#### STEP 5: OBJECTIVE CRITERIA (Non-weighted criterion)

In terms of the PPPFA, the application of objective criteria may be a valid and justifiable reason why a tender is not awarded to the highest scoring / highest ranked supplier, after application of the 80:20 preference points system. Objective criteria will generally be applied after evaluation and are generally the criteria / conditions specifically linked to contract award (viz., legal compliance, adherence to contract terms and conditions. The requirements for the objective criteria do not form part of the above Part A and Part B; however, they will be required from the recommended tenderer/s to submit them before the contract award.
