Section 6: Market Research

The following information demonstrates market analysis and assists in arriving at the targets above.

The secondary market research has revealed that there is a limited number of suppliers in the design, manufacture, supply, installation, and commissioning of Primary and Secondary Clarifiers' Valve Automation & associated works that are meeting the CIDB requirements for the project. The source of information is the Market Analysis from GROUP CAPITAL MARKET INTELLIGENCE. There are also fewer Black Owned Suppliers. Therefore, SDL&I supports LIMITED TENDERING by inviting those suppliers identified in the Market Analysis Report. However, this should not prevent any suitably qualifying supplier in the market, that was omitted from the Market Analysis, from submitting its Tender.
