4. Corrections of entries made by tenderer 117

C2.2 PRICING SCHEDULE ..... 118

## C2.1 PRICING INSTRUCTIONS

### 1. General

- 1.1 This section provides the tenderer with guidelines and requirements with regard to the completion of the Price Schedule. The Schedule **shall to be completed by hand in black ink pen** and the tenderer is referred to the Tender Specifications in regard to the correction of errors.
- 1.2 The Price Schedule shall be read with all the documents which form part of this Contract.
- 1.3 The following words shall have the meanings hereby assigned to them:
- Unit: The unit of measurement for each item of work in terms of the Specifications and the Project Specifications.
- Quantity: The number of units of work for each item.
- Rate: The payment per unit of work at which the tenderer tenders to do the work.
- Amount: The product of the quantity and the rate tendered for an item.
- Lump sum: An amount tendered for an item, the extent of which is described in the Price Schedule, the Specifications and the Project Specifications, but the quantity of work of which is not measured in any units.
- 1.4 Reference shall be made to the General and Special Conditions of Contract regarding Provisional and Prime Costs Sums.
- 1.5 Work reserved for Labour Intensive construction methods will be numbered with a prefix “LI” in the Price Schedule to distinguish them from the conventional construction works. Such work shall be constructed using local labour who is temporarily employed in terms of the project specification.

### 2. Pay Items

- 2.1 Descriptions in the Price Schedule are abbreviated and comply generally with those in the Standard Specifications. The measurement and payment clause of each Standard Specification, read together with the relevant clauses of the Scope of Work, set out what ancillary or associated activities are included in the rates for the operations specified. Should any requirements of the measurement and payment clause of the applicable Standard Specification, or the Scope of Work, conflict with the terms of the Price Schedule, the requirements of the Standard Specification or Scope of Work, as applicable, shall prevail.
- 2.2 The item numbers appearing in the Price Schedule refer to the corresponding item number in the standard specifications or as amended in the Scope of Work. In the latter case, the item number is prefixed with the letter “B”. The same applies to new clauses added to the standard specifications.
- 2.3 Unless otherwise stated, items are measured net in accordance with the drawings, and no allowance is made for waste.
- 2.4 The quantities set out in the Bill of Quantities are indicative quantities on past contracts and will only be used to provide a method to evaluate the bids and is not a true reflection of the actual expected quantities of the Works, but the Contractor will be required to undertake whatever quantities may be directed by the Engineer from time to time.
- 2.4 The units of measurement described in the Price Schedule are metric units. Abbreviations used in the Price Schedule are as follows:

mm = millimetre

h = per hour

m	=	metre	kg	=	kilogram
km	=	kilometre	t	=	ton (metric = 1000kg)
m <sup>2</sup>	=	square metre	no	=	number
m <sup>2</sup> .pass	=	square metre pass	sum	=	sum
ha	=	hectare	MN	=	mega newton
m <sup>3</sup>	=	cubic meter	MN.m	=	mega newton metre
m <sup>3</sup> .km	=	cubic meter kilometre	PC sum	=	prime cost sum
ℓ	=	litre	prov sum	=	provisional sum
kℓ	=	kilolitre	%	=	percent
MPa	=	mega pascal	kW	=	kilowatt
V	=	volt	KVA	=	kilo volt ampere
A	=	ampere	R/only	=	rate only
month	=	per month	pe	=	per establishment
day	=	per day	pm	=	per person per month
pd	=	per person per day	p	=	per person
ph	=	per person per hour			

No payment shall be made for any road markings per completed link of a road section without a detailed sketch, measurement sheets and job card with all quantities, digital and hard copy photographs (one before and one after photograph per link). No separate payment will be made for the documentation including the photographs as they will be deemed to be included in the tendered rates. The detailed sketch shall be a neatly drawn hand sketch indicating all road traffic markings for the specific link between two crossroads (no separate payment will be made for the sketches as the cost of this shall be included in the tendered rates). The following details on the sketch plan are required: North point, basic road geometry layout, street names for link as well as for crossroads, sketch of road marking layout with RTSM codes, etc. In the case for roads to be resurfaced, dimensions shall be added to the sketch with reference points such as lamp posts, stand numbers, etc. A paint marking shall also be applied on the kerb to indicate the existing position of all transversal lines. The start, deflecting point and end of painted islands shall also be marked on the kerb which must be removed immediately after the road markings are completed (no separate payment will be made for applying the paint markings and the removal thereof as the cost of this work shall be included in the tendered rates). The works will have to be measured by the contractor to determine the cost before a job card may be issued for the works to be executed (the cost of measuring will be deemed to be included in the tendered rates and no separate payment will be made). A payment certificate including the supporting information must be submitted monthly unless otherwise agreed by the Engineer.

The Contractor's Quality Manager shall be responsible for the quality management to inspect and approve all road markings within 48 hours after the completion of the link and report any non-compliant defects or any poor workmanship for immediate remedial measures.

The job card shall be signed by the Quality Manager and submitted with the sketches and photographs for payment purposes. The Manager shall be trained at the Contractors cost by a qualified trainer employed by a training agency or approved consulting engineering company or any other competent trainer approved by the employer. The contents of the training course shall be the Road traffic Act 1996, (Act 93 of 1996) and Regulations 2000, the SADC Road Traffic Signs Manual Volume 1 Chapter 7, Volume 4 Chapter 12, the South African Road Traffic Signs Manual Volume 2: Part 2, Part 3 Part 13, Part 18 and the standard specifications for municipal civil engineering works. The Manager shall always be in possession of all the above-mentioned documentation. No work shall commence prior to the successful completion of

the course by the Quality Manager and certificate of acknowledgement (no separate payment will be made for completing the course and the cost of this must be included in the tendered rates).

### **3. Rates**

3.1 The prices and rates to be inserted in the Price Schedule are to be full inclusive prices for the work described under the several items. Such prices and rates shall cover all costs and expenses that may be required in and for the execution of the work described, and shall cover the cost of all general risks, liabilities, and obligations set forth or implied in the documents on which the tender is based, as well as overhead charges and profit. Reasonable prices shall be inserted as these will be used as a basis for assessment of payment for additional work that may have to be carried out.

#### **3.2 A price or rate is to be entered against each item in the Price Schedule, whether the quantities are stated or not.**

**An item against which no price is entered or where a word or phrase such as “included” or “provided elsewhere” will be accepted as a rate of nil (R0,00) having been entered against such items and covered by the other prices or rates in the Schedule.**

**Any work executed to which such a pay item applies, shall be measured under the appropriate items in the Price Schedule and valued at a rate of nil (R0,00). The rate of nil shall be valid irrespective of any change in the quantities during the execution of the Contract.**

3.3 The Tenderer shall fill in a rate against all items where the words “rate only” appears in the amount column. The intention is that, although no work is foreseen under such item and no quantities are consequently given in the quantity column, the tendered rate shall apply should work under this item be actually required.

3.4 Except where rates only are required, the Tenderer shall insert all amounts to be included in his total tendered price in the “Amount” column and show the corresponding total tendered price.

3.5 The tenderer shall not group together a number of items and tender one rate for such group of items.

3.6 All rates and sums of money quoted in the Price Schedule shall be in rands and whole cents. Fractions of a cent shall be discarded.

3.7 All prices and rates entered in the Price Schedule must be **excluding VAT**. VAT will be added last on the summary page of the Price Schedule.

3.8 Should excessively high unit prices be tendered, such prices may be of sufficient importance to warrant rejection of a tender by the Employer.

3.9 The quantities set out in the Bill of Quantities are indicative quantities on past contracts and will only be used to provide a method to evaluate the bids and is not a true reflection of the actual expected quantities of the Works, but the Contractor will be required to undertake whatever quantities may be directed by the Engineer from time to time.

#### **3.10 THE BID MUST BE EVALUATED AS A WHOLE AND A MAXIMUM OF 1 BIDDER BE APPOINTED.**

### **4. Corrections of entries made by tenderer**

Any entry made by the Tenderer in the Price Schedule, forms, etc., which the tenderer desires to change, **shall not be erased or painted out. A line shall be drawn through the incorrect entry and the correct entry shall be hand written above in black ink and the full signature of the Tenderer shall be placed next to the correction.**

## C2.2 PRICING SCHEDULE

BILL OF QUANTITIES (The quantities given are only to provide a method to evaluate the bids and are not a reflection of the actual expected quantities as the tender is a **RATES ONLY TENDER**)

The employer reserves a right to conduct service provider's capability to deliver on the contract and as such any service provider found to pose a risk of non-delivery on any material fact will and/or shall be disqualified.

Estimated quantities only for evaluation purposes

C3.1.3 Extent of the works ..... 129

C3.1.4 Location of the works ..... 129

### **C3.1.1 Employers objectives**

The employer's objectives are to deliver road marking services.

### **C3.1.2 Overview of the works**

The works will comprise the marking and re-painting of standard regulatory, warning and guidance road markings within the City of Tshwane

### **C3.1.3 Extent of the works**

C3.1.3.1 The marking and re-painting of standard regulatory, warning and guidance road markings as detailed on drawings and in accordance with legislation and specification: The National Road Traffic Act 1996, (Act 93 of 1996), The National Road Traffic Regulations 2000, The Standard Specifications for Municipal Civil Engineering Works, Standard Construction Details and Design Standards for Roads and Stormwater Drainage Infrastructure (January 2014 or latest available), Construction Regulations 2014 or latest available, The Occupational health and Safety Act 1993 (Act 85 of 1993), Southern African Development Community Road Traffic Signs Manuals and South African Road Traffic Signs Manuals, and the South African Road Safety Manual.

- Re-painting of existing permanent road traffic markings as well as new markings on newly resurfaced roads with SANS approved waterborne road marking paint, hot melt thermoplastic or two component cold plastic (MMA).
- Pre-marking and application of new road traffic markings on new paving surfaces.
- Removal of existing road traffic markings no longer required by means of sand blasting, water blasting or any other approved method.
- Supply , fixing and removal of road studs

**N.B.** It is of importance to ensure that the materials used in the formulation of the design of road marking products is such that the product does not retain dirt easily after application as the daytime visibility of the road markings is also an important requirement. As cold plastic tends to retain more dirt than other road marking products, it is recommended that bigger beads be used in the design and spread out further apart while maintaining the minimum retro-reflectivity requirements.

### **C3.1.4 Location of the works**

- Various wards in Regions 1 to 7

The location of the regions is also shown in the locality plan at the end of this document

C3.2.6 Environmental Requirements..... 135

C3.2.7 Socio Economic Plan..... 135

### **C3.2.1 Scope**

The tender provides for the pre-marking, new markings on surfaced roads as well as the maintenance of road marking of road with lines, symbols and other surfaces with approved road marking paints i.e. Thermo Plastic Cold plastic MMA and other materials and the supply and fixing of retro-reflective road studs as indicated on the drawings or required by the Engineer. All teams to be supervised by a competent well trained supervisor approved by the Engineer.

### **C3.2.2 Design**

The employer is responsible for the design of the permanent works as reflected in these Contract Documents unless otherwise stated.

### **C3.2.3 Employers Design**

- (a) The employer is responsible for the design of the permanent Works as reflected in these Contract Documents unless otherwise stated.
- (b) The contractor is responsible for the design of the temporary Works and their compatibility with the permanent Works.

#### Detail description of Works

The works entail the marking and/or re-marking of roads in accordance with the National Road Traffic Regulations, 2000, the South African Development Community Road Traffic Signs Manual and appropriate Chapter of the SA Road Traffic Signs Manual.

The works entail the establishment on site, accommodation of traffic, setting out of markings (when required by the Engineer), marking and re-marking of the roads and the clearing and de-establishment of the road marking works unit.

All markings will be in compliance with the general marking layouts contained in the SA Road Traffic Signs Manual or those drawings for typical road markings issued by the Employer from time to time.

Detailed drawings will only be issued by the Employer if special requirements arise.

### **C3.2.4 Contractor's Design**

Where the contractor is requested to supply the design of the works, he shall supply full working drawings supported by a professional (registered with ECSA).

### **C3.2.5 Drawings, Specifications and Payment**

The drawings for the marking and re-marking of roads shall be as indicated in paragraph C3.2.2 above.

#### **(a) Required performance characteristics**

The following characteristics will be considered as indicative of the satisfactory performance of the road

marking:

i. Night-time visibility

Night-time retro-reflection shall be measured during day time with a portable retro-reflectometer in accordance with SANS 6261:2008

Permanent road markings shall comply with the relevant levels of performance during the functional performance as indicated in table 1(a) which is adjusted from the SADC RTSM Vol 1 Chapter 7.

Table 1(a) – Road Marking Performance Specifications

	0,325	0,477	0,310	0,325	0,454	0,310
Luminance Factor	0,6	0,4	+0,08	0,45	0,3	+0,06
Coefficient of Retro-reflective (minicandelas/m <sup>2</sup> /lx)	250	135	30	100	70	20
Skid Resistance BPN <sup>(2)</sup>	50	50		50		

**NOTE:**

1. The co-ordinates given refer to the Chromaticity Chart in Figure 1.11 Volume 1 of the SADC RTSM. The co-ordinates measured for the colour should fall within the area defined by the co-ordinates given.
2. "BPN" stands for a value determined by the British Portable Pendulum Number measurement method applicable to all colours of markings.
3. Initial retro-reflectivity tests shall be performed within 14 days of road marking application to qualify for acceptance. (The Contractor shall notify the Employer in writing of any abnormal building or construction activities or circumstances on the roads prior to testing which may have a negative result in the

night-time retro-reflectivity test). The contractor shall provide an approved retro-reflectometer for the measuring of retro-reflectivity free of charge to the employer for the duration of the contract period. Should there be any dispute regarding the type of retro-reflectometer used, a Delta LTL-X retro-reflectometer shall be used to provide the final measurements.

4. Retro-reflectivity tests shall also be performed six months after road marking application on the “cleaner type road surface” as agreed with the Engineer and shall meet the minimum requirements as follows:

White road markings	$\geq 250 \text{ mcd/m}^2/\text{lx}$
Yellow road markings	$\geq 135 \text{ mcd/m}^2/\text{lx}$

Should the road markings not meet this requirement after six months then the road must be repainted at the expense of the contractor. Proper surface preparation must be done to the satisfaction of the Engineer e.g. if the road markings are too thick or if the road markings are breaking off then sand blasting or water blasting may be required before the road marking application. The cost of this preparation work shall be for the account of the contractor and will not be paid for by the Employer.

No new work orders will be issued to the contractor before the road markings are repainted and approved according to the requirements in Table 1(a) above.

N.B. A “cleaner type of road surface” is a road where sand does not get onto the road which adversely affects the road markings.

#### **(b) Payment Schedule**

Payment shall be on condition all road marking complies with the minimum required performance requirements as tabled in table 1(a). No payment shall be made for any road markings per completed work order of a road section without detailed sketches, measurement sheets, quantities, digital photographs (as well as hard copy).

The Contractor’s quality manager must inspect and approve all road markings within 2 days after the completion of the work order and report (via sketches/measurement sheets and photos) any non-compliant defects or any poor workmanship to the employers officials and to arrange for immediate remedial measures.

The work order shall be signed by the quality manager within 14 days of completion of the work and submitted with the sketches, measurement sheets and photographs for payment purposes. The manager shall be trained at the contractors cost by a qualified trainer employed by a training agency or approved consulting engineering company or any other competent trainer approved by the employer. The contents of the training course shall be the Road traffic Act 1996, (Act 93 of 1996) and Regulations 2000, the SADC Road Traffic Signs Manual Volume 1 Chapter 7, Volume 4 Chapter 12, the South African Road Traffic Signs Manual Volume 2: Part 2, Part 3 Part 13, Part 18 and the standard specifications for municipal civil engineering works. The manager shall at all times be in possession of all the above mentioned documentation. No work shall commence prior to the successful completion of the course by the Quality Manager and certificate of acknowledgement.

In addition all temporary and permanent road markings conducted shall be under the permanent supervision of a competent person with a minimum qualification of grade 12 (NQF 4) and in possession of a valid driver's licence appointed by the contractor and who passed a practical and theoretical test set up by the Engineer on the latest revision of the South African road traffic signs manual. The test date and approval of site supervisors shall be completed before the start of any road marking works. The Contractor shall execute the quality control of the markings in accordance with a quality control plan approved by the Employer once appointment is made.

**The retro-reflectivity aspect of the contractor's quality control plan shall be based on a minimum level of assessment as follows:**

Road marking line types are to be tested in terms of six groups as follows:

1. White longitudinal line markings
2. Yellow longitudinal line markings
3. Red longitudinal line markings
4. White "transverse" markings (symbols, arrows, lettering, chevrons and regulatory transverse markings)
5. Yellow "transverse" markings (symbols, arrows, lettering, chevrons and regulatory transverse markings)
6. Red "transverse" markings (arrestor bed marking)

Minimum number of tests

- (a) The minimum number of tests for roads lengths of 500 m or less is five tests (readings) per group.
- (b) The minimum number of tests for roads lengths of 501 m to 1000 m is 10 tests (readings) per group.
- (c) The minimum number of tests for roads lengths of every rounded kilometre thereafter includes (b) and 10 tests (readings) per group.

Additional requirements:

- The tests are to be as much as reasonably possible divided equally amongst the various line types within the group.
- The tests should be as much as reasonably possible spread evenly along the length of the road.
- Should any group test results fail an additional set of tests as above must be conducted within that group to confirm results.

The Contractor shall provide the Engineer with the results of the Contractor's process quality control during the marking process. The cost of such process quality control shall be borne by the Contractor. The Contractor shall provide the minimum level of testing assessment as described above per payment certificate to qualify for payment

The Engineer may require additional control testing to be done on the road markings by departmental personnel and/or by an accredited organization. In the latter case the Contractor shall arrange and pay for the necessary tests. Should these tests indicate that the work is in compliance with the specifications, the costs of such tests shall be reimbursed to the Contractor. Should these tests indicate the works to be unacceptable, the Contractor shall execute such remedial works as specified in the Contract or shall be subject to such penalizing measures as specified in the Contract. The cost of tests on rejected works shall be for the account of the Contractor.

Should it be clear that the road markings would not meet the required level of performance at any of the inspection dates, the Contractor may use his discretion to apply appropriate remedial actions to rectify the shortcomings after getting approval from the Engineer for work within the road reserve, approval which would not be unreasonably withheld.

### **C3.2.6 Environmental Requirements**

The Contractor shall take every precaution to avoid damage to grass and shrubs within the road reserve. Any damage on the road reserve or paint on adjacent property shall be cleaned before the site are certified in order by the Quality Manager. A penalty of R 5 000 per occurrence shall be imposed upon the contractor.

### **C3.2.7 Socio Economic Plan**

The tenderer shall provide an economic plan which will include the job creation plan (i.e. skills required and the number for each skill in road markings related works). The job creation plan where applicable should include interns. A minimum of 25 work opportunities for City of Tshwane residents must be created during the implementation of this tender.

The tenderer shall provide details of all training to be provided, through on-site, accredited training and formal training for employees at all levels to ensure they enhance their competence, and able to provide the required operation and maintenance skills across the various process streams. This shall also include SHEQ training. The tenderer shall also detail the capacity building and skills transfer initiatives to be implemented in a seamless and sustainable manner. No separate payment will be made for any training as the cost of any training shall be deemed to be included in the tendered rates,

C3.3 PROCUREMENT

TABLE OF CONTENTS

C3.3.1 Preferential procurement procedures ..... 137

C3.3.2 Subcontracting ..... 143

C3.3.2.1 Scope of mandatory subcontract works..... 143

C3.3.2.2 Preferred subcontractors/suppliers ..... 143

C3.3.2.3 Subcontracting procedures ..... 143

### **C3.3.1 Preferential procurement procedures**

#### **C3.3.1.1 Requirements**

##### **C3.3.1.1.1 Employment of unskilled and semi-skilled labour in Labour Intensive Construction works**

1. Requirements for the sourcing and engagement of labour
  - 1.1 Unskilled and semi-skilled labour require for the execution of all labour intensive works shall be engaged strictly in accordance with prevailing legislation and SANS 1914-5, Participation of Targeted Labour.
  - 1.2 The EPWP Ministerial Determination, as revised from time to time, sets out a minimum wage and minimum conditions of employment and Contractors must comply with its requirements.
  - 1.3 Tasks by the Contractor must be such that:
    - (a) the average worker completes 5 tasks per week in 40 hours or less; and
    - (b) the weakest worker completes 5 tasks per week in 55 hours or less.
  - 1.4 The Contractor must revise the time taken to complete a task whenever it is established that the time taken to complete a weekly task is not within the requirements of 1.3.
  - 1.5 The Contractor shall, through all available community structures, inform the local community of the labour intensive works and the employment opportunities presented thereby. Preference must be given to people with previous practical experience in construction and / or who come from households:
    - (a) where the head of the household has less than a primary school education;
    - (b) that have less than one full time person earning an income;
    - (c) where subsistence agriculture is the source of income;
    - (d) those who are not in receipt of any social security pension income.
  - 1.6 The Contractor shall endeavour to ensure that the expenditure on the employment of temporary workers is in the following proportions:
    - (a) 55% women;
    - (b) 55% youth who are between the ages of 16 and 35; and
    - (c) 2% persons with disabilities.
1. The main Contractor shall ensure that any Sub-Contractor he may appoint shall adhere to these conditions but also subject to the provisos applicable to the duration of such sub-contract.
2. Should any of the above conditions be less favourable than any Bargaining Council Agreement or Act applicable to the Contractor, the more favourable condition will apply.

##### **C3.3.1.2 Resource standard pertaining to targeted procurement**

The Contractor shall deliver the following deliverables in terms of the relevant SANS 1914 and the associated specification data:

##### **C3.3.1.2.1 Provide business opportunities for targeted enterprises in terms of **SANS 1914-4****

#### **1. General**

Targeted enterprises shall be engaged in the performance of the contract in accordance with the requirements of SANS 1914-4 as amended in 2

## **2. Amendments to SANS 1914-4**

### **2.1 Replace the existing definitions with the following:**

#### **contract participation goal (CPG)**

value of supplies, services and works for which the contractor contracts targeted enterprises exclusive of any value added tax or sales tax which the law requires the employer to pay to the contractor, expressed as a percentage of the contract amount associated with the targeting strategy that is identified in the specification data

### **2.2 Add the following definitions:**

#### **contract amount**

##### **1) targeting strategy A**

financial value of the contract at the time of the award of the contract, exclusive of all allowances and any value added tax or sales tax which the law requires the employer to pay to the contractor

##### **2) targeting strategy B**

financial value of the contract upon completion of all contractual obligations, exclusive of any value added tax or sales tax which the law requires the employer to pay to the contractor

#### **targeting strategy A**

a strategy which:

- a) links the granting of a preference by the employer in the evaluation of tender offers in return for the tendering of a contract participation goal or an undertaking to attain a specified contract participation goal at the time that tenders are evaluated; or
- b) requires a contractor to achieve a minimum specified goal in the performance of a contract; or
- c) involves both a) and b)

#### **targeting strategy B**

a strategy which:

- a) links the payment of an incentive bonus to a contractor for the attainment of a specified contract participation goal; or
- b) requires the contractor to record and report on the quantum of work generated for targeted labour

### **2.3 Replace clauses 3.11 and 3.12 with the following:**

**3.1.1** The contractor shall engage targeted enterprises directly or indirectly in the performance of the contract to the extent that the total monetary value of such engagements exclusive of any value added tax or sales tax required by law, is sufficient to achieve the contract participation goal provided for in the specification data.

**3.1.2** The contractor shall, in the case of targeting strategy A, submit details of his plan to achieve the contract participation goal to the employer's representative on the contract participation goal implementation plan form contained in annex C, within five working days of being instructed to do so. If no such instructions are given, these plans shall be submitted before the submission of the first claim for payment.

### **2.4 Replace 3.2.2 with the following:**

**3.2.2** Contractors shall submit completed targeted enterprise declaration affidavits and, where targeting strategy A applies, letters of undertaking to act as sub-consultants, subcontractors

suppliers, manufacturers or service providers (see annex D), in respect of each and every targeted enterprise and targeted partner whose contribution shall be counted towards the contract participation goal. These documents shall, unless otherwise stated in the specification data, be submitted to the employer's representative before the submission of the first claim for payment.

2.5 Replace 4.1 with the following:

**4.1** The contractor shall enter into written contractual agreements with all the targeted enterprises and targeted partners cited in the contract participation goal implementation plan and shall, as soon as is practicable, furnish the employer's representative with copies of such agreements and the written acceptances thereof. The contract to be performed by the targeted enterprises and targeted partners shall, in the case of targeting strategy A, thereafter neither be reduced in scope, nor terminated without the prior written approval of the employer's representative, which shall not be unreasonably withheld or delayed.

2.6 Replace 4.2.1 with the following:

**4.2.1** Where targeting strategy A applies and in the event that, through no fault of the contractor, a contracted targeted enterprise is found to be:

- a) unable to perform, or to perform on time;
- b) unable to produce acceptable work;
- c) unwilling to perform work required; or
- d) not fit to perform the service;

the contractor shall notify the employer's representative of the apparent necessity to reduce or terminate such a targeted enterprise's contract, citing the reasons therefor.

2.7 Replace 4.3 with the following:

Where, in the case of targeting strategy A, an enterprise under contract was initially considered to be a targeted enterprise but is later discovered not to be so, or is found not to be creditable towards contract participation goals, the employer may consider a partial waiver of the contractor's obligations towards the achievement of the contract participation goal in respect of such a targeted enterprise, should the contractor satisfactorily demonstrate that he was justified in believing the enterprise to be a targeted enterprise and that eligibility standards were not violated.

2.8 Replace 6 with the following:

In the event that, and where targeting strategy A applies, the contractor fails to substantiate that any failure to achieve the contract participation goal was due to

- a) quantitative underruns,
  - b) the elimination of items contracted to targeted enterprises, or
  - c) any other reason beyond the contractor's control which may be acceptable to the employer,
- the sanctions provided for in the contract shall apply.

2.9 Delete "net amount" in definitions and replace "net amount" with "contract amount" wherever it appears in the text.

Clause	Specification Data	
The specification data associated with SANS 1914-5 is as follows		
2.7	The employers representative is:	Steven Macheve
	Target area:	

	<b>Target Area 1</b>	The ward/wards in which the work package is to be performed
	<b>Target Area 2</b>	The ward/wards directly adjoining the ward/wards in which the work package is to be performed.
	<b>Target Area 3</b>	The region within which the ward/wards in which the work package is to be performed resides
	<b>Target Area 4</b>	The Tshwane Municipal area
2.17	Targeted enterprise is	Will be specified for each work package.
	The targeting strategy is	Strategy A b)
	The contract participation goal is	1.1 The min. goal is 10% and the maximum goal is 20% (The combined goal for the contract will not be less than 30%)
	The contract participation goal may only be achieved by subcontracting work to one or more targeted enterprises to perform commercially useful functions in the performance of the contract.	
2.9	The following weightings shall apply:	
	<b>Target Area 1</b>	1.2
	<b>Target Area 2</b>	1.0
	<b>Target Area 3</b>	0.8
	<b>Target Area 4</b>	0.6
6	<b>Sanctions</b>	<p>In the event that the Contractor fails to substantiate that any failure to achieve the Contract Participation Goal relating to the granting of preference was due to quantitative under runs, the elimination of items, or any other reason beyond the Contractor's control which may be acceptable to the Employer, it shall be liable to pay the Employer a financial penalty in the following manner:</p> $P = 0.15 \times \frac{(D - D_o)}{100} \times N_A$ <p>Where</p> <p><math>D</math> = required Contract Participation Goal percentage</p> <p><math>D_o</math> = the Contract Participation Goal which the Employer's representative based on the credits passed, certifies as being achieved upon completion of the work package</p> <p><math>N_A</math> = Net Amount</p> <p><math>P</math> = Rand value of penalty payable</p>

C3.3.1.2.2 Employment of unskilled and semi-skilled labour in Labour Intensive Construction works in terms of SANS 1914-5

**1. General**

Targeted labour shall be engaged in the performance of the contract in accordance with the requirements of SANS 1914-5 as amended in 2

**2. Amendments pertaining to SANS 1914-5**

2.1 Replace the existing definitions with the following:

**contract participation goal (CPG)**

amount equal to the sum of the wages and allowances for which the contractor contracts to engage targeted labour exclusive of any value added tax or sales tax required by law, expressed as a percentage of the contract amount associated with the targeting strategy that is defined in the specification data

**targeted labour:** Unemployed persons who are employed as local labour on a work package.

2.2 Add the following definitions:

**contract amount**

**1) targeting strategy A**

financial value of the contract at the time of the award of the contract, exclusive of all allowances and any value added tax or sales tax which the law requires the employer to pay to the contractor

**2) targeting strategy B**

financial value of the contract upon completion of all contractual obligations, exclusive of any value added tax or sales tax which the law requires the employer to pay to the contractor

**targeting strategy A**

a strategy which:

- a) links the granting of a preference by the employer in the evaluation of tender offers in return for the tendering of a contract participation goal or an undertaking to attain a specified contract participation goal at the time that tenders are evaluated; or
- b) requires a contractor to achieve a minimum specified goal in the performance of a contract; or
- c) involves both a) and b)

**targeting strategy B**

a strategy which:

- a) links the payment of an incentive bonus to a contractor for the attainment of a specified contract participation goal; or
- b) requires the contractor to record and report on the quantum of work generated for targeted labour

2.3 Terms and conditions for the engagement of targeted labour

Further to the provisions of Clause 3.3.2 of SANS 1914-5, written contracts shall be entered into with targeted labour.

2.4 The schedule referred to in Clause 5.2 of SANS 1914-5 shall in addition reflect the status of targeted labour as women, youth and persons with disabilities and the number of formal training provided to targeted labour.

2.5 Replace 6 with the following:

In the event that, and where targeting strategy A applies, the contractor fails to substantiate that any failure to achieve the contract participation goal was due to

- a) quantitative underruns,
- b) the elimination of items contracted to targeted enterprises, or
- c) any other reason beyond the contractor's control which may be acceptable to the employer, the sanctions provided for in the contract shall apply.

3. Training of targeted labour

- 3.1 The Contractor shall provide all the necessary on-the-job training to targeted labour to enable such labour to master the basic work techniques required to undertake the work in accordance with the requirements of the contract in a manner that does not compromise worker health and safety.
- 3.2 The cost of the formal training of targeted labour must be included on the total of the Prices.
- 3.3 The Contractor shall do nothing to dissuade targeted labour from participating in training programmes and shall take all reasonable steps to ensure that each beneficiary is provided with two days of formal training for every 22 days worked.
- 3.4 An allowance equal to 100 % of the task rate or daily rate shall be paid by the contractor to workers who attend formal training, in terms of 3.3 above.
- 3.5 Proof of compliance with the requirements of 3.2 to 3.4 must be provided by the Contractor to the Employer prior to submission of the final payment certificate.

Clause	Specification Data	
The specification data associated with SANS 1914-1 is as follows		
2.5	The employers representative is:	Steven Macheve
	Target area:	
	Target Area 1	The ward/wards in which the work package is to be performed
	Target Area 2	The ward/wards directly adjoining the ward/wards in which the work package is to be performed.
	Target Area 3	The region within which the ward/wards in which the work package is to be performed resides
	Target Area 4	The Tshwane Municipal area
2.2	The contract participation goal is	The min. goal is 10% and the maximum goal is 15% (The combined goal for the contract will not be less than 30%)
2.8	Targeted labour means	Unemployed persons who are employed as local labour on the work package
	The targeting strategy is	Strategy A b)
2.9	The following weightings shall apply:	

	<b>Target Area 1</b>	1.2
	<b>Target Area 2</b>	1.0
	<b>Target Area 3</b>	0.8
	<b>Target Area 4</b>	0.6
6	<b>Sanctions</b>	<p>In the event that the Contractor fails to substantiate that any failure to achieve the Contract Participation Goal relating to the granting of preference was due to quantitative under runs, the elimination of items, or any other reason beyond the Contractor's control which may be acceptable to the Employer, it shall be liable to pay the Employer a financial penalty in the following manner:</p> $P = 0.15 \times \frac{(D - D_o)}{100} \times N_A$ <p>Where</p> <p><math>D</math> = required Contract Participation Goal percentage</p> <p><math>D_o</math> = the Contract Participation Goal which the Employer's representative based on the credits passed, certifies as being achieved upon completion of the work package</p> <p><math>N_A</math> = Net Amount</p> <p><math>P</math> = Rand value of penalty payable</p>

### C3.3.2 Subcontracting

#### C3.3.2.1 Scope of mandatory subcontract works

The contractor is to identify and present to the Engineer the works to be subcontracted. The following shall be subcontracted to the local subcontractors:

- Cleaning of roads before work take place.
- Percentage hand work to be done.
- Traffic accommodation.

#### C3.3.2.2 Preferred subcontractors/suppliers

Preferencing of subcontractors will be determined within each work package.

#### C3.3.2.3 Subcontracting procedures

- C3.3.2.3.1 The contractor shall advertise and call for competitive tenders in accordance with the requirements stated in the specification data in respect of each portion of the works that are required to be subcontracted in terms of C3.3.2.1 in accordance with the relevant provisions of the latest edition of the CIDB Standard for Uniformity in Construction Procurement. The Contract Data in the associated procurement documents shall be based on the

standard form of contract identified in the specification data, with minimal project specific variations and amendments that do not change their intended usage.

- C3.3.2.3.2 The contractor shall evaluate the tenders received in accordance with the provisions of the Standard Conditions of Tender contained in Annex F of Standard for Uniformity in Construction Procurement. The evaluation panel shall comprise equal representatives from the contractor and the steering committee for the ward/s on which the work package will impact.
- C3.3.2.3.3 The contractor shall without delay enter into a written contract with the successful tendering subcontractor based on their accepted tender submission.
- C3.3.2.3.4 The contractor shall remain responsible for providing the subcontracted portion of the works as if the work had not been subcontracted.

C3.4 CONSTRUCTION

TABLE OF CONTENTS

C3.4.1 Works specifications ..... 146

C3.4.6.1 Minimum employment conditions for conventional construction works ..... 147

C3.4.6.2 Employment conditions for labour intensive works and construction ..... 149

### **C3.4.1 Works specifications**

#### **C3.4.1.1 Applicable standards**

The applicable Standard Specifications shall be the document **Standard Specifications for Municipal Civil Engineering Works, Third Edition 2005**, issued by the Employer.

Tenderers, Contractors and Subcontractors shall obtain their own copies of the document **Standard Specifications for Municipal Civil Engineering Works, Third Edition 2005 and Standard Construction Details And Design Standards For Roads And Stormwater Drainage Infrastructure** for tendering purposes and for use for the duration of the Contract from the Procurement Advice Centre, Tshwane House, 320 Nelson Mandela Drive, Pretoria and shall bear all expenses in this regard. Also freely available in electronic (pdf) format at:

[http://www.tshwane.gov.za/documents/tenders/CTMM\\_Civil\\_Specification\\_2005.zip](http://www.tshwane.gov.za/documents/tenders/CTMM_Civil_Specification_2005.zip)

The **Standard Specifications for Municipal Civil Engineering Works, Third Edition 2005** have been written to cover all types of municipal civil engineering works and it may therefore cover work not applicable to this contract.

#### **C3.4.1.2 Applicable national and international standards**

SABS standards are applicable to road markings specifically. These standards are listed in the South African Road Traffic Signs Manual Volume 2 Chapter 18 Item 18.1.4 as well as the Tshwane Metropolitan Municipality Standard Specification for Civil Engineering Works and the Standard Drawings.

### **C3.4.2 Plant and materials**

Road markings for Thermo Plastic and Cold plastic will be done in line with road paint specifications in **Standard Construction Details And Design Standards For Roads And Stormwater Drainage Infrastructure: STD 025 road paint specifications**.

### **C3.4.3 Construction equipment**

A self-propelled or truck mounted automated thermoplastic road marking machine including a glass bead pressure tank capable of painting longitudinal lines within the specifications. The machine shall be so designed that it will be capable of painting the traffic markings to a uniform width within the tolerances specified, without the paint running or splashing. The road marking machine must be made available for inspection by City of Tshwane once the contractor is appointed. No work orders will be issued if the contractor fails to meet this obligation.

### **C3.4.5 Site establishment**

#### **C3.4.5.1 Services and facilities provided by the employer**

The employer will not provide any services and / or facilities.

#### **C3.4.5.2 Facilities provided by the contractor.**

##### **C3.4.5.2.1 Contractor's Camp site**

The contractor shall provide a suitable site for his camp and for accommodating the work force. The choice of the site for the establishment of the camp, offices and the layout thereof, shall be approved.

The camp site shall be cleared and grubbed and properly fenced with a security fence around the perimeter. The Contractor is to provide his own security at the camp or on the site if required, at his own expense.

After completion of the contract, the Contractor shall remove all his temporary buildings, plant and equipment. The site shall be made good and be left in a neat and tidy condition before a certificate of completion shall be issued.

**C3.4.5.2.2 Water Supply**

The Contractor shall make his own arrangement for potable and construction water. No natural water from rivers, streams, boreholes, pans, dams or irrigation canals shall be used for concrete or stabilised layers. Only drinking quality purified water shall be used. The Contractor must make adequate provision in his tender for all negotiations and procurement of water for construction activities and all related costs will be deemed to be included in his tendered rates.

**C3.4.5.2.3 Power Supply**

The Contractor shall make his own arrangements.

**C3.4.5.2.4 Ablution Facilities**

The Contractor shall, at each construction area, provide sufficient portable chemical latrine units. The latrine units shall be serviced daily and kept in a hygienic and orderly state to the approval of the engineer. No separate payment shall be made for this requirement and the costs thereof shall be deemed to be included in the rates billed for the contractor's time-related obligations.

**C3.4.5.2.5 Cellular Telephone**

It is a requirement of the contract that the contractor shall equip his site agent(s) with a cellular telephone to allow for effective communication between the contractor's supervisory personnel and the engineer's supervisory staff. All costs associated with the provision of cellular telephones for the contractor's personnel shall be deemed to be included in rates billed for time-related charges.

**C3.4.6 Contractor's employees**

**C3.4.6.1 Minimum employment conditions for conventional construction works.**

Contractors shall comply with the Basic Conditions of Employment Act (Act No 75 of 1997).

As a determination has not been made in terms of the aforesaid Act for the building sector, the minimum employment conditions which will apply to this Contract shall be guided by the Sectoral Determination: Civil Engineering Sector published in the Government Gazette dated 2 March 2001.

The following minimum conditions shall apply to this Contract and Contractors shall include such conditions in employment contracts.

**C3.4.6.1.1 Employment contracts**

The Contractor shall enter into an employment contract with every one of his/her employees, including short-term contracts i.e. contracts in which employment commencement and employment termination dates are specified. Short-term employment contracts will also apply an employee employed for only one day.

**C3.4.6.1.2 Normal working hours**

Actual hours to work and be paid for is 9 hours per day. If a lunch break of one (1) hour is taken then the normal working day will be as follow:

Morning work sessions from 07:00 to 12:00, lunch break from 12:00 to 13:00, and afternoon sessions from 13:00 to 17:00.

No work or lane closures shall be permitted in the CBD between 06:00 to 08:30 and 15:30 to 18:00 on Mondays to Fridays and between 06:00 to 14:00 on Saturdays unless approved by the Engineer. No work will be permitted after hours except for emergency work as directed by the Engineer.

#### C3.4.6.1.3 Minimum Wages

The minimum wages shall be in accordance with SAFCEC. For a full day's work the hourly rate shall be multiplied by 9. Normal 5-day week hours of work shall be 45 hours and the wage calculated according to the applicable hourly rate.

Overtime pay shall be 1.5 times the ordinary wage.

An employee shall be paid fortnightly.

#### C3.4.6.1.4 Short time (excluding short time due to inclement weather)

When an employee arrives late for work or taking an afternoon off, the hours not worked shall be deducted from the daily wage calculation.

#### C3.4.6.1.5 Short time resulting from inclement weather

- i. If the Contractor informs his/her employees that no work will be done the following day due to inclement weather, no payment will be due to the employee for such a day.
- ii. If the Contractor has not informed his/her employees that no work will be done due to inclement weather and no work or less than four (4) hours of work is possible during a day, the Contractor must pay the employee for four (4) hours of work. If more than four (4) hours of work is done, the Contractor shall pay the employee for the number of hours worked.

#### C3.4.6.1.6 Vacation leave

If an employee has been in full time employment for more than four (4) months, he/she shall be entitled to 1 day's paid leave for every seventeen (17) days the employee worked or was entitled to payment.

#### C3.4.6.1.7 Family responsibility leave

If an employee has been in full time employment for more than four (4) months, he/she shall be entitled to three days paid leave in a leave cycle of thirty-six (36) months of employment:

- iii. When the employee's child is born;
- iv. When the employee's child is sick;
- v. In the event of death of the employee's spouse or life partner, parent, grandparent, child or grandchild.

The employee shall provide the required proof to the Contractor of the event, failing which the leave shall be unpaid leave

C3.4.6.1.8 Maternity leave

At least four (4) months unpaid leave

C3.4.6.1.9 Sick leave

The employee shall be entitled to one (1) day's paid sick leave of normal wages for every twenty-six (26) days worked.

If an employee is absent for three (3) or more consecutive days, the employee shall provide a sick certificate from a registered medical practitioner to qualify for sick leave payment. If such certificate is not provided, no sick leave payment will be due to the employee.

C3.4.6.1.10 Piece work

Irrespective of the quantity of work done under a piece work system during a working week, the employee shall be entitled to a minimum of a week's wages determined as if no piece work applied.

The Contractor or employee may terminate an employment contract by giving notice of termination of not less than:

- vi. On short period contracts i.e. a contract which states from which date work employment commences and on which day employment terminates, the terms of the employment contract shall apply;
- vii. One week if employee has been employed for four (4) weeks or less, unless it is a short-term project;
- viii. Two (2) weeks if employee has been employed for more than four (4) weeks but not more than one (1) year;
- ix. Four (4) weeks if employee has been employed for more than one year.

C3.4.6.2 Employment conditions for labour intensive works and construction.

The Ministerial Determination, Special Public Works Programmes, issued in terms of the Basic Conditions of Employment Act of 1997 by the Minister of Labour in Government Notice N° R63 of 25 January 2002, as reproduced below, shall apply to works described in scope of work as being labour intensive and which are undertaken by unskilled or semi-skilled workers.

This clause contains the standard terms and conditions for workers employed in elementary occupations on a Special Public Works Programme (SPWP). These terms and conditions do NOT apply to persons employed in the supervision and management of a SPWP.

C3.4.6.2.1 Terminology

- (a) "department" means any department of the State, implementing agent or contractor;
- (b) "employer" means any department, implementing agency or contractor that hires workers to work in elementary occupations on a SPWP;
- (c) "workers" means any person working in an elementary occupation on a SPWP;
- (d) "elementary occupation" means any occupation involving unskilled or semi-skilled work;

- (e) “management” means any person employed by a department or implementing agency to administer or execute an SPWP’
- (f) “task” means a fixed quantity of work;
- (g) “task-based work” means work in which a worker is paid a fixed rate for performing a task;
- (h) “task-rated worker” means a worker paid on the basis of the number of tasks completed;
- (i) “time-rated worker” means a worker paid on the basis of the length of time worked.

#### C3.4.6.2.2 Terms of Work

Workers on a SPWP are employed on a temporary basis.

A worker may NOT be employed for longer than 24 months in any five-year cycle on a SPWP.

Employment on a SPWP does not qualify as employment as a contributor for the purposes of the Unemployment Insurance ACT 30 of 1966.

#### C3.4.6.2.3 Normal hours of work

An employer may not set tasks or hours of work that require a worker to work:

- (a) more than forty hours in any week;
- (b) on more than five days in any week; and
- (c) For more than eight hours on any day.

An employer and worker may agree that a worker will work four days per week. The worker may then work up to ten hours per day.

A task-rated worker may not work more than a total of 55 hours in any week to complete the tasks allocated (based on a 40-hour week) to that worker.

#### C3.4.6.2.4 Meal Breaks

A worker may not work for more than five hours without taking a meal break of at least thirty minutes duration.

An employer and worker may agree on longer meal breaks.

A worker may not work during a meal break. However, an employer may require a worker to perform duties during a meal break if those duties cannot be left unattended and cannot be performed by another worker. An employer must take reasonable steps to ensure that a worker is relieved of his or her duties during the meal break.

A worker is not entitled to payment for the period of a meal break. However, a worker who is paid on the basis of time worked must be paid if the worker is required to work or to be available for work during the meal break.

C3.5.8 ANNEXURES ..... 172

### **C3.5.1 Construction program**

The Contractor shall submit an annual road markings programme during the beginning of each financial year based on the budget that will be allocated.

The programme shall be in the form of a Gantt chart and shall include the following details:

- A work breakdown structure, identifying the major activity groups.
- For each activity group further details shall be provided with regard to the scheduled start and end dates of individual activities.
- The linkages between activities shall be clearly indicated and the logical network upon which the programme is based shall be separately submitted to the engineer if requested. Any constraints shall be classified as being time-related or resource-related.
- The critical path(s) shall be clearly indicated and floats on non-critical activities shall be shown.
- The Contractor shall indicate the working hours per day, night, week and month allowed for in the programme.
- Where relevant the Contractor shall state the production rates for key activities.

Together with the programme as detailed above the contractor shall submit to the engineer a cash flow projection, indicating projected monthly invoice amounts. The cash flow projection shall be updated at monthly intervals to reflect actual payments to date and anticipated further payments.

The programme will be reviewed at the monthly site meetings at which the Contractor shall provide sufficient detail that will allow the comparison of completed work per activity that has fallen behind. The updated programme shall be submitted to the Engineer at least two days prior to the monthly meetings.

If the programme has to be revised by reason of the Contractor falling behind his programme, he shall produce a revised programme showing how he intends to regain lost time in order to ensure completion of the Works within the time for completion as defined in the General Conditions of Contract or any granted extension of time. Any proposal to increase the tempo of work must be accompanied by positive steps to increase production by providing more labour and plant on site, or by using the available labour and plant on site, or by using the available labour and plant in a more efficient manner.

Failure on the part of the Contractor to submit the programme or to work according to the programme or revised programmes shall be sufficient reason for the Engineer to take steps as provided in the General Conditions of Contract.

The approval by the Engineer of any programme shall have no contractual significance other than that the Engineer will be satisfied that the work is carried out according to such programme and that the Contractor undertakes to carry out the work in accordance with the programme. It shall not limit the right of the Engineer to instruct the Contractor to vary the programme if required by circumstances.

### **C3.5.2 Sequence of works**

The sequence of works must be carried out according to the job cards issued. Should there be higher priorities then the earlier work orders can be delayed as agreed by the Engineer.

### **C3.5.3 Accommodation of traffic**

The following contain the Employer's general requirements including requirements of the South African Road Traffic Signs Manual for the accommodating the traffic during construction:

The cost of all temporary signs shall be included in the tendered rates.

The travelling public shall have the right of way on public roads and the contractor shall make use of approved methods to control the movement of his equipment and vehicles so as not to constitute a hazard on the road.

Failure to maintain road signs, warning signs, etc, in a good condition shall constitute ample reason for the engineer to bring the works to a stop until the road signs, etc, have been repaired to his satisfaction.

The contractor may not commence constructional activities before adequate provision has been made to accommodate traffic by trained staff in accordance with the requirements of this document and the South African Road Traffic Signs Manual Volume 2 Chapter 13 of the June 1999 edition. Copies of this publication are available from the Government Printers – Tel: (012) 334 4500.

The contractor shall submit proposals in connection with directional signs to the engineer for approval prior to construction. Sufficient signage according to the South African Road Traffic Signs Manual, Volume 2, and Chapter 13 shall be provided, erected and relocated as necessary by the contractor to reroute traffic onto the deviations.

#### **Special requirements for accommodation of traffic**

The contractor must adhere to the following special requirements with respect to the accommodation of traffic:

#### **(d) Site personnel**

The contractor shall ensure that all his personnel, excluding those who are permanently office bound, are equipped with reflective safety jackets and that these are worn at all times when working on or near to the travelled way. Any person found not wearing a reflective jacket under these circumstances shall be removed from the site until such time as he is in possession of and wearing a reflective jacket. Reflective safety jackets shall be kept in good condition and any jackets that are, in the opinion of the engineer, ineffective shall be immediately replaced by the contractor.

#### **(e) Failure to comply with provisions**

Failure or refusal on the part of the contractor to take the necessary steps to ensure the safety and convenience of the traveling public, accommodation of traffic, plant and personnel in accordance with these specifications or as required by statutory authorities or ordered by the engineer, shall be sufficient cause for the engineer to apply penalties as follows:

A fixed penalty of R5 000,00 per occurrence shall be deducted for each and every occurrence of non-compliance with any of the requirements of the South African Road Traffic Signs Manual with respect to the accommodation of traffic.

(f) Road signs, barricades and flags.

The contractor shall be responsible for the protection and maintenance of all signs, and shall at his own cost replace any that have been damaged, lost, or stolen.

All temporary road signs required to remain in position for some time shall be pole mounted as shown on the drawings. All temporary road signs required to be moved more often shall be mounted on portable supports for the easy moving of signs to temporary positions. The only permitted method of ballasting the sign supports shall consist of durable sandbags filled with sand of adequate mass to prevent signs from being blown over by wind. The cost of the sandbags shall be included in the tendered rates for the various types of temporary road signs. The covering of permanent road signs, if applicable, shall be by utilizing a hessian bag that shall be pulled over the sign in the form of a hood and fastened to the signposts. Plastic bags or other materials and fastened by means of adhesive tape shall not be permitted. The cost of covering of permanent road signs shall be included in the tendered rates.

Road signs shall be fitted with a class 1 retro-reflective sheeting and comply in all respects with RTSM. Damaged signs shall not be permitted.

All flags shall be red and comply with the provisions of the regulations and RTSM. Flagmen shall be properly trained.

(g) Channelization devices and barricades

The use of drums as channelization devices shall not be permitted.

Delineators shall:

- x. comply with the manufacturing and reflective requirements of the SARTSM and the blades shall be reversible with dimensions as indicated on the drawings;
- xi. Have smooth and round edges and be mounted on a post and base. All components shall be of durable plastic material;
- xii. have the lower edge of the reflective part of the delineator mounted not lower than 250mm above the road surface;
- xiii. Be capable of withstanding the movement of passing vehicles and gusting winds up to 60 km/h in typical working conditions without falling over. To achieve this, the base shall be at least 0,18 m<sup>2</sup> and ballasted by sandbags with sand;

xiv. Together with its mounting be designed such that it will collapse in a safe manner under traffic impact.

xv. Traffic cones manufactured in a fluorescent red-orange or red plastic material may be used only at short term lane deviations during daylight. Cones shall not be used on their own, but shall be interspersed with delineators at a ratio not exceeding 3:1. Cones used on all deviations shall be 750 mm high. Lane closures which continue into the night time shall be demarcated by delineators only.

(h) Warning devices

All construction vehicles and plant used on the works shall be equipped with rotating amber flashing lights and warning boards as specified. All vehicles and plant before being allowed onto the site shall obtain a clearance permit from the engineer.

i. Vehicle mounted flashing lights

Rotating lights shall have an amber lens of minimum height of 200 mm and shall be mounted in such a way as to be highly visible from all directions. The lights on construction vehicles shall not be switched on while vehicles are being operated on unrestricted sections of a public road, but shall be switched on while construction vehicles are operating within the accommodation of traffic area, as the vehicles decelerate to enter a construction area, and as the vehicles accelerate to the general speed when entering the road from a construction area. Lights on plant shall operate continuously while the plant is working alongside sections of road open to public traffic

All LDV's and cars operating on site shall also be equipped with rotating amber flashing lights which shall be placed so as to be highly visible and operated continuously while the vehicles are manoeuvring in or out of traffic or are traveling or parked alongside roads open to public traffic.

Rotating lights and the "construction vehicle" signs on the contractor's vehicles and plant shall not be paid for separately but shall be included in the rates covering the use of the vehicles.

The contractor shall apply and maintain lights together with temporary mounting brackets, to the approval of the engineer. Vehicles and plant that do not comply with these requirements shall be removed from the site.

ii. Sign mounted flashing lights

As and when requested by the engineer, two amber flashing lights shall be vertically mounted on top of the traffic signs at each end of each traffic accommodation section as shown on the drawings.

(i) Other traffic control measures ordered by the engineer

The engineer may instruct the contractor to provide any other reflective tape, etc not measured in standard pay items. Such items shall conform to the requirements of the SARTSM, or specification provided by the engineer. Similarly, in order to ensure that the traveling public is kept fully informed and warned on matters relating to the accommodation of traffic, construction sign posting and the effect of the construction on the free flow of traffic through the site, the engineer may arrange for advertising in the press and/or for other forms of publicity.

(j) Flagmen

Flagmen shall be provided where shown on the drawings or required by the specification. No flagman shall be on duty for a period of more than 10 hours per day.

Flagmen shall be adequately trained in the standard flagging techniques as described in the SARTSM (refer to figure 13.23 of detail 13.23.1) and be provided with conspicuous clothing such as safety jackets utilizing retro-reflective and / or fluorescent panels in red, yellow and / or white.

Flagmen shall have in their possession, at all times, certification that they have attended and passed an accredited course in flagging techniques before being allowed onto the construction site.

Flags shall be made from bright red or red-orange material and shall be square with a minimum side length of 600 mm. The flag shall be attached to a staff at least 1.0 m in length.

In terms of lateral clearance and safety, flagmen shall stand on the shoulder of the lane of traffic that is being controlled and under no circumstances shall flagmen be permitted to stand within the traffic lane. In order to obtain maximum visual impact for the travelling public, flagmen shall stand-alone.

(k) Work at night (additional requirements)

As an addition to the requirements described in this document and the SARTSM, all night time work shall include the use of hydraulically operated Truck Mounted Attenuator(s) (TMA), compliant with US specification NCHRP350, for impact protection of the work area, which conforms to the specification of the Engineer. The supply and installation of the TMA on a suitable vehicle supplied by the contractor, shall be a rigid heavy vehicle of 7 ton gross vehicle mass with high visibility signage as specified. The main use of the TMA will be to follow the longitudinal line machine to ensure visibility to the road user. All other types of works undertaken at night e.g. hand type work shall be done under full traffic accommodation as per the SARTSM, Volume 2, Chapter 13. Delineators instead of cones must be used at night. The rates for the use of the impact attenuator truck, other plant, equipment, materials and labour for night time works shall be included in the tendered rates and no additional payment will be made.

**C3.5.4 Extension of time on account of abnormal rainfall**

Not Applicable

**C3.5.5 Applicable standards**

**C3.5.5.1 Standard Specifications**

Standards will be according to Standard Specifications for Municipal Civil Engineering Works, Third Edition 2005 and Standard Construction Details And Design Standards For Roads And Stormwater Drainage Infrastructure

Add the following to Section 613 of the Standard Specifications for Municipal Engineering Works, Third Edition 2005 with the following.

Replace Paragraph 01 with the following:

#### C3.5.5.1.2 Scope

This section covers the permanent marking of road and parking surfaces with white, red or yellow retro-reflective waterborne road marking paint, thermoplastic and cold plastic (two-component Methyl Methacrylate) road marking materials as indicated as well the removal of unwanted road markings as and when required by the Engineer.

All road markings shall be of the standard regulatory, warning and guidance markings as detailed on the drawings and in accordance with the South African Development Community Road Traffic Signs Manual and South African Road Traffic Signs Manual as well as other paint markings as specified for special events if required.

This section also covers the removal of existing road studs, and the supply and fixing of road studs as ordered by the engineer.

##### C3.5.5.1.2.1 Materials

###### Paint

iii. Waterborne road marking paint

iv. Plastic road marking materials

##### C3.5.5.1.2.2 Glass beads

Where specified in the project specifications, hot-melt plastic road marking material shall comply with the requirements of BS 3262.

##### C3.5.5.1.2.3 Colour

The paint colour shall comply with the specification as stated in table 7.2 as published in the SADC Road Traffic Signs manual Volume 1, Part 3 (1997 Publication).

##### C3.5.5.1.2.4 Mechanical Equipment for painting

The equipment shall consist of an apparatus to clean the surface, mechanical road painting machines and all additional hand-operated equipment necessary to complete the work. Rollers and brushes shall not be allowed for waterborne road marking application. The machines shall be so designed that it will be capable of painting the traffic markings to a uniform width with sides within the tolerances specified hereafter, without the paint running or splashing.

##### C3.5.5.1.2.5 Faulty workmanship or materials

The contractor shall ensure not to repaint or paint new traffic markings not in compliance with Legislation or as specified by the engineer on the drawings.

A fixed penalty of R5 000,00 per occurrence shall be deducted for each occurrence of non-compliance with any of the requirements of this specification.

##### C3.5.5.1.2.6 Protection

After paint has been applied, the traffic markings shall be protected against damage by traffic or by other causes. The contractor shall be responsible for the erection, placing and removal of all warning boards, flags, cones, barricades and/or as may be recommended in the South African Road Traffic Signs Manual (1999 edition) Volume 2 Chapter 13. The contractor shall be responsible for the placing of extra traffic cones to prevent vehicles to cross over wet paint. The minimum height of traffic ones to protect wet paint shall be 450mm.

#### C3.5.5.2 Particular / generic specifications

The following references from, and variations and additions to the Standard Specifications will be valid for this Contract.

The clauses and pay items in this portion of the Particular Specifications are numbered "B" followed by a number corresponding to the number of the relevant clause or pay item in the Standard Specifications. New clauses and pay items not covered by clauses or pay items in the Standard Specifications, if included here, are also designated "B" followed by a number. These numbers follow on the last clause or pay item number used in the relevant section of the Standard Specifications.

##### **SERIES 0: GENERAL**

Add the following:

All cost related to general requirements and charges shall be borne by the contractor, and shall be deemed to be included in the tendered rates and prices for the respective items of work as listed in the Bill of Quantities. No separate payments will be made by the employer to the contractor of any items listed under Series 001 omitting the following:

- Provision of Health and Safety Plan
- Provision of an updated Health and Safety File
- Provision of a Safety Officer
- Provision of Personal Protective Clothing and Equipment
- Community Liaison Officer

##### Construction program

The Contractor shall after the acceptance of the work orders provide the Employer with a programme of the different sites to be completed. No work shall commence without permission and an approved programme.

##### Painting requirements

- (a) Traffic cones, signs and barricades shall not be removed unless all road marking material dried completely (no pick-up) for normal traffic to cross over.
- (b) Thermoplastic paint shall not be applied on a road surface, with a surface temperature less than 10 degrees Celsius.

##### Daily records

The contractor shall provide the Employer with a completed work order as requested by the Employer complete with all information such as dates, location, quantities, weather condition, detailed sketches of the road marking and digital photographs

The "Quality Manager" shall inspect all work orders within two days of completion of the work orders in order to certify and sign the work order or to identify defects and faulty workmanship which are to be reported immediately for urgent remedial measures.

No payment shall be made without work orders, signed by the quality manager, sketch plans (resurfacing) and digital photographs as instructed or requested by the Employer.

## **SECTION 001: GENERAL REQUIREMENTS AND CHARGES**

### **B31: MEASUREMENT AND PAYMENT**

ITEM	DESCRIPTION	UNIT
B001.04	Compliance with the Occupational Health and Safety Act and applicable regulations	

B001.04.01 Provision of a Health and Safety plan

Change pay item 001.04. 01 to read as follow lump sum

The lump sum tendered shall include full compensation for the provision and maintenance of a health and safety plan, risk assessment, permit application and notifications as called for in the act and regulations.

Eighty per cent (80%) of the amount will be paid when a health and safety plan has been received and approved by the client. The remaining 20% will be payable when the completion certificate has been issued.

ITEM	DESCRIPTION	UNIT
------	-------------	------

B001.04.02 Provision of a Health and Safety file

Change pay item 001.04.02 to read as follow month

The rate tendered shall include full compensation for the provision and maintenance of a health and safety file on site containing all the documentation required in terms of the act and applicable regulations, and if the contractor have not performed any work for a particular month then pay item 001.04.02 shall not be payable to the contractor.

B001.04.04 Provision of a Safety Officer.

Change pay item 001.04 04 to read as follow month

The rate tendered shall include full compensation for the provision of a competent and experienced safety officer, part-time or full-time as the case may be, for the duration of the construction work, and if the contractor have not performed any work for a particular month then pay item 001.04.04 shall not be payable to the contractor.

**B001.04.06 Provision of Personal Protective Clothing and Equipment**

Change pay item 001.04 02 to read as follow

lump sum

The lump sum tendered shall include full compensation for the provision, maintenance, repair and/or replacement of damaged or unsuitable protective clothing and equipment for use by the contractor's employees, sub-contractors or visitors on site.

Sixty per cent (60%) of the amount will be paid when the contractor's personnel and sub-contractors, where relevant, have received personal protective clothing and equipment at the initial of a contract. A further 20% will be paid at the end of year two of a contract, and the remaining 20% will be payable when a completion certificate is issued.

Add the following

B001.06

Penalties

Non-performance penalties will apply in an event where a contractor fails to completed the work order on time that was allocated and confirmed with a purchased order, including faulty workmanship, environmental damages, none compliance of traffic accommodation on site, invoice and report submissions as specified below.

**WORK ORDER (A work order comprises of either a single road or a group of roads)**

<b>NON PERFORMANCE PENALTIES</b>		
TYPE OF WORK	MAXIMUM DURATION TO COMPLETION	NON PERFORMANCE PENALTY APPLICABLE PER CALENDAR DAY
1. Maintenance Work	14 days	R1000
2. Resurfacing – “A” (RTM and RM8 line types)	24 hours	R2000
3. Resurfacing – “B” (All other line types excl. “A”)	14 days	R1000
4. Special Work	14 days	R2000
5. Critical work	48 hours	R2000

**FAULTY WORKMANSHIP OR QUALITY CONTROL**

<b>NON PERFORMANCE PENALTIES</b>		
TYPE OF WORK ORDER	DESCRIPTION	NON PERFORMANCE PENALTY APPLICABLE PER OCCURRENCE
All work orders	Line type per link	R5000

**ENVIRONMENT**

<b>NON PERFORMANCE PENALTIES</b>		
TYPY OF WORK ORDER	DESCRIPTION	NON PERFORMANCE PENALTY APPLICABLE PER OCCURRENCE
All work orders	Damage to grass, shrubs, side walks and adjacent property	R5000

**TRAFFIC ACCOMMODATION**

<b>NON PERFORMANCE PENALTIES</b>		
TYPE OF WORK ORDER	DESCRIPTION	NON PERFORMANCE PENALTY APPLICABLE PER OCCURRENCE

All work orders	Accommodation not as per chapter 13, Vol 2 of SARTSM	R5000, and all work to stop immediately until rectified
All work orders	Site staff not wearing suitable protective or retro-reflective clothing	R2000 per occurrence
All work orders	Attenuator mounted 7 ton truck not in use for night time work	R5000, and all work to stop immediately until rectified

**INVOICE AND REPORT SUBMISSIONS (excluding on-site corrections)**

<b>NON PERFORMANCE PENALTIES</b>		
TYPE OF WORK ORDER	DUE DATE	NON PERFORMANCE PENALTY APPLICABLE PER CALENDER DAY
All work orders	All work completed must be invoiced within the same month (invoice to be submitted by the 25 <sup>th</sup> of each month)	R1000
All work orders	Any corrections on invoice to be rectified and re-submitted within 5 days	R1000
All work orders and reports, including EPWP, safety files and monthly progress reports	To be submitted by the 25 <sup>th</sup> of each month	R1000

The penalties per non-conforming in terms of the Construction Regulations, 2014 of the Occupational Health and Safety Act will apply. For the purpose of this clause, every failure to conform to the Occupational Health and Safety Act must be regarded as a separate breach.

Listed non-conformance is:

Serious violations:

- Hazardous chemical/oil spill and/or dumping in non-approved sites.
- Damage to cultural and historical sites.
- Unauthorised blasting activities.
- Transportation of workers in an unsecure vehicle (transporting tools, equipment and material)
- Traffic accommodation. (For the purpose of this clause, every failure to conform to the South African Road Traffic Act 93 Of 1996 and Road Traffic Regulations of 2000 must be regarded as a separate breach.)
  - Insufficient Road signs.
  - Unavailability of flag personnel.

- Improper road signs layout.
- No OHS Officer appointed by the contractor.
- Failure to correct OHS file notices within 7 days.

The engineer's decision with regard to what is considered as a violation, its seriousness and the penalty imposed shall be final.

Less serious violations:

- Littering on site.
- Lighting of illegal fires on site.
- Persistent or un-repaired fuel and oil leaks.
- Dumping of material inside drains.
- Possession or use of intoxicating substances on site.
- Any vehicles being driven in excess of designated speed limits.
- Urination and defecation anywhere except in designated areas.

PPE (Personal Protective Equipment):

- Failure to issue PPE to Employees.
- Non usage of PPE issued.

Unsafe Acts:

All unsafe/ practices on site e.g.

- Boarding on/off moving vehicle or plant.
- Talking with a cell phone while operating a plant.
- Smoking near hazardous chemicals

A penalty will be applied in accordance with the Specifications and Project Specifications. Penalty or penalties payment will be deducted from the payment certificate, in a case where a contractor have incurred a non-performance penalty from the Employer's Agent.

#### **SERIES 1: ANCILLARY WORK**

#### **SECTION B102: TRAFFIC ACCOMMODATION**

Replace section 102 with the following

#### **SECTION B102: TRAFFIC ACCOMMODATION**

##### **CONTENTS**

01	SCOPE
02	GENERAL

## **01 SCOPE**

This section covers the construction and maintenance of the necessary detours and bypasses, barricades and signs, and everything necessary for the safe and easy passage of all vehicular and pedestrian traffic during the maintenance, construction and defects liability periods. It also covers the obliteration of bypasses as they become redundant and the reinstatement of existing roads and streets that were used as bypasses or detours.

## **02 GENERAL**

During the maintenance, construction and defects liability periods the Contractor shall be responsible for the safe and easy passage of vehicular and pedestrian traffic past or alongside the Works.

During all his operations and when using his machinery, plant and equipment, the Contractor shall at all times take the necessary care to protect the public and to facilitate the traffic flow.

Wherever the Contractor's activities on Site affect or have the potential to affect the normal flow or safety of traffic during the maintenance, construction and defects liability periods, he shall be responsible for all aspects of traffic control, including flagmen, warning devices, signs, channelization devices, layout of detours and bypasses, sign sequences and layouts, and all the requirements of the Employer's Agent.

The dimensions and other properties of all signs and devices and the sign and device sequences, layouts and spacings shall be in accordance with the provisions of the National Road Traffic Act, (Act 93 of 1996) and its Regulations. In cases not covered by the Act, the signs, speed limits, devices, sequences, layouts and spacings shall comply with the requirements of The Southern African Development Community Road Traffic Signs Manual volume 2, chapter 13.

A full compensation for all aspects of traffic accommodation for maintenance of road markings shall be included in the tendered rates, and no separate payment shall be made for traffic accommodation.

Add the following section

01	SCOPE
02	GENERAL
03	MEASUREMENT AND PAYMENT

## **01 SCOPE**

This section covers the listing of Dayworks items in accordance with Conditions of Contract Clause 6.5, for the use in determining payment for work which cannot be quantified in specific units in the schedule of quantities, or work ordered by the Employer's Agent during construction period which was not foreseen at bid stage and for which applicable rate exist in the schedule of quantities.

**02 GENERAL**

No Dayworks shall be undertaken unless written authorization has been obtained from the Employer's Agent.

**03 MEASUREMENT AND PAYMENT**

ITEM UNIT	DESCRIPTION	
B107.01	Labour during normal working hours	
B107.01.01	Unskilled labour	hour
B107.01.02	Semi skilled labour	hour
ITEM UNIT	DESCRIPTION	
B107.01.03	Skilled labour	hour
B107.02	Extra-over item B107.01 for charges and profits	
B107.02.01	Unskilled labour	percentage
B107.02.02	Semi-skilled labour	percentage
B107.02.03	Skilled labour	percentage
B107.03	Construction Transport	
B107.03.01	Light vehicle or LDV up to 1 ton	hour
B107.03.02	Truck up to 2 ton	hour
B107.03.03	Truck up to 4 ton	hour

**Personnel during normal working hours**

The unit rate for item B107.01 shall be the hour for the labourer. The labour charges to be reimbursed under the Dayworks item B107.01 in the Schedule of Quantities shall be the actual amount of wages paid to labourers, (but no foreman), employed on Dayworks with the authorisation of the Employer's Agent. The labour charges will be

paid only for the time that the workmen are actually so employed on Dayworks.

Leave pay, bonuses, subsistence, allowances, employer's contribution to medical schemes and provident funds and the like shall not be included in the above-mentioned labour charges, but will be deemed to be covered by the percentage rate tendered by the Contractor against item B107.02 scheduled for this purpose under Dayworks in the Schedule of Quantities.

The unit rate for item B107.02 shall be the percentage extra over for the labourer. This percentage rate shall also be deemed to allow for the use of small tools, supervision, insurances, overhead expenses, transport of workmen, housing and feeding (if the liability of the contractor), profit and any other expenses in connection with workmen employed on Dayworks and shall also include for everything else covered under the allowance as stated in Clause 6.5 of the Conditions of Contract.

### Construction transport

The unit rate for item B107.03 shall be hour for transport used for the purpose of dayworks only. The tendered rate for item B107.03 shall include full compensation for the cost of the vehicle including fuel, maintenance, and running costs and all costs related transporting of labourers, tools and materials.

## SERIES 6: ROADS AND PARKING AREA

### SECTION 613: TRAFFIC MARKINGS

#### B14 MEASUREMENT AND PAYMENT

ITEM	DESCRIPTION
UNIT	

613.05	Road studs
--------	------------

Replace pay item 613.05 with the following

Item	Description	Unit
B613.05	Road studs (Supply and install)	
B613.05.01.	IS EN Part 1 and 2 approved double sided which has dual partition micro prismatic lenses	no (number)
B613.05.02	IS EN Part 1 and 2 approved double sided which has dual partition micro prismatic lenses (with a shank)	no (number)

The unit of measurement for road studs shall be the actual number of approved road studs placed.

The tendered rate shall include full compensation for procuring and furnishing all the necessary material, labour and equipment, and for fixing and maintaining as specified.

613.06 Setting out and the pre-marking of lines (excluding traffic island markings)

Replace pay item 613.06 with the following

Item	Description	Unit
B613.06	Setting out and pre-marking of lines	
B613.06.01	Pre-marking for machine application new lines, Colour to match marking colour (pre-marking of Existing markings to be approved by the Engineer)	m (metre)

The unit of measurement for setting out lines shall be the metre of lines set out and marked. Where two or three lines are to be made next to each other, the setting-out of the lines shall be measured only once.

The tendered rate shall include full compensation for setting out and pre-marking the lines as specified, including all materials.

Item	Description	Unit
B613.06.02	Pre-marking for symbols, words, etc new hand application (pre-marking of existing markings to be approved by the Engineer)	m <sup>2</sup> (square metre)

The unit of measurement for the pre-marking of handwork including symbols, lettering, transverse lines, painted islands and arrestor beds shall be the square metre of traffic markings set out and marked.

The tendered rate shall include full compensation for setting out and pre-marking the lines as specified, including all materials.

Add the following pay items

Item	Description	Unit
B613.07.01	Reflective road marking waterborne paint longitudinal lines (high pressure machine / vehicle only)	

White lines (broken or unbroken)

B613.07.01.01	100mm wide	m (metre)
B613.07.01.02	150mm wide	m (metre)
B613.07.01.03	200mm wide	m (metre)

B613.07.01.04	300mm wide	m (metre)
---------------	------------	-----------

Yellow lines (broken or unbroken)

B613.07.01.05	100mm wide (including RM4, RM5, RM7, RM9, RM13, RM16)	m (metre)
---------------	---	-----------

B613.07.01.06	150mm wide (including RM4, RM5, RM7, RM9, RM13, RM16)	m (metre)
---------------	---	-----------

Red lines (broken or unbroken)

B613.07.01.07	100mm wide	m (metre)
---------------	------------	-----------

B613.07.01.08	150mm wide	m (metre)
---------------	------------	-----------

B613.07.01.09	1000mm wide	m (metre)
---------------	-------------	-----------

The unit of measurement for the painting of longitudinal lines shall be the metre of each specified width of line, and the quantity paid for shall be the actual length of line painted in accordance with the instructions of the Employer's Agent, excluding the length of gaps in broken lines.

The tendered rate per metre for the painting of traffic markings shall include full compensation for procuring and furnishing all materials, including the retro-reflective beads, for the necessary equipment, for painting, protecting and maintenance as specified.

Item	Description	Unit
------	-------------	------

B613.07.02	Reflective road marking waterborne paint transverse, symbol, and small markings (handwork high-pressure equipment only)	
------------	--	--

B613.07.02.01	White transverse lines	m <sup>2</sup> (square metre)
---------------	------------------------	-------------------------------

B613.07.02.02	Yellow transverse lines	m <sup>2</sup> (square metre)
---------------	-------------------------	-------------------------------

B613.07.02.03	White lettering and symbols	m <sup>2</sup> (square metre)
---------------	-----------------------------	-------------------------------

B613.07.02.04	Yellow lettering and symbols	m <sup>2</sup> (square metre)
---------------	------------------------------	-------------------------------

B613.07.02.05	Kerb face markings (white and black)	m <sup>2</sup> (square metre)
---------------	--------------------------------------	-------------------------------

B613.07.02.06	RM15 – Centre of traffic circle (yellow)	m <sup>2</sup> (square metre)
---------------	--	-------------------------------

B613.07.02.07	RM6 – parking bay number complete with arrow	no (number)
---------------	--	-------------

500 x 1200 yellow and black

(see SARTSM detail 2.83.5)

B613.07.02.08	Painting on concrete surfaces or	m <sup>2</sup> (square metre)
---------------	----------------------------------	-------------------------------

Any other surfaces with background, any size

and colour Road marking

The unit of measurement for lettering, symbols or traffic-island markings shall be the square metre, and the quantity to be paid for shall be the actual surface area of lettering, symbols or traffic-island markings painted, transverse lines markings painted.

The tendered rate per square metre or number, as the case may be, for the painting of traffic markings shall include full compensation for procuring and furnishing all materials (including primers), including the retro-reflective beads, for the necessary equipment, for painting, protecting and maintenance as specified.

**B613.07.03 1.2mm thick thermoplastic longitudinal lines**  
(high pressure machine / vehicle application only)

**White lines (broken or unbroken)**

B613.07.03.01	100mm wide	m (metre)
B613.07.03.02	150mm wide	m (metre)
B613.07.03.03	200mm wide	m (metre)
B613.07.03.04	300mm wide	m (metre)

**Yellow lines (broken or unbroken)**

B613.07.03.05	100mm wide (including RM4, RM5, RM7, RM9, RM13, RM16)	m (metre)
B613.07.03.06	150mm wide (including RM4, RM5, RM7, RM9, RM13, RM16)	m (metre)

The unit of measurement for the painting of longitudinal lines shall be the metre of each specified width of line, and the quantity paid for shall be the actual length of line painted in accordance with the instructions of the Employer's Agent, excluding the length of gaps in broken lines.

The tendered rate per metre for the painting of traffic markings shall include full compensation for procuring and furnishing all materials, including the retro-reflective beads, for the necessary equipment, for painting, protecting and maintenance as specified.

Item	Description	Unit
B613.07.04	2mm thick thermoplastic transverse, symbols, and small markings (high pressure machine / vehicle application only)	
B613.07.04.01	White transverse lines	m <sup>2</sup> (square metre)
B613.07.04.02	Yellow transverse lines	m <sup>2</sup> (square metre)
B613.07.04.03	White lettering and symbols	m <sup>2</sup> (square metre)
B613.07.04.04	Yellow lettering and symbols	m <sup>2</sup> (square metre)

The unit of measurement for lettering, symbols or traffic-island markings shall be the square metre, and the quantity to be paid for shall be the actual surface area of lettering, symbols or traffic-island markings painted, transverse lines markings painted.

The tendered rate per square metre for the painting of traffic markings shall include full compensation for procuring and furnishing all materials, including the retro-reflective beads, for the necessary equipment, for painting, protecting and maintenance as specified.

B613.07.05 2mm thick MMA cold plastic transverse, symbols and small marking (handwork)

B613.07.05.01	Any red markings	m <sup>2</sup> (square metre)
B613.07.05.02	White transverse lines	m <sup>2</sup> (square metre)
B613.07.05.03	Yellow transverse lines	m <sup>2</sup> (square metre)
B613.07.05.04	White lettering and symbols	m <sup>2</sup> (square metre)
B613.07.05.05	Yellow lettering and symbols	m <sup>2</sup> (square metre)

The unit of measurement for lettering, symbols or traffic-island markings shall be the square metre, and the quantity to be paid for shall be the actual surface area of lettering, symbols or traffic-island markings painted, transverse lines markings painted.

The tendered rate per square metre for the painting of traffic markings shall include full compensation for procuring and furnishing all materials, including the retro-reflective beads, for the necessary equipment, for painting, protecting and maintenance as specified.

Item	Description	Unit
B613.07.06	Road marking related works	
B613.07.06.01	Removal of road marking 2 mm thickness or less by means of sandblasting, water-blasting or any other approved method	m <sup>2</sup> (square metre)
B613.07.06.02	Removal of road marking greater than 2 mm thickness by means of sandblasting, water-blasting or any other approved method	m <sup>2</sup> (square metre)

The unit of measurement for the removal of road markings shall be the surface area of road markings removed.

The tendered rate per square metre for the removal of road markings shall include full compensation for procuring and furnishing all materials, for the necessary equipment, and protecting and maintenance as specified. Care should be taken to avoid damage to the road surface (the pressure of the equipment should be controlled and not set excessively high which may otherwise cause the removal of bitumen and stone). If the surface is damaged to an extent that it needs repairs, the repairs shall be undertaken by a competent sub-contractor approved by the engineer and the cost of the repairs shall be for the account of the contractor.

### C3.5.6 Environment

See Annexure 3.5.A: Environmental Specification

## **1. INTRODUCTION**

The EMP will address the environmental impacts during the design, construction and operational phases of a work package. Due regard must be given to environmental protection during the entire work package. In order to achieve this, a number of environmental specifications/recommendations are made. These are aimed at ensuring that the Contractor maintains adequate control over the work package in order to:

Minimise the extent of impact during construction,  
Ensure appropriate restoration of areas affected by construction.  
Prevent long term environmental degradation.

The contractor must be made aware of the environmental obligations that are stipulated in this document, and declares himself/herself to be conversant of all relevant environmental legislation. The Contractor should also be aware that the Employer's Agent will monitor the implementation of the procedures.

## **2. POLICY STATEMENT**

The construction will be to the best management practices as identified to minimize the environmental impact of activities associated with the development.

## **3. OBJECTIVES OF EMP**

The EMP has the following goals:

- Identifying those construction activities that may have a detrimental impact on the environment;
- Detailing the mitigation measures that will need to be taken, and the procedures for their implementation;
- Establishing the reporting system to be undertaken during the construction.

The EMP also serves to highlight specific requirements that will be monitored during the development and should the environmental impacts not have been satisfactory prevented or mitigated, corrective action will have to be taken. The document should, therefore, be seen as a guideline that will assist in minimising the potential environmental impact of activities.

## **4. DESIGNATED ENVIRONMENTAL OFFICER**

For the purpose of the EMP, a nominated representative of the Contractor should be the designated environmental officer for the work package. The nominated representative of the Contractor will therefore be responsible for ensuring that the provisions of the EMP are complied with. The Employer's Agent will be responsible for issuing instructions to the Contractor where environmental considerations call for action to be taken. The environmental officer will submit monthly reports to the Employer's Agent on site who will verify the information.

## **5. LEGAL REQUIREMENTS**

Under normal circumstances and EMP would be the end result or the final stage in the EIA procedure. However, a working agreement was negotiated between the National Department of Environmental Affairs and Tourism (DEAT) and the City of Tshwane Metropolitan Municipality. The agreement stipulates the work package types the City of Tshwane Metropolitan Municipality need to submit to DEAT for approval and those work package types the City of Tshwane Metropolitan Municipality do not need to submit for approval. For those actions that do not need approval, the City of Tshwane Metropolitan Municipality undertook to compile generic EMP's to assist to minimising degradation to the area. The following work package types fall in this non-approval category: periodic maintenance, special maintenance, rehabilitation and specific upgrades.

## **6. MITIGATION MEASURES**

In setting mitigation measures, the practical implications of executing these measures must be borne in mind. With early planning, both the cost and the impacts can be minimised.

## 6.1 Establishment of site offices

### 6.1.1 Site Plan

The Contractor shall provide the Employer's Agent on site with a plan detailing the layout of site offices facilities, such as chemical toilets, areas for stockpiling of material, storage of hazardous materials and provision of containers. The site offices should not be sited in close proximity to steep areas as this will increase soil erosion. Preferred locations would be flat areas along the route. If the route traverses water courses, streams and rivers, it is recommended that the site, and in particular the ablution facilities, aggregate stockpiles and hazardous material stockpiles are located as far away as possible from any water course as possible.

The site plan shall be submitted before the site hand over meeting. Read with Standard Specifications for Municipal Civil Engineering Works: Section 001 and 002.

### 6.1.2 Vegetation

The vegetation surrounding the site offices is to be left as intact as possible and vegetation planted at the site should be indigenous. Only trees directly affected by the works and such others as may be indicated by the Employer's Agent in writing may be sawn off/removed.

The work package specification for the rehabilitation of the grass cover shall be strictly adhered to. Any proclaimed weed or alien invader plant shall be cleared by hand before seeding. Read with Specifications: 104 – Landscaping and grassing.

### 6.1.3 Rehabilitation

The site offices will require rehabilitation at the end of the contract. All construction material, including concrete slabs and braai areas are to be removed from the site on completion of the contract. Read with Sections 001, 002 and 104 of the Specifications.

### 6.1.4 Water for human consumption

Water for human consumption must be tested and treated in accordance with recommendations.

## 6.2 Sewage treatment

Adequate toilet facilities are to be provided. Use of the veld for this purpose shall not, under any circumstances, be allowed. The Contractor shall be entirely responsible for enforcing their use and for maintaining such latrines in a clean, orderly and sanitary condition to the satisfaction of the Engineer. Latrines shall be positioned within walking distance from wherever employees are employed on the works.

Save and effective sewage treatment will require one of the following sewage handling methods: septic tanks and soak always, dry composting toilets such as "enviro loos", or the use of chemical toilets which are supplied and maintained by a subcontractor. The type of sewage treatment will depend on the geology of the area selected, the duration of the contract and proximity (availability) of providers of chemical toilets is to be done in consultation with the Site Engineer.

Read with Sections 104 of the Specifications.

## 6.3 Waste management

Waste management and waste minimisation must be implemented at the outset of the contract.

#### 6.3.1 Litter

No littering by construction workers are allowed. During the construction period, the facilities shall be maintained in a neat and tidy condition and the site is to be kept free of litter. Read with Sections 001 and 002 of the Specifications.

#### 6.3.2 Removal of solid waste

Solid waste is to be stored in an appointed area for collection and disposal. A refuse control system must be established for the collection and removal of refuse to the satisfaction of the Engineer. Disposal of solid waste will be in a Department of Water Affairs and Forestry (DWAF) licensed landfill site.

#### 6.3.3 Hazardous waste

Hazardous waste such as bitumen, tar, oils, etc. shall be disposed of in a Department of Water Affairs and Forestry approved landfill site. Special care must be taken when using tar products such as tar prime or pre-coating fluid to avoid water-soluble phenols from entering the ground or contaminating water.

### 6.4 Soil management

#### 6.4.1 Topsoil

The contract provides for the stripping and stockpiling of topsoil from the site for later reuse. Topsoil is considered to be of a minimum thickness of + 300 mm of the natural soil, including all the vegetation and organic matter. The areas to be cleared of topsoil shall include the storage areas. Weeds appearing on the stockpiled topsoil shall be removed by hand before seeding. Soils contaminated by hazardous substances shall be disposed of in an approved Department of Water Affairs and Forestry waste disposal site.

#### 6.4.2 Borrow material

The Contractor's attention is drawn to the requirements set forth by the Department of Mineral and Energy Affairs in terms of the submission of EMPR's for establishment, operation and rehabilitation of borrow pits and quarries. The cost of complying with the requirements shall be deemed to be included in existing rates in the schedule of quantities. Read with the Specification Section 203.

### 6.5 Discovery of archaeology sites, artefacts or graves

#### 6.5.1 Archaeology sites

If an artefact on site is uncovered, work in the immediate vicinity must be stopped immediately. The Contractor shall take reasonable precautions to prevent any person from removing or damaging any such article and shall immediately upon discovery thereof inform the Employer's Agent of such discovery. The National Monuments Council must be contacted who will appoint an archaeological consultant. Work may only resume once clearance is given in writing by the archaeologist. Read with General Conditions of Contract.

#### 6.5.2 Graves

If a grave on site is uncovered, work in the immediate vicinity must be stopped and an undertaker as well as the National Monuments Council should be contacted. The undertaker will place advertisements in the newspapers concerning the grave. He will also provide for the relocation of bones, should it be necessary. Read with General Conditions of Contract.

### 6.6 Stockpiled material

The Contractor shall so plan his activities that materials excavated from borrow pits and cuttings, in so far as possible, can be transported direct to and placed at the point where it is to be used. However, should temporary stockpiling

become necessary, the areas for the stockpiling of excavated and imported material must be indicated and demarcated on the site plan and approved in writing by the engineer.

The area chosen shall be devoid of indigenous trees and shrubs. Care shall be taken to preserve all vegetation in the immediate area of these temporary stockpiles. After the stockpiled material has been removed, the site shall be reinstated as closely as possible to its original condition. All areas affected by stockpiling shall be landscaped, top soiled and grassed to the Engineer's approval and at the Contractor's cost.

Material milled out of the existing road surface that is temporarily stockpiled within the road reserve shall:

- be stockpiled so as to be as inconspicuous as possible
- be prevented from contaminating water courses,
- be cleared of weeds.

In all cases, the areas for stockpiling and disposal of construction rubble shall be approved by the Employer's Agent before such operation commences.

Read with Section 203 of the Specifications.

## 6.7 Fuel, diesel and other hazardous materials

### 6.7.1 Hazardous Materials

All hazardous materials i.e. bitumen binders shall be stored in an appointed area that is fenced and has restricted entry. Storage of bituminous products shall only take place using suitable containers to the approval of the Engineer.

Under no circumstances shall the spoiling of bituminous products on the site, over embankments, in borrow pits or any burying, be allowed. Unused or rejected bituminous products shall be taken to the supplier's production plant. No spillage of bituminous products shall be allowed on site. Affected areas shall be promptly reinstated to the satisfaction of the Engineer.

### 6.7.2 Fuel

Should any fuel storage tank be required on site, the Contractor shall ensure that he has complied with the necessary legal requirements for the erection of such tanks. Leakage must be avoided. The fuel and diesel areas should be bonded to accommodate any spillage or overflow from these activities.

### 6.7.3 Oil, grease

Oil, grease and cleaning materials from the maintenance of vehicles and machinery shall be collected in a sump and sent back to the supplier or, otherwise disposed of at a registered site.

### 6.7.4 Cooking oil

The Contractor should ensure that sufficient fuel is available for heating and cooking purposes should this be necessary.

### 6.7.5 Spillages

Streams, rivers and dams must be protected from direct or indirect spillage of pollutants such as refuse, garbage, cement, concrete, sewage, chemicals, fuels, oils, aggregate, tailings, wash water, organic materials and bituminous products. In the event of a spillage, prompt action must be taken by competent instances to clear the affected area.

## 6.8 General conditions

Complaints received regarding activities on the construction site pertaining to the environment shall be recorded in a designated register and the response noted with the date and action taken. This record must be submitted with the monthly reports.

Any avoidable non-compliance with the above-mentioned measures may be considered sufficient ground for withholding payment of part or all amounts to be paid for the said item.

## 7. MEASUREMENT AND PAYMENT

The Contractor shall not be separately reimbursed or compensated in respect of his compliance with the provisions of this part of the Scope of Works. All costs so incurred shall, save and except to the extent provided for the schedule of quantities under SECTION 001: GENERAL REQUIREMENTS AND CHARGES, be deemed to be included in the rates tendered for the various items of work listed in the schedule of quantities.

TABLE 1 SUMMARY OF MITIGATION MEASURES

ENVIRONMENTAL COMPONENT	ACTIVITY	MITIGATION	RELEVANT SECTION IN SPECIFICATIONS
Establishment of site offices	Siting of offices	Preferred areas would be flat areas along the route. Avoid steep areas as soil erosion could increase. Avoid water courses	001 002.02.01
	Site Plan	Contractor will provide Employer's Agent detail of layout of site facilities within two weeks of moving to the site i.e. chemical toilets, the demarcation of areas for stockpiling of materials, storage of hazardous materials and the provision of containers. The offices shall be fenced. The site plan will be submitted before the site hand over meeting.	001 002
Site rehabilitation	Clean-up	All construction material is to be removed from the site on completion of the contract.	001 002 104
Vegetation	On site	Vegetation planted on the site should be indigenous. Only trees directly affected by works as indicated in writing by Engineer, shall be sawn off/removed	104
	Weeds	Clearance of weeds must be done by hand before seeding.	104
	Grass cover	The grass cover surrounding the construction site is to be left as intact as possible or restored to its original condition.	104
Water	Available for human consumption	Water for human consumption must be tested and treated in accordance with recommendations.	

ENVIRONMENTAL COMPONENT	ACTIVITY	MITIGATION	RELEVANT SECTION IN SPECIFICATIONS
Soil management	Topsoil	The topsoil ( $\pm$ 300 mm) of any excavation shall be removed and stockpiled separately from underlying material in an appointment area	203 104
	Borrow material	EMPR's for borrow pits to be submitted to the Department of Mineral and Energy Affairs for approval	201 203
Archaeological & Cultural sites	Discover of archaeological sites of artefacts	If an artefact on site is uncovered, work in the immediate vicinity must be stopped immediately and an archaeological consultant must be contacted. Work may only resume once clearance is given in writing by the archaeologist.	GCC
Graves	Discovery of graves	If a grave on site is uncovered, work in the immediate vicinity must be stopped and an undertaker should be contacted	GCC
Waste management	Solid & Construction waste	Solid waste is to be stored in an appointment area for collection and disposal. Disposal of waste will be in a DWAF licensed landfill, and no waste may be burnt on site.	
	Litter	The site is to be kept free of litter	001
Sewage treatment	Toilet facilities	Adequate toilet facilities are to be provided, and the siting of chemical toilets is to be done in consultation with the site engineer. Use of the veld for this purpose shall not be allowed.	001 002
Fuel, diesel & hazardous materials	Hazardous Materials	All hazardous materials i.e. bitumen binders will be stored in an appointed area that is fenced and has restricted entry. No spoiling of bituminous products on site, over embankments, in borrow pits or any burning. No spillage of bituminous products shall be allowed on site.	
	Fuels	All fuel tanks will be stored in an appointed area. Leakage will be avoided.	
	Cooking fuel	The Contractor should ensure that sufficient fuel is available for heating and cooking purposes should this be	

ENVIRONMENTAL COMPONENT	ACTIVITY	MITIGATION	RELEVANT SECTION IN SPECIFICATIONS
		necessary.	
	Oil, grease	Oil, grease and cleaning materials from maintenance of vehicles shall be collected in a sump and sent back to supplier.	
	Spillages	Streams, rivers or dams must be protected against spillages of pollutants mentioned in 6.7 (e). In the event of a spillage, prompt action must be taken to clear the affected area.	
General considerations	Lines of authority	A nominated representative of the contractor will be the designated environmental officer for the site.	
	Reports	The environmental officer will submit monthly reports to the Employer's Agent who will verify the information	
	Complaints	Complaints received regarding activities on the construction site pertaining to the environment should be recorded in a designated register, and the response noted with the date and action taken. This record must be submitted with the monthly report	

#### **ANNEXURE C.3.5.B Health and Safety Specification**

##### **1. SCOPE**

A Health and Safety Specification is to be developed that address all aspect of occupational health and safety, as affected by the proposed construction Regulation 2014 and any such standard that may be applicable to the project site and the scope of work thereof.

The specification will provide the requirements that the Principal Contractor and other contractor shall have to comply with in order to reduce the risk associated with the construction works to a low as reasonably practicable.

## 1. Definition of Terms

In this document the following expressions shall bear the meanings assigned to them below:

- 1.2 **Client**-Means any person for whom construction work is performed and or undertaken (City of Tshwane for the purposes of this project)
- 1.3 **Construction site** means a workplace where a construction work is being performed
- 1.4 **Construction supervisor** means a competent person responsible for supervising construction activities on a construction site.
- 1.5 **Competent person** means a person who –
  - (c) Has in respect of the work or task to be performed the required knowledge, training and experience and where applicable, qualifications, specific to that work or task: Provided that where appropriate qualifications and training are registered in terms of the provision of the National Qualification Framework Act 2000 (Act 67 of 2000), those qualifications and that training must be regarded as the required qualification and training and
  - (d) Is familiar with the Act.
- 1.6 **Principal Contractor**-Means an employer, as defined by Section 1 of the OHSACT who performs construction work and is appointed by the client to be in overall control and management of the construction site and works
- 1.7 **Agent**-Means a competent person who acts as a representative for a client in this case MIH Projects.
- 1.8 **Occupational Health and Safety Specification**- Means a documented specification of all Health and Safety requirements pertaining to the associated works on a construction site so as to ensure the health and safety of persons working ,visiting, passing, staying and working close to the construction site and or other applicable areas such as the site camp
- 1.9 **Risk**-means the probability that injury or damage may occur
- 1.10 **Hazard**-means a source of or exposure to danger

## 1. Introduction

In terms of the Construction Regulation 5 (1) of the OHS ACT, the client is required to compile an Occupational Health and Safety Specification for an intended project. This specification has an objective to ensure that the principal contractor entering into a contract with the client achieves and maintain an acceptable level of Occupational Health and Safety performance and compliance.

This document forms an integral part of the contract between the client and the principal contractor.

The Principal Contractor and its Contractors shall furthermore implement any reasonable practicable means to ensure compliance to this Occupational Health and Safety Specification and any other applicable legislation on their organization and/or activities performed by or for them

Compliance with this document does not absolve the principal contractor from complying with any other minimum legal requirement and the principal contractor remains responsible for the health and safety of his employees, those of his mandatories as well as any person coming on site or on adjacent properties as far as it relates to the construction activities

## **2. The Client`s commitment to Occupational Health and Safety Management**

City of Tshwane is committed to responsible occupational health, safety management. This commitment is essential to protect the environment, employees, mandatories, visitors and provide a work environment conducive to health and safety. Principal Contractors and their Contractors shall demonstrate their commitment and concern by:

- Ensuring that decisions and practices affecting occupational health and safety performance are consistent with the issued specification;
- Ensuring adequate resources are made available for the effective implementation of occupational health and safety control and mitigation measures;
- Participating in hazard identification and risk assessments and design safety reviews;
- Communicating occupational health and safety management processes, strategies and control measures with all levels of employees, contractor and/or visitors;
- Ensuring visible leadership at all sites;
- Promoting and enforcing the use of correct types of Personal Protective Equipment (PPE);
- Reporting and investigation of incidents and accidents and ensuring actions are identified and implemented to prevent similar types of incidents reoccurring;
- Participating in Client audits and meetings and ensuring required actions are implemented within reasonable time frames on the site/project;
- Recognizing and commending safe work practices and coaching employees who require guidance;
- Applying and enforcing consequence management from deviations and transgressions of/from compliance to this OHS Specification noted and/or observed, where applicable;
- Carrying out safety observations, implement corrective and preventative actions and giving immediate feedback;
- Encouraging employee participation in the formulation of work instructions and safety rules.

## **3. Scope**

- Repainting of existing permanent road traffic markings as well as new markings on newly surfaced roads.
- Pre marking and application of new road traffic markings on newly paved surfaces.
- Removal of redundant road traffic markings by means of a sand blasting or water blasting process.
- Data collection and updating of the existing management system.

The specification will provide the requirements that the principal contractor and other contractors will have to comply with in order to reduce the risk associated with the above mentioned contract work and that may lead to incidents causing injury and/or ill health to a level as low as reasonable practicable and possible.

## **4. Omissions from OHS Specification**

Where any omission from the OHS Specification is identified, applicable legal requirements will constitute the minimum standard for compliance to the relevant omission. The responsibility will be on the Principal Contractor to provide assurance to the client (City of Tshwane) on compliance to the applicable legal requirements related to the activity / task / process.

## **5. Change or Review of Specifications**

Whenever the client (City of Tshwane) identifies the need to change or review the OHS Specification, approved changes and revisions will be communicated to the Principal Contractor. A cost analysis on the implementation of the proposed changes / revisions will be calculated through a collaborative processes between the Client and the Principal Contractor – where the approved changes and/or revisions has no cost implication for the Principal Contractor the Principal Contractor will be required to accept the approved changes / revisions and ensure implementation within the OHS Plan .

## **6. Safety Files**

### **7.1 Preparation and Submission of safety file**

The Principal Contractor shall prepare a safety file containing the processes / procedures and templates to be applied during the project period for the scope of work. The Principal Contractor will be evaluated during the contract period on the submitted safety file.

At a minimum the safety file shall contain the following documentation and in accordance with the specification:

7. Notification of construction work to the relevant Department of Labour (stamped on each page / no faxed copies);
8. Scope of work to be performed;
9. Public Liability
10. Personnel list (Principal Contractor employees);
11. OH&S Policy and other procedures;
12. Updated copy of the Occupational Health and Safety Act (Act no. 85 of 1993) and its Regulations.
13. Updated copy of the Compensation for Occupational Injuries and Diseases Act (Act no. 130 of 1993) and its Regulations;
14. Proof of valid registration and good standing with the Compensation Commissioner or another licensed Insurer;
15. OHS Plan approved by the Client.
16. Agreement with Mandatory in terms of Section 37(1) &2 of the OHS Act.
17. Approved risk assessments, review and monitoring plans and safe work procedures (method statements);
18. A list of contractors (sub-contractors) including copies of the agreements between the parties and the type of work being done by each contractor;
19. Designs and/or drawings;
20. All written designations and appointments for project scope of work (CV and competency copies);
21. Management structure (inclusive of OH&S responsibility & meeting structure);
22. Induction training and site OHS rules;
23. Occupational health and safety training matrix / plan;
24. Arrangements with contractors and/or mandatories;
25. The following registers (as applicable to contract scope of work):

- Accident and/or incident notifications, investigation & control register;
- Occupational health and safety representatives inspection register;
- Construction vehicles and mobile plan inspections;
- Daily inspections templates of vehicles, plant and other equipment by the operator, driver and/or user;
- Daily inspections templates of excavations by competent person;
- Template for entry into confined space;
- Toolbox talks pro-forma;
- Designer's inspections and structures record template;
- Inspection and maintenance template of explosive powered tools;
- Inspection template of electrical installations (including inspection of portable electrical tools, electrical equipment and other electrical appliances);
- Fall protection inspections template;
- First-aid box content template;
- Record of first-aid treatment template;
- Fire equipment inspection and maintenance template;
- Record of hazardous chemical substances template kept and used on site;
- Ladder inspection template;
- Machine safety inspections template (including machine guards, lock-outs etc);
- Inspection templates for lifting machines and –tackle (including daily inspections by drivers/operators);
- Inspection templates of scaffolding;
- Inspection templates of stacking and storage;
- Inspections templates of structures;
- Inspections templates of vessels under pressure;
- Inspection templates of welding equipment; and
- Templates of issuing of Personal Protective Equipment;
- Monthly reporting and recording of statistics templates;
- Keeping of any other record in terms of applicable legislation falling within the scope of OHS Legislation applicable to the project and the Principal Contractor / Contractor's activities and organization.
- Emergency preparedness and response programmes;

## **7.2 Evaluation and approval of Safety file**

The client (City of Tshwane) will conduct an initial inspection and evaluation of the Principal Contractor's OHS file for approval purposes to commence work. The Principal Contractor is required to submit the OHS file within 5 days before commencing with work. The Client will evaluate the file and give feedback to the Project manager and the Principal contractor. If the file has not been approved, the Principal contractor shall ensure that the outstanding documents are submitted for re-evaluation within 3 working days.

NOTE: The construction work cannot commence until the safety file is approved. The approval letter from the Client must be kept in the OHS file and any letter issued concerning the evaluation of the file. Principal Contractors are required to achieve at least 80% (Eighty Per cent) compliance on the entire safety file documentation to obtain approval by the Client.

## **7.3 Principal Contractor engagement phase**

The Principal Contractor shall commence with the construction work after approval of the safety file. The following processes will be applied to the Principal Contractors on a monthly basis for the duration of the contractual period:

- Monthly Compliance Assessments;
- Site Inspections;
- Progress meetings;
- Contractor`s forum OHS meetings held at City of Tshwane

An initial site establishment inspection will be conducted by the Client after approval of the safety file / plan.

#### **7.4 Project close-out and submission of consolidated Health & Safety File.**

On completion of a construction work/ project the Principal Contractor shall submit all documentation required for the consolidated safety file to City of Tshwane as part of the project hand over documentation.

At a minimum, the safety file will contain the following records:

1. Approval letter by City of Tshwane on contents of Health and Safety file including plan;
2. A construction work permit issued by the Department of Labour as contemplated in Construction Regulation 3 of the Construction Regulations 2014 (when applicable).
3. Scope of work performed;
4. OHS Policy and other procedures;
5. Proof of registration and good standing with the Compensation Commissioner or another licensed Insurer;
6. OHS plan approved by the Client including the underpinning risk assessment(s) and method statements;
7. A list of contractors (sub-contractors) including copies of the agreements between the parties and the type of work done by each contractor;
8. Notifications of new projects /extension of scope received;
9. Designs and/or drawings;
10. Occupational health and safety committee meeting agenda and minutes;
11. Copies of written designations and appointments (CV and competency copies);
12. Management structure (inclusive of OHS responsibility & meeting structure);
13. Induction training conducted and site OHS rules;
14. Occupational health and safety training provided;
15. Arrangements with contractors and/or mandatories;
16. Description of security measures;
17. All applicable registers:

### **7. OHS Specification Requirements**

#### **8.1 General Requirements of Health and Safety Plan**

Construction Regulation 7 (1) stipulates that the principal contractor must provide and demonstrate to the client a suitable sufficiently documented and coherent site specific health and Safety Plan, based on the client`s documented Health and Safety Specification contemplated in Regulation 5(1) (b), which plan must be applied from the date of commencement of and for the duration of the construction and which must be reviewed and updated by the principal contractor as work progresses.

It is expected from the Contractor to include in his safety plan method statements on how to accomplish the requirements relating to the Construction Regulations, 2014 and related incorporated standards and regulations.

Principal Contractors should describe how their safety management systems will work and what control procedures they plan on using to ensure safety on the construction site

The following generic aspects should be covered in the Safety plan:

- What administrative procedures the Principal Contractor envisages to use in the implementation and maintenance of the safety plan with reference to the construction site
- How continuous assessment of the safety plan will be assessed and implemented with respect to construction site
- What control systems the Principal Contractor envisages to implement on site to support his safety program
- How the Principal Contractor will ensure that he adheres to the construction regulations in respect of competent persons for appointments
- What external resources the Principal Contractor envisages on using to ensure successful implementation and sustainability of the safety plan
- What training to employees the Principal Contractor envisages and how he would go about to execute it
- The Principal Contractor should indicate which competent persons he plans on employing based on the scope of work.

## **8.2 Outline of Health and Safety Plan**

The Principal Contractor's Health and Safety Plan prepared in accordance with this specification shall consist of at least the following sections and sub-sections:

1. Aim and Scope of Plan,
2. Risk Assessment,
  - v. Alternative Forms of Risk Assessment,
  - vi. Methodology of Risk Assessment,
  - vii. Elements of Risk Assessment,
    - Scope of assessment,
    - Risks Identified,
    - Risk Analysis,
    - Risk Evaluation,
    - Risk Treatment(safe working procedures)
    - Monitoring and reviewing,
3. Resources,
  - viii. Health and Safety Staffing Organogram,
  - ix. Supervisors, Inspectors and Issuers,
  - x. Employees,
  - xi. Subcontractors inclusive of their scope of work and their core resources,
  - xii. Training,
  - xiii. Plant,
  - xiv. Vehicles,
  - xv. Equipment
4. Materials,
  - i. Temporary Materials
  - ii. Permanent Materials
5. Categories of Work
  - i. Implementation of Health and Safety Plan,

- Administrative systems,
- Training,
- Reporting,
- Monitoring,
- Inspections,
- ii. Auditing,
  - Internal audits,
  - Follow-up audits,
- iii. Financial Aspects,
- iv. Emergency procedures and response

### **8.3 Risk Assessment**

#### **8.3.1 General**

This section of the specification provides guidelines for the Contractor in preparation of risk assessments in order to ensure compliance with Regulation 9 of the Construction Regulations, 2014. According to SANS 31000:2009, Risk is the overall process of risk identification, risk analysis, and risk evaluation. This section highlights the principles related to the preparation of suitable and sufficient risk assessments. Contractor Staff intending to prepare risk assessments should be trained and suitably experienced in the application envisaged.

A suitable and sufficient risk assessment is an assessment which:

- Accounts for risks that are likely to arise during the construction of the Works,
- Enables the development and implementation of systems to manage the risks,
- Remains valid for a reasonable period of time,
- Provides a basis for training of employees, and
- Improves working procedures and introduce long term controls.

The requirements of the Construction Regulations will not be satisfied by a single risk assessment exercise that holds good for all time. The risk assessment process on the Works is an ongoing process.

The objectives of risk assessments are to:

- Identify the risks that are mostly in need of reduction,
- Identify the various options for achieving such reduction,
- Identify the risks that require careful ongoing management, and
- Identify the nature of the required ongoing attention.

#### **8.3.2 Forms of Risk Assessment**

In order to ensure compliance with the Construction Regulations, the Contractor will be required to carry out the following three forms of risk assessment:

##### **8.3.2.1 Activity based risk assessment**

The Contractor will be required to carry out activity based risk assessment before the commencement of construction activities on the Works. This risk assessment will form part of the Contractor's Health and Safety Plan. The risks and hazards to which persons, plant, vehicles and facilities may be exposed during the construction of the Works should be identified and evaluated. Measures to reduce or control these risks or hazards should be defined during this

assessment. The effectiveness of the measures defined and the baseline risk assessment prepared shall be monitored and reviewed from time to time to ensure that it remains relevant and accurate.

#### **8.3.2.2 Issue based risk assessments**

The Contractor will be required to carry out separate risk assessments during construction of the Works when methods and procedures are varied, for example when:

- Designs are amended,
- New machines are introduced,
- Plant is periodically cleaned and maintained,
- Plant is started-up or shut-down,
- Systems of work change or operations alter,
- Incidents or near-misses occur, or
- Technological developments invalidate prior risk assessments

#### **8.3.2.3 Continuous risk assessments**

The Occupational Health and Safety Act specifically requires that employers shall provide and maintain working environments that are safe and without risk to health. The general awareness of hazards needs to be raised as work ethic to maintain a safe and risk free environment on an ongoing basis. This is achieved by continuous risk assessments, the most important form of risk assessment that takes place as an integral part of day-to-day management. Examples of continuous risk assessments include:

- Regular audits,
- Maintaining general hazard awareness,
- Pre-work risk assessment

### **8.3.3 Methodology for the Preparation of Risk Assessments**

The Contractor shall in the preparation of risk assessments, follow the following general principles:

- Appoint in writing a suitably competent risk assessor
- The appointed risk assessor shall lead the risk assessment process
- Provide the team with background data, scope of work, potential hazards and underlying causes, and
- Where necessary employ experts for complex risk assessments and aspects of risk assessments that require experiential judgment,
- Institute an ongoing system of identifying aspects of the work that require risk assessment.

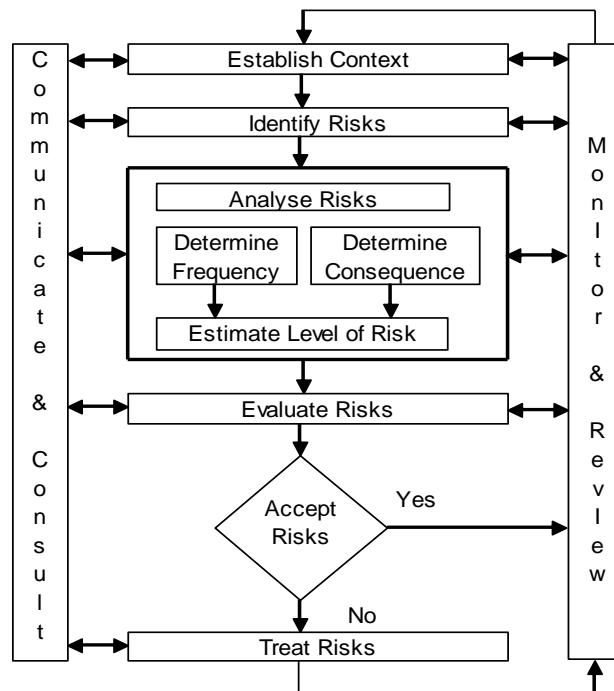

### **8.3.4 Elements of a Risk Assessment**

The process of carrying out a risk assessment consists of a number of well-defined steps. These steps improve decision-making by providing a greater understanding of the risks and their impacts. The main steps or elements of the risk assessment process are as follows:

1. Consider scope and nature of risks involved, determine purpose and physical and legal bounds of assessment and define risk evaluating criteria,
2. Systematically identify risks,
3. Analyze risks with regard to causes, likelihood of occurrence and possible consequences against the background of existing controls and its effectiveness,

4. Evaluate risks in terms of pre-established criteria to determine need and priority for attention,
5. Treat risks through a process of risk elimination, substitution, controlling risk at source, risk mitigation such as training and as far as risk remains, provide personal protective equipment (PPE),
6. Monitor and review progress and performance in terms of management system, and
7. Communicate and consult.

The above steps are as depicted in Figure 1, below.

**Figure 1: Risk Management Process**

The Contractor shall ensure that the risk assessment compiled as part of his Health and Safety Plan contains at least these items.

#### 8.3.4.1 Risk Identification

The Contractor should regard this step of the risk assessment as the most important. Subsequent analysis and evaluation of risks and the development of risk control measures are wasted if the risks or hazards on the Works are not carefully identified.

The Contractor should bear the following principles in mind when identifying the risks:

- i. Systematically address all risks or hazards on the Works,
- ii. Review all aspects of the work, but consider only those that have a potential to cause harm,
- iii. Rank the risks identified in order of importance and then use appropriately advanced techniques to deal with major risks,
- iv. Deal mainly with major risks and don't obscure these with unimportant information, especially minor risks,
- v. Address what actually happens in the workplace during the work activity
- vi. Consider all persons that may be affected,

- vii. Highlight those groups and individuals who may particularly be at risk, and
- viii. Review the adequacy and effectiveness of existing safety controls and measures

### 8.3.4.2 Risk Analysis

In this step, the Contractor will be required to analyse the risks identified by determining each risks frequency and magnitude or severity of the consequence of the risk or hazard.

The frequency of occurrence of a hazard may be expressed as the number of times that it may occur in year, decade, lifetime, century, or longer period, according to comparative human experience. The magnitude of the likely consequence of a hazard may be expressed in terms of the degree of incapacitation, number of people or costs involved. The frequency of occurrence of a hazard and the magnitude of its consequence may be compounded as the risk that it poses as shown in the “risk matrix” in Figure 2 below.

Frequency of Occurrence of Hazard	Severity of Consequences of Potential Hazard					
	1 Medically treatable injury	1 Compensable injury	10 Compensable injuries	1 Permanently disabling injury	1 Fatality	10 Fatalities
Frequent; 1 or more occurrences per year	Medium	High	Very high	Severe	Severe	Severe
Several times during a career; 0.1 occurrences per year	Medium-low	Medium	High	Very high	Severe	Severe
Unlikely, but possible during a career; 0.01 occurrences per year	Low	Medium-low	Medium	High	Very high	Severe
Very unlikely during a career; 0.001 occurrences per year	Low	Low	Medium-low	Medium	High	Very high
Barely credible; 0.0001 occurrences per year	Low	Low	Low	Medium-low	Medium	High

**Figure 2: Compounded Risk Matrix**

The columns in the table represent the likely consequence of the hazard and the rows, the frequency of occurrence. The scales for both quantities represent consistent progressions, able they qualitative. The risks evidently range from low to severe. Note that diagonals in the matrix represent the risks of the identified hazards, taking the effectiveness of controls into consideration.

The table represents a typical risk matrix that need not necessarily be adopted by the Contractor. The Contractor may use an alternative risk matrix provided that it is approved as part of his Health and Safety Plan.

### 8.3.4.3 Risk Evaluation

In this step the Contractor will be required to compare the risks found during the analysis process with similar risks previously experienced for the purpose of deciding how to treat the risk. A useful systematic approach for this purpose is as follows:

- If the assessed risk exceeds similar risks that have occurred in the past and that are considered to be unacceptable, the assessed risk would require treatment depending upon its magnitude as discussed in Section 4.4.5, or
- If the assessed risk exceeds similar historical risks that are acceptable, treatment of the assessed risk will depend on the extent by which it exceeds the historical risks, or
- If the assessed risk is less than historical risks that are unacceptable, treatment of the assessed risk will depend on the extent by which it is less than the historical risks, or
- If the assessed risk is less than historical risks that are acceptable, the assessed risk would also be acceptable and would not require any treatment.

#### **8.3.4.4 Risk Treatment**

The contractor must select one or more options of modifying risks, and implementing those options. The option(s) selected must be covered in the safety plan and be followed as prescribed. Reference can be made to SANS31000:2009 for different risk treatment options. SANS 31000:2009, clause 5.5.3 may be consulted in preparing and implementing risk treatment plans.

#### **8.3.5 Reporting and Recording of Risks**

The Principal Contractor shall ensure that the risk assessment process is recorded and included in the Health and Safety Plan. The risk assessment document should be easily accessible to the Contractor's employees, their representatives, to inspectors, the Employer or his Safety Agent. The essential contents of the document should be as follows:

- Objectives and expected outcomes,
- Description of the Works under assessment,
- Summary of context of study
- Composition of risk assessment team, (including qualifications and relevant experience),
- Approach used to systematically identify risks,
- Identified risks (ranked in order of priority),
- Method adopted for assessing frequencies and consequences of risks,
- Consequences (ranked in order of magnitude),
- Identification of individuals and groups who may be affected by major hazards and risk and who may especially be at risk,
- Basis for defining safety standards to be achieved,
- Contractor's resources devoted to risk assessment,
- Actions proposed to reduce unacceptably high risks,
- Review effectiveness of existing safety measures to control risks, and
- Implementation of program of selected treatments (including controls to manage unacceptably high risks).

#### **8.3.6 Monitoring and Review**

The contractor must indicate in the safety plan the monitoring and review plan to be used during the construction work.

#### **8.3.7 Communication and Consultation**

The Principal Contractor will be required to communicate and consult with internal and external stakeholders during each step of the risk assessment process. Stakeholders will include the Client or Safety Agent, the Engineer and the Contractor's employees and consultants.

### **8.4 Resources**

#### **8.4.1 General**

In this section of his Health and Safety Plan, the Contractor will be required to state how he intends to comply with the requirements of the Occupational Health and Safety Act, 85 of 1993 and all its Regulations and related incorporated standards with regards to the resources and facilities intended for use on the project (construction work)

#### **8.4.2 Employees**

The Principal Contractor shall provide in his Health and Safety Plan his intended Staffing Organogram for the construction work. The organogram should include all applicable legal appointments and supervisors as contemplated in the Construction Regulations 2014.

Copies of the supervisory staffs' curriculum vitae or portfolio of evidence, proof of competence and their appointment letters should be appended to the Contractor's Health and Safety Plan.

The Principal Contractor's Health and Safety Plan should in addition cover at least the following aspects:

- The number of unskilled, semi-skilled and skilled (including Foreman, Charge hands, Artisans, Operators, Drivers, Clerks, Store man and Team Leaders) employees he intends employing on the Works,
- The health and safety training to be provided to the Contractor's employees,
- The program of the health and safety training,
- Systems for the review of the effectiveness of the training provided, and
- Systems to determine further training requirements throughout the construction period.

Pro-forma letters of appointment for the various inspectors, supervisors and issuers as contemplated in the Construction Regulations, 2014 are included in Annexure 1 to this specification for use by the Contractor. The Contractor shall ensure that he includes in his Health and Safety Plan the appointment letters for all his inspectors, supervisors and issuers appointed for the Works.

The Contractor may make other additional legal appointments that are applicable to the project.

#### **8.4.3 Competencies**

The Principal Contractor shall appoint competent person to perform duties that require competency.

#### **8.4.4 Physical and Psychological Fitness**

The Principal contractor shall ensure that all employees are in possession of a valid medical certificate of fitness to work in such an environment and issued by an occupational health practitioner in the form of Annexure 3 of the Construction regulations.

#### **8.4.5 Subcontractors**

The Contractor shall with reference to the use of subcontractors on the Works and without limiting his obligations, cover at least the following matters in his Health and Safety Plan:

- The steps intended to ensure that his Subcontractors prepare, implement and maintain Health and Safety Plans,
- How health and safety information will be made available to his Subcontractors when changes are brought about to the design,
- How he intends determining that his Subcontractors are registered and in good standing with the compensation fund or with a licensed compensation insurer prior to the commencement of the Works,
- How he intends determining if his Subcontractors have made provision in their tenders for the cost of health and safety measures during the construction of the Works,

- How he intends satisfying himself on the competencies and resources of Subcontractors he intends appointing, and
- How he intends ensuring that his Subcontractors perform risk assessments prior to commencing their respective portions of the Works.

### **8.5 Fall Protection Equipment**

The Contractor shall with reference to Section 10: Fall Protection Equipment of the Construction Regulations, 2014, and without limiting his obligations, cover at least the following matters in his Health and Safety Plan:

- Compilation of a fall protection plan,
- How the fall protection plan will be implemented and maintained,
- How employees will be screened and declared medically fit to work in areas where fall protection equipment is needed,
- How the safeguarding of persons, plant, vehicles, equipment and facilities on the construction site is contemplated,
- Training of staff working at heights and in the use of fall protection equipment,
- How a continuous assessment of the situation will be executed,
- How fall protection equipment will be inspected for safety, and
- How corrective actions will be implemented
- Emergency plans and procedures for treatment of incidents relating to falls from height.

### **8.6 Structures**

The Principal Contractor is required to adhere to Section 11: Structures of the Construction Regulations 2014, and without limiting his obligations, cover at least the following matters in his Health and Safety Plan:

- How the uncontrolled fall of structures will be prevented
- How will maintenance of the structure be carried out

The Principal Contractor is required to adhere to the following of the Tshwane installation specification:

- CTMME-IS 01(4.5)-General specification.
- CTMME-IS 10(4) - Earthing.
- CTMME-IS 20(4.2.2 & 4.3.2) - Low voltage distribution boxes.
- CTMME-IS 50(4.2 & 4.7) - Overhead lines

### **8.7 Excavation work**

Principal Contractor is required to adhere to Section 13: Excavation work, of the Construction Regulations, 2014.

The Principal Contractor must discuss the following in detail in his safety plan:

- How will the Principal contractor ensure competent supervision of excavation work
- How will the Principal Contractor establish the stability of ground prior to excavations,
- What steps will the Principal Contractor follow to ensure that bolstering, shoring and bracing is sufficient to ensure the safety of the excavation, and
- What steps will the Contractor follow to ensure the equipment used to safeguard an excavation is sufficient and safe?

The Principal Contractor is required to adhere to the following of the Tshwane installation specification:

- CTMME-IS 02(4) - Positioning of services.
- CTMME-IS 30(4.5)-Underground cable reticulation.
- CTMME-IS 50(4.7 & 4.9) - Overhead lines.

## **8.8 Cranes**

This section of the specification shall be read in conjunction with the provisions of the Driven Machinery Regulations, 1988.

The Principal Contractor shall with reference to Section 22: Cranes, of the Construction Regulations 2014 and without limiting his obligations, cover at least the following matters in his Health and Safety Plan:

- How will environmental factors be taken into account in respect to the use of cranes,
- What systems he intends using to ensure the safety of all cranes in use,
- How he intends maintaining cranes in use,
- What tests will be performed to establish the safety of all cranes in use,
- What safety procedures and precautions are envisaged to ensure the safe operation of all cranes in use,
- How he will proof the medical fitness of the tower crane operators,
- How he will document the design, testing, maintenance and inspections of all cranes in use, and
- The Principal contractor shall proof compliance of the Driven Machinery Regulation, 1988, with reference to the lifting machinery and tackle being used.

The Principal Contractor is required to adhere to the following of the Tshwane installation specification:

- CTMME-IS 02(4) - Positioning of services.

## **8.9 Construction vehicles and mobile plant**

The Principal Contractor shall with reference to Section 23: Construction vehicles and mobile plant of the Construction Regulations, 2014, and without limiting his obligations, cover at least the following matters in his Health and Safety Plan:

- i. How he intends ensuring that construction vehicles and mobile plant are:
  - Of acceptable design and construction,
  - Maintained and in good working order,
  - Used according to design specifications, and
  - Are protected from falling into excavations, water or areas lower than the working surfaces,
- ii. How he intends ensuring that workers are competent, authorised and physically fit to operate construction vehicles and mobile plant,
- iii. What traffic arrangements and safety precautions will be implemented to ensure safe operation of construction vehicles and mobile plant on the Works,
- iv. How he intends to comply with the National Road Traffic Act 1996, and
- v. How he intends safeguarding employees against construction vehicles and mobile plant moving on the construction site.

#### **8.10 Electrical Installation and Machinery on construction sites**

This section of the specification shall be read in conjunction with the provisions contained in the Electrical Installation Regulations, 1992.

The Principal Contractor shall with reference to Section 24: Electrical Installation and machinery on construction sites of the Construction Regulations, 2014, and without limiting his obligations, cover at least the following matters in his Health and Safety Plan:

- Appointment of competence person for all temporary control and inspection of all temporary electrical installations,
- How he intends safeguarding employees against electrical cables or apparatus under, over or on site, and
- How he will ensure that electrical installations are of adequate strength to withstand working conditions on a construction site.

The Principal Contractor is required to adhere to the following of the Tshwane installation specification:

- CTMME-IS 01-General specification.
- CTMME-IS 02 - Positioning of services.
- CTMME-IS 20 - Low voltage distribution boxes.
- CTMME-IS 30-Underground cable reticulation.
- CTMME-IS 40-Earthing.
- CTMME-IS 50- Overhead lines.

#### **8.11 Use and temporary storage of flammable liquids on construction sites**

This section of the specification shall be read in conjunction with the provisions for the use and storage of flammable goods as determined in the General Safety Regulations.

The Principal Contractor shall with reference to Section 25: Use and temporary storage of flammable liquids on construction sites of the Construction Regulations, 2014, and without limiting his obligations, cover at least the following matters in his Health and Safety Plan:

- How flammable liquids will be stored to minimize the risk of fire or explosions,
- How the contractor will identify a flammable store
- What safety precautions will be employed if ventilation of the flammable store is not possible,
- How access to flammable stores will be controlled,
- How empty vessels used for the storage of flammable liquids will be disposed of,
- What quantity of flammable liquids will be stored on the construction site,
- What systems are intended to ensure the safe storage of flammable liquids, and
- What retaining methods will be used to prevent the spreading of any spillage?

#### **8.12 Housekeeping and general safeguarding on construction sites**

Principal Contractors will be required to adhere to Section 27: Housekeeping and general safeguarding on construction sites, of the Construction Regulations, 2014.

This regulation must be read in conjunction with the provisions of the Environmental Regulations for Workplaces,

1987 (as amended).

The Principal Contractor must discuss the following in detail in his safety plan:

- i. How will contractors ensure the neatness of construction sites
- ii. What measures does the Contractor envisage to
  - Store and/or stack materials,
  - Remove debris from site,
  - Prevent unauthorized entrance to the site
  - Protect employees or passers-by from falling objects

### **8.13 Stacking and storage on construction site**

This section of the specification shall be read in conjunction with the provisions for the stacking of articles contained in the General Safety Regulations.

The Contractor shall with reference to Section 28: Stacking and storage on construction sites of the Construction Regulations, 2014, and without limiting his obligations, cover at least the following matters in his Health and Safety Plan:

- Who will supervise the stacking and storage of materials on site,
- What systems are intended to ensure the safe stacking and storage of materials on the site ,and
- How he will keep the storage areas neat and under control

The Principal Contractor is required to adhere to the following of the Tshwane installation specification:

- CTMME-IS 01(4.5)-General specification.

### **8.14 Fire precaution on construction sites**

Principal Contractors will be required to adhere to Section 29: Fire precautions on construction sites, of the Construction Regulations, 2014.

This regulation must be read in conjunction with the provisions of the Environmental Regulations for Workplaces, 1987 (as amended).

The Principal Contractor must discuss the following in detail in his safety plan:

- How the Principal Contractor will minimize the risk of fire on the site
- How the Principal Contractor will identify potential fire hazards
- What prohibitions the Contractor will implement to manage risk areas
- How many employees the Principal Contractor will train in firefighting as per risk assessment
- What organization the Principal Contractor envisage to combat fires on sites
- What precautions and procedures will be followed to evacuate employees in the case of a fire

### **8.15 Construction employees' facilities**

Principal Contractors will be required to adhere to Section 30: Construction welfare facilities of the Construction Regulations, 2014.

This regulation must be read in conjunction with the provisions of the Facilities Regulations, 1990 (as amended) and SANS 10400.

The Principal Contractor must discuss the following in detail in his safety plan:

- How will the Principal Contractor establish the amount of facilities required for employees to shower, change, eat and attend to sanitary needs

What measures will the employer take to house employees on site who lives far from their residences or for the provision of transport?

### 8.16 Operational Control of the Construction Site

In this section of his Health and Safety Plan, the Contractor will be required to state how he intends to comply with the requirements of the Occupational Health and Safety Act, 1993 and all its regulations and related incorporated standards with regards to the execution of all categories of work.

#### 8.16.1 Personnel Safety Equipment and Facilities

The Contractor shall comply with Section 2 of the General Safety Regulations, and shall in particular provide all necessary personnel protective equipment for his personnel for the duration of the construction period. To this end the Contractor shall without limiting his obligations indicate in his Health and Safety Plan:

- Identify training requirements in the use and maintenance of personal protective equipment,
- The type of personnel safety equipment he will provide,
- How he intends issuing it to his employees, and
- How he will maintain the personnel safety equipment issued.

#### 8.16.2 Display of substituted notices and Signs

The following notices and signs are, where applicable, compulsory on the construction site as well as the contraction yards.

Area/Activity where construction sign is needed	Notice or sign required in
Display of notices and signs	General Safety Regulation 2b
Entry	General Safety Regulation 2 (c)
First Aid box	General Safety Regulation 3 (6)
Toilets and Change rooms	Facilities Regulation 2(5).4 (2) (f)
Hazardous and Chemical Storage area	General Safety Regulation 4 (8) (i) and (ii)
Machinery	General Machinery Regulation 9
Prohibition of smoking and eating or drinking at workplaces where high risk substances are stored or handled	Facilities Regulation 7

#### 8.16.3 First Aid, Emergency Equipment and Procedures

The Principal Contractor shall comply with Section 3 of the General Safety Regulations regarding first aid, emergency equipment and procedures.

- How he intends to ensure competence of first aiders and

- What emergency equipment will be used

#### **8.16.4 Welding, flame cutting, soldering and similar operations**

The Principal Contractor shall comply with Section 9 of the General Safety Regulations, with regards to the welding, flame cutting, grinding, soldering or similar operations associated with pipework.

How the contractor intends to inform employees of the safe operations and use of equipment and hazards which may arise

#### **8.16.5 Ladders**

The Principal Contractor shall with reference to Section 13A of the General Safety Regulations and without limiting his obligations, cover at least the following matters in his Health and Safety Plan:

- How he intends ensuring that ladders used are safe and constructed of materials approved for its intended use, and
- What precaution will be made to ensure the stability of ladders in use?

#### **8.16.6 Environmental Conditions**

The Principal Contractor shall comply with the Environmental Regulations for Workplaces, 1987, and shall address the following aspects as described in the regulations in his Health and Safety plan:

- Thermal requirements,
- Lighting,
- Windows,
- Ventilation,
- Housekeeping,
- Noise and hearing conservation,
- Precautions against flooding, and
- Fire precautions and means of egress.

#### **8.16.7 Hazardous Chemical Substances**

The Principal Contractor will be required to adhere to the Regulations for Hazardous Chemical Substances 1995 as amended in the handling and storage of hazardous chemical substances.

The Principal Contractor must discuss the following in detail in his safety plan in respect of each hazardous chemical substance that will be used in the works:

- Storage of substance
- Handling of substance
- Protective clothing and other devices to be used while handling the substance
- Medical surveillance.
- How will he ensure that employees are adequately and comprehensively informed and trained

### **8.17 Implementation of Contractors' Health and Safety Plan**

#### **8.17.1 General**

The Principal Contractor shall describe in his Health and Safety Plan how he intends implementing his OHS plan.

The Principal Contractor shall indicate the methods he intends using to ensure accurate record keeping of all critical elements identified in his risk assessment and covered in his Health and Safety Plan.

The Principal Contractor shall indicate:

- How internal audits will be carried out,
- How audit findings will be addressed,
- How he would implement the corrective measures and recommendations of internal audits or inputs of employees.
- How he intends to review the safety plans,
- How he would train staff and keep training records

#### **8.17.2 Administrative Requirements**

The Principal Contractor shall comply with the administrative requirements of the Occupational Health and Safety Act and Regulations 85 of 1993 and other legal requirements. The Principal contractor's administrative system will without limiting his obligations cover the following:

- Keeping of a safety file on site,
- Maintenance of his Health and Safety plan,
- Procedures to follow for the appointment of competent persons,
- Construction work permits (where applicable)
- Procedures to follow for notifications,
- Injury on duty [IOD] administration,
- Minutes of safety meetings,
- Inspection checklists/registers,
- Safe keeping of checklists/registers, and
- Internal audits documentation.

The Principal Contractor shall in particular ensure that at least one copy of the Occupational Health and Safety Act, 1993 and its Regulations is available on site for every 5 employees employed.

#### **8.17.3 Incident Reporting, Investigation and Recording**

The Principal Contractor shall comply with Section 9 of the General Administrative Regulations, 1996 and shall in particular (in accordance with section 12) furnish an inspector with information relating to health and safety on the construction site, when requested to do so.

The Principal Contractor shall report all incidents and or occurrences to the Client, investigate and keep record as contemplated by the Occupational Health and Safety Act 85 of 1993 and Regulations.

#### **8.17.4 Training**

The Principal Contractor shall train all his employees in accordance with the requirements of section 13 of the Occupational Health and Safety Act, 1993. The Principal Contractor shall ensure that every employee is informed of

the following:

- The hazards of any work he has to perform or plant machinery or equipment he is permitted to use, and
- The precautionary measures which should be taken regarding the above.

The Principal Contractor shall, without limiting his obligations, indicate in his Health and Safety Plan how he intends:

- Identifying the training needs of the personnel he intends employing, and
- Implementing the training identified
- What proof of induction training will be carried by his employees

#### **8.17.4.1 General induction Training**

- All members of the contractor's management as well as all the people appointed as responsible for Occupational Health and Safety in terms of the OHS Act, Construction Regulations and other Regulations are required to attend a general safety Induction
- All employees of the principal contractor and other contractors must be in possession of proof of Induction Training
- All subsequent and newly appointed employees must also be subjected to the Induction Training as soon as possible after the appointment but prior to start work on site.
- All visitors must undergo an induction training on arrival to site

#### **8.17.4.2 Site Specific Induction Training**

The principal contractor will be required to prepare the Task based Induction training based on the risk assessment for the contract work and train all employees who will be involved in the selected task. All employees must have a proof of such training and copies in the Safety File

#### **8.17.4.3 Other Training**

1. All operators, drivers and users of construction vehicles and mobile plants must be in possession of a valid proof of training and where applicable licenses and proof of competency
2. All employees in jobs requiring competence in terms of the OHS Act and Regulations must be in possession of valid proof of training.

#### **8.17.4.4 Awareness and Promotion**

The Principal Contractor is required to have a promotion and awareness program in place to create an Occupational Health and Safety culture within employees as well as subcontractors. The following are some of the methods that may be used:

- Toolbox Talks
- Posters
- Videos
- Competitions
- Participative activities such As Occupational Health and Safety Circles

### **8.18 Safety Meetings**

The Principal Contractor shall conduct at least one formal safety meeting per month with his employees to ensure safety awareness and shall maintain appropriate records of attendance and meeting content. Such records shall be included in the safety file. The meetings shall address at least the following:

- Accident / safety incidents
- Hazardous conditions
- Hazardous materials / substances
- Job or work projections
- Safe Work procedures
- Protective clothing / equipment
- Housekeeping
- Inspections
- General safety topics

#### **8.19 Occupational Health and Safety Committees**

The principal contractor must establish Occupational Health and Safety committees consisting of all designated Occupational Health and Safety Representatives together with a number of management Representatives that are not allowed to exceed the number of Safety Reps on the committee. The members of the Safety Committee must be appointed in writing and the appointment letters must be in the Safety File.

The Safety Committee must meet but at least once in three month and consider at least the following agenda items:

- Opening and Welcome
- Members present, apologies and absent
- Minutes of previous meeting
- Matters arising from the previous meeting
- Safety Representatives inspection reports
- Incident and/or accident investigation reports
- Incident, accident and /or injury statistics
- Audit feedback
- Medical surveillance
- Endorsement of legal OHS registers and other statutory documents by a duly authorized representative of the principal contractor
- General
- Close and next meeting

#### **8.20 Inspections and Monitoring**

The Principal Contractor shall be required to inspect each workplace prior to works commencing to ensure that minimum control measures and protective equipment are in place and that by entering the workplace no person will be exposed to any hazard which could affect his health or safety. The Principal Contractor shall without limiting his obligations, indicate the following in his Health and Safety Plan:

- The inspection and monitoring procedures he intends employing to determine the safety of workplaces, and
- Who will be responsible for the checking of each workplace at the commencement of each shift?

The Principal Contractor shall include in his Health and safety Plan all the checklists he intends using during the

inspection and monitoring of the implementation of his Health and Safety Plan.

The Principal Contractor can expect inspections of the works by any of the following parties:

- The Client or Safety Agent,
- Department of Labour Inspector or any authorized person appointed by the Minister as Chief Inspector or his representative.

The Client, Safety Agent or his representative will stop the work at any time under the following conditions:

- If the Contractor is not compliant with his Health and Safety Plan
- Imminent threat to the health and safety of any person on site
- Continuous non-conformance to corrective action requests.
- In the occurrence of section 24 incident

## **8.21 Auditing**

### **8.21.1 Internal Audits**

The Principal Contractor shall conduct periodic site audits as contemplated in section 7. (1.c.vii) of the Construction Regulations 2014

The Principal Contractor will ensure that the same arrangement detailed above be implemented with his Sub Contractors to ensure his compliance with the Construction Regulations.

### **8.21.2 Audits by Client or Safety Agent**

The Client or Safety Agent will carry out period audits or follow-up audits, as the case may be, at any time during the construction period provided that:

- The audit or follow-up audit are carried out during ordinary working hours, and
- The Client or Safety Agent gives the Contractor at least 48 hours' notice of his intention to carry out such audits.

The audit described above only constitutes part compliance by the Client or the Safety Agent with section 5. (1)(o) of the Construction Regulations, 2014.

The Principal Contractor's employees as indicated in the OHS organogram and the Client's project manager will be present during any audit carried out by the Employer or his Safety Agent.

**NB: The office space of the Principal contractor utilized for the project duration will be audited in line with the requirements of the Occupational Health and Safety Act 85 of 1993 and Regulations.**

## **8.22 WORKING NEAR PUBLIC ROADS**

- The Principal Contractor shall ensure that:
- Necessary precautionary and preventive safety measures shall be taken where persons are required to work on or near roadways.
- Consideration shall be given to the wearing of high visibility vests, and protection by red cones or flags during daylight and use of red or amber flashing lamps at night;
- Work areas must be adequately barricaded to prevent unauthorised access; and Road traffic warning signs

shall be placed well ahead of the work area.

### **8.23 WORKING OVER OR NEAR WATER**

- Working over water will often, although not always, involve working at height.
- The Principal Contractor shall put measures in place to manage the potential risks of both these hazards.
- Ideally, work shall be carried out from a stable working platform that may prevent an accidental fall into the water.
- Where there is a risk of someone accidentally falling into water, appropriate rescue equipment and people who are competent to use it must be available.
- The Principal Contractors shall plan and practice rescue drills.
- The Principal Contractor shall conduct a special PPE survey for working over or near water activities.
- The Principal Contractor shall give appropriate consideration to the health implications arising from the accidental entry into contaminated water e.g. the possibility of contracting leptospirosis whilst working over or near to water.

### **8.24 FORMWORK AND SUPPORT WORK**

The Principal Contractor shall prepare a detailed procedure for formwork and support work to ensure that all such work is carried out under the supervision of a competent person and that the design of formwork and support work structures are done with reference to the structural design drawings and kept on site.

### **8.25 WORK STOPPAGE**

- The Employer reserves the right to stop all or part of the work if the Principal Contractor and or its Subcontractors are found to be working unsafely or in unsafe working conditions, and performing unauthorised work. However, every employee on observation of an unsafe act or condition; has the right to stop part or all the activities in the best interest of health and safety.
- Work stoppages that are initiated due to SHE concerns, non-compliance or poor performance related to the Principal Contractor and or its Sub-contractors works or services, shall not warrant any extension of time or financial compensation claim lodged against the Employer, where the Principal Contractor and or its Sub-contractors have not met the requirements defined by legislation and or the contract.
- The conditions that lead to work stoppages are based on:
- Management of change - this is when there are changes to the work environment (for example, climatic changes) and construction work (for example, modifications to the design), in any phase of the construction project, and/or amendments with regard to client's rules and regulations and/or legislative amendments;
- Unsafe acts/behaviours; and
- Unsafe conditions.
- The process to be followed is:
- The relevant activity must be stopped.
- The COT Project Manager and or the Principal Contractor and its Sub-contractors shall immediately remove

the workforce from the work area and correct the health and safety deficiencies by allowing only the people in the area who are competent to make the area safe.

- The Principal Contractor and or its Sub-contractors shall ensure that No other work is being performed during this time.
- Should the estimated time from the outset to make the area safe where life-threatening/imminent danger situations exist, then the area shall be suitably barricaded and signposted with the wording “Unsafe Area - Authorised Access Only”.
- The safety agent shall review the affected parts/sections of the SHE specification with the purpose of providing sufficient SHE information to the Principal Contractor.
- The safety agent must ensure that the revised provisions in the SHE plan are adequate and must approve them before the work activity is commenced
- The Principal Contractor shall then revise the relevant sections in the SHE plan to accommodate the changes.
- Before the workforce is allowed back in the area, the principal contractor and his/her subcontractors shall ensure that:
- The area is re-inspected by the contractor safety practitioner and supervisor and note corrective actions taken; and Declare the area safe for work by signing off on the “work stoppage” notice issued by the COT site/project manager/safety agent

**Note:** The Principal Contractor is to take note of the requirements of Construction Regulation 4(e) of the OHS Act imposed on the Employer/Client by the regulation.

## **8. ANNEXURE**

### **9.1 LEGAL APPOINTMENTS**

**See principal contractor safety file for all legal appointments.**

## 9.2 Identified Hazards

In terms of Regulation 9 (1) (a) of the Construction Regulations 2014 the following hazards anticipated with the scope of work have been identified.

**NOTE:** The list of potential hazards is by no means intended to be all inclusive and is not limited to this list, and it remains the responsibility of the Contractor to identify all possible hazards with regards to his scope of work and to put measures in place to mitigate, reduce or control these hazards.

### RISK RATING AND ABBREVIATIONS:

Risk Rating	Abbreviations
15-25 EXTREME	O= OCCUPATIONAL
8 - 14 HIGH	H = HEALTH
4 – 7 MEDIUM	S=SAFETY
1 - 3 LOW	

### RISKS CONSEQUENCES AND PROBABILITY:

RISKS		CONSE- QUENCES	PROBABILITY				
			Almost Certain	Likely	Possible	Unlikely	Almost Impossible
			5	4	3	2	1
<b>OHS</b>	Multiple fatalities, or significant irreversible effects to >50 persons  Serious, long term environmental impairment of ecosystem function  Very serious impact on quality of product/service. Definite loss of customer or discontinuation of contract with service provider	5	25	20	15	10	5

<b>OHS</b>	<p>Single fatality and/or severe irreversible disability to one or more persons</p> <p>Serious medium term environmental effects</p> <p>Serious impact on quality of product / Probable loss of customer or discontinuation of contract with service provider</p>	4	20	16	12	8	4
<b>OHS</b>	<p>Moderate irreversible disability or impairment (&lt;30%) to one or more persons.</p> <p>Moderate, short-term effects but not affecting ecosystem function</p> <p>Moderate impact on quality of product / Possible loss of customer or discontinuation of contract with service provider</p>	3	15	12	9	6	3
<b>OHS</b>	<p>Objective but reversible disability requiring hospitalization</p> <p>Minor effects on biological or physical environment</p> <p>Minor impact on quality of product / Minor impact on relationship with customer or service provider</p>	2	10	8	6	4	2

**9.3 MANDATORY AGREEMENT (SECTION 37.2)**

ARTICLE OF AGREEMENT IN TERMS OF SECTION 37(2) OF THE  
OCCUPATIONAL HEALTH AND SAFETY ACT, 1993 BETWEEN  
THE CITY OF TSHWANE METROPOLITAN MUNICIPALITY  
(Hereinafter referred to as the "CLIENT")  
AND

.....

Herein represented by ..... in  
his/her capacity as ..... duly  
authorised by virtue of a resolution dated .....  
Attached hereto as Annexure A of the said .....  
(Hereinafter referred to as the "CONTRACTOR").

WHEREAS the CONTRACTOR is the mandatory of the CLIENT as contemplated in an agreement in respect of  
.....

Contract number .....

AND WHEREAS section 37 of the Occupational Health and Safety Act, 1993 (Act 85 of 1993, hereinafter referred to as  
the "ACT"), imposes certain powers and duties upon the CLIENT.

AND WHEREAS the parties have agreed to enter into an agreement in terms of section 37(2) of the ACT.

NOW THEREFORE the parties agree as follows:

1. The CONTRACTOR undertakes to acquaint the appropriate officials and employees of the CONTRACTOR with all relevant provisions of the ACT and the regulations promulgated in terms thereof.
2. The CONTRACTOR undertakes that all relevant duties, obligations and prohibitions imposed in terms of the ACT and Regulations will be fully complied with: Provided that should the CLIENT prescribe certain arrangements and procedures, that same shall be observed and adhered to by the CONTRACTOR, his officials and employees. The CONTRACTOR shall bear the onus of acquainting himself/herself/itself with such arrangements and procedures.
3. The CONTRACTOR hereby accepts sole liability for such due compliance with the relevant duties, obligations, prohibitions, arrangements and procedures, if any, imposed by the ACT and Regulations and the CONTRACTOR expressly absolves the CLIENT from itself being obliged to comply with any of the aforesaid duties, obligations, prohibitions, arrangements and procedures as the case may be.
4. The CONTRACTOR agrees that any duly authorised officials of the CLIENT shall be entitled, ~~although not obliged~~, to

take such steps as may be necessary to ensure that the CONTRACTOR has complied with this undertaking as more fully set out in paragraphs 1 and 2 above, which steps may include, but shall not be limited to remedy the default of the CONTRACTOR at the cost of the CONTRACTOR.

5. The CONTRACTOR shall be obliged to report forthwith to the CLIENT any investigation, complaint or criminal charge which may arise as a consequence of the provisions of the ACT and Regulations, pursuant to work performed in terms of this agreement, and shall, on written demand, provide full details in writing of such investigation, complaint or criminal charge as the case may be.
