## REQUEST FOR INFORMATION: CALL FOR IT SERVICE PROVIDERS TO DEVELOP AND IMPLEMENT SOFTWARE INTEGRATION SOLUTION

**Casidra** SOC Ltd is in need of a service provider to develop and implement a software integration solution that will integrate all Casidra's standalone systems and processes. The proposed solution should integrate project management, procurement, finance and Human capital systems.

### IT Infrastructure

The application architecture at Casidra comprises of the following components:

- "Pastel Partner" which is used to manage a large number of bank accounts.
- A customised application that is currently used to manage the funds to specific project needs for both public and private funders.
- A HC system called "S-Cubed" that is partially integrated with a third-party payroll system called "Greatsoft".
- Absa Bio integrator for payment capture and approvals.
- A multitude of "Excel" spreadsheets for accounting, information management, and reporting purposes.
- On-premise application servers

The scope of works will include:

Virtual presentation to IT steering committee/management of proposed integration solution based on general requirements and current IT Infrastructure.

- Integration implementation breakdown of all phases before going live.
- Daily payment feed from operational tool to ABSA integrator and financial tool.
- Automate business processes and project processes
- Report writing-business intelligence capabilities
- Advance electronic payment approval process
- Accurate and timely access to reliable information – BI (Business Intelligence)
- The ability to share information between all components of the organization
- Quote (Integration Costing (All phases))
- Provide the required training to staff.
