1. Purpose

The purpose of this document is to outline the scope requirements for the purchase of new yellow plant fleet specifically Articulated Dump Truck (ADT's) for Eskom Rotek Industries (ERI) to use at Kusile PS.

2. Brief overview of our business

Eskom Rotek Industries (ERI) Bulk Material Services (BMS) division provides, amongst other services, yellow and white mobile plant equipment for bulk materials handling (ash and coal) to/in various power stations across the country mainly fossil power station, with the fossil power stations located in the Mpumalanga, Limpopo and Free State provinces/regions.

The yellow and white plant mobile plant equipment is used to provide various services to/for coal yards ash dams and dumps. In order for BMS to provide a high standard of service, a well maintained and reliable mobile fleet is essential.

3. Description of Services

The services required is for the supply and delivery of new ADTs for the yellow plant fleet, with warranty services, to ERI BMS, Johannesburg.

4. Scope of Work

Below listed, are the Technical specifications that further describe the required equipment:

No.	Boundary/Equipment	Specification
4.1	Engine	<ul style="list-style-type: none">• Tier 3/Stage IIIA emissions equivalent• Six-cylinder; turbocharged, Diesel• Gross Engine power – 200 to 300Kw range• Gross Torque range – 1000 to 2000 Nm @ 1300 rpm• Displacement range 6.5 – 10 L

-
- Sun visor – front/rear
 - Hydraulic cab tilt to 60 deg.
 - Air conditioner
-

5. Equipment monitoring hardware/software

The equipment must be fitted with hardware / software to facilitate online real monitoring of the following:

Location tracking

- Hours
- Fuel usage
- Productivity
- Diagnostic codes

6. Warranty

- One year/0 – 2500 hours standard, extended to 6000 hours on power train components
- Service to be conducted every 250 worked hours, with a lenient gap of 50 hours for the service to be conducted before the warranty becomes obsolete.

7. Delivery of Equipment

- Delivery of fully finished product within agreeable timelines from order
- Supplier must deliver/transport the machine to Rosherville, Johannesburg
- Commissioning of product must be within 3 days after delivery on site.

8. After Sales/Market Support

No.	Service
1.	24/7 technical support and parts/spares sales
2.	Average response time of 9 to 24 hours on warranty breakdowns and warranty services and confirmation of aftermarket support for next 6 years minimum
3.	95% OEM Parts availability in stock in South Africa

-
- | | |
|----|--|
| 4. | Seven (7) days turn-around time to import spares if not available locally |
| 5. | Supplier to provide free technical training for Artisans |
| 6. | Provide free Operator and Supervisor training within 30 days of delivery |
| 7. | Technical training on specific equipment to Eskom mechanical technician |
| 8. | Supplier to conduct quarterly machine health monitoring inspections and submit reports to Plant Management |
-

9. Recommendations

Recommendations from a technical perspective, will be based on the following conditions:

- Machine complies with the required specifications
- Price
- Product availability
- Technical specification compliance
