18 February 2026

**NOTICE TO TENDERERS NO: 2**

**TENDER NUMBER: 151S/2025/26**

**TENDER DESCRIPTION: CITY OF CAPE TOWN WASTE TO ENERGY INDEPENDENT POWER PRODUCER (IPP) PROGRAM FOR EMBEDDED OR WHEELED GENERATION FOR A PERIOD OF 20 YEARS**

**CLOSING DATE OF TENDER: 29 May 2026**

**BOX NUMBER: 187**

Dear Sir/Madam

**Tenders should take note of the following:**

The following Addendum is issued in terms of this Tender. This Notice to Tenderers forms an integral part of the Contract.

**1. CORRECTION OF EMAIL ADDRESS (Page 3):**

One of the contact email addresses for tender 151S/2025/26 is listed as [SEMProcurement@capetown.gov.za](mailto:SEMProcurement@capetown.gov.za).

Correct email address: [SEM.Procurement@capetown.gov.za](mailto:SEM.Procurement@capetown.gov.za)

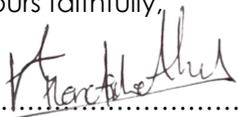

**2. CLARIFICATION QUESTIONS AND ANSWERS**

The clarification questions and answers are shown below:

No.	Question	Response
1	Is this tender only for catching the emissions from the organics? If you pyrolyse ALL the waste you will get FAR more energy & send nothing to landfill... It will be a far better proposition.	All proposed projects using proven waste to energy technology will be considered for this tender.
2	Who is supplying the waste to the plant, who is guaranteeing the minimum quantity of the waste, duration of the waste agreement, is there support of the Municipality in terms of the waste supply (deliver or pay mechanism).	The sourcing and supply of the waste is the responsibility of the successful bidder. The bidder may require to enter into waste supply agreement/s, and set out the terms to determine the required quantities, quality, duration, etc. The CCT will not be party to such waste supply agreement/s, and will not participate in any such process on behalf nor in support of any bidder.

3	Who is the counterparty in the waste agreement, is it the Municipality, or a municipal company, such as the solid waste department?	The bidder is responsible for the sourcing and supply of the waste, as such the counterparty will be determined by the bidder. The CCT will not be party to such waste supply agreement/s, and will not participate in any such process on behalf nor in support of any bidder.
4	How much extension time can the CCT permit? To prepare an offer for such plants typically it takes at least 6 months.	The CCT is currently not considering any extension of closing date. The request will be considered on own merit if submitted.
5	Is this tender, linked to the RFI 88_24_25 that was issued last year ?	No, the RFI was to obtain market analysis only and not to contract with any company. This is a new tender with the intention to contract with successful bidders if the bids are responsive, financially feasible and compliant with the requirements set out in the tender document."
6	We kindly request clarification regarding the responsibility for sourcing and securing the waste/feedstock (stock feed) required for the project. Specifically, we would appreciate confirmation on whether: The successful bidder will be solely responsible for negotiating and concluding feedstock supply agreements with the Municipality and/or third-party suppliers (including farmers or private waste providers); or The City intends to facilitate, support, or provide any guaranteed access to municipal waste streams or other feedstock sources.	The sourcing and supply of the waste is the responsibility of the successful bidder. The CCT will not be party to such waste supply agreement/s, and will not participate in any such process on behalf nor in support of any bidder.

Tenderers are to return a signed copy of this notice/addendum with the submission of their Tender. Failure to return a signed copy of the Addendum may result in the Tender being declared Non-Responsive.

Yours faithfully,  
  
.....
