POWERFUL WOOD DRILL

The STIHL BT 45 wood boring drill's lightweight, petrol-powered engine is portable and goes just about anywhere outside. Accepting a wide range of bit sizes, it is ideal for use in building or repairing wooden docks, bulkheads, fences, retaining walls and other structures in locations that lack electricity access. This well-balanced drill features a primer bulb and throttle lock for easier starting, as well as a compact, ergonomic design for easy operation. Its two-speed gearbox includes a neutral position as well as a reverse gear for releasing jammed drills. It's also great for pest control service and tree service professionals. For drilling performance, choose STIHL.
