1. INTRODUCTION & BACKGROUND

The Housing Development Agency (HDA) is a national public development agency that promotes sustainable communities by making well-located and appropriately planned land and buildings available for the development of human settlements. As its primary activity, the HDA assembles state, private and communal land and buildings and releases it for development. In addition, the HDA provides project delivery support services to organs of state at local, provincial and national level.

Section 7(2) (d) of the Housing Development Agency Act (HDA), Act 23 of 2008 requires the HDA to introduce and manage a land inventory and information system in support of the identification and acquisition of state, privately and communally owned land which is suitable for residential and community development.

This Umlazi Catalytic HS Project is identified as a focussed initiative within the Umlazi Urban Regeneration Business Plan (Source: Umlazi Urban Regeneration Business Plan June 2009 & eThekweni Municipality Identified Catalytic Projects Communique July 2015)

The Umlazi Catalytic HS Project is currently still being pursued without the guidance and control of an overarching/integrated Implementation Plan and Organisational/Institutional Structure as foreseen in the Umlazi Nodal Regeneration Business Plan

Umlazi, located south of Durban City, is the 2nd largest former township in South Africa, after Soweto. It forms part of the eThekweni Urban Integration Zone and Southern Public Transport Corridor.

Umlazi comprises of 26 nodes with a population estimated at 432 725 inhabitants

Umlazi contains the largest cluster of informal settlements (139 informal settlements with a total of 20 256 structures have been identified within the nodes) and apartheid hostels in the city of Durban.

The eThekweni Municipality Spatial Development Framework has identified Umlazi as one of the mixed investment node which aims at planning for residential, commercial, industrial and services densification and rationalisation, with a strong link hierarchy for the safe and efficient movement of people and to ensure appropriate location for local economic development and growth, in keeping with the principles of the Development Facilitation Act, 1995:

- Densify and rationalise their use of land.
- Create access and facilities for communities who were formerly marginalised; and
- Address the skewed distribution of land.

This initiative is already being implemented:

- Several in-situ upgrades are in implementation and proposed.
- Nine (9) project phases are approved for housing investment comprising approximately 17,192 units

The status of the land required for housing can be summarised as follows:

- Unregistered: 37%
- State: 29%
- Council: 22%
- Private: 10%
- Parastatal: 2%

Informal settlements have located themselves within vacant track of land between the formal urban areas, hence the project aim towards urban regeneration. The location of available land for housing and the ownership thereof is a major challenge. Suitable and adequate land is of importance since most of the informal settlements are currently located in what is considered to be environmentally sensitive and geo-technically marginal areas.

Land availability/assembly challenges are being addressed in accordance with the ***Unlocking Available Land Program***, the ***Umlazi Housing Plan*** and its ***Housing Development Program*** as part of the ***Umlazi Urban Regeneration Business Plan***

Based in the developmental planning guidance provided in the Umlazi Urban Regeneration Business Plan, in particular the various overviews (focus on housing and economics and social facilities) and the resultant Conceptual Spatial Framework Proposals, the eThekweni Metropolitan Municipality further initiated and conceptualised the Umlazi Catalytic Urban Regeneration Housing Project.

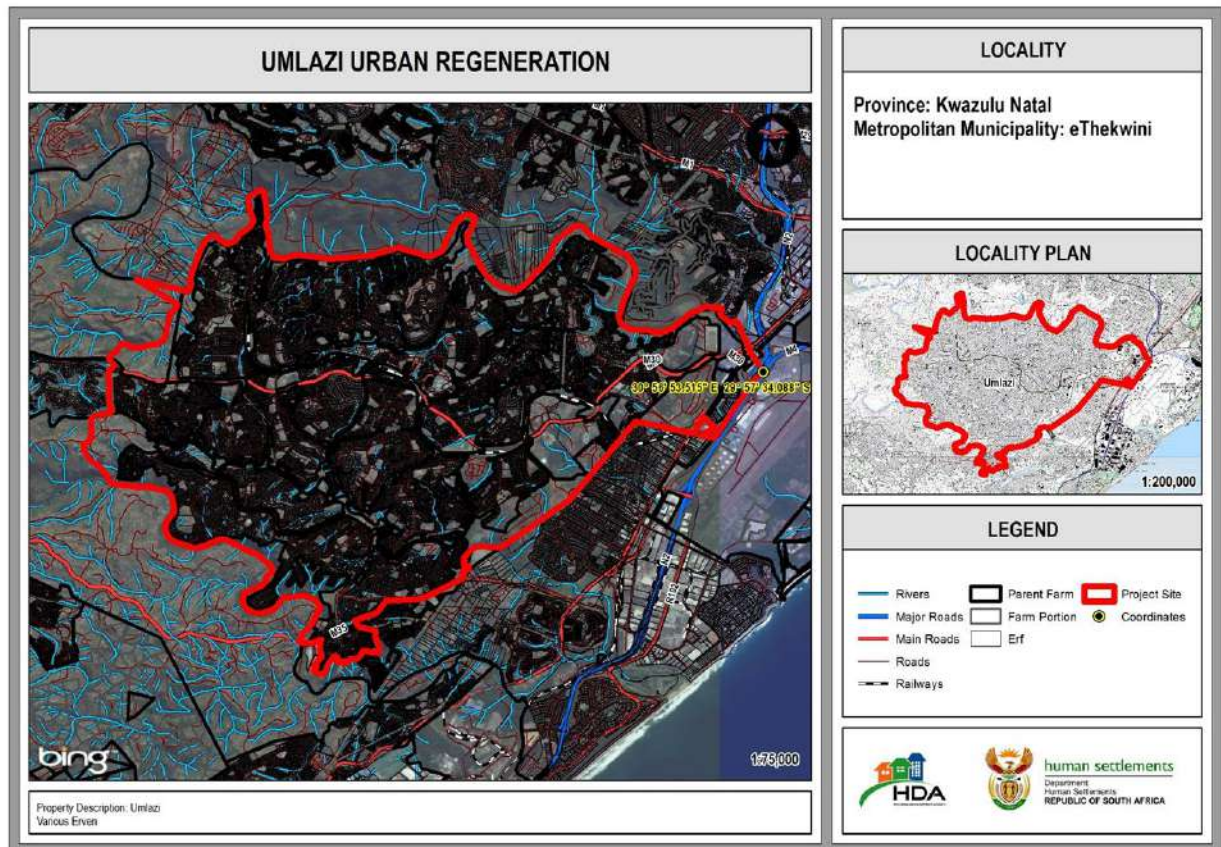

Since its inception the **Umlazi Catalytic Nodal Regeneration Housing Project** has already yielded the development of approximately (date May 2015) 15,192 opportunities

It is noted that the Umlazi Catalytic Urban Regeneration Housing Project has identified and projected a further need for approximately 18000 housing opportunities as follows:

- BNG (in-situ upgrading of informal settlements): > 17000 units (row, double storey)
- Social Housing: > ±400 units (proposed pilot project in W Section)
- Affordable / Gap / FLISP: > Municipality and Private Sector
- Bondable opportunities: > Private Sector
- CRUs: > Mixture of upgrades and new builds

2. AREA / LOCATION

The subject site is in uMlazi Township, Durban on the Kwa Zulu Natal Province.

The projects are spread throughout the geographic area of Umlazi are enlisted as follows: -

1. Umlazi Part 1- Approximately 1200 units
2. Umlazi Part 2 -Approximately 2200 units
3. Umlazi Part 3 -Approximately 2400 units
4. Umlazi Part 4-Approximately 3500 units
5. Umlazi Part 5 -Approximately 3000 units
6. Umlazi B10- Approximately 3200 units

NB: To respond to this advert, the prospective service provider will be required to engage the municipality to get the context of the projects or any information pertaining to the delivery of the above project.

3. OBJECTIVE OF THE PROJECT

The HDA working with eThekweni Municipality under the Catalytic Projects Programme developed by the National Department of Human Settlements in 2016 seek to develop a co-ordinated and impactful approach to the delivery of services and housing opportunities in Umlazi.

The objective of the project is to develop a comprehensive development for Umlazi to achieve the objectives of sustainable human settlement with adequate infrastructure and security of tenure for beneficiaries of state subsidised housing.

 NAME OF BIDDER

CERTIFICATE OF INDEPENDENT BID DETERMINATION

1. This Standard Bidding Document (SBD) must form part of all bids¹ invited.
2. Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging)². Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.
3. Treasury Regulation 16A9 prescribes that accounting officers and accounting authorities must take all reasonable steps to prevent abuse of the supply chain management system and authorizes accounting officers and accounting authorities to:
 - a. disregard the bid of any bidder if that bidder, or any of its directors have abused the institution's supply chain management system and or committed fraud or any other improper conduct in relation to such system.
 - b. cancel a contract awarded to a supplier of goods and services if the supplier committed any corrupt or fraudulent act during the bidding process or the execution of that contract.
4. This SBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.
5. In order to give effect to the above, the attached Certificate of Bid Determination (SBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and/or services for purchasers who wish to acquire goods and/or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.
