RE: INVITATION TO TENDER (MPKRI11460GX)

Dear Sir/ Madam

Kindly refer to the above subject.

After careful deliberation, we regret to advise that Eskom Holdings SOC Limited would like to cancel the tender for **The Supply and Installation of Cooling Water Pump Discharge Hydraulic Operated Weight Assisted/ Auto Close Valves System Spares and Maintenance Services for a period of 10 Months** due to the following reason/s:

- The tender is being cancelled because the requirement was fulfilled through Urgent Order PO4503500552, prompted by an emergency following another Major Unit Trip (MUT) at Kriel Power Station, which occurred after the open tender process had already been initiated.
- The urgency of the situation required immediate action that could not be accommodated within the standard tender timeline.
- Turbine Engineering is pursuing sole source approval from the relevant committee due to the criticality of the plant, enabling the establishment of a long-term maintenance contract for future requirements

Eskom would like to take the opportunity to thank you for participation in the above.

Yours Faithfully
