TERMS OF REFERENCE FOR GENDER-BASED VIOLENCE APP

1. BRIEF BACKGROUND

Statistics SA has released data suggesting that intimate partner violence, rape and sexual violence have become hyperendemic. This form of abuse affects us, and our mothers and sisters are subjected to assault and murder in our country daily. To align with the National Strategic Plan on Gender-Based Violence and Femicide, the KZN Provincial Government has adopted the Provincial GBVF Strategic Implementation plan that is subjected to the following pillars:

- Pillar 1: Accountability, Coordination and Leadership.
- Pillar 2: Prevention and rebuilding social cohesion.
- Pillar 3: Justice, Safety and Protection.
- Pillar 4: Response, Care, Support and Healing.
- Pillar 5: Economic Power.
- Pillar 6: Research and Information Management. As such the KZN government has resolved to engage developers and innovators in the development of a GBV App.

The app should:

- Facilitate a fast response for victims of GBVF by the Multi sectoral Team. The proposed solution should be a GBVF App with a panic button which will be utilised by community members who feel unsafe.
- Be freely accessible on WhatsApp and via USSD (Panic button single digit number).
- Be linked to members of the RRT from SAPS police stations, Health Facilities, Shelters, Places of Safety, schools, Thuthuzela care centres, specialised courts including Tribal Courts and civil society organisations who operate in war rooms.
- Generate reports which will assist in identifying GBVF hotspots in terms of types of abuse.
- Should capture GPS coordinates to be able to capture the exact location of the victim at any given time.
- Envisaged launch date: 24 November 2024
