### **SECTION 3: BACKGROUND, OVERVIEW AND SCOPE OF REQUIREMENTS**

#### **1 BACKGROUND**

The port has many buildings occupied by TNPA STAFF (offices / mess and ablutions and workshops) that require regular cleaning on a daily basis.

The scope will provide for interior and exterior cleaning. No cleaning service would mean that the offices, mess and ablutions and workshops occupied by TNPA staff at the port will be in an unacceptable, unhygienic state for employees and visitors.

This would result in a poor image for Transnet National Ports Authority and would be in breach of the OSH Act.

The scope will provide for interior and exterior cleaning. Interior cleaning shall be the cleaning and sanitizing of workstations, cleaning of chairs, cleaning of common areas (walkways) and steam cleaning of carpets; exterior cleaning shall be the cleaning of entrance doors, cleaning of the exterior of window frames and glass and the cleaning of aprons around buildings; kitchen duties shall be preparing tea for staff and visitors, the washing and packing of all crockery and cutlery in cupboards, the cleaning of the refrigerators, microwaves and cupboards; bathroom duties shall be the mopping of tiled floors, cleaning of all wash hand basins, urinals and water closets and the replenishment of all consumables in the bathrooms

#### **2 EXECUTIVE OVERVIEW**

Whereas Transnet is seeking a partner(s) to provide solutions for its interior and exterior cleaning services in buildings occupied by TNPA staff at the Port of Richards Bay, it also seeks to improve its current processes for providing these Services to its end user community throughout its locations.

The selected Service provider must share in the mission and business objectives of Transnet. These mutual goals will be met by meeting contractual requirements and new challenges in an environment of teamwork, joint participation, flexibility, innovation and open communications. In this spirit of partnership, Transnet and its Service provider will study the current ways they do business to enhance current practices and support processes and systems. Such a partnership will allow Transnet to reach higher levels of quality, service and profitability.

Specifically, Transnet seeks to benefit from this partnership in the following ways:

- 2.1 Transnet must receive reduced cost of acquisition and improved service benefits resulting from the Service provider's economies of scale and streamlined service processes.
- 2.2 Transnet must achieve appropriate availability that meets user needs while reducing costs for both Transnet and the chosen Service provider.
- 2.3 Transnet must receive proactive improvements from the Service provider with respect to Services and related processes.
- 2.4 Transnet's overall competitive advantage must be strengthened by the chosen Service provider's leading edge technology and service delivery systems.
- 2.5 Transnet end users must be able to rely on the chosen Service provider's personnel for service enquiries, recommendations and substitutions.

- 2.6 Transnet must reduce costs by streamlining its acquisition of Services, including managed service processes on a Group basis.

### **3 SCOPE OF REQUIREMENTS**

The key deliverables of this project will contain the following

- cleaning and sanitizing of workstations
- cleaning of chairs
- cleaning of walkways and steam cleaning of carpets
- cleaning of entrance doors and aprons around buildings
- cleaning of the exterior of window frames and glass
- preparing tea for staff and visitors
- washing and packing of all crockery and cutlery in cupboards
- cleaning of the refrigerators, microwaves and cupboards
- bathroom duties such as the mopping of tiled floors
- cleaning of all wash hand basins, urinals and water closets
- replenishment of all consumables in the bathrooms

### **4 GREEN ECONOMY / CARBON FOOTPRINT**

Transnet wishes to have an understanding of your company's position with regard to environmental commitments, including key environmental characteristics such as waste disposal, recycling and energy conservation

### **5 GENERAL SERVICE PROVIDER OBLIGATIONS**

- 5.1 The Service provider shall be fully responsible to Transnet for the acts and omissions of persons directly or indirectly employed by them.

**SECTION 11: SBD 9- CERTIFICATE OF INDEPENDENT BID DETERMINATION**

1. Section 4(1)(b)(iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging). Collusive bidding is a per se prohibition meaning that it cannot be justified under any grounds. Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of services for purchasers who wish to acquire services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.
2. Transnet will take all reasonable steps to prevent abuse of the supply chain management system and to:
  - a. disregard the bid of any bidder if that bidder, or any of its directors have abused the institution's supply chain management system and or committed fraud or any other improper conduct in relation to such system.
  - b. cancel a contract awarded to a provider of services if the service provider committed any corrupt or fraudulent act during the bidding process or the execution of that contract.
3. This SBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.
4. In order to give effect to the above, the following certificate of Bid Determination (SBD 9) must be completed and submitted with the bid:
