Employer

Witness 1

Witness 2

Tender

“Number”
“Description”
“Closing date and time”
“Delivery address”
“Tenderer address on the back of the envelope”

Tender and supporting documents in a sealed envelope must be placed in a tender box situated at:

Physical Address: **Tswaing Local Municipality Technical Services Building**
ERF # 395
De Jager Street
DELAREYVILLE
2770

Tenders and supporting documents submitted by post must reach the Supply Chain Management in time for them to be placed in a tender box before the closing time and date.

Postal Address: **The Supply Chain Manager**
Tswaing Local Municipality
P. O. Box 24
DELAREYVILLE
2770

TENDER RESPONSIVENESS

- Municipal tender document (original, fully completed, signed and witnessed where required).
- CSD summary report of less than 30 days at closing.
- Compliant tax status as at closing date.
- Joint Venture Agreement signed by both partners if tendering as a Joint Venture.
- Original certified copies of IDs of company directors.
- Proof of company registration documents.
- Proof of relevant required CIDB registration or grading or proof of upgrade application from CIDB.
- CD or USB included (empty CD or USB will render tender submission nonresponsive).
- Electronic Priced Bill of Quantities saved on USB or CD as separate document.

CONDITIONS

- The Council will not be responsible for tenders not received or received late.
- Tenders will remain valid for ninety (90) days.
- Tenderers will also be required to show compliance with B-BBEE and Preferential Procurement Policy.
- An updated record of payment of rates, taxes and services to the relevant Municipality must be attached, failure to do so will invalidate the tender submitted unless proved to be in a Tribal land or a Lease Agreement is attached.
- No tenders will be considered from any person/s in the service of the State as defined in Regulation 1 of the Local Government: Municipal Supply Chain Regulation.

T1.2 TENDER DATA

The conditions of tender are the Standard Conditions of Tender as contained in Annexure F of the CIDB Standard for Uniformity in Construction Procurement (May 2010). (See www.cidb.org.za) which are reproduced without amendment or alteration for the convenience of Tenderers as an Annexure to this Tender Data.

The Tender Data make several references to the CIDB Standard Conditions of Tender for details that apply specifically to this tender. The Tender Data shall have precedence in the interpretation of any ambiguity or inconsistency between it and the standard conditions of tender. Each item of data given below is cross- referenced to the clause in the Standard Conditions of Tender to which it mainly applies.

Clause No.	Description
F.1.1	The Name and Address of the Employer is: Tswaing Local Municipality Corner General Delarey and Government Streets P O Box 24 Delareyville 2770
F.1.2	The tender document's contents are as follows: Part T1 : Tendering Procedures T1.1 Tender Notice and invitation to tender (WHITE) T1.2 Tender Data (PINK) Part T2: Returnable Documents T2.1 List of Returnable documents (YELLOW) T2.2 Returnable schedules (YELLOW) THE CONTRACT Part C1: Agreements and Contract Data C1.1 Form of Offer and Acceptance (YELLOW) C1.2 Contract Data (YELLOW) C1.3 Form of Guarantee (YELLOW) Part C2: Pricing Data C2.1 Pricing Instructions (YELLOW) C2.2 Bill of Quantities (YELLOW) Part C3: Scope of Work C3 Scope of Work (BLUE) Part C4: Site Information C4 Site Information (GREEN) Part C5: Additional Relevant Documents (WHITE) Part C6: Tender Drawings- Volume 2 (WHITE)

F1.3	Interpretation The tender data and additional requirements contained in the tender schedules that are included in the returnable documents are deemed to be part of these tender conditions.		
F1.3.2	Replace the contents of the clause with the following: The Standard Conditions of Tender, the Tender Data, List of Returnable Documents and Returnable Schedules which are required for the tender evaluation purposes, shall form part of the Contract arising from the invitation to tender.		
F.1.4	<table border="1" style="width: 100%; border-collapse: collapse;"> <tr> <td style="width: 50%; vertical-align: top;"> The Employer's Representative is: </td><td style="width: 50%; vertical-align: top;"> Ms. Gomolemo Moipolai Project Management Unit Manager Tel: 053 948 0787 Email: pmu@tswaing.gov.za gmoipolai@tswaing.gov.za </td></tr> </table> Attention is drawn to the fact that verbal communication given by the Employer's representative prior to the close of tenders will not be regarded as binding on the employer. Only information issued formally by the Employer in writing to the Tenderers, under the signature of the Accounting Officer or his nominee will be regarded as amending the tender documents. Tender offer communicated on paper shall be submitted as an original. In the event that no correspondence or communication is received from the Tswaing Local Municipality (TLM) within Ninety (90) days after the stipulated closing date and time of the tender, the tender proposal will be deemed to be unsuccessful.	The Employer's Representative is:	Ms. Gomolemo Moipolai Project Management Unit Manager Tel: 053 948 0787 Email: pmu@tswaing.gov.za gmoipolai@tswaing.gov.za
The Employer's Representative is:	Ms. Gomolemo Moipolai Project Management Unit Manager Tel: 053 948 0787 Email: pmu@tswaing.gov.za gmoipolai@tswaing.gov.za		
F.1.5.1	Reject or Accept The Employer may accept or reject any variation, deviation, tender offer, or alternative tender offer, and may cancel the tender process and reject all tender offers at any time before the formation of a contract. The Employer shall not accept or incur any liability to a Tenderer for such a cancellation and rejection, but will give written reasons for such action upon written request to do so from the Tenderers.		
F.2.1	Eligibility Only those Tenderers who satisfy the following criteria are eligible to submit tenders: Those Tenderers who are registered with the CIDB, or are eligible of being registered prior to the evaluation of the tenders, in a Contractor Grading Designation equal to 5GB or higher than a Contractor Grading Designation determined in accordance with the sum tendered for a CE class of construction work, are eligible to submit tenders.		

Contractor

	<u>Joint ventures are Eligible to Submit Tenders Provided that:</u> 1. Every member of the joint venture is registered with the CIDB; 2. The lead partner has a Contractor Grading Designation in the 5GB. 3. The combined Contractor grading designation calculated in accordance with the Construction Industry Development Regulations is equal to or higher than a Contractor Grading Designation determined in accordance with the sum tendered for a 5GB or HIGHER class of construction work. 4. Prospective Bidder must comply with Circular 81 of MFMA (Registration and Compliance with the CSD). 5. Failure to submit a signed (By all members of each company) Joint Venture Agreement for Bidders intending to bid as Joint Venture Partners and any form of MISREPRESENTATION of facts of the companies, Tenderer will be disqualified. The agreement must declare the following information; Bank account to be used, contribution, allocation, profits sharing etc. Tenderers faced with the above scenario and who fail to meet the combined designation grading will not be considered for the tender. Only those Tenderers who have in their employ management and supervisory staff satisfying the requirements of the scope of work for labour intensive competencies for supervisory and management staff are eligible to submit tenders.
F.2.2	Compensation for Tendering Accept that the Employer will not compensate the Tenderer for any costs incurred in the preparation and submission of a tender offer, including the costs of any testing necessary to demonstrate that aspects of the offer satisfy requirements.
F.2.3	Check Documents Check the tender documents on receipt for completeness and notify the Employer of any discrepancy or omission.
F.2.4	Confidentiality and Copyright Treat as confidential all matters arising in connection with the tender. Use and copy the documents issued by the Employer only for the purpose of preparing and submitting a tender offer in response to the invitation.
F.2.5	Reference Documents Obtain, as necessary for submitting a tender offer, copies of the latest versions of standards, specifications, conditions of contract and other publications, which are not attached but which are incorporated into the tender documents by reference.

Contractor

Witness 2

Employer

Witness 1

Witness 2

F2.6	Acknowledge Addenda Acknowledge receipt of addenda to the tender documents, which the Employer may issue, and if necessary, apply for an extension of the closing time stated in the tender data, in order to take the addenda into account.
F.2.7	Compulsory Clarification Meeting No clarification meeting or session. Should there be any addendum it will be published on either/or on the following websites E-Tender, CIDB and Municipal website.
F.2.8	Seek Clarification Questions or queries must be submitted to pmu@tswaing.gov.za on or before Thursday, 11th September 2025. However, Tswaing Local Municipality shall not be liable nor assume liability for failure to respond to any questions and / or queries raised by the Tenderer.
F.2.10	Pricing the Tender State the rates and prices in Rand.
F.2.10.5	Pricing and Tender Offer Add the following to the clause: A digital or excel copy of the Bill of Quantities can be requested and obtained from Ms. G. Moipolai on pmu@tswaing.gov.za or gmoipolai@tswaing.gov.za before 04th of November 2025 or alternatively from the Engineer at admin@tmaboka.co.za
F.2.11	Alterations to Documents Do not make any alterations or additions to the tender documents, except to comply with instructions issued by the Employer. Add the following to the clause: To correct errors made, draw a line through the incorrect entry and write the correct entry above in black ink and place the full signatures of the authorized signatories next to the correct entry.
F.2.12	Alternative Tender Offers Alternative offers may be submitted only if a main tender offer, strictly in accordance with all the requirements of the tender documents, is also submitted. The alternative tender offer is to be submitted with the main tender offer together with a schedule that compares the requirements of the tender documents with the alternative requirements the tenderer proposes. If a Tenderer wishes to submit an alternative tender offer, the only criteria permitted for such alternative tender offer is that it demonstrably satisfies the Employer's standards and requirements, the details of which may be obtained from the Employer.

Contractor

Witness 1

Witness 2

Employer

Witness 1

Witness 2

	Calculations, drawings and all other pertinent technical information and characteristics as well as modified or proposed Pricing Data must be submitted with the alternative tender offer to enable the Employer to evaluate the efficacy of the alternative and its principal elements, to take a view on the degree to which the alternative complies with the Employer's standards and requirements and to evaluate the acceptability of the pricing proposals. Calculations must be set out in a clear and logical sequence and must clearly reflect all design assumptions. Pricing Data must reflect all assumptions in the development of the pricing proposal. Acceptance of an alternative tender offer will mean acceptance in principle of the offer. It will be an obligation of the contract for the Tenderer, in the event that the alternative is accepted, to accept full responsibility and liability that the alternative offer complies in all respects with the Employer's standards and requirements. The modified Pricing Data must include an amount equal to 5% of the amount tendered for the alternative offer to cover the Employer's costs of confirming the acceptability of the detailed design before it is constructed. Failure to properly comply with this clause, thereby preventing the Employer and/or the Engineer to properly assess the full implications of the alternative tender, is likely to disqualify the alternative offered from further consideration. No submission by the Contractor after award for additional payment or time for completion of Works relating to the alternative offer will be considered, the tendered rates submitted shall be considered to reflect the full and final cost implications of the alternative offer.
F.2.13	Submitting a Tender Offer No late, faxed, emailed or other form of tender will be accepted. Completed tenders with attached documents, if any, must be submitted in Black ink in sealed envelopes. Accept that a tender submitted to the Employer cannot be withdrawn or substituted. All tenders received by the Tswaing Local Municipality will remain in the Municipality's possession until after the stipulated closing date and time. Add the following to the clause: No claim will be entertained for faults in the tender price resulting from any discrepancies, omissions or indistinct figures.
F.2.13.2	Replace the contents of the clause with the following: Return all volumes of the tender document to Employer after completion of relevant sections of each volume in their entirety by writing in black ink.

Contractor

Witness 2

Employer

Witness 1

Witness 2

	All volumes are to be left intact in their original format and no pages shall be removed or rearranged.
F.2.13.3	Add the following to clause: Parts of each tender offer communicated on paper shall be submitted as an original.
F.2.13.4	Add the following to clause: Only authorized signatories may sign the original Tender Offer where required in terms of 2.14.
F.2.13.5	Tender Delivery Address The Employer's address for delivery of tender offers and identification details to be reflected on each tender offer package are: Location of Tender Box: Tswaing Local Municipality Technical Services Building, ERF #: 395, De Jager Street, Delareyville, 2770 Physical Address: Tswaing Local Municipality Technical Services Building, ERF #: 395, DE Jager Street, Delareyville, 2770 Postal Address: P. O. Box 24, Delareyville, 2770 Tender Identification Details Tender Number: MIG-004/2025/26 Tender Description: Upgrading Of Delareyville Sport Complex Phase 1 Closing Time: 12:00 Midday CAT Closing Date: Friday, 04th November 2025
F2.13.19	Add the following to the clause: Accept that all conditions, which are printed or written upon any stationary used by the Tenderer for the purpose of or in connection with the submission of a tender offer for this Contract, which are in conflict with the conditions laid down in this document shall be waived, renounced and abandoned.
F.2.14	Information and Data to be Completed in all Respects Accept that tender offers, which do not provide all the data or information requested completely and, in the form, required, may be regarded by the Employer as non-responsive. Responsive tenders are ONLY those tenders with all documents and pages, contained herein, that have been signed by the responsible person duly authorized to sign all documents indicated on the returnable document "FORM T2.2.16 Authority of Signatory." Add the following clause: The Tenderer is required to enter information in the following sections of the document. Section T2.2..... : Returnable Schedules Section

Contractor

Witness 2

Employer

Witness 1

Witness 2

	Section C1.1: Form of Offer and Acceptance Section Section C1.2: Contract Data (Part 2) Section C2.2: Bill of Quantities The above sections shall be signed by the Tenderer and witnesses where required. Individual pages of the FORM OF ACCEPTANCE should only be completed, signed and initialed by the successful Tenderer and witnessed after acceptance by the Employer of the Tender Offer; all other pages must be signed, initialed and witnessed. The Tenderer shall complete and sign the FORM OF OFFER prior to the submission of a Tender Offer. The Schedule of Deviations (if applicable) shall be signed by the successful Tenderer after acceptance by the Employer of the Tender Offer. Accept that the Employer shall in the evaluation of tender offers take due account of the Tenderer's past performance in the execution of similar Engineering works of comparable magnitude, and the degree to which he possesses the necessary technical, financial and other resources to enable him to complete the Works successfully within the contract period. Satisfy the Employer and the Engineer as to his ability to perform and complete the Works timeously, safely and with satisfactory quality, and furnish details in section T2.2.2 of contracts of a similar nature and magnitude which they have successfully executed in the past. Accept that the Employer is restricted in accordance with clause 4. (4) of the Construction Regulations 2003, to only appoint a Contractor whom he is satisfied has the necessary competencies and resources to carry out the work safely. Accept that submitting inferior and inadequate information relating to health and safety shall be regarded as justifiable and compelling reasons not to accept the Tender Offer of the Tenderer scoring the highest number of tender evaluation points.
F.2.15.1	Tender Closing Date and Time The closing time and date for submission of tender offers is as stated in the Tender Notice and Invitation to Tender as follows: Date: Friday, 04th November 2025 Time: 12h00 Midday CAT
F.2.15.2	Non-Acceptable Submission Telephonic, telegraphic, telex, facsimile or e-mailed tender offers will not be accepted.

Contractor

F.2.16.	Tender Offer Validity The Tender offers will remain valid for a period of Ninety (90) Days without an option of withdrawal by the Tenderer.
F.2.16.1	Add the following to the clause: If the tender validity expires on a Saturday, Sunday or public holiday, the tender shall remain valid and open for acceptance until the closure of business on the following working day.
F.2.18	Provide Other Material The Tenderer shall, when requested by the Employer to do so, submit the names of all management and supervisory staff that will be employed to supervise the labour-intensive portion of the works together with satisfactory evidence that such staff members satisfy the eligibility requirements. Add the following to the clause: Accept that if requested, the Tenderer shall within 7 days of the date upon which he is requested to do so, submit a full report from his banker as to his financial standing. The Employer may, in its discretion, and subject to the provisions of Section 4(1)(d) of the State Tender Board Act 86 of 1968, condone any failure to comply with the foregoing condition. 1. Proposed Key Personnel The Tenderer shall indicate - All staff positions/tittles proposed for the team and the relationship between them. - Names of key professional people, and - Parent firm abbreviation and in brackets (for JVs) after each professional person. The text of this section shall include the concise statement of the duties of each individual of the organisation and the suitability of his/her qualifications for the assignment. In this part of the tender, the Tenderer shall also supply Curriculum Vitae [CV's of NOT MORETHAN FOUR (4) PAGES] for the Professional Staff named on the organizational chart and working on full time basis for the Tenderer. The CV should follow the normal Professional Format as used by Professional Service Providers. Each CV should give at least the following: - Name, Age, parent firm, position in the parent firm and within the organization of this assignment. - Educational qualifications. - Relevant experience (actual duties performed, involvement and responsibility), including locations, dates and durations of assignments, starting with the latest. - Summary of experience. - Language proficiency, and - References (company name, individual name, position held, contact details).

Contractor

	The CV must include a statement dated and signed by the individual, indicating his agreement to work on the assignment. Much importance will be placed on the experience of the staff proposed. The Tender must ensure that, if selected, the nominated staff will be assigned as proposed. Failure to do so may result in the annulment of any acceptance of the Tenders' proposal and/ or Agreement entered into by the Client for the execution of the services. 2. Joint Venture arrangements should be in accordance with the CIDB Guidelines (D2 or latest version), Joint Venture must be constituted by means of a comprehensive and fair, written agreement between the members, which sets out their obligations, rights, risks and rewards. Joint Venture members should share at least the following aspects of the Joint Venture activities in a meaningful and equitable manner: 1. Control 2. Management 3. Operations 4. Risk 5. Profit and Loss The Tenderer shall list in the appropriate Forms the appropriate related projects undertaken by the member firms of the Tenderer within the last five (5) years. Provide short precise report on 3 completed projects with Client Specific Evidential Information (or Consultant Specific ONLY in the absence of Client Specific Formats). Please fill in the exact required information, failing which your bid will be rendered non-responsive. The Tenderer shall provide documentation of company experience of each member of the Consortium/Joint Venture in construction of roads and storm water related projects.
F.2.20	Add the following to the clause: Accept that the Employer, reserves the right to approach the Tenderer's Banker or Guarantor(s) as indicated in the tender document, or the Bankers of each of the individual members of any Joint Venture that is constituted for purposes of ascertaining the financial strength of the Tenderer or of the individual member of such venture; and affirmation of the letter of intent referred to below. The tenderer is required to submit with his tender a letter of intent from an approved financial institution undertaking to provide the Construction Guarantee in the format included in Part C1.3 of this procurement document; and such guarantee will be put in place upon appointment.
F.2.22	Return of Other Documents Return all retained tender documents prior to the closing time for the submission of Tender Offers.

Contractor

Witness 1

Witness 2

Employer

Witness 1

Witness 2

F.2.23	Certificates The Tenderer is required to submit with this tender the following: 1. In case of Joint Venture - the Joint Venture Agreement. 2. Tax Compliance Status PIN Certificate issued by the South African Revenue Services. 3. Copy of the Company/Partnership/Close Corporation Registration Documents; in case of Joint Venture, both Partners must submit Registration Documents. A copy of certificate of Contractor (CIDB) Registration or Proof of Upgrading issued by the Construction Industry Development Board. 4. Bank Rating Letter, only original letters will be accepted, NO COPIES. 5. Recent copy of the CSD summary report less than 30 days at closing of tender. 6. Certificate of Good Standing with Compensation Commissioner or FEMA. 7. Documents and Schedules listed in Part T2 Non-Submission of the above documents will result in automatic disqualification of the tender.
F.3.2.	Issue Addenda If necessary, issue addenda that may amend or amplify the tender documents to each tenderer during the period from the date that tender documents are available until three days before the tender closing time stated in the Tender Data. If, as a result a tenderer applies for an extension to the closing time stated in the Tender Data, the Employer may grant such extension and, shall then notify all tenderers who drew documents.
F.3.3.	Return Late Tender Offers Return tender offers received after the closing time stated in the Tender Data, unopened, (unless it is necessary to open a tender submission to obtain a forwarding address), to the tenderer concerned.
F.3.4	Opening of Tender Submissions Tenders will NOT be opened in public, but will be opened immediately after the closing time to check and confirm compliance. Submission list compliance will be emailed to tenderers on request within the expiry of the validity period.
F.3.5	Two Envelope System A two-envelope procedure will not be followed.
F.3.6	Non-disclosure After the opening of the tender offers, no information relating to the clarification, determination of responsiveness, evaluation and comparison of tender offers and recommendations concerning the award of the tender shall be disclosed to any other Tenderer or persons not concerned with such process until the award of the Tender has been announced by the Tswaing Local Municipality.
F.3.7.	Grounds for Rejection and Disqualification Determine whether there has been any effort by a tenderer to influence the processing of tender offers and instantly disqualify a tenderer (and his tender

Contractor

Witness 1

Witness 2

Employer

Witness 1

Witness 2

	offer) if it is established that he engaged in corrupt or fraudulent practices.
F.3.8.	Test for Responsiveness
F.3.8.1.	Determine, after opening and before detailed evaluation, whether each tender offer properly received: a) Complies with the requirements of these Conditions of Tender, b) Has been properly and fully completed and signed, and c) Is responsive to the other requirements of the tender documents.
F.3.8.2.	A responsive tender is one that conforms to all the terms, conditions, and specifications of the tender documents without material deviation or qualification. A material deviation or qualification is one which, in the Employer's opinion, would: a) Detrimentially affect the scope, quality, or performance of the works, services or supply identified in the Scope of Work, b) Significantly change the Employer's or the tenderer's risks and responsibilities under the contract, or c) Affect the competitive position of either tenderer presenting responsive tenders, if it were to be rectified. d) Reject a non-responsive tender offer, and not allow it to be subsequently made responsive by correction or withdrawal of the non-conforming deviation or reservation.
F.3.9.	Arithmetical Errors, Omissions and Discrepancies
F.3.9.1.	Check responsive tenders for discrepancies between amounts in words and amounts in figures. Where there is a discrepancy between the amounts in figures and the amount in words, the amount in words shall govern.
F.3.9.2.	Check the highest ranked tender or tenderer with the highest number of tender evaluation points after the evaluation of tender offers in accordance with F.3.11 for: a) The gross misplacement of the decimal point in any unit rate. b) Omissions made in completing the pricing schedule or bills of quantities; or c) Arithmetic errors in line-item totals resulting from the product of a unit rate and a quantity in bills of quantities or schedules of prices; or ii) the summation of the prices.
F.3.9.3.	Notify the tenderer of all errors or omissions that are identified in the tender offer and either confirm the tender offer as tendered or accept the corrected total of prices.
F.3.9.4.	Where the tenderer elects to confirm the tender offer as tendered, correct the errors as follows: a) If bills of quantities or pricing schedules apply and there is an error in the line-item total resulting from the product of the unit rate and the quantity,

Contractor

Witness 1

Witness 2

Employer

Witness 1

Witness 2

	the line-item total shall govern and the rate shall be corrected. Where there is an obviously gross misplacement of the decimal point in the unit rate, the line-item total as quoted shall govern, and the unit rate shall be corrected. b) Where there is an error in the total of the prices either as a result of other corrections required by this checking process or in the tenderer's addition of prices, the total of the prices shall govern and the tenderer will be asked to revise selected item prices (and their rates if bills of quantities apply) to achieve the tendered total of the prices.																															
F.3.10.	Clarification of a Tender Offer Obtain clarification from a tenderer on any matter that could give rise to ambiguity in a contract arising from the tender offer.																															
F.3.11	Evaluation of Tender offers Tenderers notice is drawn to the fact that the evaluation, adjudication and awarding of this tender will be in terms of the Supply Chain Management Policy of the Tswaing Local Municipality and the Preferential Procurement Regulations of 2022. The procedure for the evaluation of responsive tenders is Method 4 (financial offer made, preference claimed if any, and the quality offered - functionality, 80/20 Preferential Point System). 	tender offer to a comparative offer and evaluate them using the tender evaluation methods and associated evaluation criteria and weightings that are specified in the tender data. This remains the client's decision.
F.3.11.5	The procedure for the evaluation of responsive tenders is Method 4: Financial offer, Quality and Preferences; In the case of a financial offer, quality and preferences: - Score each tender in respect of the financial offer made, preference claimed, if any, and the quality offered in accordance with the provisions of F.3.11.7 to F.3.11.9, rejecting all tender offers that fail to score the minimum number of points for quality stated in the tender data, if any. - Calculate the total number of tender evaluation points (T_{EV}) in accordance with the following formula, unless otherwise stated in the Tender Data: $T_{EV} = N_{FO} + N_P + N_Q,$ where: ▪ N_{FO} is the number of tender evaluation points awarded for the financial offer made in accordance with F.3.11.7. ▪ N_P is the number of tender evaluation points awarded for preferences claimed in accordance with F.3.11.8. ▪ N_Q is the number of tender evaluation points awarded for quality offered in accordance with F.3.11.9. - Rank tender offers from the highest number of tender evaluation points to the lowest. - Recommend the Tenderer with the highest number of tender evaluation points for the award of the contract, unless there are compelling and justifiable reasons not to do so. - Rescore and re-rank all Tenderers should there be compelling and justifiable reasons not to recommend the Tenderer with the highest number of tender evaluation points and recommend the Tenderer with the highest number of tender evaluation points, unless there are compelling and justifiable reasons not to do so and the process set out in this subclause is repeated.
F.3.11.6.	Decimal Places Score financial offers, preferences and quality, as relevant, to two decimal places.
F.3.11.7.	Scoring Financial Offers Score the financial offers of remaining responsive tender offers using the following formula: N_{FO} = W₁ x A, where ▪ N_{FO} is the number of tender evaluation points awarded for the financial

Contractor

Witness 1

Witness 2

Employer

Witness 1

Witness 2

	offer. ▪ W₁ is the maximum possible number of tender evaluation points awarded for the financial offer. ▪ A is a number calculated using the formula and option described in Table F.1 below. <u>Table F.1: Formulae for calculating the value of A</u> <table><tr><th>Formula</th><th>Comparison aimed at achieving</th><th>Option 1a</th><th>Option 2 a</th></tr><tr><td>1</td><td>Highest price or discount</td><td>$(1 - \frac{(P - P_m)}{P_m})$</td><td>$A = P / P_m$</td></tr><tr><td>2</td><td>Lowest price or percentage commission / fee</td><td>$(1 - \frac{(P - P_m)}{P_m})$</td><td>$A = P_m / P$</td></tr></table> where: ▪ P_m is the comparative offers of the most favorable tender offer. ▪ P is the comparative offers of tender offer under consideration.	Formula	Comparison aimed at achieving	Option 1a	Option 2 a	1	Highest price or discount	$(1 - \frac{(P - P_m)}{P_m})$	$A = P / P_m$	2	Lowest price or percentage commission / fee	$(1 - \frac{(P - P_m)}{P_m})$	$A = P_m / P$
Formula	Comparison aimed at achieving	Option 1a	Option 2 a										
1	Highest price or discount	$(1 - \frac{(P - P_m)}{P_m})$	$A = P / P_m$										
2	Lowest price or percentage commission / fee	$(1 - \frac{(P - P_m)}{P_m})$	$A = P_m / P$										
F.3.11.8.	Scoring Preferences Confirm that tenderers are eligible for the preferences claimed in accordance with the provisions of the tender data and reject all claims for preferences where tenderers are not eligible for such preferences. Calculate the total number of tender evaluation points for preferences claimed in accordance with the provisions of the tender data.												
F3.11.9.	Scoring Quality Score each of the criteria and sub-criteria for quality in accordance with the provisions of the Tender Data. Calculate the total number of tender evaluation points for quality using the following formula: N_Q = W₂ x S_O / M_S, where: ▪ S_O is the score for quality allocated to the submission under consideration; ▪ M_S is the maximum possible score for quality in respect of a submission; and ▪ W₂ is the maximum possible number of tender evaluation points awarded for the quality as stated in the tender data.												
F.3.12.	Insurance Provided by the Employer There is NO insurance to be provided by the Employer on this contract. BUT if requested by the proposed successful tenderer, submit for the tenderer's information the policies and / or certificates of insurance which the conditions of contract identified in the contract data, require the employer to provide.												
F.3.13.	Acceptance of Tender Offer												

Contractor

Witness 1

Witness 2

Employer

Witness 1

Witness 2

	Accept the tender offer, if in the opinion of the employer, it does not present any unacceptable commercial risk and only if the tenderer: a) Is not under restrictions, or has principals who are under restrictions, preventing participating in the Employer's procurement, b) Can, as necessary and in relation to the proposed contract, demonstrate that he or she possesses the professional and technical qualifications, professional and technical competence, financial resources, equipment and other physical facilities, managerial capability, reliability, experience and reputation, expertise and the personnel, to perform the contract, c) Has the legal capacity to enter into the contract, d) Is not insolvent, in receivership, bankrupt or being wound up, has his affairs administered by a Court or a Judicial Officer, has suspended his business activities, or is subject to legal proceedings in respect of any of the foregoing, e) Complies with the legal requirements, if any, stated in the tender data, and f) Is able, in the opinion of the Employer, to perform the contract free of conflicts of interest.
F.3.14	Prepare Contract Documents
F.3.14.1	If necessary, revise documents that shall form part of the contract and that were issued by the employer as part of the tender documents to take account of: ▪ Addenda issued during the tender period, ▪ Inclusion of some of the returnable documents, and ▪ Other revisions agreed between the employer and the successful tenderer.
F.3.14.2	Complete the schedule of deviations attached to the form of offer and acceptance, if any.
F.3.15.	Complete Adjudicator's Contract Unless alternative arrangements have been agreed or otherwise provided for in the contract, arrange for both parties to complete formalities for appointing the selected adjudicator at the same time as the main contract is signed.
F.3.16.	Notice to Unsuccessful Tenderers
F.3.16.1.	Notify the successful tenderer of the employer's acceptance of his tender offer by completing and returning one copy of the form of offer and acceptance before the expiry of the validity period stated in the tender data, or agreed additional period.
F.3.16.2.	After the successful tenderer has been notified of the employer's acceptance of the tender, notify other tenderers that their tender offers have not been

Contractor

	accepted.
F.3.17.	Provide Copies of the Contract Provide to the successful tenderer ONE COPY of the signed copy of the contract as soon as possible after completion and signing of the form of offer and acceptance.
F.3.18.	Provide Written Reasons for Actions Taken Provide upon request written reasons to tenderers for any action that is taken in applying these conditions of tender, but withhold information which is not in the public interest to be divulged, which is considered to prejudice the legitimate commercial interests of tenderers or might prejudice fair competition between tenderers.

Annex: Standard Conditions of Tender

(As contained in Annexure F of the CIDB Standard for Uniformity in Construction Procurement as amended in Board Notice 86 of 2010 (May 2010))

F.1.	General
F.1.1.	Actions
F.1.1.1.	The employer and each tenderer submitting a tender offer shall comply with these conditions of tender. In their dealings with each other, they shall discharge their duties and obligations as set out in F.2 and F.3, timeously and with integrity, and behave equitably, honestly and transparently, comply with all legal obligations and not engage in anticompetitive practices.
F.1.1.2.	The employer and the tenderer and all their agents and employees involved in the tender process shall avoid conflicts of interest and where a conflict of interest is perceived or known, declare any such conflict of interest, indicating the nature of such conflict. Tenderers shall declare any potential conflict of interest in their tender submissions. Employees, agents and advisors of the employer shall declare any conflict of interest to whoever is responsible for overseeing the procurement process at the start of any deliberations relating to the procurement process or as soon as they become aware of such conflict, and abstain from any decisions where such conflict exists or recuse themselves from the procurement process, as appropriate. Note: 1) A conflict of interest may arise due to a conflict of roles which might provide an incentive for improper acts in some circumstances. A conflict of interest can create an appearance of impropriety that can undermine confidence in the ability of that person to act properly in his or her position

Contractor

Witness 1

Witness 2

Employer

Witness 1

	even if no improper acts result. 29 Conflicts of interest in respect of those engaged in the procurement process include direct, indirect or family interests in the tender or outcome of the procurement process and any personal bias, inclination, obligation, allegiance or loyalty which would in any way affect any decisions taken.
F.1.1.3.	The employer shall not seek, and a tenderer shall not submit a tender without having a firm intention and the capacity to proceed with the contract.
F.1.2.	Tender Documents The documents issued by the employer for the purpose of a tender offer are listed in the tender data.
F.1.3.	Interpretation
F.1.3.1.	The tender data and additional requirements contained in the tender schedules that are included in the returnable documents are deemed to be part of these conditions of tender.
F.1.3.2.	These conditions of tender, the tender data and tender schedules which are only required for tender evaluation purposes, shall not form part of any contract arising from the invitation to tender.
F.1.3.3.	For the purposes of these conditions of tender, the following definitions apply: a) Conflict of interest means any situation in which: i. someone in a position of trust has competing professional or personal interests which make it difficult to fulfil his or her duties impartially. ii. an individual or organization is in a position to exploit a professional or official capacity in some way for their personal or corporate benefit; or iii. incompatibility or contradictory interests exist between an employee and the organization which employs that employee. b) Comparative offer means the tenderer's financial offer after all tendered parameters that will affect the value of the financial offer have been taken into consideration in order to enable comparisons to be made between offers on a comparative basis c) Corrupt practice means the offering, giving, receiving or soliciting of anything of value to influence the action of the employer or his staff or agents in the tender process; and d) Fraudulent practice means the misrepresentation of the facts in order to influence the tender process or the award of a contract arising from a tender offer to the detriment of the employer, including collusive practices intended to establish prices at artificial levels e) Organization means a company, firm, enterprise, association or other

Contractor

Witness 1

Witness 2

Employer

Witness 1

Witness 2

	legal entity, whether incorporated or not, or a public body f) Quality (functionality) means the totality of features and characteristics of a product or service that bear on its ability to satisfy stated or implied needs.
F.1.4.	Communication and Employer's Agent Each communication between the employer and a tenderer shall be to or from the employer's agent only, and in a form that can be readily read, copied and recorded. Communications shall be in the English language. The employer shall not take any responsibility for non-receipt of communications from or by a tenderer. The name and contact details of the employer's agent are stated in the tender data.
F.1.5.	The Employer's Right to Accept or Reject any Tender Offer
F.1.1.	The employer may accept or reject any variation, deviation, tender offer, or alternative tender offer, and may cancel the tender process and reject all tender offers at any time before the formation of a contract. The employer shall not accept or incur any liability to a tenderer for such cancellation and rejection but will give written reasons for such action upon written request to do so.
F.1.2.	The employer may not subsequent to the cancellation or abandonment of a tender process or the rejection of all responsive tender offers reissue a tender covering substantially the same scope of work within a period of six months unless only one tender was received, and such tender was returned unopened to the tenderer.
F.1.6.	Procurement Procedures
F.1.6.1.	General Unless otherwise stated in the tender data, a contract will, subject to F.3.13, be concluded with the tenderer who in terms of F.3.11 is the highest ranked or the tenderer scoring the highest number of tender evaluation points, as relevant, based on the tender submissions that are received at the closing time for tenders.
F.1.6.2.	Competitive Negotiation Procedure
F.1.6.2.1.	Where the tender data require that the competitive negotiation procedure is to be followed, tenderers shall submit tender offers in response to the proposed contract in the first round of submissions. Notwithstanding the requirements of F.3.4, the employer shall announce only the names of the tenderers who make a submission. The requirements of F.3.8 relating to the material deviations or qualifications which affect the competitive position of tenderers shall not apply.
F.1.6.2.2.	All responsive tenderers, or not less than three responsive tenderers that are

Contractor

Witness 1

Witness 2

Employer

Witness 1

Witness 2

	highest ranked in terms of the evaluation method and evaluation criteria stated in the tender data, shall be invited in each round to enter into competitive negotiations, based on the principle of equal treatment and keeping confidential the proposed solutions and associated information. Notwithstanding the provisions of F.2.17, the employer may request that tenders be clarified, specified and fine-tuned in order to improve a tenderer's competitive position provided that such clarification, specification, fine tuning or additional information does not alter any fundamental aspects of the offers or impose substantial new requirements which restrict or distort competition or have a discriminatory effect.
F.1.6.2.3.	At the conclusion of each round of negotiations, tenderers shall be invited by the employer to make a fresh tender offer, based on the same evaluation criteria, with or without adjusted weightings. Tenderers shall be advised when they are to submit their best and final offer.
F.1.6.2.4.	The contract shall be awarded in accordance with the provisions of F.3.11 and F.3.13 after tenderers have been requested to submit their best and final offer.
F.1.6.3.	Proposal Procedure using the Two-Stage System A two-stage system will not be followed.
F.1.6.3.1	Option 1 Tenderers shall in the first stage submit technical proposals and, if required, cost parameters around which a contract may be negotiated. The employer shall evaluate each responsive submission in terms of the method of evaluation stated in the tender data, and in the second stage negotiate a contract with the tenderer scoring the highest number of evaluation points and award the contract in terms of these conditions of tender.
F.1.6.3.2.	Option 2
F.1.6.3.2.1.	Tenderers shall submit in the first stage only technical proposals. The employer shall invite all responsive tenderers to submit tender offers in the second stage, following the issuing of procurement documents.
F.1.6.3.2.2.	The employer shall evaluate tenders received during the second stage in terms of the method of evaluation stated in the tender data and award the contract in terms of these conditions of tender.
F.2.	Tenderer's Obligations
F.2.1.	Eligibility
F.2.1.1.	Submit a tender offer only if the tenderer satisfies the criteria stated in the tender data and the tenderer, or any of his principals, is not under any restriction to do business with employer.
F.2.1.2.	Notify the employer of any proposed material change in the capabilities or

Contractor

Witness 1

Witness 2

Employer

Witness 1

Witness 2

	formation of the tendering entity (or both) or any other criteria which formed part of the qualifying requirements used by the employer as the basis in a prior process to invite the tenderer to submit a tender offer and obtain the employer's written approval to do so prior to the closing time for tenders.
F.2.2.	Cost of Tendering Accept that, unless otherwise stated in the tender data, the employer will not compensate the tenderer for any costs incurred in the preparation and submission of a tender offer, including the costs of any testing necessary to demonstrate that aspects of the offer comply with requirements.
F.2.3	Check Documents Check the tender documents on receipt for completeness and notify the employer of any discrepancy or omission.
F.2.4.	Confidentiality and Copyright of Documents Treat as confidential all matters arising in connection with the tender. Use and copy the documents issued by the employer only for the purpose of preparing and submitting a tender offer in response to the invitation.
F.2.5.	Reference Documents Obtain, as necessary for submitting a tender offer, copies of the latest versions of standards, specifications, conditions of contract and other publications, which are not attached but which are incorporated into the tender documents by reference.
F.2.6.	Acknowledge Addenda Acknowledge receipt of addenda to the tender documents, which the employer may issue, and if necessary, apply for an extension to the closing time stated in the tender data, in order to take the addenda into account.
F.2.7.	Clarification Meeting Attend, where required, a clarification meeting at which tenderers may familiarize themselves with aspects of the proposed work, services or supply and raise questions. Details of the meeting(s) are stated in the tender data. Add the following to the clause: No clarification meeting will be held. It is the onus of the tenderers to seek more information and familiarize themselves with the conditions prevailing and demographics around the project area. (Clarification meeting is Not Applicable - N/A).
F.2.8.	Seek Clarification Request clarification of the tender documents, if necessary, by notifying the employer at least three calendar days before the closing time stated in the tender data.
F.2.9	Insurance

Contractor

Witness 1

Witness 2

Employer

Witness 1

Witness 2

	Be aware that the extent of insurance to be provided by the employer (if any) might not be for the full cover required in terms of the conditions of contract identified in the contract data. The tenderer is advised to seek qualified advice regarding insurance that will be of full cover.
F.2.10.	Pricing the Tender Offer
F.2.10.1.	Include in the rates, prices, and the tendered total of the prices (if any) all duties, taxes (except Value Added Tax (VAT), and other levies payable by the successful tenderer, such duties, taxes and levies being those applicable 14 days before the closing time stated in the tender data.
F.2.10.2.	Show VAT payable by the employer separately as an addition to the tendered total of the prices.
F.2.10.3.	Provide rates and prices that are fixed for the duration of the contract and not subject to adjustment except as provided for in the conditions of contract identified in the contract data.
F.2.10.4.	State the rates and prices in Rand unless instructed otherwise in the tender data. The conditions of contract identified in the contract data may provide for part payment in other currencies.
F.2.11	Alterations to Documents Do not make any alterations or additions to the tender documents, except to comply with instructions issued by the employer, or necessary to correct errors made by the tenderer. All signatories to the tender offer shall initial all such alterations. Erasures and the use of masking fluid are prohibited.
F.2.12	Alternative Tender Offers
F.2.12.1.	Unless otherwise stated in the tender data, submit alternative tender offers only if a main tender offer, strictly in accordance with all the requirements of the tender documents, is also submitted as well as a schedule that compares the requirements of the tender documents with the alternative requirements that are proposed.
F.2.12.2	Accept that an alternative tender offer may be based only on the criteria stated in the tender data or criteria otherwise acceptable to the employer.
F.2.13	Submitting a Tender Offer
F.2.13.1.	Submit one tender offer (hard copy) only with a CD or USB (soft copy), either as a single tendering entity or as a member in a Joint Venture to provide the whole of the works, services or supply identified in the contract data and described in the scope of works, unless stated otherwise in the tender data.
F.2.13.2.	Return all returnable documents including a CD or USB (scanned documents) to the Employer after completing them in their entirety, either electronically (if they were issued in electronic format) or by writing legibly in NO erasable ink.

Contractor

Witness 1

Witness 2

Employer

Witness 1

Witness 2

F.2.13.3.	Submit the parts of the tender offer communicated on paper as an original plus the number of copies stated in the tender data, with an English translation of any documentation in a language other than English, and the parts communicated electronically in the same format as they were issued by the Employer.
F.2.13.4.	Sign the original and all copies of the tender offer where required in terms of the tender data. The employer will hold all authorized signatories liable on behalf of the tenderer. Signatories for tenderers proposing to contract as joint ventures shall state which of the signatories is the lead partner whom the employer shall hold liable for the purpose of the tender offer.
F.2.13.5.	Seal the original marking the package as "ORIGINAL COPY". The package shall state on the outside the Employer's address and identification details stated in the tender data, as well as the tenderer's name and contact address.
F.2.13.6.	Where a two-envelope system is required in terms of the tender data, place and seal the returnable documents listed in the tender data in an envelope marked "financial proposal" and place the remaining returnable documents in an envelope marked "technical proposal". Each envelope shall state on the outside the employer's address and identification details stated in the tender data, as well as the tenderer's name and contact address.
F.2.13.7.	Seal the original tender offer and copy packages together in an outer package that states on the outside only the employer's address and identification details as stated in the tender data.
F.2.13.8.	Accept that the employer will not assume any responsibility for the misplacement or premature opening of the tender offer if the outer package is not sealed and marked as stated.
F.2.13.9	Accept that tender offers submitted by facsimile or email will be rejected by the employer, unless stated otherwise in the tender data.
F.2.14.	Information and Data to be Completed in all Respects Accept that tender offers, which do not provide all the data or information requested completely and, in the form, required, may be regarded by the employer as nonresponsive.
F.2.15.	Closing Time
F.2.15.1.	Ensure that the employer receives the tender offer at the address specified in the tender data not later than the closing time stated in the tender data. Accept that proof of posting and courier shall not be accepted as proof of delivery.
F.2.15.2.	Accept that, if the employer extends the closing date and time stated in the tender data for any reason, the requirements of these conditions of tender

Contractor

Witness 1

Witness 2

Employer

Witness 1

Witness 2

	apply equally to the extended deadline.
F.2.16	Tender Offer Validity
F.2.16.1.	Hold the tender offer(s) valid for acceptance by the employer at any time during the validity period stated in the tender data after the closing date and time stated in the tender data.
F.2.16.2.	If requested by the employer, consider extending the validity period stated in the tender data for an agreed additional period with or without any conditions attached to such extension.
F.2.16.3.	Accept that a tender submission that has been submitted to the employer may only be withdrawn or substituted by giving the employer's agent written notice before the closing time for tenders that a tender is to be withdrawn or substituted.
F.2.16.4.	Where a tender submission is to be substituted, submit a substitute tender in accordance with the requirements of F.2.13 with the packages clearly marked as "SUBSTITUTE".
F.2.17.	Clarification of Tender Offer after Submission Provide clarification of a tender offer in response to a request to do so from the employer during the evaluation of tender offers. This may include providing a breakdown of rates or prices and correction of arithmetical errors by the adjustment of certain rates or item prices (or both). No change in the competitive position of tenderers or substance of the tender offer is sought, offered, or permitted. Note: Sub-clause F.2.17 does not preclude the negotiation of the final terms of the contract with a preferred tenderer following a competitive selection process, should the Employer elect to do so.
F.2.18.	Provide Other Material
F.2.18.1.	Provide, on request by the employer, any other material that has a bearing on the tender offer, the tenderer's commercial position (including notarized joint venture agreements), preferencing arrangements, or samples of materials, considered necessary by the employer for the purpose of a full and fair risk assessment. Should the tenderer not provide the material, or a satisfactory reason as to why it cannot be provided, by the time for submission stated in the employer's request, the employer may regard the tender offer as non-responsive.
F.2.18.2.	Dispose of samples of materials provided for evaluation by the employer, where required.
F.2.19.	Inspections, Tests and Analysis Provide access during working hours to premises for inspections, tests and

Contractor

Witness 1

Witness 2

Employer

Witness 1

Witness 2

	analysis as provided for in the tender data.
F.2.20.	Submit Securities, Bonds, Policies, etc. If requested, submit for the employer's acceptance before formation of the contract, all securities, bonds, guarantees, policies and certificates of insurance required in terms of the conditions of contract identified in the contract data.
F.2.21	Check Final Draft (SLA) Check the final draft of the contract provided by the employer within the time available for the employer to issue the contract. Add the following to the above clause.... <i>... final draft of the contract and Service Level Agreement (SLA) ...</i>
F.2.22	Return of Other Tender Documents If so, instructed by the employer, return all retained tender documents within 28 days after the expiry of the validity period stated in the tender data.
F.2.23.	Certificates Include in the tender submission or provide the employer with any certificates as stated in the tender data.
F.3.	The Employer's Undertakings
F.3.1.	Respond to Requests from the Tenderer
F.3.1.1.	Unless otherwise stated in the tender Data, respond to a request for clarification received up to three working days before the tender closing time stated in the Tender Data and notify all tenderers who drew procurement documents.
F.3.1.2	Consider any request to make a material change in the capabilities or formation of the tendering entity (or both) or any other criteria which formed part of the qualifying requirements used to prequalify a tenderer to submit a tender offer in terms of a previous procurement process and deny any such request if as a consequence: a) an individual firm, or a joint venture as a whole, or any individual member of the joint venture fails to meet any of the collective or individual qualifying requirements. b) the new partners to a joint venture were not prequalified in the first instance, either as individual firms or as another joint venture; or c) in the opinion of the Employer, acceptance of the material change would compromise the outcome of the functionality process.
F.3.1.3.	Issue Addenda If necessary, issue addenda that may amend or amplify the tender documents to each tenderer during the period from the date that tender documents are available until three days before the tender closing time stated in the Tender Data. If, as a result a tenderer applies for an extension to

Contractor

Witness 1

Witness 2

Employer

Witness 1

Witness 2

	the closing time stated in the Tender Data, the Employer may grant such extension and, shall then notify all tenderers who drew documents.
F.3.1.3.	Return Late Tender Offers Return tender offers received after the closing time stated in the Tender Data, unopened, (unless it is necessary to open a tender submission to obtain a forwarding address), to the tenderer concerned.
F.3.4.	Opening of Tender Submissions
F.3.4.1.	Unless the two-envelope system is to be followed, open valid tender submissions in the presence of tenderers' agents who choose to attend at the time and place stated in the tender data. Tender submissions for which acceptable reasons for withdrawal have been submitted will not be opened. Add the following to the clause: There will be NO tender opening, but tenders will be opened to check responsiveness by the Client after closing time and date.
F.3.4.2.	Announce at the meeting held immediately after the opening of tender submissions, at a venue indicated in the tender data, the name of each tenderer whose tender offer is opened and, where applicable, the total of his prices, preferences claimed and time for completion for the main tender offer only. Add the following to the clause: Tender opening meeting will NEITHER be arranged NOR held.
F.3.4.3.	Make available the record outlined in F.3.4.2 to all interested persons upon request.
F.3.11.	Evaluation of Tender Offers
F.3.11.1.	General Appoint an evaluation panel of not less than three persons. Reduce each responsive tender offer to a comparative offer and evaluate them using the tender evaluation methods and associated evaluation criteria and weightings that are specified in the tender data and methods.
F.3.11.2.	Method 1: Financial Offer In the case of a financial offer: a) Rank tender offers from the most favourable to the least favourable comparative offer. b) Recommend the highest ranked tenderer for the award of the contract, unless there are compelling and justifiable reasons not to do so. c) Re-rank all tenderers should there be compelling and justifiable reasons not to recommend the highest ranked tenderer and recommend the

Contractor

Witness 2

Employer

Witness 1

Witness 2

	highest ranked tenderer, unless there are compelling and justifiable reasons not to do so and the process set out in this sub clause is repeated.
F.3.11.4.	Method 3: Financial Offer and Quality In the case of a financial offer and quality: a) Score each tender in respect of the financial offer made and the quality offered in accordance with the provisions of F.3.11.7 and F.3.11.9, rejecting all tender offers that fail to score the minimum number of points for quality stated in the tender data, if any. b) Calculate the total number of tender evaluation points (TEV) in accordance with the following formula: TEV =NFO + NQ where: ▪ NFO is the number of tender evaluation points awarded for the financial offer made in accordance with F.3.11.7. ▪ NQ is the number of tender evaluation points awarded for quality offered in accordance with F.3.11.9. c) Rank tender offers from the highest number of tender evaluation points to the lowest. d) Recommend tenderer with the highest number of tender evaluation points for the award of the contract, unless there are compelling and justifiable reasons not to do so. e) Rescore and re-rank all tenderers should there be compelling and justifiable reasons not to recommend the tenderer with the highest number of tender evaluation points and recommend the tenderer with the highest number of tender evaluation points, unless there are compelling and justifiable reasons not to do so and the process set out in this sub clause is repeated.
F.3.11.5.	Method 4: Financial Offer, Quality and Preferences In the case of a financial offer, quality and preferences: a) Score each tender in respect of the financial offer made, preference claimed, if any, and the quality offered in accordance with the provisions of F.3.11.7 to F.3.11.9, rejecting all tender offers that fail to score the minimum number of points for quality stated in the tender data, if any.

Contractor

T2.1 LIST OF RETURNABLE DOCUMENTS
--

1. Proposed implementation methodology and implementation plan.
2. Failure to fully complete and sign the relevant returnable documents shall render such a tender offer unresponsive.
3. Tenderers shall note that their signatures appended to each returnable form represents a declaration that they vouch for the accuracy and correctness of the information provided, including the information provided by candidates proposed for the specified key positions.
3. Notwithstanding any check or audit conducted by or on behalf of the Employer, the information provided in the returnable documents is accepted in good faith and as justification for entering into a contract with a Tenderer. If subsequently any information is found to be incorrect such discovery shall be taken as wilful misrepresentation by that Tenderer to induce the contract. In such event the Employer has the discretionary right to terminate the contract and take further steps in black listing the Tenderer with CIDB and to report such to Treasury.
4. Tenderers are required to submit the following with their tenders or within three days of receipt of the Employer's or his Agent's written request for same:
 - a. A copy of Workmen's Compensation Certificate, Act 4 of 2002,
 - b. Curriculum vitae of the person who prepares the Contractor's Health and Safety Plan,
 - c. Curriculum vitae of the Health and Safety Officer the successful tenderer intends appointing in accordance with the Occupational Health and Safety Act (Act 85 of 1993).
 - d. Curriculum Vitae of all supervisory staff.
 - e. Insurance - minimum liability of not less than **R 5 million**.
 - f. Proof of Performance Guarantee or a letter of intend or indicating relevant choice.
5. The returnable schedules included in Section T2.2 will be used to evaluate tenders received. These schedules will also form part of the Contract.

The Tenderer must complete and sign the following returnable Schedules:

T2.2.13: Labour Utilization

Labour Categories - Definitions

NOTE: These definitions serve as a guideline to complete the following table and will in no respect alter the Project Specifications or Standardized Specifications.

1. **General Foreman / Foreman**

An employee who gives out work to and directly co-ordinates and supervises employees. His duties encompass any one or more of the following activities:

- a) Supervision.
- b) Maintaining discipline.
- c) Ensuring safety on the workplace.
- d) Being responsible to the Contractor for efficiency and production for his portion of the works; and
- e) Performing skilled work, whether in an instructional capacity or otherwise.

2. **Charge Hand**

An employee engaged in any one or more of the following activities:

- a) Being primarily employed in a supervisory capacity, but who may also be doing the work of an artisan.
- b) Giving out work to other employees under his control and supervision.
- c) Ensuring safety on the workplace.
- d) Maintaining discipline; and
- e) Being directly responsible to a general foreman or foreman or the Contractor or the Contractor's representative for efficiency and production for his portion of the works.

3. **Artisan**

An employee who has successfully completed all prescribed courses at a practical institutional training center for a particular trade and who has successfully completed the on-site period of training as prescribed and who has successfully passed the prescribed trade tests.

4. **Team Leader**

An employee engaged in any one or more of the following activities:

- a) Being employed in a supervisory capacity, but who may also be doing the work of a skilled person.
- b) Giving out work to other employees under his control and supervision.
- c) Maintaining discipline.
- d) Being directly responsible to a Charge hand or a foreman or a general foreman or the employer's authorized representative for efficiency and production for his portion of the works.

5. **Skilled Employee**

An employee engaged in an ancillary trade or an assistant artisan.

General Conditions of Contract

1.	Definitions "The following terms shall be interpreted as indicated"
1.1.	"Closing time" means the date and hour specified in the bidding documents for the receipt of bids.
1.2.	"Contract" means the written agreement entered into between the purchaser and the supplier, as recorded in the contract form signed by the parties, including all attachments and appendices thereto and all documents incorporated by reference therein.
1.3.	"Contract price" means the price payable to the supplier under the contract for the full and proper performance of his contractual obligations.
1.4.	"Corrupt practice" means the offering, giving, receiving, or soliciting of anything of value to influence the action of a public official in the procurement process or in contract execution.
1.5.	"Countervailing duties" are imposed in cases where an enterprise abroad is subsidized by its government and encouraged to market its products internationally.
1.6.	"Country of origin" means the place where the goods were mined, grown or produced or from which the services are supplied. Goods are produced when, through manufacturing, processing or substantial and major assembly of components, a commercially recognized new product results that is substantially different in basic characteristics or in purpose or utility from its components.
1.7.	"Day" means calendar day.
1.8.	"Delivery" means delivery in compliance of the conditions of the contract or order.
1.9.	"Delivery ex stock" means immediate delivery directly from stock actually on hand.
1.10.	"Delivery into consignees store or to his site" means delivered and unloaded in the specified store or depot or on the specified site in compliance with the conditions of the contract or order, the supplier bearing all risks and charges involved until the goods are so delivered and a valid receipt is obtained.
1.11.	"Dumping" occurs when a private enterprise abroad market its goods on own initiative in the RSA at lower prices than that of the country of origin and which have the potential to harm the local industries in the RSA.
1.12.	" Force majeure" means an event beyond the control of the supplier and not involving the supplier's fault or negligence and not foreseeable. Such events may include, but is not restricted to, acts of the purchaser in its sovereign capacity, wars or revolutions, fires, floods, epidemics, quarantine restrictions and freight embargoes.
1.13.	"Fraudulent practice" means a misrepresentation of facts in order to influence a procurement process or the execution of a contract to the detriment of any bidder, and includes collusive practice among bidders (prior to or after bid submission) designed to establish bid prices at artificial non- competitive levels and to deprive the bidder of the benefits of free and open competition.
1.14.	"GCC" means the General Conditions of Contract.

Contractor

Witness 1

Witness 2

Employer

Witness 1

Witness 2

1.15.	"Goods" means all of the equipment, machinery, and/or other materials that the supplier is required to supply to the purchaser under the contract.
1.16.	"Imported content" means that portion of the bidding price represented by the cost of components, parts or materials which have been or are still to be imported (whether by the supplier or his Sub-Contractors) and which costs are inclusive of the costs abroad, plus freight and other direct importation costs such as landing costs, dock dues, import duty, sales duty or other similar tax or duty at the South African place of entry as well as transportation and handling charges to the factory in the Republic where the goods covered by the bid will be manufactured.
1.17.	"Local content" means that portion of the bidding price, which is not included in the imported content provided that local manufacture does take place.
1.18.	"Manufacture" means the production of products in a factory using labour, materials, components and machinery and includes other related value-adding activities.
1.19.	"Order" means an official written order issued for the supply of goods or works or the rendering of a service.
1.20.	"Project site," where applicable, means the place indicated in bidding documents.
1.21.	"Purchaser" means the organization purchasing the goods.
1.22.	"Republic" means the Republic of South Africa.
1.23.	"SCC" means the Special Conditions of Contract.
1.24.	"Services" means those functional services ancillaries to the supply of the goods, such as transportation and any other incidental services, such as installation, commissioning, provision of technical assistance, training, catering, gardening, security, maintenance and other such obligations of the supplier covered under the contract.
1.25.	"Supplier" means the successful bidder who is awarded the contract to maintain and administer the required and specified service(s) to the State.
1.26.	"Tort" means in breach of contract.
1.27.	"Turnkey" means a procurement process where one service provider assumes total responsibility for all aspects of the project and delivers the full end product / service required by the contract.
1.28.	"Written" or "in writing" means hand-written in ink or any form of electronic or mechanical writing.
2.	Application
2.1.	These general conditions are applicable to all bids, contracts and orders including bids for functional and professional services (excluding professional services related to the building and construction industry), sales, hiring, letting and the granting or acquiring of rights, but excluding immovable property, unless otherwise indicated in the bidding documents.
2.2.	Where applicable, special conditions of contract are also laid down to cover specific goods, services or works.
2.3.	Where such special conditions of contract are in conflict with these general conditions, the special conditions shall apply.
3	General
3.1.	Unless otherwise indicated in the bidding documents, the purchaser shall not be liable for any expense incurred in the preparation and submission of a bid. Where applicable a non-refundable fee for documents may be charged.
3.2.	Invitations to bid are usually published in locally distributed news media and on the municipality/municipal entity website.

Contractor

Witness 1

Witness 2

Employer

Witness 1

Witness 2

4	Standards
4.1.	The goods supplied shall conform to the standards mentioned in the bidding documents and specifications.
5	Use of contract documents and information inspection
5.1.	The supplier shall not, without the purchaser's prior written consent, disclose the contract, or any provision thereof, or any specification, plan, drawing, pattern, sample, or information furnished by or on behalf of the purchaser in connection therewith, to any person other than a person employed by the supplier in the performance of the contract. Disclosure to any such employed person shall be made in confidence and shall extend only as far as may be necessary for purposes of such performance.
5.2.	The supplier shall not, without the purchaser's prior written consent, make use of any document or information mentioned in GCC clause 5.1 except for purposes of performing the contract.
5.3.	Any document, other than the contract itself mentioned in GCC clause 5.1 shall remain the property of the purchaser and shall be returned (all copies) to the purchaser on completion of the supplier's performance under the contract if so, required by the purchaser.
5.4.	The supplier shall permit the purchaser to inspect the supplier's records relating to the performance of the supplier and to have them audited by auditors appointed by the purchaser, if so, required by the purchaser.
6	Patent Rights
6.1.	The supplier shall indemnify the purchaser against all third-party claims of infringement of patent, trademark, or industrial design rights arising from use of the goods or any part thereof by the purchaser.
6.2.	When a supplier developed documentation / projects for the municipality / municipal entity, the intellectual, copy and patent rights or ownership of such documents or projects will vest in the municipality / municipal entity.
7	Performance security
7.1.	Within thirty (30) days of receipt of the notification of contract award, the successful bidder shall furnish to the purchaser the performance security of the amount specified in SCC.
7.2.	The proceeds of the performance security shall be payable to the purchaser as compensation for any loss resulting from the supplier's failure to complete his obligations under the contract.
7.3.	The performance security shall be denominated in the currency of the contract or in a freely convertible currency acceptable to the purchaser and shall be in one of the following forms: a) a bank guarantee or an irrevocable letter of credit issued by a reputable bank located in the purchaser's country or abroad, acceptable to the purchaser, in the form provided in the bidding documents or another form acceptable to the purchaser; or b) a cashier's or certified cheque.

Contractor

Witness 1

Witness 2

Employer

Witness 1

Witness 2

7.4.	The performance security will be discharged by the purchaser and returned to the supplier not later than thirty (30) days following the date of completion of the supplier's performance obligations under the contract, including any warranty obligations, unless otherwise specified.
8.	Inspections, Tests and Analyses
8.1.	All pre-bidding testing will be for the account of the bidder.
8.2.	If it is a bid condition that goods to be produced or services to be rendered should at any stage be subject to inspections, tests and analyses, the bidder or Contractor's premises shall be open, at all reasonable hours, for inspection by a representative of the purchaser or organization acting on behalf of the purchaser.
8.3.	If there are no inspection requirements indicated in the bidding documents and no mention is made in the contract, but during the contract period it is decided that inspections shall be carried out, the purchaser shall itself make the necessary arrangements, including payment arrangements with the testing authority concerned.
8.4.	If the inspections, tests and analyses referred to in clauses 8.2 and 8.3 show the goods to be in accordance with the contract requirements, the cost of the inspections, tests and analyses shall be defrayed by the purchaser.
8.5.	Where the goods or services referred to in clauses 8.2 and 8.3 do not comply with the contract requirements, irrespective of whether such goods or services are accepted or not, the cost in connection with these inspections, tests or analyses shall be defrayed by the supplier.
8.6.	Goods and services which are referred to in clauses 8.2 and 8.3 and which do not comply with the contract requirements may be rejected.
8.7.	Any contract goods may on or after delivery be inspected, tested or analysed and may be rejected if found not to comply with the requirements of the contract. Such rejected goods shall be held at the cost and risk of the supplier who shall, when called upon, remove them immediately at his own cost and forthwith substitute them with goods, which do comply with the requirements of the contract. Failing such removal, the rejected goods shall be returned at the suppliers cost and risk. Should the supplier fail to provide the substitute goods forthwith, the purchaser may, without giving the supplier further opportunity to substitute the rejected goods, purchase such goods as may be necessary at the expense of the supplier.
8.8.	The provisions of clauses 8.4 to 8.7 shall not prejudice the right of the purchaser to cancel the contract on account of a breach of the conditions thereof, or to act in terms of Clause 22 of GCC.
9.	Packing
9.1.	The supplier shall provide such packing of the goods as is required to prevent their damage or deterioration during transit to their final destination, as indicated in the contract. The packing shall be sufficient to withstand, without limitation, rough handling during transit and exposure to extreme temperatures, salt and precipitation during transit, and open storage.

Contractor

Witness 1

Witness 2

Employer

Witness 1

Witness 2

	Packing, case size weights shall take into consideration, where appropriate, the remoteness of the goods' final destination and the absence of heavy handling facilities at all points in transit.
9.2.	The packing, marking, and documentation within and outside the packages shall comply strictly with such special requirements as shall be expressly provided for in the contract, including additional requirements, if any, and in any subsequent instructions ordered by the purchaser.
10.	Delivery and documents
10.1.	Delivery of the goods and arrangements for shipping and clearance obligations shall be made by the supplier in accordance with the terms specified in the contract.
11.	Insurance
11.1.	The goods supplied under the contract shall be fully insured in a freely convertible currency against loss or damage incidental to manufacture or acquisition, transportation, storage and delivery in the manner specified.
12.	Transportation
12.1	Should a price other than an all-inclusive delivered price be required, this shall be specified.
13.	Incidental Services
13.1.	The supplier may be required to provide any or all of the following services, including additional services, if any: a) performance or supervision of on-site assembly and/or commissioning of the supplied goods. b) furnishing of tools required for assembly and/or maintenance of the supplied goods. c) furnishing of a detailed operations and maintenance manual for each appropriate unit of the supplied goods. d) performance or supervision or maintenance and/or repair of the supplied goods, for a period of time agreed by the parties, provided that this service shall not relieve the supplier of any warranty obligations under this contract; and e) training of the purchaser's personnel, at the supplier's plant and/or on-site, in assembly, start- up, operation, maintenance, and/or repair of the supplied goods.
13.2.	Prices charged by the supplier for incidental services, if not included in the contract price for the goods, shall be agreed upon in advance by the parties and shall not exceed the prevailing rates charged to other parties by the supplier for similar services.

Contractor

Witness 1

Witness 2

Employer

Witness 1

Witness 2

14.	Spare Parts
	As specified, the supplier may be required to provide any or all of the following materials, notifications, and information pertaining to spare parts manufactured or distributed by the supplier: a) such spare parts as the purchaser may elect to purchase from the supplier, provided that this election shall not relieve the supplier of any warranty obligations under the contract, and b) in the event of termination of production of the spare parts: i. advance notification to the purchaser of the pending termination, in sufficient time to permit the purchaser to procure needed requirements; and ii. following such termination, furnishing at no cost to the purchaser, the blueprints, drawings, and specifications of the spare parts, if requested.
15.	Warranty
15.1.	The supplier warrants that the goods supplied under the contract are new, unused, of the most recent or current models and that they incorporate all recent improvements in design and materials unless provided otherwise in the contract. The supplier further warrants that all goods supplied under this contract shall have no defect, arising from design, materials, or workmanship (except when the design and/or material is required by the purchaser's specifications) or from any act or omission of the supplier, that may develop under normal use of the supplied goods in the conditions prevailing in the country of final destination.
15.2.	This warranty shall remain valid for twelve (12) months after the goods, or any portion thereof as the case may be, have been delivered to and accepted at the final destination indicated in the contract, or for eighteen (18) months after the date of shipment from the port or place of loading in the source country, whichever period concludes earlier, unless specified otherwise.
15.3.	The purchaser shall promptly notify the supplier in writing of any claims arising under this warranty.
15.4.	Upon receipt of such notice, the supplier shall, within the period specified and with all reasonable speed, repair or replace the defective goods or parts thereof, without costs to the purchaser.
15.5.	If the supplier, having been notified, fails to remedy the defect(s) within the period specified, the purchaser may proceed to take such remedial action as may be necessary, at the supplier's risk and expense and without prejudice to any other rights which the purchaser may have against the supplier under the contract.
16.	Payment
16.1.	The method and conditions of payment to be made to the supplier under this contract shall be specified.

Contractor

Witness 1

Witness 2

Employer

Witness 1

Witness 2

16.2.	The supplier shall furnish the purchaser with an invoice accompanied by a copy of the delivery note and upon fulfilment of other obligations stipulated in the contract.
16.3.	Payments shall be made promptly by the purchaser, but in no case later than thirty (30) days after submission of an invoice or claim by the supplier.
16.4.	Payment will be made in Rand unless otherwise stipulated.
17.	Prices
17.1.	Prices charged by the supplier for goods delivered and services performed under the contract shall not vary from the prices quoted by the supplier in his bid, with the exception of any price adjustments authorized or in the purchaser's request for bid validity extension, as the case may be.
18.	Variation Orders
18.1.	In cases where the estimated value of the envisaged changes in purchase does not vary more than 15% of the total value of the original contract, the Contractor may be instructed to deliver the goods or render the services as such. In cases of measurable quantities, the Contractor may be approached to reduce the unit price, and such offers may be accepted provided that there is no escalation in price.
19.	Assignment
19.1.	The supplier shall not assign, in whole or in part, its obligations to perform under the contract, except with the purchaser's prior written consent.
20.	Subcontracts
20.1.	The supplier shall notify the purchaser in writing of all subcontracts awarded under these contracts if not already specified in the bid. Such notification, in the original bid or later, shall not relieve the supplier from any liability or obligation under the contract.
21.	Delays in the Supplier's Delivery and/or Performance
21.1.	Delivery of the goods and performance of services shall be made by the supplier in accordance with the time schedule prescribed by the purchaser in the contract.
21.2.	If at any time during performance of the contract, the supplier or its Sub-Contractor/s should encounter conditions impeding timely delivery of the goods and performance of services, the supplier shall promptly notify the purchaser in writing of the fact of the delay, it's likely duration and its cause(s). As soon as practicable after receipt of the supplier's notice, the purchaser shall evaluate the situation and may at his discretion extend the supplier's time for performance, with or without the imposition of penalties, in which case the extension shall be ratified by the parties by amendment of contract.
21.3.	The right is reserved to procure outside of the contract small quantities or to have minor essential services executed if an emergency arises, the supplier's point of supply is not situated at or near the place where the goods are required, or the supplier's services are not readily available.
21.4.	Except as provided under GCC Clause 25, a delay by the supplier in the performance of its delivery obligations shall render the supplier liable to the imposition of penalties, pursuant to GCC Clause 22, unless an extension of time is agreed upon pursuant to GCC Clause 22.2 without the application of penalties.

Contractor

Witness 1

Witness 2

Employer

Witness 1

Witness 2

21.5.	Upon any delay beyond the delivery period in the case of a goods contract, the purchaser shall, without cancelling the contract, be entitled to purchase goods of a similar quality and up to the same quantity in substitution of the goods not supplied in conformity with the contract and to return any goods delivered later at the supplier's expense and risk, or to cancel the contract and buy such goods as may be required to complete the contract and without prejudice to his other rights, be entitled to claim damages from the supplier.
22.	Penalties
22.1.	Subject to GCC Clause 25, if the supplier fails to deliver any or all of the goods or to perform the services within the period(s) specified in the contract, the purchaser shall, without prejudice to its other remedies under the contract, deduct from the contract price, as a penalty, a sum calculated on the delivered price of the delayed goods or unperformed services using the current prime interest rate calculated for each day of the delay until actual delivery or performance. The purchaser may also consider termination of the contract pursuant to GCC Clause 23.
23	Termination for Default
23.1.	The purchaser, without prejudice to any other remedy for breach of contract, by written notice of default sent to the supplier, may terminate this contract in whole or in part: a) if the supplier fails to deliver any or all of the goods within the period(s) specified in the contract, or within any extension thereof granted by the purchaser pursuant to GCC Clause 21.2; b) if the supplier fails to perform any other obligation(s) under the contract; or c) if the supplier, in the judgment of the purchaser, has engaged in corrupt or fraudulent practices in competing for or in executing the contract.
23.2.	In the event the purchaser terminates the contract in whole or in part, the purchaser may procure, upon such terms and in such manner, as it deems appropriate, goods, works or services similar to those undelivered, and the supplier shall be liable to the purchaser for any excess costs for such similar goods, works or services. However, the supplier shall continue performance of the contract to the extent not terminated.
23.3.	Where the purchaser terminates the contract in whole or in part, the purchaser may decide to impose a restriction penalty on the supplier by prohibiting such supplier from doing business with the public sector for a period not exceeding 10 years.
23.4.	If a purchaser intends imposing a restriction on a supplier or any person associated with the supplier, the supplier will be allowed a time period of not more than fourteen (14) days to provide reasons why the envisaged restriction should not be imposed. Should the supplier fail to respond within the stipulated fourteen (14) days the purchaser may regard the supplier as having no objection and proceed with the restriction.

Contractor

Witness 2

Employer

Witness 1

Witness 2

23.5.	Any restriction imposed on any person by the purchaser will, at the discretion of the purchaser, also be applicable to any other enterprise or any partner, manager, director or other person who wholly or partly exercises or exercised or may exercise control over the enterprise of the first-mentioned person, and with which enterprise or person the first-mentioned person, is or was in the opinion of the purchaser actively associated.
23.6.	If a restriction is imposed, the purchaser must, within five (5) working days of such imposition, furnish the National Treasury, with the following information: i. the name and address of the supplier and / or person restricted by the purchaser. ii. the date of commencement of the restriction iii. the period of restriction; and iv. the reasons for the restriction. These details will be loaded in the National Treasury's central database of suppliers or persons prohibited from doing business with the public sector.
23.7.	If a court of law convicts a person of an offence as contemplated in sections 12 or 13 of the Prevention and Combating of Corrupt Activities Act, No. 12 of 2004, the court may also rule that such person's name be endorsed on the Register for Tender Defaulters. When a person's name has been endorsed on the Register, the person will be prohibited from doing business with the public sector for a period not less than five years and not more than 10 years. The National Treasury is empowered to determine the period of restriction and each case will be dealt with on its own merits. According to section 32 of the Act the Register must be open to the public. The Register can be perused on the National Treasury website.
24.	Antidumping and Countervailing Duties and Rights
24.1.	When, after the date of bid, provisional payments are required, or anti-dumping or countervailing duties are imposed, or the amount of a provisional payment or anti-dumping or countervailing right is increased in respect of any dumped or subsidized import, the State is not liable for any amount so required or imposed, or for the amount of any such increase. When, after the said date, such a provisional payment is no longer required or any such anti-dumping or countervailing right is abolished, or where the amount of such provisional payment or any such right is reduced, any such favourable difference shall on demand be paid forthwith by the supplier to the purchaser or the purchaser may deduct such amounts from moneys (if any) which may otherwise be due to the supplier in regard to goods or services which he delivered or rendered, or is to deliver or render in terms of the contract or any other contract or any other amount which may be due to him.
25.	Force Majeure
25.1.	Notwithstanding the provisions of GCC Clauses 22 and 23, the supplier shall not be liable for forfeiture of its performance security, damages, or termination for default if and to the extent that his delay in Performance or other failure to perform his obligations under the contract is the result of an event of force majeure.
25.2.	If a force majeure situation arises, the supplier shall promptly notify the purchaser in writing of such condition and the cause thereof. Unless otherwise directed by the purchaser in writing, the supplier shall continue to perform its obligations under the contract as far as is reasonably practical and shall seek all reasonable alternative means for performance not prevented by the force majeure event.

26.	Termination for Insolvency
26.1.	The purchaser may at any time terminate the contract by giving written notice to the supplier if the supplier becomes bankrupt or otherwise insolvent. In this event, termination will be without compensation to the supplier, provided that such termination will not prejudice or affect any right of action or remedy, which has accrued or will accrue thereafter to the purchaser.
27.	Settlement of Disputes
27.1.	If any dispute or difference of any kind whatsoever arises between the purchaser and the supplier in connection with or arising out of the contract, the parties shall make every effort to resolve amicably such dispute or difference by mutual consultation.
27.2.	If, after thirty (30) days, the parties have failed to resolve their dispute or difference by such mutual consultation, then either the purchaser or the supplier may give notice to the other party of his intention to commence with mediation. No mediation in respect of this matter may be commenced unless such notice is given to the other party.
27.3.	Should it not be possible to settle a dispute by means of mediation, it may be settled in a South African court of law.
27.4.	Notwithstanding any reference to mediation and/or court proceedings herein, a) the parties shall continue to perform their respective obligations under the contract unless they otherwise agree; and b) the purchaser shall pay the supplier any monies due the supplier for goods delivered and / or services rendered according to the prescripts of the contract.
28.	Limitation of Liability
28.1.	Except in cases of criminal negligence or wilful misconduct, and in the case of infringement pursuant to Clause 6; (a) the supplier shall not be liable to the purchaser, whether in contract, tort, or otherwise, for any indirect or consequential loss or damage does not apply to any obligation of the supplier to pay penalties and/or damages to the purchaser; and (b) the aggregate liability of the supplier to the purchaser, whether under the contract, in tort or otherwise, shall not exceed the total contract price, provided that this limitation shall not apply to the cost of repairing or replacing defective equipment.
29.	Governing Language
29.1.	The contract shall be written in English. All correspondence and other documents pertaining to the contract that is exchanged by the parties shall also be written in English.
30.	Applicable Law
30.1.	The contract shall be interpreted in accordance with South African laws, unless otherwise specified.

31.	Notices
31.1.	Every written acceptance of a bid shall be posted to the supplier concerned by registered or certified mail and any other notice to him shall be posted by ordinary mail to the address furnished in his bid or to the address notified later by him in writing and such posting shall be deemed to be proper service of such notice.
31.2.	The time mentioned in the contract documents for performing any act after such aforesaid notice has been given, shall be reckoned from the date of posting of such notice.
32.	Taxes and Duties
32.1.	A foreign supplier shall be entirely responsible for all taxes, stamp duties, license fees, and other such levies imposed outside the purchaser's country.
32.2.	A local supplier shall be entirely responsible for all taxes, duties, license fees, etc., incurred until delivery of the contracted goods to the purchaser.
32.3.	No contract shall be concluded with any bidder whose tax matters are not in order. Prior to the award of a bid SARS must have certified that the tax matters of the preferred bidder are in order.
32.4.	No contract shall be concluded with any bidder whose municipal rates and taxes and municipal services charges are in arrears.
33.	Transfer of Contracts
33.1.	The Contractor shall not abandon, transfer, cede assign or sublet a contract or part thereof without the written permission of the purchaser.
34.	Amendment of Contracts
34.1.	No agreement to amend or vary a contract or order or the conditions, stipulations or provisions thereof shall be valid and of any force unless such agreement to amend or vary is entered into in writing and signed by the contracting parties. Any waiver of the requirement that the agreement to amend or vary shall be in writing, shall also be in writing.
35.	Prohibition of Restrictive Practices
35.1.	In terms of section 4 (1) (b) (iii) of the Competition Act No. 89 of restrictive practices 1998, as amended, an agreement between, or concerted practice by, firms, or a decision by an association of firms, is prohibited if it is between parties in a horizontal relationship and if a bidder(s) is / are or a Contractor(s) was / were involved in collusive bidding.
35.2.	If a bidder(s) or Contractor(s) based on reasonable grounds or evidence obtained by the purchaser has / have engaged in the restrictive practice referred to above, the purchaser may refer the matter to the Competition Commission for investigation and possible imposition of administrative penalties as contemplated in section 59 of the Competition Act No 89 Of 1998.

35.3.	If a bidder(s) or Contractor(s) has / have been found guilty by the Competition Commission of the restrictive practice referred to above, the purchaser may, in addition and without prejudice to any other remedy provided for, invalidate the bid(s) for such item(s) offered, and / or terminate the contract in whole or part, and / or restrict the bidder(s) or Contractor(s) from conducting business with the public sector for a period not exceeding ten (10) years and / or claim damages from the bidder(s) or Contractor(s) concerned.
-------	---

Special Conditions of Contract

36.	Termination by Employer and Appointment of a Completion Service Provider (Contractor)
36.1.	In an event where the successful Service Provider (Contractor) has failed to execute the contract as per the conditions of the contract, thus resulting in termination of the contract as per <i>Clauses 9.2.1.1, 9.2.1.2, 9.2.1.3 (1)(2)(3)(4)(5)(6)(7)(8), of the</i> General Conditions of Contract 2015, Third Edition. Then, the Employer (Tswaing Local Municipality) reserves the right to appoint the second highest scoring bidder in the same tender for completion of the contract.
36.2.	Any incurred losses and damages will be claimed against the terminated Service Provider (Contractor).

Identification of preference point system

53. 1. Tswaing Local Municipality must, in the tender documents, stipulate—

- a) The applicable preference point system as envisaged in regulations 4, 5, 6 or 7;
- b) the specific goal in the invitation to submit the tender for which a point may be awarded, and the number of points that will be awarded to each goal, and proof of the claim for such goal.

2. If it is unclear whether the 80/20 or 90/10 preference point system applies, Tswaing Local Municipality must, in the tender documents, stipulate in the case of—

- a) an invitation for tender for income-generating contracts, that either the 80/20 or 90/10 preference point system will apply and that the highest acceptable tender will be used to determine the applicable preference point system; or
- b) any other invitation for tender, that either the 80/20 or 90/10 preference point system will apply and that the lowest acceptable tender will be used to determine the applicable preference point system.

80/20 preference point system for acquisition of goods or services with Rand value equal to or below R50 million

1. The following formula must be used to calculate the points out of 80 for price in respect of an invitation for a tender with a Rand value equal to or below R50 million, inclusive of all applicable taxes:

$$P_s = 80 - \frac{P_t - P_{\min}}{P_{\min}} \left(\frac{\quad}{\quad} \right)$$

Where-

P_s = Points scored for price of tender under consideration;

T2.2.24: Declaration of Abuse of Supply Chain Management

MBD 8

DECLARATION OF BIDDER'S PAST SUPPLY CHAIN MANAGEMENT PRACTICES

- 1 This Municipal Bidding Document must form part of all bids invited.
- 2 It serves as a declaration to be used by municipalities and municipal entities in ensuring that when goods and services are being procured, all reasonable steps are taken to combat the abuse of the supply chain management system.
- 3 The bid of any bidder may be rejected if that bidder, or any of its directors have:
 - a. abused the municipality's / municipal entity's supply chain management system or committed any improper conduct in relation to such system;
 - b. been convicted for fraud or corruption during the past five years;
 - c. willfully neglected, reneged on or failed to comply with any government, municipal or other public sector contract during the past five years; or
 - d. been listed in the Register for Tender Defaulters in terms of section 29 of the Prevention and Combating of Corrupt Activities Act (No 12 of 2004).
- 4 **In order to give effect to the above, the following questionnaire must be completed and submitted with the bid.**

Item	Question	Yes	No
4.1	Is the bidder or any of its directors listed on the National Treasury's Database of Restricted Suppliers as companies or persons prohibited from doing business with the public sector? (Companies or persons who are listed on this Database were informed in writing of this restriction by the Accounting Officer/Authority of the institution that imposed the restriction after the <i>audi alteram partem</i> rule was applied). The Database of Restricted Suppliers now resides on the National Treasury's website(www.treasury.gov.za) and can be accessed by clicking on its link at the bottom of the home page.	Yes ☐	No ☐

T2.2.25: Certificate of Independent Bid Determination

MBD 9

1. This Municipal Bidding Document (MBD) must form part of all bids¹ invited.
2. Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.
3. Municipal Supply Regulation 38 (1) prescribes that a supply chain management policy must provide measures for the combating of abuse of the supply chain management system, and must enable the accounting officer, among others, to:
 - a. Take all reasonable steps to prevent such abuse;
 - b. Reject the bid of any bidder if that bidder or any of its directors has abused the supply chain management system of the municipality or municipal entity or has committed any improper conduct in relation to such system; and
 - c. Cancel a contract awarded to a person if the person committed any corrupt or fraudulent act during the bidding process or the execution of the contract.
4. This MBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.
5. In order to give effect to the above, the attached Certificate of Bid Determination (MBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and offers.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.

T2.2.25: Certificate of Independent Bid Determination (*continued*)

MBD 9

CERTIFICATE OF INDEPENDENT BID DETERMINATION

I, the undersigned, in submitting the accompanying bid:

(Bid Number and Description)

in response to the invitation for the bid made by:

(Name of Municipality / Municipal Entity)

do hereby make the following statements that I certify to be true and complete in every respect:

I certify, on behalf of: _____ that:
(Name of Bidder)

1. I have read and I understand the contents of this Certificate;
2. I understand that the accompanying bid will be disqualified if this Certificate is found not to be true and complete in every respect;
3. I am authorized by the bidder to sign this Certificate, and to submit the accompanying bid, on behalf of the bidder;
4. Each person whose signature appears on the accompanying bid has been authorized by the bidder to determine the terms of, and to sign, the bid, on behalf of the bidder;
5. For the purposes of this Certificate and the accompanying bid, I understand that the word "competitor" shall include any individual or organization, other than the bidder, whether or not affiliated with the bidder, who:

Contractor

Witness 1

Witness 2

Employer

Witness 1

Witness 2

- (a) has been requested to submit a bid in response to this bid invitation;
 - (b) could potentially submit a bid in response to this bid invitation, based on their qualifications, abilities or experience; and
 - (c) provides the same goods and services as the bidder and/or is in the same line of business as the bidder.
6. The bidder has arrived at the accompanying bid independently from, and without consultation, communication, agreement or arrangement with any competitor. However, communication between partners in a joint venture or consortium³ will not be construed as collusive bidding.
7. In particular, without limiting the generality of paragraphs 6 above, there has been no consultation, communication, agreement or arrangement with any competitor regarding:
- a) prices;
 - b) geographical area where product or service will be rendered (market allocation)
 - c) methods, factors or formulas used to calculate prices;
 - d) the intention or decision to submit or not to submit, a bid;
 - e) the submission of a bid which does not meet the specifications and conditions of the bid; or
 - f) bidding with the intention not to win the bid.
8. In addition, there have been no consultations, communications, agreements or arrangements with any competitor regarding the quality, quantity, specifications and conditions or delivery particulars of the products or services to which this bid invitation relates.
9. The terms of the accompanying bid have not been, and will not be, disclosed by the bidder, directly or indirectly, to any competitor, prior to the date and time of the official bid opening or of the awarding of the contract.
10. I am aware that, in addition and without prejudice to any other remedy provided to combat any restrictive practices related to bids and contracts, bids that are suspicious will be reported to the Competition Commission for investigation and possible imposition of administrative penalties in terms of section 59 of the Competition Act No 89 of 1998 and or may be reported to the National Prosecuting Authority (NPA) for criminal investigation and or may be restricted from conducting business with the public sector for a period not exceeding ten (10) years in terms of the Prevention and Combating of Corrupt Activities Act No 12 of 2004 or any other applicable legislation.

³ Joint venture or Consortium means an association of persons for the purpose of combining their expertise, property, capital, efforts, skill and knowledge in an activity for the execution of a contract.

T2.2.32: Project Structure

Notes to Tenderer:

1. The intention of this form is to demonstrate the Tenderer's project structure, as well as the lines of responsibility between members of the project team and between the project team and the overall company structure. The Tenderer must attach his own organogram to this form.
2. Tenderers which are large companies may simplify the organogram by 'rolling up' portfolios e.g., combining directors/associates into one box of the organogram. However, the individual positions of the key personnel within the structure must still be shown.
3. Joint Venture tenders will require each element of the venture to submit separate organograms that show the individual structure of each member company and the lines of responsibility of the proposed personnel involved in the project. In addition, there must also be a combined organogram that indicates how the joint venture itself will function and the proposed share of the work. Joint Venture Tenderers shall note that the share of work indicated will be used in the analysis of such a Tenderers preference proposed on returnable form D1, and that if awarded the share of work shall become a contractual obligation between the members of the joint venture.
4. State the city or town where the company's head office is located. The locality of regional or satellite office, regardless of degree of autonomy or size is not required. Only submit the number of offices other than the head office. Do not count offices outside RSA.
5. Registered professional engineers, technicians or technologists means those who are involved in the built industry as well as allied fields such as environmental professionals. Registered professionals of other disciplines (e.g. mechanical) are considered as employees only.
6. **Tenderers must append to the returnable attachments the organogram as per above guidelines.**

C1.1 FORM OF OFFER AND ACCEPTANCE

OFFER

The Employer, identified in the Acceptance signature block, has solicited offers to enter into a contract for the procurement of:

Appointment of a Contractor for the Upgrading Of Delareyville Sport Complex Phase One – Portion “A”

The Tenderer, identified in the Offer signature block below, has examined the documents listed in the Tender Data and addenda thereto as listed in the Tender Schedules, and by submitting this Offer has accepted the Conditions of Tender.

By the representative of the Tenderer, deemed to be duly authorised, signing this part of this Form of Offer and Acceptance, the Tenderer offers to perform all of the obligations and liabilities of the Contractor under the Contract including compliance with all its terms and conditions according to their true intent and meaning for an amount to be determined in accordance with the Conditions of Contract identified in the Contract Data.

THE OFFERED TOTAL OF THE PRICES INCLUSIVE OF VALUE ADDED TAX IS:

Rand (in words);

R _____ (in figures).

This Offer may be accepted by the Employer by signing the Acceptance part of this Form of Offer and Acceptance and returning one copy of this document to the Tenderer before the end of the period of validity stated in the Tender Data, whereupon the Tenderer becomes the party named as the Contractor in the Conditions of Contract identified in the Contract Data.

ACCEPTANCE

By signing this part of this Form of Offer and Acceptance, the Employer identified below accepts the Tenderer's Offer. In consideration thereof, the Employer shall pay the Contractor the amount due in accordance with the Conditions of Contract identified in the Contract Data. Acceptance of the Tenderer's Offer shall form an agreement between the Employer and the Tenderer upon the terms and conditions contained in this Agreement and in the Contract that is the subject of this Agreement.

The terms of the contract are contained in:

- Part 1 Agreements and Contract Data (which includes this Agreement)
- Part 2 Pricing Data
- Part 3 Scope of Work
- Part 4 Site information
- Part 5 Additional Documentation

and drawings and documents or parts thereof, which may be incorporated by reference into Parts 1 to 4 above.

Deviations from and amendments to the documents listed in the Tender Data and any addenda thereto listed in the Tender Schedules as well as any changes to the terms of the Offer agreed by the Tenderer and the Employer during this process of offer and acceptance, are contained in the Schedule of Deviations attached to and forming part of this Agreement. No amendments to or deviations from said documents are valid unless contained in this Schedule, which must be duly signed by the authorised representative(s) of both parties.

The Tenderer shall within two weeks after receiving a completed copy of this Agreement, including the Schedule of Deviations (if any), contact the Employer's agent (whose details are given in the Contract Data) to arrange the delivery of any bonds, guarantees, proof of insurance and any other documentation to be provided in terms of the Conditions of Contract identified in the Contract Data at or just after the date this Agreement comes into effect. Failure to fulfil any of these obligations in accordance with those terms shall constitute a repudiation of this Agreement.

Notwithstanding anything contained herein, this Agreement comes into effect on the date when the Tenderer receives one fully completed original copy of this document, including the Schedule of Deviations (if any). Unless the Tenderer (now Contractor) within five days of the date of such receipt notifies the Employer in writing of any reason why he cannot accept the contents of this Agreement, this Agreement shall constitute a binding contract between the parties.

SCHEDULE OF DEVIATIONS

Notes:

1. The extent of deviations from the tender documents issued by the Employer prior to the tender closing date is limited to those permitted in terms of the Conditions of Tender.
2. A Tenderer's covering letter shall not be included in the final contract document. Should any matter in such letter, which constitutes a deviation as aforesaid becomes the subject of agreements reached during the process of Offer and Acceptance; the outcome of such agreement shall be recorded here.
3. Any other matter arising from the process of offer and acceptance either as a confirmation, clarification or change to the tender documents and which it is agreed by the Parties becomes an obligation of the contract, shall also be recorded here.
4. Any change or addition to the tender documents arising from the above agreements and recorded here, shall also be incorporated into the final draft of the Contract.

C1.2 CONTRACT DATA

PART 1: DATA PROVIDED BY THE EMPLOYER

CONDITIONS OF CONTRACT

The Conditions of Contract are the *General Conditions of Contract Third Edition (2015)* published by the South African Institution of Civil Engineering. Copies of these conditions of contract may be obtained from the South African Institute of Civil Engineering.

Each item of data given below is cross-referenced to the clause in the Conditions of Contract to which it mainly applies.

Part 1: Data Provided by the Employer

Clause	Contract Data
1.1.1.5	<i>Replace the contents of Clause 1.1.1.5 with the following:</i> The "Commencement Date" means the date on which the contractor receives a written instruction from the Employer to commence with the Works. The instruction to commence with the works will not be issued later than 28 days from the date that the Agreement made in terms of the Form of Offer and Acceptance comes into effect.
1.1.1.13	The Defects Liability Period for the Works shall be 365 days.
1.1.1.14	<i>Add the following to the end of this definition:</i> This clause shall apply <i>mutatis mutandis</i> to any portion or phase of the Works that may be described in the Scope of Works or in the Contract Data, or agreed subsequently between the Contractor and the Employer, and committed to writing. The time for achieving practical completion is Six (06) Months.
1.1.1.15	The Employer is Tswaing Local Municipality.
1.1.1.16	The Engineer means any Director, Associate or Professional Engineer appointed generally or specifically by the management of the Employer to fulfil the functions of the Engineer in terms of the Conditions of Contract.
1.1.1.26	The pricing strategy is Re-measurement Contract.

1.2.1	Add the following to the clause: 1.2.1.3 Sent by facsimile, electronic or any like communication irrespective of it being during office hours or otherwise. 1.2.1.4 Posted to the Contractor's address and delivered by the postal authorities. 1.2.1.5 Delivered by a courier service and signed for by the recipient or his representative.
1.2.1.2	The address of the Employer is: Physical Address: Tswaing Local Municipality C/o General Delarey and Government Streets, Delareyville, 2770 North West Province Postal Address: P O Box 24, Delareyville, 2770 North West Province Tel: +27 (53) 948 0900 Fax: +27 (53) 948 1500
1.3.6	Add the following new Clause: The copyright in all documents, drawings and records (prepared by the Engineer) related in any manner to the Works shall vest in the Employer or the Engineer or both (according to the dictates of the Contract that has been entered into by the Engineer and the Employer for the Works), and the Contractor shall not furnish any information in connection with the Works to any person or organization without the prior approval of the Employer to this effect.
3.1.3	The Engineer is, in terms of his appointment by the Employer for the design and administration of the Works included in the Contract, required to obtain the specific approval of the Employer for the execution of the following duties: 3.1.3.1 The issuing of an order to suspend the progress of the Works, the extra cost resulting from which order is to be borne by the Employer in terms of Clause 5.11 or the effect of which is liable to give rise to a claim by the Contractor for an extension of time under Clause 5.12 of these conditions.

	3.1.3.2 The issuing of an instruction or order to vary the nature or quantity of the Works in terms of Clause 6.3, the estimated effect of which will be to increase the Contract Price by an amount exceeding R50 000, the evaluation of all variation orders in terms of Clause 6.4 and the adjustment of the sum(s) tendered for General Items in terms of Clause 6.11. 3.1.3.3 The approval of any claim submitted by the Contractor in terms of Clause 10.1.
4.1.2	<i>Add the following to the clause:</i> The Contractor shall provide the following to the Engineer for retention by the Employer or his assignee in respect of all works designed by the Contractor: 4.1.2.1 a Certificate of Stability of the Works signed by a registered Professional Engineer confirming that all such works have been designed in accordance with the appropriate codes of practice. 4.1.2.2 proof of registration and of adequate and current professional indemnity insurance cover held by the designer(s). 4.1.2.3 design calculations should the Engineer request a copy thereof. 4.1.2.4 Engineering drawings and workshop details (both signed by the relevant professional), in order to allow the Engineer to compare the design with the specified requirements and to record any comments he may have with respect thereto. 4.1.2.5 "As-Built" drawings in DXF, Auto CAD 3D, and PDF electronic format after completion of the Works. The Contractor shall be responsible for the design of the Temporary Works.
4.3.3	<i>Add the following new clause:</i> The Contractor shall comply with the Occupational Health and Safety Specification prepared by the Employer in terms of the Construction Regulations, 2003 promulgated in terms of Section 43 of the Occupational Health and Safety Act (Act No. 85 of 1993). Without limiting the Contractor's obligations in terms of the Contract, the Contractor shall before commencement of the Works or any part thereof, be in the possession of an approved Health and Safety Plan. The Contractor shall submit an approved Health and Safety Plan to the Engineer within 14 days from the date that the Agreement made in terms of the Form of Offer and Acceptance comes into effect.

4.3.4	Add the following new clause: Contractor's liability as mandatory Notwithstanding any actions which the Employer may take, the Contractor accepts sole liability for due compliance with the relevant duties, obligations, prohibitions, arrangements and procedures imposed by the Occupational Health and Safety Act, 1993 (Act 85 of 1993), and all its regulations, including the Construction Regulations, 2003, for which he is liable as mandatory. By entering into this Contract, it shall be deemed that the parties have agreed in writing to the above provisions in terms of Section 37 (2) of the Act.
4.3.5	Add the following new clause: Contractor to notify Employer The Employer retains an interest in all inquiries conducted under this Contract in terms of Section 31 and/or 32 of the Occupational Health and Safety Act, 1993 (Act 85 of 1993) and its Regulations following any incident involving the Contractor and/or Sub-Contractor and/or their employees. The Contractor shall notify the Employer in writing of all investigations, complaints or criminal charges which may arise pursuant to work performed under this Contract in terms of the Occupational Health and Safety Act, 1993 (Act 85 of 1993) and Regulations.
4.3.6	Add the following new clause: Contractor's Designer The Contractor and his designer shall accept full responsibility and liability to comply with the Occupational Health and Safety Act, 1993 (Act 85 of 1993) and the Construction Regulations, 2003 for the design of the Temporary Works and those part of the Permanent Works which the Contractor is responsible to design in terms of the Contract.
4.3.7	Add the following new clause: The Ministerial Determination 4, Expanded Public Works Programme, issued in terms of the Basic Conditions of Employment Act of 1997 by the Minister of Labour in Government Notice No 949 of 22 October 2010, as appended to these Contract Data as Annexure A, shall apply to works described in the Scope of Work as being labour intensive and which are undertaken by unskilled or semi-skilled workers.
4.10.3	Add the following new clause: The Contractor shall use local labour in accordance with the requirements contained within the Scope of Work.

5.3.1	<i>Add the following:</i> The documentation required before commencement with Works Execution are: • Health and Safety Plan (Refer to Clause 4.3) • Initial Programme (Refer to Clause 5.6) • A detailed cash flow forecast (Refer to Clause 5.6.2.6) • Security (Refer to Clause 6.2) – 10% of the Contract Value. • Insurance (Refer to Clause 8.6) – Minimum Cover of R 5 million.
5.3.2	<i>Add the following:</i> The time to submit the documentation required (Refer to Clause 5.3.1) before commencement with Works execution is 14 days.
5.4.2	The access and possession of Site shall not be exclusive to the Contractor but as set out in the Scope or Works and/or Site information.
5.6.1	<i>Add the following to the clause:</i> In this regard the Contractor shall have regard for the phases and sub-phases (if applicable) for the Development, which shall also be the order in which the Permanent Works shall be constructed, unless otherwise agreed between the parties and committed to writing. If phased construction is applicable, the phases and sub-phases will be described in the Specifications and/or will be indicated on the Phasing Plan which forms part of the Drawings.
5.7.1	<i>Delete the last paragraph of the clause and replace with the following:</i> No such instruction by the Engineer to expedite progress shall be the subject of additional compensation to the Contractor unless the instruction explicitly states that the Contractor is entitled to additional compensation, and cites the amount of such compensation or the basis upon which it is to be determined.
5.8.1	The non-working days are Sundays. Special non-working days shall be all South African Statutory holidays and the official building holidays (which commences on 16 December and ends on 13 January).

5.12.3	<i>Delete the contents of the clause and insert the following:</i> If an extension of time is granted, other than an extension resulting from abnormal rainfall in terms of Clause 5.12.5, the Contractor shall be paid such additional time-related General Items as are appropriate having regard to any other compensation which may already have been granted in respect of the circumstances concerned.
5.12.5	<i>Add the following new clause:</i> Extension of time due to Abnormal Rainfall Extension of time for completion of the Contract shall be allowed in the event of abnormal rainfall in accordance with the following formula: $V = (Nw - Nn) + (Rw - Rn)/20$ Where: ▪ V = Extension of time in calendar days for the calendar month under consideration, ▪ Nw = Actual number of days during the calendar month under consideration on which a rainfall of 10mm and more is recorded, ▪ Rw = Actual total rainfall in mm recorded during the calendar month under consideration, ▪ Nn = Average number of days, derived from rainfall records, on which a rainfall of 10mm and more was recorded during the relevant calendar month as per the data tabulated hereinafter, ▪ Rn = Average total rainfall in mm for the relevant calendar month, derived from rainfall records, as tabulated hereafter. Where the extension of time due to abnormal rainfall has to be calculated for portion of a calendar month, pro rata values shall be used. Should V be negative for any particular month, and should its absolute value exceed the corresponding value of Nn, then V shall be taken as being equal to minus Nn. The total extension of time to be granted shall be the taken as being equal to minus Nn. The total extension of time to be granted shall be the algebraic sum of all the monthly extensions, provided that if this total is negative then the time for completion shall not be reduced due to subnormal rainfall. Rainfall records for the period of construction shall be taken on Site. The Contractor shall provide and install all the necessary equipment for accurately measuring the rainfall.

The Contractor shall also provide, erect and maintain a security fence plus gate, padlock and keys at each measuring station, all at his own cost. The Engineer or his Representative shall take and record the daily rainfall readings. The Contractor shall be permitted to attend these readings, in the company of the Engineer's Representative. Access to the measuring gauge(s) shall at all times be under the Engineer's control. The rainfall records applicable to this Contract are those recorded at Weather Station Tswaing ARG 0511/5234. The following values of Nn and Rn shall apply:

Month	Rn (mm)	Nn (days)
January	130,1	4
February	94,2	3
March	75,1	2
April	60,3	2
May	9,8	0
June	5,9	0
July	1,6	0
August	7,2	0
September	18,8	0
October	57,5	2
November	89,4	3
December	105,8	3
TOTAL	655,7	19

No adjustment to the total for time-related preliminary and general items will be applicable for any automatic extension of time for completion granted in terms of this clause.

5.13.

Delete the contents of the clause and insert the following:

5.13.1 If the Contractor fails by the Due Completion Date to complete the Works, or any specific portion thereof that is identified in the Scope of Works to the extent which entitles him in terms of Clause 5.14.2 to receive a Certificate of Practical Completion for the Works, then the Contractor shall be liable to the Employer for the sum(s) stated below as (a) penalty(ies) for every day which shall elapse between the Due Completion Date for the Works or the specific portion of the Works and the actual Date of Practical Completion of the Works or of the specific portion.

120

Contractor

Witness 1

Witness 2

Employer

Witness 1

Witness 2

	The penalty for delay shall be: R2 500-00 per calendar day. 5.13.2 If before the issue of a Certificate of Practical Completion for the whole of the Works, or for any specific portion thereof that is identified in the Scope of Works, any further part of the Works has been: 5.13.2.1 certified as complete in terms of a Certificate of Practical Completion; or 5.13.2.2 occupied or used by the Employer, his agents, employees or other Contractors (not being employed by the Contractor); then the appropriate penalty for delay referred to in Clause 5.1.3.1 above shall be reduced by the amount which is determined by the Engineer to be appropriate under the circumstances. 5.13.3 The imposition of penalties in terms of Clause 5.13.1 shall not relieve the Contractor from his obligation to complete the Works, nor from any of his obligations and liabilities under the Contract. 5.13.4 All penalties for which the Contractor becomes liable in terms of Clause 5.13.1 shall be accumulative. The Employer may, without prejudice to any other method of recovery, deduct the amounts of all such penalties from any monies in his possession that are or may become due to the Contractor. 5.13.5 The imposition of any penalties in terms of Clause 5.13.1 shall not limit the right of the Engineer of the Employer to act in terms of Clause 9.2.
5.13.4	<i>Add the following new Clause:</i> If the Contractor shall, without the prior written permission of the Engineer, in respect of any portions of the Works which are prescribed in the Scope of Work to be executed using labour intensive construction methods, or for which the maximum size and capacity of mechanical plant and equipment is restricted in terms of the Contract: • fail to execute such portions of the Works, or any parts thereof, utilizing labour intensive construction methods strictly in accordance with the provisions of the Contract; or • utilize in the execution of such portions of the Works, or any parts thereof, mechanical plant or equipment which is in conflict with the terms of the Contract; or

	utilize in the execution of such portions of the Work, workers drawn from sources other than those allowed in terms of the Contract. Then the Contractor shall be liable to the Employer for the percentage stated below of the value of the Works so executed in conflict with the provisions of the relevant Scope of Work, as a penalty for non-compliance. The penalty for non-compliance is: 15% of the value of Works specified. The imposition of penalties in terms of this clause shall not relieve the Contractor from his obligation to complete the Works, nor from any of his obligations and liabilities under the Contract.
5.16.3	The Latent defect period is 10 years after the issue of the Final Approval Certificate in terms of Clause 15.6.1
6.1.1	<i>Add the following to the clause:</i> Payment for works identified in the Scope of Work as being labour-intensive shall only be made in accordance with the provisions of the Contract if the works are constructed strictly in accordance with the provisions of the Scope of Work. Any non-payment for such works shall not relieve the Contractor in any way from his obligations either in contract or in delict.
6.2.1	<i>Add the following to this Clause:</i> The amount of the Surety will be 10% of the Contract Price (including Value Added Tax) at the time that the Agreement comes into effect. The guarantee shall remain valid until the issue of the Certificate or Certificates of Completion in respect of the whole of the Permanent Works. The Pro Forma Form of Guarantee bound into the General Conditions of Contract is replaced by the Form of Guarantee (Deed of Surety ship) which is included in Part C1.3 of this document. This approval or otherwise shall be based upon legal opinion to be provided by the Engineer.
6.8.2	The application of a Contract Price Adjustment factor will not apply to this Contract. "Refer to Contract Price Adjustment Schedule for details".
6.8.3	Price Adjustments for variations in the cost of special materials will be allowed. "The Contractor will be required to provide full details in Part 2 of the Contract Data".
6.8.4	In line 8 delete the words "between the Employer and the Contractor".

Clause	Contract Data
6.10.3	The percentage retention is 10%. The Limit of Retention Money is 5% of the Contract Price at the time of the Agreement made in terms of the Form of Offer and Acceptance coming in to enforcement.
6.10.4	In line 4 delete the word "said" and insert the word "correct".
6.10.9	<i>Replace the first sentence of the clause with the following:</i> Within 14 days after the date of final approval as stated in the Final Approval Certificate, the Contractor shall deliver to the Engineer a final statement claiming final invoice of all money (ies) due to him for additional work ordered by the Engineer after the Certificate of Completion date (save in respect of matters in dispute, in terms of Clause 58, and not yet resolved) plus the remainder of retention monies (subject to Clause 49.5.1) retained by the Employer.
6.11.1.3	Delete "15 %" and replace it with "25%".
8.6.1.3	The limit of indemnity for liability insurance is R5 000 000 per event, the number of events being unlimited.
10.5.3	The number of Adjudication Board Members to be appointed is 1 (One).

Engineer issues: Interim Payment Certificates, Final Payment Certificate and the Certificate of Completion of the Works as defined in the Contract.

PERFORMANCE GUARANTEE

126

--

Contractor

--

Witness 1

--

Witness 2

--

Employer

--

Witness 1

--

Witness 2

1. The Guarantor's liability shall be limited to the amount of the Guaranteed Sum.
2. The Guarantor's period of liability shall be from and including the date of issue of this performance Guarantee and up to and including the Expiry Date or the date of issue by the Engineer of the Certificate of Completion of the Works or the date of payment in full of the Guaranteed sum, whichever occurs first. The Engineer and/or the Employer shall advise the Guarantor in writing of the date on which the Certificate of Completion of the Works has been issued.
3. The Guarantor hereby acknowledges that:
 - 3.1 any reference in this Performance Guarantee to the Contract is made for the purpose of convenience and shall not be construed as any intention whatsoever to create an accessory obligation or any intention whatsoever to create a suretyship;
 - 3.2 its obligation under this Performance Guarantee is restricted to the payment of money.
4. Subject to the Guarantor's maximum liability referred to in 1, the Guarantor hereby undertakes to pay the Employer the sum certified upon receipt of the documents identified in 4.1 to 4.3:
 - 4.1 A copy of a first written demand issued by the Employer to the Contractor stating that payment of a sum Certified by the Engineer in an Interim or Final Payment Certificate has not been made in terms of the Contract and failing such payment within seven (7) calendar days, the Employer intends to call upon the Guarantor to make payment in terms of 4.2;
 - 4.2 A first written demand issued by the Employer to the Guarantor at the Guarantor 's physical address with a copy to the Contractor stating that a period of seven (7) days has elapsed since the first written demand in terms of 4.1 and the sum certified has still not been paid;
 - 4.3 A copy of the aforesaid payment certificate which entitles the Employer to receive payment in terms of the Contract of the sum certified in 4.
5. Subject to the Guarantor's maximum liability referred to in 1, the Guarantor undertakes to pay to the Employer the Guaranteed Sum or the Full outstanding balance upon receipts of a first written demand from the Employer to the Guarantor at the Guarantor's physical address calling up this Performance Guarantee, such demand stating that:

- 5.1 the Contract has been terminated due to the Contractor's default and that this

127

Contractor

Witness 1

Witness 2

Employer

Witness 1

Witness 2

Performance Guarantee is called up in terms of 5; or

- 5.2 a provisional or final sequestration or liquidation court order has been granted against the Contractor and that the performance Guarantee is called up in terms of 5; and
- 5.3 the aforesaid written demand is accompanied by a copy of the notice of termination and/or the provisional/final sequestration and/or the provisional liquidation court order.
6. It is recorded that the aggregate amount of payments required to be made by the Guarantor in terms of 4 and 5 shall not exceed the Guarantor's maximum liability in term 1.
7. Where the Guarantor has made payment in term 5, the Employer shall upon the date of issue of the final Payment Certificate submit an expense account to the Guarantor showing how all monies received in terms of this Performance Guarantee have been expended and shall refund to the Guarantor any resulting surplus. All monies refunded to the Guarantor in terms of this Performance Guarantee shall bear interest at the prime overdraft rate of the Employer's bank compounded monthly and calculated from the date payment was made by the Guarantor to the Employer until the date of refund.
8. Payment by the Guarantor in terms of 4 or 5 shall be made within seven (7) calendar days upon receipt of the first written demand to the Employer.
9. Payment by the Guarantor in terms of 5 will only be made against the return of the original Performance Guarantee by the Employer.
10. The Employer shall have the absolute right to arrange his affairs with the Contractor in any manner which the employer may deem fit and the Guarantor shall not have the right to claim his release from this Performance Guarantee on account of any conduct alleged to be prejudicial to the Guarantor.
11. The Guarantor chooses the physical address as stated above for the services of all notices for all purposes in connection herewith.
12. This Performance Guarantee is neither negotiable nor transferable and shall expire in terms of 2, where after no claims will be considered by the Guarantor after it has expired.
13. This Performance Guarantee, with the required demand notices in terms of 4 or 5, shall be regarded as a liquid document for the purposes of obtaining a court order.
14. Where this Performance Guarantee is issued in the Republic of South Africa the

PROJECT NO: MIG-004/2025/26

PROJECT DESCRIPTION: UPGRADING OF DELAREYVILLE SPORT COMPLEX PHASE 1

C2.1 PRICING INSTRUCTIONS

1. Measurement and payment shall be in accordance with the relevant provisions of COLTO 1998 Edition for Road and Bridgework for State Road Authorities referred to in the Scope of Work. The Preliminary and General items shall be measured in accordance with the provisions of COLTO 1200, General Requirements and Provisions.
2. The units of measurement described in the Bills of Quantities are metric units. Abbreviations used in these Bills of Quantities are as follows:

%	=	percent
h	=	hour
ha	=	hectare
kg	=	kilogram
kl	=	kilolitre
km	=	kilometre
km-pass	=	kilometre-pass
kPa	=	kilopascal
kW	=	kilowatt
l	=	litre
m	=	metre
mm	=	millimetre
m ²	=	square metre
m ² -pass	=	square metre-pass
m ³	=	cubic metre
m ³ -km	=	cubic metre-kilometre
MN	=	meganewton
MN.m	=	meganewton-metre
MPa	=	megapascal
No.	=	number
Prov sum	=	Provisional sum
PC sum	=	Prime Cost sum
R/only	=	Rate only
sum	=	lump sum
t	=	ton (1000 kg)
W/day	=	Work day
Pers. Days	=	person days

3. Descriptions in the Schedule of Quantities are abbreviated. The schedule has been

133

Contractor

Witness 1

Witness 2

Employer

Witness 1

Witness 2

drawn up generally in accordance with the latest issue of "Civil Engineering Quantities". Should any requirement of the measurement and payment clause of the applicable Standardized Specification, or the Project Specification, or the Particular Specification(s) conflict with the terms of the Schedule or, when relevant "Civil Engineering Quantities", the requirement of the Standardized, Project or Particular Specification, as applicable, shall prevail.

4. The Tender Data, the Scope of Work and the Drawings are to be read in conjunction with the Schedule of Quantities.
 - a. The Schedule comprises items covering the Contractor's profit and costs of general liabilities and of the construction of temporary and permanent Works.
 - b. Although the Tenderer is at liberty to insert a rate of his own choosing for each item in the Schedule, his attention is drawn to the fact that the Contractor has the right, under various circumstances, to payment for additional works carried out and that the Engineer is obliged to base his assessment of the payment to be paid for such additional work on the rates inserted in the Schedule by the Contractor.
 - c. Relevant Clause of each Standardized Specification and the measurement and payment clause of each Particular Specification, read together with the relevant clause of the Project Specification, set out what ancillary or associated activities are included in the rate for the operations specified.
5. Unless otherwise stated, items are measured net in accordance with the Drawings, and no allowance has been made for waste.
6. The prices and rates in these Bills of Quantities are fully inclusive prices for the work described under the items. Such prices and rates cover all costs and expenses that may be required in and for the execution of the work described in accordance with the provisions of the Scope of Work, and shall cover the cost of all general risks, liabilities, and obligations set forth or implied in the Contract Data, as well as overhead charges and profit. These prices will be used as a basis for assessment of payment for additional work that may have to be carried out.
7. The prices and rates to be inserted in the Schedule of Quantities are to be the full inclusive prices to the Employer for the work described under the several items. The prices and rates shall be exclusive of Value Added Tax. Such prices shall cover all costs and expenses that may be required in and for the construction of the work described, and shall cover the cost of all general risks, liabilities, and obligations set forth or implied in the documents on which the tender is based.

134

Contractor

Witness 1

Witness 2

Employer

Witness 1

Witness 2

8. It will be assumed that prices included in these Bills of Quantities are based on Acts, Ordinances, Regulations, By-laws, International Standards and National Standards that were published 28 days before the closing date for tenders. (Refer to www.stanza.org.za or www.iso.org for information on standards)
9. Where the Scope of Work requires detailed drawings and designs or other information to be provided, all costs associated therewith are deemed to have been provided for and included in the unit rates and sum amount tendered such items.
10. An item against which no price is entered will be considered to be covered by the other prices or rates in the Bills of Quantities. A single lump sum will apply should a number of items be grouped together for pricing purposes.
11. The quantities set out in these Bills of Quantities are approximate and do not necessarily represent the actual amount of work to be done. The quantities of work accepted and certified for payment will be used for determining payments due and not the quantities given in the Bills of Quantities.
12. Reasonable compensation will be received where no pay item appears in respect of work required in the Bills of Quantities in terms of the Contract and which is not covered in any other pay item.
13. The short descriptions of the items of payment given in these Bills of Quantities are only for the purposes of identifying the items. More details regarding the extent of the work entailed under each item appear in the Scope of Work.
14. Descriptions in the Bills of Quantities are abbreviated and comply generally with those in the **COLTO** Standardized Specifications.
15. All prices and rates entered in the Bill of Quantities must be **excluding Value Added Tax (VAT)**. VAT will be added last on the summary page of the Bill of Quantities.
16. A price or rate is to be entered, in **BLACK INK**, against each item in the Schedule of Quantities.
17. In the event of the Tenderer failing to price any item it will be held that the Tenderer has made adequate allowance under other items for all labour, material and costs required for the execution, not only of the quantum of work covered by the unpriced item but also for any increase in the said quantum which may have to be undertaken during the course of the Contract.

PROJECT DESCRIPTION: UPGRADING OF DELAREYVILLE SPORT COMPLEX PHASE 1

C3 SCOPE OF WORK

All definitions, interpretations and general provisions for the General Conditions of Contract for Construction Work (GCC 2015, 3rd Edition) are applicable.

C 3.1 DESCRIPTION OF THE WORKS

C3.1.1 Employer's Objective

Tswaing Local Municipality aims to improve the internal roads and promote easy access to facilities in residential area/s to ensure sustainable living in Delareyville Residential Area. Tswaing Local Municipality's initiative is to promote and achieve the following:

- Enforcing CIDB regulatory statutes.
- Creating work for local community.
- Technical training for local community, and
- Deliver public infrastructure using labour intensive methods.

The Tswaing Local Municipality planned the Upgrading of Delareyville Sport Complex Phase One.

The scope of work considered for construction under this tender and contract is indicated in the next page for consideration during pricing

The table below indicate the identified roads and elements or final design:

138

--

Contractor

--

Witness 1

--

Witness 2

--

Employer

--

Witness 1

--

Witness 2

AREA	LONGITUDE	LATITUDE
Delareyville	26° 41'22.16"S	25° 27'16.88"E

The project entails the following extend and major elements:

- Demolition of Existing Structures,
- Steel Rehabilitation
- Reconstruction of the Existing Pavilion
- Ablution Facilities for Paraplegics ablution
- Construction of the Clubhouse (internal Indigenous games)
- Construction of the New Pavilion, with underneath Changerooms and Shower Facilities

C3.1.3 Extent of the Works

- Site establishment.
- Compliance with EMP requirements.
- Compliance with OHS Act requirements.
- Provision of temporary workforce (ABE).
- Skill training with Accredited Service Provider (to be nominated by the Employer)
- Setting out (setting out to be done by the external surveyor).
- The protection and realignment of existing services in co-operation with the concerned authorities.
- Clearing and grubbing (work to be done labour intensive construction methods).
- Clearance and making good.

C3.1.3 Location of the Works

The project is situated in the charming Delareyville Town, which lies within the Tswaing Local Municipality, part of the Ngaka Modiri Molema District. This location is known for its vibrant community and scenic landscapes, providing a unique backdrop for the development. Refer to locality and site plan herewith.

C3.1.4 Construction Program

It is specifically brought to the notice of the Contractor that time is critical on this project, and the construction period will be a major factor in the award of the tender.

Tenderers shall submit with their tender their **preliminary works programme for the construction** of the Works under this contract to suit their proposed method of executing the Works. The programme shall be sufficiently detailed to differentiate between the various activities so that the contract may be properly evaluated.

C3.1.5 Change in Works

The Engineer may, from time to time by order in writing without in any way vitiating the Contract or giving to the Contractor any claim for additional payment, require the Contractor to proceed with the execution of the works in such order as in his opinion may be necessary, and may alter the order of or suspend any part of the Works at such time and times as he may deem desirable and the Contractor shall not, after receiving such written order, proceed with work ordered to be suspended until he shall receive a written order to do so from the Engineer. Where the work must of necessity be carried out in conjunction with work of other Contractors, or with that of the Employer, it shall be co-ordinated and arranged in such a manner as to interfere as little as possible with the progress of such other work so as to offer every reasonable facility to other Contractors or to employees of the Employer.

C3.2 ENGINEERING

C3.2.1 Design Services and Activity Matrix

Description	Responsibility
Appointment of Specialist Consultants	Engineer / Client
Design of Works	Engineer
Concept, feasibility and overall process	Engineer / Client
Engineering and detail layouts to tender stage	Engineer
Final design of Works	Engineer
Final design approved for construction stage	Client
Preparation of tender documentation & adverts	Engineer
Advertisement and issuing tender documents	Client
Appointment of the Contractor	Client
Appointment of sub-contractors	Contractor
Supervision	Engineer
Appointment of Specialists during construction	Engineer / Contractor
Preparation of as-built drawings	Contractor / Engineer
Completion certificate	Engineer / Client / Contractor

C3.2.2 Drawings

The permanent works included in this contract has been designed by the Engineer and approved by the Client. The detail of the works is indicated on the drawings and in the specifications. The Tenderer may submit alternative offers for designs prepared by him subject to the conditions specified in the Contract Data.

140

Contractor

Witness 1

Witness 2

Employer

Witness 1

Witness 2

Drawings (A3) are bound into this document for tendering purposes only and must not be scaled.

The Contractor shall be entitled to receive free of charge, two full size A1 and one A3 copies of each such drawings and to receive, at the cost of reproduction, such additional copies as he shall reasonably require.

One copy of all drawings shall be kept on the Site and be available for perusal by the Engineer or any person authorized by him.

The Contractor shall, in accordance with the Engineer's instructions, maintain a register on the Site of all drawings and revisions thereof in the chronological order in which they are delivered to him.

The Engineer will provide the Contractor with one full set of A1 and A3 additional drawings, which will be used exclusively for the recording of as built information by the Contractor.

Only dimensions, positions, levels, co-ordinates etc. that change from the original values, will be required to be entered on these drawings. These drawings, fully marked up, will be handed to the Engineer at the issue of the Practical Completion Certificate, which will not be issued until the as-built information has been received.

C3.3 PROCUREMENT

C3.3.1 Preferential Procurement Procedures

The works shall be executed in accordance with the conditions pertaining to preferences granted in accordance with the preferencing schedule.

The Tenderers notice is drawn to the fact that the awarding of this tender will be in terms of the Supply Chain Management Policy of the Tswaing Local Municipality and The Conditions of Tender are the Standard Conditions of Tender as contained in Annex F of the CIDB Standard for Uniformity in Construction Procurement (May 2010) (Available on www.cidb.co.za).

C3.2.2 Labour and Personnel

C3.2.2.1 Contractor's Personnel

The Contractor shall limit the utilization of his permanently employed personnel to that of key personnel only on the Works, as defined below, and shall execute and

141

--

Contractor

--

Witness 1

--

Witness 2

--

Employer

--

Witness 1

--

Witness 2

complete the Works utilizing a temporary workforce employed directly by the Contractor and/or by his sub-Contractors, using the assistance of the Labour Desk(s), from the various communities that are established in proximity to the Works or which will be consumers from the Scheme.

Without derogating from the Contractor's obligations to complete the Works within the specified time for completion, the numbers in each category of the Contractor's key personnel, as stated by the Contractor in the Returnable Schedules, will be strictly controlled during the contract period and any increase in numbers will be subject to the prior approval of the Employer.

Key personnel mean all contracts managers, site agents, site clerks, materials and survey technicians, quantity surveyors, trainers, supervisors, foremen, skilled plant operators, brick layers, welders, shutter hands and the like, and all other personnel in the permanent employ of the Contractor or his sub-Contractors who possess special skills, and/or who play key roles within the Contractor's or his Sub-Contractor's operations.

The Engineer may at his discretion, upon receipt of a written and fully motivated application from the Contractor, and where he deems the circumstances so warrant, authorize in writing that the Contractor may utilize in the execution of the Works, workers not being his key personnel but who are in his permanent employ. Without limiting the generality of application of this sub-clause, circumstances which may be considered by the Engineer to warrant authorization of the use of the Contractor's permanent employees other than key personnel, include:

- a) The unavailability from local sources of sufficient numbers of temporary workers and/or sub- Contractors to execute the Works provided always that the Contractor has satisfied the Engineer that he has exercised his best endeavours and taken all reasonable actions to recruit sufficient temporary workers and sub-Contractors from local sources.
- b) The unavailability within the temporary worker pool and/or from Sub-Contractor sources available to the Contractor in terms of the Contract, of sufficient skills necessary to execute the Works or specific portions thereof, in situations where the completion period allowed in the Contract is insufficient to facilitate the creation of the necessary skills through the provision of suitable training as contemplated in the Contract;
- c) Any other circumstances which the Engineer may deem as constituting a warrant.

C3.2.2.2 Temporary Workforce

142

Contractor

Witness 1

Witness 2

Employer

Witness 1

Witness 2

The Contractor shall employ labour from the local communities through the Labour Desk(s). Accordingly, the workforce that is employed on Site shall consist of local residents, except for approved key staff in the permanent employ of the Contractor, to the maximum extent that is compatible with the requirements of clause C3.2.1.

The Labour Desk(s) shall assist in identifying available local labour and, where available, semi-skilled labour as well as local sub-Contractors. The Labour Desks shall also assist and advice regarding conditions of employment, disputes and disciplinary procedures. The function of the Labour Desk(s) shall however in no way diminish the responsibilities of the Contractor or sub-Contractor. The Contractor and its sub-Contractor shall adhere to the statutory minimum wage rates, they are however at liberty to negotiate additional incentive payments based on performance. A contract of employment or subcontract should be signed between the Contractor and each of his employees or sub-Contractors, as the case may be. Likewise, contracts of employment must be entered into between each such sub-Contractor, and each of the specific Sub-Contractor's employees. Employment and subcontract agreements shall make clear reference to at least the following conditions:

- The minimum agreed wage rate per hour in respect of labourers;
- The agreed pay rate per unit of production where applicable;
- UIF and WCA payments;
- Minimum working hours per day;
- Start and end times of a daily shift;
- Lunch break times;
- Company Policy regarding:
 - Rain time
 - Sickness and absenteeism
 - Disciplinary matters
 - Grievances
- Method and frequency of payment;
- Work clothes and safety equipment to be issued.

C3.2.2.3 Local Content and Labour-Intensive Construction

The promotion of the use of local content is required in the execution of this project. This will be achieved by the use of local labour and local sub-Contractors in the construction of works equivalent to twenty-five percent (25%) of the total cost of works are to be constructed. The following limits apply:

- Construction by Sub-Contractors may constitute a maximum of 25% of the total local content works.

143

Contractor

Witness 1

Witness 2

Employer

Witness 1

Witness 2

- Construction using labour intensive construction methods and employing locally (within Project Area and its surrounds) labour must make up 75% the total local content works.

Labour Intensive Construction shall mean the economically efficient employment of as great a portion of labour as is technically feasible to produce a standard of construction as demanded by the Specifications with completion by the Due Completion Date, thus the effective substitution of labour for equipment.

Appropriate portions of the Works included in the Contract shall be executed using labour intensive construction methods. These portions of the Works shall be constructed and supplemented only to the extent necessary and unavoidable by the Contractors key personnel, unless otherwise instructed by the Engineer.

Portions of the Works to be executed using labour intensive construction methods are:

- Site establishment (offices, ablutions, fences, water and electricity)
- Clearing and grubbing of the Site.
- Laying of interlocked block paving for road surfacing.
- Kerbing installation.
- Insitu Edgebeams and v-channels.
- Bedding sand application.
- Paving compressing.
- Locking sand and cement application and brooming.
- Installation of road signs.
- Road marking.
- Exposing of existing services.
- Dismantling and re-erection of fences; and
- Cleaning and tidying up of the Site.

In respect of those portions of works which are not listed above, the construction methods adopted and plant utilized shall be at the discretion of the Contractor, provided always that the construction methods adopted and plant utilized by the Contractor are appropriate in respect of the nature of the Works to be executed and the standards to be achieved in terms of the Contract.

C3.4 SUB-CONTRACTING

C3.4.1 Contractor

C3.4.1.1 The Contractor shall sub-let to sub-Contractor's appropriate portions of the works. A sub-contract agreement shall be signed between the Contractor and each of its sub-Contractors.

C3.4.1.2 The Contractor shall be responsible for all work carried out by sub-Contractors on his behalf. The Engineer will not liaise directly with any such sub-Contractor, nor

will he become involved in any problems and/or disputes related to payments, programming, workmanship, etc, unless provided for in the Conditions of Contract. Such problems and/or disputes shall remain the sole concern of the Contractor and his sub- Contractors.

The Engineer may at his discretion, upon receipt of a written and fully motivated application from the Contractor, and where he deems the circumstances so warrant, and provided always that the Contractor has complied fully and in all respects with the provisions of the Contract pertaining to subletting to local sub-Contractors or has utilized his best endeavours to comply therewith, authorize in writing that the Contractor may employ local residents with the sole intent of executing on-the-job training of such local residents to suitable levels of skill.

Without limiting the generality of application of this clause, circumstances which may be considered by the Engineer to warrant such authorization include:

- a) non-receipt of valid or acceptable tenders/quotations from local sub-Contractors;
- b) serious default or failure of appointed local sub-Contractors;

The Engineer shall not grant such authority in cases where it may reasonably be concluded on the available evidence that the invitation of further tenders/quotations in accordance with the terms of the Contract is likely to result in the successful completion of the portions of the Works concerned by sub-Contractors.

Should the Contractor, after suitable due endeavor, be unable to identify sub-Contractors for portions of the Works as specified, then the Contractor shall be permitted to undertake the Works in question with his own workforce as provided for above.

The Engineer shall monitor progress achieved with Sub-Contractor training, and successful completion of this training shall be subject to his approval or instruction. The Contractor shall tender rates for the training of sub- Contractors and labour.

C3.4.1.3 The Contractor shall approach the Labour Desk that is established for purposes of the Contract for assistance and advice regarding conditions of employment, minimum wages, disputes and disciplinary procedures in respect of local sub-Contractors.

C3.4.1.4 No work may be sub-contracted to another party unless approval is given by the Engineer in writing. The Contractor is to submit to the Engineer in writing a request for appointment of a particular sub-contractor. Accompanying this request is to be the full detail of the sub-contractor, including:

145

Contractor

Witness 1

Witness 2

Employer

Witness 1

Witness 2

- Previous experience
- Work which will be sub-contracted to him/her
- Approximate value of the work to be sub-contracted

C3.4.1.5 Before the Engineer in terms of Clause 38 hereof issues any certificate that includes any payment in respect of work done or goods supplied by any sub-contractor appointed in accordance with the provisions of Clause 4.4 of the General Conditions of Contract Third Edition (2015), he shall be entitled to call upon the Contractor to furnish reasonable proof that all payments (less retention moneys) included in previous certificates in respect of the work or goods of such sub-contractors have been made or discharged by the Contractor, in default of which, unless the Contractor:

- Informs the Engineer in writing that he has reasonable cause for withholding or refusing such payment; and
- Submits to the Engineer reasonable proof that he has so informed such sub-contractor in writing.

C3.4.2 Sub-Contractor

To qualify as a sub-Contractor the following requirements shall be applicable:

- Registration with the CIDB in the min class of CE registration applicable for a particular amount of work
- Submit an original valid Tax Clearance Certificate (in terms of the Preferential Procurement Regulations, 2011 published in Government Gazette No. 34350 dated 8 June 2011),
- Submit a valid VAT Registration Certificate (if VAT number is not included in tax clearance certificate), **(NC)**.
- Submit a valid Workmen's Compensation Certificate, Act 4 of 2002,
- Submit a valid Unemployment Insurance Certificate, Act 4 of 2002, **(NC)**.
- Submit a Certificate of Incorporation (if a Company),
- Submit a Founding Statement (if a Closed Corporation),
- Submit a Partnership Agreement (if a Partnership),
- Submit an Identity Document (if a One-man concern),
- Submit a Joint Venture Agreement (if a Joint Venture),
- Submit monthly proof of SARS PAYE in respect of all labourers, **(NC)**.
- Submit a Curriculum vitae of the person who prepares the Health and Safety Plan,
- Curriculum vitae of the Health and Safety Officer to be appointing in accordance with the Occupational Health and Safety Act (Act 85 of 1993).
- Provide all work clothes, safety equipment and tools required for the execution of the Works, unless agreed otherwise with the Contractor.
- The liability insurance cover required shall be covered by the Contractor.

- Payment of all amounts due to the local sub-Contractor by the Contractor shall be subject to the same retention conditions as applicable the Contractor.
- The sub-Contractor shall deliver to the Contractor a performance guarantee of an insurance company or a bank to be jointly and severally bound with the sub-Contractor for an amount equal to the same guarantee conditions as applicable to the Contractor; unless agreed otherwise with the Contractor.
- Submit payment certificates to the Contractor at a frequency of once a month with payment made by the Contractor within seven days after the Employer paid the Contractor.
- The Contractor and its sub-Contractor shall enter into a SAFCEC (or similar) sub-contract agreement.

Contract Data Employer to Contractor
Employer Addendum Code 2101-EC

Introduction

This addendum contains all variables referred to in the Principal Building Agreement that are the responsibility of the Employer to provide the appropriate information that is necessary for the Contractor to complete his tender. The Addendum must be completed in full and included in the tender documents. The applicable addendums "Contract Data - EC", "Contract Data - CE", "Contract Data - ES " and "Contract Data - SE "form part of the contract between the parties.

Definitions

The definitions used in this document and the interpretation thereof are as listed in the Principal Building Agreement. The word or phrase of a definition is in **bold text** and shall bear the meaning assigned to it in the Principal Building Agreement. Where such word or phrase is not highlighted it shall bear the meaning consistent with the context of its use. The listed defined word or phrase does not qualify as a definition where information required to be stated in the contract data has not been provided

Provision of Contract Data

Spaces requiring information must be filled in, shown as 'not applicable' or deleted and not left blank. Where choices are offered, the non-applicable items are to be clearly struck out. Where insufficient space is provided the additional information should be annexed hereto and cross referenced to the applicable clause of the **contract data** has not been provided.

Reference Clauses

2.0 SECURITIES

2.1 The security provisions selected are:

2.1.1 _____ Variable ☐
[14.3] Construction Guarantee (yes/no)

2.1.2 _____ Fixed ☐
[14.4] Construction Guarantee and Payment Reduction (yes/no)

2.1.3 _____ Advanced Payment _____ is
[14.5] required. Where "Yes" (Amount)

2.1.4 _____ An ☐
[14.5] Advance Payment Guarantee to be provided (yes/no)

3.0 PAYMENT AND ADJUSTMENT OF PRELIMINARIES

3.1 Payment of preliminaries

The payment of preliminaries shall be according to the option selected by the **contractor**. The amount included in each monthly **payment certificate** in respect of preliminaries as stated in the **contract data** shall be:

3.1.1 Option A

Assessed by the principal agent as an amount prorated to the value of the work duly executed in the same ratio as the preliminaries bears to the **contract sum** excluding:

The amount for preliminaries

Any contingency sum

Any amount in respect of **CPAP**

All inclusive of **tax**

3.1.2 Option B

160

Contractor

Witness 1

Witness 2

Employer

Witness 1

Witness 2

Calculated from the priced items in the **bills of quantities/lump sum document**. The **contractor** and the **principal agent** shall agree on a division of the priced preliminaries items into:

- An initial or establishment charge
 - A monthly charge
 - A final or disestablishment charge
- All inclusive of **tax**

In arriving at such a division cognizance shall be taken of such factors as:

- Premiums for annually renewable insurance policies
- Plant, scaffolding and the like remaining the property of the **contractor** or the hiring company and the capital cost thereof not treated as part of the initial charge

Where the initial **construction period** is extended the monthly charge shall be recalculated on the same basis as was originally applied but taking into account the revised **construction period** and the amounts already paid to the **contractor**

Should the **contractor** and the **principal agent** be unable to agree such divisions then the **principal agent** shall make a division of the amount of preliminaries to be incorporated in the valuations for each monthly payment certificate.

3.2 Adjustment of preliminaries

The amount or items of preliminaries shall be adjusted to take account of the theoretical financial effect which changes in time and/or value have on preliminaries. Such an adjustment shall be based on the particulars provided by the **contractor** for this purpose in terms of Option A or B and shall preclude any further adjustment of preliminaries.

Adjustment of preliminaries in terms of Option A or B shall apply notwithstanding the actual employment of resources by the **contractor** in the execution of the **works**. The adjustment of preliminaries shall be based on the option as selected in the **contractor's** tender.

For the adjustment of the preliminaries both the **contract sum** and the **contract value** shall exclude

- The amount of preliminaries
- Any contingency sum
- Any amount in respect of **CPAP**

All inclusive of tax

3.2.1 Option A

The amount of preliminaries shall be adjusted in the following categories:

- An amount which shall not be varied
- An amount which shall be varied in proportion to the contract value as compared with the contract sum
- An amount which shall be varied in proportion to the construction period as compared to the initial construction period excluding revisions to the construction period for which the contractor is not entitled to adjustment of the contract value in terms of the agreement

The **contractor** shall, within fifteen (15) working days of taking possession of the **site**, give the **principal agent** a breakdown, subdivided into the above categories, of the amount for preliminaries in tabulated form, all to the satisfaction of the **principal agent**

Should the **contractor** fail to provide such information within the period stipulated then the amount for preliminaries shall be deemed to be subdivided into the following proportions;

- 10% (ten per cent) which amount shall not be varied
- 15% (fifteen per cent) which amount shall be varied in proportion to the contract value as compared with the contract sum
- 75% (seventy-five per cent) which amount shall be varied in proportion to the construction period as compared with the initial construction period

Witness 1

Witness 2

For a lump sum document, should the contractor fail to identify the amount for preliminaries, then such an amount shall be deemed to be 7.5% (seven and a half per cent) of the contract sum excluding:

- Any contingency sum
- Any amount in respect of CPAP

All inclusive of **tax**

Where sectional completion is required in terms of the agreement, the contractor shall provide the **principal agent** with the division of the above categorized amounts into sections. Should the **contractor** fail to provide such information within the period stipulated the categorized amounts shall be prorated to the value of each section

3.2.2 Option B

The **contractor** shall, within fifteen (15) **working days** of taking possession of the site, provide the **principal agent** with detailed breakdown of the amount for preliminaries. This breakdown shall set out, among others, full particulars of administrative, supervisory and other personnel, plant, transport and other resources and charges included in the amount for preliminaries. The **contractor** shall show the periods to which the individual items relate with the charge rate for such items by means of a **programme** all the satisfaction of the **principal agent**

Where sectional completion is required in terms of the **agreement**, the **contractor** shall provide the **principal agent** with details of the resources required for each section and those that are common to sections. Should the **contractor** fail to provide such information within the period stipulated, Option A shall apply

3.2.3 Payment certificate cash flow

The **contractor** shall provide all reasonable assistance to the **principal agent** in the preparation of cash flow projections of claims for **payment certificates** where required by the **employer**. The projections shall be based on the **programme** and shall be updated as and when the **programme** requires updating. The cooperation of the **contractor** in terms of this item shall not prejudice his right to receive payment in terms of the **agreement**

3.2.4 The **contract value** shall be adjusted according **CPAP** [3.1] (yes/no) ☐

3.2.5 Payment of preliminaries [3.1.1-2] (A or B) ☐

3.2.6 Adjustment of preliminaries [3.2.1-2] (A or B) ☐

4.0 EMPLOYER CHANGES TO JBCC STANDARD DOCUMENTS

3.2 Changes (if any) in terms of the Employer's Contract Data are accepted [3.11] (Yes or No) ☐

Where "No" an addendum referenced to this clause is to be attached

5.0 THE TENDER

5.1 This tender is to be submitted to the principal agent at the street address provided in the invitation to tender before the tender closing date and time stated therein

5.2 By submission of this tender to the **employer** the tenderer offers and agrees to contract for, execute and complete the **works** for the tender sum as stated below

5.3 Tenders will be opened in public directly after the stated closing time. Only the total tender sum as stated in each tender will be announced

5.4 The lowest or any tender will not necessarily be accepted

162

Contractor

GENERIC LABOUR-INTENSIVE SPECIFICATION

Scope

This specification establishes general requirements for activities which are to be executed by hand involving the following:

- a) trenches having a depth of less than 1.5 metres;
- b) bricklaying;

Precedence

Where this specification is in conflict with any other standard or specification referred to in the Scope of Works to this Contract, the requirements of this Contract, the requirements of this specification shall prevail.

- Hand excavatable material; and
 - Hand pickable material.
- a) **granular materials:**
- whose consistency when profiled may in terms of table 1 be classified as very loose, loose, medium dens, or dense; or
 - where the material is a gravel having a maximum particle size of 10mm and contains no cobbles or isolated boulders, no more than 15 blows of a dynamic cone penetrometer is required to penetrate 100mm;
- b) **cohesive materials:**
- whose consistency when profiled may in terms of table 1 be classified as very soft, soft, firm, stiff and stiff / very stiff; or
 - where the material is a gravel having a maximum particle size of 10mm and contains no cobbles or isolated boulders, no more than 8 blows of a dynamic cone penetrometer is required to penetrate 100mm;

Note

- 1) A boulder, a cobble and gravel are material with a particle size greater than 200mm, between 60 and 200mm.
- 2) A dynamic cone penetrometer is an instrument used to measure the insitu shear resistance of a soil comprising a drop weight of approximately 10 kg which falls through a height of 400mm and drives a cone having a maximum diameter of 20mm (cone angle of 60° with respect to the horizontal) into the material being used.

164

Contractor

Witness 1

Witness 2

Employer

Witness 1

Witness 2

Table 107. 1: Consistency of Materials when Profiled

GRANULAR MATERIALS		COHESIVE MATERIALS	
CONSISTENCY	DESCRIPTION	CONSISTENCY	DESCRIPTION
Very loose	Crumbles very easily when scraped with a geological pick	Very soft	Geological pick head can easily be pushed in as far as the shaft of the handle
Loose	Small resistance to penetration by sharp end of a geological pick	Soft	Easily dented by thumb; sharp end of a geological pick can be pushed in 30- 40mm; can be molded by fingers with some pressure
Medium dense	Considerable resistance to penetration by sharp end of a geological pick	Firm	Indented by thumb with effort; sharp end of geological pick can be pushed in up to 10mm; very difficult to mold with fingers; can just be penetrated with an ordinary hand spade
Dense	Very high resistance to penetration by the sharp end of geological pick; requires many blows for excavation	Stiff	Can be indented by thumb-nail; slight indentation produced by pushing geological pick point into soil; cannot be molded by fingers
Very dense	High resistance to repeated blows of a geological pick	Very stiff	Indented by thumb-nail with difficulty; slight indentation produced by blow of a geological pick point

Trench Excavation

All hand excavatable material in trenches having a depth of less than 1.5 meters shall be excavated by hand.

Compaction of backfilling to trenches (areas not subject to traffic) must be done using hand compaction with labour intensive construction methods.

Backfilling to trenches shall be placed in layers of thickness (before compaction) not exceeding 100mm. Each layer shall be compacted using hand stampers.

- a) to 90% Proctor density.
- b) such that in excess of 5 blows of a dynamic cone penetrometer (DCP) is required to penetrate 100mm of the backfill, provided that backfill does not comprise more than 10% gravel of size less than 10mm and contains no isolated boulders, or
- c) such that the density of the compacted trench backfill is not less than that of the surrounding undisturbed soil when tested comparatively with a DCP.

Excavation

165

Contractor

Witness 1

Witness 2

Employer

Witness 1

Witness 2

All hand excavatable material including topsoil classified as hand excavatable shall be excavated by hand. Harder material may be loosened by mechanical means prior to excavation by hand. The excavation of any material which presents the possibility of danger or injury to workers shall not be excavated by hand.

Manufactured Elements

Elements manufactured or designed by the Contractor, such as manhole rings and cover slabs, precast concrete planks and pipes, masonry unit and edge beams shall not individually, have a mass of more than 320kg. In addition, the items shall be large enough so that eight workers can conveniently and simultaneously acquire a proper hand hold on them."

C3.5.2 Plant and materials

All materials shall comply with the requirements of the South African Bureau of Standards, and shall bear the official standardization mark. Where SANS standard does not exist for a certain material, or a material does not bear the official standardization mark, the Engineers approval of such material must be gained before use thereof.

C3.5.3 Construction Equipment

All equipment on site shall be in a good working order, and is to be in such a condition that it can achieve production rates which are typical of the industry standards.

Should any equipment, in the opinion of the Engineer, be substandard or breaks down frequently to such an extent that it affects the progress on the project, the Engineer may instruct the Contractor to replace such equipment.

C 3.5.4 Existing Services

The Contractor shall so carry out all his operations as not to encroach on, or interfere with, trespass on, or damage adjoining lands, building properties, roads, structures, places and things in the vicinity of the Works, and he shall free and relieve the Employer of any liability that may be incurred in consequence of his failure to do so.

The services existing on the site will be either shown on the drawings or pointed out on site by the Engineer and / or the Municipality. No excavation work will

commence unless a representative of the Municipality and/or the Engineer have been requested to point out existing services in the area under construction. Written confirmation of services that have been pointed out by the Municipality is to be obtained by the Contractor.

All existing services on the site may not be shown on the drawings or be visible on the site. The Engineer may order excavation by hand in order to search for and expose services. An item has been included in the Schedule of Quantities to cover the cost of such work if so, ordered by the Engineer. Where a service is damaged because of the Contractors negligence he shall be liable for the cost involved in the repair of the services and any other consequent cost that may arise due to the interruption of the damaged services.

No excavation is to take place until a representative from the Municipality has been contacted and he has pointed out the existing services to the Contractor and confirmed it in writing. The same shall apply to all Telkom services in the area.

C3.5.5 Site Establishment

- **Source of Water Supply**

The Contractor will be responsible for the arrangement of potable drinking water on site and construction water. The Contractor must in his pricing allow for the costs associated with these services including paying connection and bill fees.

- **Sources of Power Supply**

The Contractor will be responsible for the arrangement of power on site for the duration of the construction period. The Contractor must in his pricing allow for the costs associated with these services including paying connection and bill fees to either Eskom or the Municipality.

- **Location of Camp and Depot**

The Employer will in communication with the local stakeholders allocate a portion of land to the contractor for his site camp and depot. The Contractor must include in his pricing fees associated with this and all services.

- **Temporary Offices**

The Contractor is responsible for his arrangement of offices for the Engineer and his staff. The costs associated with this must be included in the pricing in the preliminaries and general.

- **Laboratory Facilities**

A provisional amount has been allowed in the bill of quantities for these services. No laboratory services will be necessary on site. The Client will

nominate accredited laboratory to provide these services, hence the Contractor must in his pricing include his own allowance for tests he might deem necessary for his satisfaction.

▪ **Sanitary Facilities**

The Contractor is responsible for arranging sanitary facilities and maintenance for the duration of the project. The facilities must be kept hygienic for the duration of the project.

▪ **Name Boards**

Contract name boards must be erected at the points to be pointed by the Employer in communication with the local involved stakeholders. The number of contract name boards will be determined by the Employer and the community stakeholders.

▪ **Survey Equipment**

The Contractor must provide the survey equipment's to the Engineer's Representative on site as and when instructed to do so.

▪ **Survey Assistant**

the Contractor must avail survey assistant at all times as and when required to the Engineer on site.

C3.5.6 Site Usage

▪ **Ground and Access to the Works**

The Contractor shall where necessary on or adjacent to roads which carry traffic, provide all the necessary barricades and signs in accordance with the stipulations of the South African Road Traffic Signs Manual.

The Contractor shall further ensure that all public roads that are used for access to the site are kept free of debris at all times. The Contractor shall also take adequate measures to ensure that dust is kept to an acceptable level. The term acceptable is to be deemed as acceptable to the Engineer.

▪ **Care, Damage and Protection**

The Contractor shall at his own cost make full provision for all watching and lighting necessary for the protection of all persons, animals, vehicles, etc., from injury by reason of the Works. He shall provide ample warning signs, guard rails, etc., around open excavations, stacks of materials, excavated material, debris or the like, and he shall be held liable for all claims made upon himself or upon the Employer by reason of his neglect of all such precautions and provisions.

168

Contractor

Witness 1

Witness 2

Employer

Witness 1

Witness 2

During the periods of construction of the Works and the repair of defects, the Contractor shall, at his own cost, to the satisfaction of the Engineer and the relevant Authority, take sufficient and adequate measures to avoid interrupting the use of all roads, footpaths, water courses, drains, pipes, telephones, electric wires and cables, premises, places and works, public or private, which may in any way be interfered with by the operations; and shall also afterwards permanently restore all structures and everything which may have been temporarily displaced or otherwise interfered with, all to the satisfaction of the Engineer and the relevant Authority, without extra charge beyond the Contract price.

▪ **Survey Beacons**

The Contractor shall take care to safeguard any permanent survey beacons such as erf boundary pegs and reference beacons. Should the Contractor disturb any such pegs and beacons, he shall have them replaced at his own cost by a registered Land Surveyor. The Contractor is to provide the Engineer with written confirmation from the Land Surveyor that he has replaced the relevant beacons.

The Contractor's attention is drawn to article 35(i) of the Land Surveying Act No. 9 of 1927 (as amended) in this regard.

▪ **Blasting**

As the construction takes place within a built-up area, extreme care is to be taken during any blasting operations. No blasting shall be permitted without prior written consent from the Engineer. Written as well as verbal notice will be given to all house owners in the affected area 24 hours prior to the blast being set off, and the contractor is to do a survey of all the houses (internal and external) in the area prior to blasting.

A full daily report of all blasting operations (in duplicate) is to be completed by the Contractor.

This report shall inter alia contain the following information:

- Date and time of each blast
- Number of holes
- Charge per hole
- Use of relays, etc.

169

Contractor

Witness 1

Witness 2

Employer

Witness 1

Witness 2

This report is to be submitted to the Engineer on a weekly basis, and is to be countersigned by the Engineer.

The contractor is to be noted that he is not to use or permit any person to use an explosive powered tool, unless —

- (a) it is provided with a protective guard around the muzzle end, which effectively confines any flying fragments or particles; and
- (b) the firing mechanism is so designed that the explosive powered tool will not function unless—
 - (i) it is held against the surface with a force of at least twice its weight; and
 - (ii) the angle of inclination of the barrel to the work surface is not more than 15 degrees from a right angle:

▪ Protection of Existing Vegetation

Before any tree is cut down and removed from the site, the Contractor shall confirm the necessity of such action with the Engineer or his Representative.

▪ Access to Individual Erven

Access to all public and private property must be maintained at all times. Where trenches cross the access point to any property, the Contractor is to arrange for adequate and safe vehicular and pedestrian crossings over the trenches.

The Engineer must approve the method of providing access before any excavation commences.

▪ Use of Construction Vehicles and Equipment

The contractor shall ensure that all construction vehicles and mobile plants—

- a) are of an acceptable design for construction;
- b) are maintained in a good working order;
- c) are used in accordance with their design and the intention for which they were designed, having due regard to safety and health;
- d) are operated by workers who-

170

Contractor

Witness 1

Witness 2

Employer

Witness 1

Witness 2

- i. have received appropriate training and been certified competent and been authorised to operate such machinery; and
- ii. are physically and psychologically fit to operate such construction vehicles and mobile plant by being in possession of a medical certificate of fitness;
- iii. arrangements to guard against the dangers relating to the movement of vehicles and plant, in order to ensure their continued safe operation;
- iv. are prevented from falling into excavations, water or any other area lower than the working surface by installing adequate edge protection, which may include guardrails and crash barriers;
- v. where appropriate, are fitted with structures designed to protect the operator from falling material or from being crushed should the vehicle or mobile plant overturn;
- vi. are equipped with an electrically operated acoustic signalling device and a reversing alarm; and
- vii. are on a daily basis inspected prior to use, by a competent person who has been appointed in writing and the findings of such inspection is recorded in a register.
- viii. no person rides or be required or permitted to ride on any construction vehicle or mobile plant otherwise than in a safe place provided thereon for that purpose;
- ix. every construction site is organised in such a way that, as far as is reasonably practicable, pedestrians and vehicles can move safely and without risks to health;
- x. the traffic routes are suitable for the persons using them, sufficient in number, in suitable positions and of sufficient size;
- xi. every traffic route is, where necessary indicated by suitable signs for reasons of health or safety;
- xii. bulldozers, scrapers, loaders, and other similar mobile plant are, when being repaired or when not in use, fully lowered or blocked with controls in a neutral position, motors stopped and brakes set;
- xiii. whenever visibility conditions warrant additional lighting, all mobile plant are equipped with at least two headlights and two taillights when in operation;
- xiv. when workers are working on or adjacent to public roads, reflective indicators are provided and worn by the workers.

C3.6 MANAGEMENT

C3.6.1 Management of the Works C3.6.1.1 Applicable Specifications

For purposes of “Preliminary & General”, “Building Works” and “Landscaping”

- Site establishment and disestablishment (Preliminary & General)

Preliminaries, JBCC Series 2000, May 2005, as published by the Association of South African Quantity Surveyors, including the variations and additions specified in Section C3.6, shall be applicable to this project.

- Building work and Landscaping

The Model Preambles for Trades (2008 edition) as published by the Association of South African Quantity Surveyors, including the variations and additions specified in Section C3.6, shall be applicable to this project.

Please note that both documents are not issued with this document, but available at the Contractor's expense from Association of South African Quantity Surveyors, Suite G6, Building 27, Thornhill Office park, Bekker Road, Vorna Valley Ext 21, Midrand.

For purposes of “Civil Works” and “Electrical Works”

The following Standard and Particular Specifications and corresponding Project Specifications are applicable:

The Standard Specifications for Civil Engineering Construction SANS 1200 published by the South African Bureau of Standards and referred to as the “Standard Specifications”, including the variations and additions specified in Section C3.6, shall be applicable to this project.

C3.6.1.3 Construction Programme

The Contractor shall supply within the period stated in the Contract Data a suitable and realistic construction programme that is based on the construction drawings issued by the Engineer, for consideration by the Engineer. This programme shall show the proposed scheduling and methods of execution of the Works, as well as the resources that will be allocated to each item or phase of the Works. Quantities proposed for execution during each month must be shown. In addition, the

anticipated cash flow for the Contract, based upon these quantities, shall be shown following the prescribed format.

The Contractor will be expected to progress with the Works in accordance with the approved programme and shall not deviate from the order of execution shown in the programme without the prior approval of the Engineer or his Representative. Should such approval be given, an adjusted programme shall be produced within seven (7) days and submitted to the Engineer for evaluation. Progress in advance of the programme on certain portions or phases of the Works shall not be considered adequate reason for poor progress on another portion or phase.

C3.6.1.4 Drawings, Operation and Maintenance Manuals

All information in the possession of the Contractor that is required by the Engineer's Representative in order to complete the As-Built drawings and to prepare a completion report for the Employer must be submitted to the Engineer's Representative before a Certificate of Practical Completion will be issued for the Works. Similarly, the Contractor will be required to submit full details of all pipes, valves, meters and specials in a suitable loose bound format, including any special operational and maintenance procedures related thereto, for incorporation in the overall operation and maintenance manual for the Scheme prior to the issue of a Certificate of Completion for the Works. Only figured dimensions on the Drawings may be used in the interpretation thereof, and the Drawings shall not be scaled unless the Contractor is so instructed by the Engineer in writing. The Engineer will upon written request provide any dimensions that may have been omitted from the drawings.

C3.6.1.5 Site Administration

An index to the Engineer's standard site administration forms as well as examples of some of the administration forms is appended as in Part C4.6. Acceptance control, record keeping, and payment certificates shall be done in accordance with the Engineer's standard system except if the Engineer approves that the Contractor's standard system may be used.

C3.6.1.6 Daily Site Diary

The daily site diary in accordance with the pro forma appended in Annexure A shall be kept up to date by the Contractor's Representative and will be signed on a daily basis by the Engineer's Representative.

C3.6.1.7 Information in Respect of Plant

Information relating to plant on Site shall be recorded in the daily site diary. In addition, the Contractor shall deliver to the Engineer, on a monthly basis, a detailed summary of construction plant kept on the Site, full particulars given for each day of the month. Distinction shall be made between plant in working order and plant out-of-order. Such inventory shall be submitted by the first day of the month following the month to be reported.

C3.6.1.8 Information in Respect of Employees

Information relating to labour and management on Site shall be recorded in the daily site diary in addition, the Contractor shall deliver to the Engineer, on a

173

--

Contractor

--

Witness 1

--

Witness 2

--

Employer

--

Witness 1

--

Witness 2

monthly basis, a detailed summary of supervisory staff, labour employed (own and local labour) by category, and sub-Contractors (both local and imported) for each day of the month. Such return shall be submitted by the first day of the month following the month to be reported.

C3.6.1.9 Rainfall Records

Rainfall records for the period of construction shall be taken on Site and recorded in the daily site diary. The Contractor shall provide and install all the necessary equipment for accurately measuring the rainfall. The Contractor shall also provide, erect and maintain a security fence plus gate, padlock and keys at each measuring station, all at his own cost. The Engineer or his Representative shall take and record the daily rainfall readings. The Contractor shall be permitted to attend these readings, in the company of the Engineer's Representative. Access to the measuring gauge(s) shall at all times be under the Engineer's control.

C3.6.1.10 Site Instructions

Site instructions by the Engineer, addressed to the Contractor at his office on the Site, will be numbered consecutively and will be deemed to have been received by the Contractor's representative unless a break in the sequence of numbers is brought to the notice of the Engineer in writing immediately.

C3.6.1.11 Site Meetings

The Contractor and his authorized representative shall attend all meetings held on the Site with the Employer and the professional team at dates and times to be determined by the Engineer. Such meetings will be held to evaluate the progress of the Contract, and to discuss matters pertaining to the Contract which any of the parties represented may wish to raise. It is not the intention to discuss day-to-day technical matters at such meetings.

C3.6.1.12 Payment Certificates

Monthly Progress Payment Certificates shall be submitted to the Engineer's representative on site not later than the 15th of each month (or as agreed between the Contractor and the Engineer).

All quality and quantity calculations and certificates submitted by the Contractor for checking shall be in accordance with the standard forms that are appended as annexure to the Scope of Works.

C3.6.1.13 Environmental Management Plan

The Contractor shall comply with all the conditions of the Record of Decision and the Environmental Management Plan appended in this document (if any).

C3.6.1.14 Community Liaison and Community Relations

174

Contractor

Witness 1

Witness 2

Employer

Witness 1

Witness 2

In all dealings with communities through which the Works are to be executed, and in all dealings with workers employed from within such communities, the Contractor shall take due cognizance of the character, culture and circumstances of the specific community, and shall at all times use his best endeavors to avoid the development of disputes and rather to foster a spirit of co-operation and harmony towards the project.

The Contractor shall at all times, keep the Engineer fully informed regarding all matters affecting or negotiated between the Contractor and the community, and he shall attend all liaison meetings as may be arranged by the Engineer and/or the Employer. All matters concerning the community shall be discussed and where possible, resolved at such meetings.

Where any resolution during such negotiations or at such meetings shall be contrary to the terms and provisions of the Contract, the Contractor shall not give effect thereto without a prior written instruction from the Engineer. Where the Contractor is of the opinion that any instruction of the Engineer issued in terms of this clause will result in the incurring of additional costs which were not provided for in his tendered rates and prices and/or that a delay in the progress of the Works will result, he shall be entitled to submit a claim in terms of Clause 48 of the Contract Data, provided always that the period of twenty-eight (28) days referred to in Clause 48 shall be reduced to three (3) normal working days in respect of all claims submitted in terms of this clause.

C3.6.1.15 Workmanship and Quality Control

The onus to produce work that conforms in quality and accuracy of detail to the requirements of the Specifications and of the Drawings rests with the Contractor, and the Contractor shall, at his own expense, institute a quality-control system and provide experienced Engineers, foremen, surveyors, materials technicians, other technicians and technical staff, together with all transport, instruments and equipment to ensure adequate supervision and positive control of the quality of the Works at all stages of the Contract.

The cost of the Contractor's supervision and process control, including all testing carried out by the Contractor, will be deemed to be included in the rates tendered for the various items of work. The Contractor's attention is drawn to the provisions of the various Standardized Specifications regarding the minimum frequency of process control testing that is to be executed. The Contractor shall, at his own discretion, increase this frequency where necessary to ensure adequate control of the quality of the Works at all times. Upon completion and submission of each portion of the Works to the Engineer for examination, the Contractor shall furnish the Engineer with the results of relevant tests, measurements and levels, thereby indicating compliance with the Specifications. The Engineer will not examine or inspect any portion of work submitted for approval unless the request for inspection and approval is accompanied by relevant tests, measurements and levels indicating compliance.

C3.6.1.16 Features Requiring Special Attention

175

--

Contractor

--

Witness 1

--

Witness 2

--

Employer

--

Witness 1

--

Witness 2

C3.6.1.16.1 Built-up Areas

The Contractor's attention is drawn to the fact that the Works will be constructed inside built-up areas. The Contractor shall exercise all necessary precautions and take all necessary steps to ensure the safety and convenience of the public. In addition, the Contractor shall provide access for traffic over and through the works, and for residents to their places of abode, all as described in the Scope of Work. Allowance must be made by the Contractor in his programming for delays resulting from the aforesaid. The Contractor shall give residents a minimum of 72 hours written notice of his intent to close access to residential stands. The Contractor shall acquire written confirmation from all owners that they are aware of any intended closures of access. No traffic access to a residential stand shall be closed for longer than 48 hours.

C3.6.1.16.4 Control of Water

The Contractor shall at all times and in all respects be responsible for the handling of storm water from higher-laying areas above the Works, and for the handling of any sub-surface water that may affect the Works.

C3.6.1.16.5 Survey and Setting Out

The Engineer has established survey beacons on site from which the Contractor can set out the Works. The position and co-ordinates of the permanent survey beacons have been shown on the drawings. The Contractor shall be responsible for the protection of all these survey beacons and reference points from handing over of the beacons to the Contractor to completion of the Works. Property beacons and trigonometrically survey beacons that are disturbed or destroyed during the course of the contract shall be replaced at the Contractor's cost by a registered land surveyor who shall verify such replacement. The Contractor's attention is drawn to the requirements of SABS 1200 A (General), Clause 5.1, in this respect.

The Contractor shall be responsible for the true and proper setting out of the Works and for the correctness of the position, levels, dimensions and alignment of all parts of the Works from the beacons established above and for the provision of all necessary instruments, appliances and labour in connection therewith. Such setting out shall be executed by a registered surveyor. No separate payment shall be made in respect of setting out, such work being deemed as included in the rates tendered for construction of the Works.

The checking of any setting-out or of any line or level by the Engineer shall not relieve the Contractor of his responsibility for the correctness thereof.

If at any time during the progress of the Works, any error shall appear or arise in the position, levels, dimensions or alignment of any part of the Works, the Contractor, on being required to do so by the Engineer, shall at his own expense rectify such error to the satisfaction of the Engineer, but if such error is based on incorrect data supplied in writing by the Engineer shall, in respect of cost of such

rectification, be entitled to make a claim in accordance with Clause 48 of the Contract Data.

C3.6.1.17 Notices, Signs, Barricades and Advertisements

Notices, signs and barricades (required in terms of Clause 34 of the Conditions of Contract) as well as advertisements may only be erected where approved by the Engineer. The Contractor shall be responsible for their supply, erection, maintenance and ultimate removal and shall make provision for this in his tendered rates.

The Engineer shall have the right to have any sign, notice or advertisement moved to another location, or to have it removed from the Site of the Works, should it in any way prove to be unsatisfactory, inconvenient or dangerous to the general public.

C3.6.1.18 Unauthorized persons

The Contractor shall keep unauthorized persons from the works at all times under no circumstances may any person except guards be allowed to sleep on the building site.

C3.7 HEALTH AND SAFETY

All work is to be carried out in accordance with the Occupational Health and Safety Act and Regulations (Act 85 of 1993) (a copy of which must be kept on site), the Explosive Material Act of (Act 26 of 1956), the Minerals Act of 1991, and the Factories Machinery and Building Work Act (No 22 of 1941).

The Contractor's notice is drawn to the stipulations of the Construction Regulations 2003, a regulation of the Health and Safety Act 1993 (Gov Notice No R1010 of 18 July 2003). The construction regulation will be applied vigorously on the project.

The Contractor to be appointed must have made provision for the cost of health and safety measures during the construction process. The contractor must have the necessary skills, competencies and resources to carry out the work safely. A proper Safety Plan is to be submitted by the Contractor and a copy thereof is to be made available to all applicable appointed labourers and permanent workers on this project.

The Contractor is to ensure that the legal compliance for the Health and Safety issues are in place. Audits will be carried out to ensure that the Contractor is registered and in good standing with the Workmen's Compensation fund and that the Contractor has affected insurance indemnifying the Employer against penalties levied upon the Employer due to the acts of omissions of the Contractor in failing to comply with the provisions of the OHS regulations 2003. A compliance audit will also be carried out to

177

Contractor

Witness 1

Witness 2

Employer

Witness 1

Witness 2

ensure that the Contractor has appointed a full-time competent person in writing to deal with the issues of the OHS and that a risk assessment has been conducted and a copy of the Safety plan is on site before any work commences.

- Operational audits will be carried out on the following important issues:
 - ✓ That the Safety Plan is on site at all times
 - ✓ That the Contractor's Safety file is on site at all times
 - ✓ That the Safety Officer is on site at all times
 - ✓ That Safety meetings are conducted as per the Safety Plan
 - ✓ That employees are working under safe conditions
 - ✓ That the public is not placed in danger
 - ✓ That there is no harm to the environment

- **Accommodation of traffic**

It is expected of the Contractor to ensure that the free flow of traffic is possible throughout the construction period.

The Contractor is to provide all necessary barricades, signs and lighting in accordance with the stipulations of the South African Road Signs Traffic Manual, and the Protective Services of the Local Municipality. All work is to be to the satisfaction of the Engineer.

- **Reporting of accidents**

In addition to any statutory regulations, the Contractor shall, as soon as practicable, report to the Engineer every occurrence on the Works or the site causing damage to property of injury of death of persons. If required by the Engineer, the Contractor will submit a report in writing to the Engineer within 48 hours of such requirement setting out full details of the occurrence. The Engineer shall have the right to make any enquiries either on the site or elsewhere as to the cause and results any such occurrence and the Contractor shall make available to the Engineer the necessary facilities for carrying out such enquiries.

C3.8 PROJECT SPECIFICATIONS

C3.8.1.1 Site establishment and disestablishment (Preliminary & General)
Preliminaries, JBCC Series 2000, May 2005, as published by the Association of South African Quantity Surveyors shall be applicable to the contract.

Clause 12.1.1 Provisional Bills of Quantities

[2.2] The quantities are provisional

Clause 12.1.2 Availability of the construction document

[2.3] Construction document is complete

Clause 12.1.3 Interest of the agents

[2.4] None

Clause 12.1.4 Define the works area

[3.1] Details: The works are located at the following coordinates: TBA

Clause 12.1.5 Geotechnical Investigation

[3.2] Details: Refer to the attached geotechnical report, included in Part C4.1

Clause 12.1.6 Existing premises occupied

[3.4] Specific Requirements: N/A

Clause 12.1.7 Previous work – dimensional accuracy

[3.5] Details: N/A

Clause 12.1.8 Previous work – defects

[3.6] Details: N/A

Clause 12.1.9 Services - Known

[3.7] Details: Defined on the drawings

Clause 12.1.10 Protection of Trees

[3.9] Specific Requirements: None

Clause 12.1.11 Inspection of adjoining properties

[3.11] Specific Requirements: None

Clause 12.1.22 Protection of the works

[11.1] Specific Requirements: None

Clause 12.1.23 Disturbance

[11.5] Specific Requirements: N/A

Clause 12.1.24 Security of the works

[11.3] Specific Requirements: 24 Hour security shall be provided on site and at the contractor/employers representative site camp/offices

Clause 12.1.25 Environmental Disturbance

[11.6] Specific Requirements: The Contractor shall comply with all the conditions of the Record of Decision and the Environmental Management Plan which shall cover all fixed and time related items

FIXED-CHARGE ITEMS Unit

Compliance with Environmental Management Plan and Record of Decision. Sum

The sum tendered shall cover all costs, overheads, profits and charges incurred in complying with all the conditions of the Environmental Management Plan and Record of Decision.

TIME-RELATED ITEMS Unit

Compliance with Environmental Management Plan and Record of Decision. Sum

The sum tendered shall cover all costs, overheads, profits and charges incurred in complying with all the conditions of the Environmental Management Plan and Record of Decision.

Clause 12.1.26 Health and Safety

[11.13] Specific Requirements: _____.

The maintenance of safe work practice at all times and in all sections of the execution of the works is embedded in the day to day site activities of all the Contractor's management, staff and workforce on the contract.

However, the introduction of the Construction Regulations in 2014 requires from the Employer to ensure that the Contractor has made adequate provision for the

181

Contractor

Witness 1

Witness 2

Employer

Witness 1

Witness 2

execution of the works within the specifications of said regulations. The following items have been identified as critical towards ensuring the minimum standards of safe work practice:

It must be noted that the lists below are not exhaustive and that many items have been traditionally priced by the Contractor as an integral part of his Preliminary and General items or as part of the overhead costs of other items. The tender document, although not detailed with regards the Construction Regulations, requires that the Contractor ensures adherence to the Occupational Health and Safety Act (Act 85 of 1993) the Construction Regulations, 2014.

FIXED-CHARGE ITEMS

Unit

Compliance with the Occupational Health and Safety Act

(Act 85 of 1993) and its regulations and with the Employer's Health and Safety Specification. Sum

The fixed charge item shall include but shall not be limited to the following:

- Preparation of Health and Safety Plan,
- Establishment of Health and Safety File,
- Health and Safety Training
- Personal Protective Clothing and Equipment
- Fences, Signs and Barricades
- Establishment of Safety Administration
- Other Health and Safety Fixed-charge Obligations

TIME RELATED ITEMS

Unit

Compliance with the Occupational Health and Safety Act.

(Act 85 of 1993) and its regulations and with the Employer's

Health and Safety Specification.....Sum

The time related item shall include but shall not be limited to the following:

- The employment cost of all health and safety personnel including consultants, health and safety officers, inspectors, supervisors and issuers required in terms of the Contractor's Health and Safety Plan,
- Updating the Health and Safety Plan as needed,
- Carrying out of periodic own audits and follow-up audits,
- Compiling ongoing risk assessments and risk assessment reports as required by the Works,
- Convening of regular safety meetings with the Safety Representatives,
- Accompanying and supporting the Employer or his Safety Agent during ad hoc audits,
- Compilation of monthly safety reports and statistics for the Employer or his Safety Agent,
- Implementation and maintenance of Training
- Maintenance of personal protective clothing and equipment
- Maintenance of fences, signs and barricades
- Implementation and maintenance of safety administration
- Other Health and Safety Time-related Obligations

Clause 12.1.27 Survey Assistants

[11.14] Specific Requirements: _____.

One suitably educated Survey Assistant shall be made available for the sole use of the Engineer's Representative (Principal Agent) for the duration of the Contract. The assistant may also be required to fulfil the function of Community Liaison Officer during the Contract should the Principal Agent consider this arrangement to be in the interests of the Employer. The Survey Assistants may therefore have to be appointed from the local communities. Transport shall be supplied for the Survey Assistant/Community Liaison Officer by the Contractor for the duration of the Contract should he be requested to do so.

Clause 12.1.28 Survey and Laboratory Equipment

[11.15] Specific Requirements: _____.

The survey equipment listed below shall be made available and be maintained in good condition for the exclusive use of the Employer's Representative (Principal Agent) for the duration of the Contract.

- (a) Automatic surveyor's level complete with tripod and leather carry case such as Zeiss N1-2 or equivalent 1 No

- (t) A Troxler nuclear system, complete with accessories and stored in a suitable transit case as supplied by the manufacturer. A detailed description of the unit and principals of operation should be given in the manual for the nuclear instrument.
- (u) Six concrete cube moulds, 150mm nominal size, as well as a suitable concrete cube curing basin to keep all concrete cubes submerged in water for at least 28 days.

Clause 12.1.29 Name Board

- [11.16] Specific Requirements: _____.
- One name board conforming to the standard requirements of the South African Association of Consulting Engineers must be provided and erected at points to be designated by the Engineer.

Clause 12.1.30 Accommodation of traffic

- [11.17] Specific Requirements: _____.
- The Contractor shall tender a lump sum for accommodating traffic during the duration of the Contract, which sum shall cover all his obligations in this regard, including but not limited to temporary barricades; the erection and re-erection of existing and/or temporary traffic signs; lights and flagmen for the guarding and protection of the Works; and for making all necessary arrangements with the applicable traffic authorities. Payment shall be made monthly pro-rata to the overall progress of the Works.

C3.6.1.2 Building work and Landscaping

The Model Preambles for Trades (2008 edition) as published by the Association of South African Quantity Surveyors shall be applicable to the contract.

Geology

It is preliminarily concluded that the bearing capacities of the existing soils on the gravel roads are of moderate satisfactory road performance, therefore importation of suitable enough material from the identified borrow pit has been allowed for the construction of a stable formation layers before installing the new paving blocks.

Topography and Drainage

The site topography indicates that the area is flat and slightly gently sloping to the western side. The site slope is generally gentle undulating.

Bench Marks

All benchmark information is supplied with the tender drawings and shall also be included in the construction drawings to be issued to a successful contractor.

1. In these Regulations, unless the context indicates otherwise, any word or expression to which

EPWP GUIDELINES

1. Introduction

- 1.1 This document contains the standard terms and conditions for workers employed in elementary occupations on an Extended Public Works Programme (SPWP). These terms and conditions do NOT apply to persons employed in the supervision and management of an SPWP.
- 1.2 In this document –
- (a) "department" means any department of the State, implementing agent or contractor;
 - (b) "employer" means any department, implementing agency or contractor that hires workers to work in elementary occupations on a SPWP;
 - (c) "worker" means any person working in an elementary occupation on a SPWP;
 - (d) "elementary occupation" means any occupation involving unskilled or semi-skilled work;
 - (e) "management" means any person employed by a department or implementing agency to administer or execute an SPWP;
 - (f) "task" means a fixed quantity of work;
 - (g) "task-based work" means work in which a worker is paid a fixed rate for performing a task;
 - (h) "task-rated worker" means a worker paid on the basis of the number of tasks completed;
 - (i) "time-rated worker" means a worker paid on the basis of the length of time worked.

2. Terms of Work

- 2.1 Workers on a SPWP are employed on a temporary basis.
- 2.2 A worker may NOT be employed for longer than 24 months in any five-year cycle on a SPWP.
- 2.3 Employment on a SPWP does not qualify as employment as a contributor for the purposes of the Unemployment Insurance Act 30 of 1966.

3. Normal Hours of Work

- 3.1 An employer may not set tasks or hours of work that require a worker to work–
- (a) more than forty hours in any week
 - (b) on more than five days in any week; and
 - (c) for more than eight hours on any day.
- 3.2 An employer and worker may agree that a worker will work four days per week. The worker may then work up to ten hours per day.
- 3.3 A task-rated worker may not work more than a total of 55 hours in any week to complete the tasks allocated (based on a 40-hour week) to that worker.

4. Meal Breaks

- 4.1 A worker may not work for more than five hours without taking a meal break of at least thirty minutes duration.
- 4.2 An employer and worker may agree on longer meal breaks.
- 4.3 A worker may not work during a meal break. However, an employer may require a worker to perform duties during a meal break if those duties cannot be left unattended and cannot be performed by another worker. An employer must take reasonable steps to ensure that a worker is relieved of his or her duties during the meal break.
- 4.4 A worker is not entitled to payment for the period of a meal break. However, a worker who is paid on the basis of time worked must be paid if the worker is required to work or to be available for work during the meal break.

5. Special Conditions for Security Guards

- 5.1 A security guard may work up to 55 hours per week and up to eleven hours per day.
- 5.2 A security guard who works more than ten hours per day must have a meal break of at least one hour or two breaks of at least 30 minutes each.

6. Daily Rest Period

Every worker is entitled to a daily rest period of at least eight consecutive hours. The daily rest period is measured from the time the worker ends work on one day until the time the worker starts work on the next day.

7. Weekly Rest Period

Every worker must have two days off every week. A worker may only work on their day off to perform work which must be done without delay and cannot be performed by workers during their ordinary hours of work ("emergency work").

8. Work on Sundays and Public Holidays

- 8.1 A worker may only work on a Sunday or public holiday to perform emergency or security work.
- 8.2 Work on Sundays is paid at the ordinary rate of pay.
- 8.3 A task-rated worker who works on a public holiday must be paid –
 - (a) the worker's daily task rate, if the worker works for less than four hours;
 - (b) double the worker's daily task rate, if the worker works for more than four hours.
- 8.4 A time-rated worker who works on a public holiday must be paid –
 - (a) the worker's daily rate of pay, if the worker works for less than four hours on the public holiday;
 - (b) double the worker's daily rate of pay, if the worker works for more than four hours on the public holiday.

9. Sick Leave

- 9.1 Only workers who work four or more days per week have the right to claim sick-pay in terms of this clause.
- 9.2 A worker who is unable to work on account of illness or injury is entitled to claim one day's paid sick leave for every full month that the worker has worked in terms of a contract.
- 9.3 A worker may accumulate a maximum of twelve days' sick leave in a year.
- 9.4 Accumulated sick-leave may not be transferred from one contract to another contract.
- 9.5 An employer must pay a task-rated worker the worker's daily task rate for a day's sick leave.
- 9.6 An employer must pay a time-rated worker the worker's daily rate of pay for a day's sick leave.
- 9.7 An employer must pay a worker sick pay on the worker's usual payday.
- 9.8 Before paying sick-pay, an employer may require a worker to produce a certificate stating that the worker was unable to work on account of sickness or injury if the worker is –
 - (a) absent from work for more than two consecutive days; or
 - (b) absent from work on more than two occasions in any eight-week period.
- 9.9 A medical certificate must be issued and signed by a medical practitioner, a qualified nurse or a clinic staff member authorised to issue medical certificates indicating the duration and reason for incapacity.
- 9.10 A worker is not entitled to paid sick-leave for a work-related injury or occupational disease for which the worker can claim compensation under the Compensation for Occupational Injuries and Diseases Act.

10. Maternity Leave

- 10.1 A worker may take up to four consecutive months' unpaid maternity leave.
- 10.2 A worker is not entitled to any payment or employment-related benefits during maternity leave.
- 10.3 A worker must give her employer reasonable notice of when she will start maternity leave and when she will return to work.

- 10.4 A worker is not required to take the full period of maternity leave. However, a worker may not work for four weeks before the expected date of birth of her child or for six weeks after the birth of her child, unless a medical practitioner, midwife or qualified nurse certifies that she is fit to do so.
- 10.5 A worker may begin maternity leave –
- (a) four weeks before the expected date of birth; or
 - (b) on an earlier date –
 - (i) if a medical practitioner, midwife or certified nurse certifies that it is necessary for the health of the worker or that of her unborn child; or
 - (ii) if agreed to between employer and worker; or
 - (c) on a later date, if a medical practitioner, midwife or certified nurse has certified that the worker is able to continue to work without endangering her health.
- 10.6 A worker who has a miscarriage during the third trimester of pregnancy or bears a stillborn child may take maternity leave for up to six weeks after the miscarriage or stillbirth.
- 10.7 A worker who returns to work after maternity leave, has the right to start a new cycle of twenty-four months employment, unless the SPWP on which she was employed has ended.

11. Family responsibility leave

- 11.1 Workers, who work for at least four days per week, are entitled to three days paid family responsibility leaves each year in the following circumstances -
- (a) when the employee's child is born;
 - (b) when the employee's child is sick;
 - (c) in the event of a death of –
 - (i) the employee's spouse or life partner;
 - (ii) the employee's parent, adoptive parent, grandparent, child, adopted child, grandchild or sibling.

12. Statement of Conditions

- 12.1 An employer must give a worker a statement containing the following details at the start of employment –
- (a) the employer's name and address and the name of the SPWP;
 - (b) the tasks or job that the worker is to perform; and
 - (c) the period for which the worker is hired or, if this is not certain, the expected duration of the contract;
 - (d) the worker's rate of pay and how this is to be calculated;
 - (e) the training that the worker will receive during the SPWP.
- 12.2 An employer must ensure that these terms are explained in a suitable language to any employee who is unable to read the statement.

- 12.3 An employer must supply each worker with a copy of these conditions of employment.

13. Keeping Records

- 13.1 Every employer must keep a written record of at least the following –
- (a) the worker's name and position;
 - (b) in the case of a task-rated worker, the number of tasks completed by the worker;
 - (c) in the case of a time-rated worker, the time worked by the worker;
 - (d) payments made to each worker.
- 13.2 The employer must keep this record for a period of at least three years after the completion of the SPWP.

14. Payment

- 14.1 An employer must pay all wages at least monthly in cash or by cheque or into a bank account.
- 14.2 A task-rated worker will only be paid for tasks that have been completed.
- 14.3 An employer must pay a task-rated worker within five weeks of the work being completed and the work having been approved by the manager or the contractor having submitted an invoice to the employer.
- 14.4 A time-rated worker will be paid at the end of each month.
- 14.5 Payment must be made in cash, by cheque or by direct deposit into a bank account designated by the worker.
- 14.6 Payment in cash or by cheque must take place –
- (a) at the workplace or at a place agreed to by the worker;
 - (b) during the worker's working hours or within fifteen minutes of the start or finish of work;
 - (c) in a sealed envelope which becomes the property of the worker.
- 14.7 An employer must give a worker the following information in writing –
- (a) the period for which payment is made;
 - (b) the numbers of tasks completed or hours worked;
 - (c) the worker's earnings;
 - (d) any money deducted from the payment;
 - (e) the actual amount paid to the worker.
- 14.8 If the worker is paid in cash or by cheque, this information must be recorded on the envelope and the worker must acknowledge receipt of payment by signing for it.
- 14.9 If a worker's employment is terminated, the employer must pay all monies owing to that worker within one month of the termination of employment.

15. Deductions

- 15.1 An employer may not deduct money from a worker's payment unless the deduction is required in terms of a law.
- 15.2 An employer must deduct and pay to the SA Revenue Services any income tax that the worker is required to pay.

- 15.3 An employer who deducts money from a worker's pay for payment to another person must pay the money to that person within the time period and other requirements specified in the agreement law, court order or arbitration award concerned.
- 15.4 An employer may not require or allow a worker to –
- (a) repay any payment except an overpayment previously made by the employer by mistake;
 - (b) state that the worker received a greater amount of money than the employer actually paid to the worker; or
 - (c) pay the employer or any other person for having been employed.

16 . Health and Safety

- 16.1 Employers must take all reasonable steps to ensure that the working environment is healthy and safe.
- 16.2 A worker must –
- (a) work in a way that does not endanger his/her health and safety or that of any other person;
 - (b) obey any health and safety instruction;
 - (c) obey all health and safety rules of the SPWP;
 - (d) use any personal protective equipment or clothing issued by the employer;
 - (e) report any accident, near-miss incident or dangerous behaviour by another person to their employer or manager.

17. Compensation for Injuries and Diseases

- 17.1 It is the responsibility of the employers (other than a contractor) to arrange for all persons employed on a SPWP to be covered in terms of the Compensation for Occupational Injuries and Diseases Act, 130 of 1993.
- 17.2 A worker must report any work-related injury or occupational disease to their employer or manager.
- 17.3 The employer must report the accident or disease to the Compensation Commissioner.
- 17.4 An employer must pay a worker who is unable to work because of an injury caused by an accident at work 75% of their earnings for up to three months. The employer will be refunded this amount by the Compensation Commissioner. This does NOT apply to injuries caused by accidents outside the workplace such as road accidents or accidents at home.

18. Termination

- 18.1 The employer may terminate the employment of a worker for good cause after following a fair procedure.
- 18.2 A worker will not receive severance pay on termination.
- 18.3 A worker is not required to give notice to terminate employment. However, a worker who wishes to resign should advise the employer in advance to allow the employer to find a replacement.

- 18.4 A worker who is absent for more than three consecutive days without informing the employer of an intention to return to work will have terminated the contract. However, the worker may be re-engaged if a position becomes available for the balance of the 24-month period.
- 18.5 A worker who does not attend required training events, without good reason, will have terminated the contract. However, the worker may be re-engaged if a position becomes available for the balance of the 24-month period.

19. Certificate of Service

- 19.1 On termination of employment, a worker is entitled to a certificate stating –
- (a) the worker's full name;
 - (b) the name and address of the employer;
 - (c) the SPWP on which the worker worked;
 - (d) the work performed by the worker;
 - (e) any training received by the worker as part of the SPWP;
 - (f) the period for which the worker worked on the SPWP;
 - (g) any other information agreed on by the employer and worker.

TSWAING LOCAL MUNICIPALITY
HEALTH AND SAFETY SPECIFICATION
THE OCCUPATIONAL HEALTH AND SAFETY ACT 1993
CONSTRUCTION REGULATIONS 2014

SECTION 1

1. INTRODUCTION

This document was construed in order to comply with the provisions of the
THE OCCUPATIONAL HEALTH AND SAFETY ACT NO 85 OF 1993.

Definitions of words are those described in the Act and the Construction Regulations of 2014.

This document formulates the specifications of the Tswaing Local Municipality in terms of the above act and forms part of the constitution of the organisation.

This document forms part of the employment contract of all employees and is as such accepted in writing by each employee. It also forms part of the agreement between the Tswaing Local Municipality and all service providers.

No clause in this document shall be amended in any contract document construed by agents, designers or anyone else except so ordered or sanctioned by the Tswaing Local Municipality in writing.

TSWAING LOCAL MUCIPALITY
HEALTH AND SAFETY SPECIFICATION
THE OCCUPATIONAL HEALTH AND SAFETY ACT 1993
CONSTRUCTION REGULATIONS 2014

SECTION 2: DESIGNERS

1. All wording shall have the meaning as defined by the H&S Regulations 2014.
2. This specification is in terms of the H&S act 1993 and the regulations of 2014.
3. All work performed and procedures followed by the designers shall be done according to the H&S regulations of 2014.
4. The client is aware of the fact that the appointment of the designer does not implicate that the designer becomes the agent of the client for the particular project. The appointment of an agent is done separately in writing and should be accepted by the designer as such.
5. The client is ultimately responsible for all the safety issues regarding the project for which the designer is appointed and cannot contract out of his obligations in terms of the law.
6. The client shall not employ a designer should he have reasonable doubts that the designer is not able to execute work in a safe manner.
7. All designers shall have adequate insurance cover indemnity the client for their act and omissions in terms of:
 - Professional conduct
 - The H&S act in particular to indemnity the client against penalties imposed for acts or omissions

The client is aware of the fact that additional insurance over and above PI insurance is necessary to have himself indemnified by the designers for acts and omissions in the terms of the H&S regulations.

The professional indemnity insurance has a "negligent acts and omissions" wording only and there additional is necessary to cover the client against penalties imposed for acts or omissions.

8. Designers shall not accept work from the client if they are not capable of executing such work professionally and if such work cannot be executed in a safe manner, according to the provisions of the H&S regulations.

9. Designers shall execute all designs in terms of the relevant SABS and other acceptable codes and procedures and shall place great emphasis on safety issues including the maintenance procedures after inaugurations of such systems or projects.
10. Ergonomic parameters shall have high priority in all designs.

TSWAING LOCAL MUNICIPALITY
HEALTH AND SAFETY SPECIFICATION
THE OCCUPATIONAL HEALTH AND SAFETY ACT 1993
CONSTRUCTION REGULATIONS 2014

SECTION 3: PRINCIPAL CONSTRUCTORS (PC)

1. The definitions of the regulations 2014 are applicable to this section. All work by the Principal Contractor shall be done in compliance with the provisions of the H&S regulations.
2. The Employer recognises the right of each employee to work safely in a healthy environment under decent human conditions. Each employee has the right to return home safely and healthy and family after each day's work.
3. Work shall not be done at the expense of human safety and health.
4. Work shall be executed under humane conditions, especially with reference to hours and H&S issues in mind.
5. The P C shall appoint a fulltime H&S Manager should he have more than 50 employees on site.
6. The P C shall conduct monthly safety meetings on site. All foremen, gang leaders, and other shall participate and all incidents with relation to unsafe practices shall be discussed. Minutes of such meetings shall be kept in the H&S file.
7. Foremen and gang leaders shall, under the supervision of the H&S Manager, conduct meetings with all staff and people under their direct supervision on a frequent basis. Minutes of such meeting shall be kept in the H&S file.
8. New personnel (temporary or fulltime employees) shall attend safety inductions courses under the supervision of the H&S Manager.
9. The P C shall install and maintain a box in which proposals shall be considered, recorded and placed in the H&S file.
10. An adequate first aid facility shall be placed maintained on site and shall be adequately indicated by means of signs. All personnel shall be made aware of its existence and only trained first aid assistants shall be authorized to treat injuries.
11. The P C shall see that work is only executed by people trained for that particular task.

Contractor

Witness 1

Witness 2

Employer

Witness 1

Witness 2

12. All safety equipment shall be SABS approved and under no circumstance shall any safety equipment be non-certified homemade equipment. Specifications and order details shall be kept in the H & S file.
13. Workers and personnel shall be attending safety courses on a regular basis and all information regarding such training shall be kept in the H & S file.
14. All employees shall be trained in safe working procedures and shall be trained o safety consciousness in particular. Employees in position of leadership shall be training through accredited training processes in H & S matters.
15. The contractor shall prepare and maintain a safety plan for the particular project and shall train his personnel to work according to such plan.
16. Personnel and workers will be made aware of any natural hazards existing on site. They will also be made aware of items defined by the designers in his risk assessment.
17. No horseplay between employees will be tolerated on site. Neither will aggressive or threatening behaviour by anybody be allowed.
18. Workers shall wear appropriate protective clothing for the applicable task which shall include special safety equipment like protective eyewear, gloves, boots, ear protecting, etc. workers shall be issued with these items and copy of such issuing shall be kept in the H&S file.
19. Workers shall not be allowed to wear loose clothes and footwear.
20. Workers shall have opportunity and right to prescribed rest, eating and toilet breaks.
21. Workers on nightshift shall be protected against inclement weather and shall have access to adequate food and drinks.
22. In cases where work is executed in remote or in security restricted areas, the P C will make provision for food to be supplied to his employees.
23. Potable water shall be made available free of charge to all workers on site.
24. Adequate toilet and washing facilities shall be made available to workers.
25. In the event of chemicals being present or used on site, the P C will allow for adequate shower facilities on site. All chemicals shall be stored according to specification and shall be clearly identified and marked in prescribed containers.
26. Workers under instruction to execute inherently unsafe procedures shall report such incidences to the H&S manager, designers to client immediately.

17

Contractor

Witness 1

Witness 2

Employer

Witness 1

Witness 2

27. Unauthorised or unlawful instructions from foremen, gang leaders or colleagues shall be reported by the H&S manager immediately.
28. The P C shall stop his contractors if they work unsafely.
29. All specialist work shall be executed by registered artisans only.
30. Workers shall not be required to lift equipment or material heavier than 25kg or carry a load of more than 50kg for more than 10 metres.
31. Workers shall not be exposed to conditions of heat where the temperature is above 40° Celsius and the humidity more than 75%. Likewise, will personnel not be exposed to temperatures lower than - 5° Celsius. Should the designer and the P C decided that the work is urgent, workers will be issued with proper protective clothing.
32. All workers shall have access to a shaded eating and resting place on site.
33. Workers executing tasks in rivers, trenches and other natural or artificial water ways shall be made aware of the hazard of flash floods and special precautions shall be made by the P C to implement an effective flood warning system.
34. Workers executing tasks in manholes for sewer or stormwater systems, shall be made aware of the existence of hazardous gasses in closed areas and shall be issued with gas masks in any event, even after tests conducted by the H&S manager has proven that no gasses are existent. Only specialists shall work in gas filled chamber.
35. Personnel executing work during rainy weather or under other wet conditions shall be equipped with proper gumboots and proper rain suits.
36. No personnel will be allowed to work in water unless gumboots are worn. Should the water be deeper than 300mm watertight suits shall be worn.
37. All ladders shall be fixed against scaffolding or other permanent structures.
38. Welding on site shall only be done by trained personnel behind adequate eye protecting shields and all welders shall wear proper protective gear.
39. Personnel operating grinders, saws or any other hand tools of similar description. Shall be equipped with the necessary eyewear and ear protection.
40. All personnel working under potentially dusty conditions shall wear nose and mouth filters.
41. Workers operating rock drilling equipment shall wear ear, nose and eye protection.

Contractor

Witness 1

Witness 2

Employer

Witness 1

Witness 2

42. All scaffolding will comply with the H&S regulations.
43. Blasting will be done by specialists under the regulations of the explosives Act.
44. Workers shall wear protective clothing when exposed to chemicals like cement, lime, detergents, tar, fumes, etc. should work be executed in the presence of such material, adequate protective clothing and equipment shall be issued after permission is granted by the H & S manager.
45. Workers will not be allowed to made open fires on any part of the site unless it is made in designated areas approved by the H & S manager.
46. Fuel storage will only be allowed on certified areas on site.
47. Workers and other personnel will be trained for fire procedures and will practise such fire drill on a regular basis.
48. Assembly areas for emergency evacuations will be indicated by adequate signage.
49. The P C will have an attendance register for the purposes of identifying people before, during and after potential hazardous situations.
50. All transport supplied by the PC shall be on roadworthiness vehicles only and all transport shall be conducted in terms of the transport act.
51. Drivers of vehicles shall be responsible for the roadworthiness of vehicles and will report any dysfunctional vehicles to the PC.
52. All drivers will be responsible to handle vehicles in such a way to comply with the transport.
53. Passengers of vehicles shall report any unsafe conduct to the P C immediately. Such report shall be forwarded to the H & S manager and shall be investigated. Copy of such procedure shall be entered into the H & S file.
54. Only trained personnel shall be permitted and required to operate constructions machinery. All such machinery shall be maintained in a safe working condition.
55. All vehicles operating on site shall have audible warning signals if driven backwards
56. No vehicles shall be kept on site if it is leaking oil or other substances.
57. No vehicle or equipment shall be operated on site if its produces noise above 90 decibels measured within a distance of 10,0 m from the unit.

Contractor

Witness 1

Witness 2

Employer

Witness 1

Witness 2

58. Equipment producing serious dusty conditions shall only be operated under the supervision of the P C and the H & S manager with the necessary protection to workers.
59. All excavations on site shall be adequately protected and not only indicated.
60. Exploratory excavation to reveal services shall be done in a specific way.

All areas to be explored shall first be inspected by the landowner or local authority. Position of services identified shall then be verified by opening by hand, not by machine. Particular care shall be taken not to damage these services. Electrical services are inherently dangerous and shall be opened by skilled people only.

These excavations shall not be left open without supervision. If necessary, the excavation shall be backfilled temporarily with approved material until the specified modifications to the services can be made.

61. Access to excavations shall only be by means of ladders or stairs with handrails.
62. All refuse, unsafe material, potential hazardous material and rubbish shall be placed in designated areas to be removed on a regular basis.
63. Rainwater shall be contained in trenches or pipes in such a way that it will not cause contamination of material in this refuse areas.
64. All electrical sources or cables or overhead power lines should be regarded as live at all times and all workers on site shall be made aware of its existence during H & S meetings and as many times as necessary.
65. Adequate signage shall be used on site to indicated

- Non-smoking areas on site
- Safety exists/emergency exits from buildings under construction
- Stairs (temporary and permanent works)
- Toilets
- Fire-fighting equipment
- Workmen busy with equipment overhead
- Fire assembly points
- Fire escapes
- Areas where members of the public are not allowed
- First aid room

66. All visitors to the site shall be granted permission to the site only upon application through a predetermined procedure and records of these visitors shall be kept in the H & S file. Visitors shall attend safety induction training before entering the site.

Areas out of bounds to all visitors shall be indicated clearly by means of adequate signs.

Contractor

Witness 1

Witness 2

Employer

Witness 1

Witness 2

67. Work performed in public servitudes like the construction of streets or roads shall be done according to the specifications of the local or national authority and adequate signage shall be implemented.
68. People complaining about their health or people displaying systems of illness or disease, shall be allowed to go to the first aid facility or to visit a doctor or a clinic. Permission shall not be withheld unreasonably. In remote areas the P C is required to have reasonable ways of transporting people to a doctor or clinic whether the person is ill or injured on site.
69. Personnel must be informed about the location of the nearest doctor or clinic for casualty purposes and the P C shall provide such transport for injured workers and injured members of the public (within the limits of the site) free of charge.

TSWAING LOCAL MUNICIPALITY

GUIDELINES FOR CONTRACT ADMINISTRATION

IN TERMS OF THE CONSTRUCTION REGULATIONS 2014

HEALTH & SAFETY ACT 1993

SECTION 1 AND 2

1. PURPOSE OF THIS DOCUMENT

This document describes the procedures to be followed in the execution of Engineering Projects for Tswaing Local Municipality.

The role of all parties to the development project is described.

The document is in terms of the construction Regulation 2014 of the Health and Safety Act 1993.

2. BACKGROUND

The Minister of Labour has on 18 July 2014 under section 43 of the Occupational Health and Safety Act 199 (Act No. 85 of 1993) published new regulations in the Government Gazette 7721, Vol 456. They have immediate effect and are implacable to the Construction Environment.

These regulations inter alia identify the different role players and their responsibilities, particularly the role of the client, the contractor and that of the designer.

The Construction Regulations endeavour to ensure that:

- i) Hazards or potential hazards to a healthy working environment are identified.
- ii) These hazards or potential hazards are removed or minimised.

Contractor

Witness 1

Witness 2

Employer

Witness 1

Witness 2

- iii) Employers and workers are made aware of the value of safe working procedure and train themselves to work safely in potential hazardous environments or under potentially unsafe conditions.

TSWAING LOCAL MUNICIPALITY

GUIDELINES FOR CONTRACT ADMINISTRATION

IN TERMS OF THE CONSTRUCTION REGULATIONS 2014 HEALTH AND SAFETY ACT 1993

SECTION 3

3. THE CLIENT

In terms of the law of client is ultimately responsible for all acts and omissions as far as health and safety is concerned on site. It should be noted that the client will be held legally responsible for every trespass of the regulations, not the designer or the contractor. The law makes provision for fines to be levied and unless the client has been indemnified by the designer of the contractor, such fines will have to be paid by the client.

Clients cannot contract out of their statutory obligations except where the law allows for it. Therefore, any liability imposed upon them for statutory non-compliance, cannot be passed on to designers (consultants) or contractors.

In particular the client's responsibilities are defined as follows

- | | |
|--|----------------|
| 1. To prepare a health and safety (H&S) specification for the work. This should cover the spectrum of activities handled by the client as part of his normal duties. | Clause 4(1)(a) |
| 2. To provide a risk assessment to the principal contractor. | Clause 4(1)(b) |
| 3. To appoint the principal contractor in writing. | Clause 4(1)(c) |
| 4. To ensure that the H&S plan is implemented | Clause 4(1)(d) |
| 5. To stop any contractor executing work in an unsafe manner | Clause 4(1)(e) |
| 6. To provide additional H&S information to the contractor should change be made to the work | Clause 4(1)(f) |
| 7. To ensure that the principal contractor is registered and in good standing with the workmen's compensation fund | Clause 4(1)(h) |

Contractor

Witness 1

Witness 2

Employer

Witness 1

Witness 2

- | | | |
|-----|---|----------------|
| 8. | To make sure Tenderers have made provision in their offers for H&S measures | Clause 4(1)(h) |
| 9. | To discuss and approve the H&S plan with the principal contractor. | Clause 4(2) |
| 10. | To keep a copy of the H&S plan of the principal contractor. | Clause 4(3) |
| 11. | To not employ a contractor unless the client is reasonably satisfied that the principal contractor who is earmarked for an appointment has the necessary skills, competencies and resources to carry out the work safely. | Clause 4(4) |
| 12. | <p>The client can appoint an agent to handle his duties. The client can obviously also delegate some of his duties but this does not make the person responsible for such particular responsibilities as agent.</p> <p>The client should make sure whether such responsibilities are not already part of the designer in terms of the regulations clause 992.</p> | Clause 4(5) |
| 13. | The client shall only appoint someone as his agent if he is reasonably satisfied that such person can handle such responsibilities. | Clause 4(6) |

Contractor

Witness 1

Witness 2

Employer

Witness 1

Witness 2

4. THE DESIGNER

4.1 The regulations have a comprehensive definition of the designer and this includes:

- a) A person preparing a design
- b) A person checking a design
- c) A firm preparing a design
- d) An architect or engineer contribution to or having responsibility for a design.
- e) A building services engineer designing details of fixed plant (scaffolding or cranes).
- f) A surveyor specifying articles or drawing up specification (Quantity Surveyor)
- g) A contractor in design and build contract
- h) A contractor designing temporary work
- i) A interior designer, shop fitter and landscape architect.

Definitions “structure”

The regulations also talk of “an Engineer Designing a Structure”. “Structure” is a wide concept and is given in paragraph 3.2.5.1 9a) underneath.

4.2 The designer does not automatically through an appointment become the agent of the client in terms of the regulations unless he is appointed in writing to the effect and he accepts such

Clause 4(5)

appointment in writing.

- 4.3 The SAACE model agreement between the client and Engineer has a different meaning of the word "agent".

According to the model agreement of SAACE the Engineer acts as the "Agent" of the client in a conventional contractual context. "Agent" in terms of the Health and Safety regulations has a totally different meaning.

- 4.4 It can be derived from the regulations that the client can appoint a designer to perform certain tasks of the client on his behalf. This still does not mean that these designers become his agent in terms of clause 4(5)

- 4.5 The regulations are fairly quiet regarding the functions and responsibilities of the designer except when designing of a structure. It is again assumed that the client will identify certain functions to be done by the designer on his behalf

- 4.5.1 "Structure" in terms of the regulations means:

a) * Any building

- Steel or reinforced concrete structure
- Railway line
- Railway siding
- Bridge
- Waterworks
- Reservoir
- Pipe or pipeline
- Cable
- Sewer
- Sewerage works
- Fixed vessels
- Road
- Drainage works
- Earthworks
- Dam
- Wall
- Mast
- Tower
- Tower crane
- Batching plants
- Pylon
- Surface and underground tanks

Clause 4(5)

TSWAING LOCAL MUNICIPALITY

GUIDELINES FOR CONTRACT ADMINISTRATION IN TERMS OF THE CONSTRUCTION REGULATIONS 2014 HEALTH AND SAFETY ACT 1993

SECTION 5

5. THE PRINCIPAL CONTRACTOR (P C) AND CONTRACTOR

The responsibilities of these parties are comprehensively stipulated in the regulations

- | | |
|--|----------------------|
| 5.1 In general, it can be seen that the responsibilities of the PC (Principal Contractor) towards his contractors is Mutatis Mutandis to the responsibilities of the Client towards the PC | |
| 5.2 The PC is responsible for the collecting of these contractors' safety plans and to hold them to it. | Clause 5(1) and 5(2) |
| i) He should also stop his contractors should they work unsafely. | Clause 5(3)(d) |
| ii) He should appoint safety officers should the size of the work warrant it. | Clause 6(6) |
| iii) He should cause a risk assessment to be executed by a competent person. | Clause 7(1) |
| iv) Visitors to his site should undergo induction pertaining to H&S issues. | Clause 7(8) |
| v) He shall see to his employee's induction and H&S training. | Clause 7(7) |
| vi) the employees of the PC and his contractors shall wear visible proof of their induction training. | Clause 7(9)(a) |
| 5.3 The regulations also covers the details of | |
| ▪ Fall protection | Clause 8 |
| ▪ Structures (under this heading the responsibilities of the designer of a structure is found) | Clause 9 |
| ▪ Formwork and support work | Clause 10 |
| ▪ Excavation work | Clause 11 |
| ▪ Demolition work | Clause 12 |

TSWAING LOCAL MUNICIPALITY
GUIDELINES FOR CONTRACT ADMINISTRATION
IN TERMS OF THE CONSTRUCTION REGULATIONS 2014
HEALTH AND SAFETY ACT 1993

SECTION 6

6. APPOINTMENT OF THE DESIGNER

- 6.1 The client appoints the consultant or designer as agent only for the particular project and also for the duration of the project.
- 6.2 It is further important to distinguish between “agent” in terms of the SAACE model agreement between client and engineer and “agent” in terms of the H&S regulations
- 6.3 The responsibilities and duties of a designer in the H&S context are those that is dictated y law and/or those respectively given to him by the client, except when he is a structural engineer and designs a “structure” in which case clause 9(2) applies automatically.
- 6.4 The client should only add to the responsibilities of the designer those which is not automatically in his hand in terms of clause 9(1) of the regulations
- 6.5 The following duties are not regarded as normal work of the designer of a “structure” and will therefore require an additional appointment.
1. To ensure the H&S plan of the PC is implemented on site.
2. To ensure that changes to the design are also incorporated in the H&S plan.

3. To ensure that the principal contractor is registered and in good standing with the workman's' compensation fund.	Clause 4(1)(f)
4. To see that the contract registers the site as a construction site at the Department of labour.	Clause 4(1)(g)
5. To discuss with the contractor the h & S plan and then recommend to the client the approval thereof.	Clause 4(2)
6. To keep a copy of the H&S plan of the contractor in his possession and see that a copy is forwarded to the client.	Clause 4(4)
7. Control the following on site	
a) To see that the principal contractor keeps the H& S file up to date and the it is given to the client upon completion of the contract.	Clause 5(7)
b) To see that the principal contractor keeps a data base of all contractors involved with the project.	Clause 5(9)
c) To see that the principal contractor appoints one or more construction supervisors.	
d) To see that this person is dedicated to the particular project only.	Clause 6(4)
e) To receive from the contractor his risk assessment and keep a copy of that for his and the client's records.	Clause 7(1)

SECTION 7

7. THE ROLE OF THE CLIENT

- | | | |
|-----|--|----------------|
| 7.1 | The client shall still prepare the H&S specification in terms of clause 4(1)(a) for its global activities. The H&S specification for the particular project is assigned to the designer. | Clause 4(1)(a) |
| 7.2 | The client shall approve of the H&S plan of the contractor, but on the recommendation of the consultant/designer. | Clause 4(2) |
| 7.3 | The client employs the principal contractor. | Clause 4(1)(c) |
| 7.4 | The client can appoint an agent in which case all the responsibilities of the agent in the regulations are transferred to the agent. | Clause 4(5) |
| 7.5 | The client should only appoint an agent should he have made reasonably sure that the agent can handle the responsibility. | Clause 4(6) |
| 7.6 | The client shall not appoint a contractor if he is not reasonably sure that the contractor can execute such work in a safe manner. | Clause 4(4) |

SECTION 8

8. THE ROLE OF THE PRINCIPAL CONTRACTOR

The principal contractor should execute the following duties:

- | | |
|--|--------------|
| 1. Provide a health and safety plan | 5(1) |
| 2. See that his contractors comply with the regulations | 5(2) |
| 3. He should discuss the particular H&S plan | 5(5) |
| 4. He should have his H&S plan available | 5(6) |
| 5. He should have an H&S file available on site and hand it over to the client upon completion | 5(7) |
| 6. He should not employ contractors who are not capable | 5(10) |
| 7. He should have full time supervision on site | 6(1) to 6(8) |
| 8. He should produce a risk assessment of the work | 7(1) |
| 9. He should train his employees | 7(4) |
| 10. He should introduce induction training on site | 7(7)/7(8) |
| 11. All physical aspects of the regulations as in terms of the regulations | |

Witness 1

Witness 2

TSWAING LOCAL MUNICIPALITY
GUIDELINES FOR CONTRACT ADMINISTRATION
IN TERMS OF THE CONSTRUCTION REGULATIONS 2014
HEALTH AND SAFETY ACT 1993

SECTION 9

9. THE PROCEDURE RECOMMENDED

- | | |
|---|----------------|
| 9.1 The client decides to execute work and appoints a designer to administer the work. | Clause 4(1)(a) |
| 9.2 The scope of works and the exact duties of the designer are identified and given to him in writing. | |

The designer should affect insurance by which the client is indemnified (by the designer) for acts and omissions of the designer. This type of insurance does not form part of the normal IP insurance provided by the designer.

The designer prepares a contract document and ensures that this document states clearly the following:

- | | |
|---|---------------------|
| 1. A risk assessment of the project and the H & S specification of the client. | |
| 2. All relevant information to enable the pricing of the contract. | 9(2)(a) |
| 3. Items in the bill to enable the Tenderer to price for the risk including insurance indemnifying the client. The document should state whether a full time safety office is required on site. | 9(2)(b) |
| 4. i) Geotechnical information | 9(2)(c)(i) to (iii) |
| ii) Loading of the structure – in other words all relevant technical data taking the definition of “structure” into account. | |
| iii) the method and sequence of the process. This should identify the priorities of the client | |
| 5. Inherently dangerous procedures should be avoided in the | 9(2)(d) |

Contractor

Witness 1

Witness 2

Employer

Witness 1

Witness 2

design.

- | | | |
|-----|--|---------|
| 6. | The maintenance of the structure should be considered also so that this aspect would be safe and ergonomic too | 9(2)(3) |
| 9.3 | The Tenderers then respond by each giving an H&S plan based on the risk assessment of the designer. | |
| 9.4 | The client then chooses the contractor according to his procurement policy (taking into account his ability to do the work safety) and appoints him in writing via the designer | |
| 9.5 | The chosen principal contractor then affects a detailed risk assessment and a risk management plan, based on the H&S specification | |
| | <p>Once on site the principal contract should register the site by means of the prescribed form and have it approved by the client/designer.</p> <p>He should open and then maintain his H&S file through the duration of the contract</p> <p>He should then further adhere to the provisions of the H&S regulations</p> | |
| 9.6 | He should hand over the H&S file (recommend to do that with the designer's as-built drawings). | |
| 9.7 | The designer should stop the work if he has reason to belief that the contractor is executing work in an unsafe manner. | |
| 9.8 | Likewise should the principal contractor stop the work of his contractor(s) should he have reason to belief that such contractor is not working safely | |

TSWAING LOCAL MUCIPALITY
GUIDELINES FOR CONTRACT ADMINISTRATION
IN TERMS OF THE CONSTRUCTION REGULATIONS 2014
HEALTH AND SAFETY ACT 1993

SECTION 10

10. CONTRACT DOCUMENTATION

The contract documentation needs to emphasize the following points in order to comply with the Health and Safety Act 1993 and the Construction Regulations 2014.

A. In the Specification section

1. Health and Safety Specification

The Client shall issue the Designer with his Health and Safety specification and it shall be included as such in the document.

Should the Designer be of the opinion that variations and additions be made to the specification, due to the nature of the particular project, he shall forward the proposed variation of addition to the NDM who will authorise this in writing.

2. Risk Assessment

This can form part of the contract specifications

It is necessary to identify to the contractor

- i) The situation on site as it is with all the potential hazards and dangers involved
- ii) The nature of the work and situations that the average contractor would encounter during the execution of the work. The nature of the work and expected risks should be described in particular as well as the method and the sequence of the work
- iii) The basic safety precautions that he should take
- iv) The Safety and Health specification of the client
- v) To allow sufficient items in the bill of quantities for the tendered to price for the specified H&S precautions

3. Insurance

The contractor shall affect insurance indemnifying the client against penalties levied upon the client due to the acts or omissions of the contractor in failing to comply with the provisions of the H&S regulations 2014.

The contractor shall prove to the Engineer that such insurance has been affected and maintained during the construction.

B. The Tender Rules

The tender rules shall contain a clause requiring the contractor to submit a H&S plan based on the risk assessment given in the contract document. It should also state that the client is bound by law not to appoint a contractor should he be reasonably sure that the contractor would not be able to execute the work safely should he be appointed.

The following example is recommended

Tenderers are required to study the published risk assessment and provide Annexure Y his Health and Safety Plan. Generic document will be disregarded. Such H&S plan should give details regarding the Tenderers intention of dealing with the risks.

Failure to submit such H&S plan will result in disqualification of the tender.

Tenderers are informed that the client is bound by law not to accept a tender should he be reasonable sure that the Tenderer will not be able to execute the work safely.

SECTION 11

11. CONCLUSION

The Construction Regulations 2014 was long overdue in the South African Civil Engineering Construction Industry. Role players will now be forced to implement them and an awareness of safe working environments will be cultivated.

Clients might initially detect a contemptuous attitude particularly from contractors and even designers or consultants. This should not deter clients since acts and omission from these parties will bring clients in confrontation with the law.

Contract cost will certainly escalate due to the additional specifications but this should be weighed against the value of human lives improved and saved.

The construction industry, particularly the Civil Engineering Sector, will have to accept and embrace these regulations and then seriously look at its productivity to curb the cost of the implementation process
