REQUEST FOR PROPOSALS:

The Department of Trade, Industry and Competition (**the dtic**) invites interested service providers to submit proposals for the appointment of a panel of agencies, which will help **the dtic** with products and services required for Advertising, Branding, Content Development, Digital Media and Multimedia Production, Exhibitions, Strategic Events, Marketing Communication, Digital Communication, Media and Public Relations for a period of 3 years(36 months).

1. PURPOSE

- 1.1 The purpose of this document is to appoint a panel of service providers to offer products and services for advertising, branding, content development, digital media and multimedia production, exhibitions, strategic events, marketing communication, digital communication, media and public relations and public education on behalf of the Department of Trade Industry and Competition (**the dtic**).

2. BACKGROUND

- 2.1 **the dtic's** Marketing Communication and Media Relations Directorate has encountered challenges in the past, with creating sustainable impact of their marketing activities and services. This is due to the following factors:
 - Different functions offered by Marketing Communication and Stakeholder Relations Directorate do not have the capacity to service the entire **dtic** adequately at the same time. In most cases, this is due to equipment and infrastructure, which is required for different services that are not for everyday use and in certain instances require specialised skills that the department does not have.
 - In some instances, human resource is a challenge and you have limited specialist skills e.g. one editor is servicing the entire department, only 2 graphic designers to service the entire **dtic** and only 1 copy writer for all advertising of the department to mention but a few.
 - Due to the expensive nature of these services, working with a budget of R1 million even for major campaigns and this has left branches unsatisfied with the services they receive from Marketing (and Stakeholder Relations Unit). We therefore would like make impact by creating campaigns that will be both effective and efficient and where necessary, have a longer lifespan for sustainable brand visibility.

the dtic Customer Contact Centre local: 0861 843 384 International: +27 12 394 9500, www.thedtic.gov.za

3. OBJECTIVES

The objectives in appointing a panel of service providers is:

- 3.1 To help **the dtic** to increase its visibility and create awareness of all programmes and services of the department, using a number of modern communication channels to reach citizens and stakeholders of **the dtic**;
- 3.2 To have professionally produced communication material for all communication initiatives and campaigns of **the dtic**; and
- 3.3 To enhance the capacity and skills of **the dtic** Marketing Communication and Media Relations team.

4. PROCUREMENT PROCESS WITHIN CONTRACT CONCLUDED/ ROTATION

- 4.1 The Department of Trade, Industry and Competition (**the dtic**) seeks to appoint a panel of 16 companies/ agencies to four (4) specialised clusters. This implies that four (4) companies/ agencies will be appointed per cluster (4X4) resulting in a total of sixteen (16) companies/ agencies appointed for a period of 3 years (36 months).
- 4.2 The four (4) clusters are: 1) ***Content Development and Multimedia Production***, 2) ***Exhibitions, Strategic Events and Public Education***, 3) ***Media and Public Relations and Marketing*** and 4) ***Stakeholder Relations***.
- 4.3 This contract is concluded for purposes of appointing a panel of service providers per cluster to be used on a rotational basis for the provision of products and services as stipulated in this ToR on an "as and when required" basis.
- 4.4 A request for quotations (RFQ) will be provided to all four service providers/ agencies appointed to the relevant/ specific cluster once products or services are required.

The 80/20 principle and two-envelope system will apply in evaluating proposals in accordance with the amended PP Regulations pertaining to the Preferential Procurement Policy Framework Act, Act no 5 of 2000 that came into effect on 1 April 2017.

- 4.5 The Request for Quotes will be numbered for example as follow:

RFQ (1) for

RFQ (2) for.....;

RFQ (3) for..... etc.

Each RFQ will thus have a description and a number allocated to it.

- 4.6 Method per cluster: Once a service provider/agency is awarded an RFQ, that specific service provider/ agency will not be requested to submit a proposal for the next RFQ (2) on the table in order to promote fair and equal rotation of services within this contract. The first appointed service provider/ agency will be included again for the third RFQ (3) etc. The same will apply for the service provider /agency appointed for the second RFQ. This service provider /agency will not be considered for the third RFQ (3) but only for the RFQ following the third RFQ. There will therefore always be a gap between an RFQ awarded and the next RFQ a service provider/agency may be considered for award. In case this bid process renders only two successful service providers to be appointed for a cluster(s), both appointed services providers will be provided with RFQ's each time a need arises for that specific cluster in order to ensure compliance with the PPPFA. Where the bid process renders only one successful bidder for a specific cluster, no award will take place for that cluster as compliance with the PPPFA will have not been achieved.

Example:

Company A is awarded RFQ (1), only companies B; C and D will be considered for RFQ (2).

Company D is awarded RFQ (2); only companies A; B and C will be considered for RFQ (3).

In case of only two suppliers appointed to a cluster: Company A and B will each time, be provided with an RFQ and considered for the RFQ.

- 4.7 It may not be possible to request RFQ's one by one and deal with each RFQ up to award before the next RFQ is invited, due to timing of services required. It may happen that service providers/ agencies will be requested to submit i.e. 3 RFQ's for 3 different requirements but due to the rotation clause, the service provider that is awarded RFQ (1) will have its proposal for the next RFQ (2) disqualified based on the fact that it was awarded the previous service.
- 4.8 It should be noted that some projects may require service providers to be appointed from different clusters.
- 4.9 Each project/ requirement will have its own defined scope of work, delivery time-lines, requirements and project manager. There will be one order per service provider and

Private Bag X84, PRETORIA, 0001, the dtic Campus, 77 Meintjies Street, Sunnyside, 0002, Tel: (012) 394 0000
the dtic Customer Contact Centre local: 0861 843 384 International: +27 12 394 9500, www.thedtic.gov.za

when services are required, the successful service provider will be engaged by means of an engagement letter.

5. SCOPE OF WORK

The panel of service providers will be required to do the following:

- 5.1 To have a clear understanding of the Trade, Industry and Competition environment and be able to interpret the integrated communication strategy of **the dtic** in order to deliver, create and execute tactical communication solutions;
- 5.2 To familiarise themselves with **the dtic** – its vision, mandate, values, strategic objectives, strategic plan and the Communication and Marketing strategy;
- 5.3 Should have resources to manage more than one project simultaneously, should they be successful service providers and;
- 5.4 To deliver projects and campaigns based on the annual performance plan of **the dtic** and the business plan/s of Marketing Communication and Media Relations unit.
