TECHNICAL SPECIFICATION

1 BACKGROUND AND CONTEXT

SABC requires a panel of integrated marketing agencies to support special projects that go beyond routine campaign delivery. These projects include major brand campaigns, audience growth initiatives, platform launches, sport and entertainment campaigns, stakeholder events and campaigns.

Due to the scale, urgency and variety of these projects, SABC needs agencies that can deliver strategic, creative, digital, experiential and multi-channel campaign support across its portfolio. A panel model is preferred because one agency may not always have the right capability, capacity or specialist expertise for every project. The panel will allow SABC to select the most suitable agency based on each project’s scope, budget, timelines and strategic importance.

Bidders must show that they can operate as both strategic and executional partners, delivering quality work, fast turnaround, strong project management, brand consistency, governance compliance and measurable reporting. Successful bidders will work with SABC’s marketing, brand, platform, procurement and governance teams to ensure all work is aligned, practical, cost-conscious and consistent with SABC’s public broadcasting mandate.

2 OBJECTIVES

The purpose of the appointment is to establish a pre-approved agency panel that can support SABC on special projects requiring integrated, high-quality and controlled marketing delivery.

The objectives of the appointment are to:

- Enable SABC to respond faster to priority projects and campaign opportunities.
- Improve strategic, creative and production quality on special projects.
- Support brand growth, audience engagement and platform adoption across the SABC portfolio.
- Ensure that work is delivered within a controlled governance, budgeting and reporting environment.
- Provide a practical mechanism for securing the right specialist support for different project categories.
- Enhance accountability through agreed briefs, deliverables, measurement and close-out reporting.

3 REQUIREMENTS AND SCOPE OF WORK

The full-service agencies will be required to provide integrated marketing support across the campaign value chain. The scope may include the following services, depending on the approved brief.

Service Area	Indicative Deliverables
Strategic planning	Campaign strategy, go-to-market planning, messaging frameworks, audience segmentation, positioning, campaign mechanics and rollout plans.
Creative development	Big ideas, campaign concepts, copywriting, art direction, campaign look and feel, visual systems, scripts, storyboards and creative rationales.
Digital and social media	Digital strategy, social media calendars, platform-specific content, social copy, paid social recommendations, short-form content concepts and audience engagement

	ideas.
SABC owned-platform integration	Campaign integration across SABC television, radio, SABC Plus, SABC Sport, SABC News, social pages, websites, on-air inventory and event platforms.
Presentation development	Executive presentations, partner pitch decks, trade marketing decks, campaign review decks and sponsorship-support presentations.
Design and adaptation	Adaptation of approved creative into TV, radio, digital, social, OOH, print, internal communications, stakeholder and event formats.
Implementation support	Campaign toolkits, roll-out metrics, timelines, asset trackers, production checklists, briefing templates and coordination support.
Measurement and reporting	Reporting templates, campaign wrap reports, key learnings, performance summaries and proof- of-execution collation support.

Agencies are required to prepare and submit four original proposed brand responses developed specifically for this RFP for the following SABC brands: Agencies to perform their own research on the below listed brands.

- Metro FM
- SABC 1
- SABC Plus
- SABC Sport

These responses must demonstrate how the agency would approach a special project or campaign for each brand and how it would think, develop, plan and execute integrated work across creative, production, digital media, activations and experiential, and out-of-home media.

Agencies are required to submit four original, brand-specific proposed responses tailored to Metro FM, SABC 1, SABC Plus and SABC Sport or equivalent. The evaluation will be based on the quality, relevance, creativity, integration, practicality, measurement logic and commercial logic of the submission presented in response to this RFP. Agencies should ensure that their submission is clear, tailored and directly responsive to the brief.

N.B Agencies are permitted to use AI tools to support research, drafting, ideation or presentation development. However, all submissions must remain the agency’s own original work, with clear strategic thinking, human oversight and accountability.

4 Out of Scope

- Editorial or newsroom decision-making and any influence over editorial content.
- Broadcast engineering, transmission, playout and core technical operations.
- Procurement decision-making on behalf of SABC.

Foreign suppliers with no local footprint (i.e. the foreign supplier doesn't have a branch or representative registered here in RSA) do not need to submit a tax clearance certificate.

These suppliers are also exempted from registering on the National Treasury's Central Supplier Database.
