Scoring Criteria		
Technical Resource 1 -.Net Developer		
Developer has a Diploma or Degree in Information Technology/Computer Science/Information Systems. **NB: Attach a clearly marked CV with qualifications. Not submitting a CV will lead to a score of zero(0) being allocated.**	Proposed resource has Diploma or Degree in Information Technology/Computer Science/Information Systems.	20
	Proposed resource does not have Diploma or Degree in Information Technology/Computer Science/Information Systems.	0
Developer must have two(2) or more years' experience in working with .Net based information systems. **NB: Information will be verified on provided resource CV. Not submitting a CV will lead to a score of zero(0) being allocated.**	Proposed resources has two(2) or more years in working with .Net based information systems.	10
	Proposed resources has less than two(2) years in working with .Net based information systems.	0
Developer must have two (2) or more with working with SQL server and MySQL based systems **NB: Information will be verified on provided resource CV. Not submitting a CV will lead to a score of zero(0) being allocated.**	Proposed resources has than two (2) or more years in working with QL server and MySQL based systems	10
	Proposed resources has less than two (2) or more years in working with QL server and MySQL based systems	0
Developer must have two (2) or more years' experience with working with API's(Application Programming Interface) **NB: Information will be verified on provided resource CV. Not submitting a CV will lead to a score of zero(0) being allocated.**	Proposed resources has two (2) or more years' experience in working with API's(Application Programming Interface)	10
	Proposed resources has less than two(2) years' experience in working with API's(Application Programming Interface)	0
Technical Resource 2 -Database Administrator		
Developer has a Diploma or Degree in Information Technology/Computer Science/Information Systems. **NB: Attach a clearly marked CV with qualifications. Not submitting a CV will lead to a**	Proposed resource has Diploma or Degree in Information Technology/Computer Science/Information Systems.	20
	Proposed resource does not have Diploma or	0

score of zero(0) being allocated.	Degree in Information Technology/Computer Science/Information Systems.	
Developer must have two (2) or more with working with SQL server and MySQL based systems **NB: Information will be verified on provided resource CV. Not submitting a CV will lead to a score of zero(0) being allocated.**	Proposed resources has than two (2) or more years in working with QL server and MySQL based systems	10
	Proposed resources has less than two (2) or more years in working with QL server and MySQL based systems	0
Developer must have two (2) or more with working with DTS (Data Transformation Services) **NB: Information will be verified on provided resource CV. Not submitting a CV will lead to a score of zero(0) being allocated.**	Proposed resources has than two (2) or more years in working with DTS (Data Transformation Services)	10
	Proposed resources has less than two (2) or more years in working DTS (Data Transformation Services)	0
Developer must have two (2) or more years' experience working with SSIS (SQL Server Integration Services) **NB: Information will be verified on provided resource CV. Not submitting a CV will lead to a score of zero(0) being allocated.**	Proposed resource has two (2) or more years' experience working with SSIS (SQL Server Integration Services)	10
	Proposed resource has less than two (2) years' experience working with SSIS (SQL Server Integration Services)	0
