Item no.	Bidder's Question	TPT' Response
1.	Please confirm whether the Service Provider is responsible for providing transport for cleaning staff between operational areas within the Port Elizabeth and Ngqura facilities i.e. supply enclosed vehicle transport per site for internal transport of cleaners. Historically only Ngqura required service provider to supply transport within site.	Yes, they need to have Transport for both Ports
2.	Please confirm whether one supervisor may oversee both the Port Elizabeth and Ngqura sites, or whether Transnet requires a dedicated supervisor permanently stationed at each site	No; each Port should be manned by a supervisor therefore there should be 2 supervisors for this contract
