## 1. SCOPE OF WORK

### SUPPLY OF INSULATORS FOR POWERLINE DEPARTMENT PROJECTS IN TRANSMISSION

Eskom Rotek Industries require the following for POWERLINE DEPARTMENT PROJECTS in TRANSMISSION as and when required.

**Manufacture and deliver to POWERLINE DEPARTMENT on various projects as and when required:**

#### Insulators:

Glass Cap and Pin Insulators Suspension Assemblies (for V-String) 2804 210kN 20 mm/kV

Glass Cap and Pin Insulators Suspension Assemblies (for I-String) 2006 210kN 20 mm/kV

Glass Cap and Pin Insulators Suspension Assemblies 120kN 20 mm/kV

Glass Cap and Pin Insulators Suspension Assemblies 400kN 20 mm/kV

Glass Cap and Pin Insulators Strain Assemblies (503 strain towers) 4134 210kN 20 mm/kV

Glass Cap and Pin Insulators Strain Assemblies 300kN (518C) 234 300kN 20 mm/kV

Earth Wire Composite Insulators (2 SUSPENSION) - Short Insulators - 120kN 31 mm/kV

Earth Wire Composite Insulators (2 STRAINERS) -

Polyprop insulators 275kV

Polyprop insulators 400kv

Polyprop insulators 11-132kv

Stand-off insulator 11-132kv
