Acceptance

By signing this part of this Form of Offer and Acceptance, the Employer identified below accepts the Service Providers Offer. In consideration thereof, the Employer shall pay the Service Provider the amount due in accordance with the conditions of the RFQ. Acceptance of the Service Providers Offer shall form an agreement between the Employer and the Service Provider upon the terms and conditions contained in this RFQ.

Deviations from and amendments to the documents listed in the RFQ and any addenda thereto listed in the Returnable Schedules as well as any changes to the terms of the Offer agreed by the Service Provider and the Employer during this process of offer and acceptance, are contained in the Schedule of Deviations attached to and forming part of this Form of Offer and Acceptance. No amendments to or deviations from said documents are valid unless contained in this Schedule.

The Service Provider shall within two days of receiving a completed copy of this agreement, including the Schedule of Deviations (if any), contact the Employer’s agent to arrange the delivery of any securities, bonds, guarantees, proof of insurance and any other documentation to be provided in terms of the conditions of contract identified in the RFQ. Failure to fulfil any of these obligations in accordance with those terms shall constitute a repudiation of this agreement.

Notwithstanding anything contained herein, this agreement comes into effect on the date when the Service Provider receives one fully completed original copy of this document, including the Schedule of Deviations (if any).

RFQ Data

1. ADMINISTRATIVE RESPONSIVENESS CRITERIA

Suppliers are required to ensure that they meet all the Administrative Responsiveness Criteria. Suppliers that do not meet all the Administrative Responsive Criteria may not be awarded this Quote. It is the service provider's responsibility to ensure that Sentech is in possession of a valid and original tax clearance certificate.

- 1.1. Supplier's providing quotations must be registered on the Sentech Supplier Database. (if not registered the bidder MUST complete the attached Sentech Supplier Registration Forms)
- 1.2. Quotations or Proposals must be received on or before the closing date and time specified on the Call for Quotation or Proposal document.
- 1.3. Quotations or Proposals must be fully completed and signed in BLACK ink.
- 1.4. Quotations can be submitted via Email, Fax or Hand Delivery.

2. EVALUATION CRITERIA

The evaluation criteria are stipulated in Section 4. It is the Suppliers responsibility to ensure that it has responded to the evaluation criteria. Failure to meet the evaluation criteria may result in the Supplier being disqualified from being appointed. Suppliers must ensure that they have included all supporting documentation, especially the documentation that may be required to support the response to the evaluation criteria.

3. RFQ EVALUATION METHOD

This RFQ will be evaluated as described in the table below.

Evaluation Method	<ol style="list-style-type: none">1. Stage 1 – Administrative Responsiveness Evaluation All the Quotations will be evaluated against the administrative responsiveness requirements as set out in section 1 of the RFQ Data.2. Stage 2 - Mandatory Evaluation Those proposals that are administratively responsive will then be evaluated against the Mandatory Evaluation Criteria(table1) and Functionality Criteria (Table 2). Suppliers must COMPLY FULLY with all the mandatory evaluation criteria in-order to be evaluated further.3. Stage 3 – Price and Preference Suppliers with the lowest Price offered will score the highest points. Only Suppliers that submit a valid B-BBEE Certificate can claim preference points in line with the 80/20 Suppliers with the highest number of points will be recommended for the award of this quotation, unless there are compelling and justifiable reasons not to do so.
--------------------------	---

4. EVALUATION CRITERIA

4.1. TECHNICAL EVALUATION CRITERIA

4.1.1. Mandatory Evaluation Criteria (Stage 2)

Mandatory Eligibility Criteria	Compliant (Indicate Yes or No)	What Proof is required to show compliance to Mandatory Eligibility Criteria	Reference proof supplied by reference the page number where the information is located in your Tender submission
Proof of CIDB 1SQ or higher registration		Attach a valid certificate from the CIDB or furnish a registration number.	
Proof of compliance with the Compensation for Occupational Injuries and Diseases Act (COIDA)		Attach a valid letter of Good Standing from the Department of Labour, FEM or RMA	
NOTE: Bidders that do not comply with all the above criteria will not be evaluated further.			

4.2. Functional / Quality criteria (applicable)(Stage 3)-

Functional criteria	Points
<p>The service provider must attach a list of completed project as the main contractor in erecting fencing. Completion certificates to be attached).</p> <ul style="list-style-type: none"> Three (3) Or more Projects Completed..... 30 Points Two (2) Projects Completed..... 20 Points One (1) and more Projects Completed 10 Points No Projects Completed..... 0 Points 	30

Total Points.	100
The minimum threshold for the functionality will be 70 of 100 points	

4.3. Technical Evaluation (Stage 4) - **Not Applicable**

	Item Description	Score	Comments	Proof required
1				
2				
2.1				
a				
c	Product warranty	2	Above 12year product (2); 10 - 11, year product (1,5); 5 -9 year product (0.1)	Attach spec sheet from Manufacturer
d	Output Performance warranty	2	Equal to or above 25 year perf. (2); 15 - 24 year perf. (1.5); 10 -14 year perf (0.1)	Attach spec sheet from Manufacturer
		<u>10</u>		
	Total score		The pass mark for further evaluation is 120 or more out of 170 points. Any points scored lower than the pass mark will the render the submission disqualified.	

***Bidders must complete the two annexures attached with this document.(i.e. Annexure 1- Compulsory covering sheet and Annexure 2- Technical evaluation).**

4.4. RISK ASSESSMENT (Stage 5)- **Applicable**

All bids that meet the minimum qualifying score for technical evaluation may undergo a risk assessment based on the following framework:

- Any aspects that emanate from the bidders' individual responses
- Any information received from past references
- Site Visit of similar work done
- Assessment of Financial Statements

Sentech may disqualify bidders based on the outcome of the risk assessment.

4.5. Evaluation of Price and Preference (Stage 6)- **Applicable**

This Bid will be evaluated on a points system based on weighted average score for Price and Preference as per Preferential Procurement Framework Act of 2000 (Act 5 of 2000).

4.5.1.The price / preference weighting applicable for RFQ are as follows:

Price / Preference	Points
Preference:	20
Price:	80
Total must equal:	100

4.5.1.1. Preference Point allocation – 80/20

Sentech's Specific goals emanate from the section 2(1)d of the Preferential Procurement Policy Act

which may include contracting with persons or categories of persons, historically disadvantaged by unfair discrimination on the basis of race, gender and disability. The Reconstruction and Development Programme as published in Government Gazette No 16085 dated 23 November 1994

Sentech will award preference points as follows:

Goal	Points	Evidence required
Historically disadvantaged by unfair discrimination on the basis of Race	6	BBBEE Certificate showing at least 51% black ownership
Historically disadvantaged by unfair discrimination on the basis of Gender (women)	5	BBBEE Certificate showing at least 30% women ownership
Historically disadvantaged by unfair discrimination on the basis of disability	2	A doctor's note confirming disability
Promotion of enterprises located in the Eastern Cape Mquma Local Municipality	5	Letter from the Councillor confirming your address, Rates and Taxes Certificate or equivalent
local production and content	2	Signed SBD 6 Form and Annexures or Exemption Letter form DTI

4.5.1.2. Price Calculation 80/20

The following formula will be used to calculate the points for price.

$$Ps = 80 \left[\frac{1 - (Pt - Pmin)}{Pmin} \right]$$

Where:

Ps = Points scored for price of bid under consideration
Pt = Rand value of bid under consideration
Pmin = Rand value of lowest acceptable bid

Appointment of a service provider to supply, deliver and install Perimeter Fencing at Butterworth Site under the East London Sentech OC offices.

1. BACKGROUND

Sentech is a state-owned company and is the largest broadcasting signal distributor in South Africa. Sentech is a licensed Electronic Communications Network Service provider in South Africa. It currently operates many telecommunication networks for Satellite, Television, Radio, Internet and more. As such, Sentech is a global enabler of broadcasting and digital content delivery.

Sentech is looking for a service provider to supply, deliver and install double welded mesh clear view perimeter fence around the mast area at Butterworth Site under the East London Sentech OC Office within the Eastern Region.

Scope Of Work

Perimeter Fencing Scope of works

The perimeter must be protected by means of installing a double welded mesh (anti climb and anti-theft clear view) perimeter fence

Access gates to be constructed with the same stature and height of the fence.

Scope:

This specification covers material requirements and installation of security fencing and gates, for the project.

Work Included

- Furnish and install fence and gates, and accessories as required and shown.

Submittals:

- Certificate of compliance for materials and coatings.
- Quality control program shall be submitted to Sentech for review prior to commencement of any work

Products:

- All steel materials shall be of good commercial quality and be galvanized.
- All pipes shall be galvanized (one piece without joints).
Furnish moisture proof caps for all posts.
- Zinc coating shall be smooth and essentially free from lumps, globs, or points.
- Miscellaneous material shall be galvanized

Double Welded Mesh fence (clear View)- Inner Perimeter Fencing

- **Fence Panel Aperture: 12.6mm x76.2mm (horizontal or vertical inclination)**
- **Perimeter: 220m long**
- **Wire Size: 3.4mm**
- **Panel Height: 3000mm**
- **Panel Width: 3000mm**
- **Material: 500 Mpa - 750 Mpa High Tensile Wire Coating Insulation Option: Galvanized, Polyester Coated PVC, Powder Coated, HD Galvanised & PVC Coated (coastal application)**
- **Weld Strength: 60%, Weight: 5kg/m²**
- **Security Characteristics: Intrude Resist / Climb Resist / Cut Resist / Tamper Resist**
- **Aesthetic Characteristics: Clear View (transparency)**
- **Security Level: Maximum**

Post:

- The panels are to be fixed laterally onto the posts and secured with anti-vandal metal security fixtures. The IPE posts (100x55mm) are galvanized then primed with an adhesion layer and PVC coated.
- Post foundation shall be 600mm x 400mm² 30 Mpa concrete

Topping:

- Galvanised concertina coil(700mm) and bracket to be installed at the top of the 3m fence.

FOUNDATION

- Post foundation shall be 600mm x 400mm² 30 Mpa concrete
-

Gates:

- New double swinging 5m gate on the existing fence(palisade). (Lockable gate)
- New double swinging 5m gate in similar specification as the new fence. (This gate is to be fitted with an anti-vandal lock)

Technical Specifications

All post panels/gates/rails/top spikes to be hot dip galvanizing shall be carried out in accordance with SABS 934 and SABS 763 where applicable, including preparation for galvanizing. (Not pre galvanized or electroplated) - The materials shall be free from slag or coarse laminations, fine fissures and rolled-in impurities.

Welding flux shall be chipped away, and all welds wire brushed before galvanizing. The surface to be galvanized shall be free from paint, oil, grease, and similar impurities. All exposed surfaces including welds shall be thoroughly sand blasted prior to galvanizing. Sentech reserves the right to inspect all steel components before galvanizing and shall have the right to reject or ask for remedial treatment of any material which is considered to be unsuitable.

This applies particularly to welds. The galvanizing coating shall be smooth, adherent, continuous and free from black spots or flux stains. Flaws on small parts and working surfaces shall be repaired only by stripping and re-dipping. Repairs to galvanized coatings will not be accepted. - Items damaged will need to be re-galvanized. The SABS requirement for uniformity shall apply. - Galvanized surfaces specified with paint finishing shall not be passivated.

All welded filler or butt joints shall be free from porosity, cavities, and entrapped slag. Joints shall be ground smooth, if required for aesthetic reasons only, without effecting weld strength. The joints in the weld run, where welding has been recommended, shall be as smooth as possible and shall show no pronounced hump or crater in the weld surface. The profile of the weld shall be uniform, of approximately equal leg length and free from overlap at the toe of the weld.

Unless otherwise specified the surface shall be either flat or slightly convex in the case of fillet welds and with reinforcement of not more than 3mm in the case of butt welds. All welds must show proper fusion.

The following category of personnel and trades are to be included for this service:

- Foreman
- Fencing erector
- Semi-skilled Labourer
- Un- skilled labourers

OCCUPATIONAL HEALTH AND SAFETY ACT OF 1993 All regulations and statutory requirements as lay down in the latest edition of The Occupational Health and Safety Act, 1993 (Act no 85 of 1993) shall be Adhered to. Health and Safety Plan must be approved by the Health and Safety Officials of Sentech before any work will be allowed to commence.

Expanded Public Works Programme (EPWP)

- The contractor must report all local/temporary labourers employed in a project.
- The contractor must not wait until the end of a project in order to submit reports
- The contractor is a responsible for assisting Sentech in reporting all work done.
- No payment will be certified without the required report being submitted

Constrains and duration of works

- Duration of works to be 7 weeks upon receipt of the Purchase Order.
- Inclement weather conditions remain the single biggest constraints to timeous completion of the project.
- It should be borne in mind that in addition to normal inclement conditions some sites may be affected by high winds and mist at certain times of the day.
- Contractors are therefore urged to familiarize themselves with the historic prevailing weather conditions of the specific region.
- The contractors must therefore allow for inclement weather-related delays in their schedule. Any inclement weather days and consequential inclement weather days accumulated during this contract will be granted as extension of time as **there will be no monetary compensation.**

Program and Progress Reporting

Timeous execution of the project as a whole is of paramount importance to Sentech. This is to ensure that it assists the contractor in monitoring its own progress, and the contractor shall provide a detailed execution of the program **within 10 days** after award of the contract. This program shall provide the following information in either date listing format or bar chart and network diagram format:

- Activity description
- Activity duration
- Activity logic (inter dependencies, delays)
- Resource allocations (plant, labour)
- Key dates

The program will be used to monitor the contractor's progress.

Weekly reports are to be compiled and submitted to Sentech via emails, these are to include photographic evidence of progress

The contractor will be required to submit a safety file once appointed. (Please consider the safety file when pricing the document)

LOCATION:

REGION	SITE NAME & CODE	Coordinates		
ER	Butterworth	-32.276574, 28.207624		

- The contractors may meet with Sentech officials onsite on the above-mentioned coordinates.
- The site is 10km away from Butterworth town and is situated along the N2 when driving towards Dutywa town.
- The contact number for directions is: Lungisani 066 259 5397

2. TERMS AND CONDITIONS

Terms and Conditions	SENTECH reserves the right to:
	<ul style="list-style-type: none"> • Extend the closing date. • Verify any information contained in a response. • Request documentary proof • Cancel or withdraw the requirement • To limit communications to only those Service Providers who meets the requirements. • This request will be subject to the General Conditions of Contract issued in accordance with Treasury Regulation 16A published in terms of the Public Finance Management Act, 1999 (Act 1 of 1999). The Special Conditions of Contract are supplementary to that of the General Conditions of Contract. Where, however, the SCC conflict with the GCC, the SCC shall prevail. • The successful Service Provider may only enter into a subcontracting arrangement with the approval of SENTECH. • SENTECH shall have the right, at its sole and exclusive discretion, upon written notice to the Service Provider, to terminate this Agreement, in whole or in part should the SERVICE PROVIDER fail to perform any of its obligations or deliver any deliverable timeously or should SENTECH not be satisfied with the quality of any service/s in terms of this Agreement, to the satisfaction of SENTECH. • SENTECH shall furthermore have the right, as a result of such termination, to appoint a third party to perform the obligations of the Service Provider in terms of the Agreement and the Service Provider indemnifies SENTECH against all costs incurred by SENTECH in appointing such third party to fulfil the obligations of the Service Provider. • SENTECH shall have the right, at its sole and exclusive discretion, to terminate this Agreement, at any time, upon 30 (thirty) days' written notice to the Service Provider. • SENTECH reserves the right to conduct supplier due diligence at any time pre, during and post the contract period. This may include announced or unannounced site visits. • Key resource provided in response should be engaged in the project, should there be resource changes the resource levels must be equivalent to the resources in the proposal,

Terms and Conditions	SENTECH reserves the right to:
	<p>with notice and acceptance by SENTECH be understood as special condition of contract.</p> <ul style="list-style-type: none"> • Service Level Agreement will be signed with the successful Service Provider. • The successful contractor is to provide a safety file that will be approved by SENTECH SOC limited safety specialist before the works can commence on site. The successful contractor will also be required to sign SEC.37.2, to be handed after the adjudication of contract. The successful contractor must take note that they will be given a period of two weeks to prepare an approved safety file upon receipt of the Purchase Order, of which failure to adhere to the deadline will result in the Purchase order being cancelled. • Contractor to submit a programme of works before commencing any works • Contractor to submit close out report upon completion
