1. BACKGROUND

Mabopane Hub is currently accommodated in a leased property at Mabopane, and the lease agreement expires 31 December 2022.

The rented site is 15km from the Eskom owned Garankuwa Hub. As part of Eskom's cost savings initiatives, the lease for this site have been earmarked for closure and relocation to Winterveld and Mothutlung site where Garankuwa Hub is based. Pexco approved the termination of the lease on expiry.

The Mabopane rented site currently accommodates 10 employees. Due the Hub's storage requirements and additional offices needed a parkhome has been identified to supplement office space and storage needs for Mabopane Hub.

The parkhome needs to be refurbished, parking area need to be extended and minor renovations in the Garankuwa Hub office building

2. SCOPE

The scope of work for this project will include:

- Renovations of the existing Garankuwa HUB office area to accommodate Mabopane employees' office area to expand it for extra customers since two Hubs will use same office to serve customers
- Renovations of a parkhome to be moved to Winterveld site to accommodate Mabopane employees' office area.
- Extending the parking area including re-drawing some parking lines

Deliverables shall include.

- a. Renovations Supervision
- b. Renovations, commissioning and handover of the works
- c. Certificate of compliance

4. QUALITY MANAGEMENT SYSTEM

The Contractor shall be required to provide or maintain a quality management plan, which must be approved by Eskom

The contractor is advised that the employer considers it essential that for a project of this scale the contractor shall provide and maintain a high level of skilled management organization and resources (justified by CV's), to ensure the successful and timely completion of the contract. Crucial information is to be provided by the Snr Supervisor Tech Facilities and project manager at tender stage (tender clarification/briefing meeting) and this shall be deemed to define the contractor's intentions in this respect. It is a requirement that the contractor submits all technical requirements documents as specified by procurement strategy document under technical criteria.

5. WEEKLY AND MONTHLY PROGRESS REPORTS

5.1 Weekly report

The weekly progress report shall be based on the weekly progress meeting by the contractor and the employer represented by the Supervisor or Snr Supervisor or delegation from the employer. The meeting shall focus on a punch list which is derived from the project scope of works as per the project schedule with an objective of tracking contractor's progress which should be driven by the following items:

1. Past week achieved progress activities.
2. Current week activities.
3. Next week target activities.
4. Commitment to project schedule.
5. Deviation and corrections to the project schedule.
6. Issues and activities adjustment.
7. Risk identification and mitigations.

6. RESOURCES

The contractor shall provide adequate resources to execute the work.

7. PROJECT METHODOLOGY

The Contractor shall submit a detailed proposal outlining methodologies of how he intends executing the work.

8. RESOURCE REQUIREMENTS

The Contractor shall ensure that highly skilled personnel (as defined in their submitted and accepted CV's) are dedicated to the project.

9. IMPLEMENTATION PLAN

The Contractor is required to submit a detailed implementation plan
