**CERTIFICATE OF INDEPENDENT BID DETERMINATION**

1. This Municipal Bidding Document (MBD) must form part of all bids<sup>3</sup> invited.
2. Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).<sup>4</sup> Collusive bidding is a *per se* prohibition meaning that it cannot be justified under any grounds.
3. Municipal Supply Regulation 38 (1) prescribes that a supply chain management policy must provide measures for the combating of abuse of the supply chain management system, and must enable the accounting officer, among others, to:
  - a. take all reasonable steps to prevent such abuse;
  - b. reject the bid of any bidder if that bidder or any of its directors has abused the supply chain management system of the municipality or municipal entity or has committed any improper conduct in relation to such system; and
  - c. cancel a contract awarded to a person if the person committed any corrupt or fraudulent act during the bidding process or the execution of the contract.
4. This MBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.

---

<sup>3</sup> Includes price quotations, advertised competitive bids, limited bids and BIDs.

<sup>4</sup> Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.

## **TERMS OF REFERENCE:**

### **APPOINTMENT OF SERVICE PROVIDER/S FOR THE GRADING OF FORMAL AND INFORMAL SPORTS GROUNDS THROUGHOUT THE CITY OF JOHANNESBURG ON AN AS AND WHEN REQUIRED BASIS FOR A PERIOD OF 36 MONTHS.**

#### **1. OBJECTIVE**

The City of Johannesburg seeks proposals from suitably qualified service providers for the grading of formal and informal sports grounds at various facilities within the City of Johannesburg Metropolitan Municipality for a period of three years.

#### **2. SUMMARY/ BACKGROUND**

For the purpose of utilisation of open gravel sports fields in the various Regions within the City of Johannesburg, such as community games, league games, training and during holiday periods, the necessity for use has attracted high level publicity hence the need for grading, stabilisation and compacting of these gravel sports fields by the City of Johannesburg: Sports and Recreation Department.

The City of Johannesburg has more than 100 un-turfed sports fields situated in seven (7) Regions and various wards that are primarily utilised for football training, tournaments, community games as well as weekend league games by various stakeholders. As a result, there is a high demand of usage that requires consistent maintenance and upkeep of these fields to avert any injuries that may occur.

The good grading starts below the surface wherein installing a high performance, sand-based field or working with natural soil is important that the grading is consistent throughout the surface, especially the infield. When grading is done properly, it can assist with water flow without damaging the surface; this is further able to minimize injuries when playing. However, if the subgrade is hastily and mistakenly installed, water movement is uneven, some areas will retain excess water (causing puddling and flooding) while others will dry too quickly, even following the strongest of precipitation events (unhealthy for turf, dangerous for infields).

Thus, it has further been acknowledged that because of the unique role of sport in the society and its ability to address some of the social issues, there is therefore a logical connection between some of the social issues, between corporate social responsibility (CSR) and sport.

Hence, sports fields are believed to be the breeding grounds of future leaders who play a significant role in social cohesion and development of communities.
